We arrived at the ocean and dove in and we got to swimming.

We were in the land of Orothe.

---

The deeps of Orothe is a marine Moonland containing an underwater city known as Oscent Mar. The Orothean Magi often have fins and gills to survive underwater, and the Dream Creatures resemble marine flora and fauna including fish, shells, corals, and seaweed. In particular, the Parathin species are used as transports and as supporting platforms for the city Oscent Mar. The region's Elder is Mobis.

Me: Wow! This is so cool.

Eli: So awesome!

Lady Deathstrike: (Japanese Accent) What kind of water does this place have?

Tony Jones: Well it's an underwater world Yuriko.

Lady Deathstrike: Oh right.

We went into the city of Orothe and we saw Trup'tika.

Trup'tika: Hey guys!

Me: Trup'tika!

Tony Jones: Awesome to see you.

Edyn: Same here.

Trup'tika: I'm glad you're all here. We need your help and fast.

Nico: What's wrong?

Trup'tika: A man that looked like a disembodied brain in a weird machine is here.

Me: Disembodied brain. (Gasp) BAXTER STOCKMAN!

Greiger: Let's go to a safe place so you can explain more.

Me: Agreed.

We went to the Trup'tika's room.

Trup'tika: Sounds like you all have a bad history with him.

Me: You can say that again Trup'tika. Baxter Stockman is one of the Turtle Brothers most dangerous enemies and he used to work for The Utrom Shredder before we destroyed him forever.

Leonardo: It's not a pleasant experience.

Me: Lets tell you all we know about him.

I went over 2003 Baxter Stockman's history.

---

Doctor Baxter Stockman is a major antagonist the 2003 Teenage Mutant Ninja Turtles franchise.

He was voiced by Scott Williams.

In the 2003 Series, Stockman is similar to the Mirage comics except that he works for the Foot. He is responsible for creating the mousers that destroyed the turtles' home in the previous episode. However, He used his mousers to rob banks instead of getting rid of the rat problem in the city under the employ of a mysterious benefactor. When his assistant April O'Neil found out his true purposes, Stockman sent mousers to exterminate her, but she was saved by the turtles. April returns to Stocktronics with the TMNT in to defeat Stockman. Stockman escaped the turtles but Hun caught him and brought him to Oroku Saki before Stocktronics was destroyed by the turtles and April. Stockman told Saki that this was a small setback but for the price of his failure, Stockman's left eye was clawed out by Hun with a drill.

Saki ordered Hun and Stockman to work together to find capture and find info on the TMNT. Stockman presented his new invention, the Foot Tech Ninjas to Saki. Stockman created the Foot Tech Ninjas' cybernetic armor that gives them the ability to turn invisible and enhanced strength and speed from studying an Utrom exosuit recovered by the Foot Technicians in the previous episode. He guaranteed Saki that Foot Tech Ninjas would capture the TMNT. Two Foot Tech Ninjas defeated Raphael and took him to a Foot yacht in the middle of the Hudson River. Hun let Raph escaped so he can lead the Foot Tech Ninjas to the other Turtles but the Turtles defeated the Foot Tech Ninjas. In Saki's lair, Stockman blamed Hun for the failure of the mission. However, Saki sent two Foot Tech Ninjas to take Stockman away and further maim him, due to which he would get a robotic left hand, a neck brace, and become wheelchair-bound.

He volunteers to find evidence of the Turtle's demise in exchange for full access to the Utrom exosuit that he studied to create the Foot Tech Ninjas. The Shredder lets Stockman find evidence of his enemies' end, but threatens the scientist that his next punishment will be his final if he comes back with no evidence.

Stockman went to April's shop which was destroyed by the Shredder in the previous episode and finds no evidence. Stockman then decides to make his fake evidence to present to the Shredder. He fooled the Shredder to think the Turtles are dead and he gets full access to the exosuit.

However, the Shredder learned the Turtles are alive and contacts Stockman who was busy working on his project. Stockman discovered that someone hacked into the system but decides that it would be a good distraction while he make preparations. With his new exosuit Stockman bursts in to the Shredder's throne room and fights both the Turtles and the Foot. The TMNT and the Shredder briefly teamed up to defeat Stockman. Don fires a rocket at the deranged scientist using the robotic arm that Leonardo severed earlier, sending Stockman into the sky and apparently explodes.

It is revealed that Stockman survived only to be reduced to a head in a robotic spider body that can be voice-activated by the Shredder. Saki can control Stockman remotely with a robotic eye implant that covers his former wound which shocks Stockman if he disobeys or becomes arrogant. He infiltrated TCRI, the Utroms' hideout under the Shredder's command.

Stockman also destroyed the oracle pods, shut down the security system, and guided Saki and the Foot to the building through an underground path. Stockman regains control and attacks the Shredder when Professor Honeycutt a.k.a the Fugitoid mimics the Shredder's voice to overrides the voice protocol. He escaped thereafter.

Sometime later, he planted his head in an Utrom exosuit and tricked Leatherhead into being a part of his evil schemes. Stockman also befriended Leatherhead and helped him build a transmat in exchange for assistance for his robotic body and the Turtlebot.

When I was finished everyone that hadn't heard about it was shocked to the core!

Twilight Sparkle: That's terrible!

Fluttershy: Oh no.

Me: Yeah and you guys thought the 1987 version was terrible, the one that the Turtle Brothers know is just as bad but he was not turned into a fly freak.

Nico: Yeah.

Cheetah: I remember that Megan killed Stockman in her Dark Samus suit.

Megan: The real Dark Samus might be in the Masters of Evil now. But maybe I should start using that suit again starting today.

Me: Good idea Megan.

Twilight Sparkle: That will be cool to see.

Nico: It always is.

Me: Yeah.

Trup'tika: There's something else too. I saw a young girl wandering around here as well.

Goliath: Can you tell us more?

Trup'tika: I sure can. She was a former member of a group called the Purple Dragons.

Casey Jones gasped and so did the Turtle Brothers!

Casey Jones: Oh man that's Angel!

Me: Angel is here?! Oh man!

Sunset Shimmer: Who is Angel?

Me: A friend of Casey and the Turtle Brothers. She once tried to join the most brutal gang in all of New York City, the Purple Dragons and she was shown their true colors when she saw how evil they were. She wanted to join them because of how cool they were and to try to give up her livestyle.

Raphael: Yeah not a very smart thing to do.

Laney: No it sure isn't! Joining an evil gang like them is a death sentence.

Commando Man: What does she look like?

Casey Jones: I have a picture of her. Whenever her mom, dad or grandma were out of town I would babysit her. She is a good friend.

He showed us a picture of her.

---

Throughout season 1, Angel appears as a 14-year-old girl with purple-dyed hair styled in pigtails, and has piercings on the left eyebrow and ears. She also wears a sleeveless, teal hoodie, red baggy jeans, light purple bands with two starting from the wrist and stopping just below the elbow, and the other two above the purple metal studded elbow pads, two black spiky bracelets, purple studded biker gloves, and buckle shoes with teal socks in them. Occasionally, she wears a long-sleeve hoodie during the events of "The Darkness Within".

In "The Christmas Aliens", she wears a yellow long-sleeve hoodie.

In Back to the Sewer, Angel's appearance has matured, and her hair has been let down, but consisting of dark hair with purple streaks in the front. She now wears a black halter-neck top with matching arm warmers that stop at the forearms, metallic bracelets, a necklace with a small red pendant, burgundy skin-tight jeans with a gray belt hanging off-center at the waist, and black mid-wedge boots with metal toe taps and two thick straps. During April and Casey's wedding in "Wedding Bells and Bytes", she wears her hair back in a massive bun and wears a periwinkle dress with chalk white line, a large magenta corsage, pink bracelets, a necklace with gold pendant, and white heels.

---

Commando Man: Wow she is amazing.

Nico: She is definitely not Purple Dragon material that's for sure.

Eli: No she's not but we have to be ready for anything Baxter Stockman has for us.

Me: I agree. Stockman is not someone to be taken lightly. He is a scientist that is as screwed up as they come.

Nico: Yep.

Allison: (whistles) I like her choice in clothing though.

P'andor: Figures you'd say that.

Nico: She does have nice threads like you do Allison.

Allison: Thanks Nico.

Me: Yep. And she did help you guys against the Purple Dragons and the Shredder before. So she definitely is team material on her.

Trup'tika: I saw her heading over there.

She pointed to a building to the north.

Eli used the Force.

Eli: She's in there and Baxter is with her.

Me: We better be ready for anything he has to throw at us.

RD Lori: We literally have to save Angel first. Stockman can wait.

Me: Hmm. Eli can you see what's going on with Angel and Stockman?

Eli: I'll try.

Eli concentrated and with the Force he saw into the building and he saw Angel fighting Stockman. She was fighting him as a disembodied brain and he had a Kraang style robot body and she was REALLY doing well against him.

Eli: Wow! She is doing great against him.

Nico: What is she doing?

Eli: Fighting him. She learned a lot of amazing moves and is equally matched against him.

Casey Jones: Wow!

Vulture: I'll go get her out of there.

Eli: Adrien wait! We have to let her have her fun first.

Me: But just to be safe we'll all go and see how she is doing.

Nico: Agreed.

We flew over to the building and to our surprise she was really doing well against him.

Me: Wow she is doing great.

Varie: I wonder how she learned how to fight like that.

Megamind: Nico, while we're waiting, which Gene Slammer do you think will appear on your next rescue?

Nico: I'm hoping that it will be a Gene-Slammer for Uria, Lord of Searing Flames.

Hannah Fairchild: A Sacred Beast Gene-Slammer. That will be an interesting sight to see.

Nico: It sure will be cool.

She kicked Stockman and knocked him around and then Angel pinned down Stockman with some rope.

Angel TMNT: Don't go anywhere. I'll be right back after I figure out where I am!

Onyx: It was still fun watching her kick ass!

Nico: Yep.

Angel saw us and went over to us.

Angel TMNT: Wow thanks for coming guys.

Me: Anytime. Lets head back to the safe house and talk.

Angel TMNT: Okay.

We went back.

Casey Jones: Angel, so much happened since the last time we saw each other at me and April's wedding!

Raphael: We killed Hun. So, that's still very recent.

Me: 3 times actually but who's keeping count?

Bounce Man: You guys also helped defeat Wild Card and Lars Rodriguez.

Me: And we destroyed the Utrom Shredder. This time he is gone forever.

Nico: You know how J.D. did it?

Angel TMNT: How?

Me: I used a deadly technique on him that is 100 billion times more powerful than that of Super Hakai.

I told her how I did it and she was shocked!

Angel TMNT: WHOA! That is amazing!

Laney: It sure was.

Me: But there are many more versions of the Shredder still out there. The one from 1987 is now in our frenemies the Masters of Evil.

Greiger: It's true.

Radioactive Man: How did you get here?

Angel TMNT: I don't know it was some kind of portal. I just wound up here somehow.

Nico: That's unusual.

Me: Hmm.

Ty Lee: Allison really likes your outfit.

Angel TMNT: Thanks Allison.

Allison: No problem.

Me: But Angel how did you learn how to fight like that?

Angel TMNT: I saw all your adventures and learned so much by picking it up on the fly. I was diagnosed with a Photographic Memory and I watched many of your adventures and learned all I can from them.

Me: Wow! That is awesome.

Versalia: I fear that tomorrow, something bad might happen to me.

Myotismon: Don't talk like that. Even if that's true, we promise we'll find you!

Me: Absolutely Versalia. We won't let that happen to you.

Nico: No we won't.

Tso Lan: Let's do our entrance on Stockman, shall we?

Me: Lets do it!

We went to the building Stockman was at.

Stockman broke out and was looking for Angel. Suddenly the spirits of the Science of the Elements swirled around him and blasted him all over and then they converged and then…

KRABBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted out above him and then a phoenix cry was heard and we came out.

Me: Dr. Baxter Stockman, I presume?

Dr. Stockman: YOU!

Me: Yes me!

Heat Wave: I'm gonna burn you to a crisp, dumbass!

Stockman: (laughs) You really think you can do that when we're in a water area?

William: All he has to do is aim for you!

Me: Just like this.

I fired a fireball and it hit Stockman in his legs and exploded!

KRABBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

He was burned bad.

Me: That was just for a start. Now instead of sending you back to prison we're going to kill you.

Then Brain Freezer, Motor Ed, Taskmaster, Wolf, Stonedozer, Whirlin, Iceage, Vanitas, Aqueduct, and Dai Gui appeared.

Me: Brain Freezer, Motor Ed, Taskmaster, Wolf, Stonedozer, Whirlin, Iceage, Vanitas, Aqueduct, and Dai Gui

Brain Freezer: (sees Moyo and Rocks) Who are those two aliens?

William: Guys, meet Moyo and Rocks.

Wolf: I call dibs on Moyo!

Stonedozer: And I call dibs on Rocks!

Me: Good choices. Moyo is a Martian.

Stonedozer: A Martian!? No way!

Nico: I know. Crazy that there really are Martians huh.

Motor Ed: (to Nico) Dude, we heard you met an old friend of your dad's.

Nico: Yeah.

Taskmaster: Who was he again?

Nico: Dr. Jack Byron. He was a Pharmaceutical scientist that was after rare elusive flowers in Borneo that were believed to hold the secret of eternal youth, the Blood Orchid.

Taskmaster: Wow! That must be a really unusual flower.

Me: It was at first but it's really amazing.

Mean Screen then appeared again.

Me: Mean Screen. Back for another round.

Mean Screen: Yep.

Me: Awesome.

Mean Screen: Can I scan one of Stockman's weapons so I can use it?

May: Go right ahead.

He did so.

Me: This is gonna be awesome.

Brain Freezer: We have a bunch of new recruits too.

More figures came out and they were Tiamat from the Dungeons & Dragons world, Snow Fright from Super Ninja Steel Episode 25, Senden from episode 24 of Gokaiger, Titan and Pharaoh Abidos III of the Shadow Riders, Mr. Hyde, Carden the Crane and Bai Lai the Crow, the TTG Hive 5 and Dexter and Dee Dee?! WAIT WHAT!?

Tiamat 1983

**Tiamat** is the goddess of all Chromatic Dragons and an antagonist in *Dungeons & Dragons*, most notably appearing in the cartoon adaptation. She appears as a five-headed dragon, with each head that of one of the five races of chromatic dragon, those being black, blue, green, red, and white.

## Dungeons & Dragons

In the TV show, Tiamat acts as an adversarial third party, battling the Dungeon Master's disciples and Venger alike. She is claimed to be the most powerful creature in the realm, feared even by Venger. She appears in many places, but her lair is the Dragon Graveyard, where she protects the bones of the dragons who go there to die, as well as some magical artifacts like the ones that the Dungeon Master gave to the heroes.

## Dungeons & Dragons: Neverwinter

Tiamat serves as one of the main antagonists of the MMORPG Dungeons & Dragons: Neverwinter, alongside Valindra Shadowmantle, Severin Silrajin and Vizeran DeVir. She is also the overarching antagonist of the Tyranny of Dragons arc and the main antagonist of its Rise of Tiamat segment, being its final boss as well.

During the attack against Neverwinter City led by the Cult of Dragon, it soon became clear that the Cult's ultimate goal was to summon Tiamat herself from the Nine Hells. Unfortunately, it was also clear that it was too late to prevent this; the only solution, therefore, was to try and push her back before she fully entered Toril. Led by Elminster, the Harpers, Zhentarim, Lords' Alliance, Emerald Enclave, Order of the Gauntlet, and Iliyanbruen banded together and traveled to the Well of Dragons to assault Tiamat's Temple itself, which had already erupted into the world. There they were joined by Linu La'neral, as well as a member of the original Cult of the Dragon who disagreed with Severin's new direction. There they faced opposition from not only the Cult of the Dragon and Thayan forces, but the five chromatic dragon heralds of Tiamat: Glycaemia, Rogrotus, Volzakaris, Kradazuur, and Hohengroth.

After defeating Tiamat's heralds, the alliance ultimately led an attack into the Temple of Tiamat, where Severin Silrajin and Rath Modar were in the midst of summoning Tiamat from the Nine Hells. Though the summoners were slain, they successfully summoned Tiamat, who began emerging into Faerûn. Fortunately, Linu La'neral was able to channel a spell to weaken the dragon goddess long enough for their allies to defeat her, pushing her back into the Nine Hells and putting an end to the Cult of the Dragon's plot.

## Dragonlance

In the Dragonlance novels by Tracy Hickman and Margaret Weis, a version of Tiamat called Takhisis appears as the main villain of the first trilogy.

## Powers and Abilities

As the queen/goddess of the Chromatic dragons, Tiamat is a tremendously powerful beast. She is very strong, and each of her heads can attack with one different elemental spell: fire (red), acid (black), poisonous gas (green), lightning (blue) and ice (white). Her massive wings allow her to fly, but she can also open interdimensional portals to travel long distances. Tiamat's massive size and hard scales protect her from most sources of damage, including magic. However, the episode The Hall Of Bones shows that she is weak against the Dungeon Master's magical artifacts, which explains why Venger wants them so much.

In Dungeons and Dragons lore, Tiamat can also transform herself into a humanoid form.

## Snow Fright

After Sledge takes up residence in the Warrior Dome Ship (now defunct of Galaxy Warriors due to thier obliteration earlier in the year), Poisandra wants to start a new talk show dubbed the "Poisy Show" and have the Ninja Steel Rangers as guests whilst Sledge takes their Ninja Power Stars. As such, Snow Fright travels to Earth with Sledge right after the Power Rangers get their Power Stars back as her abilities will easily capture them. She then traps all of them but Preston in snowmen but Sledge and Preston are then transported into the Dino Charge Dimension so she takes the Rangers to Poisandra]the Poisy Show. Eventually, the Rangers make a plan and manage to escape and she is sent after them with some Basherbots. She is defeated by Lion Fire Red with Calvin and Sarah's help using an attack they dub the Lion Fire Heatwave Final Attack. After Wrench discovers the Gigantify Machine, Snow Fright is gigantified by Sledge so the Rangers summon the Ninja Steel, Bull Rider and Lion Fire Megazords. Snow Fright freezes them into a giant snow man but they are able to form the Ninja Steel Ultrazord in the process and then ram into her hard enough to break it. Snow Fright is then destroyed by the Ninja Ultrazord Blast Final Attack, falling onto her back and exploding whilst bemoaning being so powerless.

## Senden

Senden is an Odontamblyopus lacepedii-themed Action Commander and is the main antagonist in episode 24 of 2011 TV series called Kaizoku Sentai Gokaiger.

He is voiced by Yusaku Yara.

Once they managed to corner the duo he and the sailors were then ambushed by the arrival of the Gokaigers. So he sent the sailors to battle the team. However when they're about to finish him off as ninjas Senden manage to make a quick getaway.

He then arrived back onto the Gigant Horse as he is forced to used to physical measures with a Zangyack bazooka. Back on Earth Senden has brought back an army of footsoldiers ready to defeat the pirates, but they were put on hold due to this Takoyaki situation of Jealousto becoming an apprentice chef. Mr. Hyde (The Pagemaster)

Mr. Hyde is one of the four main antagonists (along with Captain Ahab, Long John Silver, and the dragon) in the 1994 animated fantasy adventure film The Pagemaster by 20th Century Fox. He is based on the monster of the 1886 legendary book Strange Case of Dr. Jekyll and Mr. Hyde by the late Robert Louis Stevenson. He is along with his seemingly well-mannered, courteous, and polite human alter-ego inhabiting a large haunted manor in the depths of Horror World. He essentially appears as the main antagonist of the Horror arc and is also one of the fears Richard faces as a test from the Pagemaster himself.

Although he is one of the four main antagonists, his role is considerably shorter than that of Long John Silver and the dragon. Dr. Jekyll offers a drink to Richard Tyler, Adventure, Fantasy, and Horror. Horror asks for the olive that is in the drink, but he accidentally knocks the drink out of Adventure's hand. The drink then becomes poisonous and makes a hole on the floor in the mansion's living room. After his transformation from Dr. Jekyll into a scary green monster, Mr. Hyde attacks Richard and his three book friends, and he advances towards them in a frightening scene, wielding a hammer-like cane. Horror eventually climbed onto a chandelier, which broke off and fell, causing Mr. Hyde to fall into a hole, but he grabbed onto the chandelier's chain and attempted to drag it and Horror down with him. Fantasy rescues Horror in time and the group ran to safety away from the haunted manor, as Mr. Hyde presumably fell to his death. He later reappears in a magical twister and transforms back into Dr. Jekyll to congratulate Richard along with the other characters that he has encountered.

While dueling Jaden Yuki, he realizes that he had never lost a duel because he only dueled his underlings. They were simply too scared of him, so they would always let them win, just because he was a pharaoh.

Jaden defeats him quite easily, and Abidos realizes what a real duel is like. He accepts his loss and gives his Shadow Charm to Jaden. He then leaves for the afterlife.

## TTG H.I.V.E. 5

The **H.I.V.E. Five** is a team of super villains.

They are also one of the Teen Titans' archenemies, who try to destroy them at any costs while robbing banks and committing other crimes in Jump City.

The H.I.V.E. Five is a group of super villains united under one goal: to destroy the Teen Titans. They also rob banks and terrorize Jump City. All of the money and cities are being stolen. Their main headquarters is the H.I.V.E. Tower, located within eye-range of Titans Tower.

In "Super Robin", the H.I.V.E. Five try to rob a bank with their powers. The Titans arrive, and they begin their first battle. Robin attacks Mammoth, but struggles to defeat him. The other Titans defeat the rest of the team very easily, and wait for Robin to defeat Mammoth. Exhausted and injured, Robin finally managed to defeat Mammoth, and the villains are arrested.

The H.I.V.E. Five return to rob the same bank again in "Artful Dodgers", and even hold the civilians hostage with a bomb to prevent the Titans from beating them. However, the Titans still manage to defeat them. Within 24 hours, the H.I.V.E. escape prison, in order to join the dodge ball league. Their unbeatable dodge ball team defeats the Teen Titans, proving to be difficult foes for them. They appear later, robbing another bank, but this time, with money. The titans challenge Jinx, Gizmo, and Mammoth to a another dodgeball battle, instead of arresting them. The H.I.V.E accept, and defeat the Titans once again. They appear for the last time during a convenient second tournament, and are ready to face the Titans, but the heroes cheat, which the H.I.V.E notice. They still win, but Robin calls the cops on them, and the Titans win by default.

In "Power Moves", the H.I.V.E. attackJump City, destroying everything in sight. The Titans arrive to defeat them, but before they can start the battle, Cyborg and Beast Boy decide to use the H.I.V.E. as test dummies to demonstrate the concept of "power moves" to the Titans.

In "No Power", the H.I.V.E. smashes the bank wall. They simply walk in and walk out with the money. When they get outside, the Titans ambush them. The Titans all made a bet that involved not using their powers, so while Robin engages in combat with Mammoth, the other Titans use random objects off the street to violently beat up the villains.

In "Sidekick", the H.I.V.E. travels all the way to Gotham City for unknown reasons. They destroy everything in their attack comes to a halt when the Batmobile arrives, and the H.I.V.E. freezes in terror when they see the shadowy, bat-like figure exit the car. The figure turns out to be Starfire in a Batgirl costume, and the H.I.V.E. is angered to find their superhero nemeses traveled all the way across the country too. They all begin to battle, while the Titans use Batman's gadgets to fight them. Robin tries to take back all of Batman's gadgets, and causes his teammates to lose the battle. Gizmo manages to take Batman's "Ultimate Bat-a-rang", and throws it at the now tied-up Titans. The Bat-a-rang flies up into the sky, and explodes into fireworks. In the end, Robin manages to defeat them all with Batman's other gadgets.

In Legs, the H.I.V.E. makes a brief appearance, battling the Titans. Raven uses her legs to defeat Jinx by kicking her in the face at rapid speed. Each of the other villains are defeated quickly and easily by the Titans. Gizmo however escapes the battle, but is later defeated by Raven very quickly.

In "Breakfast Cheese", the H.I.V.E. are bored and they start loitering in a no-loitering zone. The Titans arrive and use extremely violent measures to K.O. all of the villains before sending them to prison. Later on, the H.I.V.E. escapes again, and continue loitering. The Titans, who have undergone a drastic change, come to defeat the villains with peace and love. The angry villains want revenge for the violent beating they suffered earlier, and ignore the Titans' attempts at peace. Within mere minutes, the Titans are nearly defeated, and the H.I.V.E. begins to torture them back. Robin whips out his staff to fight back, but gives Jinx some flowers instead. Jinx becomes flattered, and Robin even gives Gizmo a flower. The other Titans continue to do nice things to the H.I.V.E., and the villains eventually give up and befriend the Titans. Their friendship would not last, and the H.I.V.E. returned to villainy.

In "Opposites", the H.I.V.E. attack a different bank than usual. While they exit, they start destroying everything in their way. The Titans arrive, and complain that the H.I.V.E. is evil again. They all engage in their most dramatic battle they've had yet. All of the H.I.V.E. are defeated, except Jinx, whom Cyborg lets get away because of his crush on her. While the outraged Titans chew him out, the other members of the H.I.V.E. sneak away and avoid capture. Later that day, when Jinx is at a cafe, Cyborg shows up to spy on her. When she finds him, she attacks him, but he doesn't fight back, and begins to flatter her. In a matter of minutes, Jinx and Cyborg are in love with each other. Cyborg gives Jinx a balloon that she takes back toH.I.V.E. Tower. While daydreaming about Cyborg, Gizmo asks her where she got the balloon. She lies and tells him that she stole it from a baby. A few days later, Cyborg and Jinx are at the park on a date, when Robin and Gizmo finally bust them. Gizmo forbids Jinx from seeing Cyborg again, and Robin forbids Cyborg from seeing Jinx again. Later at home, Jinx cries and cries, until Gizmo finally decides that they can all give up their villainous ways so she and Cyborg can be together.

The H.I.V.E. Five become superheroes, and respond to a distress call in Jump City. When they arrive, they find the Titans robbing the bank they robbed earlier. Ironically, the Titans also switched sides so Jinx and Cyborg could be together. However, since they are now villains, and the H.I.V.E. are now heroes, they all begin to battle again. Jinx and Cyborg argue until they break up, and both teams switch back to their original sides. However, Cyborg and Jinx immediately reconcile their relationship and kiss.

In "In and Out", the H.I.V.E. plan to upgrade part of their base into a battle station in space. Robin discovers this, and disguises himself as a villain. The H.I.V.E. allow him to join, and later let all of the other Titans join, completely oblivious to their disguises. However, the Titans don't listen to Gizmo when they are allowed to join, and as a result, beat up Mammoth. Later after all of the disguised Titans join the H.I.V.E., Jinx becomes suspicious of the fact that they are similar looking. The Titans become rude and annoying, and Jinx orders Gizmo to get rid of them. Gizmo decides to blow up H.I.V.E. Tower instead of making them leave. The H.I.V.E. decide to go to the Reactor Core, but Gizmo also notices that the time is set already. The Titans discover this, and they reveal their identities, and break out into an epic battle with the villains. The Tower blows up, leaving the H.I.V.E. without a home. Strangely, instead of arresting the H.I.V.E., the Titans allow the H.I.V.E. to move into Titans Tower. The H.I.V.E. become annoying roommates similar to how the Titans were, which causes Robin to blow up Titans Tower.

In "Money Grandma", the H.I.V.E do another bank robbery, and all the Teen Titans (except Robin) fight with the group. Later in the tower, he replays the video of the battle and has his face edited onto the other titans.

In "Road Trip", the H.I.V.E go on their own *"road trip"* as well as the Titans. Cyborg decides to toy with them at first by splashing water on them while they were innocently gassing up their vehicle. They later appear in the episode with no gas in the middle of the road, and Cyborg and Robin decide to prank Gizmo by offering him a ride, only for them to continue moving the car once he tried to open the door to get in. They appear again, coming at Titans for revenge for the last two events. They engage in a battle with the Titans. At the end of the battle, the Monster Van crashes and explodes along with the H.I.V.E. Five.

In "Mouth Hole", the H.I.V.E members have gone away from the H.I.V.E Tower, so the Titans take advantage of this fact and infiltrate the base to see what their next evil plans are. The Titans leave Robin to whistle as a signal that the H.I.V.E have appeared, but he cannot whistle unfortunately, and as a result, get them sent flying out of the Tower. The H.I.V.E appears later in the episode keeping the Titans hostage as Gizmo is about to test his "Death Laser" on them, but Robin, after getting trained by the "Whistle Master", arrives. Gizmo commands the others to attack, but fail. When only Gizmo is standing, he shoots at Robin, but Robin manages to counter with his whistling power, and sends him flying out of the tower.

In "Real Boy Adventures", members Gizmo, Jinx and Mammoth were shown stealing the Titans hot-tub. When the Titans arrive to stop them, Gizmo asked what happened to Cyborg, as he is shown as a real boy. When Robin, who stole Cyborgs robot suit, accidentally knocked the other Titans out with the rocket boots, Cyborg was left alone. As the H.I.V.E. members surrounded him (with Jinx briefly flirting with him) Cyborg decided to take them down with his real boy abilities. He threw cards at Jinx (who apologizes and tells her to put ice on her face), stepped on Mammoth's foot, and launched Gizmo in the hot-tub, who screams in pain, thus defeating the three.

In "Let's Get Serious", the gang are robbing a bank in a hidden area, and place their money inside of the H.I.V.E. Five Monster Van but are interrupted by the titans, who try to battle them. But before they can, the Young Justice take them out separately. They are then apprehended and later get taken by the Young Justice. Jinx also makes a tiny cameo with Starfire and Raven having a third "Girl's Night Out". They appear again, with each of them using materials from the president of the City in order to send a murder satelite in a artic area in order to explode the Earth (despite them not having an escape), but the Titans, who have went through a drastic change, take them out without any problem. After the H.I.V.E. are defeated, the rocket goes up, but the Titans are able to stop it in time.

In "Multiple Trick Pony", the H.I.V.E. rob a bank, and do it as a team. The titans appear to stop them, but are interrupted by Kid Flash, who takes down Mammoth within a second. Kid Flash gets attacked by Jinx, but she fails, getting tipped over. Gizmo swings his robot's arms randomly to try to stop Kid Flash, but he breaks the robot arms, causing him to fall face flat. See-More and Billy Numerous try to stop him, but end up in a collision by double teaming. The H.I.V.E. are then defeated, and presumably arrested.

In "Yearbook Madness", the H.I.V.E make cameos in Robin's yearbook, with various pictures of Jinx, Gizmo, Mammoth, and See-More. Jinx makes a cameo in one the various clubs in a scene with the girls. They appear later when Robin beats up Gizmo and Mammoth for signatures in a Yearbook. When Billy Numerousappears, Robin demands for signatures, where Billy duplicates and give signatures.

In "Operation Tin Man", the H.I.V.E. kidnap Cyborg, and the Titans decide to call Gizmo. Gizmo will only give back Cyborg if they give him a huge amount of money for a ransom. Cyborg is seen in the background sitting by Jinx and Mammoth, and Mammoth has to cover Cyborg's mouth when he announces he hangs out with Jinx. Gizmo and Cyborg argue later, and make Jinx mad. Jinx wants the two to stop arguing, and walks away, and they continue. When the Titans arrive, Gizmo uses a spring trap and bounces them into the water. Afterwards, the H.I.V.E. Five discuss their new plan on their screen, when Cyborg hacks the screen and shows files of Gizmo as a baby. Mammoth, See-More, and Billy Numerous all laugh at this, and Cyborg agitates Gizmo, where he almost shoots Mammoth and

See-More. Gizmo decides to get revenge by using a device to make Cyborg get maneuvered by a remote Gizmo uses. When Cyborg is by Jinx, Gizmo makes Cyborg act rude, and makes him and Jinx break up. After enough shenanigans, Jinx sends both Gizmo and Cyborg to Gizmo's room. In there, Gizmo shows Cyborg a flying gadget that was going to be used to kill the Titans. Cyborg fixes it for him, and then they make the gadget fly to the Titans Tower, and spy on the Titans, and mess with them, where they end up blowing some of the tower, and laughing together. After they get along, they see the rest of the H.I.V.E. and get along happily, and call each other best friends (forever), and makes Mammoth tear up in awe. Suddenly, the Titans arrive, and angrily shoot missiles at the H.I.V.E. with the T-Plane, and they all run in fear. The Titans take back Cyborg, and blast the H.I.V.E. Tower, causing Gizmo, Jinx, Mammoth, See-More, and Billy Numerous to all fall in the water.

In "The H.I.V.E. Five", the H.I.V.E. are in a meeting in the H.I.V.E. Tower, and discuss how they've had a rough time because of the Teen Titans thwarting their schemes and ruining their lives, but Gizmo has a plan. He gets interrupted by Robin in a call, and asks if Fred is there. Oblivious to who's calling him, Gizmo tells Robin he has the wrong number, and ends the call. He announces they will no longer be at the mercy of the Titans thanks to his latest plan. But before he can tell the H.I.V.E., he gets another call, Starfire asks if Fred is in, and oblivious still, Gizmo says they have the wrong number, and ends the call. He continues and says the era of the Teen Titans will come to an end thanks to his latest plan. He once again gets interrupted by the Titans, this time being Cyborg. Cyborg asks in another voice if he could talk to Fred. And Gizmo says that there isn't a Fred at the H. . Tower. Within a matter of seconds he gets interrupted again by the Titans, being Beast Boy, and they all laugh when he pranks Gizmo. Gizmo gets mad and shoots his phone, and says he hates the Titans. Mammoth wants to here Gizmo's latest plan to crush them, but Gizmo changes his mind and doesn't want to deal with them today, and says he wants the team to take a day off. Jinx asks if they can shoot murder missiles at the Titans, and Gizmo declines. Billy Numerous asks if they could train then release a pack of dogs, and Gizmo again declines. Mammoth asks if they could fill the city with jerk seeking murder fog, and Gizmo declines once more. Gizmo tells the team they need a day of rest and relaxation. See-More gets the idea, and says they would rest and relax make the Titans think they would go soft, and then shoot the missiles at the Titans, and the others agree. Gizmo wants the others to not engage, but soon again gets pranked by the Titans. He gets steamed, and tells the H.I.V.E. to rest, relax, and have a day off, and flys out the tower's ceiling angry. See-More draws a man at his caricature spot, and Cyborg spots it, Cyborg launches the man out the seat, and wants See-More to draw him. However, Cyborg repeatadly interrupts See-More, and eventually pushes him where he gets stressed. When he shows Cyborg the caricature, Cyborg doesn't like it, and tells the people waiting in line that See-More stinks, making them walk away. See-More is then standing in sadness and drops a tear, while spotting a black cat. The black cat walks in the street, while causing bad luck to those who pass. Jinx notices this, and decides to have fun with black cat. Starfire notices Jinx, and asks her if she is doing bad things. Jinx tries not to engage, but Starfire knocks her over, and notices the black cat. Jinx tells Starfire the black cat isn't hers, and Starfire asks if it's Jinx's. Jinx says it doesn't belong to anyone, and Starfire and her let the kitty decide who she wants to be with. The kitty picks Starfire, and the two walk away, injuring Jinx in the process. Meanwhile, Mammoth is dancing on the street, and Beast Boy notices. The two have a dance off, and show off to each other. Beast Boy makes a finishing move, and manages to steal the crowd though, while Mammoth stares, angry. Billy Numerous has a baseball game with all of his clones by himself. He manages to imitate an entire baseball game, with a crowd, and food give outs. One of Billy Numerous' clones, make a strikeout, which hits Raven. She is angered by this this, duplicates herself, and beats up all of the Billy Numerous. Meanwhile in the H.I.V.E. Tower, Gizmo dresses up into a tall, funky man, and walks around Jump City, helping people and brightening their day. Robin catches Gizmo and beats him up until Gizmo explains that he was only trying to have a day off and be tall. Robin then walks away. Back at the tower, Gizmo asks if the gang are rested and relax, and they all rumble. Gizmo says "Good", and tells them he has a new plan. He then gets prank called again back the Titans, and gets angry as the episode ends.

In "I'm the Sauce", the H.I.V.E. answered Robin's call to play Head Up, Seven Up in order to cheer up the clouds to end a rainy day.

They agreed to play after they were promised to chocolate milk. Gizmo, Jinx, and See-More's thumbs were chosen during the game.

In "Scary Figure Dance", the H.I.V.E. planned on destroying a candy factory on Halloween, but get interrupted by the Teen Titans, the H.I.V.E. destroy it with Gizmo's Death Laser. The disgruntled Teen Titans follow Robin's plan unknowingly to get deliberately shot by the Death Laser, and the H.I.V.E. celebrate by heading to the tower. While the H.I.V.E. enjoy their Halloween, they hear ghastly noises from the Titans. Paranormal actions start to happen to them, such as the TV changing channels on it's own. Lightning cracks, and the H.I.V.E. scream and run. They try to think of what to do to get through the situation, and they decide to do a seance. The Teen Titans (as ghosts) are summoned by the seance, and the H.I.V.E. want the Teen Titans to stop, but Titans refuse. When they say the Titans aren't scary, they scare them while the H.I.V.E. run away in fear, splitting up. They run through a montage of getting scared, from getting slime all over their bodies, to getting possessed, to even having awkward elevator rides. After reconnecting with each other, See-More asks what they would do, Gizmo had an idea but they wouldn't like it. Back in the hospital, the Titans are okay, and the H.I.V.E. tells them the doctors fixed them up. After they all agree how fun it was, they all dance together in a song.

In "The Scoop!", the H.I.V.E got attacked by Starfire who blasted them single-handed, and she took away their scoop. Gizmo then stole the scoop back to lure Starfire into their tower so that they could trap her. However, the scoop suddenly came to life and refused to acknowledge them as its owner, even easily beating them up, and they ended up being hurt by the crashed ceiling after the four other Titans barged in.

In "Justice League's Next Top Talent Idol Star: Second Greatest Team Edition", the H.I.V.E participated in the talent show, and managed to outwit the Titans by stealing the Titans' songs. They even managed to expose the Titans' past cheating as revenge, although the contradictory is they have cheated as well.

In "Stockton, CA!", the H.I.V.E were seen robbing the bank. But after the city's population dwindled to zero, they no longer could steal for a living.

In "Forest Pirates", the H.I.V.E mocked the Titans at the canoe race, which provoked the latter to revenge against them. At first, the pirate Titans managed to beat them, but they still got away after the Titans were attacked by bears. But they soon met their punishment after being covered in honey as bears began to strike them mercilessly too, and they fell off a waterfall, thus losing the race.

Dai Gui: Really? Nevermind then.

Me: Good. You had us worried there.

Versalia: Sorry.

?: I will have my revenge on you for ruining my plans, Lucy Loud!

Suddenly, the eight large planets and stars orbiting around my legs, the eight large orange orbs orbiting around Lincoln, Linka, and Duke Lincoln's legs, the eight large dark blue orbs orbiting around Ed Cowart's legs, the eight large crimson red orbs orbiting around Naruto's legs, the eight large black orbs with the Eye of Horus orbiting around Cody (OC)'s legs, the eight large pink orbs orbiting around Lola and Lexx Loud's and Steven Universe's legs, the eight large green orbs orbiting around Lynn Sr.'s legs, the eight emerald green orbs orbiting around Yakko Warner's legs, the eight large sapphire blue orbs orbiting around Wakko Warner's legs, the eight large hot pink orbs orbiting around Dot Warner's legs, the eight large marine blue orbs orbiting around Liam and Leif Loud's legs, the eight large scarlet red orbs orbiting around Lynn Loud and Lynn Jr.'s legs, the eight coral red orbs orbiting around Timon's legs, the eight large blue orbs orbiting around Lori and Loki Loud's legs, the eight large sea-foam green orbs orbiting around Leni and Loni Loud's legs, the eight large yellow orbs orbiting around Luan and Lane Loud's legs, the eight large brown orbs orbiting around Laney and Larry Loud's legs, the eight large light green orbs orbiting around Lisa and Levi Loud's legs, the eight large lavender orbs orbiting around Lily and Leon Loud's legs, the eight large colored orbs orbiting around Bobby Santiago and Nico's legs, the eight large rainbow orbs orbiting around Rainbow Dash's legs, and the eight large purple orbs orbiting around Luke Loud's legs and Menat's legs were glowing.

And when Lucy sensed that familiar dark energy, and Lincoln and Danny Phantom's Ghost Senses went off, that means that our uninvited guest was here.

Lucy Loud: That voice, I should've known, you can come out now, Henry Kane.

The figure came out, and it was none other than Reverend Henry Kane, the 19th Century Satanic cult leader, and known by his more dangerous form as The Beast.

Me: We knew that you'd one day return from the dead, Kane. But, this will soon be the last time that you return to torment Carol Anne and her family.

Henry Kane: I will never stop until I have Carol Anne, and I will also have my revenge on Lucy Loud for ruining my plans!

Henry Kane turned invisible and tried to grab Carol Anne, but Lucy used her red demon eyes, and she punched Henry Kane, and sent him flying into a wall.

Lucy Loud: Nice try, Kane, it seems you haven't changed at all. But, I'll show you just how much I've changed in the last five years.

Suddenly, Lucy Loud's red demon eyes turned neon red, and she was surrounded by a dark energy aura with rainbow and dark flames, darkness, shadows, and creatures of the night, she unholstered her massive Sword of The Goths of Darkness, and as she approached Henry Kane, she left dark energy, rainbow and dark flames, darkness, shadows, and creatures of the night with every step.

Lucy Loud: Even after all those years, you've never changed, Henry Kane. You are nothing more than an evil, power-hungry, satanic monster, and this time, I'll see to it that you and your cult will die here and now, and you will all be banished into Oblivion for good.

Suddenly, Lucy Loud was surrounded by a massive vortex of dark energy with rainbow and dark fire, darkness, shadows, and the creatures of the night surrounding it, there's a vampire bat flying around the vortex, and in the vortex is a blood red phoenix. Then, as the vortex faded, Lucy Loud emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:35 TO 2:14)

Lucy Loud grew from 6'0" to 6'5" in height, she still retained the body of a goddess, along with the weighted black bands on her biceps and thighs, and they now have silver phoenixes on them, and eight large black orbs orbiting around her legs, she has blood red highlights in the bangs of her long flowing black hair reaching to the bottom of her neck, she has neon red demon eyes and a dark energy aura with rainbow and dark flames, darkness, shadows, and creatures of the night surrounding her, and circling around her feet on the floor are eight golden crosses with angelic runes, she has a vampire bat with a rainbow full moon above its head and three drops of blood on its belly emblazoned on her forehead, she has on black bat earrings with the Dark Kanji in its claws and her necklace with the black crystal links from her merged Crystal Necklace of The Buddha, and a vampire bat with red crystal eyes with the Dark Kanji in its claws for the pendant, she has on a sleeveless black shirt with blood red phoenix on it, black skirt with vampire bats on them, black pants, black leather ankle-length combat boots with vampire bats on them for the buckles, and a long black sleeveless trenchcoat with creatures of the night, dark flames, and shadows on the coattails, and on the back is the Vampires' Castle with the creatures of the night surrounding it.

Lucy Loud has massive black angel wings with blood red tips on the large black feathers, she has her vampire fangs out. Suddenly, her massive Sword of The Goths of Darkness began merging with her black raven sword, her massive Defender of The Loud House and Destroyer of Team Dark Phoenix Storm swords, and her sword Nizogamourne, and it was surrounded in a kaleidoscope of dark flames, and when it emerged from the kaleidoscope of dark scope, it was transformed into The Dark Sword of Nizogamourne, it's a new large sword with the symbols of The Goths of Darkness, The Loud House, The Anti-Team Dark Phoenix Storm symbol, and the symbol of Nizogamourne in a square formation etched onto the 6'5" massive, wide, double-edged pitch black blade, massive black angel wings with purple tips on the black feathers for the crossguard, large blood red gem for the hilt, longer black handle, and a large faceted black sphere pommel with surrounding blood red gems. Lucy Loud has on her Yellow Lantern Corps ring on her right ring finger, she still has on her Bracelets of the Champions of The Universe with large black gems on her wrists, Belt of Elemental Bravery with large black gem for the belt buckle on her waist, she has her Spellbook of The Gods and The Universe on her right hip, and her Eater of Sins revolver holstered on her left hip. There's a blood red kanji below the Vampires' Castle that said, "Lucy Loud, First Youngest of The Loud Family, Loving Sister of Her Many Siblings, Loving Youngest Daughter of Rita and Lynn Sr., Loving Girlfriend of Rocky Spokes, Slayer of Evil, Descendant of 17th Century Lucille Loud of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Member of The Goths of Darkness, Talented Dark Poet of The Loud House, Emissary of Nott, Defender of The Loud House and The Loud Family, and Master of Darkness, Vampires, and The Creatures of The Night."

ルーシー・ラウド、ラウド・ファミリーの最初の末っ子、彼女の多くの兄弟の愛する姉妹、リタとリン・シニアの愛する最年少の娘、ロッキー・スポークの愛するガールフレンド、悪の殺し屋、スコットランドの十七世紀のルシール・ラウドの子孫、破壊者モラグ・マクラフリン、闇のゴスのメンバー、ラウド・ハウスの才能のある闇の詩人、ノットの使者、ラウド・ハウスとラウドの家族の擁護者、そして闇、吸血鬼、そして夜の生き物のマスター

Lucy Loud's transformed into SUPER ANGEL INFINITY DARK FEAR VAMPIRIC ANGEL OF DIVINE DARKNESS AND DARK LOVE!

We were amazed by Lucy Loud's Super Angel Infinity transformation, and when Rocky Spokes saw what happened to her, he had an atomic red blush on his face and hearts in his eyes. But, when Henry Kane saw it, he fell into a demonic rage and fired a blast of darkness at her, but Lucy fired a powerful blast of divine darkness, which overwhelmed Kane's dark blast, and it hits him, and it really burned him badly and he screamed in pain, because of the positive energy hurting him, and in a fit of rage, he transformed into his true form, The Beast.

Me: (Stunned) Whoa, Lucy's transformed.

Nico: You said it, J.D., Lucy's become a True Angel of Divine Darkness, and that dark energy blast that she fired at him had positive energy in it, and burned him badly, and it caused him to transform into his true form, The Beast, ugly.

Lincoln: Whoa, Lucy, you look amazing, how do you feel?

Lucy Loud: (Divine Echoing Cosmic Voice of Divine Darkness and Vampiric Love) **I feel incredible, Lincoln, and now, it's time to administer Kane's punishment for what he's done.**

Lincoln: (Smiles) Oh yeah, now you're talking.

Lincoln unholstered his improved massive Sword of Taranis from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he also got out the enchanted Native American spear that Carol Anne and her family gave them, and he joined Lucy Loud.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **Let's make this monster pay dearly for his unearthly crimes.**

Lucy and Lincoln went at Henry Kane, who's transformed into The Beast and he fired a blast of dark energy at them, but they dodged it, they fire powerful blasts of rainbow energy, dark fire, rainbow fire, elemental forces, shadows, darkness, vampire bats, creatures of the night, Thunderbirds, Phoenixes, and Buffalo at Henry Kane, and they exploded with incredible power, as they hit him, and the purity and positive energy coming from them and from the attacks burned Henry Kane badly, as he roared in excruciating pain.

Then, Lucy and Lincoln formed powerful chains of rainbow energy, and chained Kane up, and since the chains also have positive energy, and the purity of the chains were burning him badly, and he was surrounded by a magic circle Lucy and Lincoln created, and it caused the spirits of his cult to emerge, all 34 members of them, and they were also chained up with powerful chains of rainbow energy, and the positive energy was burning them badly. Then, Lucy and Lincoln got out the enchanted Native American spear the Freelings gave them, and they channeled Super Hakai energy into the spearhead, and they hurled it at Kane, which hits him in his black, evil-infested, heart, and he screamed in such excruciating pain, as the positive energy destroyed Kane, as he and the spirits of his 34 cult members exploded in rainbow flames, and they were all Super Hakaied forever.

We cheered wildly for what Lucy and Lincoln did, as they holster their massive swords on their backs and power down, and the improvements and upgrades to Lucy's clothes, weapons, jewelry, and angel wings were permanent. Then, they came back to us, and we went up to Lincoln and Lucy, and hugged them, and they hugged us back.

Me: Lucy, Lincoln, you guys did an awesome job. Thanks to you, Henry Kane and his cult are no more and they're never coming back.

Lucy: (Smiles) Thanks, J.D.

Lincoln: (Smiles) And it's also thanks to Carol Anne and her family, who also helped us out in giving us that enchanted Native American spear that killed both him and the 34 members of his cult.

Carol Anne Freeling: Thanks, Lincoln.

Then, Lincoln got jumped by his harem, and he was kissed all over, and he had lipstick marks all over him. But, Lincoln had a very sly grin on his face, and he made clones of himself, and he wrapped his abnormally massive and powerful muscular arms around the waists of every last member of his harem, and as they lock eyes, he leans down and kissed them on the lips, and we cheered for him. Then, Rocky Spokes went up to Lucy, and he then wrapped his arms around Lucy's waist, and he kissed her passionately, which Lucy returned, as she wrapped her arms around his neck, and kissed him, and we cheered for them.

Strag: (To the viewers) Another awesome adventure in the Moonlands finished and it was so awesome how we took down Baxter.

Me: Yep it sure was. Great job today everyone. You all did really well. Especially to you Lucy and you too Lincoln. And Angel we're so proud of you too for pulverizing Stockman. You really learned tremendously well.

Angel TMNT: Thanks J.D. It's awesome.

Me: And for your awesome deed I have something for you.

I gave her a pitch black shirt with our emblem on it.

Me: Angel you are now an honorary member of the Team.

Angel TMNT: Thank you so much J.D.! (Salutes) I won't let you down!

Me: We know you won't. You earned it. Lets head home.

We went home and went to enjoy the rest of the day and got Angel settled in and we later went to sleep.

THE END

Another awesome fanfic done.

The Oceans of Orothe were amazing and the creatures are awesome. I hope you all got a great thrill out of this one. The first part was for the awesome 2004 movie Anacondas: Hunt For the

Blood Orchid and those snakes were huge! But the flower they were after was amazing. But it's amazing how it was able to hold the secret to eternal youth. The next part was for the awesome and nearly forgotten Cartoon Network classic Mike, Lu & Og and that was a great show! Can you imagine being on a Foreign Exchange Program and being sent to a tropical island in the middle of the South Pacific? That would be really freaky. It's a really darn shame it cancelled after only two seasons. It was on from November 12, 1999 - May 27, 2001. What a shame. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, Etstheclarencefan and ninjakingofhearts gave me the ideas for this and so did the guest reviewer. Thanks guys. The next rescue for Nico is gonna be in the world of Chitty-Chitty-Bang-Bang from 1968 and Nico and Lola are going to pulverize the Child Catcher into pulp and they are also going to meet Jeremy and Jemima Potts, as well as a Uria, Lord of Searing Flames Gene-Slammer named Fiona Hernandez, another one of Nico's friends. The next rescue for Lincoln is gonna be in The Towering Inferno from 1974 and they are also going to meet a Earthbound Immortal Aslla Piscu Gene-Slammer. The next chapter is gonna be for a rescue that is VOLCANICALLY HOT! We're going to the Volcano Moonland of Cald to rescue a tribe of Volcano Mermaids that were kidnapped by Dr. Walter Kornbluth from the 1984 movie Splash. And we're going to send that monster back to prison!

See you all tomorrow

# Volcanic Rescue in Cald

THE TORCH HAS BEEN PASSED TO NICO

---

In the early morning hours at 3:12 AM, Nico was asleep in his room and he was turning and tossing in his bed and he had cold sweat dripping from his face as he was having a REALLY HORRIFYING NIGHTMARE! It was about all of our most evil enemies that we killed over the years: Grandfather, Xehanort, and Mr. Mind and many more and how Nico failed as a leader to destroy them and then at 7:23 AM NICO WOKE UP AND SCREAMED IN A BLOODCURDLING SCREAM!

Nico: (BLOODCURDLING SCREAM!)

Nico was shaking in fright!

May: Nico! Are you okay?!

Nico: (smiles reassuringly) I'm fine, May. You guys can go back to sleep.

Impmon: Kinda hard to do considering we just heard you scream bloody murder.

We came in!

Me: NICO! Are you all right man!?

I sat down beside him.

Me: Man Nico that must've been a REALLY HORRIBLE dream.

Nico then hugged me and cried.

Nico: It was horrible!

Natilee: This is what he saw dad.

We saw a picture Natilee did and we saw his dream and gasped in shock!

Me: Oh man! Nico that dream did not happen! You are a great leader and you have done so much good for all of us.

Ingrid Third: Wait. Nico, are you scared deep down of failing J.D. and letting him down?

Nico: YES! That's right.

Eddy: What are you Sigmund Freud or something?

Ingrid Third: I read his techniques Eddy.

Me: Oh Nico you never let us down before. You are a great person and you have an awesome family and you did so many awesome deeds when you lead the team in my absence and when it was your turn to lead. You did amazingly well when you lead during mine and Zarya's time on Total Drama the Ridonculous Race.

Heidi: And you did tremendously well in leading when we were at Charles Darwin Middle School.

Eli: And you're doing amazingly well leading in your awesome rescues.

Laney: Yeah.

Offroad: Stewie, isn't this similar to what happened to you once?

Stewie: Yes this is exactly like what happened to me.

Me: Wait this happened to you before Stewie?

Stewie: It sure did.

Stewie told us all about.

---

This monster appears in the Family Guy episode, A Lot Going On Upstairs.

It appears to be a black monster with green eyes. The monster has appeared numerous times in Stewie's dreams, including one of his dreams in school n*** and his dinner with Glenn Close. He describes his problems to Brian the next morning and announces his plan to never sleep again. However, he drifts off and finds himself drowning as he is captured by the monster again until he awakens with Brian. Along with Brian, Stewie finds the same dinner party as before where he gets to know the dream version of Close, but when Stewie arrives, they move on to another dream and find themselves at the doctor's, then though other dreams where they are chased by Stewie's monster. Taking a syringe from a Dr. Hartman from another dream, Brian kills the monster but only for it to dissolves into Brian itself.

---

When he was done we were shocked!

Nico: WHOA!

Eli: Wow that was intense.

Laney: No kidding but Brian that was awesome.

Brian: Thanks guys.

Me: Yeah.

Laney: But that is amazing still.

Me: You know what? I'm gonna do something I should've done after Mr. Mind was defeated.

Sideswipe: Wait. Are you going to kill yourself?!

Me: What?! No! Of course not!

Sideswipe: (sighs in relief) Oh, thank God! Sorry I must've jumped to conclusions.

Me: It's all right. But I've decided to officially promote Nico to full time leader.

Nico: REALLY!?

Me: Yep. You earned this man. You know we should make a special sash for the leader.

Leni: Like I am way ahead of you J.D.

She pulled out a special gold glitter sash that had the symbol of Team Loud Phoenix Storm on it and it had the kanji for Leader on it. 長

Leni gave it to me and I gave it to Nico and he wrapped it around his waist.

Nico: Thanks guys! I won't let you all down.

Later after breakfast it was time for Nico's rescue.

Nico and Lola were off on an awesome rescue.

Nico: Thanks for coming with me, Lola.

Lola: No problem Nico. I always wanted to go on one of your awesome rescues.

Nico: I have a feeling this one is gonna be awesome.

Lola: Wow look there!

They saw an awesome old fashioned vehicle and it was the Flying Car from Chitty-Chitty-Bang-Bang and it was being chased by another van that was after it.

Nico: Whoa! I haven't seen that movie in years! That's the car from Chitty-Chitty-Bang-Bang and the car that's after them is The Child Catcher!

He went over his history.

---

The Child Catcher is the secondary antagonist in the 1968 film Chitty Chitty Bang Bang, which is based on the 1964 English children's novel of the same name by the late Ian Fleming. However, he was not featured in the original book and was added to the screenplay by Roald Dahl.

He was portrayed by the late ballet dancer Robert Helpmann.

The Child Catcher is depicted as a black-clad, large-nosed man who is employed to hunt down children and take them away. He carries a large net of the sort used to catch butterflies, and a rather menacing-looking hook such as those used by old-fashioned abortionists. The Child Catcher occasionally snares his prey by luring them out with lollipops. When they fall for his trick, he puts them in cages to be carted off to a large prison under orders from the evil rulers of Vulgaria (Baron Bomburst and Baroness Bomburst), who dislike children.

In the end, the Child-Catcher comes to help the Bomburst couple after they are taken hostage by the children. However, he ends up getting tricked by the children and is captured as well along his employers, allowing the heroes of the story to topple Vulgaria's evil regime and free all the children.

Though Vulgaria then becomes a free country, it's completely unknown what happened to the Child Catcher afterwards; as he just captured children and was employed by Vulgaria's rulers, it's highly likely that he was either exiled or sent to the very dungeons where the children were imprisoned. Another possibility could be that he was pardoned for his crimes, as he only followed the orders of the Bomburst couple - although, because of the children's hatred for him, he will most likely not easily escape justice.

---

Lola: Whoa! I remember watching this with mom. It was awesome.

Nico: Too bad it was a box office bomb but it turned into an awesome iconic staple. Lets get that monster!

Lola: With pleasure!

Nico: Lola, why exactly did you, Lori, and Lynn start supporting my leadership decisions last year?

Lola: Well you and J.D. BOTH do a great job as leader and we decided to talk it over with J.D. and ask if we can give you the position as leader. We couldn't just let him hog all the glory with you.

Nico: Nicely well thought out.

Lola: Thank you.

Nico: You're welcome. I promise I'll be the best leader you guys will have. And that means rarely getting stressed out.

Lola: Awesome.

Nico: Now lets go get that monster!

Lola: YEAH!

They flew at the Child Catcher's car and landed in front of it and then Nico smashed his fist onto the hood of the car and flipped it over and smashed it onto its top! The Child Catcher got out and he was badly mangled up.

Nico then grabbed him.

Nico: You are in REALLY BIG TROUBLE little man!

Child Catcher: What are you gonna do about it?

POW!

Nico punched him in the face.

A roar was heard and then Uria, Lord of Searing Flames appeared!

Lola: Uria, Lord of Searing Flames!

Nico: Whoa!

Uria: (In a girls voice) You are gonna wish you were dead when I'm through with you.

Nico: Wait a second. That voice. Fiona Hernandez? Is that you?

Uria: Nico? Wow! It is you!

Nico: Before you say anything, I recently became full time leader of Team Loud Phoenix Storm.

Uria: Wow! Way to go Nico! But we can catch up after we deal with this dirtbag. Mind if I cook him for you?

Nico: Go for it!

Uria: HYPER BLAZE!

She fired a massive blast of fire from from her mouth and it hit the Child Catcher and burned him bad and he was charred and in a lot of pain!

Nico: Take that and you are gonna go to prison forever!

Child Catcher: NOOOOOOOO!

Nico wrapped him in an indestructible rainbow straitjacket and beamed him to the Uranus Prison.

Nico: Awesome.

Lola: Fiona you look amazing as a Uria, Lord of Searing Flames. He's the evil counterpart of the Egyptian God Card, Slifer the Sky Dragon.

Uria: That's right.

Nico: Correction. He WAS the evil counterpart of Slifer the Sky Dragon.

Lola: Right sorry. I forgot Hannah made a huge deal with him and the Sacred Beasts. What is your favorite memory with Fiona, Nico?

Nico: Me and Fiona were partners in history class and our great project there was for the Crusades. We did a map and book of the events that took place during the Crusades from 710 A.D. to 1492.

Uria: Feels like it was only yesterday.

Nico: Yep. Now we can revert you back.

Nico put on his blind man glasses and snapped his fingers and then Fiona reverted back and she had crimson red hair and red eyes and she was in her birthday suit. Then Nico gave her red clothes and she put them on.

Fiona Hernandez: Wow! These are amazing clothes.

Nico and Fiona then hugged.

Nico: I've missed you Fiona.

Fiona Hernandez: Me too Nico.

Nico: I'm not complaining about Yu Gi Oh Gene Slammers. But I still would like to see different kinds of Gene Slammers on my rescues too.

Lola: I'm sure there are plenty of them out there. But if I were to place a bet, I think the next one will be Hamon, Lord of Striking Thunder.

Nico: Now you're talking Lola.

Fiona Hernandez: My little sisters are both Hamon, Lord of Striking Thunder and Raviel, Lord of Phantasms. Marie is Hamon and Nicole is Raviel.

Nico: Whoa! I haven't seen them since I went to visit their school and gave that presentation on what the Digital World was like.

Fiona Hernandez: I remember that.

Lola: Wow! That is cool.

Nico, Lola and Fiona then went after the Baron and King of Vulgaria and arrested them and they were sent to the Pluto Prison and then they came back and told us everything and it was amazing.

After Nico's rescue, Lincoln, Me, Nico, Eli, Nicole, Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, Lily, Lincoln's harem, Dylan Dalmatian and his family, Carly Atlas, and Lexx Loud were heading to the world of the 1974 movie The Towering Inferno, and not only Lincoln going to rescue the sixteen girls there, but we're going to get the survivors out, and we're going to deal with Roger Simmons, who is responsible for this whole mess.

Lincoln: Wow, we're in the world of the 1974 movie The Towering Inferno, and I think I know what we're going to do here, not only am I going to rescue the sixteen girls there, but we're going to get the survivors out, and we're going to deal with Roger Simmons, who is responsible for this whole mess.

Me: That's right, big guy. We did this adventure in the Simulator long ago, and then, we got Roger Simmons arrested because he was responsible for cutting corners and that resulted in the faulty wiring in the tower, and we also found out that he did this for insurance money and he also hated his brother-in-law, Doug Roberts.

Nico: I remembered you telling me about it long ago, J.D. Roger Simmons is a greedy monster, a saboteur, and a hated brother-in-law.

Lincoln: He's looking at getting the death penalty for this mess.

Dawkins Dalmatian: (British Accent) Indeed. The faulty wiring in the tower has provided proof that Roger Simmons has cut corners, but he refuses to admit it. He doesn't realize that the faulty wiring will cause a fire to start, and if left unchecked, that could lead to massive casualties.

Dylan Dalmatian: Too bad his arrogance is about to be his undoing, Dawkins. Lincoln will get the info out of him by force, and once it's presented in trial, Simmons is looking at getting sent to the electric chair, or we'll probably kill him first.

Lincoln: I'd settle for taking to trial and getting him convicted, Dylan, but getting the info out of him by force, I'll use that.

We got to the Glass Tower, and the fire's already started, and is spreading. We worked fast by getting everyone there out of the tower, and attended to by Varie and Delilah Dalmatian, and throughout the journey, we were also absorbing the rapidly spreading fire in the tower, and we were getting stronger and stronger, in the process.

?: HELP!

Suddenly, Lincoln heard the sound of sixteen girls calling out for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard where the call for help was coming from. He saw the sixteen girls, along with Doug Roberts, but they've been cornered by Roger Simmons, and he's going to kill them.

Lincoln: Guys, I found the sixteen girls, along with Doug Roberts, but they've been cornered by Roger Simmons, and he's going to kill them. Let's get that saboteur.

We rushed on over, and Lincoln fired a massive rainbow energy blast at Roger Simmons, and it hits him, and sent him outside, and we got Doug Roberts and the sixteen girls out of the tower. When Roger Simmons saw us here, he was enraged.

Lincoln: Even after we exposed you as the saboteur and your plot to get the insurance money long ago, you never learn, do you, Roger Simmons?

Roger Simmons: I HATE ALL OF YOU SO MUCH! YOU RUINED EVERYTHING!

Our auras flared up as we gained a massive power boost from his hatred.

Lincoln: You can hate us all you want, but in the end, your hatred makes us stronger, and now, you're going to pay for what you've done.

Lincoln unholstered his improved massive Sword of Taranis from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo

Angel of Universal Justice and Elemental Hope, Carly Atlas unholstered her massive Sword of Aslla Piscu from her back and transformed into her Super Angel 750,000,000,000 form, Lexx Loud then unholstered his massive Sword of Gabja from his wider and muscular back and he transformed into his Super Angel 750,000,000,000 form, Lincoln's sisters also transformed and they unholster their massive swords from their backs, Lincoln's harem also got out their weapons, and Me, Eli, Nicole, and Nico also transform and unholstered our massive swords from our backs.

Suddenly, we saw Lincoln's massive and improved Sword of Taranis glowing, and we saw his massive Defender of The Loud Family, Destroyer of Team Dark Phoenix Storm, and lightning bolt-bladed sword merge with his massive and improved Sword of Taranis, and it was surrounded by a kaleidoscope of rainbow energy, rainbow fire, rainbow lightning, light, stars, and the thirteen elemental forces of Fire, Ice, Water, Earth, Nature, Light, Darkness, Gravity, Time, Space, Thunder, Wood, and Crystal.

Then, as the kaleidoscope of rainbow energy, rainbow fire, rainbow lightning, light, stars, and the thirteen elemental forces of Fire, Ice, Water, Earth, Nature, Light, Darkness, Gravity, Time, Space, Thunder, Wood, and Crystal faded, Lincoln's massive Sword of Taranis was now transformed into The Sword of Universal Hope and Elemental Bravery, it's a new large sword with a 6'9" massive, wide, double-edged, man-sized blade with the blue cross with a circle of colored lightning bolts around it with another circle of the thirteen elemental forces of Fire, Ice, Water, Earth, Nature, Light, Darkness, Gravity, Time, Space, Thunder, Wood, and Crystal surrounding the circle of colored lightning bolts and the symbols of The Loud House and the anti-Team Dark Phoenix Storm symbol on top, the large orange curved upward ram horns crossguard remained the same, along with the large blue gem on the crossguard for the hilt, but the carved Celtic Triquetra had changed from blue to rainbow colors, longer brown handle, and large orange faceted sphere pommel with surrounding blue gems.

Lincoln was amazed by what happened to his massive sword, along with the rest of us, and then, we went at Roger Simmons, and we fired powerful blasts of rainbow energy, colored energy, elemental forces, plants, stars, darkness, orange fire, and rainbow fire at Roger Simmons, and they exploded with incredible power as they hit him. Suddenly, we saw Earthbound Immortal Aslla Piscu appear in the air, and fired a gust of wind at Roger Simmons, sending him flying into a wall, and knocking him out. We holstered our massive swords on our backs and powered down, and Lincoln tied up Roger Simmons in indestructible rainbow chains, and he made a tape of Roger Simmons' crimes, and he's going to hand it to Sheila Castille and Tom Lair, once they arrive.

Dante Dalmatian: Carly, did you summon Aslla Piscu to help us out?

Carly Atlas: No, Dante, I didn't.

Earthbound Immortal Aslla Piscu: (In a girl's voice) That'll teach you, you greedy bastard!

Lincoln: Wait, that voice. Lauren Delaney, is that you?

Lauren Delaney: Lincoln, is that you?

Lauren flew down and went up to Lincoln, and they hugged.

Lincoln: Yeah, it's me, Lauren. I haven't seen you when you were seven, and I've really grown a lot as you can see, and I'm sixteen years old.

Lauren Delaney: Yeah, I can see, you've really grown a lot from the seven-year-old cute little boy into a 16-year-old 7'0" tall and very handsome teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs.

Me: Whoa, Lincoln, you know her.

Lincoln: Yeah, I do, J.D. This is Lauren Delaney. I met her when she was seven, and I was also seven, and like Helena, Emily, Cathy, Mia, Emma, and Rebecca, she protected me from bullies.

Me: Awesome.

Lauren Delaney: And that was really fun.

Lincoln: The rescues are always awesome. Now, let's get you back to normal. Boys, cover your eyes. Hold still, Lauren, this is going to hurt.

Eli, Me, Nico, and the rest of the boys covered our eyes and Lincoln snaps his fingers, and Lauren was reverting back to normal, and she was a beautiful 16-year-old girl with long orange hair with orange highlights in the bangs, orange eyes, fair skin, she was 6'0" in height, and she had the body of a goddess. She also now has massive black angel wings with orange tips on the large black feathers on her back, as she reigns in the power of Earthbound Immortal Aslla Piscu, and she was in her birthday suit.

Lincoln: How do you feel, Lauren?

Lauren Delaney: Good. (Realizes she's in her birthday suit) But, I'm also in my birthday suit.

Lincoln gave her a new wardrobe, a black sleeveless shirt with an orange phoenix, black skirt with the Earthbound Immortal Aslla Piscu and yellow flames on it, black leather ankle-high combat boots, and a long black sleeveless trenchcoat with the Earthbound Immortal Aslla Piscu on the back, and on her back is a large Earthbound Immortal Aslla Piscu-themed sword with a 6'5" massive, wide, double-edged, man-sized black blade with the Earthbound Immortal Aslla Piscu etched on it, large black wings for the crossguard, large orange gem for the hilt, longer black handle, and large black faceted sphere pommel with surrounding orange gems.

Lauren Delaney: Wow, I love the new outfit and new large sword you made for me, Lincoln.

Suddenly, a Thunderbird Necklace of Eternal Love appeared on her neck.

Lauren Delaney: Wow, is this…?

Lincoln: Yep, that's a Thunderbird Necklace of Eternal Love, which means you're now part of my harem and you're one of my many future wives, Lauren.

Lauren Delaney had a smile on her face and tears in her eyes, as Lincoln wrapped his abnormally massive and powerful muscular arms around her waist and he kissed her, and we cheered for them. Then, Lincoln and all of us went up to the sixteen girls, and when Lincoln saw them, he recognized them immediately. The sixteen girls are Hanesaki Ayano, Connie Christensen, Aragaki Nagisa, Ebina Yuu, Fujisawa Erena, Isehara Sora, Misato Saki, Miura Noriko, Ogatsu Saeko, Sasashita Miki, Serigaya Kaoruko, Shiraishi Suzu, Shiwahime Yuika, Tagajou Hina, Wang Lixiao, and Yamoto Chikage from Hanebad.

Lincoln: Oh wow, it's Hanesaki Ayano, Connie Christensen, Aragaki Nagisa, Ebina Yuu, Fujisawa Erena, Isehara Sora, Misato Saki, Miura Noriko, Ogatsu Saeko, Sasashita Miki, Serigaya Kaoruko, Shiraishi Suzu, Shiwahime Yuika, Tagajou Hina, Wang Lixiao, and Yamoto Chikage.

Helena McTroy: From Hanebad, awesome.

Lincoln: Are you girls okay?

Hanesaki Ayano: Yeah, we're okay, thanks to you.

Then, when Hanesaki Ayano and the other fifteen girls saw who it was that saved them from Roger Simmons, their faces turned atomic red upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, a golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top was the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, and Buffalo, and below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of

Lightning Storms, The Weather, and The Thirteen Elemental Forces, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", and he had deep sapphire blue eyes.

He had his massive Sword of Universal Hope and Elemental Bravery holstered on his wider and muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces constellation and Aquarius Zodiac sign on the back of his neck, large weighted orange bands on his massive biceps and thighs with silver phoenixes on them, his large Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them with rainbow tips on the large deep sapphire blue feathers, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with elemental forces, Thunderbirds, Phoenixes, and Buffalo on them and with hanging mini silver lightning bolts held up by his Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of large blue pants with multicolored lightning bolts on the thighs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Buffalo head stud earrings with the Thunderbird and Eternity Kanji on it, a large Thunderbird Necklace of Eternal Love with colored gems on the gold lightning bolts and a Buffalo head with the Thunderbird and Eternity Kanji on his neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, he had eight large orange orbs orbiting around his legs, and circling around his feet on the floor are eight golden crosses with angelic runes.

Hanesaki Ayano: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made fifteen clones of himself, and he and the fifteen clones went up to the girls, and they picked them up and hugged them in their abnormally massive and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Hanesaki Ayano: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, sixteen Thunderbird Necklaces of Eternal Love appeared around the necks of Hanesaki Ayano, Connie Christensen, Aragaki Nagisa, Ebina Yuu, Fujisawa Erena, Isehara Sora, Misato Saki, Miura Noriko, Ogatsu Saeko, Sasashita Miki, Serigaya Kaoruko, Shiraishi Suzu, Shiwahime Yuika, Tagajou Hina, Wang Lixiao, and Yamoto Chikage, and they had gems in their favorite colors on the gold lightning bolt necklace links. Sheila Castille and Tom Lair arrived, and after Lincoln gave them a tape of Roger Simmons' crimes, Lincoln threw Roger Simmons into a police wagon, and he was sent off. Then, we returned home to the Estate, and we told everyone what happened at the Glass Tower, and they were shocked when they heard that Roger Simmons was at it again.

But, when Lincoln told and showed everyone what he did to Roger Simmons, they cheered wildly for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem went up to Lincoln, and they kissed him all over. Lincoln and Lauren Delaney have a lot of catching up to do now that she's back. As for Roger Simmons, thanks to the tape of his crimes that Lincoln made and gave to the cops being presented in court, he was convicted of insurance fraud and multiple counts of attempted first degree murder, and he was sentenced to death, and Lincoln fired a powerful rainbow energy ball at him, and it exploded with incredible power, killing Roger Simmons and Super Hakaing his spirit to Oblivion forever.

After getting rid of Roger Simmons this time for good, we were training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Lauren Delaney saw Lincoln working out like crazy, she had an atomic red blush on her face.

Lauren Delaney: Whoa, Lincoln has really grown to be a 16-year-old 7'0" tall, really big, and really strong young man, just look at those abnormally massive and powerful muscles hard at work, and to work out with those 9,500-lb barbells and not even get tired, incredible.

Lincoln: And I've also trained a lot under some very powerful teachers, J.D. included, Lauren, and now, I can also fight and defend myself.

Lauren Delaney: Awesome.

Me: It sure is. So, Lauren, what memories did you have with Lincoln?

Lauren Delaney: Oh, I remember one day, I saw Lincoln crying and Luna was comforting him, and they told me he accidentally walked into Lori's room, and she yelled at him to get out of her room or she was going to turn him into a human pretzel. When Lincoln told me what happened, I got so mad, I went right into The Loud House, and I told his parents what happened, and they decided to let me reprimand Lori, and Luna also joined me, since she's Lincoln's guardian. We went up the stairs right up to Lori's room and I kicked the door in, and as we marched into Lori's room, she was really mad that we went into her room. But, I wasn't going to put up with it, because of what she did to her only brother. Luna restrained Lori, and I reprimanded Lori, and we'd told her she can't do that to her only brother. I told her she's supposed to be the older sibling, and she can't act like a bossy coach.

Lori: Lauren really got at me, and I should've known better.

Me: But, that dark side of yours was stubborn, and she wanted revenge on both you and Luna for defending Lincoln, Lauren.

Lynn: But, you should've seen it, J.D. Lauren was one tough cookie to stand up to Lori when she had to defend Lincoln.

Luna: Yeah, she sure was, and I also helped out Linky, because I'm his guardian, and I have to defend him, even from Lori, Lola, and you too, Lynn, even when you still had your dark sides inside you.

Nico: Dang. (To Lincoln) Lincoln, what can you tell us about Lauren.

Lincoln: Lauren's a smart girl, and she's known to be very sweet. But, like Lynn and Luna said, she's one tough cookie, and if she sees anyone messing with me, she'll chew them out.

Nico: Whoa.

Miko: And she didn't need to get rough with Lori?

Lincoln: Nope, Lauren reprimanded her, and after she and Luna left the room, Mom and Dad went in and they had a talk with her, and long story short, Lori got grounded for a week after what she did.

Lori: I should've been the responsible older sibling, but my dark side was nothing but a spoiled brat and a total control freak, and she made me act like that.

Lauren Delaney: I know, but, I'm glad you, Lynn, and Lola got rid of your dark sides for good, Lori. But, I'll tell you this: Dark Lori's a bitter, cellphone-obsessed, bad-tempered control freak with a 40-foot stick up her butt, and if I so much as see her out of her crystal prison, she's getting my boot up her butt.

We laughed at that.

Lori: (Laughs) Yeah, you literally got that right, Lauren. If she dares to come back, make sure that you get right up in her face, and tell her that.

Nico: Ooh, I like that idea, Lori, and I like that kind of talk from you, Lauren. You don't mess around.

Lincoln: (Laughs) No, she doesn't, and I hope you don't mind if I join in, Lauren. She, Dark Lynn, and Dark Lola hated me with all their hearts, and they wanted to kill me.

Lauren Delaney: Sure, Lincoln, and after what you just told me, I'm going to knock out their teeth.

We then got a shower afterwards, and after that, Lincoln, Peni Parker, Himiko (Warriors Orochi), Emilia Gudenburg, Amy Sorel, Ichika Sakura, the Idolmaster girls, Amanda Payne, Ayane Mitsui, Kayoko Nakajima, and the Battle Arena Toshinden girls were getting ready for their date, this time, it's an exploration at Glimmer's Galleon in the world of Donkey Kong, and it's underwater.

Lincoln then snapped his fingers, and the 16-year-old 7'0", white-haired, handsome, and extremely muscular teen was dressed in large orange swim trunks with a phoenix, thunderbird, buffalo, and elemental forces on it, along with his large weighted orange bands with silver phoenixes on his massive biceps and thighs, his jewelry, large orange sandals, and eight large orange orbs orbiting around his legs, and he also had his weapons holstered, in case of trouble.

Peni Parker, Himiko (Warriors Orochi), Emilia Gudenburg, Amy Sorel, Ichika Sakura, the Idolmaster girls, Amanda Payne, Ayane Mitsui, Kayoko Nakajima, and the Battle Arena Toshinden girls were dressed in two-piece bikinis in their favorite colors, sandals, along with their jewelry, and they also had their weapons holstered in case of trouble.

Lincoln: Alright, ladies, shall we?

Emilia Gudenburg: Of course, Linky.

Lincoln and the girls left the Estate, and they head for their destination, Glimmer's Galleon. When they arrived, they dived right in.

Amy Sorel: Whoa, what is this place, Linky?

Lincoln: This, Amy, is Glimmer's Galleon. Diddy Kong told me about this place, and it's underwater. So, we had to get on our beach clothes for this one, and we're going to do some exploring under the water.

Emilia Gudenburg: This is going to be awesome.

Lincoln and the girls got started, and they were swimming underwater. Then, they began exploring the underwater caverns of Glimmer's Galleon and Lincoln made a ball of light to guide their way, and when the cavers were it, it looked really amazing. Lincoln and the girls also found a treasure chest in one of the caverns, and Lincoln put the chest into a scroll to show us later. They also took pictures of the caverns through the waterproof camera. Then, they had lunch that Lincoln made for them, and then, as the sun was about to set, Lincoln made clones of himself, and he and the clones went up to Peni Parker, Himiko (Warriors Orochi), Emilia Gudenburg, Amy Sorel, Ichika Sakura, the Idolmaster girls, Amanda Payne, Ayane Mitsui, Kayoko Nakajima, and the Battle Arena Toshinden girls, and picked them up in their abnormally massive and powerful muscular arms, and just as the sun turned orange, they passionately kissed and hugged. Then, they returned home to the Estate, and they returned to their original clothes.

Nico: Hey, Linc, how was your date?

Lincoln: It was so awesome, Nico. We did an underwater exploration in Glimmer's Galleon in the world of Donkey Kong.

Nicole: Whoa, and Glimmer's Galleon is also underwater, and you had to get into your beach and swim clothes.

Lincoln: That's right, Nicole, and we got something to show.

Lincoln got out the scroll, and he showed us the treasure chest. Then, he opened it, and inside the chest were gems of many beautiful shimmering colors. We were amazed by the gems that they found in Glimmer's Galleon.

Starlight Glimmer: Holy moly!

Rarity: Beautiful!

Plus, Lincoln also found something else in the chest: many rings with gemstones in the favorite colors of Lincoln's harem. He gave them to his harem, and they had a smile on their face, and tears in their eyes, as they went up to Lincoln and hugged and kissed him on the lips, and we cheered for them.

Morgana: So, what are you going to do with the chest of gems, Lincoln?

Lincoln: They're going to the museum, and into the Rare Gems section, and they'll be put under tight security.

Applejack: Awesome idea, honey.

We gasped in surprise, and Lori had a smirk on her face.

Lincoln's harem: Uh oh.

Lori: (Smirks) Honey?

Nico: They haven't been married yet, and already, Applejack is calling him honey, and pretty soon, the other girls in your brother's harem will start calling him that very soon.

The girls in Lincoln's harem had an atomic red blush on their faces, along with Lincoln, but he didn't mind. Lincoln sent the gems to the museum, where they're now under tight security, so no thieves try to take them.

* * *

Later it was time for another awesome mission to the Digital World.

Nico: J.D., you might not be leader anymore. But you can still go help Mikey and his friends out.

Me: Yes I know that. But I'm still second in command just so you know.

Nico: I know.

Me: Okay. Nene are you ready?

Nene: Yep.

Me: Will, girls, you all ready?

Will Vandom: We're ready for this!

Me: Awesome. Lets head to the Digital World.

I opened the portal into the Digital World and we were off.

We arrived and Mikey saw us.

Mikey Kudo: Hey J.D. Whoa! Who are they?

Me: These are more of my teammates. The Guardians of Candrakar.

Will: Hi. I'm Will Vandom, leader and Guardian of The Heart.

Irma: I'm Irma Lair, Guardian of Water.

Taranee: I'm Taranee Cook, Guardian of Fire.

Cornelia: I'm Cornelia Hale, Guardian of Earth.

Hay Lin: I'm Hay Lin, Guardian of Air.

Elyon: I'm Elyon Brown, Queen of Meridian and Guardian of Time.

Megan: I'm Megan McCallister, Cornelia's best friend and Guardian of Space.

Matt Olsen: I'm Matt Olsen, Will's boyfriend and Avatar of Hate. Weird story.

Lillian Hale: And I'm Lillian Hale, Cornelia's little sister and Guardian of Light.

Me: I am also the Guardian of Lightning. Together our names form W.I.T.C.H.J.E.M.M.L. It's an acronym I made up. It's our first names formed into one word.

Angie: Oh I get it!

Cassidy: It's awesome to meet you too. My name is Cassidy and I'm Irma's predecessor Guardian of Water.

Halinor: I'm Halinor, Taranee's predecessor Guardian of Fire.

Yan Lin: I'm Yan Lin, Hay Lin's grandmother and her predecessor.

Kadma: I'm Kadma, Cornelia's Predecessor Guardian.

Mikey Kudo: Awesome to meet you all!

Angie: Wow! It's an honor.

Me: Lot of history behind them too.

Megan: It's both good and bad.

Me: Yep. Also I am no longer leader of the team anymore. I gave Nico my position and I am now second in command.

Christopher: Whoa how come?

Me: After the Battle with Team Dark Phoenix Storm on October 10th of last year, Nico has displayed incredible leadership skills and he more than earned the right to be promoted to leader of the team.

Angie: Awesome! Tell Nico congratulations from us.

Me: I'll be sure to tell him that.

Mikey Kudo: J.D., you might not be leader anymore. But you're still a good friend.

Me: Thanks Mikey. I'm glad.

Angie: How did you meet the Guardians of Candrakar?

Me: Well Megan told us all about Cornelia's adventures when she told us about what has been happening with her. You won't believe what went down during those times.

Mikey Kudo: Can we hear them?

Cassidy: You sure can and they are awesome.

Me: We'll start with how we met Cornelia and her friends.

I went over what happened during the events of chapter 575 and Chapter 604 and how we faced Nerissa again in chapter 1246 and how i resurrected Nerissa and cleansed her in chapter 1612.

When I was finished they were amazed!

Mikey Kudo: WHOA!

Christopher: Wow that is incredible!

Shoutmon: It sure is awesome.

Me: Yeah it sure is.

Angie then got a look of concern.

Christopher: What's wrong Angie?

Angie: I'm just worried about the Bagra Army making fun of J.D. now that he's not leader anymore.

Shoutmon: To Hell with what they think!

Me: And I'm proud of it! And if they have a problem with that then screw them!

Mikey Kudo: YEAH! You said it J.D.!

Jeremy: Yeah!

Halinor: That's the spirit!

Me: Thanks. Now to business. We're going after Dorbickmon the Fire-Fury. Before we go after him what can you tell us about him?

Mikey Kudo: Well he is not a pleasant guy.

He told us all about him.

---

Dorbickmon is one of the evil Dark Generals of the Bagra Army, the ruler of Dragon Land and is one of the main antagonists in the second half of the anime Digimon Xros Wars/Fusion. He is also known as the Fire-Fury. He is the first Dark General that Mikey, Christopher, and Nene faced.

He was voiced by Hideyuki Hori in the Japanese version and Christopher Corey Smith for Back to the Digital World! Hot Time in Dragonland! and later Grant George for Take a Stand, Christopher! Fusion Fighters' Rescue Mission!.

Dorbickmon first appeared in his Darkness Mode form while battling Kihira and his Blue Flare Army. After OmniShoutmon destroyed Dorbickmon's minions, Dorbickmon appeared and easily defeated OmniShoutmon. He kidnapped Shoutmon's friends and locked them in a cage. After Shoutmon rescued his friends and attempted to escape, Dorbickmon absorbed his minions and became an even more powerful Darkness Mode form. At this form, Dorbickmon gains wings, and a tail. He easily defeated Shoutmon X5B and overpowered MetalGreymon, attempting to kill him. Then MetalGreymon became ZeekGreymon and destroyed Dorbickmon. As Dorbickmon lay dying, he mocks the heroes by claiming that they will never defeat the other Death General. Dorbickmon retuned as a soulless Digimon along with the rest of the soulless Death General, and will form together to become the ultimate Death General, called GrandGeneramon.

---

When he was done we were shocked.

Me: Whoa! So he is the first of the generals you took down before. That's intense!

Kadma: It sure is.

Taranee: Good thing I came along, huh?

Halinor: And me too.

Me: Yep. And it looks like we're heading back to the Magma Zone to face him. It's time to fight fire with fire.

Will Vandom: Lets do it.

Mikey Kudo: Here we go!

We were off to the Magma Zone again.

We arrived and we were looking for Dorbickmon.

Hay Lin: He should be around here somewhere.

Me: We'll find him.

I sensed for him and found him behind a hill.

Me: He's behind that hill. Lets get ready.

Will Vandom: J.D. you can use our Aurameres for this.

Me: Lets see how it affects my ultimate transformation.

I transformed into my ultimate Transformation!

Mikey Kudo: Whoa!

Angie: Wow! You look incredible J.D.

Me: Yep. I call this form Friendship God.

Christopher: Good name.

Me: Thanks.

Will Vandom: Lets give him our Aurameres guys.

ESCAFLOWNE (FOX KIDS VERSION) THEME SONG EXTENDED PLAYS

They channeled their Aurameres into me and then I was suddenly enveloped in a massive rainbow fire vortex and the power was absolutely incredible! In the castle of Bagra, Lord Bagra felt the incredible purifying force of my power and he screamed and writhed on the ground in excruciating agony as my power was increasing exponentially. Nico and everyone back at the estate felt my enormous energy! When the vortex faded, I emerged forever changed! I had elemental angel wings with the elemental forces of the Guardians all surging through them and my aura had rainbow elements swirling around it. I had transformed into a SUPER ANGEL FRIENDSHIP GOD INFINITY!

Me: (Divine Echoing Cosmic Voice of Elemental Friendship) **WHOA! What power!**

Angie: Incredible! Wow!

Will Vandom: Awesome! J.D. how do you feel?

Me: **Amazing Will. This power is more than enough to destroy Bagra 10,000,000,000 times over. Now lets get Dorbickmon.**

We jumped out and faced Dorbickmon!

Me: **Time to dishonerably discharge you for good.**

Dorbickmon: (smirks) How does it feel to not be leader anymore, Knudson? It really hurts, doesn't it?

Me: **Not as much as this will hurt you.**

I flew at Dorbickmon with incredible speed and then…

KRASMAAAAAAAAAAASSSSHHHH!

I PLOWED ALL THE WAY THROUGH DORBICKMON WITH DEVASTATING FORCE AND HE HAD A MASSIVE HOLE ALL THE WAY THROUGH HIS CHEST AND HE DIED IN AN INSTANT!

Will Vandom: WHOA!

Halinor: UNBELIEVABLE!

We absorbed and uploaded all his data and gained all his powers and abilities!

Christopher: He plowed through him with incredible force!

Angie: WHOA! That was amazing! Dorbickmon was no match for J.D.'s new transformation.

Mikey Kudo: AWESOME! That's 6 generals down!

Irma Lair: J.D. look out!

Dorbickmon's HUANGLONGMON then appeared and I blasted it and destroyed it! I absorbed its data too and then I was enveloped in a glowing bright yellow aura.

Me: **Whoa! Did I do the unthinkable and defeat an Evil Sovereign Digimon?**

Huanglongmon: (In my head) Yes you did J.D. Thanks to you, you have freed me from myself and you now can use my Sovereign powers. Use them well my friend.

Me: **I understand Huanglongmon.**

Later we came back home and I told everyone everything that happened.

Nico: But that is so amazing that you unlocked an awesome new transformation and not even a Digimon like Dorbickmon could defeat you.

Me: It sure is commander. Wow!

May: Who should go with you next time?

Me: Lets see. We only have 1 general left and that's Apollomon and that is gonna be a tough one from what I heard. How about the Z-Fighters this time.

Nico: Good choice.

Goku: It'll be awesome to go with you all.

Krillin: Yeah! Looking forward to that!

Vegeta: Same with me.

Me: Awesome.

Nico: Which recruits did you find for the M.O.E.?

Me: I found Megadramon, Brachiomon, we already have Halinor down as Flareizamon's archenemy, DarkTyrannomon, Devidramon, Gigadramon and Salamandermon.

RD Lana: Ooh! I'll have Salamandermon as my archenemy.

Me: Wow! That was a fast decision.

RD Lana: Oh sorry I forgot that Nico is now the new leader. Sorry Nico this is gonna take a while to get used to.

Nico: That's all right but it's your decision.

RD Lana: Thanks.

Killer Frost: So, Nico. How does it feel to be leader full time now?

Nico: It feels amazing Louise and I know just the way to celebrate. Lets head to Lynn's Table.

Everyone cheered and then that cheering was followed by our stomachs growling.

Me: I guess we are a little hungry.

Eli: Yeah we sure are.

Nico: Yep and I still owe Dark Laser that steak meal.

Then Brain Freezer, Motor Ed, Taskmaster, Wolf, Stonedozer, Whirlin, Iceage, Vanitas, Aqueduct, Dark Laser, and Dai Gui appeared.

Dark Laser: You called?

Nico: Perfect timing guys.

Wolf: We heard you got promoted to full time leader. Congratulations Nico.

Nico: Thanks Wolf. Lets head to Lynn's Table.

We were off.

Brain Freezer: After we eat, can me, Motor Ed, Taskmaster, Wolf, Stonedozer, Whirlin, Iceage, Vanitas, Aqueduct, and Dai Gui go with you guys?

Nico: Yes you all sure can. Normally it would have been my turn to lead on today anyway but now that I'm full leader now it's gonna be awesome.

Stonedozer: It sure will be awesome.

We got to eating and we had awesome steak meals and it was great.

Lynn Sr.: Glad you are now full leader Nico.

Nico: Thanks Mr. Lynn. It's awesome.

May: It sure is.

Rainbow Dash: Being leader for you is gonna be awesome.

Nico: Yes it is.

French Narrator: (French Accent) One delicious meal later.

We were done.

Nico: Ahh. That was delicious. Okay now it's time for our mission.

Hope you all are ready for a hot one because we're going to the Cald part of the Moonlands.

Lola: The Volcano land of the Moonlands! Awesome!

Fiona Hernandez: This is gonna be awesome.

We were later off to the Moonlands.

## CALD - THE MOONLANDS

We arrived in the Moonland of Cald. It was a Volcanic area.

Nico: Here we are guys. Welcome to Cald.

Kevin Levin: Damn, it's hot!

Nico: It's a Volcano Zone what did you expect?

Eli: It's like we're on the planet Mustafar again.

Me: It sure does feel like it bro.

Fiona Hernandez: I like it and it's perfect for me.

Volcana: Same here and it's great.

Aqueduct: If we get hot, I can use my powers to cool us off.

Nico: Thanks.

Maria: Same with me.

Stonedozer: So what is the mission here?

Nico: Well we believe that one of the prisoners escaped from prison and is hiding out here.

Lincoln: That's right and it's a man I met on one of my rescues and we threw in jail. Dr. Walter Kornbluth.

---

Dr. Walter Kornbluth is the main antagonist of Splash. He unsuccessfully tries to prove that Madison is a mermaid. However in the second half of the film, he finally succeeds in doing this. This leads to Madison being taken to a secret lab to be prepped for dissection, which makes Kornbluth regret his actions and help Allen Bauer get Madison out of the lab.

He was portrayed by Eugene Levy.

---

Nico: You mean that madman that found out that Mermaids exist?

Lincoln: Yep.

Eli: Oh boy. I wonder why he is here.

Laney: Boy that's a good question.

Nico: Let's take a look around until something big happens.

Jindrax: Gotcha, boss!

We got to searching.

Nico: Wonder why he Kornbluth would be here in Cald of all places.

Lincoln: Good question. But as you were out on your rescue Nico, I found this.

Lincoln gave Nico a piece of paper and on it was what looked like Nautical Flags and they were lined up in a certain order.

Nico: These look like flags that Seadogs would use.

Eli looked at it.

Eli: I can't read it.

Nico: Hmm.

Hayley Augusta: Let me see. Maybe I can decipher it.

Hayley looked at it and pulled out a pen and wrote down what it said.

Hayley Augusta: Here's what it says. It says "Dear Stupidfaces, This is Dr. Walter Kornbluth. By the time you read this I will be in another world looking to prove the existence of a rare kind of mermaid called the Volcano Mermaid or Lavamaid. I will be rich and famous beyond my wildest dreams and no one will stop me. Dr. Walter Kornbluth. P.S. You suck you dirtwads!"

Wolf: That note's intended for us, isn't it?!

Lincoln: Yes and it was actually for the guards at the prison we sent him too.

Wolf: But it was still for us!

Lincoln: Yep.

Eli: That monster! Are Lavamaids like Mermaids?

Brittney: Yes they are Eli. Except they are mermaids that live in lava. They can easily swim through lava and impervious to the intense heat of the lava.

Eli: Whoa!

Ariel: I've heard legends about Lavamaids. But they are extremely rare and no one in Atlantica knows about them that much.

Nico: Very unusual. And there was a girl that we rescued in Cald during J.D.'s babysitting adventure here that was a Lavamaid.

Me: Yep.

Smoke Screen: Who's he calling dirtwads?!

Nico: Obviously us. What a fat waste of space. He is getting a special cell in solitary confinement for this.

Eli: You got that right.

Me: I can't wait to smash his face in for desecrating the secret of the existence of mermaids.

Iceage: (sweating) I think I'm melting in this heat!

Nico: I didn't know you could sweat. Vypra made you impervious to heat of this magnitude also remember?

Iceage: Oh right.

Nico: But yeah it sure is hot.

Fox McCloud: It's not NEARLY as hot as the star Solar.

Nico: That's true.

Runabout: Kornbluth is probably hiding somewhere drinking a nice cold bottle of water!

Nico: Maybe. Lets keep our eyes peeled everyone.

Eli: I'll find him.

Eli concentrated and used the Force to find him and he saw that he was in a cave in a volcano and he had 5 Lavamaids tied up!

Eli: Found him! He's in that volcano just up ahead and he has 5 Lavamaids with him.

Nico: Then that's where we need to go.

We were walking and Motor Ed was sweating like crazy.

Poliwag: (to Motor Ed) You okay, Ed?

Because of the heat, Motor Ed was hallucinating that Poliwag was an apple.

Motor Ed: I'm okay, Mr. Apple. Seriously!

Nico: Uh oh. This heat is making him mad. Maria, water now.

Maria: You got it!

Maria splashed Motor Ed with water and then she cooled him down and then she turned her arm into water.

Maria: Ed drink.

Motor Ed drank her arm and he was REALLY thirsty.

Motor Ed drank a lot. He was finished.

Motor Ed: Ahh. Thanks Maria. Seriously.

Maria: You're welcome. I better get us all hydrated.

Maria gave us all water and it was refreshing.

Me: Ahh.

Nico: Thanks Maria.

RD Sam: So, Nico. Which do you think will appear next in your rescue?

Nico: Well I'm hoping for Fiona's sister Marie to appear and she told me that she is a Hamon, Lord of Striking Thunder Gene-Slammer.

Hannah Fairchild: Wow! That is amazing.

Jaden Yuki: It sure is amazing that the Team Rocket Scientists were able to gene-slam people with the DNA of the 3 Sacred Beasts.

Fiona Hernandez: It sure is. I heard so much about the destructive power they have and the kind of damage they would have done have Hannah not made a deal with them. I had no idea they packed all that kind of power.

Nico: It sure is scary.

Laney: And the shocking part is that they are formerly the evil counterparts of the Egyptian God Cards.

Me: Yep. And they are all named after terms in Christianity.

Fiona Hernandez: Really? Wow. What is Uria named after?

Me: It's named after the word Uriah from Judeo-Christianity and it means The Lord is My Light.

Fiona Hernandez: Wow that is interesting. What are Hamon and Raviel named after?

Me: Hamon is the Great Prince from the Book of Enoch and Raviel is based on Raziel, an angel from the teachings of Jewish Mysticism that is the Keeper of Secrets.

Fiona Hernandez: Wow that is interesting.

Maria gave us all water.

Taskmaster: Always good to be hydrated.

Nico: It sure is.

Lynn: Yep but after we get done here we're gonna need one good shower. Sweating is good but it smells horrible.

Laney: No kidding.

Lana: I like sweating.

Lola: EW!

Beelzemon: Let's rescue the captives first.

Nico: Agreed. Danny. You go into the cave and save the captives.

Danny Phantom: Right.

He went intangible and he flew into the cave.

Dr. Kornbluth: Soon my ride will be here and I will show my discovery to the world and then I will be rich!

Danny flew over to the Lavamaids and got them intangible and took them into the ground and then came back with them.

Dr. Kornbluth: You ladies will be fine.

He saw that they were gone!

Dr. Kornbluth: NO!

They came to us.

Nico: Nice job Danny.

We untied them.

Lavana: Whew. Thanks guys. You saved me and my sisters.

Nico: You're welcome Lavana. J.D. is now my second in command. I've been promoted to full leader now.

Lavana: Oh wow!

Nico: Now lets get ready for our entrance.

RD Lola: Can we have an ice cream meal first? I'm still feeling hot?

Nico: Sure. Why not?

Nico gave her a sundae made of strawberry, vanilla and chocolate ice cream and she ate it fast.

RD Lola: Ahh.

She then felt a NASTY ICE CREAM HEADACHE!

RD Lola: AHH! Brain Freeze!

But it went away in 2 seconds because of the heat from Cald.

Vanitas: I didn't know Cald shortens a brain freeze.

Nico: It's a volcano area Wolf.

Vanitas: Oh.

Stonedozer: (to the Lavamaids) How did you girls get here?

Lavana: That bad man took us.

Nico: That bad man is one of our enemies.

Lincoln: More specifically he's my enemy that I busted on one of my rescues.

Nico: Right. Sorry.

Laney: We have to stop him.

Android 17: (to the Final Dreamers) If you guys have Dream Creatures immune to heat, now's the time to bring them out.

Tony Jones: As a matter of fact we do. (Pulls out Animite) WITH THIS ANIMITE I MAGIM FUROK!

He summoned Furok!

Me: WITH THIS ANIMITE I MAGIM AULA!

I summoned Aula!

Nico: I have a Cald Magi. WITH THIS ANIMITE I MAGIM GREGA!

Nico summoned the Cald Magi, Grega!

Grega: Now it's gonna be awesome.

Whirlin: Nice to meet you, Grega.

Grega: Same here to all of you too and Nico congratulations on your promotion.

Nico: Thanks Grega.

Aula: You are one lucky guy to have an awesome friend like Nico, J.D.

Me: Yep I sure am.

Kerchak: Time for us to do our entrance.

Nico: Lets get him.

We went at the volcano.

Dr. Kornbluth was searching for the Lavamaids. Then suddenly elemental wolves came and they were howling and they snarled and then they ran around him and then converged and then…

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off in front of him and then a phoenix cry was heard and then a wolf howl was heard and we came out.

Nico: Dr. Walter Kornbluth, you're under arrest!

Dai Gui: I'm going to flatten you into a pancake!

Nico: Anyone got syrup with that?

Ed: Oh I got some!

Ed opened his fridge part of his jacket and pulled out a jug of syrup.

Ed: Here's your syrup Nico!

Nico: Oh uh. Thanks Ed.

Then

Then Vexen, Loki, Crimson Dynamo, Captain Boomerang, Plastique, Ice Demon, Stratos, Mortal Kombat Scorpion, Count Nocturn, and Lythos appeared.

Nico: Vexen, Loki, Crimson Dynamo, Captain Boomerang, Plastique, Ice Demon, Stratos, Mortal Kombat Scorpion, Count Nocturn, and Lythos.

Vexen: (to Nico) Kinda weird to be leader full time, huh?

Nico: It might be weird. But I'm not complaining.

Maria: Of course you shouldn't.

Me: No way.

Loki: Well, I think you're going to do great!

Crimson Dynamo: (to me) Anytime you feek upset about this, don't be afraid to vent, okay?

Me: Thanks. I won't be afraid.

Captain Boomerang: (to Nico) (Australian Accent) By the way, we heard you caught the Child Catcher.

Nico: Yep and he was from Chitty-Chitty Bang-Bang.

Plastique: I haven't watched that movie in years! Remind me again why he's called that?

Nico: Because he was kidnapping kids and having the baron lock them up and throw away the key.

Plastique: That's right!

?: Crazy huh?

A figure came out and it was BIG BURPA from episode 8 of Turbo!

---

Big Burpa was an alien monster, summoned By Divatox in the eighth episode. She was a bicycle themed monster, armed with a samurai sword. She was specialized with bicycles. Divatox sent a fake bicycle to Justin. The bike, used as a fake birthday present, caused him to be unable to climb off of it, or control it, in speed, or movement. The odometer, which counted backwards, signaled that the bike was a detonator. Rangers couldn't catch Burpa because she was riding too fast on her bike. At about one mile left, Tommy and the other Rangers freed Justin, from the bike, just in time, and Justin joined in on the attack against Big Burpa. They fought her in the forest. She could blast lasers from her eyes and wielded a metal staff in battle. She was overpowered and enlarged by Divatox. She fought and was destroyed by Turbo Megazord's Spinout move.

---

Justin Stewart: Big Burpa!

Big Burpa: Been a while Blue Ranger.

Nico: I remember you! You sent a fake bike to Justin and it was an uncontrollable bike.

Big Burpa: That's right. Good memory on you.

Me: Just as sharp as mine.

William: Do you really burp?

Big Burpa: Okay, just because I'm called that doesn't mean I like to burp!

Nico: That does sound funny but silly.

Big Burpa: Indeed. And I also chose my archenemy.

Nico: Who did you pick?

She pointed to Mikoto Uchiha.

Mikoto: Wow me!? I'm honored.

Sasuke Uchiha: Way to go mom.

Itachi: Awesome.

Me: Awesome!

Vexen: Also we have another new recruit.

Another figure came out and it was PINK RANGER SLAYER!

---

This version of **Kimberly Ann Hart** is from the World of the Coinless who (before being freed) had served under Lord Drakkon as a brainwashed Power Ranger, known as the **Ranger Slayer** . She is the leader of the Promethea Rangers. She is also the pilot of the Gravezord.

After the complete defeat of Drakkon, sometimes after the storyline *Beyond the Grid* and *Necessary Evil*, Kimberly became the new leader of her restored world, restoring the peace and undone everything what Drakkon destroyed.

The history of this version of Kimberly Hart parallels the history of her counterpart from the central timeline until events which creates the World of the Coinless. Kimberly fought alongside her fellow Power Rangersagainst the forces of Rita Repulsa and Lord Drakkon, culminating in "The Fall of the Power Rangers" battle that saw the deaths of Jason Lee Scott, Billy Cranston, and her world's version of Zordon. As a result of the battle, Lord Drakkon claimed the Tyrannosaurus, Sabertooth Tiger, Pterodactyl, and Mastodon Power Coins. Zack Taylorand Trini Kwan would eventually escape and form the resistance movement known as **The Coinless** .

Kimberly was also a member of the resistance helping get people to safety and running reconnaissance missions with Bulk. On one of these missions, she witnesses the death of her universe's Matthew Cook. This, combined with the other losses she has experienced, leads her to wage an attack against Lord Drakkon on her own. While she was able to defeat many Sentries on her own, she is eventually put under mind control by Drakkon using a similar spell as the one Rita used on him as the Green Ranger.

Even though the Pterodactyl Power Coin was originally claimed with the others and used to power Pterodactyl Sentries, the coin was returned to her and, combined with the new, evil energy of the Bow of Darkness, she is able to become the Ranger Slayer.

After Lord Drakkon's defeat during the Black Dragon arc of *Mighty Morphin Power Rangers*, he was dragged back into the present day by accident; eventually getting captured and remanded to the care of Promethea and its CEO (and Red Ranger of the 1969 Power Rangers) Grace Sterling. Meanwhile, on Drakkon's world, the power structures were under revolt as the Coinlesswere making strides and

Scorpina and her loyalists were going rogue; a situation exacerbated by the arrival of the HyperForce Rangers. In desperation, Finster 5 gave the last shard of the Green Chaos Crystal to the Ranger Slayer with the hopes that she could use it and the Gravezord to track Lord Drakkon and bring him back.

Unfortunately for her, she arrived at a point when the Rangers were still new and long before Tommy Oliver ever arrived in Angel Grove. Desperate, she tried to contact Finster 5 but failed. It was then that Rita Repulsa arrived and offered to charge the Gravezord for her. Later the Ranger Slayer sent her Gravezord into downtown Angel Grove to draw out the Power Rangers, and while it attacked them, she sneaked into the Command Centerwith her Pterodactyl Power Coin. She used a Quantum Field Disruptor to disrupt Zordon's brain and ripped off Alpha 5's arm. She then issued an ultimatum: If they cooperate and let her use the Command Center's sub-spectrum long-range communication array, she'll leave them all in peace. When Alpha 5 got defiant, she readied to brutally attack him but then was attacked by the main world's Kimberly Hart, who ordered her to keep her hands off of Alpha. In the ensuing fight, the main world's Kimberly managed to shatter the Ranger Slayer's Bow of Darkness and thus breaking Drakkon's hold on her.

Immediately, the elder Kimberly had PTSD flashbacks of what Drakkon made her do. To alleviate her pain, both Kimberlys went to the juice bar; whereas Kimberly's cousin Sally, she was overjoyed to see Bulk (who was a loyal comrade in the World of the Coinless), and conflicted by seeing Matthew Cook (whose counterpart in her timeline died in her arms). Eventually, Drakkon managed to contact the Ranger Slayer saying that she would be stranded a little longer as he is on the verge of breaking the Morphin Grid. When he asked where her bow was, he realized that she had broken his control and left her to rot in the past.

She returned to the Command Center to repair her bow and plot her next move by using an opportunity changing the fate of past-present Power Rangers, including that timeline's Tommy and Matthew. She uses an improved Green Crystal to revive the Gravezord to fight alongside the Mighty Morphin Megazord against two monsters, then implanted one of the crystal's fragments into her arrows to shoot past-present Tommy, giving him the vision to prevent his original future-present's fate without killing him. The Rangers managed to defeat the two monsters with Mega Gravezord's Inferno Blaster.

Immediately after the battle with the two monsters, Kimberly was recruited to the main timeline by Grace Sterling, presumably bringing the Gravezord with her, as it unmerged and dematerialized from the Mighty Morphin Megazord at the same time.

She takes part in a rescue mission to Lord Drakkon's moonbase in the World of the Coinless as the other Rangers are waging the final battle against Drakkon's forces. Ultimately, the rescue is successful, and the depowered Rangers who were being held captive are taken aboard the Promethea.

She is aboard the ship as the World of the Coinless began tearing apart as space and time were wiped away. She observes as Andros tries to command the crew to teleport the Promethea base away and while the base manages to begin a teleport, it fades away into nothing as it does so. With no space or time to exist, once the multiverse was restarted, the Promethea re-materialized into existence and exited at a random vector from the teleport stream. While the Promethea has taken damage, she is seen, as the Ranger Slayer, helping to rescue the injured and trapped aboard the ship.

After the events of Shattered Grid and the recreation of the multiverse, Kimberly is aboard the Promethea as it drifts through what seems like a void in space. She is one of the few Rangers who still has the ability to morph, though she observes that she has few morphs left in her morpher, since where the group presumably has no access to a Morphing Grid.

She expresses a great amount of grief over her time as the possessed Ranger Slayer and contemplates leaving the ship. However, she is stopped by Grace, who insists that she is needed and cannot leave.

She is the de facto leader of the new group of Power Rangers (consisting of herself, Tanya Sloan, Cameron Watanabe, Andros, Mike Corbett, and Heckyl). She leads them on a mission to answer a distress call that is heard somewhere in the universe, though it is revealed that the call was a ploy to lure her group away from the Promethea.

Kimberly Hart awakens after reality was reborn to find herself in a corn field on the World of the Coinless. Feeling regret from her dreadful actions as the Ranger Slayer, Kimberly regrets coming back to life in the new universe but decides to make the best of a bad situation when she hears rifle fire.

Nearby, a lieutenant Sabertooth Sentry fires her gun into the air and demands everyone get inside as part of a curfew under order of Lord Drakkon or be "re-educated" (taken away to prison). A Mastodon Sentry (with the rank of private) approaches and questions their somewhat extreme actions since they had been sent to protect the people and not recruit them with the lieutenant rebutting by stating that this amounted to insubordination and that being so sensitive would only come back to hurt him in the long run. Kimberly hid in the bushes and prepared to fire an arrow but a bunch of glowing green Red Rangers come out of the woods, attacking the Ranger Sentry patrol and killing the lieutenant. Luckily, Kimberly killed the leader with an arrow through the eye and cutting the rest down although the leader managed to escape to inform his mysterious leader of the Ranger Slayer's return. Taking command, the private unmasks and says he can escort Kimberly back to Drakkon's palace but she declined and told him to take the citizens to safety to which he agrees. Kimberly then walks into the woods before passive aggressively telling him to stay out of her way.

Later on, in the Coinless' hideout, Kimberly has arrived and reveals that she came back to help overthrow Drakkon's forces to Trini, Zack and Bulk. Considering that she had been a murderous enemy whilst controlled by Drakkon, everyone was understandably sceptical of her motives and Zack suspected that Scorpina's forces were about to attack and this was to lower their guard. Kimberly countered that she came back to answer for her mistakes but her former allies took umbrage with her somewhat euphemistic language used since she was a war criminal. Trini even stated everyone present wished her dead and thought that they could take her Power Coin and create their own Ranger Sentries to counter Drakkon's but they'd have to take her out first. However, Bulk (ever the optimistic member of the group) came to Kimberly's defence and said he'd have to die with her much to Trini's surprise. Bulk countered that she had been brainwashed and couldn't be blamed and that they believed in second chances which made this argument somewhat hypocritical since they wanted a peaceful world but were unwilling to give their former friend a chance. He says that they were fighting for nothing if they refused to help their friend since this was the opposite of the Coinless' goals. He then closed his soliloquy by saying that they needed her help anyway, revealing the mysterious Rangers to be the undead. Trini countered that they had no proof of their nature but Bulk pointed out their resemblance to "ghosts in body armor" with Kimberly stating she fought some earlier just for Zack to cut her off by saying how lucky she was to have survived that encounter.

Zack tells Kimberly that the Rangers had appeared some months ago and were so ruthless that they would attack anyone they encountered whether they were Coinless or Ranger Sentry before revealing that they had been tracked to the remains of the Command Center which Drakkon had destroyed before he took over the world. However, they had no clue what was inside since no one had ever lived to come back and report to them whilst Bulk tells them that Kimberly's presence gave them a fighting chance although Kimberly tells him that her actions had destroyed any chance of them trusting her. She then steps forward and offers her Power Coin and herself up for trial when it was all over but Trini just storms off, leaving the decision to Zack. He allows her into the organisation but reminds her that there was no way in safely but she had an idea.

That night, the so-called Spirit Sentries are patrolling the Command Center whilst the Coinless looked on and a shadowy figure wanted to go in alone which Zack refuses outright because he was done burying his friends. Before the argument could persist, call sign "Lion" told them to get ready to enter at which point the Gravezord (piloted by Kimberly and Bulk, the latter excited to finally get to pilot a Zord) flies in and bombards the Spirit Sentries. With the enemy distracted, the other Coinless enter the ruins where they notice a significantly more Gothic atmosphere to the place than before. They eventually entered what would once have been the main chamber, fully alert only to be confronted by Rita Repulsa. Zack was understandably struck dumb by her presence since Drakkon had killed her straight after the Power Chamber had been destroyed whilst Rita gloated about how they had outrun death for so long yet they had been forced to face it eventually. Zack told Trini to leave and Rita seals him inside the chamber with her to their horror. Zack tired to energy slash Rita to death but this failed since she was a ghost. She then referenced when she tried and failed to convince Zack to become her new Green Ranger which led her to recruit Tommy and eventually her death. She then threw him down, revealed that Trini was why she had returned from the dead, and declares that she will not hurt them because it would "ruin all the fun." She then turned to where the Gravezord was making mincemeat out of the undead and enlarges a resurrected Goldar who had now been reduced to a mindless snarling creature. The Gravezord mops up the last minions but is tore apart and destroyed Kimberly's Zord although her and Bulk manage to escape from it in the Firebird Thunderzord. Zack and Trini are shocked but Rita lets them go, convinced that they would no longer pose a threat to her as she prepared for the final attack after which she could then recreate the Earth to her own designs.

Later, the Coinless have regrouped at the Mastodon Warehouse where they were based but the organization had splintered since many had given up after finding out that Rita had returned. Kimberly walks over to Trini whilst revealing that Bulk was grieving over the Gravezord and Trini apologized for doubting her motives only for Zack to enter and confront Trini since Rita had revealed that his friend was responsible for her return. Kimberly was shocked but Trini rebutted that she was trying to save them all and made the assumption based on Zordon saying before that Rita wasn't truly evil. Trini had naively assumed that she could be redeemed but she was wrong and was too ashamed to admit it before. She reveals to Kimberly that, when Drakkon ruled, every alien invasion was quickly stomped out to the point of other villains such as Master Vile and Lord Zedd skipped over the Earth for fear of their own lives. With Drakkon gone, there was a massive power struggle over Drakkon's Empire and the various alien factions with Scorpina eventually coming out on top. However, the Coinless were caught in the middle of the fighting and were considered enemies of every warring factions so were getting subsequently wiped out. In the remains of the Command Center, Trini resurrected Rita as a ghost using her wand (which she stole from Drakkon's palace after the events of Shattered Grid) to try and defend Earth from the invaders. At first, she was amiable and hid them from detection but quickly turned on them and started resurrecting an army of the dead to invade and take over the world.

Understandably angry, Zack asked why she made a deal with one of their worst enemies with Trini's response hankering back to his earlier comment about hating to have to bury friends. Any further arguing was cut off by insane laughter from Kimberly who lightened the mood by wondering what Zordon would have said had Drakkon not have killed him. With the mood lightened, and Kimberly reminding them of their old days as a team, Zack wonders how they could save the world without their powers. Trini said they could destroy her connection to the mortal plain which would make her army disappear but to do that, they would need an army to distract the Spirit Sentries although Zack had a very bad solution to that. Sometime later, a Mastodon Sentry stands guard in the city when an energy arrow strikes near their head. They look at it and looks back to see the Ranger SLayer aiming her Slayer Bow at them and demanding to talk to Commander Scorpina.

Maybe an hour later, Kimberly stands before Commander Scorpina in front of the entire army of Ranger Sentries whilst the Coinless leadership stood in chains behind her. She talks about their former allegiances and saying that she wanted to save Scorpina and all of her allies from evil. Scorpina mockingly said it was inspiring but then revealed she didn't trust Kimberly's intentions since she was brainwashed whilst under Drakkon so had no actual loyalty to him so her act of having apparently captured The Coinless was just a ruse. Kimberly reminded Scorpina that she was just weakening the Drakkon Empire by being its leader and that she needed to act selfless in order to regain lost territory. She may have been Drakkon's brainwashed and unwilling slave but motivations and rivalries didn't matter because Rita Repulsa was coming and did not care about allegiances. Whether they were Drakkon's army or Coinless, Rita did not care and would butcher both in order to conquer the world and the only way to stand against her was together otherwise they would both be subsequently wiped out.

Scorpina doesn't buy the "enemy of my enemy" argument and orders the Ranger Sentries to execute Kimberly for treason but they do nothing so she shrieks at them to kill the entire group. However, the Ranger Sentries apparently have more common sense than their leader and swore their allegiance to Kimberly which forces Scorpina to aid her enemy.

The next morning, Rita enters the city with Goldar and orders him to start demolishing buildings whilst ordering her right hand man to begin the attack on the city. Scorpina watches the advancing Spirit Sentry army whilst still having her misgivings about Kimberly's plan since she believes they were just prolonging the inevitable. Kimberly mockingly thanks her for the moral support before telling her army to fight with passion since this fight was for the entire planet and their loved ones before ordering her army of Putties, giant Zord like machines, and Ranger Sentries to attack. Whilst the majority of the forces clash in the remains of Angel Grove, Scorpina and Trini fight their way towards Rita whilst Scorpina reminded Kimberly that this alliance was meaningless. It was simply an alliance of convenience and they would return to being mortal enemies with their common enemy was defeated. They then spotted Rita floating in the sky and Scorpina, realising that this mighty be her final battle, admitted that the Coinless had proven to be a worthy enemy but Trini refused the backhanded insult. In the meantime, Goldar is still demolishing buildings and annihilating the Ranger Slayer's army but she calls in Finster-5's creation which turns out to be a hybrid of Lord Zedd, the Dragonzord and a lizard. The Zord is able to almost immediately overpower Goldar, taking him to the ground with an energy blast to the face and beating him to death with its bare hands. With Goldar gone, the battle begins to turn in the favor of the Ranger Sentries. Meanwhile, Scorpina confronted Rita, managing to seal her away once and for all. With their leader gone, the magic keeping the Spirit Sentries in the world of the living ceases to exist and they return to the underworld which saves the Earth for good.

Later that day, the two armies meet up inside Drakkon's palace and Trini tries to force a surrender in exchange for leniency but Scorpina refuses since she was the one supplying the soldiers who allowed for Rita's defeat. Trini then reminds her that they aren't her army which Scorpina rebuts since they were loyal only to Drakkon, not the

Coinless and thus this was a means to an end for them in keeping Drakkon's empire secure. Zack tries to leave since all this arguing was just resulting in them spinning their wheels but Scorpina swears personal revenge until Bulk realizes that they needed a new common leader or they'd just tear the Earth apart in their never-ending war. Much to Kimberly's immense surprise, he suggests her as "the next Drakkon" and she tried to suggest he was joking only for the others to agree since the troops see her as Drakkon's successor and are loyal to her since she just won them a major victory. Scorpina is about to object but Finster-5 tells her it might be a good idea to have her as a placeholder of sorts until they could find a better idea. Kimberly tries to refuse it but Scorpina reminds her of her speech from earlier about the greater good and personal needs vs societal needs. However, she does say to Finster-5 that Kimberly needs to look more imperial and he has some ideas about that.

Sometime later, Kimberly was coronated as she says that they had survived an invasion by the dead and that, despite the fact that the Coinless and Ranger Sentries had different methods and allegiances, they both lost loved ones and they all had the goal of the common peace. She decides to forgive all past crimes committed and clean the proverbial slate. The Ranger Sentries now bow to her as she concludes the speech by saying that they had to fight to save the Earth together and that "today is a new beginning." The final page then shows Kimberly in the Ranger Slayer suit on Zedd's giant throne, wearing a Dragon Shield-esque chest plate and a headpiece.

After defeating The Anointed and would assist The Coinless in defeating Drakkon's Army, that is now commanded by Scorpina. She would prove herself by successfully forming an alliance with Commander Scorpina to defeat a revived Rita Repulsa. After defeating Rita Repulsa, Kim would assume Lord Drakkon's former role in a figurehead position. Kim's first mission as leader would be to free all of the prisoners of Deadlock, including an unknown prison clad in armor who is eventually revealed to be Jason Lee Scott. After being ravaged by Eclipta after Jason retrieves the Power Coin and causing the Ranger Sentries to lose their powers, she gives up her own Power Coin so that the entire populace would obtain

Morphin' Grid powers to fight off Eclipta.

Ragna the Bloodedge: Oh no, I was hoping never to hear that voice ever again. You can come out now, Azrael.

A massive figure came out, and it was none other than Azrael, yet another enemy of Ragna, whose superhuman strength and obsession with finding strong opponents and committing a battle between life and death, and no distinction of friends or foe has earned him the nickname "The Mad Dog".

Ragna the Bloodedge: I should've known you'd be here, Azrael. You just don't even know when to stay out of trouble, do you?

Azrael: Never, and to think I've got the chance to fight the legendary Team Loud Phoenix Storm, this is something I'm looking forward to.

Lincoln: Whoa, this guy looks really dangerous and he's driven by bloodlust. Ragna, what can you tell us about Azrael?

Ragna the Bloodedge: You won't like this guy, Lincoln.

Ragna the Bloodedge proceeded to tell us about Azrael, and we weren't going to like this mad dog one bit.

# Azrael

Azrael is an antagonist introduced in BlazBlue: Chronophantasma. A muscular man nicknamed the "Mad Dog" who enjoys fighting to an obsessive degree, he is addicted to finding strong opponents and committing a battle between life and death. Due to his superhuman strength, he likes to impose limiters on himself to enjoy the battle. He has no distinction of friends or foe, and will attack anyone on sight.

Azrael in fact belonged to Sector Seven. However, his destructive tendencies along with his friendly fire rates caused him to be locked away in prison. After Takamagahara's destruction, someone from Sector Seven saw it fit to release Azrael to the battlefield once more. Despite being under Sector Seven, a group opposing the Novus Orbis Librarium, the game already branded Azrael as one of the antagonists of Chronophantasma.

## History

Azrael is a member of Sector Seven who mostly moves from one place to another to find opponents. He is obsessed with using only raw power to fight, but cannot pull all the stops, due to his superhuman strength. He wanted to search for the Azure Grimore, which is used by Ragna the Bloodedge.

## Chronophantasma

After a phone call by Relius Clover, Azrael is released from prison for him to take Ragna the Bloodedge's Azure Grimoire, but is warned by the heads of the corporation he cannot go all out with fighting, placing a limiter on him that makes him unable to fight those who do not want to fight, barring Ragna, Kokonoe and Iron Tager. After being told that he was frozen for around two years, Azrael becomes angered and tries toattack on the staff who released him, but fails due to his limiter. After accepting the fact, he is told he must take the Azure and take out Kokonoe and Tager for concerns of treason. Despite his limiter, and that he was inactive for a long period of time, Azrael easily destroys a soldier's arm with a "gentle pat" minutes after he's released.

Immediately after, the begins to search for Kokonoe, breaking into her laboratory, but teleports away after Kokone tries to use her Assaulting Broken Bunker on him. Because of this, Azrael continues his hunt for her and TR-0009.

During his search, Azrael runs into Bullet and recognizes the emblem on him, saying he remembers it. After Bullet asks where he last saw it, Azrael replies that he cannot say, since he does not remembers people he beats. Azrael then says that he heard that Bullet was also trying to find Kokonoe, but Bullet does not reveal where she is, and fights Azarel, much to the man's glee. After realizing that she cannot beat the man, Bullet uses a smokescreen bomb to escape, as Azrael resumes his quest once more.

Traveling to Yabiko's downtown, he finds Tager with Litchi Faye-Ling, and knowing that fighting Azrael is a horrible idea, runs away with Litchi, but are interuppted by Nu-13, who is there, to deliver Litchi to Relius Clover. Knowing that she cannot save them both quickly, Kokonoe teleports Kagura Mutsuki to there for a distraction. With Tager planning to set up the teleport, Azrael and Nu team up to duel Kagura and Litchi, Tager finishing and teleporting the heroes after they were close to losing. Now alone, Azrael and Nu are deadlocked until Hazama arrives, jokingly asking if they are going to propose. Later, Azrael comes across Celica A. Mercury and Hakumen near the Lakeside Port. In a bold attempt to keep Celica safe, Hakumen fights Azrae, but Celica sets up a Light Screen to flee with Hakumen after a impasse.

Kagura then starts a tournament called "Battle of Ragna the Bloodedge" to trick Azrael so Kokonoe can deal with the brute. The plan works without a hitch, but when Bullet is planned to fight Bob, Azrael, having bested pretty much everyone, entered the tournament to have have fun and defeat Bullet, beliving since she was going to steal his foes..Bullet accepts his idea to find her, and after Bullet asks if Azrael knew her in the past, the man replies that he doesn't just find her unit's emblem familiar, but also said that he was requested to help them in the past, where he betrayed them, but one managed to get away from him. After asking where this happened, Azrael reveals it was a few years before he was imprisoned. With all the answers she needs, Bullet fights the man but loses horribly, as Azrael continues to pummel Bullet, with Tager and Ragna having to watch. After several failed attempts to teleport Bullet away, Ragna jumps to fight the man, as Bullet is warped away.

Azrael is enraged that Ragna doesn't unleash his Grimoire, but upon seeing Celica, threatens to kill the girl if Ranga doesn't use his Azure. When he isn't met with a response, Azrael tries to attack Celica, but Rachel tosses Gil towards his attack, saving her. Ragna then prepares to uses the Grimoire, but after getting flashbacks of the possibly natsy outcome of it due to their previous fight, he decides to not use it. A now furious Azrael insults the man for now using it due to he thinking Ragna would understand the agony of now pulling all the stops. Kagura then fights Azrael, and when she is knocked out for a second, but Azrael is unable to exploit this due to the limiter. enters the arena and fights with Azrael, but during the fight, Kagura lost consciousness for a second. During said second, Azrael is unable to resume his relentless assault due to his limiter, Kagura getting the idea to just not fight, causing Azrael to be even more angry. Before he can release his rage, however, Kokonoe teleports him to Tager, so he can punch him as a stress reliever. After the punch, Kokonoe then teleports the man into a "dimension prison" to keep him locked up.

BlazBlue: Centralfiction

Having escaped his prison, Azrael teamed up with Hades to defeated the Qualified, Hades promising the man that she can open a door to the gods. Inside the Embryo, Azrael duked it out with Kagura, but was defeated by was bested by both him and Jin. Trinity then warped Azarel back to his cryogenic cell.

Personality

Azrael adores strength and fighting, and treats the battlefield as a "hunting ground" to find powerful opponents to best. He is also arrogant, challenging the Six Heroes, and when he does, he holds back in the fight. Despite his nature, his dislikes it when people pick on people weaker than them. He seems to be entertained by strong opposition. In battle he can not contain himself, and he will attack anyone, friend or foe. For him the battle is not about victory or defeat, but rather life and death. When he loses, he is shown to be disappointed or angered, the latter being rather annoyed when he was defeated by Kagura, but expresses happiness afterward, as he felt what it's like to lose.

## Appearance

Azrael is a man with a muscular build littered with tattoos, blue hair, red eyes, and a blue goatee. As his attire, he wears a white coat positioned over his shoulders, white pants with two belts, and white boots with golden toes.

## Powers and Abilities

Azrael possesses immense natural strength which he uses to combat opponents instead of weapons or mystical advantages. Azrael also possesses equally immense durability to complement his drive to battle powerful opponents. His raw physical power is so great he must wear multiple limiters to limit himself from quickly killing his foes. In his Arcade ending, it is revealed that the power limiters he uses are in fact the tattoos that adorn his body, which are actually a seal known as Enchant: Dragunov. Azrael's Drive is The Terror, where he can reveal weak points on his foe. His Over-Drive named Mind Colosseo, is a mental attack where he always reveals a weak-point on the foe.

Azrael has been shown to be one of the most powerful beings in the BlazBlue universe. Even with Enchant: Dragunov limiting his power, he easily defeats Jin Kisaragi, Iron Tager, and Valkenhayn R. Hellsing. He also overpowers Rachel Alucard and is strong enough to force Ragna into activating the Azure Grimoire to fight him.

---

When Ragna the Bloodedge was finished, we were really horrified by the actions of Azrael, he's nothing but a mad dog.

Me: Whoa, this guy is seriously bad news.

Nico: You said it, Colonel. This guy's addicted to finding strong opponents and committing a battle between life and death, he has no distinction of friends or foe, and will attack anyone on sight. No wonder he's known as "The Mad Dog".

Vegeta: He's just like Broly in every way. He needs to be put down like the mad dog that he is.

Lana: And that's what I'm going to do to him, Master Vegeta. I've had it with this mad dog to last an eternity.

Suddenly, Lana's eyes turned neon blue, and she was surrounded by a rainbow energy aura with snowflakes, ice crystals, and owls, she unholstered her massive Sword of Khione from her back, and as she approached Azrael, she left rainbow energy, snowflakes, ice crystals, and owls with every step.

Lana: Azrael, I will never forgive you for all the harm that you've caused on your little rampage, you have harmed so many people in your path, and for that, I will see to it that you never return to harm anyone else ever again.

Suddenly, Lana Loud was surrounded by a massive vortex of rainbow energy with snowflakes and ice crystals surrounding the vortex, there's an owl flying around the vortex, and in the vortex is a marine blue phoenix. Then, as the vortex faded, Lana emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Lana Loud grew from 6'0" to 6'5" in height, she still retained the body of a goddess, along with the weighted marine blue bands on her biceps and thighs, and they now have silver phoenixes on them, and eight large marine blue orbs orbiting around her legs, she has marine blue highlights in the bangs of her now long flowing blonde hair reaching the bottom of her neck and she still has on her red hat, she has neon blue eyes and a rainbow energy aura with snowflakes, ice crystals, and owls surrounding her, she has a rainbow owl holding the Ice Kanji in its claws emblazoned on her forehead, she has on owl earrings with the Ice Kanji in its claws, and her necklace with the marine blue crystal links from her merged Crystal Necklace of The Buddha, and an owl with ice blue crystal eyes with the Ice Kanji in its claws for the pendant, she has on a sleeveless marine blue shirt with ice phoenix on it, blue pants with ice crystals and snowflakes on the legs of the pants, marine blue leather ankle-length combat boots with owls on them for the buckles, and a long marine blue sleeveless trenchcoat with ice crystals and snowflakes on the coattails, and on the back is an owl with ice crystals surrounding it.

Lana Loud now has massive blonde angel wings with marine blue tips on the large blonde feathers, Suddenly, her massive Sword of Khione began merging with her ice blue sword and her two massive Defender of The Loud House and Destroyer of Team Dark Phoenix Storm swords, and it's surrounded in a kaleidoscope of ice crystals and snowflakes, and when it emerged from the kaleidoscope of ice crystals and snowflakes, it was transformed into Khione's Ice Sword of Divine Justice, it's a new large sword with a 6'5" massive, wide, double-edged marine blue blade with an owl and the symbol of The Loud House and the anti-Team Dark Phoenix Storm symbol etched on the blade, large marine blue angel wings for the crossguard, large ice blue gem for the hilt, longer marine blue handle, and large faceted marine blue sphere pommel with surrounding ice blue gems. Lana Loud has on her Blue Lantern Corps ring on her right ring finger, she still has on her Bracelets of the Champions of The Universe with large marine blue gems on her wrists, Belt of Elemental Bravery with large marine blue gem for the belt buckle on her waist, she has her Spellbook of The Gods and The Universe on her right hip, and her Eater of Sins revolver holstered on her left hip. There's an ice blue kanji below the owl that said, "Lana Loud, Third Youngest of The Loud Family, Loving Sister of Her Many Siblings and Loving Twin Sister of Lola Loud, Loving Youngest Daughter of Rita and Lynn Sr., Loving Girlfriend of Skippy, Mud-Loving Grease Monkey of Gotham Royal York, Slayer of Evil, Descendant of 17th Century Lana of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Emissary of Khione, Defender of The Loud House and The Loud Family, Ambassador of Hope, and Master of Ice, Snow, and Owls."

ラナ・ラウド、ラウド・ファミリーの三番目の末っ子、彼女の多くの兄弟の愛情のある姉妹、ローラ・ラウドの愛情のある双子の姉妹、リタとリン・シニアの愛情のある末娘、スキッピーの愛情のあるガールフレンド、ゴッサム・ロイヤル・ヨークの泥を愛するグ

Lana Loud has transformed into SUPER ANGEL INFINITY ARCTIC SUB-ZERO SNOWFLAKE OWL ANGEL OF ARCTIC JUSTICE AND DIVINE HOPE!

We were so amazed by Lana Loud's Super Angel Infinity transformation, and when Skippy saw what happened to her, he had an atomic red blush on his face and hearts in his eyes. But, when Azrael saw it, he had a wicked grin on his face, and his bloodlust was rising to the surface.

Nico: (Stunned) Wow, Lana's transformed into a true Angel of Ice and Arctic Justice, and she's going to make that animal, Azrael, pay for everything that he's done.

Lincoln: Wow, Lana, you look amazing. How do you feel?

Lana: (Divine Echoing Cosmic Voice of The Arctic and Divine Hope) **I feel incredible, Lincoln, and now, I'm going to teach that animal, Azrael, a lesson.**

Lincoln: (Smiles) Hope you're not going to start without your big brother at your side.

Nico: Show no mercy guys!

Lincoln unholstered his improved massive Sword of Universal Hope and Elemental Bravery from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he joined with Lana.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **Let's put that mad dog down once and for all.**

Vegeta: Lincoln, Lana, show him no mercy.

Lana: **Trust me, Master Vegeta, he's not getting any mercy from me.**

Lincoln: **That's right, Azrael's just like Broly, and he deserves to be destroyed.**

Lana and Lincoln went after Azrael, who threw a downward punch at them, but they dodged it, and Azrael made a crater in the ground, a sign of just how strong he is, even with the tattoo limiters on him. Then, Lana and Lincoln fired powerful blasts of rainbow energy, ice fire, rainbow fire, elemental forces, owls, Thunderbirds, Phoenixes, and Buffalo at Azrael, and they exploded with incredible power as they hit him. Azrael's red eyes glowed, and his bloodlust has risen past the limit.

Azrael: (Laughing Maniacally) Yes, that's it. This is what I've wanted. Come, try to destroy me!

Lana: **Whoa, this guy's really crazy.**

Lincoln: His obsession of fighting is about to be his undoing. Let's get him, Lana.

Lana and Lincoln then charged, and they threw some powerful punches, and they hit Azrael, and they really damaged him with their immense brute superhuman strength. Then, Lincoln and Lana fired red energy blasts at Azrael, and as they hit him, they began sucking out Azrael's superhuman strength and superhuman durability, and they and the rest of us made them our own.

Lana: **Let's use our combo on him and finish Azrael off, Lincoln.**

Lincoln: **Let's do it, Lana.**

Lana and Lincoln: **DIVINE ICE BLADESTORM OF FURY!**

Lana and Lincoln formed blades of ice, and they fired them at Azrael, and they hit him, and when the last ice blade hits him in his black heart, he was immediately frozen, and as the ice blades shattered, Azrael shattered into pieces, and his spirit was Super Hakaied into Oblivion forever. We cheered wildly for what Lana and Lincoln as they holster their massive swords on their backs and power down, and the improvements and upgrades to Lana's clothes, weapons, jewelry, and angel wings are permanent. Then, they came back to us, and we went up to Lincoln and Lana, and we hugged them, and they hugged us back.

Nico: Lana, Lincoln, you guys did an awesome job in putting that mad dog, Azrael, down.

Lana: Thanks, Commander.

Lincoln: Azrael sure was a strong opponent, but what did him in was his obsession for fighting, all he's ever known in life was mainly fighting.

Vegeta: But, that obsession of Azrael's has finally come to an end, thanks to you and Lana putting him down for good, Lincoln.

Lincoln: Thanks, Master Vegeta. (To Lana) And Lana, I'm so proud of how much stronger you've gotten.

Lana had a smile on her face, and she hugged him, and he hugged her back.

Lana: Thanks, Lincoln, and thanks for helping me with Azrael.

Lincoln: (Smiles Warmly) You're welcome, Lana.

Then, Lincoln got jumped by his harem, and he was kissed all over, and he had lipstick marks all over him. But, Lincoln had a very sly grin on his face, and he made clones of himself, and he wrapped his abnormally massive and powerful muscular arms around the waists of every last member of his harem, and as they lock eyes, he leans down and kissed them on the lips, and we cheered for him. Then, Skippy went up to Lana, and he then wrapped his arms around Lana's waist, and he kissed her passionately, which Lucy returned, as she wrapped her arms around his neck, and kissed him, and we cheered for them.

Strag: (To the viewers) Another awesome rescue in the Moonlands done. Nico now is full time Leader and we love it.

Nico: Thanks Strag and great job to all of you! Lets head home and get cleaned up.

We went back home and showered and enjoyed the rest of the day and went to sleep. Kornbluth was sent to Solitary Confinement for life in the Saturn Insane Asylum.

THE END

---

Another awesome chapter done.

Nico is now going to be officially the leader from here on out. Cald was one hot volcanic area. Hope you all didn't sweat from this one. The first part for this chapter was for the iconic movie from 1968 called Chitty-Chitty Bang Bang and it was a great movie from the 60s. Dick Van Dyke was in that movie and it was awesome. I never saw that movie but it was awesome from what I heard and it will always be an iconic staple. The second part was for the awesome 1974 disaster movie The Towering Inferno and that was a movie that I have known since I was a kid and that was a wicked movie and lots of big stars in that one. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, Etstheclarencefan and ninjakingofhearts gave me the ideas for this and so did the guest reviewer. Thanks guys. The next rescue for Nico is gonna be in the middle of the city and he is going to meet Omri and friends from the 1995 movie The Indian In The Cupboard and Nico and Paula are going to see the magic cupboard in action. It takes place after the movie. Also they are going to meet a Hamon, Lord of Striking Thunder Gene-slammer named Marie Hernandez and she is Fiona's sister. The next rescue for Lincoln is gonna be in the 2000 movie Spiders. They are going to destroy a huge spider and meet an Earthbound Immortal Uru gene-slammer. Coincidental that there would be a Spider movie for that huh? The next chapter is gonna be in the Moonland of Naroom and we're going to rescue CC from the anime Code Geass and we're going to learn an incredible story from Eli. We're also going to destroy her captor and it's going to be YAMI MARIK!

See you all tomorrow

# Naroom Forest Rescue

In the city, Nico and Paula were walking around.

Nico: Thanks for coming with me, Paula.

Paula: Anytime Nico. It's gonna be awesome to go on a really cool rescue with you.

Nico: I'm really looking forward to this one. I've been picking up scans from this area that are picking up magical energy.

Paula: What do you think is causing it?

Nico: No idea. But the scans show that it's coming from this house here.

They were in front of a street house and it was amazing. But there was something familiar about it.

Nico: Wait a second. I have seen this house before. It's the house of Omri from The Indian In The Cupboard.

---

On his ninth birthday, Omri receives an old cupboard from his brother and a toy Native American "Indian" from his best friend Patrick. Omri finds a special key and locks the toy in the cupboard. The next morning, he hears a small tapping noise coming from the cupboard, and finds that the toy has magically come to life. Frightened by Omri's size, the tiny man pulls out a dagger and points it at Omri. Omri closes and locks the cupboard and decides to keep it a secret.

The next day, the living toy eventually reveals himself as an English-speaking, 18th-century Iroquois (specifically Onondaga) man named Little Bear (Litefoot) who was fighting in the French and Indian War on the side of the British. During Little Bear's stay with Omri, Omri learns a lot about the Iroquois, and the two develop a friendship.

Omri also learns that Little Bear is a widower.

When Omri brings to life another Native American figure (resembling a Mohawk chieftain), saying Little Bear can have the chieftain's longbow, the chieftain suffers a heart attack out of fear after looking at Omri. Omri's shocked reaction causes Little Bear to realize that Omri really is a child, and not a spirit.

Eventually, Omri reveals his secret to Patrick, who immediately wants to bring to life a toy of his own, which becomes a cowboy from 1879 called "Boohoo" Boone. Boone and Little Bear are initially hostile toward one another, but are forced to behave themselves when Omri and Patrick bring them to school.

That night, Omri and Patrick, along with Little Bear and Boone, watch a program on TV that shows a relentless slaughter of Apaches by cowboys. Boone is enthusiastic at the sight of his "boys" killing the helpless Native Americans, while Little Bear watches in horror at the sight of his people being massacred. Upon hearing Boone fire his gun into the air with delight, Little Bear becomes confused and shoots an arrow into Boone's chest.

The key to the cabinet is lost, and Little Bear goes under the floor to retrieve it, nearly getting killed by an escaped pet rat in the process. With the key back, Omri brings a World War I medic toy to life to treat Boone's wounds. Omri realizes it is time to return Little Bear and Boone to their respective time periods. Later that night, as Patrick sleeps, Omri goes to bring a female Native American toy to life, but Little Bear realizes what Omri is doing and stops him. Omri says he doesn't want Little Bear to be alone when he goes back, but Little Bear says that the woman probably has people of her own, maybe even her own family. Omri agrees not to bring her to life.

The next morning, Omri and Patrick say their goodbyes to the two tiny men before locking them back in the cupboard and sending them home. Just before saying goodbye, Omri has a vision of a life-sized Little Bear telling him that he takes Omri on as his nephew.

Paula: Wow! I love that movie. It has been a long time since I saw it.

Nico: I know. I haven't seen that movie in years. It brings back so many memories.

Paula: Yeah it sure does.

They went up to the door and knocked on it and answering it was Omri.

Omri: Wow! Nico Chan and Paula of Team Loud Phoenix Storm.

Nico: You must be Omri. It's awesome to meet you in person.

Omri: It sure is. It's such an honor.

Paula: Nico, I have something to tell you.

Nico: Let me guess. Does it involve murder and sexual assault?

Paula: No. It's about how I got this cast on my leg.

Paula took it off and he and Omri saw that her leg was fine.

Paula: My mom forces me to wear this cast so that she can get sympathy and attention for everyone. She thought I had this strange disease that effects my walking when I clearly don't.

Omri: Why would your mom do that?

Nico: Oh man. I've seen this before. Your mom has what's called Munchausen Syndrome By Proxy.

Omri: What's that?

Nico: It's a Psychological Condition where a person afflicted with it will lie by inflicting physical and psychological abuse on others to get attention for themselves. I learned all about it in Laney's books on Psychology and I also saw it many times on Crime Documentaries and even saw someone with it for real.

Omri: That's terrible.

Nico: Yeah and those people go to prison for it.

Paula: That's right.

Nico: Does Lynn know about this?

Paula: No I never told her because I was afraid to tell her.

Nico: Paula you know you can tell any of us and we can help you in anyway we can.

Omri: Yeah Team Loud Phoenix Storm is always there for you all no matter what.

Paula: I was just scared. I love my mom but I don't like it with how she is doing this to me.

Nico: I know Paula. But you can still tell us and we can do what's right for you. What your mom is doing is wrong on so many levels.

Paula: I know. And you're right. But I don't want to live with my mom anymore. She needs a lot of help because of this.

Nico: Yeah I know.

Paula: Thanks Nico

Nico: First thing I'm doing after this is calling the cops on your mom!

Nico did so and the cops arrested Paula's mom Katie Price for abuse, fraud and many more crimes.

Omri showed them his room.

Omri: This is my room.

Nico: Wow you have an amazing room. And your toys are awesome.

Omri: Thanks. But take a look at this.

They looked on the floor and it was a small Iroquois Longhouse.

Nico: Wow that's an Iroquois Longhouse.

Paula: Did you make that?

Omri: No I didn't. It's a strange story.

Omri told them all about it and it was incredible.

Nico: Wow that is amazing.

Paula: It sure is.

Omri showed them the Magic Cupboard and it was amazing.

Nico: Wow the Magic Cupboard.

Omri: That's right. How did you know?

Nico: Strange story. I saw how cool it was and it's awesome how it can bring it all to life.

Paula: It sure is cool.

Nico: It sure looks cool. Also we have seen many magical things and all sorts of things throughout all our adventures and it's awesome. Mind if I try something with it?

Omri: Sure.

Nico pulled out an action figure from his pocket and it was that of Palpatine.

Nico: I have a massive collection of Star Wars Toys.

Nico opened it and put it in the cupboard and he turned the key and locked it and unlocked it and then it worked!

Palpatine saw Nico.

Nico: Hello Palpatine. Remember me?

Palpatine: Nico Chan.

Nico: Yep.

Nico closed it and locked it and he was back to an action figure.

Nico: Wow! That was cool.

Paula: It really was magic.

Nico: Okay. One of Fiona's sisters is here. We have to find her.

Paula: Where do we even look?

Omri: I did see a strange creature on the roof.

Nico: Then lets go there.

They went to the roof.

Nico: Anyone there?

They looked around and then they heard something and saw a yellow figure behind a water tower.

Nico: Hello?

?: (In a girls voice) Stay away! Don't hurt me.

Nico: Marie? Marie Hernandez?

Marie came out and she was a Hamon, Lord of Striking Thunder.

Hamon: Nico? Wow you sure have grown the last time I saw you.

Omri: You know her?

Nico: Yes I do. She's one of my friends and is Fiona's little sister.

Hamon: You found Fiona?

Nico: We sure did. She was turned into Uria, Lord of Searing Flames and we found her and got her back to normal and you can be normal again too.

Hamon: Really? Awesome. Oh that must be Omri. Awesome to meet you.

Omri: Same here.

Nico: Also, this might hurt. Omri you may want to cover your eyes.

Omri: Okay.

Nico put on his blind man glasses and Omri covered his eyes and Nico snapped his fingers and Marie reverted back and was in her birthday suit and Paula gave her a new clothing ensemble and she was really awesome in all yellow.

Marie Hernandez: Wow I look awesome.

Marie and Nico hugged.

Marie Hernandez: I missed you Nico.

Nico: Me too.

Paula: What's your favorite memory of Nico?

Marie Hernandez: Oh there are so many of them. But I would say my favorite would be when we were at me and my sisters house and Nico and I would play Star Fox 64 and we did really well on all those levels.

Nico: That was really fun. We got over 1800 hits on all the enemies in that game.

Paula: Awesome.

Omri: That is fun.

They later went back to the estate and Fiona was reunited to Marie. Omri also goes to Lincoln's school and it's awesome.

---

After Nico's rescue, Lincoln, Me, Nico, Eli, Nicole, Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, Lily, Lincoln's harem, Roman Goodwin, and Margo Roberts were heading to Los Angeles set in the world of the 2000 movie Spiders, and not only is Lincoln going to rescue the fourteen girls there, but we're also going to destroy a huge spider genetically mutated by a secret DNA experiment aboard a NASA space shuttle.

And with us were our new recruits from the 2022 Dreamworks Movie, The Bad Guys, Mr. Wolf, Mr. Piranha, Mr. Snake, Mr. Shark, and Ms. Tarantula.

Lincoln: Whoa, we're in Los Angeles in the world of the 2000 movie Spiders, (Shudders), and I know what we're going to do here, not only am I going to rescue the fourteen girls there, but we're also going to destroy a huge spider genetically mutated by a secret DNA experiment aboard a NASA space shuttle.

Nico: That's right, big guy. And I don't blame you for shuddering like that.

Me: Same here, I saw that movie long ago, and I threw up like crazy.

Lisa Loud: It's unbelievable that scientists tried to genetically alter the DNA of a rare breed of spider aboard the NASA space shuttle. But, just like many scientists, they were playing with fire, and as a result, a huge spider hatches from the body of the doomed survivor and it begins breeding, giving birth to more genetic abominations that grow in size after each kill.

Lincoln: That thing needs to be destroyed before all of Los Angeles and its people become its buffet.

Nico: You said it, Lincoln, and it'll take more than a giant-sized newspaper to swat it. (To Mr. Wolf and his gang) And it's an awesome pleasure to meet you and your gang, Mr. Wolf.

Mr. Wolf: Same here, Nico, and you've heard that Lincoln was the one who recruited us, right?

Me: Yeah, he did, and he made an awesome choice recruiting you guys.

Nico: You said it, you guys are both funny and awesome, and you also have some awesome skills when you were pulling off heists. But, you guys were misunderstood, and you were brought down by the hurtful stereotypes, and we don't think you guys are bad.

Lincoln: He's right, and like he said, you guys are funny, awesome, and you also have some awesome skills, which makes you all perfect candidates for Team Loud Phoenix Storm.

That brought a tear to their eyes, and they hugged Lincoln, and he returned it.

Mr. Wolf: Thanks, Lincoln, and we're not letting you guys down, no way.

Me: I like that spirit of determination.

Nico: Same here, man.

Mr. Shark: When Lincoln told us that the torch of leadership has been passed on to you and he also explained the reasons why, we understood why. Plus, J.D.'s still your second-in-command, and that's awesome.

Lincoln: That's right, and like I told you guys, Nico has been through a lot, and he also took charge during the attack against Mr. Mind and Team Dark Phoenix Storm, and he did an awesome job, and yesterday, he passed the torch to Nico, and he did an awesome job in leading yesterday when we went after that lunatic, Kornbluth.

Ms. Tarantula: I heard about that, honey, and this time, he's not getting out.

Nico: That's right, he's staying there until the day he dies.

Margo Roberts: You said it, Nico, and coincidentally, we're going to meet the Gene-Slammer for the Earthbound Immortal Uru, since we're going after that giant spider.

Lincoln: I was about to point that out, Margo. And it's a good thing we didn't bring Dad with us, he may be cured of his fear of Halloween, but not from his fear of spiders.

Nico: We'll have to do something about that later on, big guy.

?: HELP!

Suddenly, Lincoln heard the sound of fourteen girls calling out for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard where the call for help was coming from. He saw the fourteen girls on top of a rooftop, but they've been cornered by the giant mutated spider, and it's going to kill them.

Lincoln: Guys, I found the fourteen girls on top of a rooftop, but they've been cornered by the giant mutated spider, and it's going to kill them.

Mr. Wolf: (Smirks) And I think we've found our way to get to the rooftop, helicopter up ahead.

Nico: (Smirks) Good eye, Mr. Wolf.

We saw a helicopter heading there, and onboard were Marci Eyre and John Murphy, who's piloting the helicopter, and we boarded the helicopter, and as we were over the rooftop, we got off the copter and we took to the air, and Lincoln fired a powerful rainbow energy blast at the giant spider, and it hit the butt-ugly spider in the back, and the fourteen girls got out of the way. When we saw it, it was really ugly.

Me: Oh, gross.

Nico: You weren't kidding when you said you saw it long ago, J.D. That thing is ugly, ugly, ugly!

Me: And it's an abomination of nature!

Lincoln: Time to squash that giant spider once and for all.

Lincoln unholstered his improved massive Sword of Universal Hope and Elemental Bravery from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, Roman Goodwin forms a sword of red and dark energy, Margo made a sword of lightning, Lincoln's sisters also transformed and they unholster their massive swords from their backs, Lincoln's harem unholstered their massive swords from their backs, and Me, Eli, Nicole, and Nico also transform and unholstered our massive swords from our backs, and we went at the mutant spider, and we fired powerful blasts of rainbow energy, colored energy, elemental forces, plants, stars, darkness, red fire, and rainbow fire at the giant spider, and they exploded with incredible power, as they hit it, and it screeched in pain.

Suddenly, we saw Earthbound Immortal Uru arrive, and it fired a blast of red fire from its mouth, and it hits the giant mutant spider. Then, Lincoln fired a blast of rainbow energy and Marci Eyre fired a missile from the bazooka, and right into the spider's open mouth, and as they hit, the spider explodes in a mess of guts, and Lincoln made a rainbow energy shield, which protected all of us from getting splashed on by the spider's guts.

EEEEEEEEEEEEWWWWW!

We cheered wildly as we holstered our massive swords on our backs and powered down.

Margo Roberts: Roman, did you summon Earthbound Immortal Uru to help?

Roman Goodwin: I wish I did, but no, I didn't.

Earthbound Immortal Uru: (In a girl's voice) Take that, you ugly, eight-eyed bitch!

Lincoln: Wait, that voice. Valerie Brinkley, is that you?

Valerie Brinkley: Lincoln, is that you?

Valerie Brinkley went up to Lincoln, and they hugged.

Lincoln: Yeah, it's me, Valerie. I haven't seen you when you were ten, and I've really grown a lot as you can see, and I'm sixteen years old.

Valerie Brinkley: Yeah, I can see, you've really grown a lot from the ten-year-old cute little boy into a 16-year-old 7'0" tall and very handsome teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs.

Nico: And I knew it, she's another one of your friends from childhood, right, Lincoln?

Lincoln: You got that right, Nico. This is Valerie Brinkley, I met her when I was ten years old, and she was also ten years old, and like Helena, Emily, Cathy, Mia, Emma, Rebecca, and Lauren, she defended me from bullies, specifically Chandler when he still had his dark side in him, and his two goons.

Nico: Awesome, so it's been six years since you last saw her, and now, you guys have been reunited.

Valerie Brinkley: That's right, and that was really fun.

Lincoln: The rescues are always awesome. Now, let's get you back to normal. Boys, cover your eyes. Hold still, Valerie, this is going to hurt.

Eli, Me, Nico, and the rest of the boys covered our eyes and Lincoln snaps his fingers, and Valerie was reverting back to normal, she was a beautiful 16-year-old girl with long red hair with red highlights in the bangs, red eyes, fair skin, she was 6'0" in height, and she had the body of a goddess. She also now has massive black angel wings with red tips on the large black feathers on her back, as she reigns in the power of Earthbound Immortal Uru, and she was in her birthday suit.

Lincoln: How do you feel, Valerie?

Valerie Brinkley: Good. (Realizes she's in her birthday suit) But, I'm also in my birthday suit.

Lincoln gave her a new wardrobe, a black sleeveless shirt with an red phoenix, black skirt with the Earthbound Immortal Uru and red flames on it, black leather ankle-high combat boots, and a long black sleeveless trenchcoat with the Earthbound Immortal Uru on the back, and on her back is a large Earthbound Immortal Uru-themed sword with a 6'5" massive, wide, double-edged, man-sized black blade with the Earthbound Immortal Uru etched on it, large black wings for the crossguard, large red gem for the hilt, longer black handle, and large black faceted sphere pommel with surrounding red gems.

Valerie Brinkley: Wow, I love the new outfit and new large sword you made for me, Lincoln.

Suddenly, a Thunderbird Necklace of Eternal Love appeared on her neck.

Valerie Brinkley: Yep, that's a Thunderbird Necklace of Eternal Love, which means you're now part of my harem and you're one of my many future wives, Valerie.

Valerie Brinkley had a smile on her face and tears in her eyes, as Lincoln wrapped his abnormally massive and powerful muscular arms around her waist and he kissed her, and we cheered for them. Then, Lincoln and all of us went up to the fourteen girls, and when Lincoln saw them, he recognized them immediately. The fourteen girls are Miharu, Misuzu Gōwa, Kahoru Kaburagi, Rin Ataka, and Sunao Murai from Gasaraki, Arisa Kuhouin, Ayase Shinomiya, Carol, Hare Menjou, Inori Yuzuriha, Kanon Kusama, Kurachi, Ritsu Takarada, and Tsugumi from Guilty Crown.

Lincoln: Oh wow, it's Miharu, Misuzu Gōwa, Kahoru Kaburagi, Rin Ataka, Sunao Murai, Arisa Kuhouin, Ayase Shinomiya, Carol, Hare Menjou, Inori Yuzuriha, Kanon Kusama, Kurachi, Ritsu Takarada, and Tsugumi.

Helena McTroy: From Gasaraki and Guilty Crown, awesome.

Lincoln: Are you girls okay?

Miharu: Yeah, we're okay, thanks to you.

Then, when Miharu and the other thirteen girls saw who it was that saved them from the mutant huge spider, their faces turned atomic red upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, a golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top was the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, and Buffalo, and below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and The Thirteen Elemental Forces, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", and he had deep sapphire blue eyes.

He had his massive Sword of Universal Hope and Elemental Bravery holstered on his wider and muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces constellation and Aquarius Zodiac sign on the back of his neck, large weighted orange bands on his massive biceps and thighs with silver phoenixes on them, his large Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them with rainbow tips on the large deep sapphire blue feathers, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with elemental forces, Thunderbirds, Phoenixes, and Buffalo on them and with hanging mini silver lightning bolts held up by his Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of large blue pants with multicolored lightning bolts on the thighs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Buffalo head stud earrings with the Thunderbird and Eternity Kanji

on it, a large Thunderbird Necklace of Eternal Love with colored gems on the gold lightning bolts and a Buffalo head with the Thunderbird and Eternity Kanji on his neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, he had eight large orange orbs orbiting around his legs, and circling around his feet on the floor are eight golden crosses with angelic runes.

Miharu: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made thirteen clones of himself, and he and the thirteen clones went up to the girls, and they picked them up and hugged them in their abnormally massive and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Miharu: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, fourteen Thunderbird Necklaces of Eternal Love appear around the necks of Miharu, Misuzu Gōwa, Kahoru Kaburagi, Rin Ataka, Sunao Murai, Arisa Kuhouin, Ayase Shinomiya, Carol, Hare Menjou, Inori Yuzuriha, Kanon Kusama, Kurachi, Ritsu Takarada, and Tsugumi, and they had gems in their favorite colors on the gold lightning bolt necklace links. Then, we returned home to the Estate, and we told everyone what happened at the Glass Tower, and they were horrified when they heard that a mutant giant spider was causing havoc in Los Angeles in the world of the 2000 movie Spiders.

But, when Lincoln told and showed everyone what he did to that mutant giant spider, they cheered wildly for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem went up to Lincoln, and they kissed him all over. Lincoln and Valerie Brinkley now have a lot of catching up to do, now that she's back and they've been reunited.

After getting rid of the giant spider this time for good, we were training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Valerie Brinkley saw Lincoln working out like crazy, she had an atomic red blush on her face.

Valerie Brinkley: Whoa, Lincoln has really grown to be a 16-year-old 7'0" tall, really big, and really strong young man, just look at those abnormally massive and powerful muscles hard at work, and to work out with those 9,500-lb barbells and not even get tired, incredible.

Lincoln: And I've also trained a lot under some very powerful teachers, J.D. and included, Valerie, and now, I can also fight and defend myself.

Valerie Brinkley: That's awesome.

Nico: It sure is. So, Valerie, what memories did you have with Lincoln?

Valerie Brinkley: I actually have two of them. One time, I defended Lincoln when Chandler and his two goons were picking on him, and I told them off. But, when Chandler sent his two goons to hurt me badly, I dodged them, and tripped them with my leg, and sent them flying into trash cans, and I did the same thing to Chandler, and sent him flying into a trash can, as well. I told Huggins of what Chandler and his goons did, and they got a week of detention for that. But, he still didn't like Lincoln.

Nico: Nice one. But, there's something that you should know: after a restaurant incident, in which Huggins was also part of it, he apologized to Lincoln for being mean to him, and he meant it.

Valerie Brinkley: That's good, and Chandler had his dark side removed from what I heard, and he's now on the side of good.

Me: That's right, and that other memory you had with Lincoln, what was it?

Valerie Brinkley: Oh yeah, one time, I was at Lincoln's house and we were making some chocolate pie for dessert for Lincoln's family to enjoy after dinner. But, Lola tried to make Lincoln play with her, and he told her he was busy. But, she said if she didn't, she'll tell Mrs. Loud he's been reading comics in his underwear again. I didn't like what that little spoiled brat blackmailer was doing, so I marched on over and grabbed her by the arm. She tried to bite me, but I applied a strong grip, and she couldn't stand it. Then, I told Mr. and Mrs. Loud what Lola tried to do, and when I told Mrs. Loud that she tried to blackmail Lincoln, she didn't like that, and she gave Lola a spanking with her hairbrush, and she was grounded for two days and she wouldn't get a slice of chocolate pie or any dessert for those two days.

Me: Whoa.

Nico: Nice, and Lincoln's friend, Lauren, defended him from Lori when she still had her dark side.

Valerie Brinkley: Yeah, I heard from Lauren about that, and I'm also glad that Lori, Lynn, and Lola have since had their dark sides removed, and they repaired the bonds with Lincoln.

Twilight Sparkle: That's right, Valerie.

Nico: Lincoln, what can you tell us about Valerie?

Lincoln: Valerie's not only a smart girl, but she's also tough when she roughed up Chandler and his goons when they were picking on me, and of course, what she did to Lola. Plus, Valerie's an awesome cook, she knows an awesome recipe for grilled cheese sandwiches, and in that recipe, she also puts in some shredded chicken and bits of bacon, and the chocolate pie, and many more recipes.

Nico: (Drools) Oh, man. One day, I've got to try that grilled cheese sandwich with shredded chicken and bits of bacon in it.

Valerie Brinkley: Whoa, you sure love cheese, Nico.

Lincoln: Along with chicken, Valerie, and I think you just made a friend in Nico.

Valerie Brinkley: Along with all of Team Loud Phoenix Storm.

We then got a shower afterwards, and after that, Lincoln and his harem were getting ready for their date/exploration, this time, it's back to Jolly Roger Bay in the world of Mario.

Lincoln then snapped his fingers, and the 16-year-old 7'0", white-haired, handsome, and extremely muscular teen was dressed in large orange swim trunks with a phoenix, thunderbird, buffalo, and elemental forces on it, along with his large weighted orange bands with silver phoenixes on his massive biceps and thighs, his jewelry, large orange sandals, and eight large orange orbs orbiting around his legs, and he also had his weapons holstered, in case of trouble.

Lincoln's harem were dressed in two-piece bikinis in their favorite colors, sandals, along with their jewelry, and they also had their weapons holstered in case of trouble.

Lincoln: Alright, ladies, shall we?

Helena McTroy: We're ready, Linky.

Lincoln and the girls left the Estate, and they head for their destination, Jolly Roger Bay in the world of Mario. When they arrived at Jolly Roger Bay, those who hadn't been to Jolly Roger Bay were awestruck.

Lauren Delaney: Whoa, what is this place, Linky?

Lincoln: This, Lauren, is Jolly Roger Bay. I've been here before on a date with a couple of girls in my harem, and they saw how beautiful it was. Shall we?

Lincoln and the girls got started as they dived into the water, and they were swimming underwater. Then, they began exploring the underwater caverns of Jolly Roger Bay, and in one of the caverns, the gang found some treasure chests, and Lincoln put the chests into a scroll to show us later. Then, they had lunch that Lincoln made for them, and then, as the sun was about to set, Lincoln made clones of himself, and he and the clones went up to the girls in his harem, and they picked them all up in their abnormally massive and powerful muscular arms, and just as the sun turns orange, they passionately kissed and hugged. Then, they returned home to the Estate, and they returned to their original clothes.

Nico: Hey, Linc, how was your date?

Lincoln: It was so awesome, Nico. We did an underwater exploration in Jolly Roger Bay in the world of Mario.

Nico: Uh oh, and I'm going to guess you also found something there, right?

Lincoln: (Smirks) You know me all too well, bro.

Lincoln got out the scroll, and he showed us the five treasure chests. Then, he opened it, and inside the five treasure chests were a kings' ransom of gold coins and beautiful gems of many beautiful shimmering colors. We were amazed by the gold coins and gems in the treasure chests.

Lori: Whoa!

Morgana: Just like before, Lincoln's proven to be an awesome treasure hunter, just like Nicole.

Lincoln: That's right, Morgana, and like before, these five treasure chests with the kings' ransom of gold coins and beautiful gems of beautiful shimmering colors are heading to the museum to be displayed to the public.

Emily LaRue: And it was so awesome, we had our first date with Lincoln, and we had fun in exploring in Jolly Roger Bay, and the way he ended it was so amazing, he made clones of himself, and as they approached us, they picked us all up in their abnormally massive and powerful muscular arms, and just as the sun turns orange, we passionately kissed and hugged.

Helena McTroy: It was so awesome.

Leni: That's how Lincoln always ends those awesome dates, and you girls better be ready for more dates with him.

Nico: Leni's right, the places that he hears about from any of us are truly amazing, and he always plans out the dates with awesome precision.

Emma Langley: That's why he's called The Loud House's "Man With A Plan".

Mia Addison: And he's definitely become one handsome hunk of a man, he's mature, kind, awesome, golden-hearted, brave, strong, smart, friendly, and tough, and any who messes with those he loves, they better think twice.

Lincoln had an atomic red blush on his face and smirk when Mia said that, which he replied in kind by kissing her on the lips, and she had an atomic red blush on her face, and lovestruck look on her face.

---

Later it was time for Rice's first ambassador mission.

Rice: Well, time for my first ambassador mission.

Me: Yep and we're gonna go to the world of Eon Kid. I heard so much about this world and how it was terrorized by the evil General and his forces.

Nico: That world went through hell because of it.

Eli: Boy it sure did. That was terrible.

Me: No kidding.

Rice: Yep. Ready to head out?

Me: You bet. We'll be back shortly commander.

Nico: Okay.

Rice opened the portal to the world of Eon Kid and we were off.

We arrived in the world of Eon Kid and we were shocked to see that it was a complete wasteland and it looked like something out of a Post-Apocalyptic Dystopian Society movie.

Me: Whoa. My god. What the hell happened here?

Eli: This whole place looks like it was ravaged by a war.

Rice: Boy no kidding.

Marty had just bumped into someone.

Marty: I'm so sorry! Are you okay?!

Rice: Oh yeah I'm all right.

Marty: Oh sorry for bumping into you.

Rice: No worries.

Marty saw us.

Marty: Awesome. Wow! You're J.D. Knudson, leader of Team Loud Phoenix Storm.

Me: Second in command now. Nico Chan has been promoted to leader now. He has earned it.

Marty: Ah change of leadership. That's understandable. Sorry I'm Marty.

Rice: Awesome to meet you. I'm Rice Fitzgerald.

Eli: And I'm Eli Winston-Bullock, J.D.'s brother.

Marty: Awesome to meet you.

Rice: Same here. I came here on an Ambassador Mission.

Me: It's a diplomatic mission program we made to help us get ready for future missions by going to worlds to see what they are like and get ready to help out for when we all come here on our mission.

Marty: That's interesting. (to Rice) I notice you look like Mary Jane Watson.

Rice: (Laughs) I sure do look like her don't I?

Marty: You sure do.

Me: What happened here Marty? What happened that would cause the world to go to Hell like this?

Marty: This is all the work of The General.

Rice: What can you tell us about him?

Marty: He is not a pretty sight as I faced him and defeated him.

He went over his history.

Only known as General, he is a powerful robot who ultimately became a tyrant and archenemy of Eon Family. He serves as the main antagonist of the series.

The General was the ultimate robot in his day who ended the first Robot War that involved the Gigantors. He was created by a pooling of the world's greatest technology around a supernatural human brain. The experiment was a success, but the General started the Second Robot War when he decided robots were superior and he should rule. The Second Robot War ended with his defeat 100 years before the series began when Eon used his mighty fist to destroy him in a suicide attack. Unfortunately the General's brain survived and was saved by his followers. Since his defeat his followers have worked in secret to collect his many pieces and rebuild him so that they can once again take over the world. However, since his defeat, the General lost his sense of honor and resorted to more harsh methods like using the very Gigantor he was built to destroy. He has a red coating which is so powerful even light cannot enter it. Also using his red force field gave headaches to the CDF troops and then killed them.

When he was done we were shocked!

Eli: Oh man!

Me: He must be really bad news. And he and his men all did this to the world? That is horrible.

Marty: It sure is.

Rice: Well we're going to really make sure the General is gone for good when we come here. We're projecting February 28th when we come here.

Marty: Oh wow.

Me: Yeah.

Marty: (to Rice) Also, I get this weird feeling that there's something… not human inside you.

Rice: You are not wrong there. It's a really ugly and terrifying story.

Me: She got slammed with alien DNA courtesy of our enemy The Shredder.

I told him everything about what happened with her and the Ungerground City people as well as their genderbent selves and all that and it was terrible.

Marty: Oh man! That is horrible.

Rice: It sure was. Razorfist is not that bad.

Eli: Yeah.

Marty: Rice, before I show you guys around, can you tell me more about your background story?

Rice: I sure can. I came from a very rich family and we specialized in the production and manufacturing of Banana Gummies. They are these.

She pulled out a bag of gummies that are yellow banana shape gummies.

Me: I didn't know about that Rice. Those are some of my favorites.

Rice: I'm glad. They made my family filthy rich and I was studying to become a chemist and when I went to college I got injected with knock out drops and the next thing I knew I was in the underground city and I was with 6 others. No idea how I got there.

Marty: That's horrible.

Rice: It sure was.

Marty: I have a feeling that one of my enemies is about to show himself. So, I better show you guys my hero form!

Me: Go for it.

Marty turned into EONKID!

Eli: AWESOME!

Rice: Oh that is so cool!

Me: It sure is!

I sensed a figure behind me and I punched it and sent it crashing into a rock and it was SCAR!

---

Scar raids the Ancestral Eon family Estate (Episode 12 - The Eighteen Woodenmen), but is rendered unconscious by Captain Magnum. He escapes custody after Captain Magnum leaves him with a squad of CDF officers. It is unknown weather he had aid to escape, but most likely did not need it. Scar later returns with upgraded combat sensors and darkened appearance, to hunt down Marty (Episode 12 - Nightmares), but is defeated again by his sleepwalking target. Scar was made before Black Beauty, but is by no means the oldest of The General's forces oldest member. 10 years before the show's story begins, a unit of Bloody Axes under Scar's command was responsible for the tragic death of the Eon family, including Eon himself. Naturally, the family steward Charlie and Eon's son Marty would survive this event.

---

Eonkid: Scar!

Me: I read about him.

Scar (Eonkid): You will pay for everything you did to me!

Rice: Not if we have anything to say about it!

Eli: Take this!

Eli fired a blast of Force Lightning and short circuited Scar.

Me and Eonkid then fired blasts of energy and blew off Scars arms and legs and then Rice blasted Scar and blew him apart in a massive fiery explosion!

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Scar was destroyed and obliterated and Super Hakaied.

Me: That takes care of him.

Eli: Yep.

Eonkid: Wow! That was awesome!

Me: He sure was an easy one.

Eonkid. Wait. I have a feeling that Scar brought backup just in case.

Out came a Marowak. But with a shadowy aura!

Me: He has a Dark Marowak!

Eli: I got this one!

Eli fired a beam of light and freed it and then Eli threw a Pokeball and caught it.

Eonkid: Awesome!

We later went back home and we told everyone about it and it was awesome.

Nico: Awesome!

May: Who should come with you next time?

Rice: Eli agreed to go with me the entire time it's my turn on the Ambassador Missions. But also I decided to have Sean and Stacy go with me next.

Nico: Good choices.

Me: Yep and this was an awesome Ambassador mission. I'm happy to report that Rice did really well on her first Ambassador Mission.

Nico: I'm proud of you Rice.

---

Later it was time for a barbecue we were having at the park and it was for an awesome fundraiser we're having.

Misty Tredwell: This.. is a lot of food!

Nico: Yep. It's for a special fundraiser barbecue we're having.

Me: It's for everyone all over the city. Our goal is to raise enough money to build a massive home for the homeless.

Permafrost: That's an awesome idea.

Carly Atlas: It sure is. Who thought this up?

Nico: Well it was actually J.D.'s idea.

Me: Yep.

Nico: But this is gonna be awesome.

Vypra: I hope you all made enough for everyone and Nico congratulations on your promotion to full time leader.

Nico: Thanks Vypra. It's gonna be awesome and don't worry we have more than enough for everyone.

Sly Cooper: You guys don't mind if I get for myself, do you?

Nico: Not at all Sly. We made plenty for everyone including us.

Sly Cooper: Thanks Nico.

We gave lots and lots of meat, steaks, chickens, ham, burgers, sloppy joes, pulled pork sandwiches, sausages, little smokey sausages, drumsticks, beans, coleslaw, salads and more for everyone and we even had banana pudding and cake for dessert. We also had cookies and cream cake and even mint chip cake and ice cream. The money was pouring in and it wasn't stopping. Even the firemen, police, government and social workers were loving it.

Drag Strip: (to the mascots) You guys can get some as well.

Poromon: It's all delicious.

Poliwag: It sure is awesome.

Ninetales: Yep.

There was lots of good food that was being served and it was all delicious.

Hound: Looks like the homeless are gonna be very happy!

Nico: They sure are. We raised more than enough to build 20 big apartment buildings for them.

Eli: If Flip were here he would take all this money for himself.

Laney: That cheapskate sure would.

Lynn Sr.: Yeah he would.

Lana then saw something.

Lana: Uh oh. (Whispers to Jade) Jade, Vengeance Express kids over there.

By the slide she saw the Vengeance Express Kevin, Nazz, Rolf and Jonny looking for the Ed's.

Jade Kubaos: Oh boy. Ed, Double D, Eddy, hide. I got this.

Jade reached into Ed's pocket.

Jade Kubaos: Sorry about this Ed.

She pulled out a really disgusting old stinky lunchbag.

Eli: What is that Ed?

Ed: That's my lunch from school 3 years ago.

YUCK!

Jade Kubaos: Watch this.

Jade used her stealth and ninja skills and then she went up behind Kevin 2 and then.

KRASPLAT!

She hit him on the head with it and got him really filthy and ran back to the group after pinning a note on him.

We laughed at them.

We later went back to the estate.

Inque: That was a good meal!

Nico: Boy it sure was. And it was an awesome fundraiser too.

Eli: It sure was.

Me: Yep and we had a good lunch out of it too.

Eddy: Yep it sure was. Did you have a good meal Luan?

Luan: Boy I sure did Eddy and it really Meats my expectations! (Laughs)

We laughed at Luan's joke.

Me: (Laughs) Good one!

Nico: (Laughs) That was a good one! Now we can get ready for our next mission and it's a rescue in the Moonland of Naroom.

Edyn: Wow a rescue in my own home land.

Nico: Yep and this is gonna be awesome.

Then Vexen, Loki, Crimson Dynamo, Captain Boomerang, Plastique, Ice Demon, Stratos, Mortal Kombat Scorpion, Count Nocturn, and Lythos appeared.

Captain Boomeramg: (Australian Accent) Can me, Vexen, Loki, Crimson Dynamo, Plastique, Ice Demon, Stratos, Mortal Kombat Scorpion, Count Nocturn, and Lythos go with you guys?

Nico: You all sure can.

Lythos: Man that was a delicious barbecue.

Vexen: Boy it sure was. I'm not going to eat anything more for the rest of the day.

Plastique: Me neither. I'm stuffed.

Me: Glad you guys liked it.

Nico: Yep.

MK Scorpion: Also Jade that was really awesome nailing Kevin 2 on the head like that.

Jade Kubaos: Thanks Scorpion.

MK Scorpion: How did you learn how to be so stealthy and acrobatic like that?

Jade Kubaos: I come from a family of ninjas from Japan. We learned all about stealth, speed, agility and how to be one with the shadows.

Loki: Awesome!

Nico: I hope he likes smelling like Ed's filth for a while.

We laughed.

Nico: That was funny. Anyway lets head out. We're heading to the Moonland of Naroom, and I got word that an old friend of Eli and Nunnally is there, but we also got some bad news. Lincoln, would you tell them?

Lincoln: On it, Nico. Alright, I found out from my meditation that this old friend of Eli and Nunnally is being held captive by Yami Marik, who's come back from the dead yet again.

We gasped in shock and horror.

Me: What? Yami Marik's come back yet again, but didn't you destroy him during your rescue, Lincoln, when that psychotic bastard also broke out Josee and Jacques from prison?

Lincoln: I did, J.D. You guys saw that I covered the massive blade of my sword in my poisonous blood and when I drove it right into his black heart, his body was destroyed, along with his spirit. I thought it was good riddance to that bastard, but he refuses to even stay dead, and he doesn't even know when to quit.

Nico: No, he doesn't, Lincoln. That pain in the neck's pissed us off for the last time, this time, he's staying gone for good.

Yugi: You know what this means, right, Nico?

Nico: Oh yeah, we'll have to use the Black Gate Sealing Art technique on Yami Marik after we've weakened him.

Marik Ishtar: And I just checked this morning, and The Millennium Rod is still here in the vault, so how did Yami Marik come back from the dead again?

Lincoln: I found out that a Dark Orb has brought him back from the dead and it's embedded in the back of his hand, so we're going to need to rip it out of the back of his hand. And Danny, we'll need to make sure that Yami Marik doesn't see you when you go intangible to free Eli and Nunnally's old friend.

Danny Phantom: Why's that?

Nico: Yami Marik may not have The Millennium Rod in his hands, but he still has his dark powers from The Shadow Realm, so he can also detect the presence of spirits.

Mr. Wolf: Nico, what can you tell all those who hadn't joined us about Yami Marik? From what Lincoln just said, it sounds like you have a nasty history with him.

Nico: You won't like what I'm going to tell you about him, Mr. Wolf, and you're right, we have a bit of a nasty history with him.

Nico proceeded to tell those who hadn't joined us about Yami Marik, and they weren't going to like it.

Dark Marik was awakened out of Marik's hatred and anger at the pharaoh for having to be his tomb keeper, along with Card Majin's spirit in the Millennium Rod. He took over Marik's body and imprisoned his father in the Shadow Realm, but was contained by Rishid. Dark Marik did murder his father (although this was changed so that he sent his father to the Shadow Realm in the 4Kids version). He almost did the same thing to Ishizu but was stopped by Rishid.

## Battle City

When Rishid was knocked out by the Winged Divine Dragon of Ra, Dark Marik was able to reawaken within Marik as he had no protection, and as such took over his body, and trapped him inside of his own mind. He then proceeded to duel in his true self's place in the tournament.

Dark Marik's duels were all twisted Hell Duels. In the quarterfinals, he dueled Mai Kujaku in Hell, in which whenever a duelist lost a monster (to an attack by their enemy), someone would be erased from their memories. Unlike Mai, Dark Marik did not mind that at all, as there was no one in his mind worth remembering. He lost the memory of Pantomimer and Pandora the Conjurer during the duel. Mai managed to steal and summon the Winged Divine Dragon of Ra, the most powerful of the three Egyptian God Cards. But she was unable to control it, so she was defeated and trapped in Hell.

In the manga, the duel was even more disturbing as each contestant felt the pain that was caused by their loss of monsters and direct attacks as if they were real, along with illusions of blood and decapitation, and Mai was trapped in her mind, where she would ultimately die if Dark Marik was not defeated within 24 hours.

Later that night, Yami Bakura dueled Dark Marik on the request of Marik's spirit who wanted to regain his body. The two evil spirits dueled in Hell, in which whenever a player lost life points, their body would vanish. Dark Marik won and Dark Bakura was trapped in Hell (though a shard of him resided in Yugi's Millennium Puzzle).

## Enter the Shadow Realm

The tournament was interrupted when Noa Kaiba made the blimp land at a station where his virtual world was located in. After Noah set the virtual world to explode, Dark Marik destroyed the control center so it could not be stopped.

Battle City continued from here, and a four-way duel between Yugi, Seto Kaiba, Katsuya Jonouchi, and Dark Marik was held to decide who would face each other in the semifinals. Dark Marik and Jonouchi both lost (as Jonouchi intended), so they dueled in the first round of the semifinals. Dark Marik took their duel to Hell, in which players would lose life energy as their monsters were destroyed. (In the manga, the contestant once again felt the pain of their monsters, just like any time Dark Marik would launch a Hell game.) Jonouchi held his own against Marik and resisted the Winged Divine Dragon of Ra's attack which should have reduced him to dust. Just as he was about to win, Jonouchi collapsed from exhaustion, and Dark Marik won by default. However, Jonouchi's soul did not go to Hell (because he survived and only fell into a coma).

Dark Marik dueled Dark Yugi in the final round, in which both Marik and Yugi, their original selves, would disappear whenever they lost life points (either to be destroyed or trapped in Hell, following the manga or the anime).

Eventually, Dark Marik's Winged Divine Dragon of Ra was destroyed, and Marik and Dark Marik were switched around, which made Dark Marik the victim. No longer evil, Marik decided to forfeit the match, so that the pharaoh could fulfill his destiny. Dark Marik unsuccessfully tried to convince him not to, and as Marik surrendered the duel, Dark Marik was destroyed and Mai, Bakura, and Dark Bakura were released from Hell.

Waking the Dragons

An apparition of Dark Marik appeared as a lost soul alongside Bandit Keith, Pandora the Conjurer, the Rare Hunter, the Paradox Brothers, and the Player Killer of Darkness as Atem was trying to get to Yugi, whose soul was taken by the Orichalcos. It was unlikely that this was him (as opposed to some sort of illusion), however, as neither the Paradox Brothers nor Keith were in Hell or taken by the Orichalcos. He also appears in one of Mai's nightmares, where he is shown to trap her in an hourglass.

When Nico was done, those who hadn't joined us were horrified at Yami Marik's sadistic dark deeds.

Mr. Wolf: Oh man, that guy is a total lunatic and a remorseless and sadistic monster.

Me: Yep, and we've dealt with him more than once, and this is going to be the last time we deal with him.

Nico: You said it, J.D. We've had it up to hear with that fucking lunatic, this time, he's going to stay gone for good.

Lincoln: That sadist wants nothing more than to make others suffer for his own amusement, and I thought we were rid of him when I killed him with my poisonous blood. Well, this will be the last time we deal with him.

Luna: You said it, dude. That guy is a total monster.

Sam S. Loud: Oh, he's getting the same punishment as Ultrom Shredder, once we get done roughing him up.

Nico: My thoughts exactly, Sam.

Lythos: Oh, he's a dead man.

Nico: You got that right, alright, everyone, let's go. (Eyes glowing red) Yami Marik, your days are numbered when we catch you.

We head off to Naroom in the Moonlands.

---

MOONLANDS - NAROOM

---

We arrived in the forests of Naroom and it was beautiful.

Nico: Wow back in Naroom.

Threatpack: You happy to be home, Edyn?

Edyn: I sure am. I missed this place ever since I joined the team.

Nico: That's all right.

Me: But I wonder where your friend is Eli.

Eli: Good question.

Loki: (to Rice) I hope you meet Marty's friends next time.

Rice: I have a feeling I will. Marty is an awesome guy and he did so much awesome good for his world.

Me: He sure did. But his world really went to hell.

Loki: That's terrible.

Nico: It was.

Laney: But we'll gladly help him out on February 28th.

Birdbrain: I think we should also be concerned with the fact that the General and his goons are using f*** Shadow Pokemon!

Nico: I know. But we dealt with Shadow Pokemon before and helped them out and freed them.

Eli: That's true.

Edyn: Wow. Now let me introduce you all to my master and Elder Orwin.

Nico: Sure.

We went to a house and Edyn knocked on the door and out came Orwin.

Orwin: Edyn, Tony and Strag it's great to see you all again. And Team Loud Phoenix Storm it's an honor.

Me: Awesome to meet you too Orwin.

Count Nocturn: Sorry we didn't meet you the first time we were here.

Orwin: It's all right but we are forever indebted to you all for destroying Agram.

Nico: It was actually Garrett here that destroyed him for good the second time he came back after we destroyed him.

Garrett: It was the least I can do.

Orwin: But you all helped us and we are forever grateful.

Nico: Think nothing of it.

Orwin: I'm glad you all are here. Come inside. I have some things we need to talk about.

We went inside.

Slugslinger: But yeah. Agram's gone for good thanks to us.

Gabriel: But not before he sent his goons to fucking break into my house!

Me: But we made sure they were stopped.

Nico: But that's not the worst part. One of his minions was part of Team Dark Phoenix Storm.

Orwin: Yes Edyn told me about that during Lincoln's vacation. It was Chur.

Me: That's right. He is from Kybar's Teeth.

Nico: Yeah.

Plastique: (making sure Kaz wasn't looking) Kendra, are you developing feelings for Kaz?

Kendra: (Blushes) Yes I am. I hope I can get the courage to tell him how I feel.

Plastique: You will Kendra. I am not a matchmaker but I think you and Kaz are perfect.

Kendra: Thanks.

Dreadwind: (making sure Kendra wasn't looking) Kaz, are you developing feelings for Kendra?

Kaz: (Blushes) I sure am Dreadwind but I don't know how to tell her.

Dreadwind: You can tell her when the time comes and I'm sure it will present itself.

Kaz: Thanks Dreadwind.

Vexen: Orwin, have you seen any girls around here before we arrived?

Nico: I was just about to ask that Vexen. We think it's an old friend of Eli and Nunnally here.

Orwin: Yes I have actually. I saw a girl that was dressed in black and she had really amazing green hair and she had yellow eyes.

Eli: (Thinking) Green hair and yellow eyes. (Gasp) Did she have this symbol that looked like a trident with 2 prongs that were bent?

Orwin: Yes that's right. It was on her shirt.

Eli gasped.

Eli: That's C.C.!

Breakdown: You know her, Eli?

Eli: I sure do and I love her like a sister.

J.D. 3: She is known as the Immortal Witch and is also a member of The Order of The Black Knights.

Me: What do you and Eli know about her?

J.D. 3: She has lived for over 500 to 600 years.

Everyone: Wow!

Nico: That's incredible! She's immortal.

J.D. 3: It's how she got the nickname the Immortal Witch.

J.D. 3 told us about her.

'C.C.' (シー・ツー Shī Tsū), pronounced "C2", is the tritagonist of Code Geass: Lelouch of the Rebellion. Her Japanese voice actress is Yukana while she is voiced by Kate Higgins in the English dub. C.C. is not her real name; she involuntarily reveals her real name to Lelouch in her sleep, but it is muted so the viewers cannot hear it.

In the 29th Anime Grand Prix, she was awarded 3rd place. She was chosen as the most popular female character of 2007 and 2008 at Animage magazine's annual Anime Grand Prix.

C.C. makes her first appearance at the beginning of the first episode of the series, watching a ten-year-old Lelouch and a ten-year-old Suzaku observing the Britannian Military as they enter Japan.

C.C. is introduced when Nagata opens the capsule that supposedly contains poison. Suzaku quickly puts his own gas mask on Lelouch's face, but to their surprise, a restrained green-haired woman, C.C., emerges out of the capsule. Before they can get answers, Suzaku's superiors come and tell him not to question his briefing, and to shoot the "terrorist", Lelouch. When he refuses, he is promptly shot in the back. Lelouch and C.C. take the opportunity to escape. Just as they seem to have evaded detection, Lelouch's phone rings, giving him away. As they're about to kill him, C.C. jumps in front and is shot in the forehead. A desperate Lelouch now thinks of his impending death. He is grabbed by the hand by C.C., who proposes a contract that would allow him to live and endow him with Geass, the power of kings. She then supposedly dies.

She unexpectedly reappears in the fifth episode, casually folding origami with Nunnally. From this point on she passively oversees Lelouch's missions as Zero, wanting to keep him alive so he can fulfill his contract.

Unknown to Lelouch, Cornelia sets a trap for Zero at the Saitama Ghetto by simulating the conditions in Shinjuku Ghetto. Despite C.C.'s warnings, Lelouch takes the bait and goes to the aid of the Saitama resistance. In order to save Lelouch, C.C. dons his Zero costume and distracts the Britannian Army, allowing him to escape. Lelouch blames his defeat on the undisciplined rebels and tells her that he will resolve to build something far better than a mere resistance unit, first an army, then "people," and finally a nation.

C.C. was called to Clovisland by Mao, at first she was stopped by Lelouch. She tells him that she will go back to Mao. Lelouch asks if she is betraying him, which C.C. responds that she was never his friend, just a collaborator. He continues saying that she knows about him too much. He commands C.C. to stay by his side and not leave by using his Geass power but it fails due to C.C.'s immortality and code. She promises him that she will not reveal anything about his identity and tells Lelouch that when she's gone, all his obstacles will disappear too.

Not wanting to let her leave, Lelouch goes to Clovisland and uses a recording to distract and make Mao fired up when he hears that C.C. is Lelouch's partner. Lelouch uses his Geass power on the police to shoot Mao, allowing Lelouch to rescue her. After she is out of harm's way he then makes a contract with C.C., promising he will grant both his own and C.C.'s wishes to fulfill the contract that Mao failed to. C.C. gladly accepts this through a handshake.

When C.C.'s existence is revealed to the Black Knights, she gains considerable unofficial standing, as she is seen by other members to be one of Zero's closest advisers. However, her willful attitude and lack of an official posting annoy some veteran members and cause confusion as to her role within the Black Knights. At one point, Tamaki goes so far as to falsely accuse her of being Zero's mistress. When the Black Knights gain possession of the Knightmare Frame Gawain, she becomes its pilot while Lelouch operates the weapons.

In the season finale, she uses the Gawain to battle Jeremiah Gottwald's Siegfried so Lelouch can save his sister. She then kisses Lelouch to his surprise before bringing him to safety. After Lelouch is out of harm's way, she is seen dragging both Jeremiah and herself to the ocean floor to end the battle while narrating that the spark of Lelouch's actions was the core of human motivation: the desire for just a small amount of happiness. According to Yukana in a conference memo, C.C. was crushed by the water pressure, but managed to come to the surface; it is stated that it was too gruesome to show on TV.

At the start of the second season, C.C. appears to be commanding the Black Knights. She along with Kallen, Urabe, and the remaining

Black Knights initiate an operation to unlock Zero's memory that was sealed away by the Emperor of Britannia. Despite the Intelligence Agency having followed Lelouch in anticipation of that exact outcome, she is successful in restoring his memories through an unexpected kiss. She takes up her old position following this.

She is revealed to have formerly led the Geass Directorate, a secret organization that studies and produces Geass users. V.V. succeeded C.C. as the leader and relocated the headquarters to somewhere in the Chinese Federation. Lelouch leaves her to find its exact location down while he returns to Japan. After pinpointing the location of the Geass Directorate, Lelouch orders C.C. to lead the attack against it. She also reluctantly kills V.V.'s direct subordinates when they attempt to escape by bullet train in order to bury the existence of Geass.

Her past is revealed to Lelouch after he is transported to the Sword of Akasha to face the Emperor. She also reveals that he would have become immortal had he been able to take her code, rendering her mortal and thus granting her wish, which is to die and spares him by offering her life to the Emperor. Lelouch refuses to let her die unhappy and rescues her, telling his father that he would not let him take her away from him. Afterwards, she regains the will to pursue the life she wishes, thus C.C. decided to bet her hopes on sealing away her own Code, losing her memories of Geass and reverts to her personality as it was before she came under the contract that ultimately bestowed immortality upon her.

Following her memory loss, C.C. remains in Lelouch's quarters, believing him to be her master. When Lelouch's identity is revealed to the Black Knights and Rolo is forced to take him to safety, leaving C.C. behind. Marianne, possessing Anya Alstreim's body, locates C.C. and awakens her memories. The two then leave for Kamine Island, rescuing Suzaku along the way. Marianne enters the Sword of Akasha, while C.C. stays behind to speak with Suzaku. She reveals that Suzaku and herself are similar, as both have a death wish they cannot fulfill. Suzaku denies this and has C.C. take them to the Sword of Akasha, allowing the Emperor to begin Ragnarok. When Lelouch turns the tables and the collective unconsciousness of the human race destroys Charles and Marianne, C.C. is spared because she had long turned against their plan.

She is aware of Lelouch's plan after becoming the Emperor and is shocked to learn that Nunnally is alive. C.C. later comforts Lelouch when he is troubled about what to do about Nunnally. Later she is seen rendezvous with Lelouch, but their conversation is soon interrupted by Kallen. Kallen attacks the Avalon with the Guren almost successfully killing Lelouch before C.C. intervenes in her Lancelot. She engages in battle against Kallen who asks her if she loves Lelouch; she responds by saying that she does not know before Kallen quickly defeats her. She ejects to safety, surprised that she even cares about winning or losing. During Lelouch's planned assassination, she prays for him at a church, shedding a single tear while commenting on the price he's paying for using Geass on others.

During the epilogue, C.C. is seen traveling the countryside in the back of a cart with Cheese-kun and the origami she and Nunnally made. She talks about how the Geass is supposed to bring loneliness, yet Lelouch proved this wrong. Knowing that Lelouch did not hate her for giving him the Geass, she is now able to show her true feelings, and with the realization of "Zero Requiem", her time with Lelouch, who was able to forgive and accept her, came to an end, but the memories created with him has, without doubt, saved her from eternal loneliness. The final shot is one of a pink paper crane, representing the wish for a gentle world, Zero Requiem, offering comfort to C.C.

During the remade epilogue from 2009 C.C. directly addresses the viewer, saying that she mourns Lelouch's death but that knowing he died with a smile because he achieved his goals with the Zero Requiem comforts her.

When he was done we were shocked!

Nico: Whoa! That is brutal!

Eli: And I was there when it all happened.

Nunnally: I can never forgive my brother for what he did during all that time.

Laney: Boy that is terrible.

Me: Oh man. This is gonna be brutal.

Nico: Since your Immortal Caveman Self and Eli have lots of experiences with Lelouch and C.C., I'll let you and Eli lead the team when the time comes for all of us to face him.

Me: Thanks Commander.

Eli: Yep.

Ice Demon: But from what we just heard, Lelouch does have his soft side.

Nico: You're right about that. That's why he's just going to prison for all who suffered because of him.

Me: I was hoping we would kill him but since Eli and my immortal caveman self killed him before, prison is good too.

J.D. 3: Actually he killed himself. But that is a good call.

Me: Oh I stand corrected. Eli can you tell us about everything that happened?

Eli: I sure can. It started with Lelouch making his announcement.

---

It was a normal day as Eli and Eugene were watching something on TV with the Loud siblings until the screen was changing into something.

Eli: What the?

Zero: (Appearing on the TV.) I am… Zero!

Eli: *Gasp!*

Eugene Hendricks: Who the hell is he!?

James: Uh oh.

Zero: *Broadcasting* People of Japan I have returned!

Eli: *Horrified* It… can't… be.

Lincoln: You okay Eli you look like you seen a ghost?

James: What is it Eli?

Eugene Hendricks: You alright there Eli? Could you tell me who he is?

Eli: He's someone I was hoping to never see again!

Zero: *Broadcasting* Hear me Britannia! All you who have power, head my words carefully. I am burdened by sorrow. War and discrimination, malicious deeds carried out by the strong. The same abhorrent interplay between tragedy and comedy. The world has not changed. The people still suffer. That is why the resurrection of Zero was necessary. So long as the strong oppress the weak my rebellion will continue to grow. It begins today with the divine punishment I have wrought upon the inept and foolish Viceroy Calares…

James: What is he up to?

Eugene Hendricks: (Starts to get worried) This is bad…

Lori: *On her phone* Bobby are you getting this too?

Bobby: (On the phone) I sure am babe!

Bobby and his family were seeing this on their TV.

Zero: *Broadcasting* I shall fight against all those who abuse their power. Therefore, once again, here and now, I declare the establishment of the United States of Japan…

James: WHAT!?

Lincoln: Clyde are you seeing this too?

Clyde: I sure am buddy. All of us are.

Zero: *broadcasting* Starting from this moment, this room shall be the first dominion of the U.S.J…

Carol: This is madness!

Zero: *broadcasting* Race, ideology, and religion will not matter. Being a citizen will have but one requirement: to do that which is just.

James: That's horseshit!

Eli: *Gearing up.* Time I set things right for all the mistakes that happen in the past.

James: What are you gonna do Eli?

Eli: Finally go back to Japan.

James: We're coming with you Eli.

Eli brings out White Base.

James: A ship?

Eugene Hendricks: (Looks outside and surprised) Oh my god… that looks badass, I'm impressed there Eli.

Eli: This ship is called White base.

Eugene Hendricks: (Confused) White base?

Eli: Yep it's the ship that was use in the one year war.

Lincoln: Back when it was Amuro Ray piloting the first Gundam before you?

Eli: Yep.

Lynn Sr.: I thought it was destroyed in the One Year War?

Eli: Until I found out they rebuild it.

Luna: So you have it now?

Eli: Yep and it's gonna take us to Japan to stop Zero.

James: Nice! We better gear up ourselves.

Eugene Hendricks: Let's go then.

Everyone gets in white base as they all head off to Japan.

James: We're coming for you Zero.

Eugene: Wait, Eli Do you have any idea who's behind the mask?

Eli: He is the former prince of the holy Britannia's empire Lelouch Vi Britannia.

James: Really? What is the story behind this guy?

Eugene Hendricks: Who's Lelouch anyway?

Eli: You see His objective is to find his mother's killer and to create a world where his little sister Nunnally can find happiness.

Eli told everyone all about his history.

**Lelouch vi Britannia** is the main protagonist of the anime series *Code Geass: Lelouch of the Rebellion* .

He is the son of the Britannian Emperor Charles zi Britanniaand Marianne vi Britannia, and the brother of Nunnally vi Britannia. After being exiled to Japan by his parents to cover up their own plans for global conquest, and embracing Japan as his true home, Lelouch is traumatized after witnessing Britannia's conquest of the country and vows to destroy them. After gaining the power of Geass, the power to compel people, from the mysterious C.C, Lelouch becomes the vigilante Zero and leader of the Black Knights, the Japanese resistance, to overthrow Britannia and create a better world for his sister and friends.

Despite his intentions Lelouch faces many moral challenges that gradually turns him into a villainous character, manipulating his own army and committing mass murder of Britannians and Japanese alike, to achieve his goal. However Lelouch still values the lives of his closest loved ones, even his best friend Suzaku Kururugi who becomes an honorary Britannian and Lelouch's archenemy, and their happiness is his primary motivation for overthrowing Britannia.

In the Japanese version of the anime, he is voiced by Jun Fukuyama, who also voiced Gilles De L'Enfer, Grell Sutcliff and Toneri Ōtsutsuki. In the English dubbed version of the anime, he is voiced by Johnny Yong Bosch, who also voiced Nine in *My Hero Academia: Heroes Rising* . He also voiced Sasori in *Naruto* .

First Season

Lelouch makes his first appearance in the beginning of the first episode of the series, as a child, along with Suzaku Kururugi watching the Britannian Military entering Japan, with the figure of C.C. apparently watching them. After the invasion of Japan, Lelouch vows to obliterate Britannia. He is later introduced to be a student of Ashford Academy where he is a member of its Student Council. He is a brilliant thinker who is quite talented at chess, he lives with his younger sister, Nunnally, and their maid, Sayoko, in the Student Council building of Ashford Academy, where they are looked after by the Ashford Family.

Lelouch and his friend Rivalz enter a room where a chess match was being played, with Lelouch claiming he can turn the situation on the chess table in under 9 minutes. He starts his game by moving the King. He effortlessly crushes him in a short period of time (8 minutes, 40 seconds), while the noble gapes at his own defeat. Rivalz compliments Lelouch on his victory, and is happy that the ego of the nobles will force them to pay, which he notes also make them loose. As they walk out of the casino, they are interrupted by Clovis' "heart-breaking" speech which turns out to be an act. On the road, Rivalz accidentally cuts the way of the terrorists, resulting in their vehicle's crash. People gather, but to Lelouch's disgust, they are more interested in placing the blame and gawking over the incident than helping, prompting him to go and assess the situation. As he inspects the crash, he hears a voice, but is then thrown in the back of the truck, as Nagata, one of the hijackers, puts it in reverse for an attempted getaway. However, Lelouch is soon swept into the conflict between the Holy Britannian Empire and the pockets of resistance which oppose it when he accidentally boards a truck being used by Japanese Resistance operatives. To Lelouch's horror, he realizes that he is trapped in a terrorist getaway. Suzaku, who Lelouch had not met for seven years, finds the vehicle and confronts Lelouch, who he mistakes as a terrorist. Nagata opens the capsule, to which Suzaku quickly puts his own gas mask on Lelouch's face. The capsule opens, instead of gas, as Suzaku expected, a restrained C.C. appears. Before they can get answers, Suzaku's superiors comes and tells him not to question his briefing, and to shoot the "terrorist", Lelouch. When he refuses, he is promptly shot in the back. Lelouch and C.C. takes the opportunity to escape. Just as they seem to have evaded detection, Lelouch's phone rings, giving him away. As they are about to kill him, C.C. jumps in front and is shot in the forehead. A desperate Lelouch now thinks of his impending death, his last thought being of Nunnally. He is grabbed by the hand by C.C., who proposes a contract which would allow him to live and endow him with Geass, the power of kings. He accepts, and stands up reinvigorated, and uses his power to make his pursuers kill themselves. He then retroactively contemplates this moment, noting his life is a lie, but that he accepts it as long as he has the power from it.

Following his actions, Villetta Nu appears in her Sutherland and Lelouch decides to take it and uses his Geass on her as well. After making use of his new-found power, he attempts to crush the rest of the Britannian Military that are wiping out the Elevens in the Shinjuku Ghetto. He uses Ohgi's Resistance Group and gives them orders in eliminating the Britannian Soldiers. He initially gains the upper hand, forcing Viceroy Clovis la Britannia to allow the release of an experimental Knightmare Frame by the Special Envoys, named the Lancelot, which is piloted by Suzaku Kururugi. Suzaku defeats most of the rebel's forces and eventually finds Lelouch's Sutherland inside of a building. Unable to defend himself against Suzaku's attacks, Kallen appears in her Glasgow to buy him enough time to escape, stating that she is returning the favour for helping her. Just as the Britannian Army corners the terrorists, Clovis orders an immediate cease-fire under coercion by Lelouch. Lelouch confronts Clovis at gunpoint about the murder of his mother, Marianne vi Britannia, before killing him.

When he returns to Ashford Academy, he discovers that Kallen Stadtfeld, one of the terrorists he helped in Shinjuku Ghetto, attends the same school. The limitations to his power are also revealed to him when he attempts to question her and unsuccessfully erase her memory. Both him and Kallen attempt to gain information from each other, but he creates a cunning deception, through Sayoko, to ease her suspicions of his identity. When the death of Prince Clovis is announced in the media, it is Suzaku who is accused of the murder.

After finding out Suzaku is being accused of murdering Clovis, he assumes the mantle of Zero and reveals himself, in a disguise, to Ohgi's Resistance Group. He convinces them that he will show his power by rescuing Kururugi. During the scheduled public run of Suzaku heading to the courts, Zero appears on top of Clovis' royal transport that was made by Kallen and Ohgi. Debuting to the whole entire whole as Zero, he reveals the capsule that supposedly held poison gas. In exchange for the capsule he wanted Kururugi, but Jeremiah remains steadfast stating that he can not give him up as he murdered Clovis. Lelouch refutes stating that he was the one who killed Clovis. Knowing that Jeremiah would not cooperate, he uses the codeword "Orange" to instill doubt in the Purist Faction and Britannian Military as some sort of bribe or plan in cooperating with Zero. Using this to his advantage, he uses his Geass on Jeremiah to allow them to escape.

To Lelouch's surprise, C.C., the girl who gave him Geass, shows up alive in his residence. He discovers that she is immortal and learns more about his Geass ability.

Arthur, a stray cat slips into the Lamperouge residence on campus and takes off with Lelouch's Zero mask. Milly announced that the one who would catch the cat would get a kiss from any member of the Student Council. A massive, comedic chase throughout the school grounds involving the entire student body follows. Suzaku and Lelouch were the ones that got the cat and got a kiss on the cheek from Nunnally. The student council adopts Arthur and builds a cat house in the council room. Lelouch along with the rest of the student body watches Prince Clovis' funeral on live. During the funeral, the Emperor of Britannia, his father, makes a speech on the virtues of inequality and the social battle for evolution and betterment while Lelouch shows an expression of dislikeness.

Unknown to Lelouch, Cornelia had set a trap for Zero at the Saitama Ghetto by simulating the conditions in Shinjuku Ghetto. Despite C.C.'s warnings, Lelouch takes the bait and goes to the aid of the Saitama resistance. His plan falls apart from a combination of Cornelia's superior tactics and the resistance cell's dissimilar motivations. Lelouch is cornered and nearly discovered, but C.C. dons his Zero costume and distracts the Britannian Army, allowing him to escape. Lelouch blames his defeat on the undisciplined rebels and resolves to build something better than a mere resistance unit, first an army, then "people," and finally a nation.

He later forms The Order of the Black Knights during the Japanese Liberation Front Hotel Incident after rescuing the hostages. He leads the Black Knights becoming a revolutionary and gains popular support amongst the Elevens.

The turning point in his rebellion comes when Euphemia li Britannia declares the region under Mt. Fuji, the Special Administrative Zone of Japan, giving the Japanese people their name and country back, albeit in a much smaller area. This effectively destroys any possibility of the Black Knights' rebellion; acceptance would render them powerless and refusal would make them pariahs. Lelouch confronts her at the opening ceremony and tries to have her shoot him, hoping to make himself a martyr. When she says she plans to give up her title, he surrenders and agrees to work with her. However, at this moment his Geass permanently activates, and an offhand comment about ordering her to kill the Japanese forces her to do just that. Lelouch is forced to kill Euphemia to end the ensuing massacre, but in doing so becomes a hero of the people. Using this new-found support, Lelouch announces the creation of the United States of Japan and is able to lead an attack on the Tokyo Settlement. The attack goes well at first, but when Lelouch learns that Nunnally was kidnapped, he abandons the battle, leaving his forces helpless against the much better organized Britannian forces.

On his way to rescue Nunnally, he is intercepted by Jeremiah who is piloting the Siegfried, but is able to lose him after an ensuing battle. Lelouch and C.C. make their way to Kamine Island to search for Nunnally, but Jeremiah appears once more. Being unable to defeat him as the Gawain has taken its toll in the many battles it has participated in, C.C. decides to sacrifice herself and drops Lelouch off.

Using the Gawain's slash harkens and damaging the Siegfried's float system, she drags Jeremiah down to the bottom of the ocean. Afterwards, Lelouch is confronted by Suzaku Kururugi. Kallen appears as well and Suzaku reveals to her that Zero's true identity is Lelouch. Lelouch attempts to broker a truce, but Suzaku is distraught over the death of Euphemia and refuses to listen. An angered Lelouch draws his pistol and both Lelouch and Suzaku attempt to shoot one another. A single gunshot is heard as the screen fades to black at the end of the first season.

Second Season

One year later, Lelouch is once again a student at Ashford Academy. He has had his memories rewritten by Charles zi Britannia, revealed to possess a Geass power of his own, erasing his memory of him being a prince, being Zero, and that he has a younger brother named Rolo Lamperouge, instead of a sister.

He is seen running away from Villetta Nu who is revealed to be a teacher now in the first episode. He is able to leave Ashford Academy with Rolo to go gamble at Babel Tower. It is here where Kallen and the remnants of the Black Knights attempt to retrieve Zero. After being cornered by the OSI, C.C. appears. Lelouch's memories are restored by C.C. and he uses his Geass to kill all of them. Afterwards, Urabe and Kallen appear in their respective Knightmares and he resumes leadership of the Black Knights. Initially, Lelouch makes his base in the Chinese Federation's consulate, using his Geass on the High Eunuch stationed there so they will be welcomed. They are eventually forced to abandon it, however.

When Nunnally is appointed as Viceroy of Area 11, and announces her plans to re-establish the Special Administrative Zone of Japan, Lelouch falls into depression since he would be impeding her wishes by continuing his rebellion. He nearly begins taking Refrain before Kallen stops him. With the help of Kallen and his friends at the Ashford Academy, Lelouch realizes that his mission no longer revolves solely around Nunnally, but concerns the rest of his friends and the Japanese people as well.

Lelouch engineers the legal exile of the Black Knights by getting the Britannians to agree to exile Zero in exchange for bringing one million participants for Nunnally's new Japan. By having them all dress as Zero, he forces Suzaku to exile them and The Black Knights escape to the Chinese Federation, where Lelouch begins forging an alliance with the other world powers to create a force that rivals Britannia. He starts by destabilizing the Chinese Federation, returning control to Empress Tianzi from the High Eunuchs.

During his time in Area 11, Shirley is killed by Rolo after her memories are restored by Jeremiah Gottwald, an assassin for the Geass Directorate. Unable to retaliate against either, as they are now his allies, Lelouch instead wipes out the Directorate, in the process learning of C.C.'s wish to die and that the Emperor has become immortal. C.C. would have had Lelouch kill her and take on her immortality, but instead spares him by placing him inside her memories while the Emperor kills her. Lelouch refuses to let her die unhappy and convinces her to live on, but her memories of her life after gaining Geass are erased during their escape.

Once Lelouch's new alliance, the United Federation of Nations, is formed, their first act is to liberate Japan. To insure Nunnally's safety, Lelouch meets with Suzaku in an attempt to convince him to help. Lelouch takes full responsibility for all that he has done rather than admit the truth, but Suzaku agrees to help since he recognized what Lelouch is doing. Prince Schneizel's troops, having been ordered to follow Suzaku, then move in to arrest Lelouch, convincing him that Suzaku sold him out. Lelouch escapes with the help of Guilford, having used his Geass to make Guilford see him as Princess Cornelia, and begins his attack on Tokyo. Rolo and Sayoko are sent in to retrieve Nunnally and Kallen.

The battle initially goes well, but the hostilities are cut short when Suzaku fires Nina's F.L.E.I.J.A. bomb under the influence of the

Geass command Lelouch placed on him. Nunnally is apparently among the dead, which leaves Lelouch heartbroken. This is only made worse when Schneizel appears in order to speak to the core members of the Black Knights. Schneizel is able to convice them to betray Lelouch using recorded evidence from his meeting with Suzaku, revealing his real identity of being Zero and his power of Geass. Kallen meets up with Lelouch to tell him that Ohgi wants him to come to warehouse 9. In the elevator, Kallen expresses to Lelouch her gratitude for Nunnally's help when she was captured.

They then arrive to see that the core members of the Black Knights are betraying him, stating they know his real identity and Geass power. With Lelouch backed into a corner, he reveals his identity and lies that everything he has done was for his entertainment in order to save Kallen from dying with him telling her that she needs to live. As they are about to gun Lelouch down, Rolo appears in the Shinkirō to evacuate him, but dies in the attempt as he overuses his Geass. Lelouch comes to terms with his feelings for Rolo and buries him properly, as the little brother of Lelouch Lamperouge.

Following the betrayal of the Black Knights, Lelouch focuses on defeating the Emperor, Lelouch confronts the Emperor in the Sword of Akasha, where he learns the truth about his mother and Charles' plans. He denies their attempt to create a new world and kills both of Charles and Marianne. One month later he installs himself as the 99th Emperor of Britannia and appoints Suzaku as his Knight of Zero.

James: That's insane! I think what he's doing is making a world without free will.

Eli: He was sick to death of a world without changing.

James: This guy is nuts!

Eli: He met a girl name C.C. who give him the power of Geass.

*Flashback.*

James: And he used his powers to destroy their minds and kill themselves!? He's majorly fucked up!

Eugene Hendricks: Just great, how are we going to take him down?

Eli: Let me explain about geass. But first I'll tell you about his mother's death even if it's the work of terrorist that killed his mother and paralyzed his sister's legs he knows someone from the royal family that killed his mother.

James: Do you know who it might be Eli?

Eli: Not yet also he learns he can only use Geass on a person once.

James: And what happens if he uses it more than once?

Eli: Geass is a supernatural ability which certain people can bestow upon others. wiki/C.C. is the most prominent character who grants the power of Geass. Lelouch's Geass manifests itself as "the power of absolute obedience," which allows him to plant commands within a person's mind upon direct eye contact. He is granted this ability through his contract with C.C. at the start of the series. Activation of the Geass is visually represented by the manifestation of a Geass sigil in his left eye. Commands dictated in this state are written into the minds of the designated targets once the sigil projects from his eye to theirs. The ability cannot influence the same individual twice. The more he use his Geass, the more powerful it becomes. Those who cannot control the power are ultimately ravaged and consumed by it.

James: So it will drive him insane. We have to find a way to rendered impervious to his powers.

Eli: Plus he wanted destruction of Britannia and Britannia are like Nazis.

They gasped!

James: So it IS a world without free will that they want. We have to kill these guys.

Eli: It's actually the emperor Charlse Zi Britannia we got to take down, Britannian's Hitler.

James: Terrifying! Another Anti-God monster. Now we have to kill him.

Eli showed them a video of Charles speech in Clovis's funeral users/ outgoing? watch?v=Du2mLuK9edk

James: I will never support their regime! If it's a war they war, then it's a war they will get. Blood and bodies will stain their floors as we destroy them and kill them!

Eli: But we need to find out what his objective is first.

James: I think I already know. World domination.

Eugene Hendricks: So the Emperor is their target?

Eli: Yes and he's also Lelouch and Nunnally's father.

Loud Family: WHAT?!

Eli: But after their mother was murdered he send them to Japan as bargaining tools and abandon them in a war 8 years ago.

Eugene Hendricks: Jeez, Lelouch and Nunnally had their worst father, no wonder why he wanted revenge.

Eli: That's why Lelouch as Zero made a group called the Black Knights.

They were shocked when he told them about what he was doing.

James: I don't fear them. I will kill them!

Eugene Hendricks: So… what's his next move?

Eli: Restoring the Black Knights no doubt.

Eugene Hendricks: Black Knights… are they insurgent organization?

Eli: They're are terrorist who are Japanese want Japan free even if it means working for Zero and I know this because I was a special member of the Black Knight when I use to pilot the RX-78-2 Gundam. before I enter the 13th Gundam fight tournament…

James: Really? I didn't know that.

Lincoln: So you know what makes them work.

Eli: And Tell you the truth the members of the Black Knights when I first met were actually kind to me.

James:Really?

Eli: First There's Ohgi.

James: What is he capable of?

Eli: He was actually a school teacher before Britannian invaded Japan.

James: Whoa!

Eli: And next There's Tamaki. He likes to call himself Uncle Tamaki for me.

James: We can spare him. I sense that he doesn't like these ideals.

Eli: And the ace pilot Kallen who's been like a big sister to me.

James: Wow. She sounds gifted. We'll spare her too.

Eli: And her hair resembles Domon's hair.

James: Wow.

Eli: I learned that she and Domon are cousins cause their moms are sisters.

Lana: Wow!

Lola: That's incredible.

Eli: So she's Kallen Kasshu.

James: Amazing.

Eli: And please spare Ohgi too cause he's a old friend of Kallen's deceased older brother.

James: Okay buddy.

Eli: When I first met them it was like…

*Flashback to after rescuing Suzaku from being accused for Clovis's death where Ohgi, Kallen, Tamaki, Yoshitaka, Naomi, Toru, and Kento were looking at the RX-78-2 Gundam and help them as the cockpit open reviling to be Eli before he turn 10.*

Eli: *Gulp*

Ohgi: Can you tell us your name young one?

Eli: Huh?

Ohgi: I want you to know that you can trust us, I assure you there's no need to worry. We are fighting to free Japan as well and we like to know about you.

Eli: Really?

Naomi: Yes what he saying really is true we want to know how you were able to pilot the Gundam in a very young age so I beg you young gundam pilot won't you please come out?

Gundam put it's hand down in front on them for Eli to get off.

Eli: Gundam… you trust them?

Gundam glowed it's eyes as a "yes" so Eli got off and look at Ohgi and the others giving him welcome smiles.

Tamaki: Hey you're neither Japanese nor Britannian.

Kallen: Say you're right so where are you from?

Eli: America.

Toru: America?

Eli: I'm an American boy who grew up in Japan.

*Flashback ended*

James: Wow. You were shy back then.

Eli: Yeah But Gundam made me trust them.

James: Oh.

Eli: Plus Lelouch is doing this for Nunnally cause not only she's cripple but she's blind as well.

*They gasped.*

Eli: That's why Lelouch has been fighting for Japan and get revenge on their father.

*They gasped.*

Eli: Plus they have older siblings even though they have different moms.

James: Wow.

Eli: First There's Clovis.

James: Yeah?

Eli: He Order his men to slaughter unarmed Japanese civilians at Shinjuku so he's a spoiled tyrant so Lelouch…

He told them about it and them were shocked.

James: What a beast!

Eli: Yeah And There's princess Euphemia Li Britannia And She's actually a good person.

James: She sure is pretty.

Eli: And Like Kallen She was being like a older sister to me too.

James: I see.

Eli: And Like Nunnally she wish the world was a gentler place.

James: I don't blame her.

Eli:She also has a sister name Cornelia. . /codegeass/images/f/ff/ Cornelia_ /revision/latest?cb=20120212170121&format=original

James: Wow.

Eli: Cornelia is a warrior princess but I defeated her with the RX-78-2 Gundam.

James: Whoa!

Lincoln: Amazing!

Eli: And She really care for Euphemia.

Lola: Wow.

Eli: And their older brother Prince Schnitzel.

James: He looks pure evil.

Eli: And Lelouch always wanted to surpass him the most.

Eugene Hendricks: Tell me Eli, why do you quit the Black Knights?

Leni: That's what I wanna know too.

Eli: You see when Lelouch's geass got so strong he couldn't turn it off and…

He told them what happened and them were shocked some more.

James: Whoa!

Eli:Ever since Lelouch's geass power gotten so strong he can't even turn it that he accidentally order his sister Euphemia kill the

Japanese at the special zone then he killed her.

Eugene Hendricks: (Shocked) My god… that's horrible… I… I'm sorry to hear that Eli.

Eli: That's why I quit being a Black Knight member.

Lincoln: No wonder I hear you cry out "Euphie" in your sleep when you're having a nightmare.

James: It's good you did Eli. But you know how they work inside and out. We can use that to our advantage.

Eugene Hendricks: Anyway, let's focus on our plan.

Eli: Look there's s Japan.

James: Yep. Tokyo, Japan. We're almost there.

Eugene Hendricks: Is there anywhere to land?

Eli: The city will do.

They made the landing and they landed in the city.

James: We're here guys!

Eli: I'm finally home.

Lincoln: Bet the people you know really missed you.

Eli: To be honest I missed them too and tell you the truth Japan is my home.

Eugene Hendricks: Hmmm… no signs of the Black Knights…

James: Yep.

Eli: But before we go.

He looks at White Base hatch door.

Eli: You guys can come out now.

*Clyde, Ronnie Anne, Bobby and the Casagrandes came out.*

Clyde McBride: Whoa! Are we in Japan?

Lincoln: Clyde, Ronnie Anne?

Lori: Boo-Boo-Bear?

James: And the Casagrandes and Syd Chang?

Lori: Boo boo bear did you guys sneak in?

Bobby: Of course babe we can't let you guys face Zero and that Britannian emperor all on your own.

Ronnie Anne: And we even already heard he is Lelouch when Eli was explaining it to you guys.

Eli: Well we can use as much allies as we need.

James: Awesome. We need all the help we can get.

Eugene Hendricks: How do we get to contact with them Eli?

Ronnie Anne: Actually we sneak in without you guys looking.

Eugene Hendricks: Alright Ronnie Anne, try not to draw attention.

Eli: Let's start by heading towards Ashford Achadeny.

Eugene Hendricks: Are we going to infiltrate?

Lincoln: Why there?

Eli: Yep also Lelouch goes to that school as a student same for his sister.

*On their way to Ashford academy Eli saw what it turned out from the Black Knight's defeat who were fighting for Japan*

Eli: Did I… really pay the price for quitting the Black Knight by letting Japan fall apart?

James: Wow. Japan has really fallen apart.

Lincoln: Eli this is your chance to set things right.

*As they enter Ashford Academy.*

Milly: Okay everyone let's- *She notice Eli.* Eli?!

Shirley & Reval: Eli?!

Eli: Hey guys.

Milly: Eli is it really you?

Eli: Yeah… it's me.

Milly, Shirley and Reval: ELI! *They hug him.*

Eli: OOF!

James: Friends of yours?

Eli: Yep.

Milly: We were so worried about you ever since you quit the Black Knights.

Shirley: Did Zero's broadcast brought you back?

Eli: Yep so I finally came back to set things right.

Shirley: Are you still gonna save Japan?

Eli: Yep But I'm doing it my way with my Own group.

Reval: And are these your friends?

Lincoln: Yep I'm Lincoln and this is my Loud family.

Leni: Hi there. (Waving her hand)

Lori: I'm Lori.

Leni: I'm Leni.

Luna: I'm Luna.

She introduced her family.

Syd: I'm Syd Chang, Ronnie Anne's best friend.

Milly: Well any friend of Eli is a friend of ours and Eli you had no idea how much Kallen missed you.

Eli: Really?

Milly: Yeah you've been like the little brother she never had.

Eli: Where is she now?

Milly: She's a fugitive now due to being a member of the black knights.

Eli: *Sigh* I see…

?: So you finally return.

*It was Lelouch with a boy named Rolo.*

Eli: Lelouch!

Lelouch: Long time no see Eli. I guess Zero's broadcast got you to come back here.

Eli: Yeah it did and I'm going to set things right for Japan. Oh, I would like you to meet my friends Lelouch.

Lelouch: Okay then.

Lincoln: And I'm Lincoln And this is my family. Rita my mom, Lynn Sr. my dad, and also my 10 sisters, Lori, Leni, Luna, Luan, Lynn, Lucy, Lana, Lola, Lisa and Lily and my baby brother Leopold.

Lelouch: What a big family.

Villetta: Long time no see Eli.

Eli: Miss Villetta?

Villetta: That's right and in case you ask I'm a gym teacher here.

Eli: I see.

Villetta: And if you're still gonna save Japan you still have to defeat the family members of the Holy Britannian empire including the emperor and so far what we got from our records you already defeat

Cornelia with the RX-78-2 Gundam.

James: We'll gladly help him.

Eli: That's great, also I would like to introduce my friends Miss Villetta. The Loud family.

Lynn Loud Sr.: Greetings Miss, my name is Lynn Loud Sr., this is my wife Rita and my 10 daughters, Lori, Leni, Luna, Luan, Lynn Jr., Lucy, Lana, Lola, Lisa and my baby girl Lily and also our only sons Lincoln and Leopold.

Villetta: (Surprised) Oh my, you have many children dear Mr. Loud.

Lynn Sr: Yep.

Villetta: Anyway Eli if you're wondering who's that boy with Lelouch comes with me to lower level of this school only you, James and the Loud family and their friends can come.

James: Thank you. But please call me J.D. it's easier.

Villetta: Very well.

*At the lower level of the school.*

Villetta: As you can see Rolo is an assassin pretending to be Lelouch's little brother in Nunnally's place.

Eli: WHAT?!

Villetta: And the reason why Milly and the others don't remember Nunnally is because their memories have been rewritten by the emperor's geass.

Eli: The emperor has geass too?!

James: Dangerous. We need to find a way to overcome his geass.

Eugene Hendricks: Hold on guys, I don't understand this situation, could you tell me for a bit?

Eli: And Rolo took over Nunnally's place?!

Villetta: Yes after Suzaku captured Lelouch The emperor rewrite his memories even memories of to use him and have Rolo in Nunnally's place to spy on him.

Lori: That's literally despicable!

James: That's really fucked up!

Villetta: But not thanks to C.C., Lelouch no doubt regain his memories.

Eugene Hendricks: Who's the bad guy? Suzaku?

Lincoln: Who's Suzaku?

Eli: Lelouch And Nunnally's childhood friend and the son of the last prime minister, when he was my age during the war he got into a fight with his father about the war until he stab him with a knife, he's been living with that guilt that he ends up joining the military to stop people from dying by piloting the Lancelot. He was very close to Lelouch and Nunnally, but when he met their sister Euphemia he fell in love and become her knight, also Lelouch use geass on him, he order him to live and after Lelouch use his geass on Euphemia by accident and killed her, Suzaku was bent on revenge.

Eugene Hendricks: Damn… I feel sorry about Suzaku that he lose someone he loved.

Eli: Yeah… But he needs to know that revenge won't do anything.

Eugene Hendricks: Do we have to cope with him? Eli:Yeah cause Euphie would never wanted him to be like this.

Villetta: He's now part of the 7 knights of the round.

James: Are they part of the team to take down the Black Knights?

Villetta: Yes they are from Britannia.

Eugene Hendricks: Do you have any plans Eli?

Eli: Well I got Gundams for you and Lincoln.

Lincoln: Really?!

Eli: Yep. *But before Eli show Eugene and Lincoln their gundams, there's a familiar red truck outside Ashford academy.*

Lori: Guys look! *Everyone looks*

James: What is it?

*They came outside and saw the red truck and All of the Loud siblings friends . Ken, Keegan and even Neu Family came out of the trailer.*

Eli: Whoa!

Sam: Looks like we made it.

Darcy: Lisa over here!

Lisa: Darcy?

James: All of our friends are here!

Darcy: We're here to help you guys

Luna: You too Sam?

Sam: Of course I can't let you guys fight Zero or the emperor an your own.

Carol: I agree besides Eli is like a little brother to me, Sam, Teri, Becky and Dana too.

The red truck transformed and turn out to be Optimus Prime.

Optimus: That's why we're all here for you Eli.

Eli: Optimus!

James: Optimus Prime! And all the Autobots then came who are Jazz, Ironhide, Ratchet, Bulkhead, Arcee (Energon), Cliffjumper

(Prime), Bumblebee (Cyberverse), Hound (Henkei) and Drift (G1) arrived.

Eli: Whoa!

Lincoln: The Autobots are here.

Optimus: And besides after Zero's broadcast there's no telling if Megatron and the decepticons get involve in this.

Lincoln Loud: No doubt.

James: I have a feeling they will. But we'll be ready for them and destroy them

?: Then Mind if I join in your group too?

Eli: That voice.

It turns out that Domon Kasshu, the Gundam fighter of Neo Japan has come as well.

Eli: (Big Grin) Domon!

Lincoln: That's Domon Kasshu?! He's so cool!

Lynn Sr: The pilot of the Burning Gundam?

Villetta: (Big Grin) Domon Kasshu here?!

Domon: Grrrr!

Eli: Huh?

Domon: Answer me Eli!

Both Domon and Eli did Domons Battle Cry!

Domon: The School of the Undefeated of the East!

Eli: The winds of Kings!

Domon: Zenshin!

Eli: Keiretsu!

Domon and Eli: Tempa Kyouran! *Their fist collide.* LOOK! THE EAST IS BURNING RED! *

They did an awesome pose!

Domon: Well how have you been Eli?

Eli: After seeing Zero's broadcast I finally come back to set things right.

Domon: In that case welcome home.

Eli: Well it's good to see you too Domon.

Domon: Same here kiddo.

James: Whoa! What power! Domon Kasshu, it's such an honor to meet you.

Domon: You too J.D.

James: Eli now isn't the Only one. *He show his mark of the Queen of Spaces.*

Domon: Just like Chibodee.

James: We're all gonna help him. Divided we're weak, but united we're strong.

Eli: Meet Eugene.

Eugene Hendricks: (Military salute) Greetings, I'm Sergeant Eugene Hendricks, U.S. Army, 4th Airborne Division, please to meet you.

Domon: I'm Domon Kasshu Neo Japan's Gundam fighter and Eli's mentor.

Eugene Hendricks: I've known Eli for a while.

Eli: Meet the Loud family.

Domon Kasshu: Hi everyone.

Lincoln: I'm Lincoln and this is my family.

Domon Kasshu: (Surprised) Oh my god, you got 10 sisters and one baby brother!?

Lincoln: Yep and I'm the middle child.

Domon Kasshu: (Looks to Lynn Sr. and Rita Loud) You two must be the parents right?

Rita:That's right.

Domon Kasshu: Since when do you start having children Mr. and Mrs. Loud?

Lynn Sr:

Long story.

Domon Kasshu: Okay?

Eli: And Here's another big family the Casagranbes.

Domon Kasshu: I… I… uh… I don't know what to say…

Ronnie Anne introduced her family.

Domon Kasshu: (Shocked and speechless)…

Eli: Crazy huh.

Domon: No kidding. So this is everyone?

Eli: Along with their friends.

Domon: I see and I'm not the only one here.

Eugene Hendricks: Let me guess… you have more friends? Eli:Yep.

Suddenly came stomping and it was adult Godzilla Jr.

GODZILLA THEME PLAYS.

Godzila Jr. roared.

Lincoln: He's friends with Godzilla?!

Eugene Hendricks: (Surprised face)

James:Whoa! Is that Godzilla Jr?

Eli: Yep.

Godzilla Jr shoots an atomic breath at the sky as a signal for Eli's friends here in Japan to know Eli has returned.

Villetta: Even the King of the Monsters is here too?!

Lana: AWESOME!

Lynn Jr.: Eli… just too cool dang it! *Feeling jealous.*

James: Whoa! What power! That is so awesome!

Eugene Hendricks: I hope he's our side… (anxious)

Eli: Good to see you again buddy.

Godzilla Jr: It good to have you back Eli. So Eli, who are these people?

Eli: These are my friends.

Godzilla Jr: Oh really? That's good to know. (To Eli's friends) Hello everyone.

The others were shocked!

Lincoln:You can talk?!

James:He can talk!?

Godzilla Jr: Yep when Aerith took him in I noticed his birth mark on his right hand when he was 3 and it's power gave me the ability to talk.

Eugene Hendricks: That's awesome.

James: That is amazing!

Villetta: There's something you should know. The Chinese federation is here in Japan too.

Eli & Domon: Then that means-

Sai Saici: That's right!

Eli: Huh?!

Sai Saici: Hey Eli good day and good day to you too! *As he jump down and pull up Carol's skirt exposing bunny undies then let go and jump off into the trees.*

Carol:Hey don't do that!

Eli:That was Sai Saichi!

Sai Saici:Whoops, my bad.

James: Neo China's Gundam fighter and pilot of the Dragon Gundam?

Eli:Yep.

James: Awesome!

Carol: J.D you peeked when Sai Saici pull up my skirt right?

James: No. I wasn't paying attention.

Lori covered Lincoln's eyes while Clyde gets a nosebleed and he acts like a malfunctioning robot.

Ken Hendricks: (To Clyde) Really Clyde?

Clyde: Sorry.

Carol: Eugene, Ken, Eli you boys peeked right?

Eugene Hendricks: Oh no, no, no, no, I have not, I saw nothing…

Eli: Same here.

Ken Hendricks: Me too, I saw nothing at all, 100%.

Carol: So Eli we're going to fight the emperor and Zero to save Japan?

Eli: Yes Carol. I May not be Japanese but Japan has been home to me since I was 3.

Carol: Well Eli we're with you to the end.

Eugene Hendricks: So what's does the security look like?

Eli: Not sure yet but we'll find out.

Lincoln: This is the stuff of legends, and epic struggles. The place where heroes are born. Clyde this could be our finest hour!

Lynn Sr: And whoever saves Japan would hold an eternal place… atop the pantheon of explorers! He'd be able to experience-

Eli: Guys!

Lynn Sr: Whoo! What just happened?

Eli: I appreciate your support but you need to know one thing. It is clear to me now that The emperor, Zero and possibly Prince Schnitzel are a problem that will not go away. So prepare yourself everyone and Lily and Leo may get traumatized from this because as of this moment we are at war.

James: And this war is about to heat up!

Eli: Yes.

Lelouch: Say how did Eli get that scar on his chest?

James: He jumped in front of Maria as she was about to get shot and he saved her life.

Milly: Who's Maria?

Maria: *Came in* I am. I'm Maria Robotnik. *She revealed everything.*

Milly: Wait as in the granddaughter of Professor Gerald Robotnik?

Maria: That's me.

Shirley: Are you related to Eggman?

Maria: Yes.

Milly: But you were in the ARK 50 years ago.

Maria: Yes I was.

Villetta: How did you get to our time?

James: Thank Lisa and Sonic for that.

Eli: Oh and Shirley has feelings for Lelouch- *Shirley covered his mouth.*

Shirley: Eli did you had to tell them that?! *Feeling embarrassed.*

James: By accident.

*Later on Lelouch and Shirley go shopping for Villetta while back in the lower level of a Ashford Academy Villetta tells Eli's group about.*

Eli: Rolo has Geass too?!

Villetta: Yes but his Geass power is to stop time in 5 seconds.

James: That's crazy!

Villetta: Rolo is a trained assassin, having killed many powerful figures during his life. He has had his Geass powers from the age of six. His main assassination method is to use firearms at close range, but he is also known to utilize and handle other weaponry expertly, including knives and poison. It is unknown what his real name is, but he quite frequently employs the codename "Rolo Haliburton".

James: Whoa.

Eli: So he's trained as an assassin. Tsk! Filthy impostor.

James: Very crafty.

Suddenly they saw a broadcast of Cornelia's knight Gilford.

Eli: *Gasp* Ohgi, Tamaki, Tohdoh, Kento, Asahina, Nagisa, Ryōga, and Minami!

James: We've got no time to lose!

Eli ran outside.

Eli: RISE! SHINING GUNDAM! (SNAPS FINGERS)

He went into his Gundam, the Shining Gundam!

Eli flies off with Shining Gundam to fight Gilford.

James: Lets help him out!

Godzilla Jr: Follow me!

They were ready to fight and we charged. Turns out Lelouch as Zero came to rescue his fellow Black Knight members as well.

Gilbert:A Gundam?!

Zero: A new Gundam?

Ohgi: Isn't that Domon's Shining Gundam?

Tamaki: You're right but he has Burning Gundam now.

As Eli and his Shining Gundam fight Gilbert and his Gloucester. Eli pulverized and destroyed them. Although Rolo came with his Vincent but Eli overpowered it. So Rolo backed away and focused on Zero while Eli faces Gilford.

Eli: You may be Cornelia's knight but I got these gold fingers! (ECHOING) SHINING FINGER!

As Eli used shining finger on Gilbert's machine's head, Gilbert press the eject button and retreat.

James: Whoa! Awesome!

The Britannian solders retreat and the prisoners were free and they were about to ask who's the pilot of Shining Gundam but Eli and his Shining Gundam were already gone as they returned back to Ashford Academy.

James: That was awesome!

Clyde: You're… too cool! Dang it! I'm an extremely jealous!

Villetta: So that's your new gundam.

Eli: Yep Neo Japan's Shining Gundam.

Lincoln: That's was amazing!

Lori: Literally!

James: You pilot it really well buddy!

Eli: Yep and my old Gundam the RX-78-2 Gundam AKA the first Gundam is retired as a life size statue.

James: Whoa!

Villetta: Looks like we got ourselves a real hero of Japan.

Eli: And I bet you're happy that I saved Ohgi cause I know you still have feelings for him.

Villetta: *Blush embarrassingly as cover his mouth.* Eli!

James: Funny.

The next day at Ashford Academy see that Suzaku has returned

Suzaku: Hello, everyone. My name is Suzaku Kururugi and I'll be returning to classes here at Ashford Academy starting today. I look forward to studying here.

Eli:*Gasp* Suzaku?!

Suzaku: *Gasp!* Eli?!

James: So he is Suzaku.

Villetta: Okay, quiet down. Sir Kururugi has been reassigned to Area 11 and that's why he's coming back to school here. Why don't you take the desk next to Lelouch for now. We'll do the reunion later. Let him have class for now.

Eli:Alright.

James: Okay.

Later at lunch time Eli showed Lelouch, Rolo, Suzaku, Rivalz, Shirley and Milly his Shining Gundam.

Suzaku: So that's your new Gundam?

Eli: Yep the Shining Gundam.

Milly: Guess you were gone more than you thought.

Eli: Yeah.

Suzaku: So it was you who rescued those prisoners.

Eli: Yeah.

Suzaku: I guess you wanted to save them cause they were kind to you right?

Eli: Yes.

Suzaku: That I can understand.

Lelouch: *Thinking* So it was Eli piloting that new Gundam?

James: And he has us to help.

Suzaku: Eli why did you join the Black knights in the first place even though you're not Japanese and have been fighting for Japan?

Eli: Because I grew up here when Aerith took me in and I may not be Japanese but Japan has always been home to me.

Lincoln: *smiff* That's the most beautiful thing I ever heard of.

James: We're all in this together.

Suzaku: Well before you defeat the members of the Royal family of Britannia you have to defeat the Knights of the round first.

James: How are we gonna do that? Eli knows more about this better than we do.

Suzuku: And you and Eli are talking to one here. *He pointed at himself.*

James: Okay.

Later came a festival and celebration of Suzaku coming back to Ashford Academy.

James: Hey what's going on?

Milly: It's a celebration of Suzaku's return.

James: Ah okay.

Milly: Apologies for the delay. We are now officially kicking off the welcome party for the Knight of Seven. Give the word, guest of honor.

Suzaku: Yeah, umm, I don't suppose I can refuse.

Milly: Sorry, no. It's a presidential order.

Lelouch: Just accept it. She sets the rules in this school.

Suzaku: All right, guys. I'll get ready then. Meooooooooooow!

Student: This way to the horseback riding course.

Rolo: Lelouch, are these things appropriate for the occasion?

Lelouch: That's Milly for ya. The Prez loves events like this. She's also over-compensating for last year.

Rolo: What should I do now. I ought just…

Lelouch: Rolo, I've told you. That's dangerous. Here, hold your knife like this. Got it?

Rolo: Like this?

Lelouch: Careful of your fingers.

Rolo: Lelouch, the truth is… my Geass does have an Achilles' heel.

Gino: Wow, would ya look at that? Hey Anya, check it out.

Anya: Recorded.

Gino: You sure love that stuff, huh? All right. So now what? There's nothing in particular to do here. Should we take a tour of where the commoners go to school?

Rivalz: I'm here now. In the store house under the school. Okay, so where are those spare energy fillers? Hey, didn't these belong to Nina?

Lelouch: All right. Understood. Go through cell F in Kyushu and make contact with Diethard. Yes, that's right. Have Rakshata come here and… She wouldn't..!

Rivalz: Come and watch us make the world's biggest pizza pie.

C.C: Do you have information about it?

Rivalz: Of course. Here's a flyer for you. Come see the world's biggest pizza.

Lelouch: Hey what do you think… you're doing?

C.C: I'm looking for something I left behind.

Lelouch: Why are you so obsessed with the stuff anyway? Come on.

C.C: Acting a little devilish, aren't you?

Lelouch: Shut up, witch. Don't you understand your situation?

C.C: The Emperor is trying to capture me and he is using you as bait.

Lelouch: That's right. Suzaku's here. As well as another, a woman I can't use my Geass on.

In the Pool room Rita, Ronnie Ann's mom Maria and Frida were wearing the same outfit of Villetta while feeling embarrassed hile Lori, Leni, Luna, Luan, Carol, Teri, Becky, Dana, Whitney and Sam are wearing the Sam suit that Shirley is wearing

James: Hey looking good. *Did the Arnold Schwarzenegger pose and flexing his muscles.* Hey there ladies!

Eli: Oh brother.

James: *Back to normal* Sorry I couldn't help myself.

Ronnie Anne: MOM!

Clyde: *Nosebleed*

Eli: Oh Clyde.

Lincoln:What am I going to do with you?

Student1: From pretty girls…

Student2: To sexy grownup women.

Student3: Welcome to the swim club cafe where you get exactly what you want.

Shirley: Oh I'm so glad the coach agreed to do this for us.

Villetta: *Thinking* So help me. Shirley, you'll die a thousand deaths for this. If I didn't have to play teacher for my mission, I'd…*

Sebastian set up a song for Suzaku's return to Ashford Academy.

They sang great songs.

James: I always love that song.

Lincoln: Me too!

Eli: Same here.

Suddenly Eli, James and Lincoln hear Lelouch talking to someone so they look and see it was C.C.

Eli: *Whisper* It's her C.C.

Lincoln: That's C.C.?

Eli: Yep the girl who gave Lelouch his Geass.

James: But why she's here in Ashford academy?

Eli: For the largest Pizza no doubt.

Lincoln: Wait what?

Eli: Shh.

Lelouch: So the person who gave the emperor his Geass is the same person who told Suzaku?

C.C: That's right. But you shouldn't delve into it any further.

Lelouch: I'm already involved in this.

C.C: V.V.

Eli: *Thinking* V.V.?

Lelouch: V.V? Did he give Suzaku a Geass power?

C.C: No, it doesn't appear that he did. Anyway about Lelouch… [Lelouch has pushed C.C. towards a big bucket of tomatoes]

Shirley: Um, Lulu, are you alone?

Lelouch: [closes the bucket] Y-yeah.

Shirley: Aren't you just talking with somebody just now?

Lelouch: No, it's just you and me right now.

Shirley: [blushes] That's right… It's just Lulu and me… This may be my chance! Lulu, Do you want to… Eh? [saw a big mascot covering Lelouch]

Eli: Is that a giant green otter?

James: Weird.

Lelouch: I-I'm sorry, Shirley… It's difficult to hear you from here! [to Kallen] What are you doing here?!

Kallen: I'm here to drag that pizza girl out!

Lelouch: She's in that big case of tomatoes. Carry the whole bucket and get it out from… WOAH! [Shirley strongly pulled Lelouch out from the mascot and dropped him in the ground]

Shirley: [to the mascot] Who are you?! How dare you drag Lulu like that! Show yourself! [tries to pull the mascot's head away]

Kallen: If I did, my identity will be revealed!

Lelouch: [recovering from his fall] What a disgrace… [Suzaku and Milly suddenly arrived]

Suzaku: Lelouch!

Milly: Have you seen Arthur?

Lelouch: No, I don't think I have… [a rumbling sound came from the huge bucket-it was C.C. kicking the box]

Suzaku: Arthur must be in there!

Lelouch: Cats and tomatoes don't mix! [the Ganymede suddenly arrives and carries the huge bucket up]

Suzaku: Wha-? Gino?

Gino: [piloting the Ganymede] That's right, Suzaku! I'll be making the biggest pizza in the world myself! See you! [Gino zooms away with the tomato bucket]

Lelouch: No, wait! [runs after the Ganymede and Kallen and Shirley follows]

Gino: Now, it's shake time! [shakes the bucket, drowning C.C.]

[Arthur found himself in front of the Ganymede and ran away]

Suzaku: Was that… Arthur?

Milly: Oh, man, I think I'm going to rebuild the festival again. [Lelouch runs after the Ganymede, but suddenly overtaken by Suzaku, then by Kallen, then by Shirley]

Lelouch: [stops and pants] This wasn't my kind of outfit…

Milly: [runs happily and overtakes Lelouch] Fire away! [Lelouch groans and pants]

Rivalz: Over there. The Knight of Seven, Suzaku Kururugi. He's arrived along with Andes-grown Ultimate Tomatoes. Suzaku come on over, You're the one we've been waiting for. Um, except that…

Gino: There's a different person piloting.

Rivalz: Wow.

Lelouch: Teammate one. Turn around and look up at me.

Student: Yes, what is it, Vice-President?

*As Gino pours the tomatoes onto the crust, causing C.C. to also fall down onto it, the student pushes the "Rouge" button, which covers the area in pink bubbly smoke, while Kallen throws Shirley down a hill when she tries jumping on the plushie. As a consequence to the smoke, all of the people in the area become comically delirious, to Gino's amusement.*

Gino: Hahaha. What's the matter. Is it really that much of a surprise?

Villetta: What the hell's going on here… sorry, are you okay? *Bumps into the mascot*

Kallen: Ah… oh no. it was my fault. That was…*Puts her mask back on as gets away.*

Shirley: Huh?

Anya: Recorded. Thank you, Miss.

Shirley: No problem. You're welcome.

Suzaku: Oh, Arthur.

Milly: Well, sometimes you just get these little filler incidents in life and that's fine.

James: Well that was an interesting turn of events.

Eli: No kidding.

Lincoln: Does this happen before when Arthur was wearing Zero's mask?

Eli: Yep. *Later they find Lelouch with Kallen and C.C.*

Kallen: I think it may have been the teacher.

Lelouch: Villetta?

Kallen: I didn't get her name. But the weird thing is that I think I remember seeing her at the festival last year with Ohgi.

Lelouch: Ohgi and Villetta?

Kallen: Minami said that Ohgi might have had collaborator who reported directly to him.

Lelouch: Ohgi kept a secret from me?

C.C: When it comes to these sorts of things, you're really very thick. The truth is…

Eli: C.C.

C.C.: So it's true you are back well long time no see.

Eli: Yeah.

James: I'm his big brother James.

C.C.: So you're James and you must be Lincoln Loud.

Lincoln: Yes.

Eli: C.C. may first appear as a mysterious and quiet girl but she turn out bratty and loves pizza.

James: I like pizza.

Lincoln: Same with me and my family.

Kallen: *Gasp* Eli?

Eli: Hi Kallen.

Kallen: Is it… is it really you?

Eli: Yeah… it's me. Kallen I- *Kallen strongly hugs Eli.*

Kallen: I missed you so much little brother.

Eli: I missed you too sis. *Hugs back.*

Kallen: You may have quit the Black Knights but welcome home. *Kiss Eli on the forehead.*

Eli: Thanks sis.

Lincoln: I'm Eli's friend Lincoln Loud.

James: And I'm James but you can call me J.D.

Kallen: So you're James.

James: Yep and Eli is my little brother and I've known him since he was born.

Kallen: Well thank you two for looking after Eli.

Lincoln: No problem he was like being part of my family.

Kallen: Well I have to get Pizza girl back to our group.

Eli: Okay see ya.

That night there was a waltzing party as Milly dances with Geno while Lincoln dances with Ronnie Anne in her purple dress and Bobby dances with Lori in her dress. Both Lynn and Lana end up in dresses.

Lana: Are you kidding me?!

Lynn: I'M GONNA KILL HIM!

James: I don't know, those dresses look good on you two.

Both Lynn and Lana just pouted but they change their minds as they dance with their boyfriends. Meanwhile Eli, Lincoln and James go on the school's roof and saw Suzaku talking with Lelouch.

Lelouch: The only one left to defeat is Suzaku.

Suzaku: Lelouch.

Lelouch: Shouldn't the guest of honor be at the main stage?

Suzaku: Hum, no. Everyone seems to be having a fine time without me. Besides, I wanna discuss something with you.

Lelouch: What is it?

Suzaku: Well you see, I'm aspiring to become the Knight of One.

Lelouch: Whoa, that's the greatest knight in entire empire…

Suzaku: The Knight of One is bestowed the privilege of choosing one of the Britannian areas for his own. I intend to have Japan. I'll take this area for myself. Lelouch, I've lost too much. Precious friends and woman who no one can ever replace. By acquiring power, I will never again lose anyone else I care about. And then, the Japanese people won't need Zero anymore.

Lelouch: Hmm, indirect rule, eh? You wanna make it a protectorate?

Suzaku: You can ask this person. They'll know. The new viceroy who's coming to take charge of Area 11 next week.

Lelouch: You think a student should speak to the viceroy?

Suzaku: *Gets his phone out.* It's Kururugi. Yes, he's standing right here in front of me. Yes. *Gives it to Lelouch.*

Lelouch: What do I say? How awkward. This is such an important person.

Nunnally: Hello, big brother? *Lelouch gasped* Lelouch, is that you? It's me, Nunnally. Can you hear me? I'm coming there to be the viceroy. Um, is there something wrong? Lelouch, it's Nunnally, your sister.

Eli: *Gasp!* N-Nunnally?

Lincoln: Wait really?

James: That's her voice?

Eli: Yeah I'm sure of it!

Nunnally: Is that you, Lelouch? It's me, Nunnally.

Suzaku: *Thinking* If your memory hasn't returned, you won't know who she is. Go on Lelouch. Let's hear your answer.

Lelouch: *Thinking* Suzaku, you've got me trapped.

Nunnally: Um, this is my brother, isn't it?

Lelouch: *Thinking* I can't do this. I can't lie to Nunnally. I… I… !

Eli: Give me that phone! *grabs it out of Lelouch's hand.*

Lelouch: What the?!

Suzaku: Eli?!

Eli: *Use the phone.* Nunnally! Nunnally is that really you?!

Nunnally: *Gasp* Eli is that really your voice?!

Eli:It's me Nunnally and now tell me where you are so I can find you?

Nunnally: I'm on a Britannian airship on it's way to Japan and I'm the new viceroy for it.

Eli:Okay I'm coming! *Hangs up and gives Suzaku's phone back to him and ran off.*

Suzaku: Eli wait! Dang it!

James: Wow Eli is in a hurry and catch up with him!

Lincoln:Right!

On the ship that's heading to Japan where Nunnally is in, Eli snuck inside the ship.

Eli: Okay now to find Nunnally.

J.D.: Wait! *He Came with Lincoln.*

Eli: Guys? how did you get in here?

J.D.: We followed your trail.

Eli: Okay, just help me find Nunnally.

J.D.: Alright.

Lincoln: I've never seen Eli like this.

James: Well he hasn't seen his friends for a long time so we can't blame him.

Lincoln: You're right.

As they search around the ship they hear someone singing and it was Nunnally.

Nunnally was singing.

Lincoln: You hear that?

James: Someone's singing.

Eli: It's Nunnally!

James: You sure.

Eli: Positive! let's follow her singing voice!

They follow the voice that leads them to a room full of flowers and there is Nunnally as the new sub viceroy.

Eli: There she is! *Heads to Nunnally.*

Lincoln: That's Nunnally?

J.D.: No doubt from the way Eli told us about her and she really is blind.

Lincoln: And on a Wheel Chair.

As Eli puts his hands on Nunnally's and she sniff his scent.

Nunnally: *Gasp* This scent… this hand… Eli? Is it really you?

Eli: Yes Nunnally… it's me.

Nunnally: Thank heaven. I knew it. I just knew you'd be alright.*

tears.*

Eli: Long time no see Nunnally.

Nunnally: I was worried after hearing you quit the Black Knight after what happen to Euphie.

J.D.: Eli told us about it. Hi I'm James and I'm Eli's older brother.

Lincoln: And I'm Lincoln Loud, Eli's best friend.

Nunnally: You must be James that Eli tell me all about.

James: That's me.

Nunnally: You must've been a great role model for him.

James: That's for sure.

Lincoln: Wait till Eli introduce you to my big family.

Nunnally: Really?

Lincoln: Yep, you'll like it.

?: Well, well, well, what do I have here?

They saw Zero.

Eli: *Gasp* Zero!

Lincoln: That's him?!

James: No doubt so get ready when he makes a move.

Zero: It's been a long time Eli.

Eli: And I was hopping to never see your blood stained face again!

James: He told us what you did!

Zero: And Lincoln Loud we finally meet at last.

Lincoln: I'm ready for you if you think can take us on.

Nunnally: You're Zero, aren't you? The terrorist. Have you come to kill me as well? Like you killed my brother Clovis and my sister Euphie? Even so, will you wait just a moment please? I think that what you're doing is wrong.

James: That's right!

Nunnally: Right now, Zero is standing in front of me. Lelouch, give me the courage I need.

Zero: It's Britannia that is wrong. The Emperor believes that might is always right. Do you approve of that?

Nunnally: Well…

Zero: Viceroy Nunnally, you're just being used.

Nunnally: You're saying they sent a blind, crippled girl to win everyone's sympathy? Then you're wrong. I asked them to send me. That's why I'm here.

Eli: Really?

Zero: You requested it?

Nunnally: I think with a peaceful approach, I can make the world a gentler place. That's why I want to carry out Euphie's plan to create the Specially Administrated Zone of Japan.

Zero: You'd have that return?

Nunnally: Zero, won't you please try to help me rebuild it? People can start over. Please.

Zero hesitated as he visualized her as Euphemia.

James: You have a good spirit Nunnally.

Eli: That's why my own group will help you.

Nunnally: Really? thank you Eli.

Eli: Now to make out escape. RISE SHINING GUNDAM! *Snap his fingers.*

Shining Gundam has arrived.

Eli in Shining Gundam: James, Lincoln, Nunnally get in!

James pushes Nunnally's wheelchair with Lincoln as they got on Shining Gundam's hand and fly off, blowing Zero away as he was caught by Kallen's upgraded Guren.

Zero: Nunnally!

Nunnally: *Gasp* *As she notices a familiar voice.*

As Eli fly with Shining Gundam, carrying James, Lincoln and Nunnally they saw Suzaku in the new Lancelot Conquista.

Eli: It's Suzaku.

Suzaku: Nunnally are you alright?

Nunnally: Yes thanks to Eli and his friends.

Suzaku: Eli? So it really is you piloting that gundam?

Eli: Yep Neo Japan's Shining Gundam.

Suzaku: So that's your new gundam.

Eli: That's right and the one Nunnally help transferring RX-78-2 Gundam's data to during the 13th Gundam Fight tournament.

James: That's my bro!

Nunnally: So that's Eli's new Gundam's name, the Shining Gundam.

They head to Japan at the bay where the others are waiting.

Lori: There they are!

As they land, they meet up with the others.

Lincoln: Nunnally meet my Loud family.

Lori: I'm Lori.

Leni: I'm Leni.

Luna: I'm Luna.

Luan: I'm Luan.

Lynn: Lynn.

Lucy: Lucy.

Lola: Lola.

Lana: Lana.

Lisa: Greetings I'm Lisa.

Lincoln: And these are our parents Rita and Lynn Sr and our baby sister Lily and our baby brother Leo.

Lily: Poo poo.

Nunnally: Oh my what a big family.

Lincoln: I know crazy right, just two boys and ten girls.

Lincoln puts Lily and Leo on Nunnally's lap.

Nunnally: Oh aren't you two adorable!

Leo: Goo.

Lily: Poo poo.

Ronnie Anne: And this is my family.

She introduced her family.

Nunnally: Oh my another big family.

Eli: I know crazy right.

Nunnally: No doubt.

Their Royal Woods Friends introduce their selves to Nunnally.

Nunnally: It's a pleasure to meet you all and thank you for being there for Eli.

Lori: You're welcome.

Carol: That's right.

Lincoln: *To Lori* Lori I've never seen Eli this happy with Nunnally.

Lori: Me neither.

Lincoln: Wait could it… Eli are you in love with Nunnally?!

Eli turned red.

Bobby: Wow so that's why Eli cares for Nunnally, he's in love with her.

James: Wow my bro is growing up fast.

Lisa: Normally, I don't care for inane human emotions, but…

Sam: KAWAII!

James: That's cute in Japanese.

Darcy: Wow big brother you have a pretty girlfriend.

Suddenly Eli was to res that steam came out of his nose and ears and cause windows and Lisa's glasses to shatter until that steam stopped.

Eli: I'm okay… I'm okay..

And Lisa puts on a spare, Suzaku arrived with the Lancelot.

Suzaku: There you are Nunnally and I see you met Eli's new friends.

Nunnally :Hi Suzaku.

Suzaku: Well it's time for you to do your duties as the new Sub Viceroy.

Nunnally: Aright then.

James: Want us to help?

Suzaku: The knights of the round and I got it from here but when the time comes we'll send Nunnally to you in your group.

Eli: Alright then.

Later on everyone watches Nunnally's broadcast as the new Sub Viceroy.

Nunnally: How do you do, everyone. I am Nunnally vi Britannia of the royal family, 87th in line to the imperial throne. Due to the unfortunate, untimely loss of Duke Clalares recently, I shall be assuming the viceroyship of Area 11 in his place. I am physically challenged in that I am unable to see or walk. Therefore I shall be depending on all of you for help in various things.

Ashford Academy was watching it.

Rivalz: But she's so young. How could that girl be a viceroy?

Shirley: She's a royal princess.

The Black Knights are watching it too.

Nunnally: Please, allow me to help you.

Tamaki: She wants some help, huh?

Sugiyama: This all screw up things.

Nunnally: I realize that this is unexpected but I'd like each one of you to cooperate with me on this. As your new viceroy, I wish to again create the Specially Administrated Zone of Japan.

Britannian1: That's absurd!

Britannian2: I can't believe she would even mention the name!

In a neighborhood.

Nunnally: In the Special Zone Britannians and Numbers would have equal status. Elevens would be allowed to safely call themselves Japanese once again.

Japanese1: She just said Japanese.

Japanese2: Are they trying to trick us?

Japanese3: She has Suzaku Kururugi.

Japanese4: He's Japanese so he should be on our side.

Japanese5: Princess Massacre's knight!

Japanese6: He's the traitor who shot Zero.

Nunnally:… although a tragic misunderstanding occurred in the Special Zone, I do not believe that attempt to establish the Zone was a mistake. We need a gentler world. And those of you in the Black Knights, I ask you to please participate in the Special Zone.

Kallen: What?

Tamaki: Not again!

Ohgi: Never again.

Nunnally:… mistakes that we've made, then we can take the first positive steps to setting things right. I believe this with all my heart. Also the reason I'm doing this cause i'm doing it for a dear friend of mind and his name is Eli.

Ohgi: What?

Tamaki: She knows Eli?!

Kallen: *Thinking* Nunnally.

Nunnally: I really wanted to help Eli save Japan even if it means truing against my father and to be honest I'll never forgive my father for abandoning my big brother and I in a war in Japan 8 years ago. Plus even though Eli is American, he grew up here since he was 3 when his guardian took him in and since then Japan has been home and I'm willing to do whatever it takes to help him.

James: She has a strong heart.

Lori: She literally does.

Eli was in tears of joy. The next day, the Japanese are given the opportunity to apply for the Special Zone.

James: Wow that's a lot of people!

Luna: No kidding dude.

Announcer: This is the area of the Shizuoka ghetto that will soon become the special zone. A huge number of Elevens has already gathered for the opening ceremony. As there are over a million people here, verifying personal IDs will have to wait until after the event. The presence of this many Elevens is a clear testament to the enormous power and influence that Zero still commerce.

Gino: But they don't know is that Zero has already betrayed them all.

Britannian Army: You think there'll be a riot?

Gino: If there is, we'll have the perfect excuse for a full scale crack down. Ah, but remember, we don't move until they do, got it?

Britannian Army: Yes, My Lord.

Ohgi: It can't be, Chigusa!?

Villetta: Kaname Ohgi, are you out there somewhere?

In the Chinese Federation.

Xingke: Thank you for coming and for taking me back home.*Coughs*

Xianglin: Are you all right with this now?

Xingke: Of course I was just an acting consul. Once a new consul is chosen I simply have to return home. Besides this is an excellent opportunity.

Xianglin: But what about the Black Knights?

Xingke: The request I made to Britannia yesterday should set us up for the future.

Xianglin: Lord Xingke, are you all right?

Xingke: Don't be concerned. I just have to last a little longer.

In the Special Zone.

Nunnally: People of Japan, welcome to the specially administrated zone. I'm overjoyed that so many of you have gathered here for this great event. Please lend me your help so we can make history together.

Britannian Army: Lord Guilford, you are in no condition for this.

Guilford: The Japan special zone was Princess Euphemia's dream.

Britannian Army: But there's still no sign of Zero anywhere.

Guilford: That's because the man is a coward. He'll only show up when he thinks we can't get to him.

Lohmeyer: Now then before the ceremony officially begins there is a matter we wish to confirm regarding Zero. As imperial subjects all those participating in the Japan special zone will have criminal charges against them reduce and criminals that are class 3 or lower will have their sentences suspended. However the instigator of the murder of former viceroy Calares cannot be forgiven. Therefore under special Area law, section 12 paragraph 8, Zero alone shall be banished and sent into exile.

Milly: Huh?

Shirley: Only Zero?

Rivalz: So that means, he gets to run away all by himself?

Zero: Thank you! My Britannian friends. I am grateful for your lenient treatment.

Nunnally: So he came here after all.

Guilford: Make your move, Zero. If there's a riot we have full license to wipe out all the radical elements. Duly authorized by miss Lohmeyer.

Suzaku: Show yourself, Zero! I'll escort you safely out of the country myself, I guarantee it!

Zero appeared on screen.

Zero: I don't wish to be in your debt, Suzaku Kururugi. However I have a question. What does it mean to be Japanese? A nation. Is it language? Territory? Blood lines?

Suzaku: No! That's not it. It's in the heart.

Lelouch: Then we're in agreement. A feeling within. A belonging. Dignity. Pride. The culture is carried in the heart. You're Japanese no matter where you are.

Suzaku: Then what does that have to do with you running away by yourself?

Tohdoh: Zero… !

The Japanese unleash at smokescreen fog.

Lohmeyer: I figured they'd try something.

Nunnally: What is it? What's going on?

Anya: Viceroy. *Takes Nunnally to safety*

Guilford: So be it. All forces, prepare to cut them down!

Britannian Army: Yes, My Lord.

Suzaku: Hold on! They haven't made any violent moves yet.

Gino: Zero may be the one who planned this, but does he have the guts to come out in the open and show himself?

As the fog starts to clear they saw Zero.

Lohmeyer: Well, well, it looks like he was right here on the grounds all this time.

Suddenly as the fog clears there's a bunch of Zeros.

Lohmeyer: All of them!?

Announcer: This is outrageous! Zero has appeared but not as expected. That is… !

Gino: So this was your plan! Despite our overwhelming fire power you figured a way to move a million people.

James: Whoa it's an army of them!

Eli:Holy cats!

Lelouch/Zero: Viceroy Nunnally has ordered Zero into exile. Since we are all Zero we must all leave this country at once.

Guilford: What?

Lelouch/Zero: No matter where we go we are Japan for we carry it in our hearts. Let us set out for a new land!

Kaguya: C'mon all you Zeros, let's go to a new world!

Tamaki: Time to get exiled everybody. We are all Zero so we are all out of here!

Zero1: That's right! I'm Zero!

Zero2: Let's get deported!

Zero3: I'm Zero,too. C'mon!

Lloyd: Aha, he wanted legal excuse to get them all out of Japan.

Guilford: We prepared for a riot but we might have they let them go.

Lohmeyer: Don't panic. It's a bluff. There's no way he can transport a million people.

Britannian Army: We just got word from the port authority.

Lohmeyer: The port? They wouldn't! The Chinese Federation requested safe passage for…

Britannian Army: Yes. The iceberg ship. But the applicant has already left the country.

Lohmeyer: It can't…

There is a huge ice block.

Zero4: We are getting on that?

Zero5: But it's ice!

Zero6: Won't it melt?

Rakshata: We'll be fine. The iceberg ship isn't destructible. It has so much insulating polymers and super-peltierfilm that ice will never melt.

Britannian Army: Target the leader! Take out the real Zero!

Britannian Army: Right, but how do we know which one is him?

Rivalz: This is…

Shirley: What's gonna happen?

Milly: It's that Zero's more than an idol now, he is a symbol. He's made himself into a living avatar for everyone.

Villetta: Elevens, take your masks off!

Tamaki: Britannian witch!

Ohgi: Don't shoot! Don't let them drag us into a fight! That's not why we are here!

Villetta: Ohgi, it that you?

Ohgi: No, I'm Zero.

Eli: *Notice* *Thinking*Ohgi?*

Meanwhile for Anya pushing Nunnally's wheel chair.

Nunnally: Please tell me what's going on.

Britannian Army: Miss Lohmeyer has stayed behind for operational oversight.

Nunnally: You mean leave everything to her?

Anya: It'll be all right. Suzaku is there with her.

Back at the special zone.

Lohmeyer: Sir Kururugi, we can't let a million laborers leave the country. Making an example of…

Suzaku: Hold on, please! Zero, order them to take off their masks. Do it now or there'll be another massacre!

Tohdoh: *Thinking* Only if you order it, Suzaku. And even if we're all unmasked, no one would know who the real Zero is.

Guilford: Sir Kururugi, this is an act of rebellion! Order us to fight!

Ohgi: He's wrong. This is a way of resolving things without fighting.

Gino: It's your call, Suzaku. You're in charge.

Suzaku: *Thinking* Zero, we could let you escape. But a million people, to let them all go with you… !

Lelouch: *Thinking* If the Black Knights leave, peace will come to

Area 11. And Nunnally's reign will no longer be threaten by our presence.

Suzaku: *Thinking* Even so this is a dirty way to do it.

Lelouch: *Thinking* Give the order to let Zero go!*

Suzaku: *Thinking* I must give the order to shoot Zero. To kill him.

Lohmeyer: I'll do it. Zero!

Nunnally: Crimes have been committed, my own desire to forgive them is a personal matter.

Suzaku: That's right. Euphie and Nunnally both wanted to forgive them.

Lohmeyer: We're dealing with Zero! *point out a gun.*

Suzaku: *Grabs the gun.* Zero's to be exiled! That was our agreement. If we break it the people will never trust us again.

Lohmeyer: The people? These are Elevens. Only you speak of them as people because you're are one of them.

Suzaku: This has nothing to do with that! If they're all subversives why do you want them here? So you can massacre them!?

Lohmeyer: They have challenged Britannian rules. So let them burn in hell!

Suzaku: Shouldn't we get rid of these destructive elements then? They're exiling themselves.

Lohmeyer: But…

Suzaku: Zero, can you promise that you'll lead them to salvation?

Zero: Of course. And you Suzaku Kururugi, can you promise the one's who stay behind will find salvation in your hands?

Suzaku: That's exactly why I became a Britannian soldier.

Zero: I understand. I will trust in the promise you've made. Did you hear that? All Zeros, sir Kururugi has declared it. Rebels are hereby exiled. Nothing holds us back now. Forward, to the land of freedom!

The Zero army leaves.

Tamaki: Let's go while we have the chance.

Ohgi: Good bye then, lady Britannian.*Leaves*

Eli was confronted by the Zeros who are Kallen, Ohgi, Tamaki, Tohdoh, Asahina, Nagisa, Ryōga, and Minami.

Eli: Oh- *Ohgi puts his hand out.*

Phgi: Kallen told us of your return and your own group to save Japan and I all we wanted to say is this. You may no longer be a special member of the Black Knights but… welcome home.

Tamaki: Good to see you again kiddo.

Minami: You really have come home.

Eli: Yeah I really did came home.

Todoh: Till we meets again Eli. *They leave.*

Guilford: A perfect chance to kill them all and he's throwing it away!

Xianglin: My Lord Xingke, it seems the Area 11 operation has succeeded.

Xingke: I see. Looks like Zero's next performance would be on our stage.

Lloyd: So Suzaku managed to save a million lives and no one will ever thank him for it.

Cecile: I think he knew that going in. He's used it now.

Suzaku: *Thinking* His whole plan was based on one prediction. That I would give the order to hold fire and let them go. You know me well, Zero.

Lelouch/Zero: *Thinking*You are my worst enemy. I know you, Suzaku. And I also know Nunnally. I know her heart. That is why I can foresee the outcome. And for now I am grateful to you, Suzaku Kururugi. Don't ever forget the promise you've made to me.

Eli: So Zero brought a million people to exile with him.

Lincoln: No kidding.

Lori: So what now?

Eli: Thanks to Godzilla Jr's Signal we're gonna have allies coming to us.

Lynn: Works for me!

Chibodee: Hey Eli Long time no see!

Eli: Chibodee, good to see you again! *Fist jab with him.*

Lincoln: Wow it's really Neo America's Fighter Chibodee Crocket!

Bobby: Amazing!

Sai Saici: And you already know me.

Lincoln: Hey you're the guy who pulled up Carol's skirt.

Sai Saici: And here's my Gundam.

It's the Dragon Gundam.

Lynn: So That's Dragon Gundam.

Sai Saici: Yep that's right and i'm not the only one who's has a Gundam from China.

Lana: Who?

Eli: You'll have to wait until you meet him in person.

Lana: Okay.

*Next is George De Sand of Neo France and his Gundam Rose*

George: Bonjour Eli.

Eli: Bonjour George.

Lola: Wow George De Sand of Neo France and his Gundam Rose.

George: So you must be the Louds, I would enjoy tea with you but I'm afraid it got cold.

Lola: Dang it!

The Finally Argo Gulskii of Neo Russia and his Bolt Gundam .

Luan: We will win this for mother Russia! *Laugh* Get it?

Everyone: *Groan*

Nathan: Eli!

Eli: Hey Nathan buddy! *They hug* Man it's been so long pal!

Nathan:Yeah it sure has.

Lincoln: So you're Nathan Eradondo.

Nathan: Yep that's me!

Lincoln: Any friend of Eli is a friend of mine.

Next is Type 3 Kiryu.

Lynn Sr: Are you seeing what I'm seeing?

Lincoln: It's a robot that looks like Godzilla.

James: That's Kiryu the third Mechagodzilla.

Kiryu: I'm a duplicate of the one who's a cyborg, so I'm an actual robot.

Lincoln: Wow that's awesome!

And finally Mothra.

Lori: Beautiful.

Lucy: Mothra Queen of the monsters.

James: She sure is.

Clyde: So, her and Godzilla, they like, they got a thing going on? That's kind of messed up, right?

Domon: Symbiotic relationships between two different species aren't all that uncommon.

Ronnie Anne: Guys look! *Brought an invitation.*

Eli: *Reads it.* It says we're invited to a party at the Chinese Federation.

James: Really by who?

Eli: It doesn't say.

George: Well then you might as well bring him along. *He brings out Lumiere.*

Eli: Lumiere long time no see!

Lumiere: Ah Eli my boy it's been a while.

Eli: It sure has and since we'er invited to a party that would mean…

Everyone gives a smug look at Luna and Lynn.

Lynn: What?

Lana: Are you guys looking us like that?

Later Lana and Lynn are in dresses once again.

Lana: SERIOUSLY?!

Lynn: I'M GONNA KILL HIM!

James: I don't know, you look good in them.

Eli: No kidding.

Later as they get dressed thy head to the Chinese Federation and as they head to the gate.

Guard: (chuckles) Can I help you?

Nathan: (thick foreign accent) I think a-maybe if you can. This is-a

Count Roderick von Brokenzipper! Formerly Count Velcro.

Guard: Uh, duh

Nathan: Where are the trumpets?

Guard: Beh, beh, uh…

Nathan: We were promised trumpets to announce the Count's arrival. Sorry, Your Grace. Beat me until you're happy.*Eli slaps him.* (grunts) He's happy. And I'm not feeling too bad myself. (clears throat)

Guard: Let me, uh… You're not on the list.

Nathan:: We're what?! Once again. *Eli slaps him.* Ow! Thank you. Fine! We will go! You will explain to your superiors why we were not able to attend your little luau, your barn dance, whatever it is. But we're leaving, in a huff!

Guard: No, no! No, no! No, no! Please! Go right in. In fact, would the Count like to hit me?

Nathan: The Count hit you? The arrogance of some people. I will hit you on his behalf.*Slaps him.*

Guard: Ow! (grunting) Thank you, Your Grace.

The gang entered the party.

Lynn Sr.: "Got my dancing shoes on and I am ready to get down and get back up again."

Eli: Well we're here.

Suzaku: Eli, I didn't know you guys were invited.

Nunnally: I did.*Arrived.*

Eli: Nunnally you gave Ronnie Anne the invitation.

Nunnally: That's right.

Suzaku: Guess it's alright.

Schnizel: So you must be Eli the former Black Knight member. We meet at last.

Eli: So you're Prince Schnizel.

Schnizel: Yes and you must be his friend, especially the louds.

Lincoln: We are.

Eli: Well on your knees! I said to get down on the ground!

Schnizel: What so we can see eye to eye? Surely you must've been use of people looking down on.

Eli: Call me shorty, little or shrimp I don't care!

James: Wow.

Schnizel: Now if you excuse me I'll let you enjoy the party now.*Leaves*

James: Man what a jerk.

Lincoln: No wonder Lelouch wanted to surpass him.

Suzaku: Anyway you might as well try out the food here.

Lumiere: And what is party without a little..music.

Everyone: Music?!

We heard an awesome song.

Everyone was amazed.

Suzaku: Whoa, what has Eli been through before he came back?

James: He's been learning a lot under my wing.

Nunnally: Now I would tell you guys why I invited you here.

Eli: What is it Nunnally?

Nunnally: You see the Holy Britannian Empire and the Chinese Federation,are trying to become one through a political marriage. Which is my brother Odysseus and The empress Tianzi. This would be the ultimate threat to the United States of Japan.

Leni: That is so wrong!

Lana: A marriage should be out of love.

Eli: This could only mean one thing, the Chinese Federation has a traitor.

James: I was thinking the same thing.

Eli:Plus I think there's more than one traitor. *Looks at the High Eunuchs*

Nunnally: You mean those men.

James: What should we do?

Eli: We wait until we get an opportunity to expose them.

Lincoln: Okay we'll trust you on that Eli.

Odysseus: At any rate I'm certainly glad this arrangement all worked out. I'm no good at fighting.

High Eunuch: Your Highness, will the emperor be attending the wedding?

Odysseus: He informed me at the banquet back in the homeland that he would attend.

Announcement: Miss Kaguya Sumeragi, the representative of the Sumeragi Conglomerate.

Suzaku: Kaguya? What?

Kaguya, Zero and Kallen entered .

Eli: Zero here?!

Kanon: It's Zero. How dare he…

Gino: That red head with him. Isn't she the Guren pilot?

People1: Who invite him to a place like this?

People2: He's a terrorist.

Schneizel: Well, well, well.

Lelouch/Zero: Schneizel! So you are the puppet master behind all this.*Notice Eli's group* Ah Eli we meet again.

Eli: Didn't thought you would come here too.

Lori: Well when you mess with Eli, you mess with the Louds!

Lily: *Raspberry*

Zero: Relax I'm only interested in Schnizel now.

Tianzi: Kaguya!

High Eunuch: Well, our wedding present has arrived of its own accord. My, this worked out wonderfully.

Tianzi: You're giving them Kaguya, too?

High Eunuch: Put that girl out of your mind. Her crimes warrant the death penalty.

Tianzi: No, you can't. That's wrong. This isn't Britannia!

High Eunuch: Your Majesty, the Black Knights are the ones who killed Gao Hai. Please don't get involved. Just leave the politics to us. Isn't that what you've always done? Let us handle things our way?

Tianzi: But she's a friend.

Schneizel: Can we please stop quarreling now? Today is a day of celebration, is it not?

High Eunuch: But sir…

Schneizel: Miss Sumeragi, will you refrain from having Zero accompany you to the wedding tomorrow?

Kaguya: I suppose… I don't have much of a choice, do I?

Schneizel: If that is the wish of the prime minister of Britannia then… withdraw!

Lelouch: So Schneizel, you appear right before me. As watchful as ever, I see.

Kaguya: Suzaku Kururugi, do you remember me? We're cousins you and I.

Suzaku: Of course I do.

Kaguya: We're the last remaining survivors of the six houses of Kyoto, aren't we?

Suzaku: Taizo Kirihara and the others supported terrorists. Nothing could've stayed their executions.

Kaguya: But this is different. Cousin, did you forget that master Zero once saved your life? Do you plan to execute someone you owe your life to?

Suzaku: There's no comparison.

Kaguya: Oh, how sad! It's a good thing we are not able to kill anybody merely with the words we say.

Eli: Wait you're Suzaku's cousin?

Kaguya: That's right I'm Kaguya Sumeragi the young head mistress of the Kyōto House and a supporter of the Black Knights. And you must be the former Black Knight member Eli that Kallen told all about.

Eli: Yep that's me.

Kaguya: And you weren't kidding on making your own group.

Eli: That's right.

Kaguya: Well you may be a former member but I'll give you my support as well.

Lelouch: Prince Schneizel. Would you care for a game of chess?

Schneizel: Chess?

Lelouch: If I win I'd like to have Sir Kururugi.

Kallen: What?

Eli: You gotta be kidding?!

Lelouch: I want to give him to you, Lady Kaguya.

Kaguya: Oh, that would be absolutely marvelous present!

Lelouch/Zero: Enjoy your anticipation of it. If I can get Suzaku out of here I can use my Geass on all the others. A checkmate that would turn everything around.

Schneizel: I'll agree to your terms. However if you lose I want you to remove your mask and show your face.

Lelouch: Agreed.

Schneizel: What a fine evening of entertainment this is turned into.

Odysseus: Surely we don't have to watch from a separate room away from the show…

High Eunuch: He's playing a terrorist. Something could happen, sir.

Kaguya: That's ridiculous. It's my husband who's going to win!

Odysseus: I understand how you feel miss Sumeragi, but I can't imagine anyone but my brother Schneizel winning this game.

Anya: This is the ace of the Black Knights. Pilot of the Guren.

Gino: Yeah, the one from before. She's a lot prettier than her wanted poster. That's my kinda woman!

Suzaku: Eli maybe you and Nunnally should be at the balcony outside cause this might get ugly.

Eli: Alright.

Eli and Nunnally head to the Balcony without noticing James and the Louds were watching with Scuttle and Sebastian.

Lincoln: *Whisper* This if definitely a date.

James: No doubt about that.

Leni: Bet he wishes to waltz with her if her legs weren't paralyzed.

Lori: Literally.

Scuttle: Okay. Alright, this calls for a little vocal romantic stimulation.

Bobby: Oh, music. Good idea.

Clyde: But the problem is we don't have any instruments. How can we make romantic music without instruments

Scuttle: Just watch. (flies up to a tree) Stay back.

Eli: Whoa. Somebody should find that poor animal and put it out of its misery. *saw Scuttle singing above them and felt embarrassed. Scuttle winked at Eli, but Eli did not feel comfortable at all with the seagull's singing.*

Sebastian: Geez, man! I'm surrounded by amateurs!

On shore, James, Lincoln and the gang are holding their ears shut. They didn't like Scuttle's singing at all.

Lincoln: (groans) I can't stand it anymore!

James: Now, you guys know how Eli, Lincoln, and I feel whenever

Squidward plays his clarinet horribly.

Lori: (quietly) Sebastian, do something. Please? My ears can't literally take it much longer.

Sebastian: Don't worry Lori. I'm on it. (as he jump in the lake) You want something done, you've got to do it yourself.

(Kiss the Girl Plays)

The gang were getting anxious to see Eli and Nunnally are about to kiss but…

Suzaku: WHAT'S GOING ON HERE?!

Eli & Nunnally: EEEEKKKKK!

Suzaku: What are you doing Eli HUH?!

Eli: *Blushed* I didn't do a thing!

Suzaku: Hmm… alright I'll go back to the party but no monkey business got it?

Eli: Got it.

Suzaku leaves.

Lincoln: Dang it! They're were so close!

James: There's always a next time.

Nunnally: Eli… I'm so glad you really did came.

Eli: Really?

Nunnally: Yes cause…*singing*

James, Lincoln and the gang saw the whole song with tears.

Lincoln: [touched and driven to tears.] "That was the most beautiful thing I've ever seen."

Lori: Beautiful…*Sniff*

James: It sure is.

Suddenly they hear a commotion back in in the party.

Nunnally: What was that?

Eli: We better find out.

When they got back in, they saw Nina holding a knife, trying to stab Zero.

Nina: Zero! Princess Euphemia will be avenged!

Eli & Nunnally:Nina!

Suzaku: Stop it, Nina. Drop the knife!

Nina: Why are you stopping me? You of all people should understand since you were Princess Euphemia's knight!

Suzaku: That's right. Then why…

Nina: You're just an Eleven afterall…

Kallen: Nina!

Eli: NO! *He block the knife by letting his right hand get stabbed.* ERRRGGHHHH!

Lincoln & Leni:Eli!

James: That girl is insane!

Kallen: James! Eli's hand is bleeding I need help bandaging it!

James: Right! Lisa I can use your help!

Lisa: On it!

Kaguya: I'll help too.

Lisa and James help stitching up the wound and Kaguya tear a piece of her dress and use it to bandage up Eli's hand.

Eli: Thanks guys.

Nina: Why Kallen, you're half Britannian and yet you choose to protect that monster!

Kallen: No. That's incorrect. I'm Japanese, Nina.

Nina: No, you're not? You're an Eleven. You're an Eleven and you pretend to be my friend? Give her back to me! Give back Princess Euphemia! I needed her! She was a goddess to me!

Eli: SHUT UP! *Slaps Nina* Don't you ever call any Japanese an Eleven cause they are Japanese ad their is Japan and it's a country, not a colony for the Britannian empire who are a bunch of Nazi wannabes, especially for that Hitler wannabe Charles Zi Britannia!

Nunnally: Oh Eli.

James: Whoa.

Eli: And I'm going to prove it by facing Schnizel to a game of duel monsters!

Everyone:WHAT?!

Schnizel: Duel monsters? Well this should be very intesting, very well then.*Snaps his fingers.*

Appearing out from the floor is a dueling arena while brings out his duel disk. They shuffle their decks and Eli plugs his duel disk to the dueling arena. and start with 8000 life points

Eli & Schnizel: Let's duel!

James: I'm getting a bad feeling about this.

Lincoln: Me too.

Schzniel: I'll start with by summoning Deep Sea Warrior in defense mode then I play Polymerization fusing Armaill and One-Eyed Shield Dragon to form Dragoness the Wicked Knight. Now it's your move.

Eli: My turn! *Draws a card.* First I summon Feral Imp in defense mode and next I combine X Head Cannon, Y Dragon Head and Z Metal Tank to become the XYZ Dragon Cannon. Now Destroy his Deep Sea Warrior!

*Schnizel was down to 4000 life point.*

Schnizel: Very good. My move. I summon Injection Fairy Lily and then I'll sacrifice her and Deep Sea Warrior in order to summon Jinzo.

Eli: The monsters that'll destroy Trap Cards!

Schnizel: Now destroy his Feral Imp!

Jinzo destroyed Feral Imp but Eli's life points are safe for now.

Eli: My move and I'll start by summoning Magician Valkyria in defense mode and then I play card destruction, we get to discard the cards from our hands to the Graveyard and draw the same number of cards.

Both discard the cards in their hands to the graveyard and draw the same number of cards.

Eli: Then I boost her strength with Mage power giving her 2100 attack points, then I'll end my turn with three cards face down.

Schnizel: I summond The Legendary Fisherman and then I'll sacrifice him and Jinzo in order to summoned Tyrant Dragon!

Eli: Uh oh.

Schnizel: Now destroy his XYZ Dragon cannon!

Tyrant Dragon destroyed XYZ Dragon cannon and Eli is down to 2300 life ponts.

Nunnally: Oh no Eli!

Lincoln: Hang in there buddy!

Schnizel: That ends my turn.

Eli: First I summoned Kaibaman. Next I sacrifice Magician Valkyria to summoned Dark Magician Girl! And next I play the spell card Sages Stone when the Dark Magician girl on the field and Sages stone is played it automatically allows me to summon Dark Magicianl and finally I sacrifice Kaibaman in to use his special ability to summoned Blue-Eyes White Dragon!

Everyone now saw what kind of deck Eli is using but seeing his two Dark magicians and his Blue Eyes White dragon.

Gino: No way! Eli's deck is a combination of Yugi Moto and Seto Kaiba?!

Suzaku: Yep it is.

Lincoln: WOW No wonder Clyde and I can't beat him in a duel cause he has a combo deck of two best duelists!

James: Eli is full of surprises.

Schnizel: In that case I summon Lord of Dragons and play the Flute of Summoning Dragon so I can summoned two more dragons.

He summoned Luster Dragon #2 and Serpent night Dragon.

Schnizel: And now I'll have Tyrant Dragon destroy Dark Magician.

Eli: I activate my trap card!

He activated Magician Selection!

Schnizel: Magician selection? That protects your Dark Magician from my attack.

Eli: And send your lowest monster to the graveyard!

Lord of Dragons was destroyed.

Schnizel: Very clever but have a long way to go. *He suddenly notice Eli has Red eyes Black Dragon.* Red Eyes Black Dragon?! Where did that come from?!

Eli: With my second face down spell card Ancient Rule, it allows me to normal summoned a high level monster from my hand which was a gift from the king of games himself.

Lori: Whoa he has a Red Eyes Black Dragon too!?

James: He must've gotten the idea from Yugi's time in battle City.

Schnizel: *draws a card* Excellent I have what I need, now I play my second Polymerization to fuse my three dragons with the ones I have in my hand to form the Five-Headed Dragon.

Eli: That's not good.

Schnizel: When it's first summoned it destroys all monsters on your field.

Eli: Not so fast, I play my third trap card Negate Attack.

It cancels the attack.

Schnizel: Impressive but you should know one thing. The Five-Headed Dragon cannot be damaged or destroyed by monsters of Earth, Wind, Fire, Water and Darkness.

Suzaku: That only leads to monsters of Light.

Lana: And Eli only has Blue Eyes White Dragon as a Light monster!

Eli: My draw.*Draw a card.* Now I play one car fave down and I summoned Swift Gaia the Fierce Knight. Next I play my face down Black Luster Ritual tributing Dark Magician Girl with Gaia so I can Ritual summoned the Black Luster soldier. Then I play the spell card, Card of Sanctity we both draw until we have six cards in our hands.

They drew till they have said number of cards.

Eli: Excellent I play Polymerization and each of my monsters are gonna fuse with the ones in my hand. First I fuse Dark Magician With Buster Blader to become Dark Paladin! Next I Red Eyes with Summoned Skull in my hand to become the Black Skull Dragon! And finally fusing Blue-Eyes with the ones in my hand to form Blue-Eyes Ultimate Dragon!

James: WOW! Eli is on fire!

Lincoln: With three powerful fusion monsters!

Schnizel: That's nothing my Five headed Dragon is still powerful.

Eli: *Thinking* He's right even if Dark Paladin have 2900. (Out Loud) Then I play my second Polymerization fusing my Blue-Eyes Ultimate Dragon with Black Luster Solder to become the Dragon Master Knight! Now see its awesome power!

The Dragon Master Knight attack point increase to 5500 attack.

Eli: The Dragon Master Knight gains 500 point for every dragon I control, now Dragon Saber Blast!

The Dragon Master Knight destroys the Five Headed Dragon but Schnizel is still standing.

Schnizel: Good thing I set that face down card. It called Deal with Dark Ruler.

Eli: Deal with Dark Ruler?

Schnizel: If my high level monster is sent to the graveyard I can summon Berserk Dragon.

He had summoned BERSERK DRAGON!

Schnizel: Next I play the spell card Revoke Fusion on your Dragon Master Knight.

It turns back into Black Luster solder and Blue Eyes Ultimate Dragon.

Eli: My draw. *Draws a card* I play the trap card Gift Of The Mystical

Elf, giving 300 life points for each monster on the field.

*His life points went up to 2300.*

Eli: Next I Sacrifice my Blue-Eyes Ultimate Dragon to summon the Blue-Eyes Shining dragon!

He summoned THE BLUE-EYES SHINING DRAGON!

Eli: With every dragon in my graveyard my Blue eyes Shining dragon gains 300 attack points giving him 4500 points. Now go Shining Nova to destroy his Berserk Dragon!

Blue Eyes Shining Dragon destroys his Berserk Dragon and goes to the graveyard.

Eli: And with that I'll end my turn.

Schnizel: Now then.*Draws a card.* I play my Card Of Sanctity so we both draw until we have 6 cards in our hand.

One again they both now have 6 cards in their hand.

Schnizel: Next I play the Spell Card, Painful Choice. It allows me to show you the cards in my hand, I let you chose one I keep while the rest go to the Graveyard. *He shows his cards in his hand.*

HE HAD ALL FIVE PIECES OF EXODIA THE FORBIDDEN ONE!

Eli: What the?! Those are the five pieces of Exodia the Forbidden One!

Schnizel: That's right I have all five Exodia cards. I know how the former master Seto Kaiba was beat by Exodia.

Zero/Lelouch: *Thinking* I remember my brother beaten me with Exodia so did Eli.*

Eli: I'll let you keep the right hand.

Schnizel: Then the rest go to the graveyard. Finally I play one monster face down in defense mode, then I end my turn by playing the Card of demise it let's my draw five new cards from my deck, but if I don't use them in five turns, I'll lose them in five turns.

Eli: Black Skull Dragon, Molten Fire Ball attack on that face down monster!

Black Skull Dragon destroy was actually the right arm on Exodia.

Eli: Exodia's Right Arm?

Schnizel: Excellent, now I can play my spell card contract with Exodia.

Eli: What does that do?

Schnizel: First I need all Exodia cards in my graveyard to play this spell card so I can summoned Exodia Necross.

Exodia Necross is summoned.

Eli: A black Exodia?!

Zero/Lelouch:*Thinking* Is looks… like Exodia!

Eli: But it only has 1800 attack point.

Schnizel: Don't judge a monster by it's attack points. Now Exodia Necross attack Dark Paladin!

At Exodia Necross attacks Dark Paladin it didn't get destroyed.

Eli: It's not destroyed?!

Schnizel: Exodia Necross is powerful as long as all five Exodia cards are in my graveyard. This card gains 500 ATK. Destroy this card unless all 5 of these cards are in my Graveyard - "Exodia the Forbidden One", "Right Arm of the Forbidden One", "Left Arm of the Forbidden One", "Right Leg of the Forbidden One" and "Left Leg of the Forbidden One".

Eli: That's insane! Exodia is still powerful even if they're in the graveyard!

Schnizel: *Draws a card* Now I end my turn.

Eli: *Draws a card* Oh yeah I know what to do! I play the spell Soul Release and it removes five cards from either players graveyard and I chose your five Exodia cards to be removed!

Schnizel: WHAT?!

The five cards are removed.

Eli: Next I tribute my five Exodia cards so I can summon Exodia Incarnate!

He summoned Exodia Incarnate!

Schnizel: Impossible!

Eli: Exodia obliterate!

Exodia destroys Exodia necross.

Eli: My turn is over.

Schnizel: Now with these five monsters in my have with five attributes I can link summoned the Five Headed Link Dragon.

The Five-Headed Link Dragon is summoned . .

Eli: A new dragon?!

Schnizel: Yes and without the Five Headed Dragon, you can hope to defeat my new one.

Eli: I still believe in the heart of cards.*Draws a card.* Now prepare to experience a power like no other! I sacrifice Exodia Incinerate, Black Skull Dragon and Black Luster Solder! In order to summon the Egyptian god Obelisk the Tormentor!

Obelisk is summoned. .

James: HOLY COW!

Lincoln: Not only doe he have Exodia but he has an Egyptian God card too?!

Zero/Lelouch: *Thinking* When did he get an Egyptian God Card?!

Schnizel: But it's still no match cause my Five headed Link Dragon has more attack point then you But just in case I play Invigoration increasing it's attack point by 400.

Eli: My turn and I play Premature Burial which allow to bring back XYZ Dragon Cannon by the cost of 800 life points.

XYZ Dragon cannon is brought back.

Schnizel: Why bring you machine back?

Eli: It's simple as a combination of three monsters I can sacrifice it.

XYZ Dragon cannon is sacrificed.

Eli: "Almighty protector of the sun and sky, I beg of thee, please heed my cry. Transform thyself from orb of light and bring me victory in this fight. I beseech thee, grace our humble game. But first I shall… call out thy name, Winged Dragon of Ra!"

The Winged Dragon of Ra is summoned!

Lori: Another Egyptian God?!

Luna: No way dude!

Eli: I'll end my turn with on card face down.

Schnizel: I play Megamorph that double my dragon's attack points. Now let's see if your two Egyptian God Card survives.

Eli: First I summoned Kuriboh.

Kuriboh is summond.

Leni & Lori: SO CUTE!

Eli: Next I play the spell card Fiend Sanctuary. It summoned a metal fiend token!

Schnizel: *Thinking* Is he thinking what I think he's thinking?

Nunnally: *Thinking* Does that mean he has one more Egyptian God card?

Eli: Now I sacrifice Kuriboh, my metal fiend token and my Dark Paladin to summoned the all mighty, Slifer the Sky Dragon!

Finally came Slifer the Sky Dragon. He had ALL THREE OF THE EGYPTIAN GOD CARDS!

Rita: Unbelievable!

James: He played all three Egyptian Gods at once!

Eli: Next I play double spell, by dicarding one spell card from my hand to the graveyard I can select a new one from your graveyard and I chose Polymerization. Fusing Slifer and Ra into Solar Dragon of Aten!

Slifer and Ra became Aten

Schnizel: A fusion of two Egyptian Gods?!

Eli: Now my Solar Dragon of Aten destroy his Link Dragon!

As Solar Dragon of Aten blasted it.

Eli: Now Obelisk the tormentor attack Schnizel's life point now!

Obelisk punches Schnizel with his fist of fate and Schnizel's life points went down to zero.

Lincoln: Eli did it! He won!

Everyone in the party was shock that one of the Britannian prince was defeated.

Suzaku: Eli… defeated… Prince Schnizel…

Zero/Lelouch: *Feeling jealous* Eli… he surpassed Schnizel?!

Kallen: That's… Amazing!

Lincoln: Wow Eli you're so awesome with those Egyptian God cards!

Lana: And having a combo deck of Yugi's and Kaiba's!

James: You got what it takes to be the next king of games!

Eli: Thanks guys and I believe our work here is done.

Schnizel: Wait, next time we face each other let's do it in mobile suits.

Eli: Fine by me.

Gino: Wait before you go, you get an reward.

Eli: Really? what would that be.

Gino: You get to kiss Nunnally on the cheek!

Eli: Eh?!

Lincoln: Go on buddy you can do it.

Eli: *Sigh* Alright.

As Eli approaches Nunnally, putting his hands on her cheeks.

Lola: Hey you don't think this is Nunnally's first kiss do you?

Zero/Lelouch & Suzaku: WHAT?!

As Eli is about to kiss her on the cheek…

Suzaku: WAIT ELI! *He slip on Nathan's banana peel and push Eli, which made him kiss Nunnally at the lips.*

The two back away and blushed as Lincoln's sisters squee out of excitement.

James: That's my bro!

Eli: *Thinking* Hope Lelouch doesn't kill me for this.*

Odysseus: Have no fear.

Tianzi: That's right. I'm marrying this man tomorrow. And once we're married I'll be leaving the forbidden city with him. I will go to Britannia as a hostage. Never dreamed this was how I would finally reach the outside. It would be my first, and last time. I won't be able to return here again, will I? I… I…

The scene change to the wedding which was interrupted.

Xingke: We ask this question, by the voice of heaven, the roar of the land, and the hearts of the people: How does this marriage represent the will of the Chinese Federation?!

At Ashford Academy.

Shirley: Terrorist?

Rivalz: No I think they've got a coup d'etat going on.

James: Times to make our move!

Louds: Right!

High Eunuch: Xingke, have you lost your mind?

Xingke: Be silent, Zhao Hao! In the name of my fellow country men I challenge the legality of this wedding!

Soldier: Hold him back!

Xingke: *Thinking* :It's strange. As much as I pray to save my starving people I can only think about Her Majesty's welfare. Right now, I must…

High Eunuch: Cut off the broadcast!

Announcer: This is a terrible situ…

Rivalz: Oh, no! What about Milly!

Kallen: Lady Kaguya, let's get out of here.

Nina: What…

Cecile: Let's go!

Suzaku: All right.

High Eunuch: Seize him! We can't let anything happen to the Britannians. Otherwise it'll be disastrous!

Soldier: Traitor! You think the empress belongs to you and no other!

Xingke: *Thinking* That's right. I have no idea what my action is in accordance with Her Majesty's wishes. She may not even have the faintest memory of what occurred six years ago. But no matter… I made an everlasting promise to Her Majesty in return for sparing my life! A vow I sworn in my heart! I must… I must save the empress! I will take her to the outside world!

Tianzi: Xingke! Xingke! Xingke! Xingke! Xingke!

Xingke: *Thinking* She does. She remembers! In my heart, there is no more doubt!

Tianzi: Xingke!

Suddenly Zero appears behind Tianzi.

Lelouch/Zero: I appreciate this, Xingke. You've made it so much easier for me to make my move.

High Eunuch: Oh, that man, too?

Xingke: Zero, what is the meaning of this?

Lelouch: Don't move! *Point a gun at Tianzi.*

Kanon: What a wretched coward!

Schneizel: Zero, my warning fell on deaf ears.

Xingke: I thought the Black Knights owed us what we did for them in area Eleven.

Lelouch/Zero: Which is why I'm ruining this wedding. Exactly as you people wanted. The only thing is I'm taking the bride with me!

Tianzi: Xingke!

Xingke: You Majesty! You filthy scum!

Lelouch/Zero: Oh am I?

?: Not so fast Lelouch!

Eli came with Shining Gundam.

Xingke: That must be Neo Japan's Shining Gundam!

Zero: Eli?! Here?!

As Shining Gundam picks up Tianzi and carry her off with Shining Gundam while Xingke smiles, knowing she's in good hand with Eli. As Shining Gundam goes to where White Base is.

Tianzi: Excuse me but could you put me down please?

Eli: *Notice heat signals* Your highness sorry about this. *Opens his cockpit and put Tianzi inside with him.* Wow this is a complexly amazing dress.

Tianzi: Hey you're that little boy who defeated prince Schnizel in duel monsters.

Eli: Hang on, just hold that thought.

As two Knightmares frames from Britannia approaching them.

Pilot: Pilot of the Shining Gundam land immediately, I repeat land immediately!

Eli: No can do. *He pulls out a beam saber and slices their wings.*

They saw the White Base.

Tianzi: Is that White Base from the one year war?

Eli: Yep.

As Shining Gundam goes inside the ship and lands. Tianzi gets a welcome from Eli's friends.

Tianzi: You're the people from the party who're with Eli.

James: I'm James Dean and I'm his older brother.

Lincoln: And I'm Lincoln Loud and this is my family.

Tianzi: Two boys and ten girls?

Lincoln: Yep.

Eli: Listen the reason why we took you with us is because the Chinese Federation has a traitor who was responsible for forcing you to be married.

Tianzi: My country has a traitor?

Sai Saici: That's right.

Tianzi: Sai Saici you're here?

Sai Saici: Not only me.

Wufeu appeared.

Eli: Everyone this is Wufei Chang the pilot of Altron Gundam.

Tianzi: Wufei.

Lana: Guys we have a Knightmare frame coming.

It was the Guren Flight-Enabled Version carrying Kaguya.

Eli: It's the Guren, Kallen is here and she brought Kaguya with her.

Kallen: It's alright, I'm only here to drop Lady Kaguya off because she wants to see the empress.

Eli: Alright then.

They meet her at White Base's doc.

Kaguya: *Got off* Thanks Kallen.

Kallen: Eli keep those girls safe will you? *Flies off.*

Eli: We will.

James: You got that right.

Kaguya: Your Majesty?

Tianzi: Huh?

Kaguya: Is Li Xingke the one you'd really like to be married to?

Tianzi: Huh? Oh, no. He just made a promise…

Kaguya: As your fiance?

Tianzi: Well I, I told him I wanted to go outside six years ago.

Kaguya: It was that long ago? He must be destined for you!

Tianzi: You, you think so?

Kaguya: That's great!

Eli: That guy who interrupted the wedding?

Kaguya: Yep that's him.

Eli: Come to think of it, Sai Saici told me about him.

Lori: Well he looks perfect to be with the empress.

Eli: Then it's time we set course to the Chinese Federation and expose the traitors!

Everyone: Right!

They get White Base moving and headed to the Chinese Federation, on their way they heard Kallen and he Guren were captured.

Eli: *Gasp* Kallen… !

James: Don't worry bro, we'll get her back!

Eli: Alright let's get our Gundams!

Eli gets out his Shining Gundam, James gets out his Phoenix Gundam

Sai Sichi and his Dragon Gundam and Wufei and his Altron Gundam.

They launch out but the time they saw Xingke been double crossed by the High Eunuchs.

Tianzi: Stop it! *Ran outside of White Base*

Kaguya: Your Majesty!

Lelouch/Zero: Noblemen, you're bureaucrats, paper pushers who know nothing about noblesse oblige!

Tianzi: Please stop it! You have to stop all this fighting!

Black Knights: You can't go out there now!

Kaguya: I have to. Out of my way, I have to go after the empress!

Xingke: Your Majesty! *He got hit* What… my wing!

Gino: You let yourself get distracted.

Tianzi: This is wrong. All of it! All of it!

High Eunuch: Do it now. Fire on the empress.

Soldier: We hear and obey.

Xingke: Hang on, Shen Fu. My life is yours. Take it if you must. But save the empress! *Protects Tianzi from the black with his machine* Run away, Your Majesty! Go now!

Tianzi: Xingke!

Xingke: You finally made it outside of the city. But you haven't seen any in the world yet. I will defend you here.

Tianzi: But without you I still… Xingke, it has to be you and I together, it has to be!

Xingke: Your words are wasted on me, Your Majesty. However…

The the Chinese ship.

High Eunuch: Intensify the attack. Don't stop until you crush the Shen Fu!

Hong Gu: Scum! This can't end like this!

Xingke: I can't save you afterall. I can't protect you. For six years, everything I've done has been to fulfill my promise to you. Someone do it. I don't care who! But please, someone save her!

Lelouch: Very well. I understand. Wish is granted. *Bring out the Shinkiro*

James: Did you see that?!

Eli: It's just like the Gawain.

High Eunuch1: Ah, what is that Knightmare?

High Eunuch2: It's not only protecting the empress but Xingke as well?

Lelouch/Zero: I ask this of the Chinese Federation and the Britannians. If you wanna keep fighting, are you prepared for the consequences?

Suzaku: Zero? He's come to the front line himself?

Xingke: Zero!

Tianzi: But why would he…?

High Eunuch: Why are you stopping? All units, wipe them out!

Lelouch/Zero: So be it! I gave you your chance. Let no one forget that! *He blasted the troops all at once.* Eli I leave some for you.

Eli: Right! *As he and his friends took them down with their Gundams*

Cecile: Lloyd, you know what that is?

Lloyd: Yes, we may have lost this one.

Nina: Using the Gawain's Druid System to generate that shield! I can't believe it! What kind of scientist worked it out?

Rakshata: Knightmare frame Shinkiro. Its Absolute Defense Field is the strongest protective shield system in the world.

Anya: This could be a problem.

Gino: What are your orders, Prince Schneizel? If we fire the empress will…

Kanon: We could just hang back and wait them out.

Schneizel: There's something strange about this. Why did Zero choose this time to show up in front.

Lelouch: How pathetic, Xingke. You're betrayed by your own country men. And you couldn't even save one little girl. Do you get it now? You need me. I'm the only ally you can rely on.

Xingke: I'll never be subordinate to you, Zero.

Lelouch: Subordinate? No. You have the potential to lead your entire nation. They need deliverance. Your empress and all the helpless people of the Chinese Federation. They're crying out for it.

Xingke: Do you think your Knightmare can turn the tide of this battle?

Lelouch: Not at all. The tide of war is determined by strategy not tactics.

Soldier: Emergency alert. Riot's broken out in Shanghai. Along with Anguirus there.

High Eunuch5: Street riots?

High Eunuch6: They are rioting? In Shanghai?

Soldier: It's not just Shanghai. Shou Xian, Beijing, Burma, Jakarta, Islamabad and there're 14 other areas we're still confirming. People are rising up everywhere.

Nina: Rebellions breaking out simultaneously?

Cecile: Yes. They're broadcasting the communication between Zero and High Eunuchs.

Kanon: Communication? So they were conspiring without informing us.

Schneizel: Can you run it?

Cecile: Yes.

High Eunuch: The empress is merely a system.

High Eunuch: There are plenty of others to replace her.

Lelouch: And what about the common people you sworn to protect!

High Eunuch: Zero, when you walk down street, do you worry about stepping on the ants?

High Eunuch: Indeed, masters and commoners will always breed.

High Eunuch: Like insects.

Eli: He exposed them!

James: Yes!

Lelouch: Thanks to the empress, the High Eunuchs are now firmly cast as the villains.

Xingke: You mean, you planned on their betrayal?

Kanon: He couldn't have caused this. It's happening too fast.

Schneizel: Unless he made use of someone else's plan already in place.

Lelouch/Zero: Correct. I've stolen other strategy of yours as well. We start a coup and the people rise up.

Tohdoh: In other words, we're not trapped here without reinforcements!

Diethard: We do have reinforcements. The starving masses of this land are the backup we needed!

Chiba: Then we could take offensive and strike!

Anya: The Black Knight are to be annihilated.

C.C: She's just as tough as I expected. No!

Suddenly came a great geass presence between the two.

Anya: What is this?

C.C: So that's what you did.

Chiba: What's that?

Asahina: Now's our chance!

Suzaku: Anya, no!

Gino: This is the Tristan. I'm moving in to cover the Mordred.

Tamaki: Push them back now!

Soldier: Fools! Deploying their ground forces at this point in the battle.

Soldier: If we bomb them from the air, we'll destroy them.

Schneizel: No. We're withdrawing. Nations aren't dirt and they're not systems. They're people. The High Eunuchs have lost the people's support. They're no longer qualified to join us as representatives of the Chinese Federation.

Suzaku: Yes, Your Highness.

Britannia ship and the nights of the round leave.

Futaba: The Avalon and the Knights of the Round are withdrawing.

Lelouch/Zero: *Thinking* Yes, I thought that's what you do, brother. However…

Schneizel: What do you think the emperor would've done, Canon? Forget it. I was just musing a bit.

Xingke: So Prince Schneizel has abandoned you. So much for your titles.

Eli:Time for you to pay for your crimes!

James:We'll send you straight to hell!

High Eunuch: Don't hurt us. We'll give up our power, whatever you want…

Xingke: Still worried about your own skin?

Eli, James and Xingke slaughtered them

Lelouch: Where is Kallen Kouzuki?

Xingke: That's the Guren's pilot.

Xianglin: She was classified as POW and transferred out.

Lelouch: What?

Xianglin: The High Eunuchs handed her over as a favor to the Knight of Seven.

Lelouch: To Suzaku? *Thinking* So you're trying to take everything away from me. Even Kallen. But that's not going to happen. I promised that I come for her and I will. Nothing will stop me, not even you!

James: We'll get her back!

Eli: Actually we'll trust Nunnally to look after her as a guest.

James: Okay I hope you're right.

Xingke: So you're the former Black Knight member.

Eli: Yes and my name is Eli.

James: And I'm his older brother James.

Xingke: Nice to meet you, Sai Saichi has told me all about you.

Eli: Really?

Xingke: Yes. *To Tianzi* Is this all right for you?

Tianzi: Well, I was finally able to leave the Forbidden City. And now… I mean… this doesn't mean it's… beyond… it's just…

Xingke: I shall protect you in the future as well. Until the very end of time.

Tianzi: It's so strange. It's so happy… it's so happy and yet…

Eli: Let's head back to Ashford Academy.

James; Alright then.

The next day at Ashford Academy.

Lelouch: *Thinking* I told you not to behave like that. (Out Loud) Shirley, are you okay?

Shirley: Look, Lelou, about what happened with us yesterday…

Lelouch: Yesterday?

Anya: Morning Lelouch Lamperouge.

Rolo: It's Anya, the Knight of Six!

Gino: Hey, we've been waiting for you. You're the vice president, right? This is an honor.

Eli: Hey it's you two from the festival and the party.

Gino: You got me and I must say, you were really amazing with your deck after dueling Prince schnizel.

Eli: Thanks.

Rivalz: Don't be so formal.

Gino: Oh, right. Anyway, we've both just enrolled here in Ashford. And… while we are here we insist that our social status be ignored.

Milly: They said they wanted the experience of being ordinary student.

Rivalz: So I'm teaching them how to talk normal.

Gino: I am really looking forward to this, old man.

Lelouch: Right…

Eli:Oh boy.

Sayoko: Master Lelouch, I have your schedule for tomorrow.

Lelouch: Tomorrow?

Rolo: Sayoko made promises to other people without considering all the consequences.

Sayoko: I was instructed to maintain his interpersonal relationships.

Lelouch: It can't be helped.

Rolo: Quite careless for a female ninja.

Sayoko: I am a secret service agent. A 37th master of the Shinozaki school…

Lelouch: Sayoko! What's with this schedule?

Sayoko: Allowing for three hours of sleep, you have date scheduled with 108 girls. 14 of them are waiting for cancellations. And they've been on the wait list for six months.

Eli:Oh brother.

James:This is not gonna end well.

Sayoko: And that confirms your schedule for today. Since you have no classes pending I was able to fill all 24 hours. At 0800 you'll enjoy a homemade box lunch. At 0900 you'll visit the art gallery. At 1030 shopping. At 12 noon, you trip to the aquarium, and from there travel aboard the Shinkiro. Please go underwater until you're 400 kilometers from shore. You'll change clothes inside the cockpit and proceed to the Chinese Federation where you conclude trade treaty in Shanghai at 1500 hours. You are allotted 47 minutes to complete your business there. Then you'll return here to see a late movie at 2100 hours. At 24:02 you'll meet your next date for live show. And then…

At Ashford Academy.

Shirley: He's late!

Lelouch: Sorry, Shirley. I promise I'll make time later to explain all this to you.

Anya: You can start by explaining it to me.

Lelouch: Lady Anya.

Anya: There's something I want to ask.

Lelouch: Don't tell me I have a date with the Knight of the Round.

Anya: Same Lelouch?

Lelouch: That's a picture of me when I was still a prince back in the homeland. Of course, not. Remarkable rightness. But you know, I'm only a commoner…

Gino: Lelouch, old man!

Lelouch: What?

Gino: May I please go to your chess games with you? Only the underground ones where you bet.

Rivalz: When I told him how you gambled on your games he begged me to take him along.

Lelouch: Rivalz, I swear you're… Oh brother. They never quit, just give me a break already!

Student: He's running away!

Lelouch: Don't go ruining my reputation. I've got tickets for the late show in my room…

Rolo: Darn it, Sayoko. Lelouch is too frail for such a heavy schedule. And what's up with all these women. It's sort of like a medal prize.

Lelouch: Who did that? I said I wasn't running away. Shirley…

Shirley: So what lucky girl do you have date with this time? You not only gamble but you run around with other girls, too? Ah, you pathetic!

Lelouch: Wait a minute. It's just… I forgot. Here. This is for not explaining to you about it.

Shirley: Oh it's an apology? What? You think you can fix what you did by giving me some silly thing?

Lelouch: You've got it all wrong. I just wanted to apologize.

Shirley: An apology?

Lelouch: *Thinking* This is not good. I'm clearly doing something wrong and I don't know how to make it right. Damn it! If only C.C. was here to help me!

Milly: Attention everyone! I have decided on my graduation event! And I'm going to christen it Cupid Day!

Eli: Cupid day?

Lori: Good thing I have Bobby.

Ronnie Anne: And I have Lincoln.

Gino: That's well. But isn't it a bit early for graduation?

Milly: Well not for me. I'm repeating my senior year. I can graduate as soon as I earn enough course credit.

Gino: Oh, so that's how the education system works here.

Rivalz: Prez, are you really planning to graduate soon? Why not wait and do it with the rest of us.

Gino: Milly, my dear.

Rivalz: Madam president!

Gino: This Cupid Day of yours. What exactly is…?

Milly: You wanna know? On the appointed day, I'll have every student in this school wearing one of these hats. The boys will get this color. Then if you steal the hat of your target, put it on.

Anya: And then what?

Milly: By order of the student council president, me, those two will be proclaimed boyfriend and girlfriend!

Eli: Oh boy.

The next day everyone is wearing cupid hat including Eli's group.

Eli: Well it could've been wore.

Lola: Typical!

Milly: Now let's get this show on the road! Attention everyone. This is Milly Ashford speaking for the last time as student council president. My graduation event, Cupid Day, is about to begin. Oh, and before you start make sure you are at least two meters away from your target.

Shirley: *Thinking:Lelou, I don't care how hopeless you are. No, since you are utterly hopeless it's up to me to salvage you.*

Rivalz: Prez, you don't really wanna be engaged, do you? Deep down you want me to steal you away, right?

Milly: You should all be familiar with the rules. If you capture your target's hat put it on. Then you have to be boyfriend and girlfriend. I won't question how you obtain that. You are allowed to use teams or tools as well. Now before we begin I'll just say one thing. Any club that brings me the hat of both Lelouch Lamperouge and Eli in class 3-D gets their budget increase ten fold!

Eli: WHAT?!

Lelouch: What?

Shirley: Eli's hat? and Lelou's hat?

Rivalz: Prez, why?

Eli: I'm outta here!

James: Run Eli run!

As Eli runs away to around the gym.

Student1: Fire!

Eli dodged them.

Student2: No way!

Student3: Glamour squad, move in!

Student4: After all, Little Eli would be embarrassed to be in a group of girls who are older than him.

Student5: Yeah, we'll get him off guard.

Eli: *Holds out Clyde* Clyde shield.

Clyde: HEY!

Eli: Sorry Clyde! Now Shadow Clone Jutsu!

He made many clones.

James: Keep it up Eli!

Until Eli stops and saw Anya brought out her Mordred.

Eli: The Mordred?

Villetta: Knight of Six, my lady. This is an operations area of the O.S.I. Please withdraw your Knighmare at once.

Anya: This is wrong?

Villetta: Yes, very wrong.

Anya: Wrong.

Gino: I can see you guys still have a lot to learn around here, don't you? This is a school for commoners. Things like this take place all the time.

Student4: Look at that.

Student5: How disappointing. But I'm not surprise

Milly: I guess that's the end of gam

Sayoko: But it might have meant a little more this time around.

Milly: Huh? Yeah, maybe it did. A bit. Now for the next one, a duel between Eli and Lelouch in duel monster

Eli: That I can do.

Lelouch: Good cause I've been looking forward to having my rematch

Eli: You wanted a rematch, you got one! Cause it's time to duel!

All the students watch as Eli and Lelouch begin their duel.

Lelouch: I'll start by summoning the Familiar Knight in defense mode!

Eli: My turn and I play Queen's Knight in attack mode and now say good bye to your knight, Queen's knight attack!

Queen's knight destroyed Familiar Knight but it activate is special ability by summoning Rare Metal Dragon.

Eli: I destroyed your knight, I activate it's special ability, summoning a new beast in it's place.

Lelouch: And you're being so helpful because why?

Eli: By doing so I get to summon a new monster as, King's Knight. When those two knights are in play I can Automatically Summon my Jack's knight. Finally I play Polymerization to fuse my three knights into Arcana Knight Joker.

The knights fuse into Arcana Knight Joker.

Eli: Now I'll end my turn with one card face down.

Lelouch: Very well. *Draws a card* I summoned Armed Dragon level 3. Then I play the spell card Level Up so I can sacrifice him to summon Armed Dragon Level 5 and i play three cards face down. Make your move.

Eli: Alright then.*Draws a card* I summoned Ryu-Kishin Powered and I have Arcana Knight Joker to attack Armed Dragon!

Lelouch: Activate trap card! Negate Attack so the battle damage is zero.

Eli: Then I'll end my turn with one card face down.

Lelouch: Excellent now I summon X Head Cannon and I sacrifice Armed Dragon level 5 to summon Armed Dragon Level 7 and have is crush you Ryu-Kishin.

Armed Dragon Level 7 crushed Ryu-Kishin and Eli has 3800 life point now.

Eli: Now I am mad. *Draw a card* I summon Alpha The Magnet Warrior, Then I play Pot of Greed that let's me draw two cards. Now Arcana Knight Joker destroy his Rare Metal dragon!

Arcana destroys his Metal Dragon and Lelouch has 1800 life point now

Lelouch: I summon Medium Piece Golem and next I combine X head cannon with Y Dragon Head and Z Metal Tank from my hand to create the XYZ Dragon Cannon and finally I sacrifice Armed Dragon Level 7 to summoned Armed Dragon level 10.

Armed Dragon Level 10 is summoned.

Lelouch: Then I play my second face down card, Gift of The Mystical Elf, giving me 300 life points for every monster on the field. *Has 2300 life points.*

Eli: Now I play Mysticall Space Typhoon to destroy your face down card and next I play Card of Sanctity so we both draw until we have six cards in our hands.

Both has six cards in their hand.

Eli: Next I sacrifice Alpha with Beta and Gamma in my hand to summon Valkyrion the Magna Warrior!

He summoned Valkyrion.

Lelouch: My move and I summon V-Tiger Jet and combine him with W-Wing Catapult and finally combine it with my XYZ Dragon Cannon to become VWXYZ-Dragon Catapult Cannon.

The machines form into VWXYZ-Dragon Catapult Cannon.

Lelouch: Then I play 4 cards face down

EII: I'll play three cards face down and play Kuriboh in defense mode.

Lelouch: Now then I summon Cyber Phoenix Now I can use my Golem, my Cyber Phoenix and VWXYZ Dragon catapult cannon to synchro summoned Red Dragon Archfiend.

Red Dragon Archfiend is summoned.

Lelouch: And finally I use the spell Power Bond to fuse my three Cyber Dragons in my hand to become Cyber End Dragon!

Cyber End Dragon is summoned.

Lelouch: Now destroy his Knight Joker.

Eli: I activate Mirror force is deflect your attack right back at your monster.

The attack deflect back at Lelouch's monsters except Red Dragon Archfiend because Lelouch played Interdimensional Matter Transporter.

Eli: A trap card to save your Red dragon huh?

Lelouch: That's right once your turn is over.

Eli: Fine I'll end it by sacrificing Kuriboh to summoned Dark Magician girl. Then I play my face down card Sage's Stone! With Dark Magician girl on the field I can summoned Dark Magician. Finally I play Dark Magic Ritual by tributing my Arcana the Joker Knight to summon The Magician of Black Chaos.

Arcana Joker Knight is sacrificed and the Magician of Black Chaos is summoned.

Eli: And I'll end my turn equipping the Magician of Black Chaos with the Book of Secret Arts.

Lori: Eli literally has three dark magician.

Lily: Go Ewi!

Lelouch: My draw. I summon Saggi the Dark Clown. Next I'll use two tuner monsters in my hand with Red Dragon Archfiend to Synchro Summon Red Nova Dragon!

Red Nova Dragon is summoned.

Lelouch: Next I sacrifice Saggi to play White Dragon ritual to summoned Paladdin of White Dragon. Finally I sacrifice Paladdin to summoned Blue Eyes White Dragon.

Lincoln: He has a Blue Eyes White Dragon too?!

James: So his deck is a combo of Zane's, Chazz, Jack and Seto Kaiba!

Lelouch: Like I said, did Kaiba thinks he's the only one to possess a Blue-Eyes White Dragon. But first Red Nova Dragon attack Valkyria.

They attacked with the same attack point and both get destroyed.

Lelouch: I'll end my turn like that.

Eli: Fine then, I summoned Kaibaman and sacrifice him to summon my Blue-Eyes White Dragon. Then I sacrifice both Magician of Black Chaos and Dark Magician Girl to summoned the Sorcerer of Dark Magic!

The Sorcerer of Dark Magic is summoned.

Eli: Plus his powers are so might he can stop the activation of trap cards and destroy them.

Lelouch: Very clever. Now my move and I play polymerization to fuse the three Cyber Dark Monsters in my hand to summoned Cyber Dark Dragon.

They became Cyber Dark Dragon.

Lelouch: And I'll have it equipped with Cyber End Dragon in my graveyard for 100 points.

Eli: So that's why you send you Cyber End Dragon to the Graveyard.

Lelouch: Correct now I play another polymerization to fuse my Blue-Eyes with the two in my hand to become Blue-Eyes Ultimate Dragon.

The three became Blue Eyes Ultimate Dragon

Lelouch: Let's see how you handle against my three-headed beast.

Eli: I'll do the same thing!

Eli fuse his Blue eyes with his with his two to become Blue-Eyes Ultimate dragon!

James: Two Blue Eyes Ultimate Dragon!?

Eli: Next I'll play the spell card Double Spell, by discarding one card from my hand to the graveyard I can select a new one to yours and I chose Polymerization to fuse Dark Magician with Buster Blader in my hand to formed Dark Paladin!

Lelouch: Him again?!

Eli: Yes and thanks to his special ability he gain 500 points for every dragon in both fields and graveyards! Now attack his Cyber Dark Dragon.

He did so and destroyed it.

Lelouch is down to 3000.

Lelouch: My draw and I'll summoned lord of Dragon. Then I'll sacrificed my Blue-Eyes Ultimate Dragon to summoned the Blue-Eyes Shining Dragon

Eli: He has that too?!

Blue Eyes Shining Dragon is summoned.

Lelouch: With every dragon in my graveyard my blue eyes Shining dragon gets 300 points giving it 4500 point. Now Shining Neutron blast!

Blue Eyes Shining Dragon had destroyed Sorcerer of dark magic. Eli is down to 2500.

Eli: My turn and I'll sacrifice my Ultimate dragon so I can summoned my Blue Eyes Shining Dragon.

Now they BOTH have Blue-Eyes Shining Dragons.

Lelouch: Well then first I summon Spear Dragon and then I'll sacrifice my Spear Dragon and my Lord of Dragons to summoned Light And Darkness Dragon!

Light And Darkness Dragon is summoned.

Eli: I discard one card to summoned The Tricky, next I play the spell card Tricky Spell 4, giving me 4 Tricky tokens and then I sacrifice three so I can play Obelisk the Tormentor!

Obelisk the Tormentor is summoned!

Shirley: That Egyptian God card it's humongous!

Lelouch: An Egyptian God Card here and now?! Well in that case I'll play Megamorph and this doubles Blue-Eyes Shining Dragon.

Eli: Well here's something Obelisk the Tormentor requires two sacrifice.

Lelouch: What do you mean?

As the last Tricky token and Blue Eyes Shining Dragon are sacrificed, Obelisk turn bright purple. HIS POWER WAS INFINITE! ∞

Eli: When two monsters are sacrificed Obelisk's force becomes Infinite.

James: UNBELIEVABLE!

Lelouch: WHAT?! No I can beat you!

As Obelisk has Infinite attack points.

Eli: Attack with Fist of Fury!

As both Blue-Eyes Shining Dragon and Obelisk the Tormentor's attack collide but Obelisk's attack push further.

Lelouch: No! My Dragon!

As Obelisk destroyed Blue Eyes Shining Dragon and Lelouch's life point went to zero.

Eli: You dueled well Lelouch.

Lincoln: Yeah way to go Eli!

Leni: Totes that was amazing!

Becky: That's our little bro!

Carol: Got that right!

Eli: Thanks guys.

Lelouch: Eli, lets' have a rematch next time but this time it'll be a Gundam fight.

Eli: Alright then.

Milly: I guess that's the end of games.

Sayoko: But it might have meant a little more this time around.

Milly: Huh? Yeah, maybe it did. A bit.

Villetta: It's unusual to say the least that he would change plans like that.

Anya: Changed plans.

Villetta: Ah, I meant she. Shirley's plan apparently worked out quite well.

Milly: Lelouch, looks like you finally understand.

Shirley: You mean you did this for us.

Milly: 'cause you two really wear out my patients. Don't ever hesitate or student's day are coming to an end.

Rivalz: Prez, are you really graduating.

Shirley: Hey, prez.

Milly: What is it?

Shirley: Thank you for everything you've done here at school.

Student7: The last three years were so much fun.

Student8: You are the best president ever.

Student9: Thank you.

Suzaku: Madam president. Congratulations on graduating from Ashford.

Lincoln: Wait has anyone seen Eli?

Suddenly a music stage appeared and Eli with shades

Eli was singing awesome songs.

Luna: ROCK ON DUDE!

Sam: Go little bro go!

Then suddenly the music change and came Powerline!

He was singing Eye To Eye.

Sam, Lincoln and Luna join the dance with Eli.

Milly: And with that this girl is no longer avoiding the real world.

A few days later, Milly has taken up a job as a news meteorologist with the help of an agent, surprising everyone in the Student Council (of which Gino and Anya are now members.

Milly: *On TV* Hello everyone, how are you? My name is Milly Ashford. Beginning today, I'll be your go to girl for weather information here on the weather corner.

James: So she became a news meteorologist.

Eli: Just like Kumiko.

Lincoln: Kumiko?

Eli: My mom's college friend, as a matter of fact when my mom was an foreign exchange student in Japan she made fiends with three people. First is Misaki Ebihara Chiefer police and detective.

Lana: Wow that's awesome.

Lily: Poo poo.

Eli: And during the time before she adopt Akane and get her long lost daughter Koyomi back, she decided to be like an Aunt to me so that's why I always call her "Aunt Misaki."

Lincoln: Wow it must be excited to have such a cool aunt.

Eli: And it is, the second is Kumiko and to be honest she always reminds me Aerith but giving me support and giving me a home when Aerith and I were still separated and like Aerith she's ben like a second mom to me too.

Rita: Awwww that is so sweet.

Lynn Sr: She sounds perfect for you.

Eli: And finally there is Trisha and dare I say it but she's has taste for bondage, so much so that she build her own bondage modeling company called Bound Fantasies.

Rita: Oh dear.

Eli: But like Misaki she too likes to be like an aunt to me.

James: I bet with Godzilla's signal, they'll come anytime soon.

Eli: Yeah I sure would like to see them again.

Lincoln: And you will buddy.

Eli: Thanks Link.

Shirley: Hey guys.

Eli: Hi Shirley.

James: What's up?

Shirley: Well all of a sudden my memories came back.

Eli: Wait what?!

Shirley: I'm remembering now. I remember Zero. The one who killed my father, is Lelouch.

James: HE DID WHAT?! I'M GONNA KILL THAT SON OF A…

Eli:Wait! That was an accident!

James: Pardon?

Eli: Lelouch as Zero ordered Kallen sends a charge through one of the electrode's, sending a gigantic rockslide down the mountain. While the rocks devastate forces of all kinds on its way down, including Darlton, as well as forces in the city, to Lelouch's surprise.

Lori: So Shirley's father was caught in it!

Eli: Yeah.

Shirley: Lelouch was Zero. And coach Villetta was a soldier. And Kallen was one of the Black Knights. Then what about Nina? And the prez? And Rivalz? Is our school the weirdest place on earth?

Why is Nunnally now the viceroy? What are the lies and what is the truth?

Eli: Calm down.

Shirley: Sorry, anyway I'm on my way to the station to meet up with Suzaku. Wanna come?

Eli: Sure.

When they go to the station, they saw someone with shades

Suzaku: Shirley! Wait. It's just me. So what's wrong? Why would want me to come here?

Lelouch: Shirley.

Shirley: Lelouch.

Later they all walk.

Shirley: *Thinking* What do I do? I called Suzaku out here. But what should I say to him? Especially with Lelouch here.

Lelouch: Shirley, what kind of game are you playing? Or was it Suzaku who called her out here?

Suzaku: Rivalz told me that Lelouch has been here in Japan the entire time. Intelligence from the O.S.I. backs that up also. But… why don't I believe it.

Shirley: *Thinking* I have to tell Suzaku. He needs to know that Lelouch is Zero and he killed my father.

Lelouch: This is the boundary line right here.

Suzaku: The demarcation between the settlement and ghettos. We have to erase it.

Shirley: *Thinking* Hold it. What if these two are accomplices? To turn Area 11 back into Japan? That's it! They've been friends since way back!

Lelouch: What's the matter? Something wrong?

Shirley: *Snaps* No!

Lelouch: Shirley?

Shirley: Stay away from me! *She begins backing away from them*

Lelouch: Shirley! *Getting closer*

Shirley: You're both liars! You two are nothing but apparent fakes! I won't…*slips and falls off the ledge*

Lelouch jumps off and grabs her wrist, while Suzaku stays on and grabs Lelouch's foot, Eli grabs Suzaku, Lincoln grabs Eli and James grabs Lincoln and Shirley's shoes fell off!

Shirley: No! Let me go! Let me go!

Lelouch: Stop it! I can't lose you! I don't wanna lose you or anyone else in my life. Not one more person. Please. Shirley. Suzaku.

James pull everyone up

Shirley: Hey, you've done this once before, haven't you? You know that time back at school when you tried to catch Arthur.

Suzaku: Yeah, you're right.

Lelouch: I guess you're right, Shirley. We have done this before

Shirley: And Suzaku was always the one who pulls you back up.

Suzaku: If Lelouch's been the one on top both of us would've fallen.

Lelouch: You exercise nut. If you're gonna brag, you should've saved us before we fell.

Suzaku: That's ridiculous.*Thinking* Why am I laughing? After what Lelouch did to Euphie.

Shirley: I'm wrong. He is acting on his own. Lelouch is…

Lelouch: Oh, excuse me. *Leaves to answer his phone*

James: What do you think it is?

Eli:Maybe Rolo.

Suzaku: What's up? Is something wrong?

Lelouch: *Thinking* This is bad. With Suzaku here along with Eli

Suzaku: By your expression I'm guessing that wasn't a friendly phone call.

Shirley: Suzaku, stop that. My problem comes first, doesn't it?

Suzaku: Right.

Lelouch: Oh yeah. That's right. You two were waiting for each other here, weren't you?

Shirley: What's the matter. Are you jealous? Thanks so much, Lelouch.

Suzaku: Can't we just wait for a while? We should.

Shirley: C'mon! Let's go, Suzaku.

Suzaku: Wait. Hold on.

Lelouch: *Thinking* This area is about to become a battle field. And I can think of no safer place for Shirley than to be with Suzaku.

Suzaku: So what's this important thing you need to talk to me about?

Shirley: Um, well I'm… well, I'm in love with Lelou. But you hate him, don't you?

Suzaku: I liked him. At one time.

Shirley: And now? I thought something was wrong. For the two of you used be so close together. What happened? Did you have a fight?

Suzaku: I can't forgive him.

Shirley: Nothing is unforgivable, you know. In other words it only means you're not willing to forgive him. You don't want to forgive him. I forgave him. I chose to. A long time ago.

Suzaku: Shirley… What are you?

Suddenly Suzaku saw the smoke.

Eli: That doesn't look good.

James: Let's head there!

Louds:Right!

They head to the station.

Security1: Did you call the fire department?

Security2: In situations like this doesn't the army respond first?

Suzaku: Sir Suzaku Kururugi. I'm the Knight of Seven!

Security1: My Lord!

Suzaku: This might be an act of terrorism. So from here on, I'm taking command of all the perimeter police and fire fighting units.

Security: Right. Understood, My Lord!

Suzaku: And I want you to protect that young woman right over there!

Security: All units in position. Four teams on roof!

Shirley: Lelou…*Runs off*

Security: Please get into the vehicle, miss. It's the Knight of Seven's orders. Miss! Come back here!

Eli: Let's follow her!

James and the Louds: Right! *They follow Shirley*

Shirley: *Thinking* Hold on, Lelou. Don't worry. I won't leave you alone!

When suddenly they bump into Rolo

Shirley: Rolo

Rolo: Shirley, you're here!

Shirley: Answer me, Rolo. Do you truly love Lelou? Rolo, I love Lelou. But what about you?

Rolo: What a question? He's my only brother so of course I love him.

Shirley: Then you're on Lelou's side, right? Right? Please! Let me join you! I want Lelou to be saved, too! I can help you protect him! I wanna bring all the happiness back into Lelou's life! Then maybe he could be together with his sister, Nunnally.

Eli notice that Rolo is about to use his geass on Shirley so Eli quickly punched Rolo's right eye!

James: Oooh nice shot Eli!

Shirley: Eli what are you doing?

Eli: He was planning to take that gun off your hands and shoot you!

Shirley: What!?

Rolo: Well why does it always have to be Nunnally? I should be the only family for Lelouch!

Shirley: You're… jealous!

Eli: You're nothing but an impostor who's a trained assassin. Now with you, you have s black eye on your right eye, you're not gonna use your geass for a while!

Louds siblings: Yeah!

James: That's telling him!

Eli: Shirley you go meet up with Suzaku!

Shirley: But what about Lelouch?

Eli: Leave him to us.

Shirley: Alright. *She leaves to find Suzaku*

Eli: Now for you!

Rolo: You

Lelouch: Rolo stand down!

Lelouch came with Jeramia

Rolo: But..big brother?

Lelouch: I said stand down!

Rolo: *Sigh* Yes big brother.

Eli: *Notice Jeremiah* Jeramiah

James: Who's he?

Eli: Jeremiah Gottwald early on is an elite Knightmare Frame pilot and a member of the Purist Faction. He attended the Imperial Colchester Institute before joining the Britannian army. He is deeply concerned with their supremacy, jumping on the chance to use Suzaku Kururugi, an Eleven (Japanese citizen) made an Honorary Britannian, as a scapegoat for both avenging Prince Clovis' death and reinforcing the Purists' superiority in Area 11. He hopes to limit military service to Purists alone. Jeremiah was a guard at the Aries Palace when Empress Marianne was assassinated, and considers the incident his biggest failure. Afterwards, he transferred to Japan, the land that had apparently taken the lives of the Empress' two children Lelouch and Nunnally, in an attempt to redeem, he held the rank of Margrave in Area 11's military hierarchy. After Clovis's murder, Jeremiah takes upon the role of Area 11's Acting-Consul, but upon losing Suzaku Kururugi to Zero in a very public fiasco, Jeremiah fell into disgrace, and soon into mental instability when denied the opportunity to regain his former status. In fact, by episode 10, he became completely obsessed with capturing Zero.

Jeremiah: But now I have a new purpose, serving Lelouch Vi Britannia and Nunnally as an atonement for my previous failure.

Eli: I see

Jeremiah: And you must be the former Black Knight member am I right?

Eli: Yes and my name is Eli.

Jeramiah:Ah now I see. You're the pilot of the first original Gundam

Lelouch: And he now pilots the Shining Gundam. Now if you'll excuse us we'll be leaving.

Eli: And Rolo. If something happens to Nunnally or if you ever go near her I'll kill you!

James: Yeah so to hell with you!

Later Eli used his Chaos Freedom powers to free Milly and Rivalz from Charles's geass.

Milly: Eli what did you… wait I remember Lelouch had a little sister not a little brother.

Rivalz: That's right i remember too!

Milly: Eli what's going on?

Eli: Your emperor rewrote your memories now that he know Zero's identity.

Milly: Wait really then?

Eli: I'll tell you later, right now I have to do my friends.

Milly: Then be careful.

Eli: We will

Later in White Base.

Eli: Lincoln I got something for you.

Lincoln: What would it be?

Eli shows Lincoln the Freedom Gundam Flame Feder.

Lincoln: A Gundam!?

James: It's Kira's old Freedom Gundam.

Eli: Now upgraded to Freedom Gundam Flame Feder.

Lincoln: Thanks but… I'm not sure if I can handle piloting it like you with Shining Gundam.

Eli: Lincoln think about those Gundam games and the mobile suit simulator.

Lincoln: Wait they weren't just games, you were preparing me for this?

Eli: Yes.

James: Wow very clever Eli.

Eli: Thanks.

Rita: Our little boy's first Gundam.

Lynn Sr: Way to go son.

Lincoln: Thanks mom and dad.

Lynn: Wow you got your own Gundam bro.

The sisters hug him.

Eli: Now set course for Taklamakan Desert cause I getting the feeling who ever's Lelouch & Nunnally's mother's killer must be

there.

James: Alright then let's go!

White base heads to Taklamakan Desert and by the time they got there, they saw Lelouch in the Shinkiro and the Black Knights fighting the Siegfried piloted by V.V.

Bobby:What the heck is going on!?

Eli: I don't know but we're gonna fight out, James, Lincoln let's head out!

Lincoln: On it!

James: Let's do it!

The trio head out in their Gundams and join the battle.

Lelouch: I thought so! You surprised me, V.V. The observer becomes a perpetrator!

V.V: You know, I sort of liked you, Lelouch. Because you remind me of Charles.

C.C: I can't believe it. He's using the Siegfried unit here!

Lelouch: Get out of here! You're the one he's after!

V.V: Oh?

Eli:Hold it right there!

V.V.: Huh. *His Siegfried got kicked by Eli's Shining Gundam*

Lelouch: Eli didn't expect you to come.

Eli: Well thought I'd find some answers here.

Lelouch: And is that… the Freedom Gundam?

Lincoln: Yep but now called freedom Gundam Flame Feder.

V.V.: So Eli we meet at last.

Eli: I take it you're V.V.

V.V.: That is correct and you must be Lincoln Loud.

Lincoln: That's right and I'm ready to take you out.

V.V: Oh really? Well here's something you should know, I may look 10 but I'm actually 60.

Eli: WHAT!?

Lincoln: That's insane!

V.V: You see, my Geass has made me immortal.

Eli: Geass can do that.

V.V: It does the same thing to C.C. Also I'm the older brother of Charles.

Eli: His brother!?

James: Well I've been around for 75,000 years.

Lincoln: Wow really!?

Eli: Is that why you know my dad.

James: Yep but I'll explain later.

Eli: Right now then.*To V.V.* Give me one good reason why I shouldn't rip you apart.

V.V: I can give you more than one.*Snap his fingers*

Then came a Gyaos swarm.

Eli: A swam of Gyaos then that means.

?: We're involved!

It was Grand King Ghidorah

Grand King Ghidorah: Long time no see Eli.

Eli: Grand King Ghidorah!

Lincoln: Godzilla Jr's arch nemesis.

Eli: That's him alright.

Then Gigan came!

Eli: Gigan!

Gigan: We heard about your return here to Japan and besides it was getting boring for us without you around especially it was boring for Metal Overlord too.

Lincoln: Who's Metal Overlord?

Eli: That will be told another time.

James: Alright.

?: Now nice to see you again Eli

Eli:That voice

It's the Decepticon, MEGATRON!

Eli: Megatron!

Megatron: How nice to see you again Eli.

Eli: So you guys knew about geass all along huh?

Megatron: Correct my boy.

Grand King Ghidorah: So we thought we can give V.V. some assistance.

Eli: So that's how V.V. knows me.

?: Need a hand Eli?

It was the Zyurangers!

Lincoln: Are they the Japanese version of The Power Rangers?

Eli: Actually this is where Saban got the idea of Mighty Morphin Power Rangers from.

Lincoln: WHAT!?

And came Gamera.

Along with Godzilla, Mothra and Mechagodzilla!

James: Sweet both Godzilla and Gamera are here!

Along with the Burning Gundam.

Eli:It's Burning Gundam!

Lincoln: That's Domon's Gundam after he give Shining Gundam to you!

Eli: Yep that's the one.

Domon: And I brought the autobots with me

Optimus Prime: Eli leave those guys to us, you go after V.V.

Eli: On it! Now let's go!

James & Lincoln: YEAH

Megatron: Constructicon merge for the kill!

The Constructivons form into Devastator.

The Battle was fierce and it raged on!

Jeremiah: Hold it right there, V.V.!

Rolo: Please, just surrender!

V.V: Who do you think you're talking to. You're just bunch of traitors, aren't you?

Lelouch: V.V., I swear I'll tear you out of that thing myself! All units, attack!

Jeremiah: Yes, Your Majesty.

Lelouch: That spinning shield is powerful!

V.V: Marianne's son is getting carried away with himself.

Jeremiah: That machine was made so that I could prove my loyalty!

V.V: Jeremiah, I thought that you had a personal grudge against Zero.

Jeremiah: I did. Because I thought he was a mere commoner preventing me from serving the loyal family. But now I know who he is and I know that by serving him, I am serving My Lady, Marianne.

V.V: Even you… You dare speak her name to me!

Eli: Marianne!

Lincoln: Who's that?

Jeremiah: She's the mother of Lelouch and Nunnally.

Eli: Ah so that's her name.

Lelouch: Rolo, can you get to the Siegfried somehow.

Rolo: I'm not able to use my Geass to do time stops on V.V.

Lelouch: You just need to grab onto the unit. I have a plan after that.

Rolo: Okay. I'll do my best.

Lelouch: Rolo, the bomb I planted on the Vincent is ready. It'll destroy the Siegfried and you in one blast.

Rolo: I have to try for big brother.

V.V: Now it's Rolo's turn. You've lied to me just like all the others, haven't you? Even knowing that your Geass won't work on me. Oh yeah.

Geass Order: Director V.V., we've finished preparations to escape with the research data. Shall we take it to the E.U. for now?

V.V: Yes, I'll join you after I finish things here. Now I know how to capture C.C. So all we need to do is escape and regroup. Then Charles and I can put an end to this for good.

Rolo: I just have to grab it.

Rolo uses his speed to latch onto one of the spikes. At the same time, the four men escape into an underground train with the research, intending to rebuild the Order in the European Union.

V.V: You're a failed experiment. Don't you know that? Your heart stops every time you use your Geass. That means you're defective. You could clog you up any moment.

Eli: What? His heart stops every time he use his geass!?

James: So that's his Achilles heal!

Rolo: Not yet! If I eject them!

V.V. uses this to this distraction to his advantage and cuts off the Vincent's legs. Despite this Rolo manages to grab onto the Siegfried, but an electrical charge suddenly shocks him.

Rolo: I've done it, big brother.

Lelouch: Well done, Rolo. Now it's time for goodbye.

Suddenly a series of cannon blasts suddenly fire at the Siegfried's only weak point, sending Rolo hurtling to the ground.

V.V: Who could know the Siegfried's only weak point?

Cornelia: So your name is V.V. You're mistaken when you treated me like an incompetent weakling.

Eli: Cornelia.

Lincoln: That's Euphemia's sister.

Eli: Yes.

Rolo: Forgive me, big brother.

Lelouch: No, it's all right. *Thinking* I never expected Cornelia to be here.* (Out Loud) The Siegfried's shields are all down. Direct attack!

A black Gundam appeared.

Lelouch: A Gundam.

Eli: A Black Wing Zero.

Lincoln: He has a Gundam too!?

James: Now this is bad!

Eli: I got this! Rider Kick! *Right at Black Wing Gundam Zero's face*

Lincoln:Good kick Eli!

V.V: However. *His gundam's face is recovering*

Eli: Self recover, the Dark Gundam effected V.V. with DG Cells!

Lelouch: What!?

V.V: That's right, I've met Master Asia during the 13th Gundam fight tournament and as use can see I have full embraced the darkness with my geass!

James: You're now a freak of nature!

V.V. flies up high into the sky and puts his twin buster rifles together and charged it up!

Eli: Everyone get out of there! Scatter!

Everyone scattered as V.V. fires his twin buster fired. After the blast

Eli was getting up but V.V. is in front of him.

V.V: Eli you got so involved in this even though you never excepted Geass. Perhaps I should tell you something that Lelouch or anyone from Britannia know. *Grabs Eli by the throat.* My little secret. *whisper at Eli* I killed Mariann

Visions of that incident came to him!

Eli: NO! *Punch V.V.* Murderer! They're mother! Your brother's wife! Your sister in law! And Nunnally your own niece! How could you!?

V.V: You go on and cause a scene in Area 11 and that's just fine. But when I killed your girlfriend's mother and basically left her as a cripple, you get all uppity about it. Talk about total hypocrisy.

Eli: Lisa activate a broadcast!

Lisa: Right!

V.V.: What are you doing!?

Eli: Activating a broadcast so Britannia, The royal family and even Nunnally are gonna hear this so tell them the truth!

V.V.: And what makes you I'm gonna- *Being grabs by the throat.* Urk! alright, alright! I did it.

Eli: Louder! So they can hear you!

V.V.: I killed Marianne!

Everyone was in shock and enraged.

V.V: I gave her a fair warning to not mislead my brother and what did she do? She misled my brother. So you see, she got what was coming to her.

Lelouch: If that's true the how did you see the look in my mother's eyes?!

Eli: MURDERER!

James: YOU ASSHOLE!

V.V.: Gyaos swarms kill them all!

Then all hell breaks loose.

James: Time for you to pay for your crimes!

Until suddenly they saw Shining Gundam glowing.

Lincoln: James did you see that?

James: Could it be…

Shining Gundam's shoulder pads opens, then the side shins open up.

Eli: V.V., mark my worlds well I will never forgive you, you murdering Lelouch and Nunnally's mom and taking away Nunnally's ability to walk… You will never be forgiven! *Turn super mode*

Lincoln: WOW!

James: That's Shining Gundam super mode.

Domon: He learned that from me.

Cornelia: Now you're going to suffer for what you did to Euphie.

Lelouch: The source…

Cornelia:… of Geass!

They fired at Black wing Gundam Zero.

V.V: It's no use. The Black Wing Zero is finished.

Eli: THIS HAND OF MIND IS BURNING RED! ITS LOUD CRY TELLS ME TO DESTROY YOU! (ECHOING) SHINING FINGER SWORD!

He slashed the Black Wing Gundam Zero and it exploded!

V.V: It's you, Lelouch. You an abomination!

As Black wing Gundam Zero crashed. But it turns out he survive the explosion but injured due to being immortal from geass.

Eli: Leave him to me.

James: Careful.

V.V: Lelouch, how dare you…

Eli pulls out a pistol with a special bullet as he fires it right at V.V. between the eyes, who stood still expecting to survive another bullet wound, but the gem works and turns V.V. into an old man.

V.V.: I see… Yes, I can finally die at last… Ah, I feel so heavy… [sighs] But I feel… I finally feel at ease. Do you understand? Do you understand? Do you…? [V.V. passes on]

Eli: Yeah, I understand… as if.

James: Good riddance!

Right when Lelouch arrived with the Shinkiro a stream of electricity identical to the one on Kamine Island suddenly engulfs the Shinkiro, Eli and his Shining Gundam, Domon and his Burning Gundam, Lincoln and his upgraded Freedom Gundam and James and his Phoenix Gundam but instead of a Geass illusion, however,the group end wind up inside the Thought Elevator.

Lelouch: Where is this place? It's not an illusion or hologram.

Charles: That is correct. And Knightmares are such inelegant things. Especially in the face of this system - the Sword of Akasha!

Lelouch: It's you!

Charles: Lelouch, my son. The time has come at last. The time for final redemption!

Lincoln: It's him the emperor!

James: No doubt

Charles: That is correct and we finally meet at last Eli.

Eli: The eyes of a tyrant I see.

James: And the same tyrant that will be taken down.

Charles: Gundams huh? That brings me back.

Eli: What are you saying?

Charles: Ah you see I too was once a gundam fighter.

Eli, James & Lincoln:WHAT?!

Domon: No way!

Charles: I'll never forget back at the 7th tournament as a young man I was known as Britannia's fighter until I lost to Shuuji Kurosu who would later be called Master Asia in the 12th tournament where I had my rematch against him but I lost again.

Eli: Japan is a country, not a colony for Britannia!

James: That's right you Hitler Wannabe!

Charles: Empires must expand or die! *To Lelouch* It's been a long time, Lelouch, my prodigal son.

Lelouch: Answer my question about 8 years ago! Why didn't you try to protect mother!? You knew the others were plotting against her! You knew everything!

Charles: People are not equal.

Lelouch: What?

Charles: You have a unique form of Geass. A power that no one else possesses. Use it. To get the answer from me.

Lelouch: *Thinking* He's baiting me, trying to get me to use my Geass on him. But if I look into his eyes… then he'll look into mine;

his Geass requires eye contact, just like mine does. So the moment I look, his Geass will take control of me and he'll alter my memories. … What do I do?

Charles: What's wrong? Are you not my son, a Prince of Britannia?

Lelouch: I have no time to make the wrong choice! (Lelouch proceeds to fire a missile that breaks the glass in the Sword of Akasha, allowing him to look into the glass that shows Charles' face, allowing him to use his Geass safely.) Lelouch vi Britannia comands you: And now, DIE!

Charles:… Very well. (Shoots himself in the heart.)

Lelouch: I won… I won. Nunnally… Mother… I-I did it… [Screams in a mixture of victory, anguish, and weariness.]

James: Good riddance.

Lelouch: I killed him. It was so easy. I had questions for a death he should've answered for. But now…

Charles: Oh? Who's? You're impudent, Lelouch. *Got up.*

Lelouch: You're alive? That's impossible. The bullet went through your heart!

Charles: Rotten schemes, deceptions… You really thought you could defeat me with those cheap tricks? You want the power of a king? Then have the courage to come at me like a king!

Lelouch: Die!

Charles: You think that's how a king does it?

Lelouch: My Geass isn't working!

Charles: You still do not understand? I am beyond the power of guns or swords now. No matter how you attack me it's useless!

Eli: He's immortal now?!

James: Oh crap!

Lelouch: *Thinking* He's become immortal, too. I can't win… There's no way I can win!

Charles: I've gained new power in place of Geass. A power that goes far beyond. And so Lelouch, behold and I shall show you the true nature of this world!

Lelouch: What is this? What is Geass? I want the truth!

Charles: How strange. A child who's wrapped himself in lies desires the truth from others.

Lelouch: What?

Charles: The false name and false mask of Zero. What has it gotten you!?

Lelouch: Everything! It got me all the things that ordinary people can never obtain! Followers! Territory!

Mask: You lost Euphemia. Suzaku or Nunnally are also lost to your lies.

Lelouch: Shut up! I did what I had to do. People lie to survive. No one is to blame us.

Mask: You want others to know your true self yet you only show them a false face. How can anyone know if you don't reveal yourself…

Charles: If you hide behind mask.

Mask: You are afraid that they'll find out who you really are.

Lelouch: No!

Charles: In the end your lies serve no purpose. Because you are me and I am you. All else is illusion. Though there are worlds without end, there is but one being in the past, in the future, and now, only one!

Lelouch: One? What are you saying?

C.C: *Arrived* Charles. Play time is over now. There's nothing in it for me now. No value in the games anymore.

Lelouch: C.C.?

Eli: C.C?

Lincoln: You're here too?

C.C.: Lelouch it's time you knew the conditions of our contract and what I desire. My wish is to die. To end my existence in all worlds forever.

Lelouch: But why? Why would you want to die?

C.C.: In the final stage of Geass the user attains the position of the one who granted them the power. Thus you have gained the power to kill me.

Lelouch: Kill you? C.C… C.C. Of all those I have made contracts with, none has ever reached that point. But now there's Charles. He has done it.

James: What is he saying?

Lelouch: You mean you made your contract with me so you could cease to exist?

C.C.: Correct.

Lelouch: But why would you want to die?

C.C.: It's providence, a boundary. Only when it's finite can we call it life.

Lelouch: That's wrong. We call it life because we feel it.

C.C.: Same thing. There is no life unless there is death.

Lelouch: That's just word play it's not real.

C.C.: People die. That's real.

Lelouch: Why are we born at all? What's the purpose of it? The meaning?

C.C.: You know the answer. Those things are all just illusions.

Lelouch: No. Living just to die is too sad.

C.C.: Without death all we have are random events. Accumulation. You can't call that life. If you have a reason for living then you have to kill me. Do that and you'll be Charles' equal. You'll finally be able to beat him. So fare thee well Lelouch. You're too kind to end our contract.

Eli: C.C…

Lelouch: Wait! You're…

C.C: Charles, why did you steal V.V.'s Code?

Charles: Is there any point in asking such questions? After all you are about to die.

C.C: I suppose you're right. *

Suddenly they saw a vision of C.C.'s past.

James: Just like me but I have lived for 75,000 years.

Eli: So that's why.

Lelouch: Am I? I couldn't really say.

C.C: I wonder if you're very important to me.

Lelouch: That's impossible.

C.C: Oh? The fact you were sent here means I wanted to try to save you from something or someone. The people who hated me, the ones who were kind to me, all of them eventually vanished into the flow of time. The endless flow of eternity.

Charles: But now your tormented days…

C.C: Yes, they're over now. My long journey ends here. Lelouch: C.C.!

Charles: You've opened it, Lelouch. The Thought Elevator.

Lelouch: I see it now. This room of existence is itself a system for interfering with thought!

Charles: Soon it will be over. Lelouch, sit where you are and watch!

Lelouch: Stop it! C.C. is mine. She's my… ! Tell me C.C., why didn't you make me take your place? You could've earned your death that way. Force me into your hell of eternal life! C.C., I wasn't out of pity, was it? Don't die looking like that! You should come to death smiling. I promise you to smile you never had! Please!

Something made C.C. stop in the process.

Charles: What do you think you're doing, C.C.?

Lelouch: You have stolen enough from me already, father! You won't have her, too! *Fires*

Charles: No!

Lelouch: I know what it was now. I understand what your Geass was! And I know your true wish! Come closer! Let me reach you!

Shining Gundam turns gold.

Lincoln: Whoa another transformation?!

Eli: (ECHOING) SHINING FINGER SWORD!

It destroy the place even though Charles is standing. As the gang got back to the real world.

Domon: He learn that from both me and our master.

It destroy the place even though Charles is standing. As the gang got back to the real world.

Eli: *Holding V.V.'s corpse in his hand.* He'll even corrupt V.V's fighting spirit into something evil yes… * cremates V.V. with a Shining Finger.*

Lelouch: Hey, we're back C.C. Wake up. I've already contacted Rolo. We'll use him to get out of here.

C.C: Who are you, sir?

Lelouch: What are you saying? We need to talk about the emperor and…

C.C: Are you… my new master? I can clean and help prepare food for cooking. I can also fetch water and tend cows and sew. I can read a little and count to twenty. Oh, I can even carry away corpses if you need that…

James: Her memories are wiped.

Eli: Let's go back to White Base.

Lincoln: Okay.

When they got back on the back in Japan.

Lori: Wow Little bro you were really awesome in in your Freedom Gundam Flame Feder!

Leni: Totes you were really amazing out there.

Lynn Sr: I'm proud of you son.

Lincoln: Thanks guys.

Eli: Now everyone meet Gamera.

Gamera: Hello it's a pleasure to meet you both Louds and Royal Woods.

Lana: Wow it's really Gamera the Guardian of the Universe.

Geki: And I'm Yamato Tribe Prince! Geki!

Goushi: Sharma Tribe Knight! Goushi!

Dan: Etoffe Tribe Knight! Dan!

Boi: Dime Tribe Knight! Boi!

Mei: Lithia Tribe Princess! Mei!

Lincoln: Wow so you're the people wear the suits before power rangers did.

Goushi: And my machine and partner is called Zyumammoth and it's actually a Mammoth, not a Mastodon.

Lana: WHAT?! Saban got their prehistoric animals wrong?!

Lisa: Correct cause here's a difference between a Mammoth and a Mastodon. .

Lincoln: She's right.

Mei: And my machine is actually called Pteranodon.

Lana: I can see that.

Geki: By the way Eli when saw Godzilla's signal of your return to Japan we brought certain people who wanted to see you.

Eli: Who would they be?

First it was the Itami family just Yuna, Suzu and Kyoko.

Eli:Yuna!

Yuna: Oh Eli it's so good to see you again! *They hug*

Eli: Everyone this is Yuna my baby sitter.

Rita: It's a pleasure to meet you three.

Luan: Looks like I have a fellow prankster.

Suzu: Pleasure to meet you Luan.

Yuna: You had to babysit two boys and 9 girls.

Lori: It may not be easy but I showed great leadership but soon I'll have to pass that to Leni when I go to college.

Next came Yuna's childhood friends, Saki, Mai, Haruka and Pandora.

Eli: Hi girls!

Haruka: Hey Eli good to have you back little buddy!

Mai: Welcome home Eli kun.

Saki: Bet you're doing well on your sword training.

Eli: Yep especially with Shining Gundam. *To the Louds, Casagrandes and their Royal Woods friends.* Everyone meet Yuna's childhood friends.

Me: Hello.

Eli: And this is Pandora Wakaba. Pandora is part of the group of Mikuru and Yue. She loves music, so much that her conversations and dialog consist of real music lyrics and it makes sense to the conversation… Try to find which song she is singing… she has an incredible power. How did she got it? not yet revealed.

Lincoln: Wow it's nice to meet a fellow gammer.

Clyde: Yeah we like to play games too.

Haruka: Same with Yuna and me!

Lisa: A pleasure to meet a scientist from Japan.

Mai: I'm more surprise that a 4 year old like you can be a scientist.

Lisa: I was born with a big brain.

Luna: Nice to meet a fellow music lover dude.

Pandora: *smiled*

Next is The Ebihara family Misaki, her adopted daughter Akane and her biological daughter Koyomi

Eli: Aunt Misaki!

Misaki: Eli! *Hugs him.* Welcome home my little Gundam nephew.

Akane: We missed you so much cuz.

Eli: I missed you three too.

Koyomi: I'm so happy you're back Eli.

Lincoln: So that's Misaki Ebihara?

Lori: She sure is beautiful.

Eli: Koyomi may be shy but she wants to be like her mom.

Misaki: There are two more who missed you.

It was Nanami Amano and Kumiko Shirafuji.

Eli: Kumiko! Nanami! *Hugs them.*

Kumiko: Eli you finally came home

Nanami: It was never the same without you.

Eli: I'm sorry.

Kumiko: It's okay, you came home and we're happy that you did.

Eli: Guys meet Kumiko the reporter I told you about and like Aerith, she has been like a mom to me too and this is Nanami who's been like a big sister to me.

Kumiko: Thank you for helping James to look after our little Eli

Lincoln: No problem.

Lynn Sr: Eli is like one of us.

Lana: Wait a minute does this mean… we have to say goodbye to Eli when this is all over?

James: I don't think so Lana.

Lincoln: Why did you say that Lana?

Lana: Well it's because… Eli might moved back with Kumiko.

Lori: Are really moving back Eli?

Eli: *Sigh* Yes… I am.

Darcy hug Eli with tears.

Darcy: *Crying* Please don't leave us big brother!

Eli: *Hugs Darcy* Oh Darcy even though I moved back with Kumiko, I'll always come to visit you.

Darcy: *sniff* You will…?

Eli: I will.

Lincoln: Wow James it's hard to believe that Eli is leaving us.

James: Well it's his decision, they're his family after all.

Later they see a broadcast from the Black Knight.

Kaguya: Finally, article 17 of the united states charter, all ratifying nations do now declare to abandon native military power forever. To guarantee the security of member nations have agreed to employ a fighting force not affiliated with any one country. They have contracted it to the Black Knights.

Lelouch/Zero: We hereby accept. Our acceptance also allows us for U.F.N. funding and personnel involvement. In return, we will become the shield to defend every member nation and its sword to oppose any external foe!

Schneizel: The option, right?

Tianzi: Disturbances in this world are caused by military powers of disparate nations. The U.F.N. shall only use military force in accordance with a full resolution by the supreme council.

Kaguya: And with that I shall put forth the first motion. Japan has been held by unjust foreign power and the U.S.J. have asked for our help to free them from this occupation. I request that the Black Knights be dispatched at once. All those in favor, please stand up. And so with overwhelming majorities, under U.F.N. resolution number 1, the Black Knights shall now go forth to liberate Japan.

Lelouch/Zero: So be it. Under U.F.N. resolution number 1, our first operational objective shall be Japan!

Tohdoh: Our Japan. And now we shall take it back!

James:Well we're on step ahead of saving Japan.

Suddenly this happens.

LELOUCH HAS DECLARED WAR ON THE ENTIRE WORLD!

James: If it's a war they want then it's a war they get!

Eli: He May be immortal but he's not a god. Even if he is one I don't give a crap, the last god I fought couldn't beat me at all and neither will him.

James: You said it bro!

Luna: Yeah rock on dude!

Eli: Right.

Suddenly the phone was ringing.

James: Your phone is ringing.

Eli: *Notice his phone is ringing.* Oh my phone.*Answer it Hello?

Lelouch: Eli… did you saw the broadcast too?

Eli: Yes… and Lelouch are you really…

Lelouch: Yes.. I am Zero.

Eli: I knew it!

Lelouch: Help me! Please save Nunnally. The emperor has been using her as hostage to try lure me into his trap. Don't you see? That's why I've had to operate in secret. Please Eli. You're the only person I can turn to now.

Eli: *sigh*… Alright I'll do it, I'll make sure Nunnally is safe in my group.

Lelouch: Thank you…

Rita: Was that Lelouch?

Eli: Yep and he wants me to save Nunnally as long as she's with us.

Lynn Sr.: Well that won't be a problem.

Eli: Wait I got another call it's from Suzaku. *Answer it.* Hey Suzaku.

Suzaku: Eli did you saw that broadcast?

Eli: Yes I did and my friends and I are ready to face that tyrant.

Suzaku: Then answer me with honesty is Zero really Lelouch?

Eli: Yes he is.

Suzaku: Then you, James and Lincoln meet me at the Kururugi Shrine. There's something I want to talk to you about.

Eli: Alright *Hungs up* He wants us to to meet him at the Kururugi Shrine.

James: Well let's do it.

Eli: Let's go.

Lincoln: Yeah!

They head to the Kururugi Shrine.

James: So this is the Kururugi Shrine.

Eli: Yep and it's also the place where Lelouch and Nunnally first met Suzaku when they were my age.

Suzaku came.

Eli: You wanted to see us?

Suzaku: Yes.

Lincoln: Well what is it?

Suzaku: I want say that the way you beat Prince Schneizel in Duel Monsters and made V.V. reveal himself as Lelouch and Nunnally's mother's killer… that was amazing and… it kinds made me jealous.

Lincoln: Hey we get like that sometime.

Suzaku: The Field Limitary Effective Implosion Armament (F.L.E.I.J.A.) is a "Heavy Strategic Anti-strongpoint Neutralize Warhead" developed by In Vogue under the leadership of Nina Einstein. Nina Einstein was also able to develop a countermeasure for the F.L.E.I.J.A. known as the F.L.E.I.J.A. Eliminator.

James: What's F.L.E.I.J.A.?

Suzaku: Initially under development in Ashford Academy by Nina Einstein, it was Nina's personal research on the possibility of using Uranium-235 as a viable source of fuel. Lloyd Asplund later took an interest and provided her with sakuradite to further her research. Following Princess Euphemia's death, she created a makeshift nuclear reactor fortified with sakuradite, intending to detonate it and take out all of Tokyo in a misguided attempt to kill Zero and avenge Euphemia. However, it failed to explode. After being recruited as the chief of the In Vogue development team, she continued her research into nuclear power; however, the earlier prototypes all failed to achieve her desired result. She eventually created her first working prototype, dubbing it F.L.E.I.J.A. She mounted the first one on the Lancelot.

James: A nuclear weapon!? That's insane!

Suzaku: If it's gonna fire get Nunnally in your group.

Eli: I will.

James: Leave that to us!

Eli: Before we go here take this feather and it will magically show you Lelouch's memories so you can get the truth, also listen to your heart and one more thing if i were you I would put the past behind cause no matter how you wanted revenge, no matter how much you want to kill Zero and no matter how much you hate Lelouch it won't bring Euphie back. *Leaves.*

James: He's right you know.

Lincoln: Yeah I had to agree.

Eli: It's time we get Nunnally in our group.

James & Lincoln: Yeah!

They head back to White Base.

Eli: Eli, Shining Gundam heading out!

James: James, Freedom Gundam launching!

Lincoln: Lincoln Loud, Freedom Gundam Flame Feder, let's do this!

The trios launch out. As the fly to the battle they saw Lelouch/Zero trapped by the Valkyrie squadron lead by Luciano Bradley the Vampire of Britannia Luciano Bradley | Code Geass Wiki | Fandom and his Knightmare Frame Percival Percival | Code Geass Wiki | Fandom .*

Luciano: Zero, face it. Your Black Rebellion is doomed to fail.

Lelouch/Zero: He sent another Knight of the Round?

Luciano: Here's a question. What do people value most? Answer: their lives. Of course.

James:Who's this clown?

Luciano:Well well well if it isn't the ex Black Knight member and his little rebel.

Eli:So you're another knight of the round like Suzaku, Gino and Anya.

Luciano:Indeed boy and I'm known as the vampire of Britannia.

Eli:Then that makes me Van Hellsing.

Lincoln:Good one Eli.

Lelouch: At this rate…

Luciano: This shield's the only good thing about your Knightmare. Valkyrie squadron, don't let him go. No matter what.

Valkyrie squadron: Yes, My Lord!

Lelouch: I'm in trouble! I used too much energy with the Mordred!

Futaba: Zero, do you read me, Zero?!

Lelouch: Where are my reinforcements?

Futaba: Tamaki will be there soon! But we've picked out a fleet over the Pacific!

Lelouch: What about it?

Tohdoh: Zero, it's me. It seems to be the Britannian emperor's flagship!

Lelouch: What? He's coming to Area 11 as well?

Eli: What?!

James: Oh great!

Tamaki: Let Zero go! Or you'll have to deal with me, Shinichiro Tamaki, his best bud… Damn it! This always happens to me!

Lelouch: Yes, now's my chance!

Luciano: Just what I was waiting for, Zero. To go to attack mode, to drop your shield. Now I will take what you value most and blow it away!

Lelouch: In this position I can't… Nunnally!

Suddenly appeared out of nowhere is Kallen and her now upgrade Guren. Who took out the Valkyrie squadron.

Valkyrie squadron1: Huh? They got me?

Valkyrie squadron2: Kewell!

Kallen: Be careful what you wish for, Vampire of Britannia.

Luciano: Really?

Lelouch: Is that Kallen?

Kallen: Zero, I'm here. Your elite guard Kallen Kouzuki is back on the battle line!

Eli: Kallen?!

Kallen: Hey little bro.

James: Is that your Guren?

Kallen: Yep all upgraded.

Soldier: Sir Bradley, you have permission to destroy the Guren.

Luciano: Irrelevant! Killing is all one should do on the battlefield. Eleven. Do you know the prime truth of the battlefield? Kill a man off the field, then you're a criminal. But killing 'em all on it and you're a big hero.

James: Oh shut up!

Kallen: So, the Vampire of Britannia wants to be a hero now. Is that it?

Luciano: No, not at all. War allows me to officially take what people value most. Their lives!

Kallen: Some knight. You're barely a scoundrel!

James: Eli is the real hero here.

Lincoln: Especially with that scar on he chest after risking his own life to save Maria.

Eli: Thanks guys.

Luciano: And now…

Kallen: And now what? *Kallen destroyed Percival's Quad-claw.* That's not gonna work.

Luciano: Ah, but now I've got you in close range.*Use the Head mounted slash harken but Kallen grab it.*What?

Kallen: Question. What do you value the most? Your own pitiful life?

Luciano: You think an Eleven can threaten me?

Kallen: Send a postcard. *Use the energy from the Guren's claw.*

Luciano: My life! My life is taken by a lowly Eleven? *Killed in the explosion.*

James: Goodbye and good riddance.

Lelouch: Good work, Kallen. Now get back to the government bureau and get Nunnally!

Suzaku: I won't let you!

Guilford: Suzaku Kururugi!

Gino: Easy now.

Suzaku: Kallen, stand aside!

Kallen: Forget it, Suzaku!

Suzaku: No, deflected? The hadron blaster?

Gino: Kallen, so in the end you chose the name Kouzuki over Stadtfeld.

Kallen: That's right. Which means you and I do battle once again. So should I be happy or sad about that, Gino?

Gino: What if we just enjoy?

Kallen: But I'm also Kallen Kasshu!

Gino: Suzaku, let me settle things with Kallen, okay?

Kallen: You won't be easy.

Suzaku: I'm sorry, Gino. This pilot isn't a kind of a pony you can mess around with.

Kallen: Go Eli Nunnally is waiting for you.

Eli: Right! *Eli fly to the building where Nunnally is.*

James: Good luck Eli!

Lincoln: We're routing for you!

Right when Eli picked up Nunnally with his Shining Gundam while Kallen's upgraded Guren is kicking Suzaku's Lancelot conquista.

James: Holy shit!

Lincoln: Eli look out!

Eli: Huh?

But suddenly Shadow appeared on Shining Gundam's shoulder.

Shadow: Chaos… CONTROL!

Shadow teleportd himself, Eli, Nunnally and Shining Gundam to White Base.*

Lincoln: Shadow saved them!

James: Let's meet them back at White Base.

Lincoln: Right!

They head back to White Base.

James: Shadow where's Eli?

Shadow: He's in bed after he passed out when I use Chaos Control. Nunnally is by his side.

They see Nunnally by Eli's side waiting for him to wake up.

Nunnally was singing and it was beautiful.

James and the Louds are in tears of joy.

Lincoln: [touched and driven to tears.] "That was the most beautiful thing I've ever seen."

Lori: That literally touched my heart.

Both Clyde and Sebastian were jaw dropped.

Eli: *Wakes up* N-Nunnally?

Nunnally: Oh Eli thank goodness you're awake.

Eli: What happened?

Shadow: I you and the group and Nunnally from that nuclear weapon that nuked Tokyo.

Eli: Thanks Shadow.

Shadow: Just returning the favor for saving Maria.

Eli: Anyway Nunnally welcome to our group.

Nunnally: Thanks Eli.

Lori: Hey Eli, Nunnally.

Lana: We saw the explosion. Are you guys all right?

Eli explains about the F.L.E.I.J.A.

Lori: That is literally powerful!

Girl Jordan: Unreal!

Carol: Wow!

James: No doubt.

Eli: No doubt the Black Knights and Zero still thought we're dead.

James: But you're not. Anyway what now. Anyway it's time i tell you about my Origin.

Eli:Let's hear it.

James: I was a caveman from 75,000 years ago that got bathed in a mysterious energy from a meteor that crashed landed and it made me immortal.

Nunnally: That long?!

Eli: So that's how you know my dad.

Nunnally: And that's why you became Eli's brother when he was an infant.

James: Yep and I had a duty to look after him for the pharaoh.

Eli: Anyway I think we should wait until Lelouch makes a move.

Nunnally: James when Zero screamed out my name it sound like he knows me so is he really… Lelouch?

James: Yep.

Eli: Yes… he is… I'm sorry.

James: Yeah.

Nunnally: Did his hatred towards our father really made him like this?

James: Yeah it did.

Lisa: Also I send out a micro bug chip to see what's going on after that event.

James: Really let's check it out.

Lisa: Here's what it record.

We heard what it was.

James:Geeze he really snap at Rolo but Nunnally is here with us. But at least this show how much he cares for you Nunnally.

Lincoln: He tried to kill Shirley but Eli stopped him by punching him in the eye.

Lori: He literally threatened Rolo that he'll kill him if something happens to you.

Nunnally: Eli hates Rolo that much?

James: He even planned to kill you Nunnally, that's why Eli brought you to our group plus Rolo is jealous of you.

Lisa: Also my micro bug even record Schneizel telling the Black knights, Zero's identity and Geass.

Eli: Now they know why I quit the Black Knights.

James: Yep they sure do.

Eli: Anyway wanna get some fresh air out outside Nunnally?

Nunnally: Thank you Eli I would love that.

Eli: Then let's do it.

They head outside of White base with a view of the sea.

Nunnally sang in a beautiful voice.

Leni: Wow what a beautiful voice.

Lori: She literally sound like Ariel.

Lucy: I can see a wedding of Eli and Nunnally in their future.

James: I'll be looking forward to that moment.

Lisa: Everyone my microbug is recording something!

James: Let's see it.

Lisa: Everyone my microbug is recording something!

We found out that Rolo sacrificed himself to save Lelouch.

James: Holy crap Rolo sacrifice himself to save Lelouch!

Eli: We need to get to their location!

James: Then let's go.

But when they got to their location all they find was Rolo's grave.

Eli: Rolo…

James: He really cared for Lelouch like Nunnally does.

Eli: After trying kill Shirley and try to Kill Nunnally out of jealousy he prove he's a human being in the end.

James: He sure did.

Eli: Lelouch no doubt must've gone after Charles.

James: Well what now?

Eli: We head back to the ship for now.

Later back at White Base.

Nunnally: Did you find him?

Eli: All we found was his grave… I'm sorry.

Nunnally: We would've become good friends cause we both care for our big brother.

James: Like Eli said he proves to be a human to the very end.

Lisa: Guys my microbug is picking up something on Lelouch's location!

James: Let's see it.

Lisa: C.C's world.

Lincoln: That place Eli, Domon, James and I were in?

Lisa: Yes.

The screen turn on.

Charles: God, hear me now! The time has come to settle this!

Lelouch: You're wrong. You lift your voice to call upon god. But it's not god you need to settle things with, Charles zi Britannia. It's me, your son!

Charles: And how will you challenge me? Neither gun nor sword will have any effect on me. Nor will the power of your Geass. Nothing you can do can kill me.

Lelouch: But I don't need to kill you. By coming to this parallel realm, you've already ensured my victory.

Turns out Lelouch activate bombs on the Geass doors.

Charles: You've sealed the exit?

Lelouch: Yes. You, I and the power of Geass are now sealed in this space together. And if you can no longer interfere with the real world, then all your plans will be meaningless in the end. You may as well be dead!

Charles: Lelouch!

Lelouch: The system which you created has become a prison which now holds your own soul captive. Now, let us repent. Suffering together for all eternity!

James: We need to get him out of there.

Eli: Wait let's see what happens next.

Lana: Um guys someone else is there.

The screen Suddenly came to C.C.'s world is Marianne.

Lelouch: Wha… it can't be… !

Marianne: My, Lelouch. How you've grown.

Lelouch: Mother?

Charles: Marianne. I see you've come.

Lelouch: Is this an illusion? You do this?

Marianne: No. It really is me, Lelouch. However I can only take on my original appearance while I'm present within this system.

Lelouch: It really is?

Nunnally: *Gasp* My mother… alive…?!

James: This must be a trick!

Eli: No… this is real.

Charles: Lelouch, I will now answer your previous question. Half a century ago, my elder brother and I existed in a hell on earth. Our family was just rivals competing for the throne. Assassinations occurred with regularity. Daily betrayal spawned by lies. Killing each other off. My own mother fell victim to it. My brother and I were sickened and angered by the world. We therefore both swore an oath. To create a world without lies.

Marianne: Both C.C. and I agreed to this as well. V.V., however…

---

Marianne: What did you call me for today? I cleared everyone out of here. I even had Cornelia withdraw.

V.V: Sorry to do this. Especially without Charles around.

Marianne: Is this about the Sword of Akasha?

V.V: Hm? Oh, no. This is only about Charles. Ever since he met you, Charles has been acting like a different man. It seems to me that you and he have come to enjoy learning more about one another. You realize that if this continues, the contract we made will never be fulfilled. I'll be left alone. From the beginning of time, it's always been the woman who's led the man astray.

Security: Lady Marianne.

Marianne: I told you to stay out of here.

That's when V.V. shot her and the two security men.

V.V: The job's done. Right. Begin the cover up. Maybe we can make Nunnally out to be the witness. It's imperative that this looks like it was the work of terrorists.

Marianne: *Narrating* Anya Alstreim. The young girl who had arrived a week earlier to be schooled in etiquette. My Geass power was to cross over into another person's mind. The power that had been dormant for so long activated for the first time as I was dying. I hid inside Anya to save myself from being killed by V.V. And then I realized. Realized that when my consciousness surfaced, I could communicate mind to mind with C.C. When she discovered the truth, C.C. left the directorship to V.V. And then disappeared.

Charles: *Narrating*I spoke with my brother about it, however…

V.V: I heard. What a tragedy. I shall miss Marianne.

Charles: *Narrating*My brother lied to me. After we had sworn to create a world without deceit.

Flashback end

Eli: That's insane.

James: It is a world without free will!

Eli: So Marianne use the geass to save herself by transferring her mind into Anya's.

Lelouch: How dare you! Don't try to pass off blame for everything on the dead? Nunnally and I, you sent us to Japan as hostages.

Charles: It was necessary!

Lelouch: Necessary for what? What kind of parent does that?

Charles: That's right. I sent both you and your sister to Japan to escape my brother's sight. That's also why I had Marianne's body secretly taken away.

Marianne: As long as my body still exists, there's the possibility that I'll be able to return to it.

Charles: Anya and Nunnally became witnesses. Therefore it was necessary to rewrite their memories in order to protect everything.

Lelouch: Nunnally? You mean her blindness isn't psychosomatic after all? But…

James:I knew there was something fishy about her blindness

Marianne: Even though she was a false witness, there remained very real danger she would be killed.

Charles: To ensure Nunnally's safety, proof was needed that would lead far away from the truth.

Marianne: The original plan called for only one immortal Code.

However, for research to progress, we had to have an additional Code. In other words, without C.C., we didn't have a 100% guarantee that it would succeed.

Charles: When Marianne was unable to persuade C.C. to help us, we were left with no choice. We were forced to use you, Lelouch.

Lelouch: Then, what was the point of me doing this?

Charles: These tragedies will no longer be necessary once the Ragnarok Connection is established.

Marianne: Masks will vanish. Then everyone can be exactly who they are supposed to be.

Nunnally: *Gasp* No…

Lelouch: I see. All of the battle and bloodshed between Britannia and the Black Knights was done just to lure out C.C. Well then… it seems that from the very beginning I was merely a nuisance. Just a ruckus in the world. And what you two think of all this?

Turns out C.C. and Suzaku enter C's world as well.

C.C: Did you already know that I was going to come here, Lelouch?

Lelouch: And that you regained your memories, too. It was necessary for this plan, wasn't it?

Charles: Precisely. Therefore I cannot see any sense in your coming here as well, Kururugi.

Suzaku: I'm sure you can't. I heard you're already immortal. That's why there's something I want know for certain. Why did you make this thing? For what reason?

Charles: Why. Because it's what Nunnally and Euphy both desired. They wanted a gentle world.

Lelouch: Now I see. It's obvious.

Charles: The time is here. C.C., since we are all assembled, the plan can commence now. I will grant your wish, after everything has been completed.

James: This is madness!

Ragnarok is about to begin with Geass symbols glowing and different areas of the world.*

Marianne: Behold! It's begun! The Sword of Akasha is slaying God.

Charles: Now once our marks of Geass become one, the old world will cease and a new world will spring forth.

Suzaku: Lelouch, what was your motivation for wanting to control the world?

Lelouch: Don't waste my time, Suzaku. You know it was Nunnally.

Suzaku: Are you just using her as your excuse?

Lelouch: That's for you to decide to believe or not.

Suzaku: If you're going to achieve that end, you need to take action.

Lelouch: Yes, the means to that end requires me to reject something. That… I… I reject you! And I reject everything you believe! Why do people lie? It isn't only because they struggle against each other! It's also because there's something that they're seeking. You now wanna a world without change. How stagnant! You could hardly call it life, the same as a world of memories. Just a world that's closed and completed. That's a place I wouldn't wanna live in.

Marianne: But Lelouch, are you saying you're rejecting me as well?

Lelouch: That depends. Is your desire the same as His Majesty's, mother?

Marianne: It will be so good to rejoin all the people from whom we've been separated. You can be reunited with those who have died. Even Euphemia.

Lelouch: As I expected. You both believe that this new world you envision would be best for all. But forcing your good intentions on others is no different from an evil act.

Charles: In time, the people will come to accept it.

Lelouch: That time will never come! Only one thing is undeniably certain. I understand now that what you did to Nunnally and me may have been done out of good intentions. But… the hard fact remains that you abandoned us in a foreign land!

Marianne: But we did that to protect you!

Lelouch: Then why didn't you stop the war between Japan and Britannia? The plan was such a priority for you both that it didn't matter to either of you if Nunnally and I were alive or dead! That's why you abandoned us. All you have left are self-serving excuses!

James: Marianne turned out to be an insane bitch!

Rita: I'd like to give her a piece of my mind as a mother!

Maria Santiago: Me too!

Marianne: Lelouch, you're wrong.

Lelouch: You just told me! You said that the dead would rejoin the living! You don't give a damn about the future!

Charles: The future is the Ragnarok Connection. Once it's finally done, the gentler existence that Nunnally spoke of…

Lelouch: Stop it! The world you're speaking of will be kinder and gentler only for you! The world that my sister wish for is one in which kindness is extended to everyone, even strangers!

He killed his own parents!

James: Whoa he just killed his own parents and ended the Ragnarok!

Which cause the Microbug to be blew up and they lost the signal and screen.

James: The Microbug is destroyed!

Nunnally: I… can't believe that what my mother truly is…*Tears.*

Eli hugs her as she cry.

James: So Lelouch saved the world even though he killed his own parents.

Eli: Well they did abandon him and Nunnally in a war so who could blame him.

James: True.

A month later Eli's group watch a broadcast and then we saw him become the 99th king.

James: Well he became the 99th emperor of the throne.

Eli: But the real question what he'll do next.

Lincoln: First, he was a former Britannian prince, then a high school student who got Geass, then he became Zero and now he's an emperor with Geass in both of his eyes.

James: Talk about evolution.

Later they saw another broadcast.

Announcer: 99th emperor Lelouch, who ascended the throne only a few days ago, has ordered the destruction of the imperial mausoleum which held the remains of past Britannian emperors. Following his abolition of the aristocracy, breaking up of bureaucratic cliques, and liberation of the Numbers, Odysseus and other royals express support for the new emperor despite these actions.

James: So he's burning down previous emperors.

Eli: Including Charles.

Sam: Guys the knights of the round lead by Bismark and they after

Lelouch but they're being taken down by one knightmare.

Eli: Leni turn on the broadcast!

Leni: Right.

As she did they saw Suzaku taking them on with Lancelot Albion.

Lola: Is the the Lancelot?!

Lynn: With energy wings!

James: And he's challenging Bismark.

Suzaku took down the Knights of the Round and he died.

James: The knight of one has fallen.

Lelouch: To the people of the world. The video that you've just seen is final proof that I am the true ruler of Britannia. In name and indeed. Now that, that is clear. The Holy Britannian Empire is ready to join the United Federation of Nations.

James: Let's watch and see what happens next.

As Emperor Lelouch came to Japan, he declared war on the world.

James: Declaring war on the entire world?! It really is a world without free will!

Eli: Wait they're getting something.

Lincoln: What is it?

Eli: The capital Pendragon is destroyed by F.L.E.I.J.A.!

The twins: What?!

The even saw the Damocles floating in the sky.

Eli: So that's where the F.L.E.I.J.A. Is fired from.

James: What is that thing?

Eli: More like a fortress.

Lisa: Guys I'm picking up a conversation between Lelouch and Schneizel.

Eli: Let's hear it.

She turn on the station.

Schneizel: Do you enjoy forcing others to submit your will, Lelouch?

Lelouch: What do you want?

Schneizel: I've gathered all the F.L.E.I.J.A. warheads. They're deployed to the Damocles.

Lelouch: You're prepared to attack the Britannian emperor?

Schneizel: I'm afraid that's a moot point since I don't recognize you as the emperor, Lelouch.

Lelouch: I see. I suppose you think that you're best suited to rule.

Schneizel: No, you're mistaken. There's another who's destined for the throne. The one who's truly best suited to rule Britannia… is right here.*He show him Nunnally.*

Lelouch and C.C. gasp of seeing Nunnally Alive.

Suzaku: Nunnally!

Nunnally: Listen well, Lelouch and Suzaku. I declare, you're my enemies from now on.

Eli: Guys it's time we make an entrance.

Lincoln: Now battlestations!

James: I'm with Nunnally on that!

Lelouch: Nunnally… it's you… you're alive…

Nunnally: Yes, thanks to our brother Schneizel.

Lelouch:Schneizel…

Suzaku: Nunnally… do you understand what Schneizel has done?

Nunnally: Yes. He attacked capital Pendragon with a F.L.E.I.J.A. warhead.

Suzaku: If you know about that, then why?

Nunnally: Do you think that using Geass on people is better? Both you and big brother has been lying to me from the very beginning, haven't you? You've kept the truth from me all this time. But… now I know everything. Lelouch, you're Zero all along, weren't you? Why?! Tell me! Were you doing it for my sake? Because if you were, that means…

Lelouch: For your sake? I see my little sister is presumptuous as ever. You think it's just natural for people to help you all the time out of sympathy and pity? It's so easy to criticize others while you keep your own hands unsullied. You're the quintessence of the privileged aristocrat that I've rejected.

Nunnally: You are… no…

Lelouch: I act for no one's sake. It is for me, my sake, that I take the world into my hands. If you choose to stand in my way, by allying yourself with Schneizel, I won't hesitate to crush you without mercy and without regret.

Nunnally: Lelouch…*Lelouch turn off the screen.*

James: Oh you son of a bitch!

Cornelia: Are you all right, Nunnally?

Schneizel: That must have been very hard for you, Nunnally. I thought showing him the power of the F.L.E.I.J.A. might convince him to surrender.

Nunnally: Schneizel, are the people of Pendragon really all right? Are you sure they are safe?

Schneizel: You needn't worry. We gave warning for them to evacuate well in advance. Of course, the damage to the city was significant but we did everything we could to minimize it.

Nunnally: But now… we'll have to use the weapons on people, on Lelouch and his followers.

Schneizel: If they stand in the way of world peace, we'll have no choice.

?:Nunnally don't give up!

Nunnally: *GASP* That voice… !

A beam energy hit one of Lelouch's ships.

Lelouch: What was that?!

It was Eli and his Shining Gundam.

Nunnally:He made it!

Lerlouch: Eli's alive too?!

James: And so are we!

Eli: The instant you give up it's over, Don't you remember? this drill is the drill that will pierce the heavens!

James: Got that right!

Eli: We brawlers are sustained by will power even when mock as reckless and crazy!

Lincoln: If there's a wall in our way then we smash it down. if there isn't a path then we carve one ourselves!

Eli:We embark winding spiral path. the path, the path of man and kaijus intercepts!

James: Join with yesterday foes to smash faith and Grab tomorrow's path with our own hands!

Eli & James: Just who the hell do you think I am!

Lelouch: *Chuckles* I'd never thought I'd say this, but it's good to have you back, Eli.

Eli's group meets up with the Black Knights. When they did, Ohgi, Tamaki and the rest of the Black knight were so happy that Eli is alive.

Tamaki: Eli!?

Eli: Hey guys.

Tamaki: It is you!

James: Wow Eli was right they are kind people.

Ohgi: You must be James that Eli talks about.

James: Yep I'm his bro.

Ohgi: Well both you and his guardian Aerith raise find boy like Eli.

James: Well I've been looking after him since he was born.

Lincoln: I'm Lincoln Loud and this is my Loud family.

Lori: Pleasure I'm Lori.

Leni: I'm Leni.

Luna: The names's Luna dudes.

Luan: I'm Luan,

Lynn: I'm Lynn Jr.

Lola & Lana: We are the twins Lola and Lana.

Lucy: I'm Lucy…

Lisa: Greetings I'm Lisa.

Lincoln: And our parents Rita and Lynn Sr and out baby sister Lily and our youngest brother Leopold.

Todoh: Big family.

James: Yep just two boys andten girls.

Ronnie Anne: And this is my family. I'm Ronnie Anne.

She introduced her family.

Tamaki: Another big family!

James: And both Eli and Lincoln got along with with them.

Kallen: Eli!

Eli: Huh? Kallen- *Kallen hug tackle Eli.* OOF!

Kallen: You are such an idiot! You're just… you're so… *crying* I never thought I see you again! How could you do that to me?!

Eli: Sorry…*Gentle smile.*

Kallen: So you're..you're really alive?

Eli: Yeah I'm alive and I did come back.

Ohgi: Then welcome home.

Eli: I'm finally home.

James: Now it's time to fight Lelouch.

Eli: Hey I got message from Cornelia. It says "He says he lied so that Nunnally stands firm against Lelouch, and Cornelia asks him if manipulates everyone like that. Schneizel answers that even though people wish to rid the world of its problems, they're not even willing to understand each other. He says people's desires can't be denied, so they don't need emotions or principles. Schneizel displays a map showing his plan: Damocles will ascend to 300 kilometers above the surface and fire FLEIJA bombs at every country engaged in war. Cornelia asks him if he's going to subjugate the world through fear, and he answers that peace is an illusion."

James: It really is a world without free will!

Eli: So not just we had to deal with Lelouch but Schneizel too?! Then it's time to gather allies.

Lincoln: Yep that's me.

Kira: So you're the new pilot of my old Freedom Gundam.

Lincoln: That's right.

Kira: I thought it was gone forever but I guess it's now rebuilt and upgraded.

Lincoln: Yep now called Freedom Gundam Flame Feder.

Kira: And I can see you piloting it cause it matches your shirt.

Lacus: Hey you're right it does.

Lincoln: So that's why Eli give me the Freedom Gundam Flame Feder.

Cagalli: That's what I wanted to hear.

Eli: Oh and Athrun piloted 4 Gundams.

Teri:4 Gundams?

Eli: Yep the Aegis Gundam, Justice Gundam, Savior Gundam and Infinite Justice Gundam.

Lola: Wait Cagalli is a princess but a tomboy too?

Cagalli: I can wear formal dresses in parties you know.

Lola: And your Gundam is pink.

Cagalli: When I pilot it but when Kira pilots it, it has the same colors as the original Strike Gundam.

Next if Shinn Asuka and his Destiny Gundam and Lunamaria and her Impules Gundam.

Shinn: What's up Eli.

Eli: Hey James long time no see.

Lunamaria: Hi James!

James: Long time no see you two.

Shinn: We saw Godzilla Junior's signal.

Lunamaria: Looks like you pick the perfect time to come home.

Eli: Guess I did.

Carlino: So the Impules Gundam has three different equipment like the Strike Gundam.

Lunamaria: Yep and like Strike Gundam it can have all three of them into perfect mode.

Dearka: Well you two are brothers after all.

Yzak: Yep.

CJ: So those two are Gundams too?

Dearka: Yep mine is the Verde Buster Gundam.

Yzak: And mine is the Blue duel Gundam.

Clyde: Hope I get a Gundam too like Lincoln.

Eli: Don't worry Clyde you will.

And Finally the Equestria girls.

Twilight: Eli! James! Long time no see!

James: Hi girls!

Fluttershy: Look at you Eli you have grown.

Rarity: Last time we saw you darling, you were 8 and now you're 10

Sunset Shimmer: And after seeing Lelouch's broadcast.

James: Now it's time we get ready for the final battle.

The final battle begins. It was a powerful battle as massive explosions and more decimated all of the forces of Britannia. Eli and his Shining Gundam battles Schnitzel and his Weiss Sinanju.

James:Show no mercy Eli!

Eli turn Super mode and use Shining Finger on Schnitzel But Schnitzel had an escape pod and meet up with his men.

Eli: Now then. *First turns gold in hyper mode but then he powers up and transform into Hyper Mode 2 known as Blue eyes Shining Gundam.*

Lincoln: WOW! I didn't know Eli had that kind of power!

James: Wait till you see what happens next.

Eli now powers up into hyper mode 3 and Shining Gundam has magically turn into heaven Gundam.

Lori: Unbelievable!

Leni: So beautiful!

Whitney: That's Heaven Gundam!?

James: It sure it.

Goku: His power is incredible!

Lori: Wow!

Eli: Let's go get Nunnally.

James: Then let's do it!

Eli and James went on top of the Damocles fortress and there was Nunnally.

Nunnally: Guys?

Eli: Yep.

Nunnally: For a moment I thought it was my big brother?

James: Well it's just us.

Nunnally: But listen I won't close my eyes to things any longer.

Eli: You've broken your father's Geass… with your own will?

Nunnally: Yes.

James: I knew you can see again.

Eli: Then, it's been you firing the F.L.E.I.J.A.s up until now.

Nunnally: Yes. I wanted to stop it all. Just to stop Lelouch, I would have done whatever I had to. Even if it meant killing my big brother. That's why I can't allow him to have control of the F.L.E.I.J.A.s., why I can't hand this key to him. And I wouldn't even if he… even if he use his Geass on me!

James: You have great courage Nunnally.

Nunnally: But I realize the thing that will help people towards the future are people like you who inspired others.

Eli: Thanks Nunnally.

James: That's what we do.

Nunnally: And I'm giving you boys the Damocles key.

Eli: Really?

Nunnally: Yes cause you earned it.

James:Well Eli it's up to you now.

Nunnally: It's for firing the F.L.E.I.J.A. *She gives it to Eli.*

Eli: Well in that case. *He smashed it.*

Nunnally: Oh my goodness!

Eli: It's better if a horrifying weapon like F.L.E.I.J.A. is destroyed.

James: I agree with Eli.

Nunnally: You're right.

Eli: Now one for thing before we go.*He put his hand on her legs.* Chaos freedom. *his hand glows on her legs curing them.*

Nunnally: *Felt her legs move.* My legs! *She stands up.* I can stand!

James: Wow Eli I didn't know you can do that.

Eli: There's more to me than meets the eyes.

Nunnally hugs Eli. Then Eli and Nunnally get inside Heaven Gundam together.

Eli: Alright let's go.

James: Right!

Eli did that.

?: Leaving so soon?

Eli: Lelouch?

Lelouch: Bingo. *Appeared with a Gundam that looks like the Gawain with energy wings.*

Eli: The Gawain but now as a Gundam!

Lelouch: That's right, and it's what I need for our rematch.

Eli: You wanted a rematch Lelouch? You got one!

Both Sonic and Shadow brought the chaos emeralds and master emerald to turn into their hyper forms!

Sonic: You actually thought you can beat us by having geass in both your eyes?

Lelouch: Hyper…

Shadow: Behold the ultimate power!

Sonic: You ready Eli?

Eli: You bet!

Shadow: Okay!

Eli, Sonic and Shadow:Chaos fusion!

The three fuse together and become E-Shadic (A human version of Shadow from Nazu Unleashed.)

James: Wow they fused!

Nunnally: I didn't know Eli can do that.

Lelouch: I don't need to geass to finish you off I'll takes you down with my own hands!

E-Shadic: Let's! Gundam Fight!

GUNDAM FIGHT ALL SET!

Lelouch: Ready-

E-Shadic:GO~!

It was E-Shadic vs Emperor Lelouch with this background song Live and Learn by Crush 40!

James: That a boy E-Shadic get him!

Lelouch: Geass-

E-Shadic: Chaos-

E-Shadic & Lelouch: FINGER!

Their attacks collide.

James: This will go down in history as the greatest Gundam Fight since the battle between Domon Kasshu and Master Asia.

E-Shadic: *Suddenly felt something from Lelouch's fist.* *Thinking*

Huh? I can feel good reason why he doing this… is it to have the hatred of the whole world focus on him but why?

Both attacks cancel each other out but they're still standing.

Lelouch: *Panting* Well… you three aren't as easy to kill as I thought, I don't how you use that power called "Chaos fusion" but I must admit it was highly impressive.

E-Shadic: Heheh…

Lelouch: But tell me hyper E-Shadic, how many rings you have left after that little transformation?

E-Shadic: *GASP!*

Lelouch: Heheheh… I also admit that I admired your ability to turn chaos emeralds into super emeralds, but observe as I combine the chaos power with my geass! *He did it as his Gawain*

Gundam's energy wings turn from purple to black.*

James: He transform his Gundam!

Lelouch: Understand this E-Shadic, Tails, Knuckles, James, Lincoln now you see that power I have now, although you've been faster than me E-Shadic your speed won't do you anything once I rule the world.

Nunnally: Lelouch, you have no right to seize control of the world. You of all people who took the name Zero then bent the will of so many in order to serve your own.

Lelouch: Are you saying we would have been better off to remain in hiding? Did you want a future of living in constant fear of assassination? This was for your future, too, Nunnally.

Nunnally: My future? When did I ever say that I wanted this. Lelouch, I would have been perfectly satisfied by just living with you.

Lelouch: Don't you see? All reality is restricted by all sorts of things. Our whole history is struggle.

James: Bullshit I say!

Cut to Kallen vs Suzaku.

Kallen: That's the reason I've been fighting on the side of resistance!

Suzaku: You could've use the system to achieve your ideals!

Kallen: But what about the others? Those people who aren't allowed into the system? How are they ever be able to voice their objection to anything? *Destroyed Suzaku's rifle*

Suzaku: You… !*Pull out a sword.*

Kallen: Don't you dare look down on others, you elitist!

Suzaku: What about those who have no choice but to join the system? What's fair?

Cut to Tohdoh.

Tohdoh: When you follow the methods of an aggressor, then you're only serving to legitimize them.

Chiba: But if you go into battle now, you'll die!

Tohdoh: Why you… ! And you call yourself a… !*Was about to hit her but stop.*I apologize… This is the only way I know how to live… *Collapse.*

Chiba: Kyoshiro!

Cut to Tianzi.

Tianzi: Why do people always have to fight?

Cut to Xingke.

Xingke: I fight because there is something that I must protect!

Cut to Cornelia.

Cornelia: It may be that we can no longer find morality or sense of dignity in our warfare.

Villetta: Regardless, I still needed to belong somewhere.

Cut to Ohgi in a truck.

Ohgi: For that reason alone we fought. Naoto, this is really the best thing for us?

Both Kallen and Suzaku tear each other's wing off then the scene cuts to Lloyd.

Lloyd: You know what they say, war is the mother of invention.

Rakshata: Nonsense, Earl of Pudding. You don't care one bit whether or not your invention benefits mankind. Nina, was it? What about you, huh?

Nina: I was just… doing whatever I could…

Cecile: You see, we simply didn't want it to happen again.

Rakshata: Oh? However, people are subject to weakness.

Cut to Tamaki in the hospital.

Tamaki: That's right. Even I have dreams, don't I? But now they're telling me I don't have any right to them. They don't think I'm able to fight, but I can. Why does everyone treat me like a fool?

Futaba: Poor guy.

Cut to C.C.

C.C: I've seen it before. I've seen it over and over. Human history is one of struggle. Even so…

Cut to Suzaku vs Kallen.

Suzaku: The world and people in it, they'll never be what we want them to be!

Kallen: So now you force them? That's your solution? That's plain…

Cut to Nunnally.

Nunnally: Despicable! Using Geass, a power that manipulates the minds of people and violates their human dignity.

Lelouch: Then what about the Damocles? So would you agree that's a despicable method that forces people to obey?

Nunnally: The Damocles… will become a symbol of their hatred. All their hatred will be focused here. That way people can move toward the future.

James:You've got a strong spirit Nunnally.

Lelouch: *Thinking* I see. You have the same idea, Nunnally. In that case…* (Out Loud) The discussion all than improvement but I believe you failed to attend your own argument durning when you were away did you learn something of our dilemma? So if that's the case are you really surprising your hatred at me or do you actually like me? Admit it boy!

E-Shadic: I am Eli the king of hearts!

Lelouch: Heh… you haven't change did you? Oh and you can deny your hatred Eli but at heart you know the real truth.

E-Shadic:NO WAY!

Lelouch: You are annoyingly stubborn, obviously your resist. Let's see how many rings you have left to stop this!

The battle between Lelouch and E-Shadic was a massive and powerful battle!

James: You can beat him E-Shadic!

E-Shadic: Lelouch Vi Britannia… today I'll demonstrate that I can surpass you and your geass!

Over power Lelouch's attack as his energy wings shattered.

Chibodee: Go

George: Eli!

Sai Saici: Finish him off!

Argo: Get him!

Domon: Do it!

Lincoln: Kick his butt Eli!

E-Shadic: Sekiha tenkyo Chaos freedom shining finger~!

As the Gawain Gundam crashed but it turns out Lelouch got out of his cockpit before it explodes.

E-Shadic: Wait James.

Lelouch: Looks like you beat me so are you gonna finish me off?

E-Shadic: No.

Lelouch: Why wouldn't you kill me? Are taking pity on me is that it?!

E-Shadic: No… it's because… Nunnally would be sad.

Lelouch: *Gasp*

James: *Sigh* You're too pure and too kind but that's what like about you bro.

As they fly off they found both Lancelot and the Guren really damaged and unable to move their battle turn out to be a draw.

Eli: At least neither got killed.

James: That's for sure.

Kallen: I guess we both suck huh…

Suzaku: Yeah…

They just chuckle about it. But Lelouch is nowhere to been seen as it turns out watch?v=qHZTjl… .

Nunnally: There was a spare damocles key?!

E-Shadic: Crap!

Two months later.

Announcer: And now, just coming into view, is the 99th and sole emperor of the Holy Britannian Empire, His Majesty Lelouch vi Britannia. Our emperor also carries the distinction of being CEO of the Black Knights as well as the current chairman of the U.F.N. supreme council. And look at this, too. Those who foolishly opposed Emperor Lelouch are being transported to the execution grounds. During the latest great war, the capital Pendragon was destroyed and countless soldiers sacrificed their lives. But Sir Suzaku Kururugi, the Knight of Zero went missing. Now that the E.U. has ratified United Federation of Nations charter, the emperor has allowed us to complete the grand task of unifying the world! Glory to His Majesty Lelouch! All hail Britannia! All hail Lelouch!

People: Glory, my ass.

People: This is just a dictatorship.

People: Anyone who disobeys them gets killed!

People: Shh! If the wrong people hear you, they'll kill your entire family!

TV clue: I can't believe we have to broadcast this and call it justice.

Rivalz: Lelouch, is this what you wanted? What you set out to do? To control the world? To control every person in it?

Suddenly E-Shadic and his group came and use his powers to free Lelouch's prisoners.

James:You're reine is over!

Heaven Gundam changes back to Shining Gundam and E-Shadic turns back to Eli, Sonic and Shadow.

Eli: Leave him to me.

Nunnally: Be careful.

James: You got this.

Lincoln: We're all behind you Eli.

Lelouch: I must admit I'm surprised I never think you would make it this far Eli.

Eli point a gun at him.

Lelouch: Oh I see but are you sure that's the best solution?*He point his gun at Eli.*Don't do it we made it this far, if you do it you'll condemning this world into darkness and chaos. I'm not exaggerating this is the truth.

Eli: You May be right however we have the ability to choose a path that doesn't happen, as long as we live in a world where we made those kind of choices.

Lelouch: But no one makes the right choice, people forgot and they make the same mistake again. They say they won't let it happen again they're going to change the world this time but who could Guarantee such a thing? No one can Guaranteeit… certainly not you nor my little sister because neither of you knows what the future holds.

Eli: Look we know what you're saying but we can learn to understand and we can change. That's why we want a tomorrow because no matter how much we suffer we can't live in a world where nothing changes!

Lelouch: How arrogant and how appropriate for someone who's part newtype, coordinator, and inovader.

Eli: You're the one who's arrogant! I'm nothing more than a single human being, I'm no different from anyone else and neither is Nunnally so that's why I'm gonna have to shoot you because I know that.

Lelouch: But between your world and mine which one would people really prefer say you shoot me now, what will you if this world plunge into chaos again?

Eli: I'll do what I have to. I'll stand and fight.

Soldier: What is that?

Everyone notice something and it was Zero CODE GEASS R2 - 25 - Large (1280×720) .

Rivalz: Zero?

Nunnally: Zero.

Tamaki: Zero?

Kallen: That's him? But Lelouch is over there!*Realize it.*Was that it? Was that what Lelouch and Suzaku had to do?

James: Zero? I thought Lelouch is Zero?

Eli: Wait could this Zero be… Suzaku?

Suzaku as the new Zero charge in dodging bullets from the knightmare frames.

Jeremiah: Cease fire! I'll take care of this interloper!*He charge at Zero but Zero jump overt him.**Thinking: Onward, mask's knight.*

Lelouch: Impudent fool! *Pulls out his gun but Zero deflects it off with his sword.* Heh.*Smiles*

---

Lelouch: Suzaku, you have to kill me. You must promise.

Suzaku: You're going through with this? No matter what?

Lelouch: As planned, the hatred of the whole world is now focused directly upon me. And now the only thing that remains is to get rid of me and finally break the cycle of hatred. The legend of Zero wasn't dead. It lives within the hearts of the Black Knights. Schneizel will serve Zero also. With this, the world will gather not for an exchange of force but for an exchange of open dialogue around one table.

Mankind will be able to move forward into the future.

Suzaku: And that…

Lelouch: Yes.

Suzaku:… is the Zero Requiem. We both realized it back in Cs' world. We knew how humanity was longing for the future.

Lelouch: Hey, Suzaku. Geass power is similar to a wish, don't you think? It's a request to someone to give you the power to achieve what you can't on your own.

Suzaku: A wish? No.

Lelouch: Yes. And I'm going to grant a wish called Geass to all the people everywhere. For the future of the entire world.

Cut to. C.C. praying in a church in tears.

C.C.: Lelouch, the price you're going to pay for using your Geass on them is a dear one.

Cut to Lelouch.

Lelouch: The only ones who should kill are those prepared to be killed.

End of flashback.

Lelouch *Thinking* Suzaku, you're going to be a hero now just like Eli. The messiah who helps Eli saved the world from Emperor Lelouch vi Britannia, the enemy of the world, as Zero.* *Get impales by the sword.* URK!

Everyone was shock and speechless. Even James, The Louds, the Casagrandes and their friends were shock.

Suzaku/Zero: Lelouch…*Tears*

Lelouch: After what you've done shall be this, then. You will live on, always wearing that mask serving as a knight for justice and truth.

You will now live your life as both Suzaku Kururugi and Zero. And perhaps someday Eli will help you find the happiness you deserve…

Suzaku: This Geass, I do solemnly accept.

As Lelouch collapses in front of Nunnally.

Nunnally: Lelouch, are you…? *Touch her and got a vision of the truth.* You mean… Everything you've done until now… Oh, big brother, I love you.

Lelouch: Yes. I… I destroy the world and create it anew. *Dies.*

Nunnally:*Tears* You can't leave me! You can't! Please open your eyes, big brother, please! Big brother!

Cornelia: Lelouch the demon is dead! Free his prisoners!

Everyone charge and begin feezing prisoners.

Lincoln: All this time Lelouch was being evil just to have the hatred of the whole world focus directly at him so Suzaku as the new Zero can kill him to end the cycle of hatred.

James: So it can be aworld with free will.

Jeremiah: This isn't good. Everyone, retreat!

Tohdoh: Is that… no, I think it is…

Kallen: It's Zero. It's him. It's Zero…

Nunnally: It's unfair… All I wanted and needed to be happy was to be with you… How can I ever look forward to the future without you…*Cries*

Eli comforts her.

People: Zero! Zero! Zero!…

Later Nunnally becomes empress of Britannia, assisted by Zero and a Geass-controlled Schneizel, Villetta is revealed to be married to Ohgi and pregnant as well, Jeremiah and Anya are working in an orange farm, and Kallen is back at Ashford Academy with Shirley.

James: Well Nunnally you're the embress now thanks to Lelouch. You'll now lead the world to peace.

Nunnally: Thanks but I think there's someone you should see before he moves back to Japan.

James: I know who it is.

Nunnally: Yep.

Meanwhile Eli was looking at the sky taking a deep breath.

Eli: LELOUCH YOU STUPID JERK! *Calms down* There got that out of my system.

?: You're moving back to miss Kumiko without saying goodbye?

It was Nunnally, Suzaku/Zero, The Loud family, the Casagrande family, and their friends.

---

When he was finished we were all shocked, amazed, horrified and very in awe.

Me: Wow! Eli that is absolutely incredible!

Nico: Wow! You did amazingly.

Eli: We all did.

Lana: Wow!

Yami Yugi: I'm proud of you my son.

Nico: We all are.

Wind Man: Let's get going before something bad happens to C.C.!

Nico: Agreed! Orwin did she have anyone else with her?

Orwin: I did see someone else with her. He was a grey-haired man that had his hair in spikes and he had a glowing eye symbol in the middle of his forehead and he had purple eyes.

We gasped at his description!

Me: Oh fuck me sideways! Yami Marik is here too!

Eli: Not that monster again!

Laney: He just doesn't know how to take a hint!

Lythos: What are we waiting for then?

Nico: Lets go! Thanks for the info Orwin.

Orwin: You're welcome. Go get him everyone.

Nico: With pleasure.

We were off. We walked through the forests and kept our eyes on alert.

Scorponok: Nico, I know this is a stupid question. But which Gene Slammer do you think will appear on your next rescue?

Maria: That's not a stupid question at all, Scorponok.

Nico: Well I have a feeling it's gonna be Fiona's sister Nicole who is also a Raviel, Lord of Phantasms.

Laney: That would be awesome.

Lana: It sure would.

Stratos: Are we getting close?

Eli: We are. I sense it.

We turned a bend and then in a clearing with the sun shining in it and tied to a tree was C.C. and standing in front of it was YAMI MARIK!

Nico: (Whispering) Quick hide!

We hid in the bushes and peaked out of them.

William: We have to get CC out of there!

June: Anyone got any ideas?

Me: We need to think of something fast. Who knows what Yami Marik will do to him. He really hurt Joey and Mai when he dueled them.

Laney: I remember that. But he doesn't have the Millennium Rod on him.

Me: No but he is a still a deadly force even without it.

Nico: Hmm. I got it.

Yakumo: I'm way ahead of you commander.

Yakumo used a genjutsu to form a clone of C.C. and then Danny used his intangibility to get her out of there. C.C. was brought over to us and she was knocked out but she'll be all right.

Crimson Dynamo: (C.C. starts to wake up) Wakey wakey! Eggs and bakey!

C.C.: (Groans) What?

C.C. saw Eli.

C.C.: Eli? Eli it is you!

She and Eli hugged.

Eli: I'm glad you're okay sis.

C.C.: I was afraid I would never see you again and J.D. wow you look amazing.

Me: A lot has changed to me.

Eli: It's a really long story.

Nunnally: But at least you're okay.

C.C.: Nunnally you're all right too.

Eli: I should introduce you to my friends and the team.

Nico: We are Team Loud Phoenix Storm, the most powerful force in the entire universe.

Nico told her all about us and more and C.C. Was shocked.

C.C.: Wow that is amazing.

Maria: And we know the… questionable things Lelouch has done.

Me: Eli told us everything that happened.

Nico: Yeah we were amazed all that happened.

Nunnally: It sure was amazing.

Aylene C.: Yeah no kidding.

Vexen: It sure is amazing.

C.C.: I think so too.

Erza put her hand on C.C.'s shoulder.

Erza Scarlett: I know the exact pain you went through as well C.C.

Erza told her all about her background and C.C. was shocked.

C.C.: Oh man.

William: Lelouch is going to prison when the time comes.

Nico: He is bound to come back when time comes but we'll be ready for him now that Eli and J.D.'s immortal caveman self has told us all about it.

Eli: Yeah and we're going to make sure he stays in prison for good.

C.C.: Thanks Eli.

Overbite: Time for our entrance!

Eli: You're in for quite a show C.C.

C.C.: Lets get him.

Nunnally: Lets do it.

We went at Yami Marik.

Yami Marik: Soon I will learn the secrets of the Geass from you and then I will rule this world.

Suddenly the spirits of ice and snow and cryovolcanoes appeared and went around Yami Marik.

Yami Marik: What is this trickery!?

Then the spirits smashed him all over and then converged and then…

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted in front of him and a phoenix cry was heard and then we came out.

Nico: You are finished Yami Marik!

Me: You will pay for everything you've done.

Yami Marik: You want to get my captive?

Me: Correction. Your "Captive" is an illusion. (Snaps fingers)

He saw the illusion fade and it was nothing but a bunch of rocks tied to the tree!

Mortal Kombat Scorpion: Get over here!

He pulled Yami Marik over and I kicked him in the face and he smashed into the tree and it broke in half and crashed onto him!

Yami Marik got up and he was pissed!

Eli: Suck on this!

Eli fired a blast of Force Lightning and electrocuted him all over.

Nico: You will pay for everything you've done Yami Marik.

Marik: You have tainted me and my reputation for the last time!

Then Ebon, El Oso, Overdrive, Wrecking Crew, DC Enchantress, Bronze Kneecap, Puff, Dark Turtles, Doctor Octopus, and Biowulf appeared.

Nico: Ebon, El Oso, Overdrive, Wrecking Crew, DC Enchantress, Bronze Kneecap, Puff, Dark Turtles, Doctor Octopus, and Biowulf.

Biowulf: You guys have been busy.

Nico: All that and more. Did you guys like the fundraiser?

Dark Leo: We sure did and we are stuffed.

Puff: It was all delicious.

Nico: Glad you all liked it.

Ebon: (to CC) So you're C.C., huh?

C.C.: That's right. C.C. The Immortal Witch.

El Oso: (Spanish Accent) Nice to meet you, amiga!

C.C.: Pleasure is mine. Eli told me so much about you all.

Overdrive: Man, I can't wait to pummel Lelouch on Eli's birthday!

Wrecker: Get in line!

Me: That's when we're projecting we'll take him down again like in my Immortal Caveman self's universe.

Nico: Yep.

Thunderball: (to Nico) We heard you saw the Magic Cupboard this morning.

Nico: We sure did.

DC Enchantress: Did you fight anyone there?

Nico: No unfortunately but we got to learn all about the cupboard and what it can do and it was awesome.

Eli: It sure was cool hearing about it.

Laney: I thought so too.

Nico: And we also met Fiona's sister Marie here. She's a Hamon, Lord of Striking Thunder gene-slammer.

Marie Hernandez: Awesome to meet you all.

Ebon: Same here.

?: Quite a lot of events huh?

A figure came out and it was ROSE NEZIRE from episode 11 of Megaranger, the Japanese version of Power Rangers In Space!

---

This Nezire Beast was partially created from Shibolena's DNA, linking them via the rose on Shibolena's rapier. As a result, Rose Nezire could recover from any wound as long as Shibolena was all right. While Chisato goes off after Shibolena, the other Megarangers have a hard time fighting Rose Nezire who whips the Megarangers with her vines and blast them with her shoulder flowers. Deciding to finish the fight, Bara Nezire allows Bibidebi to bite her before she can even be defeated and she easily overpowers Galaxy Mega. However, when Chisato destroys Shibolena's rose with her Blade Arm, Bara Nezire loses her advantage due to a drastic drop in her power level and is destroyed by the Galaxy Lance attack. It stuck her through the stomach with the Mega Saber and threw her into the air where she exploded.

---

Eli: Rose Nezire! I remember you! You were sent to go after the other Megarangers while Chisato goes after Shibolena.

Rose Nezire: That's right Eli. Your memory is as sharp as J.D.'s.

Eli: You weren't featured in the American version.

Me: You're one of the Japanese In Space Monsters.

Rose Nezire: That's right.

Andros: Darn shame we didn't face you.

William: It's a shame you weren't adapted in America.

Rose Nezire: I know, right?! I would've been a unique monster for the Rangers to fight against!

Me: That would have been awesome.

Nico: It sure would have been cool.

C.C.: How did you know about her Eli?

Eli: I watched all the Japanese Power Rangers Series and the American Power Rangers series.

Nico: Eli has lots of experiences like J.D. does.

C.C.: Wow!

Ebon: We also have many new recruits too.

More figures came out and they were Frightwing, Sharkjaw, Bulldozer Org, Galaxy Mecha from Bioman, Tublat, The Angry Sun from Super Mario and Devil Web from J.A.K.Q.!

Eli: Frightwing, Sharkjaw, Bulldozer Org, Galaxy Mecha and Devil Web!

Nico: The Angry Sun.

Tarzan: And Tublat!

Me: Wow. Let me guess you all chose Lincoln's friends of the Earthbound Immortal Gene-Slammers as your archenemies.

Tublat: That's right and they will give us a big challenge.

Me: Awesome and I see you all have the Guardians archenemies too.

Lord Drakkon: Yep. Wanted to test it all out on you now that the Guardians all have complete archenemies.

Nico: Good reason.

We got the usual battles underway.

Sunburn: It sure is funny.

Hydra: I agree there. It's awesome.

Andros: Good choice and yeah it sure was about those spiders.

Twilight Sparkle: I don't know what the heck those people were thinking using genes of aliens to be implanted into spiders! That is really playing with fire!

Spyro: Yeah it sure was dangerous!

Lana - Lightsworn Prophet: Yeah they had no idea what they were thinking.

Sailor Mercury: Those spiders were an absolute abomination.

Overdrive: Big time crimes against nature. Lets do it!

Wrecking Crew were next.

Piledriver: (to Lok) We heard Lincoln met an Earthbound Immortal Uru gene-slammer.

Bulldozer: It's coincidental since he was also killing those giant spiders.

Lok: It sure was. Her name is Valerie Brinkley and she and Lincoln have been good friends for a long time.

Fluttershy: She and Lincoln have known each other for a while and even defended Lincoln from Chandler when he was evil and even got Lola reprimanded.

Thunderball: Wow that is a true friend for him.

Stealth Elf: She sure is and she is also the last of the Earthbound Immortal Gene-Slammers to find.

Qukul: That is so awesome.

Ronnie Anne: Now we have all 7 Earthbound Immortals with us.

Wrecker: Boy it sure is cool. Lets do it!

They fired waves of energy, leaves, flowers and grass and smashed him down.

Lok: OH YEAH!

DC Enchantress: (to Ilana) Looks like we have all the archenemies for the Guardians of Candrakar. Now, if only we can find archenemies for the Goosebumps Monster Busters.

Ilana: We'll have to look high and low for them. But I'm sure Carly Beth and her fellow Goosebumps heroes will love that.

Starlight Glimmer: I'm sure we'll think of something on them.

Hex: Yeah there's plenty of fish in the sea metaphorically speaking.

Stinkfly: But they will love it.

Lana: Yeah they will.

Crag: They sure will.

Rip: And they will rip them apart!

DC Enchantress: Yeah they will! Lets do it!

Ragna the Bloodedge: Jin, I should've known you'd be here. If you think I'm going to let you kill me and Saya, you've got another thing coming.

Noel Vermillion: He's right, we're not letting you satisfy your dark urge to kill him.

---

Jin Kisaragi

Jin Kisaragi (ジンキサラギ), also known as the Hero of Ikaruga (イカルガの英雄 Ikaruga no Eiyū), is a member of the 4th Magic Division, and Ragna and Saya's brother. He is a playable character in BlazBlue series.

Appearance

Jin is a good-looking and slender young man with short, stylish blond hair and green eyes. He wears the Control Organization major uniform with a black turtleneck and leggings under a white Japanese-style tunic, white gloves, military boots, and a "jolting sapphire" colored jacket with a red lining and very long, detached sleeves.

When he was at the Military Academy, he wore glasses and the standard male school uniform.

As a child, he wore a light blue shirt and black shorts while he lived at the church. When he was adopted by Kisaragi's family, he wore a Japanese tradition training shihakushō uniform.

In the end of BlazBlue: Centralfiction, Jin wears a standard military outfit; a jolting sapphire military jacket with a white long sleeve button shirt with a red tie on the collar, white pants and his military boots from his primary outfit. He now wears a cape similar to Kagura's but in a jolting sapphire motif.

## Personality

Where his brother Ragna is hot-tempered and quick to draw first blood, Jin is cold, aloof, and borderline sociopathic. He cares little for the feelings of others, and denounces, in his own words, trivialities like camaraderie, believing that such things are lies that people use to their advantage. He has no compunction with killing anyone who gets in the way of his goal. In addition, he repeatedly shows that he dislikes reminiscing about the past, particularly about his days at the Military Academy.

This, however, is all a façade. The moment he reunites with Ragna, Jin loses his calm, detached demeanor and reverts to his childhood self. His voice becomes noticeably more ecstatic, and he is now prone to fits of maniacal laughter, mostly due to Yukianesa's influence (which compels him to kill his brother due to his nature as the Black Beast, as well as the Power of Order, which perceives him as a threat to the stability of the world). In the past, Jin would often cling to Ragna for assistance with everything, which greatly annoyed him and was jealous of Saya when Ragna spent more time with her. However, it is shown during the first time loop that Jin loved his sister Saya as much as he did Ragna.

It is also shown that he was friends with his classmates, Carl Clover, Tsubaki Yayoi, and Makoto Nanaya during their time at the Academy (though he showed a noted uneasiness towards Noel due to the disturbingly strong resemblance to his sister and treated her rather coldly which only got worse in the aftermath of the Second

Great Magic War). In particular, he holds a genuine soft spot for Tsubaki, who was his only childhood friend after he was whisked away from his old life and adopted by the Kisaragi house of the Twelve Originators. The two share a long history together that is linked across the timelines.

In BlazBlue: Chronophantasma, Jin is noticeably more focused on saving Tsubaki and although he is still antagonistic towards Ragna, he is willing to put his murderous desire aside and cooperate if it means saving Tsubaki. However, he is still cold towards Noel and remains anti-social.

In BlazBlue: Centralfiction, It is shown that Jin starts to no longer act as obsessively towards Ragna, referring to him as "The Black One" not unlike Hakumen. Jin seems to have become more like Hakumen, taking on an overall calm yet stern tone of voice. In the near end of the game, Jin is confident when he wears the Susanoo unit using Trinity's magic to become Hakumen until she diffuses him from it with her magic to prevent him from stopping Ragna from fighting his sister. But deep down however, he does seem to care for his siblings as a sign of his maturity, and his reason for killing Ragna is framed more as an act of mercy to spare him from his fate and his Blue Grimoire from consuming him.

## History

When Jin was a little boy, he was very dependent on his older brother, Ragna, for affection and constantly pestered him to play with him. He saw his sister Saya as an obstacle of getting his brother's attention and constantly bullied her in retaliation. Eventually, Ragna decided to look after the sickly Saya and distanced himself from Jin, he grew jealous of the relationship Ragna and Saya shared, and eventually attempted to kill her, immediately after Saya gave him the Event Weapon, Yukianesa.

It was then Yūki Terumi entered Jin's life and told him about the Black Beast, that it would be born from Ragna, and that he is destined to destroy it. Deciding that his brother must pay for his ignorance, and to get rid of the obstacle between them, Saya, Jin left Terumi to do as he pleased, including burning the church where they stayed and murdering their caretaker. When Ragna arrived, he only watched in shock as Terumi cut off his arm, and kidnapped Saya. Jin later vanished from Ragna's life, and apparently his memory of that incident was blocked off (likely due to Terumi's ability to eat memories).

Jin was later adopted to the high-esteemed Kisaragi family. With his talents, he rose up in the ranks of the World Void Information Control Organization, but his other siblings never trusted him, thinking that he only got his ranks due to his adoption. Indeed, Jin himself felt completely empty even after being showered with awards and ranks (which included the stopping of the Ikaruga Civil War).

## BlazBlue: Remix Heart

This section is based on story of the manga BlazBlue: Remix Heart.

Jin first appears in Chapter 2 of BlazBlue: Remix Heart during the Torifune Festival, where Tsubaki details him as the previous year's Izanagi. Tsubaki immediately introduces Jin to Mai Natsume, with the two having a pleasant exchange of greetings; however, as soon as Noel comes into view, Jin expresses his typical dislike of her in a heartbeat. A few moments later, Jin's roommates; Taro Sasagae and Akane Teruhiko, interrupt the scene between him and Noel, and begin commenting on Tsubaki's looks since it is the first time that they had been introduced to her outside of Jin's stories. During the Festival, Jin won the rock-paper-scissors competition and became the Izanagi of the school year once again. Jin later appeared in Chapter 5 when he had to give a speech for the Torifune Sports Festival and again in Chapter 6 when he had to examine the Conversion Grimoire for its authenticity alongside the student council.

When Torifune's climate control broke down in Chapter 7, Jin had to work alongside the student council and faculty in order to determine its cause. Thanks to Taro, Jin and the Detective Team of Pretty Girls: Remix Heart were knocked into an unidentified area of Torifune; despite everyone else using Golden Angel to change into swimsuits, Jin refused despite his dislike of the increasing heat. Thanks to Jin calling Akane for transportation, everyone managed to arrive back safely.

## BlazBlue: The Wheel of Fortune

This section is based on story of the drama CD BlazBlue: The Wheel of Fortune.

In the first timeline where Noel Vermillion did not exist, Jin's secretary was his childhood friend, Tsubaki Yayoi. The two enjoyed their time together as superior and subordinate due to their special relationship with one another.

On December 31, 2199, Jin skipped a meeting, earning a scolding from Tsubaki, forcing him to promise to come back on time. Unbeknownst to her, Jin had ventured to the 13th Hierarchical City of Kagutsuchi in order to pursue Ragna the Bloodedge. When inside Kagutsuchi's Control Organization branch, Tsubaki finally caught up to him, begging him to return, however, Yukianesa's influence had turned him mentally unstable - he slapped her and left for the lower levels.

Jin finally found Ragna at the lowest level of the branch and the two began to fight until Ragna knocked him down. Jin woke up shortly afterwards and found Tsubaki beside him, and the two briefly talked until the nearby Kiln opened up, releasing Nu-13. Jin called out to her, calling her "Saya", and then asking Ragna what she is, he was, however, told to shut up. After Ragna lost to Nu, Jin brushed aside Tsubaki, saying he doesn't need her, screaming at Nu to get off his brother; in response, Nu threw a blade at him - Tsubaki took the blow for him. Jin desperately tried to heal her with his Magic Formula but it refused to respond. Tragically, Tsubaki died in his arms.

Jin jumped into the Kiln after Ragna and Nu and was sent hurtling into the past, becoming the leader of the Six Heroes - Hakumen.

## Powers and abilities

Jin proves his elite status in the Control Organization with his exceptional skills on the battlefield. Wielding the Arch-Enemy Event Weapon named Ice Sword: Yukianesa, Jin controls the element of ice, wielding it with such efficiency that he is able to shape the ice he creates into different forms such as a series of blades and is able to propel himself on one.

His swordsmanship as well as his powers rival and contrasts that of his brother Ragna. While Ragna fights with savage, powerful blows, Jin's style is elegant-if-not just as hard-hitting as Ragna's with a focus on more precise attacks, which strangely polarizes his own personality affected by Yukianesa. This is also partly due to the more formal-training Jin had received during his time in the academy while Ragna's style was mostly self-taught. Since Jin and Hakumen are the same person, in BlazBlue: Continuum Shift, Jin instinctively learns the 'Kokūjin: Yukikaze' technique at one point, only done in his own style (via the "jin" in Kokūjin translates to "blade" instead of "formation" like with Hakumen).

According to Jūbei in BlazBlue: Continuum Shift, Jin's true power is currently suppressed because of Yukianesa's influence on him, which normally prevents him from drawing the blade by his own will. There are hints of this true power showing up periodically in the series, but not in its full potential. However, according to Ragna, should Jin's true power managed to overcome Yukianesa, then he said that Jin will become his "greatest enemy". This is also confirmed by Jūbei. After a month of training from Jūbei, Jin has become much more powerful; something several characters including Ragna remark on.

Jin's Drive is Frost Bite (零刀フロストバイト Furosuto Baito, Zero Blade). By harnessing the power of Yukianesa, Jin can encase his opponents in structures of ice, temporarily incapacitating them for a free hit. Unlike the other characters in the series (until BlazBlue: Chronophantasma, when Crush Trigger was introduced), Jin's Heat Gauge is broken up into four bars instead of the usual two the other have with the exception of Hakumen. He unlike all characters (and akin to Hakumen) possesses special moves that use up a portion of his meter (25% heat) for extra benefits (such as extra hits and/or invincibility on startup), which are normally classified as "EX Special Moves"; said EX Moves also allow Jin to refreeze his targets as many times as needed so long as he has enough heat to spend. Jin's Overdrive, Frost End (絶刀フロストエンド Furosto Endo, Suppressing Blade), causes a freezing effect on the opponent every time he attacks the opponent with Yukianesa's blade, not just from using his Drive, opening up countless combo opportunities.

Visually, Jin's powers have shown improvement ever since he learned of the "Power of Order"; prior games had Jin's ice crystals sport a few jagged formations upon freezing his targets, while in BlazBlue: Chronophantasma, the crystals are more smooth and refined on their surfaces; showing how much Jin has improved on his control over Yukianesa.

When Ragna the Bloodedge was done, we were shocked to find out that Jin Kisaragi's sword, the Ice Sword: Yukianesa, is what's made him act like a cold-blooded, murderous psychopath.

Nico: Holy crap, so it's because of the influence of Ice Sword: Yukianesa, that Jin Kisaragi is like this. Sheesh, that's one weapon that no ice wielder would want to use.

Lana: Not if it means you'll be influenced to kill those around you.

Lincoln: That's right, and I'm up for burning that accursed blade, but we need to fight Jin Kisaragi in order to do that.

Lola Loud: And that's what I'm going to do, Linky.

Suddenly, Lola Loud's eyes turned neon blue, and she was surrounded by a rainbow energy aura with orange flames, rainbow flames, and phoenixes she unholstered her massive Sword of Gabja from her back, and as she approached Jin Kisaragi, she left rainbow energy, orange flames, rainbow flames, and phoenixes with every step.

Lola Loud: Jin Kisaragi, I'm not letting you hurt Ragna, his sister, or his friends. That sword you have in your hand is making you act like a psychopath, and I'm getting rid of that thing, even if it means I have to knock you down.

Suddenly, Lola Loud was surrounded by a massive vortex of rainbow energy with orange flames and rainbow flames surrounding the vortex, there's an orange and rainbow phoenix flying around the vortex, and in the vortex is a marine pink phoenix. Then, as the vortex faded, Lola emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Lola Loud grew from 6'0" to 6'5" in height, she still retained the body of a goddess, along with the weighted pink bands on her biceps and thighs, and they now have silver phoenixes on them, and eight large pink orbs orbiting around her legs, she has pink highlights in the bangs of her now long flowing blonde hair reaching the bottom of her neck and she still has on her tiara, she has neon blue eyes and a rainbow energy aura with orange flames, rainbow flames, and phoenixes surrounding her, she has a rainbow phoenix holding the Fire Kanji in its claws emblazoned on her forehead, she has on phoenix earrings with the Fire Kanji in its claws, and her necklace with the pink crystal links from her merged Crystal Necklace of The Buddha, and a phoenix with pink crystal eyes with the Fire Kanji in its claws for the pendant, she has on a sleeveless pink shirt with orange phoenix on it, along with her sash, pink with rainbow flames on them, pink leather ankle-length combat boots with phoenixes on them for the buckles, and a long pink sleeveless trenchcoat with orange flames and rainbow flames on the coattails, and on the back is a phoenix with flames and rainbow flames surrounding it.

Lola Loud now has massive blonde angel wings with pink tips on the large blonde feathers. Suddenly, her massive Sword of Gabja began merging with her two fire swords and her two massive Defender of The Loud House and Destroyer of Team Dark Phoenix Storm swords, and it's surrounded in a kaleidoscope of orange flames and rainbow flames, and when it emerged from the kaleidoscope of orange flames and rainbow flames, it was transformed into Gabja's Fire Sword of Divine Justice, it's a new large sword with a 6'5" massive, wide, double-edged red and orange blade with a phoenix and the symbol of The Loud House and the anti-Team Dark Phoenix Storm symbol etched on the blade, large pink angel wings for the crossguard, large fire red gem for the hilt, longer marine blue handle, and large faceted marine pink pommel with surrounding fire red gems. Lola Loud has on her Orange Lantern Corps ring on her right ring finger, she still has on her Bracelets of the Champions of The Universe with large pink gems on her wrists, Belt of Elemental Bravery with large pink gem for the belt buckle on her waist, she has her Spellbook of The Gods and The Universe on her right hip, and her Eater of Sins revolver holstered on her left hip. There's a hot pink kanji below the phoenix that said, "Lola Loud, Fourth Youngest of The Loud Family, Loving Sister of Her Many Siblings and Loving Twin Sister of Lana Loud, Loving Youngest Daughter of Rita and Lynn Sr., Loving Girlfriend of Winston, Fiery Pageant Queen of Gotham Royal York, Slayer of Evil, Descendant of 17th Century Lola of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Emissary of Gabja, Defender of The Loud House and The Loud Family, Ambassador of Hope, and Master of Flames and Phoenixes."

ローラ・ラウド、ラウド・ファミリーの四番目の末っ子、彼女の多くの兄弟の愛情のある姉妹、ラナ・ラウドの愛情のある双子の姉妹、リタとリン・シニアの愛情のある末っ子、ウィンストンの愛情のあるガールフレンド、ゴッサム・ロイヤル・ヨークの燃えるようなページェントの女王、悪の殺し屋、スコットランドのラウド湖の十七世紀のローラの子孫、モラグマクラフリンの破壊者、ガブジャの使者、ラウドハウスとラウドファミリーの擁護者、希望の大使、炎とフェニックスのマスター

Lola Loud has transformed into SUPER ANGEL INFINITY PAGEANT QUEEN INFERNO STORM PHOENIX ANGEL OF FIERY JUSTICE AND DIVINE LOVE!

We were amazed by Lola Loud's Super Angel Infinity transformation, and when Winston saw what happened to her, he had an atomic red blush on his face and hearts in his eyes. But, when Jin Kisaragi saw it, he fell into a rage and tried to kill her, but Lola fired a powerful blast of rainbow fire at him, and it burned him.

Nico: (Stunned) Wow, Lola's transformed into a true Angel of Fiery Justice, and she's going to lay the smackdown on Jin Kisaragi, and destroy that cursed sword.

Lincoln: Whoa, Lola, you look amazing, how do you feel?

Lola Loud: (Divine Echoing Cosmic Voice of The Inferno and Divine Love) **I feel incredible, Linky, and now, I'm going to lay the smackdown on Jin, and destroy that cursed sword.**

Lincoln: (Smiles) Hope you're not going to start without your big brother at your side.

Lincoln unholstered his improved massive Sword of Universal Hope and Elemental Bravery from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he joined with Lola.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **Let's get him.**

Lola and Lincoln went after Jin Kisaragi, who fired a blast of ice at them, but they fired a powerful blast of rainbow fire and melted it, and they fired powerful blasts of rainbow energy, rainbow fire, elemental forces, Thunderbirds, Phoenixes, and Buffalo at Jin Kisaragi, and they exploded with incredible power as they hit him. Then, with one swing of her new and improved Gabja's Fire Sword of Divine Justice, Lola disarmed Jin Kisaragi of his Ice Sword: Yukianesa, and she and Lincoln fired powerful blasts of rainbow fire, which hits the Ice Sword: Yukianesa, and destroyed it, and Super Hakaied the spirit inside it, and I picked up Jin Kisaragi, as he was about to faint. We cheered wildly for what Lola and Lincoln did as they holster their massive swords on their backs and power down, and the improvements and upgrades to Lola's clothes, weapons, jewelry, and angel wings are permanent. Then, they came back to us, and we went up to Lincoln and Lola, and we hugged them, and they hugged us back.

Nico: Lola, Lincoln, you guys did one awesome job in defeating Jin Kisaragi, and destroying that evil Ice Sword: Yukianesa.

Lola: Thanks, Nico.

Lincoln: And Jin's going to be okay, he's going to need some rest at the infirmary, and we also have to fix up his clothing, since we burned him.

Nico: True, and it was definitely a battle of Fire VS. Ice that you both fought, and in the end, Fire won and the Ice Sword: Yukianesa, was destroyed for good.

Lincoln: You said it, and the moral is: never pick up a living weapon that'll turn you into a psychotic monster.

Nico: You got that right, big guy.

Then, Lincoln got jumped by his harem, and he was kissed all over, and he had lipstick marks all over him. But, Lincoln had a very sly grin on his face, and he made clones of himself, and he wrapped his abnormally massive and powerful muscular arms around the waists of every last member of his harem, and as they lock eyes, he leans down and kissed them on the lips, and we cheered for him. Then, Winston went up to Lola,, and he then wrapped his arms around Lola's waist, and he kissed her passionately, which Lucy returned, as she wrapped her arms around his neck, and kissed him, and we cheered for them.

Edyn: (To the viewers) This was awesome and I hope you all liked this series of rescues that took place in the Moonlands.

Nico: I know we all did. Great job today everyone. Lets head home.

We went home and enjoyed the rest of the day and went to sleep.

THE END

---

WOO! I'm sorry this took so long to do. HUGE Flashback scene. But it was awesome. The first part of the chapter was for the movie The Indian In The Cupboard and that was a great movie from my childhood. The second part was for the 2000 movie SPIDERS and that was a freaky one. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, Etstheclarencefan and ninjakingofhearts gave me the ideas for this and so did the guest reviewer. Thanks guys. Nico's next rescue is gonna be in the world of The Black Cauldron and he and Brittney will be going there to meet not only Nicole Hernandez the last of the 3 Sacred Beast Gene-Slammers but also destroy the Horned King. Lincoln's rescue will take place in the Disney Movie Robin Hood and not only will they stop Prince John but also have him join the Masters of Evil and they will also meet one of his friends who was turned into a Chaos Emperor Dragon - Envoy of the End gene-slammer. And the memorable moment she will talk about is how she unmasked Chandler who was impersonating Girl Jordan and framed him for a crime he didn't commit and got him suspended for a month the first time. The next chapter is gonna be another funny one and it's gonna be for the Timon & Pumbaa episode The Island of Dr. Mook and we're going to meet Dr. Screwloose and his Frankensteinian creations made from Timon's DNA and take him and those abominations down.

# Invasion of Mook Island

In the Mystical land of Prydian set in 717 A.D. which is known as the world of the 1985 movie The Black Cauldron, Nico and Brittney were there for another awesome rescue.

Nico: Thanks for coming with me, Brittney.

Brittney: No problem Nico. And it looks like we're going to meet Nicole Hernandez the Raviel gene-slammer in Prydain.

Nico: Yep and we're going to make sure the Horned King doesn't return too.

Brittney: I hope we give that monster the Black Gate fate.

Nico: That is gonna be awesome. It's hard to imagine that he is that evil and dangerous just like the Black Cauldron itself.

Brittney: No kidding.

Nico: Brittney, when I was having that nightmare, did you sense the demon that invaded Stewie's dreams anywhere?

Brittney: Yes I did and while you were sleeping after you had your first mission as leader, I snuck into your room and used my magic and pulled the demon out of you and sent its dark malevolent butt straight to oblivion forever.

Nico: WHOA! You did that for me?

Brittney: I sure did. When it comes to the dark forces of the Netherworld, I know all things in the realms of the paranormal, supernatural, mystic and the world of demons.

Nico: Wow.

Brittney: Yep.

Nico: And I hope there are no hard feelings between us because I replaced your dad as leader.

Brittney: No I knew that this was gonna come one day and after how you displayed such incredible leadership during these big major events, it was gonna be a matter of time before you became leader and I'm happy for you. Even though my heart is as black as darkness I still have love for all my friends.

Nico: Thanks, Brittney. And once we find the Horned King, we should destroy the Black Cauldron first. Without it, the asshole's powerless.

Brittney: No problem and I agree. What that evil king did that made him get turned into the Black Cauldron in the first place is far worse than anything the Horned King did.

Nico: That's true. So we'll both use the Black Gate on both of them.

Brittney: Yep.

They arrived at the ruins of where the Black Cauldron was kept.

Nico: It's quiet. Too quiet.

Brittney: But it's here. The Darkness is telling me that the Black Cauldron is here.

Brittney used her dark magic to search for the Black Cauldron and she concentrated as her hands glowed purple and pitch black and then she sensed a powerful evil force coming from behind a wall and then she used her magic to open the wall and in it was THE BLACK CAULDRON!

Nico: Bingo!

Brittney: The Black Cauldron.

Nico: This is too easy.

Nico: One of us should get rid of the Cauldron. And the other should get rid of the Horned King.

Brittney: Want to play Rock, Paper, Scissors for it?

Nico: You're on. If I win I get the Black Cauldron and you get the Horned King.

Brittney: Deal.

They shook their hands 3 times and Brittney came up Rock and Nico had Scissors.

Nico: You win. You get the Black Cauldron.

Brittney: Here we go.

Brittney went up to the cauldron and she used her magic on it and pulled out the spirit of the evil king and then she used her magic and wrote a kanji on his head.

Brittney: UZUMAKI BLACK JUDGEMENT SEALING ART: BLACK GATE!

The spirits of all the people that the king killed over the years judged him and found him guilty and they tore his soul apart and destroyed him and obliterated him from existence forever. Then the Black Cauldron disintegrated into black dust and was destroyed.

Then THE HORNED KING HIMSELF appeared!

Horned King: Well, if it isn't Nico Chan.

Nico: Horned King. Long time no see! Still haven't improved on your skin, huh?

Horned King: Very funny. Now where is the Black Cauldron?

Brittney: Oh you mean this?

Brittney held up the dust from it. And blew it onto the Horned King.

Brittney: Make a wish scaleface.

Nico: I made a wish myself. I wish one day for us to meet Kamen Riders in the future.

Horned King: NO! (Enraged) YOU WILL PAY DEARLY FOR THIS!

?: I don't think so!

A dark figure flew in and it was RAVIEL, LORD OF PHANTASMS!

Nico: WHOA! Raviel, Lord of Phantasms!

Brittney: That must be Nicole Hernandez.

Nico: Yeah.

Raviel fired a wave of darkness and it hit the Horned King and reduced him to a skeleton and then it disintegrated into dust and blew away into the wind.

Raviel then turned and it saw Nico.

Raviel: (in a girls voice) Nico Chan? Wow you sure have grown.

Nico: I sure have. Nicole Hernandez it's awesome to see you.

Raviel: Same here.

Nico: I was being serious about that Kamen Rider part.

Brittney: I know.

Nico: Yeah. But Nicole it is awesome to see you again.

Raviel: Same to you. And that must be Brittney Knudson with you.

Brittney: That's right. Nico has been officially promoted as the new leader of the team.

Raviel: I've been hearing rumors flying around about that. That is awesome.

Nico: Thanks.

Brittney: What is your favorite memory with Nicole, Nico?

Nico: That is an easy one. We both went to the mall and we did a lot of great shopping and then suddenly we saw a girl going on a ballistic rampage because her boyfriend dumped her and me and Nicole had to knock her out. The cops then took her away and she vowed to get revenge on me and Nicole. But we were hailed as heroes for saving the mail. No one was hurt though.

Brittney: Wow that is amazing.

Raviel: It was a long time ago. But that was cool.

Brittney: That's almost like what happened with Hailey Smith when Jeff dumped her.

Nico: Time for you to revert back.

Nico put on his blind man glasses and Brittney snapped her fingers and Nicole reverted back and she had dark blue hair and dark blue eyes and she was in her birthday suit and Nico gave her new clothes and she was now dressed in all dark blue and blue clothes.

Nicole Hernandez: Wow I look awesome.

Nico: Boy you sure do Nicole.

Nicole and Nico then hugged.

Nicole Hernandez: I missed you Nico.

Nico: I missed you too Nicole.

They later came back to the estate and told us everything and the Hernandez Sisters were all reunited.

---

After Nico's rescue, Lincoln, Me, Nico, Eli, Nicole, Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, Lily, Lincoln's harem, Mr. Wolf, Mr. Piranha, Mr. Snake, Mr. Shark, Ms. Tarantula, Robin Hood (Disney), Clyde, Liam, Zach, Rusty, Stella Zhau, and Shannon Deluth Sanderson Loud were heading to the world of the Disney movie, Robin Hood, and not only is Lincoln going to rescue the thirteen girls there, but we're also going to stop Prince John again, and also have him join the Masters of Evil, and we also got word of a Gene-Slammer here, and this Gene-Slammer is another one of his friends from long ago.

Lincoln: Wow, we're back in the world of the Disney movie Robin Hood, and I think I know what we're going to do here, not only am I going to rescue the thirteen girls there, but we're also going to stop Prince John again, and also have him join the Masters of Evil.

Nico: That's right, big guy. It's been years since we stopped Prince John the Coward, and now, he's come back and he's causing trouble again.

Lincoln: But, wait until he sees us again, he's going to be in for one nasty surprise. And Shannon, thanks for coming with us on this rescue.

Shannon Deluth Sanderson Loud: You're welcome, Lincoln. I've always wanted to join in on one of your rescues.

Mr. Wolf: And we also got word that a Gene-Slammer is here, and I'm also going to guess that it's one of Lincoln's friends from long ago.

Lincoln: You said it, Mr. Wolf.

Girl Jordan: Oh, and I don't know if I told you any of you guys this, but there was one memorable moment where I unmasked Chandler who impersonated me and framed him for a crime that he didn't commit and got him suspended for a month.

Nico: Actually, we haven't, Girl Jordan. You want to tell us about it?

Girl Jordan: Sure, Nico. Lincoln, Zach, Stella, Liam, and Clyde were trying to find out just who it was that framed Rusty, and they thought that I was the one who did it. But, I wasn't around at that time, I was visiting my relatives.

Girl Jordan proceeded to tell us of what happened on that day.

FLASHBACK - IN BETWEEN THE EVENTS OF CHAPTERS 29 & 30

Everyone confronted Jordan, angry to hear that she was the one who framed Rusty for the stupidest reason!

Lincoln: Girl Jordan, I can't believe you have a disproportionate retribution against Rusty, all because of a bad grade. Nobody's perfect you know, so why make it a big deal?

"Girl Jordan": Life ain't fair, Larry!

Lincoln: Larry? My name is Lincoln, you know that! In fact, you always know that!

Jordan: Uh, I mean…

Clyde: And do you know what's weird? Chandler hasn't been seen since we interrogated him. In fact, someone told me that he never was at the dance!

"Girl Jordan": I, uh… bet he was out sick!

Me: And didn't you tell us that you were gonna skip the dance and school so you could visit relatives? You even left an excuse note as well!

Clyde: and if I recall, you weren't even in cooking class that day!

Zach: What are you hiding Jordan?

There was something fishy going on with Girl Jordan, and everyone could tell by the way she was sweating and backing up. She trips backwards and Lincoln saw a rip on her cheek. At first he thought she was cut but he could see some more skin underneath that rip, with freckles too. He could also make out a piece of red hair under her own hair. What was going on?

Lincoln: Wait a minute… I think I know what's up… (pulls Girl Jordan's head off, which was actually a mask, revealing the real culprit underneath) CHANLDER?!

All: CHANDLER?!

Me: I knew it!

They couldn't believe it! Girl Jordan was actually Chandler all along, and Chandler was the one who framed Rusty!

Chandler: Uh, uh, who is Chandler?

Rusty: (grabs Chandler by the shirt ready to punch) Why, I oughta… !

Lincoln: Why, Chandler? Just why?

Chandler: Why? Because I was tired of Rusty here always thinking he's cooler than me! He's the reason why I got that bad grade, Plus, I was never invited to the dance. I was looking forward to it, So, I figured why not?

Me: That is the most ridiculous reason for revenge ever, but why would you make it look like Girl Jordan did it?

Chandler: Well, for one… I was jealous of her as well, for getting better grades than me. Besides, nobody would suspect a girl like her to notice that she would frame Rusty.

Girl Jordan: Almost nobody!

Girl Jordan had returned from visiting her relatives, and she heard and saw the whole thing. She storms to Chandler, looking furious. She couldn't believe that this jerk wanted to frame Rusty and make her look bad!

Girl Jordan: I cannot believe it, you monster! you impersonated me just to torment Rusty?!

Chandler: I-I-I didn't think you would mind-

Girl Jordan: Would mind?! You made me look like a jerk! I would never do anything like that over one little bad grade! Out of all the bad things you've done in the past just to be "popular", this is the absolute worst! Well, Here's what I think of you impersonating others and framing innocent people!

POW!

She socks him in the eye! After that, Chandler is chewed out by the others for his crimes and dragged to the nurse's office, then later detention. Meanwhile, Rusty is forgiven.

Huggins: Rusty, I am so sorry I accused you of these crimes. I know you would never do anything bad like that, and I should've done a through investigation instead of jumping to conclusions!

Rusty: And now, you know what to do next time someone gets framed. I'm just glad my name is cleared.

Lincoln: And I hope Chandler learned not to impersonate and frame others.

Huggins: And you won't be seeing him for a while. After he's done with detention, he'll be suspended for a month. Now if you'll excuse me, I have to go tell Bolhofner he's fired. That's the last time he torments you kids or sets wild animals loose in this school. Plus, I've been meaning to hire a real home ecs. teacher, plus I've heard about this Dimartino lady and how she's a great substitute. I think I'll give her a call.

With his name cleared and the culprit defeated, Rusty was found innocent!

When Girl Jordan was done, we were amazed at what happened that day, and of course, we were also disgusted by what Chandler did.

Nico: As if we didn't know of what kind of lowlife jerk Chandler was because of his dark side, this was the most petty and pathetic attempt at revenge ever, and all of it was fueled by jealousy.

Lincoln: You said it, Nico. Framing my friend, Rusty, was one thing, but to also frame one of my future wives in the process, and all because of jealousy towards them, that's what I call crossing a moral line.

Me: You got that right, big guy, and it was because of Chandler's dark side, yuck! He's even worse than The Devil himself.

Laney: Ironic for you to say that though, J.D., because he made that deal with The Devil long ago, and you know what happened to him, right?

Girl Jordan: Oh yeah. Lincoln told me what happened, and we already know that making a deal with The Devil will cost you your life, if it's broken.

Mr. Wolf: What?! He once made a deal with The Devil himself for the power to kill Laney and everyone in his path?! That's just pure evil!

Nico: Yeah, it sure was. But, Chandler's been freed from that monstrous dark side of his, and he's now in a crystal prison where he'll never get out ever.

?: HELP!

Suddenly, Lincoln heard the sound of fourteen girls calling out for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard where the call for help was coming from. He saw the fourteen girls, but they've been cornered by Prince John and he also has the evil versions of the Olympos XII with him, Apollomon, Bacchusmon, Ceresmon, Dianamon, Junomon, Jupitermon, Marsmon, Merukimon, Minervamon, Neptunemon, Venusmon, and Vulcanusmon, and he's going to kill them.

Lincoln: Guys, I found the fourteen girls, but they've been cornered by Prince John, and he's going to kill them. And I've got major bad news, he also has the evil versions of the Olympos XII, Apollomon, Bacchusmon, Ceresmon, Dianamon, Junomon, Jupitermon, Marsmon, Merukimon, Minervamon, Neptunemon, Venusmon, and Vulcanusmon with him.

Nico: He what?! Oh, holy crap, let's get them!

We then rushed on over, and Lincoln fired twelve powerful rainbow energy blasts at the evil versions of the Olympos XII, Apollomon, Bacchusmon, Ceresmon, Dianamon, Junomon, Jupitermon, Marsmon, Merukimon, Minervamon, Neptunemon, Venusmon, and Vulcanusmon, and they were destroyed, and he absorbed their data, and his rainbow energy aura with the elemental forces was glowing.

Lincoln: Whoa, did I just do the unthinkable and take down the evil versions of the Olympos XII?

Nico: (Smiles) You sure did, Lincoln, and we heard from Mikey and the others that they're Mega Level God Man Digimon. I'm so proud of you.

Bacchusmon: (In Lincoln's head) He's right, Lincoln Loud. You freed us from ourselves, and you now have access to our powers. Use them well.

Nene (Digimon): Awesome job, Lincoln, and now, all that's left is that thumb-sucker, Prince John.

Lincoln: There he is, and look at him, still sucking his thumb in defeat and anger.

Prince John: You have all ruined everything for the last time, Team Loud Phoenix Storm. Those evil versions of The Olympos XII were my only chances of getting the crown back!

Lincoln: The crown of England was never yours, Prince John, and you know why, you're nothing more than a greedy, thumb-sucking, weak, spineless coward. But, you know what, we're not going to throw you back in prison. How would you like to join The Masters of Evil?

Prince John: You want me to join The Masters of Evil, even after everything that I did?

Lincoln: Yeah, besides, I think you've had enough of being imprisoned here, so consider this an early release.

We saw something land on the ground, it was a Chaos Emperor Dragon - Envoy of the End.

Lincoln: Whoa, a Chaos Emperor Dragon - Envoy of the End.

Chaos Emperor Dragon - Envoy of The End: (In a girl's voice and Scottish Accent) That was indeed a good choice you all made.

Lincoln: Wait, that voice. Elizabeth O'Carroll, is that you?

Elizabeth O'Carroll: (Scottish Accent) Lincoln, is that you?

Elizabeth O'Carroll ran up to Lincoln, and they hugged.

Lincoln: Yeah, it's me, Elizabeth. I haven't seen you when you were eleven, and that was five years ago, and I've really grown a lot as you can see, and I'm sixteen years old.

Elizabeth O'Carroll: (Scottish Accent) Yeah, I can see, you've really grown a lot from the eleven-year-old cute little boy into a 16-year-old 7'0" tall and very handsome teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs, and I also found out that you were the descendent of the 17th Century Duke Lincoln of Loch Loud in Scotland, and I heard you all got rid of that witch, Morag. Good riddance to that old hag.

Nico: We sure did, and I'm going to guess that she's another friend of yours from long ago, right, Lincoln?

Lincoln: You bet, Nico. This is Elizabeth O'Carroll, I met her five years ago when she was eleven and moved to Michigan from Scotland, and like Helena, Emily, Cathy, Mia, Emma, Rebecca, Lauren, and Valerie, she defended me from bullies, specifically Chandler when he still had his dark side in him, and his two goons.

Nico: Awesome, and it's been five years since you last saw each other, so this is an awesome reunion.

Lincoln: That's right. Now, let's get you back to normal, Elizabeth. Boys, cover your eyes. Hold still, Elizabeth, this is going to hurt.

Eli, Me, Nico, and the rest of the boys covered our eyes and Lincoln snaps his fingers, and Elizabeth was reverting back to normal, she was a beautiful 16-year-old girl with long red hair, red eyes, fair skin, she was 6'0" in height, and she had the body of a goddess. She also now has massive black angel wings with blue tips on the large black feathers on her back, as she reigns in the power of Chaos Emperor Dragon - Envoy of The End.

Lincoln: How do you feel, Elizabeth?

Elizabeth O'Carroll: (Scottish Accent) Good. (Realizes she's in her

birthday suit) But, I'm also in my birthday suit.

Lincoln gave her a new wardrobe, a green sleeveless shirt with a red phoenix, green skirt with the Chaos Emperor Dragon - Envoy of The End and green flames on it, black leather ankle-high combat boots with Celtic Triquetra buckles on them, and long green sleeveless trenchcoat with the Chaos Emperor Dragon - Envoy of The End on the back, and on her back is a large Chaos Emperor Dragon - Envoy of The End-themed sword with a 6'5" massive, wide, double-edged, man-sized silver blade with the Chaos Emperor Dragon - Envoy of The End and a Celtic Triquetra etched on it, the large wings of Chaos Emperor Dragon - Envoy of The End for the crossguard, large red gem for the hilt, longer black handle, and large green faceted sphere pommel with surrounding red gems.

Elizabeth O'Carroll: (Scottish Accent) Wow, I love the new outfit and new large sword you made for me, Lincoln.

Suddenly, a Thunderbird Necklace of Eternal Love appeared on her neck.

Elizabeth O'Carroll: (Scottish Accent) Wow, is this…?

Lincoln: Yep, that's a Thunderbird Necklace of Eternal Love, which means you're now part of my harem and you're one of my many future wives, Elizabeth.

Elizabeth O'Carroll had a smile on her face and tears in her eyes, as Lincoln wrapped his abnormally massive and powerful muscular arms around her waist and he kissed her, and we cheered for them. Then, Lincoln and all of us went up to the thirteen girls, and when Lincoln saw them, he recognized them immediately. The thirteen girls are Karin Shiraishi, Kyouko Asahina, Suomi Kitano, Shouko Saibara, and Akari Harada from Diamond Dustdrops, Natsumi Tsujimoto, Miyuki Kobayakawa, Yoriko Nikaidō, Aoi Futaba, Saori Saga, Ruriko Kaneko, Kaori Takano, and Sakura Fujieda from You're Under Arrest.

Lincoln: Oh wow, it's Karin Shiraishi, Kyouko Asahina, Suomi Kitano, Shouko Saibara, Akari Harada, Natsumi Tsujimoto, Miyuki Kobayakawa, Yoriko Nikaidō, Aoi Futaba, Saori Saga, Ruriko

Kaneko, Kaori Takano, and Sakura Fujieda.

Helena McTroy: From Diamond Dustdrops and You're Under Arrest, awesome.

Lincoln: Are you girls okay?

Karin Shiraishi: Yeah, we're okay, thanks to you.

Then, when Karin Shiraishi and the other twelve girls saw who it was that saved them from Prince John, their faces turned atomic red upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, a golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top was the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, and Buffalo, and below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and The Thirteen Elemental Forces, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", and he had deep sapphire blue eyes.

He had his massive Sword of Universal Hope and Elemental Bravery holstered on his wider and muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces constellation and Aquarius

Zodiac sign on the back of his neck, large weighted orange bands on his massive biceps and thighs with silver phoenixes on them, his large Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them with rainbow tips on the large deep sapphire blue feathers, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with elemental forces, Thunderbirds, Phoenixes, and Buffalo on them and with hanging mini silver lightning bolts held up by his Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of large blue pants with multicolored lightning bolts on the thighs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Buffalo head stud earrings with the Thunderbird and Eternity Kanji on it, a large Thunderbird Necklace of Eternal Love with colored gems on the gold lightning bolts and a Buffalo head with the Thunderbird and Eternity Kanji on his neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, he had eight large orange orbs orbiting around his legs, and circling around his feet on the floor are eight golden crosses with angelic runes.

Karin Shiraishi: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made twelve clones of himself, and he and the twelve clones went up to the girls, and they picked them up and hugged them in their abnormally massive and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Karin Shiraishi: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, thirteen Thunderbird Necklaces of Eternal Love appeared right around the necks of Karin Shiraishi, Kyouko Asahina, Suomi Kitano, Shouko Saibara, Akari Harada, Natsumi Tsujimoto, Miyuki Kobayakawa, Yoriko Nikaidō, Aoi Futaba, Saori Saga, Ruriko Kaneko, Kaori Takano, and Sakura Fujieda. Then, we returned home to the Estate, and we told everyone what happened at the world of the Disney movie, Robin Hood, and they were surprised when they heard Prince John had come back, and they were shocked when they heard that he had help from the evil versions of the Olympos XII, Apollomon, Bacchusmon, Ceresmon, Dianamon, Junomon, Jupitermon, Marsmon, Merukimon, Minervamon, Neptunemon, Venusmon, and Vulcanusmon.

But, when Lincoln told and showed everyone what he did to the evil versions of the Olympos XII, they cheered wildly for Lincoln and the rest of us, and they all hugged us, and the girls in Lincoln's harem went up to Lincoln, and they kissed him all over. Lincoln and Elizabeth O'Carroll now have a lot of catching up to do, now that she's finally back and they've been reunited, and Prince John joined The Masters of Evil.

* * *

After putting a stop to Prince John, we were training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Elizabeth O'Carroll saw Lincoln working out like crazy, she had an atomic red blush on her face.

Elizabeth O'Carroll: (Scottish Accent) Whoa, Lincoln has really grown to be a 16-year-old 7'0" tall, really big, and really strong young man, just look at those abnormally massive and powerful muscles hard at work, and to work out with those 9,500-lb barbells and not even get tired, incredible.

Lincoln: And I've also trained a lot under some very powerful teachers, J.D. and Nico included, Elizabeth, and now, I can also fight and defend myself.

Elizabeth O'Carroll: (Scottish Accent) That's awesome.

Nico: It sure is. So, Elizabeth, what memories did you have with Lincoln?

Elizabeth O'Carroll: (Scottish Accent) Oh, I remember that one time, Lincoln defended me from the two goons of Chandler who were making fun of me because of my long red hair and my Scottish accent, and when Chandler was about to attack Lincoln, I slugged him in the eye, and I told Principal Huggins about what he almost did to Lincoln.

Nico: Just like with many of Lincoln's old friends, Elizabeth.

Me: Yeah, and Chandler was freed from his dark side long ago, but if that monster tries to break loose, he'll be in for such a horrible beating from all of us.

Mr. Wolf: You got that right, and if I see his face in the future, let me be the one to get after him. It's bad enough that he framed Rusty and tried to get Girl Jordan in trouble, but trying to frame you and Lincoln in one of his many murderous plans and tried to kill a lot of kids, not to mention making a deal with The Devil for dark powers, inciting mayhem on Bully Island by getting Weredogs involved, and all kinds of other horrible actions, he's going to pay for this.

We saw that Mr. Wolf was really serious about making Dark Chandler pay for everything that he's done.

Me: Whoa.

Nico: You said it, J.D., he's serious about making Dark Chandler pay for everything that he's done so long ago. (Smirks) Alright, Mr. Wolf, you got yourself a deal.

Mr. Wolf: (Smirks) Thanks, Nico. Trust me, that monster's going to pay.

Nico: So, Lincoln, what can you tell us about Elizabeth O'Carroll?

Lincoln: Elizabeth O'Carroll is a sweet and tough girl, she also knows a lot of Scottish history, and she also knew about the history of our Scottish ancestors, which is also awesome. She's also a very good fighter with her bare hands, she's a good archer, and she's also an awesome sword fighter.

Nico: Now, that's awesome, and Natilee, J.D.'s daughter, is also excited to meet another person from Scotland, since she's known as The Celtic Princess.

Natilee: That's right.

Duke Lincoln: (Scottish Accent) And you know who was responsible for what happened to us 400 years ago, right, Elizabeth?

Elizabeth O'Carroll: (Scottish Accent) Aggie McLaughlin, that witch. She did that to all of you, just because she wanted peace and quiet, and to hear Morag almost did the same thing as well, when she allied with Team Dark Phoenix Storm, indeed The McLaughlin family are now hated in Scotland and across the world. May they suffer forever in Hell.

Lucille Loud: (Scottish Accent) But, it was thanks to everyone that she paid the price for her crimes, along with Team Dark Phoenix Storm.

Duke Lincoln: (Scottish Accent) And J.D. brought us back to life, and now, we have a new life here in Gotham Royal York.

Lincoln: Yeah, and Duke Lincoln was also the first one of our ancestors to transform into his Super Angel 750,000,000,000 form, and it was against Dario Bossi, the arsonist and Dark Lord candidate, and he also looks physically like me, but with some differences in our clothes and massive and indestructible angel wings.

Me: Yeah, it was so awesome, and Lincoln fought alongside his ancestor in that fight.

We then got a shower afterwards, and after that, Lincoln and his harem were getting ready for their date, this time, it's at Lake Lamode in the world of Mario.

Lincoln then snapped his fingers, and the 16-year-old 7'0", white-haired, handsome, and extremely muscular teen was dressed in large orange swim trunks with a phoenix, thunderbird, buffalo, and elemental forces on it, along with his large weighted orange bands with silver phoenixes on his massive biceps and thighs, his jewelry, large orange sandals, and eight large orange orbs orbiting around his legs, and he also had his weapons holstered, in case of trouble.

Lincoln's harem were dressed in two-piece bikinis in their favorite colors, sandals, along with their jewelry, and they also had their weapons holstered in case of trouble.

Lincoln: Alright, ladies, shall we?

Helena McTroy: We're ready, Linky.

Lincoln and the girls left the Estate, and they head for their destination, Lake Lamode, in the world of Mario. When they arrived at Lake Lamode, those who hadn't been to here were awestruck by this underwater kingdom.

Elizabeth O'Carroll: (Scottish Accent) Whoa, what is this place, Linky?

Lincoln: This, Elizabeth, is Lake Lamode. I've been here before on a date with a couple of girls in my harem, and they saw how beautiful it was. Shall we?

Lincoln and the girls got started as they dived into the water, and they were swimming underwater. There, they saw the sights of Lake Lamode, the aquatic plants that grow there and the buildings in the glass domes, and they were amazed. Then, they met the Lochladies, and they knew of what the team's achieved. Then, they had lunch that Lincoln packed inside the Domed Water Plaza. and then, as the sun was about to set, Lincoln made clones of himself, and he and the clones went up to the girls in his harem, and they picked them all up in their abnormally massive and powerful muscular arms, and just as the sun turns orange, they passionately kissed and hugged. Then, they returned home to the Estate, and they returned to their original clothes.

Nico: Hey, Linc, how was your date?

Lincoln: It was so awesome, Nico. We went to Lake Lamode in the world of Mario, and the girls who haven't been there were amazed by the sights there.

Nico: Awesome, and they were surprised by Lake Lamode, right?

Mia Addison: You got that right, Nico. And it was so awesome, we had our first date with Lincoln, and we had fun in Lake Lamode, and he ended it the same way as in our first date, he made clones of himself, and as they approached us, they picked us all up in their abnormally massive and powerful muscular arms, and just as the sun turns orange, we passionately kissed and hugged.

Lori: Always the romantic, right, Lincoln?

Lincoln: And a date planner, Lori.

Me: And they can't wait for more fun on any more dates that you've planned.

Lincoln: You said it, J.D.

Elizabeth O'Carroll: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) (Scottish Accent) And I can't wait for more dates you've got planned for us, big, tall, muscular, and handsome.

Lincoln had an atomic red blush on his face and smirk when Elizabeth said that, which he replied in kind by leaning down and kissing her passionately on the lips, and she had an atomic red blush on her face, and lovestruck look on her face.

* * *

Later it was time for my final mission with the Fusion Fighters till February 7th.

Nico: Well, this is it. Your last mission with Mikey and the others until February.

Me: Not that far away. But it'll be awesome to help Mikey and his friends again one last time.

Nico: Yep.

Me: Nico maybe as the final warning that we're coming for Lord Bagra we can fire the Superlaser at his castle and blow it to smithereens.

Nico: Good idea. Be careful guys.

Me: We will. Ready Master Goku?

Goku: I sure am.

Gohan: We're all ready for this.

Me: Lets fly!

We opened the portal and we were off to the Digital World.

We arrived and we saw Mikey Kudo and friends.

Mikey Kudo: Hey J.D.!

Me: Hey guys.

Angie: Wow who are they?

Me: Guys I would like you to meet the Z-Fighters.

Goku: Hi, I'm Goku.

Vegeta: I'm Vegeta.

Gohan: I'm Gohan.

Piccolo: Piccolo.

Krillin: The name is Krillin.

Chiaotzu: I'm Chiaotzu.

Tien: I'm Tien.

Trunks: I'm Trunks.

Goten: I'm Goten.

Android 18: I'm Lazuli but I go by Android 18.

Android 21: I'm Android 21.

Yamcha: I'm Yamcha.

Android 17: And I'm Android 17.

Christopher: Awesome to meet you all!

Angie: Wow! You guys are awesome!

Me: Yep. They are also my teachers. They taught me everything they know. Master Goku is my master because he taught me all his moves.

Nene: It's true.

Mikey Kudo: Awesome!

Angie: That is so cool!

Mikey Kudo: (to Goku) Why don't we just send you to kill Bagra?

Goku: Oh, c'mon! I don't want to hog all the action!

Me: Master Goku may be the strongest out of all the Z-Fighters but he doesn't go after opponents to kill them like that. He only does it test his limits and there's another thing that he fights with and that is with honor.

Mikey Kudo: Wow.

Jeremy: So awesome.

Goten: That's dad for you.

Me: Yep. The Z-Fighters have faced unbelievably powerful enemies the likes of which have enough power to obliterate entire planets in an instant. They were far more powerful than the strongest of all Digimon that we have encountered.

Mikey Kudo: Wow!

Christopher: That's incredible.

Angie: Who was the most powerful enemy the Z-Fighters have all faced?

Me: That's an easy one.

Goku: That would be Omega Shenron.

Me: His power level was at a staggering 1.9 billion.

Christopher: Whoa! That is powerful!

Me: It sure was. Many of the Z-Fighters enemies were extraordinarily powerful.

Vegeta: It's true and the power we have makes all the strongest Digimon in the entire world seem like nothing.

Me: The Z-Fighters have all trained A LOT to get where they are at now. You wouldn't believe how much blood, sweat, tears and pain they had to go through to become as powerful as they are now.

Android 18: Its true.

Jeremy: Amazing!

Christopher: I can only speculate.

Angie: Now to find Apollomon. And hope he's in a good mood.

Me: Before we do, we need to know more about him. You all faced him before.

Christopher: Right. He is the ruler of Bright Land.

Christopher told us about him.

---

Apollomon is one of the Death Generals of the Bagra Army, the ruler of Bright Land, and one of the main antagonists of the second half of the anime Digimon Xros Wars/Fusion. He's known as the Sun.

After Bagramon recreated the Code Crown, he reformatted the Digital World into the seven Satellite Kingdom. Doing so, the Death Generals were born. One of them is Apollomon. Apollomon rules the Bright Land. He served both Bagramon and DarkKnightmon. Apollomon is different in comparison to the other Death Generals. He's not as evil as the other Death Generals, however, Apollomon has an evil alternate form, thanks to Bagramon, called; Apollomon Whispered. He temporaily absorbed DeadlyAxemon so he can form Apollomon Whispered Darkness Mode. Apollomon reappeared along with the other Death Generals as souless Digimon, and combine together to form the ultimate Death General, GrandGeneramon.

Meanwhile, while Taiki, Shoutmon, Balistamon, and Dorulumon were in Prison Land (a place where Digimon's souls live), Apollomon Whispered reappeared with the other Death Generals. The good Apollomon ultimately destroyed his evil side once and for all.

---

When he was finished we were amazed and shocked!

Me: Whoa! That is amazing that Apollomon separated from his evil side and destroyed it.

Goku: It sure is. We can do so again.

Me: That's right Master. But before we do how would you all like to learn all of the Z-Fighters great moves?

Angie: WOW!

Christopher: We would be honored.

Me: Yep. And I have just the place to learn them.

I opened a portal into the Hyperbolic Time Chamber and we all went in and got to training and we were teaching all the Fusion Fighters all the Z-Fighters and my moves too and all that and in 1 day, because time speeds up in the Digital World, we got 5 years worth of training done in 1 day and we came out and the Fusion Fighters look awesome! They were strong, powerful and muscular and have amazing strength and power. But their clothes were all shredded and tattered from all that training.

Mikey Kudo: Wow! I feel amazing!

Angie: Boy no kidding. I look awesome. Wow and I look like I'm 16 years old. You didn't tell me that the Time Chamber was gonna age us.

Me: I forgot to mention that part. But yeah you all look awesome. Now we can put all that training to the test and head for Bright Land. But first lets get you all new clothes.

I snapped my fingers and they had new clothes on and then we were off to Bright Land.

We arrived in Bright Land.

Me: Wow so this is Bright Land.

Krillin: He's around here somewhere.

Me: Hmm.

I concentrated and then I sensed something.

Me: Up there!

I fired an energy blast and it hit a pillar and exploded and down came APOLLOMON WHISPERED!

Me: Apollomon Whispered. Looks like your evil side took over.

Apollomon Whispered: That's right and now you die! (Echoing) ARROW OF WHISPERED!

He fired a blue fire blast.

Me: MASENKO HA!

I fired a blast of energy and the blasts collided and my blast overtook his and it hit him and exploded!

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

He was knocked down.

Mikey Kudo: Fight him Apollomon! You're better than this!

His voice got through and then Apollomon Whispered was in pain!

Apollomon Whispered: NO!

A ball of light came out and it formed into THE GOOD APOLLOMON!

Goku: Whoa!

Apollomon: Surrender now. And then never come here again. But you all get to live.

Mikey Kudo: You know we can't do that.

Apollomon: Don't make me a murderer, Mikey.

Me: Apollomon let us help you. We have the power to separate you from your dark side forever and you can be free from it. I have that kind of power.

Apollomon: You do?

Me: That's right. Just trust me.

I fired a blast of light and it hit Apollomon and it separated him and made Apollomon Whispered a separate being!

Apollomon Whispered: NO! You ruined everything! YOU WILL PAY FOR THIS!

He jumped onto the pillar!

Apollomon Whispered: You all will die in oblivion! (Echoing) RISING SUN OF ALL SORROWS!

He formed a massive ball of black energy and it was a dark sun!

Mikey Kudo: Oh no! Time for a Spirit Bomb!

Mikey formed a Spirit Bomb and it was the same size as the dark sun of Apollomon Whispered!

Apollomon Whispered: NOW YOU DIE!

Mikey Kudo: NO YOU DO!

They both threw the giant balls of energy and they collided and then Apollomon Whispered's ball exploded with incredible power and the Spirit Bomb of Mikey hit him and he was obliterated in a massive incredible explosion that shook the Digital World to the brink! When the explosion faded we uploaded Apollomon Whispered's data and got his powers. We cheered wildly for Mikey!

Me: Way to go Mikey!

Nene: ALL RIGHT!

Later we were getting ready to head back.

Mikey Kudo: Well, guys. I guess we'll see you all on February.

Me: I know but it's not goodbye forever. You all did really well and we're all really proud of all of you. You've been a really tremendous help in our strategy. We wouldn't have come this far if it weren't for all of you.

Angie: Thanks J.D. This was awesome.

Goku: It sure was. And Mikey you did really well for your first try on the Spirit Bomb. You did great.

Mikey Kudo bowed to Goku.

Mikey Kudo: Thanks sensei.

Me: We have one last trick before we go home. (Pulls out radio) Nico you may fire when ready.

Nico: (On radio) Roger that.

Me: Now watch guys.

At the Estate, Fu charged up the Superlaser.

Fu: Fire!

She pressed the button and the portal to the Digital World opened and the Superlaser fired and it hit the castle of Lord Bagra and exploded.

EXTREMELY MASSIVE EXPLOSION!

The Bagra Army castle was completely destroyed!

Me: That did it!

Vegeta: It sure did.

Me: Now the Bagra Army is on its last legs. On February 7th, we're coming for them. All of us.

Mikey Kudo: Yes we sure are.

We went back home.

We arrived and I told them everything and it was awesome!

May: Look on the bright side. It was fun while it lasted.

Me: It sure was. But on February 7th, the real mission begins. But on the plus side I did find more potential recruits for the M.O.E.

Nico: Awesome. Who did you find?

Me: I found Marsmon, Sethmon and Turuiemon.

Nico: Neat.

Eli: But that was an awesome adventure.

Me: Yep. We got the Bagra Army backed into a corner.

Nico: We sure do.

---

Later at Phoenix Land we were there to have Kaz and Kendra's blind date.

Kaz: (while blindfolded) So, someone wants to meet with me?

Wood Man: Yep. It's your secret admirer.

Nico: Trust me man. You're going to have a great time.

We lead Kaz to Phoenix Land. We haven't been to our amusement park in a long time.

Kendra: (Blindfolded) I can't wait to meet this man.

Varie: Oh you'll love him.

We got them together and took off their blindfolds And they saw each other.

Kendra: Kaz?! You're my blind date?!

Kaz: Kendra?! You're my blind date?!

Casper: And no, this wasn't Nico's idea.

Nico: HEY! It was too!

Kaz and Kendra glared at him.

Nico: Oops.

Kaz: We'll pay you back later Nico.

Me: You two should have fun. Besides we haven't been here in a long time.

Kaz: Yeah you're right. Lets have fun Kendra.

Kendra: You bet.

They went and had fun. They played games, went on the awesome roller coaster and even had more fun by going on lots of rides.

Breakdown: It's nice to see our theme park still looking nice as ever.

Nico: It sure is and it's awesome to see 2 lovebirds having fun.

Me: Yep. I love coming here to Phoenix Land and it looks like Sarah and Jimmy are having fun too.

Sarah tested her strength on the bell tower and she pounded the hammer onto the launcher and the weight hit the bell.

DING!

Jimmy: Way to go Sarah!

Sarah: Thanks Jimmy. Eli you want to give it a try?

Eli: Sure Sarah!

C.C.: Go Eli!

Nunnally: Yeah go for it!

Eli went up to the tower.

Eli: Watch this.

Eli punched the launcher and sent the weight flying up and then…

SMASH!

He smashed the bell right off the top of the tower and sent the bell flying into the air!

Applejack: YEEHAW! Way to go Eli!

Nico: Wow! Eli sure is a strong kid!

C.C.: Wow! Eli sure has gotten strong.

Nunnally: He sure has.

Me: He sure has.

Nico: By the way J.D. how does Phoenix Land stay open even in such extreme cold during the winter?

Me: I put up a special dome around the area that keeps the whole place warm and cozy.

Nico: Wow that is cool. Same thing must be like that around the city.

Me: Actually the city is protected by a magic spell that makes all the plant city healthy forever.

Nico: Awesome.

Kaz and Kendra came back.

Nico: You guys have fun?

Kendra: We sure did.

Kaz: Thanks for this date, Nico.

Nico: No problem.

Me: I see that Kaz's face is covered in Lipstick Marks.

Kaz: Yep we kissed a lot.

We laughed.

Me: You two are perfect for each other.

Kendra: (cracks her knuckles) That being said, we're still punishing you for this!

Nico: UH OH!

Mirage: (to Nico) Dude, fucking run!

Nico ran fast but then the Lemmings blocked his path and Kendra and Kaz jumped on him and tickled him all over.

Nico laughed hysterically!

Larry Lemming: Sorry Nico.

Leonard Lemming: But we couldn't let you get away.

Nico: (LAUGHS HYSTERICALLY) TRAITORS! (LAUGHS)

Me: Glad you two had fun though.

Kendra: Thanks J.D.

We later went back to the estate.

Khybon: I'm just glad no one had the audacity to close Phoenix Land.

Nico: Me too. That is our very own amusement park.

Me: It sure is.

Then the alarm went off.

Nico: Uh oh.

We went to the computer and we saw that there was a disturbance happening at an uncharted island in the middle of the South Pacific and something was going on down there.

Nico: Looks like our next mission is in the South Pacific.

Eli: I hope it's a damsel in distress.

C.C.: That would be awesome.

Nunnally: It sure would.

Then Ebon, El Oso, Overdrive, Wrecking Crew, DC Enchantress, Bronze Kneecap, Puff, Dark Turtles, Doctor Octopus, and Biowulf appeared.

El Oso: (Spanish Accent) Can we go with you all señors en señoritas?

Nico: You all sure can. At least we're not going to the Moonlands again this time.

Edyn: That's true.

DC Enchantress: I heard Kendra and Kaz went on a date.

Dark Raph: (To Kaz) Nice kiss marks.

Kaz: Thanks.

Nico: Lets head out to the South Pacific.

## SOUTH PACIFIC OCEAN

We were flying over the South Pacific Ocean.

Battletrap: What's the name of this island?

Nico: Who knows? It's an uncharted island so it doesn't have a name.

Eli: Yeah but I have a really bad feeling about this.

Me: Commander I have the same feeling myself.

Nico: Yeah. We're here.

We saw that we were at a scary island with a volcano erupting and there was storm clouds with lightning around the island.

Varie: Scary place.

Aylene C.: Oh man. I've got a really bad feeling about this.

Me: (Gulp) That island gives me the creeps.

Puff: So, Nico. Which Gene Slammer do you think will appear in your next rescue?

Bulldozer: I'm personally fine with whoever appears.

Nico: Well I was thinking it would be a Petrosapien Gene-Slammer next.

Ben: A Diamondhead Gene-Slammer. Interesting choice.

Tetrax: I would think so too.

Nico: That would be awesome.

Rumble: Are there any wildlife here?

Nico: Lets keep our eyes pealed.

Pumbaa: Boy something is very familiar about this island.

Timon: Yeah I got that same feeling Pumbaa.

Eli: I don't like this island one bit. It's very ominous.

THUNDERCLAP!

C.C.: It's scary though.

Nunnally: It sure is.

Bronze Kneecap: (to Lincoln and Girl Jordan) So, when are you two getting married?

Dark Don: Just because Lincoln's in a harem doesn't mean he can't have one wedding at a time.

Girl Jordan: We haven't thought about it yet.

Lincoln: But one day we will. And it'll be awesome.

Me: But first comes Eric and Sheila's wedding and that is gonna be awesome to see.

Nico: I forgot all about that one.

Blade Man: You two really should think about getting married sometime this year. I mean, you two have earned it after everything that happened.

Sheila: I agree. But we'll have to decide on that later.

Nico: You'll think of something on that.

Me: Yeah and I'm so happy for you two.

Eric Loud: Thanks J.D. It's gonna be awesome.

Lincoln: It'll be awesome to see you get married cousin.

Laney: It sure will.

El Oso: (to Lincoln and Girl Jordan) But seriously, you two really should think of marrying as well.

Piledriver: We'll have to get a wedding cake for that.

Nico: Guys you can't rush these things. It doesn't work quickly like that. These things take time.

El Oso: Oh right.

Piledriver: Yeah.

Nebula: Well, whenever you two are ready to get married, all of us will be there.

Lincoln: Thanks Nebula.

Nico: Lets focus.

We were flying over the island and we then saw something that caught our eye.

Nico: What's that down there?

We saw what looked like a Frankensteinian Version of Timon and it was saying Mook over and over.

Nico: That big thing looks like you Timon.

Timon: Oh no! That's a Mook!

Nico: A mook?

Pumbaa: They were made by our old enemy Dr. Screwloose.

Eli: What can you tell us about him?

Timon: Well he is the biggest mook of them all.

He told us all about his history.

---

Dr. Screwloose is a male human.

After Dr. Screwloose's rudeness angered his high school crush Tiffany Taft, he created a race of Timon clones called Mooks so that he could look more polite in comparison. However, he did not harvest enough of Timon's DNA and so used his Mooks to capture Timon and Pumbaa. Eventually, the duo escaped, and Dr. Screwloose left to have breakfast with Tiffany.

In his teenage years, Dr. Screwloose met a girl named Tiffany Taft, whom he considered to be the cutest girl in his high school. When he and Tiffany went on their first date to a restaurant, Dr. Screwloose was rude to their waitress, as he confronted her for giving him a dirty fork. The waitress was saddened by Dr. Screwloose's rudeness, which led Tiffany to break up with him.

Years later, Dr. Screwloose became a mad scientist. When he was in Paris, France, he found Timon and Pumbaa sitting at a French café and witnessed Timon being rude to a waiter. He then pulled out a piece of Timon's DNA and created clones of the meerkat, which he called "Mooks."

When Timon and Pumbaa got thrown off a cruise ship due to Timon's rudeness, the two friends found a scary-looking tropical island. When they got to the island, they ran into the Mooks, who kidnapped the duo and brought them to Dr. Screwloose's laboratory.

Pumbaa recognized the scientist, remembering having seen him pull out a piece of Timon's hair in Paris. Dr. Screwloose explained that he had used Timon's hair to create an entire race of rude beings, which made Pumbaa wonder why he would do such a thing. Dr. Screwloose then explained the story of his disastrous date with Tiffany Taft and how he had wanted to make more rude beings so as to win back his ex-girlfriend.

Dr. Screwloose claimed that his experiment had not gone well, as he had not taken enough genetic material from Timon in Paris. Because of this, he planned on cloning the meerkat to create an entire race of Supermooks. Timon confronted the scientist, telling him that he would not let him use his genes to treat people rudely. The meerkat freed himself from his trap and tried to escape the lab, but Dr. Screwloose sent the Mooks after him. When Timon could not escape the Mooks, he convinced them that he was their father and that they should do what he told them to do.

When Timon made the Mooks free Pumbaa from his trap, the warthog was proud of his friend for being nice. It all went well until Timon called his clones "dumb mooks," which offended the Mooks. Timon and Pumbaa then escaped the lab, with Dr. Screwloose and the Mooks chasing them. When Timon and Pumbaa got on a lifeboat and left Mook Island, Screwloose decided to start being nice to people. He then ran off to have breakfast with Tiffany.

---

When Timon was done we were shocked and horrified!

Nico: WHOA MAN!

Me: Just what the universe needs, another fucked up lunatic running amok.

Biowulf: We should probably get to somewhere safe and figure out a plan!

Thunderball: I'm with Biowulf!

Nico: Agreed.

Nico looked around and he saw a cave on a tall mountain and Nico scanned it with his energy sensing powers and saw no Mooks in it.

Nico: Into that cave!

We flew into it unnoticed.

Nico: We'll be safe here till we come up with a plan.

Nico looked and saw that the Mooks can't climb.

Nico: At least they can't climb mountains.

Cicadacon: We should be safe in here.

Nico: We will be safe. This is perfect to form a plan.

Eli: Question is what are we gonna do to those Mooks?

Laney: We can always give them to Tick Tock the Crocodile to eat.

Nico: Good idea and Crocodiles eat meerkats and those mooks are huge.

Laney: What else can we do to Dr. Screwloose?

Moondancer: We can have him join the Masters of Evil and be my archenemy.

Nico: Hmm. That's not a bad idea Moondancer.

Dark Mikey: Is Tick Tock with us right now?

Doctor Octopus: I certainly hope he is.

Nico: Oh he will come. I have this.

Nico pulled a special Crocodile Call Whistle.

Laney: A Crocodile call whistle.

Nico: Yep. Lisa made it for me.

Nico blew it and it sounded like a whale with a ticking clock.

Tick Tock heard it.

Trent: I hope he can hear it from far away.

TICK TOCK TICK TOCK TICK TOCK TICK TOCK TICK TOCK.

Nico: He sure did.

Lincoln: Wow that really is a sharp whistle.

Nico: Yep.

Overdrive: I hope there's a vehicle nearby for me to use.

Nico: Don't worry. I brought one just in case.

Nico unsealed a missile tank from Russia.

Overdrive: Perfect!

Nico: Be right back.

Nico flew down and grabbed a mook.

Nico: Hey Tick Tock. You hungry for Meerkat?

He nodded in excitement.

Nico: Eat up for an appetizer.

Nico threw a Mook into Tick Tock's mouth and he ate it and he loved it!

Nico: There's many more where that came from. This island is crawling with them.

Many mooks came.

Nico: Bon appétit!

Tick Tock licked his chomps and went after the Mooks and ate them all over.

Nico: Have a good feast. Now we can go after Screwloose.

Spittor: Tick Tock might have to eat a few more. There might be guards on patrol.

Nico: Noted. And from the looks of things he is still hungry.

We flew to find guards and Nico found them in front of the castle.

Nico: There's more for you Tick Tock.

He went after them and ate them.

Wrecker: Keep it up, Tick Tock. We're gonna get ready.

Nico: Lets do it.

We got our weapons ready and we were getting ready.

Eli: We're going to make sure that Screwloose's lab is trashed.

We saw Tick Tock eating Mook after Mook after Mook.

Apeface: Look at Tick Tock go.

Me: He sure is one hungry Crocodile.

Nico: Oh yeah.

Ebon: I can open up a portal so we can get to Screwloose quickly.

Nico: Good thinking.

Ebon did so and it lead to a room outside his lab.

Nico: Perfect.

We went through.

Akira Nijino: Time for our entrance.

Nico: Lets do it.

We went at him.

Dr. Screwloose laughed maniacally.

Dr. Screwloose: Soon my Supermooks will be complete!

Then suddenly fists made of the elemental forces of nature appeared and punched him all over and then they converged and then…

KRABBBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted out and fireballs rained down on all his equipment and destroyed everything and then a phoenix cry was heard and we came out.

Nico: Dr. Screwloose, I presume?

Dr. Screwloose: Team Loud Phoenix Storm!?

Nico: Yep.

Dark Leo: There's only room in this universe for 1 lovable meerkat!

William: Yeah! And that's Timon!

Nico: Yeah! 1 is plenty! 2 is a crowd and 500 is insane!

Dr. Screwloose: (Maniacal Laughter) I will have a whole army of mooks to soon rule the world!

Nico: Oh I don't think so. Your mooks have been turned into Crocodile chow. Courtesy of our friend Tick Tock the Crocodile.

Tick Tock busted in.

Nico: You all full now?

He nodded.

Then The Rowdyruff Boys, Mole Man, Avalanche, Robo Blaze, Whiger, Griffin, Beetle, Whiplash, Kitty, and Six Gum Gang appeared.

Nico: The Rowdyruff Boys, Mole Man, Avalanche, Robo Blaze, Whiger, Griffin, Beetle, Whiplash, Kitty, and Six Gum Gang.

Brick: (to Tick Tock) So, you all full?

Tick Tock shook his head before burping out the head of a mook.

Maria: Does that answer your question?

Mole Man: I guess that's a no.

Avalanche: I guess Tick Tock's always hungry.

Nico: He has a huge appetite.

Robo Blaze: (to Nico) Heard you took out Horned King.

Nico: Yep we sure did and we met the third of the Sacred Beast Gene-Slammers.

Whiger: Please tell me the Black Cauldron's destroyed as well!

Nico: Yes we did. That is gone too.

?: Good riddance.

A figure came out and it was RUPTOR from episode 9 of Lost Galaxy!

---

Ruptor is a gluttonous, pillbug-themed monster hired by Treacheron to recapture the Lights of Orion from the Galaxy Rangers. He uses eating utensils (such as knives and forks) to fight his opponents. When Chameliac scanned Trakeena's archives, extra fighting footage between Ruptor and the Galaxy Rangers was seen.

---

Mike Corbett: Ruptor!

Ruptor: Been a while Magna Defender.

Nico: I remember you! You were sent by Treacheron to get the Lights of Orion from the Galaxy Rangers.

Ruptor: That's right. Good memory on you Nico. Just as sharp as J.D.'s.

Nico: Like him I too never missed an episode.

Maria: Is that a fork?

Ruptor: Hey! Don't underestimate this! This actually does pack a punch!

Nico: And he is always hungry just like Tick Tock too.

Ruptor: How come he's called that?

Nico: He swallowed an alarm clock and he makes a ticking sound every time. He can't help it.

Tick Tock nodded.

Ruptor: Wow.

Wolfblades then appeared.

Nico: Wolfblades!? It's not your turn.

Wolfblades: Yes we know but we have chosen our archenemy.

Nico: Who did you pick?

Wolfblades: We picked Elizabeth O'Carroll.

Elizabeth O'Carroll: Wow! I'm honored that you would pick me now.

Lincoln: Way to go Elizabeth!

Nico: I thought you guys chose Matt.

Wolfblades: We had a mixup. We discovered that he was already taken by the Werewolf Ghost so we decided to go for Elizabeth.

Nico: Oh that makes sense. Hakuna Matata.

Wolfblades: What?

Nico: That's Swahili for No Worries. It's Timon and Pumbaa's trademark line.

Wolfblades: Cool.

We got the usual battles underway.

---

The Rowdyruff Boys were first.

Boomer: (to Lucca) Nico's rescue in the Black Cauldron was great!

Butch: Especially since he reduced the Horned King to a pile of dust!

Lucca: You got that right. But it's a darn shame that those blockhead critics ruined it and it was a disappointment.

Sunset Shimmer: Yeah those dirtbag critics wouldn't know what a good movie is if it came and kicked them in the face.

Sunburn: You got that right and we were there in the world of Black Cauldron before and it was awesome.

Gina: That is cool!

Spike: Boy it sure is awesome.

Spyro: Yeah it sure was cool.

Butch: You'll have to tell us about it.

Boomer: Yeah dude!

Brick: Yeah! Lets do it!

They fired ways of fire and smashed them down.

Lucca: ALL RIGHT!

Martian Manhunter: It was a most fun adventure for him and Lincoln met one of his friends who was turned into a Chaos Emperor Dragon - Envoy of The End.

Applejack: And the funny part is they put the lowdown on Prince John! That rotten thumbsucking sidewinder.

Apple Bloom: (Laughs) It sure was funny seeing how he always got angry and sucked his thumb.

Flashwing: That was funny! But doesn't he know that sucking on his thumb is a disease inducer?

Mole-Stache: Obviously not.

Bobobo: Yeah.

Mole Man: He probably likes it because it soothes him.

Martian Manhunter: That could be the case.

Mole Man: Yeah it could be. Lets do it!

Sora: Well this is the second time we went there actually. The first time we were there we also faced the heartless of Xaldin.

Princess Celestia: What was that like?

Jimmy Neutron: He most sure did.

Griffin: Yes indeed. Lets do it!

Cicadacon: At least J.D. cleansed him. Cicadacon, TERRORIZE!

?: I will have my revenge on you for ruining my dreams of glory, Lisa Loud!

Suddenly, the eight large planets and stars orbiting around my legs, the eight large orange orbs orbiting around Lincoln, Linka, and Duke Lincoln's legs, the eight large dark blue orbs orbiting around Ed

Cowart's legs, the eight large crimson red orbs orbiting around Naruto's legs, the eight large black orbs with the Eye of Horus orbiting around Cody (OC)'s legs, the eight large pink orbs orbiting around Lola and Lexx Loud's and Steven Universe's legs, the eight large green orbs orbiting around Lynn Sr.'s legs, the eight emerald green orbs orbiting around Yakko Warner's legs, the eight large sapphire blue orbs orbiting around Wakko Warner's legs, the eight large hot pink orbs orbiting around Dot Warner's legs, the eight large marine blue orbs orbiting around Liam and Leif Loud's legs, the eight large scarlet red orbs orbiting around Lynn Loud and Lynn Jr.'s legs, the eight coral red orbs orbiting around Timon's legs, the eight large blue orbs orbiting around Lori and Loki Loud's legs, the eight large sea-foam green orbs orbiting around Leni and Loni Loud's legs, the eight large yellow orbs orbiting around Luan and Lane Loud's legs, the eight large brown orbs orbiting around Laney and Larry Loud's legs, the eight large light green orbs orbiting around Lisa and Levi Loud's legs, the eight large lavender orbs orbiting around Lily and Leon Loud's legs, the eight large colored orbs orbiting around Bobby Santiago and Nico's legs, the eight large rainbow orbs orbiting around Rainbow Dash's legs, and the eight large purple orbs orbiting around Luke Loud's legs and Menat's legs were glowing, and that means we've got big trouble incoming.

Lisa Loud: Sweet Einstein, I was hoping never to hear that voice ever again. You can come out now, Dr. Carol Linnaeus.

A figure came out, and it was none other than Dr. Carol Linnaeus, Lisa Loud's old enemy from long ago, and homicidal mad scientist of Incognito Labs.

Lisa Loud: I should've known you'd show up here, Dr. Linnaeus. We took down Dr. Screwloose and his Frankenstein creations, and now, you show up.

Nico: Wait, Dr. Carol Linnaeus of Incognito Labs?! I should've known you'd show up here, I've been after you and Incognito Labs for a long time.

Lisa Loud: Nico, you know her?

Nico: I do, Lisa, Dr. Linnaeus is wanted big time for Human

Trafficking, Murder, Physical Abuse and Abuse of Power, and Unethical Experimentation, and the FBI was after her and all of Incognito Labs for helping out in her schemes.

Lisa Loud: But, the last time me, Lincoln, and Clyde dealt with you, you and your men slipped into the rocket, which was meant for Flip right in the moment the latter was supposed to be launched, and all of you ended up in space, where you'll never return.

Dr. Carol Linnaeus: I had help from my other associates from Incognito Labs, and now that I'm back, I will kill you and your fool of a brother for ruining my dreams of glory.

Nico: As always, you have no care for the lives of innocent human beings, Linnaeus.

Dr. Carol Linnaeus: I don't care, all humans are nothing but test subjects destined to be used and abused in my pursuit for glory!

Lincoln: Now, I know that if Lisa followed in your tracks, she would've wound up just as bad as you.

Me: Lisa, what can you tell us about Dr. Carol Linnaeus, you, Lincoln, and Clyde knew her long ago, right?

Dr. Carol Linnaeus: You're not telling him anything! Kill them all!

The Incognito Labs troops came out, and they tried to attack, but Lincoln fires powerful purple energy blasts at them, and their souls were ripped out from their bodies, and he devoured them, and their bodies were reduced to ashes, and Linnaeus was chained up with rainbow chains, so she couldn't try anything, and she was screaming with pure rage.

Lisa Loud: Thank you for the assist, Lincoln. And yes, I'll tell you about Dr. Linnaeus, J.D. But, trust me, you won't like her one bit.

Lisa Loud proceeded to tell us about Dr. Carol Linnaeus, and we weren't going to like her one bit.

---

# Dr. Carol Linnaeus.

Carol Linnaeus is a minor antagonist of The Loud House, appearing as the main antagonist of the Season 5 episode "Blinded by Science".

She is an evil scientist, working for Incognito Labs, who wants to become famous, no matter what it costs, even hurting people to achieve her goal. She is the archenemy of Lisa Loud.

She was voiced by Janet Varney.

## Biography

Carol first appears after Lisa makes a lecture about Flip, the owner of the city's gas station, because she discovered numerous fascinating facts about Flip and his body, like him being able to hold his breath for five minutes underwater or his heart being located at his belly and not his stomach, for an example. Carol appears and approaches Lisa, asking if she can use Flip to do one day research, and says that Flip will be paid, after he asks what he gets in return. Lisa agrees, and then Dr. Linnaeus

Next day, Lisa cannot find any information about Dr. Linnaeus, and when she find something about Incognito Labs, her computer crashes. Then, Lisa discovers a secret letter from Flip, saying that he needs help. Later, she and the rat Flip used to send her a letter, are watching Incognito Labs with a drone, and discover the inhuman treatment Flip is receiving, and Lisa realizes that she was as brute as Linnaeus while studying Flip. She is able to enter the car where Dr. Linnaeus is in, and then she reveals, after Lisa asks why they are treating Flip that way, that she wants to know how Flip would react outside of Earth's atmosphere, and that Incognito Labs main specialization is space travel, and that's why they want to do such experiments on him. She then ejects Lisa out of her car, after the later demands Flip to be set free.

When Lisa, her brother Lincoln, and their friend Clyde, successfully breaks in Incognito Labs and unlock the cage where Flip is in, freeing him, Linnaeus appears, with two bodyguards, and says that Lisa is destroying her chance of becoming famous with Flip, showing that she didn't even care about science that much, and only is interested in the fame that follows it. Lisa states that Flip is just a normal human being and deserves to be free, but Linnaeus claims that Flip is hers, and then, along with her henchmen, she pursues Lisa and Flip. When the chase ends up in the rocket that Flip was supposed to be in, Flip use one of his Flippees, a popular drink from his convenience store, to make Linnaeus and her men slip into the rocket, right in the moment the later was supposed to be launched, making Dr. Linnaeus and her henchmen ending up in space, where they're probably not returning.

## Personality

Dr. Linnaeus is a cold, manipulative, and with no apparent feelings scientist, who wants to become famous by science, and actually will do anything to achieve this goal, even extremely evil deeds. She doesn't actually demonstrates any redeeming qualities at all in the episode, with the exception that she could eliminate Lisa for knowing too much about Incognito Labs, but only ejected her out of her car, but this is due to the fact that it is a kids show, and that she though no one would believe in her. But although it is not stated, it can be implied, the she would imprison, or even kill Lisa, Lincoln and Clyde if she had captured them.

## Powers and Abilities

Manipulation: She is a good manipulator, as she was able to trick Lisa into selling Flip to her. However, if her true nature go revealed, it becomes very hard to make anyone trust her.

Charisma: Her manipulation and influence skills, come from her charisma. Despite being a fake charisma, it is very well-played, and she is able, to trick people into believing her.

Scientist Skills/High Intelligence: Despite not being actually showed, Linnaeus is a high ranking scientist in Incognito Labs, what implies that she is an actual scientist. She was also able to make a complex plan to became famous, just by Lisa's lecture.

Influence: As already said, she is a high ranking scientist from Incognito Labs, and because of that, she is able to use their influence and resources to help her in her plans, also having two, and maybe more, men that, apparently, works as her bodyguards and helpers.

When Lisa Loud was done, we were really horrified at Dr. Carol Linnaeus' dark actions.

Me: Great, just what the world needs, another fucked-up evil scientist.

Nico: You said it, J.D., and like I said, The FBI has been after her for a long time for her crimes, and now that she's here and back on Earth, she's going to answer for every last one of her crimes.

Lisa Loud: And it'll be at my hands, Nico. I've had it with her to last an eternity.

Suddenly, Lisa Loud's eyes turned neon blue, and she was surrounded by a rainbow energy aura with rainbow lightning, gears, tech angels, and tech, she unholsters her massive Sword of The Tech Angels from her back, and as she approached the chained Dr. Carol Linnaeus, she left rainbow energy, gears, tech, tech angels, and rainbow lightning with every step.

Lisa Loud: I always knew that you were a cold, unfeeling, manipulative monster, Dr. Linnaeus, but to find out that you're wanted by Nico and the FBI for the dark activities that you and Incognito Labs have done, I will see to it that you are brought to justice, and you will be imprisoned for the rest of your life until the day you die!

Suddenly, Lisa Loud was surrounded by a massive vortex of rainbow energy with rainbow lightning, gears, and tech surrounding the vortex, there's a tech angel flying around the vortex, and in the vortex is a green phoenix. Then, as the vortex emerged, Lisa Loud emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Lisa Loud grew from 6'0" to 6'5" in height, she still retained the body of a goddess, along with the weighted green bands on her biceps and thighs, and they now have silver phoenixes on them, and eight large green orbs orbiting around her legs, she has green highlights in the bangs of her now long flowing brown hair reaching the bottom of her neck, she has neon blue eyes and a rainbow energy aura with rainbow lightning, gears, tech angels, and tech surrounding her, she has a rainbow tech angel holding the Thunder Kanji in her hands emblazoned on her forehead, she has on tech angels earrings with the Thunder Kanji in her hands, and her necklace with the green crystal links from her merged Crystal Necklace of The Buddha, and a tech angel with green crystal eyes with the Thunder Kanji in her hands for the pendant, she has on a sleeveless green shirt with red phoenix on it, red pants with rainbow lightning on the pants legs, black leather ankle-length combat boots with tech angels on them for the buckles, and a long white long-sleeved trenchcoat with rainbow lightning and gears on the coattails, and on the back is a tech angel with gears and rainbow lightning surrounding it.

Lisa Loud now has massive brown angel wings with green tips on the large brown feathers. Suddenly, her massive Sword of The Tech Angels began merging with her tech sword and two massive Defender of The Loud House and Destroyer of Team Dark Phoenix Storm swords, and it's surrounded in a kaleidoscope of gears, tech, and rainbow lightning, and when it emerged from the kaleidoscope of orange flames and rainbow flames, it was transformed into Hephaestus' Tech Sword of Divine Justice, it's a new large sword with a 6'5" massive, wide, double-edged red silver blade with a gear and the symbol of The Loud House and the anti-Team Dark Phoenix Storm symbol etched on the blade, large pink angel wings for the crossguard, large blue gem for the hilt, longer black handle, and large faceted silver sphere pommel with surrounding blue gems. Lisa Loud has on her Green Lantern Corps ring on her right ring finger, she still has on her Bracelets of the Champions of The Universe with large green gems on her wrists, Belt of Elemental Bravery with large green gem for the belt buckle on her waist, she has her Spellbook of The Gods and The Universe on her right hip, and her Eater of Sins revolver holstered on her left hip. There's a green kanji below the tech angel that said, "Lisa Loud, Fifth Youngest of The Loud Family, Loving Sister of Her Many Siblings, Loving Youngest Daughter of Rita and Lynn Sr., Loving Girlfriend of

Dexter, Intelligent Scientist and Genius of Gotham Royal York, Slayer of Evil, Descendant of 17th Century Lisa of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Emissary of Hephaestus, Defender of The Loud House and The Loud Family, Ambassador of Hope, and Master of Tech, Lightning, and Angels."

リサ・ラウド、ラウド・ファミリーの五番目の末っ子、彼女の多くの兄弟の愛する姉妹、リタとリン・シニアの愛する最年少の娘、デクスターの愛するガールフレンド、インテリジェントな科学者、ゴッサム・ロイヤル・ヨークの天才、悪の殺し屋、十七世紀のリサの子孫スコットランドのラウド湖、モラグ・マクラフリンの破壊者、ヘフェストスの使者、ラウド・ハウスとラウド・ファミリーの擁護者、希望の大使、そして技術、稲妻、天使のマスター

Lisa Loud has transformed into SUPER ANGEL INFINITY LIGHTNING GEAR TECH ANGEL OF ELECTRIC JUSTICE AND DIVINE LOVE!

We were amazed by Lisa Loud's Super Angel Infinity transformation, and when Dexter saw what just happened to her, he had an atomic red blush on his face and hearts in his eyes. But, when Dr. Carol Linnaeus saw her, she fell into a dark homicidal rage, and tried to get out, but the chains tightened on her.

Nico: (Stunned) Wow, Lisa's transformed into a true Angel of Electric Justice, and she's going to make sure that Dr. Linnaeus pays for her crimes.

Lincoln: Whoa, Lisa, you look amazing, how do you feel?

Lisa Loud: (Divine Echoing Cosmic Voice of The Thunderstorm and Tech Justice) **I feel incredible, Lincoln, and now, I'm going to put a stop to Linnaeus and finish what should've been done long ago.**

Lincoln: (Smiles) Hope you're not going to start without your big brother at your side.

Lincoln unholstered his improved massive Sword of Universal Hope and Elemental Bravery from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity

Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he joined with Lisa.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **Let's get her.**

Lisa and Lincoln went after Dr. Carol Linnaeus, who managed to get free, but it was too late, as they fire powerful blasts of rainbow energy, rainbow lightning, elemental forces, gears, tech, Thunderbirds, Phoenixes, and Buffalo at Dr. Carol Linnaeus, and they exploded with incredible power as they hit her. She was really roughed up by the attack, her clothes were torn, and she had her glasses broken by the attacks. Then, Lisa and Lincoln appeared on both sides, and they punched her right in the eyes, and Lisa and Lincoln chained Dr. Carol Linnaeus up with powerful rainbow energy chains and rainbow energy straitjacket, so she couldn't escape. Then, Lincoln sprouted one of his powerful, massive, and long eleven werewolf tails and it had a large suction cup proboscis, and as Lincoln attached it onto Dr. Carol Linnaeus' head, he began sucking out all the information from Dr. Carol Linnaeus' brain, and he was gaining a massive intelligence boost, and he saw the dark actions that Dr. Linnaeus has done during her employment at Incognito Labs. Then, he saw where Incognito Labs was at: it was located 25 miles from Detroit, Michigan.

Then, as he was done, Dr. Carol Linnaeus was knocked out as she was zapped by Lincoln. We cheered wildly for what Lisa and Lincoln did as they holster their massive swords on their backs and power down, and the improvements and upgrades to Lisa's clothes, weapons, jewelry, and angel wings are permanent. Then, they came back to us, and we went up to Lincoln and Lisa, and we hugged them, and they hugged us back.

Nico: Lisa, Lincoln, you guys did one awesome job in taking down Dr. Carol Linnaeus.

Lisa Loud: Thank you, Nico, and you'll also thank Lincoln even more, after we chained and bound Dr. Linnaeus up, he then sucked out all the information from her brain, and in the process, he gained a massive massive intelligence boost, and he saw the dark actions that Dr. Linnaeus has done during her employment at Incognito

Labs.

Nico: Just like her criminal file at FBI HQ said.

Lincoln: And I also found something else when I sucked out the information from her brain, I saw where the main headquarters of Incognito Labs was at: it's located 25 miles from Detroit, Michigan.

Nico: (Smiles) Awesome job, big guy. Would you like to do the honors of placing the call to the FBI, and telling them the news when we get back home?

Lincoln: Of course.

Timon: (To the viewers) The lesson here is don't be rude and call people a mook. That's what lead me to get cloned by that scientist.

Pumbaa: You got that right Timon.

Nico: Boy great job everyone! Lets all head home.

We went back home and when we got to the estate, Lincoln placed a call to the FBI, and when he told them that we apprehended Dr. Carol Linnaeus, this got their attention, and he'd also given them the location of Incognito Labs. Once that happened, the FBI agents, along with Agent Waco, then mobilized, and they headed for Incognito Labs HQ, and they raided the place and arrested the scientists there, and all of them were loaded up.

Agent Waco: Alright, Lincoln, we arrested the scientists there, and we found a lot of evidence to get them and Dr. Carol Linnaeus convicted.

Lincoln: Awesome. Thanks, Agent Waco.

As soon as the FBI agents and Agent Waco left the vicinity, Lincoln fired a powerful rainbow energy blast, and as it hits Incognito Labs' main HQ building, it was forever destroyed and reduced to rubble. Then, Lincoln threw Dr. Carol Linnaeus, who's still in a rainbow energy straitjacket and rainbow chains into a police wagon, and was carted off for trial.

Then, Lincoln got jumped by his harem, and he was kissed all over, and he had lipstick marks all over him. But, Lincoln had a very sly grin on his face, and he made clones of himself, and he wrapped his abnormally massive and powerful muscular arms around the waists of every last member of his harem, and as they lock eyes, he leans down and kissed them on the lips, and we cheered for him. Then, Dexter went up to Lisa, and he then wrapped his arms around Lisa's waist, and he kissed her passionately, which Lisa returned, as she wrapped her arms around his neck, and kissed him, and we cheered for them.

Dr. Carol Linnaeus was found guilty of Human Trafficking, Murder, Physical Abuse and Abuse of Power, and Unethical Experimentation, and she was sentenced to Eternity in The Neptune Cryoprison, where she was flash frozen, and thrown in a special cell in Solitary Confinement, where it's kept at absolute zero, and those involved with her were also found guilty of Human Trafficking, Murder, Physical Abuse and Abuse of Power, Unethical Experimentation, and Aiding and Abetting, and they were sentenced to Life in Prison in The Neptune Prison for Traitors, and put in separate cells in Solitary Confinement and were chained to the walls with rainbow chains and put in rainbow straitjackets.

We later went to bed after enjoying the rest of the day.

THE END

---

Another awesome chapter done!

The chapter was based on the Timon & Pumbaa episode The Island of Dr. Mook and that was a really funny and really strange episode. That scientist in that episode was really strange and messed up in the head and he needed a lot of psychological help. AND He was really playing with fire big time. It aired on September 24th, 1999 and that was a strange one. The first part was for the movie The Black Cauldron and that was a great movie from 1985. Too bad those dumb blockhead critics ruined it! Who the hell do they think they are!? The next part was for the movie Robin Hood from 1973 and that was a great movie! In the end, Karma got Prince John and his lackeys sent to the rock mines. The flashback featured in this chapter takes place after the events of the new recently aired episode of The Loud House called Frame On You which aired on January 16th, 2022 earlier this week. Tanasweet made the scene and the guest reviewer gave me the idea. Credit goes to Tanasweet for the scene, NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, Etstheclarencefan and ninjakingofhearts gave me the ideas for this and so did the guest reviewer. Thanks guys. Nico's next rescue is gonna be in Walkerville Elementary School and he and Rarity are going to see Ms. Frizzle's awesome Light Pinball game. And they are also going to meet a Petrosapien Gene-Slammer named Emily Tamaki and she is going to be a Home Ed girl that Nico knows from Sewing Class. The next rescue for Lincoln is gonna be in the awesome and funny book for Cloudy With A Chance of Meatballs. I read that book constantly ever since I was in Kindergarten and every time I read it, it makes me hungry and we're going to not only see what the town of Chewandswallow is like with ALL That food raining down and more. We're going to also meet another one of Lincoln's friends that was turned into a Volcanic Doomfire! The next chapter is gonna be in the Season 1 Digital World and we're gonna go to the Yokomon Village and help them out and we're going to solve the mystery of Miharashi Mountain. Then get ready for a brutally hot and explosive battle as we face Meramon who is under the control of a black gear.

see you all tomorrow.

# Fury of The Fire Digimon

In Walkerville, Nico, Rarity and Simone were there for another awesome and amazing rescue.

Nico: Thanks for coming with me, Rarity.

Rarity: Oh it was my pleasure darling. It will be most fun to go with you on this amazing rescue.

Simone: You'll like meeting my friends over in Walkerville Elementary. They are awesome and amazing.

Nico: Boy it's gonna be awesome to meet them. I heard from J.D. that you all went into space and went around the Solar System. That is so awesome.

Rarity: It sure is amazing.

Nico, Simone and Rarity went into Walkerville Elementary.

Simone: Here we are guys. Welcome to Walkerville Elementary.

Rarity: Oh your school is so lovely.

Simone: Yep. Lots of amazing memories here.

They got to Ms. Frizzle's class and they saw the kids working on projects that were centered around light.

They went in.

Nico: Sup, Ms. Frizzle's class?!

Everyone saw him.

Simone: Hey guys!

Arnold: Simone!

Wanda: Wow! Hey Simone!

Tim: What brings you by again?

Simone: Wanted to show Nico and Rarity here my class.

Nico: Awesome to meet you all. I'm Nico Chan, official new leader of Team Loud Phoenix Storm and yes I have been promoted to leader of the team.

Rarity: My name is Rarity and it's so amazing to meet you darlings.

Simone: Rarity is the Princess of Jewels and Fashions and the Princess of the Water Skylanders.

Keisha: Oh wow!

Simone: Yep. You also would love seeing the clothes she makes. They are absolutely breathtaking.

Nico: J.D. promoted me to Leader after how I displayed many great forms of leadership in the team.

Arnold: That is amazing.

Simone: It sure is.

Nico: So, you guys got any field trips planned? FYI, these kinds of field trips are probably what most kids dream of going on.

Arnold: F.Y.I.?

Simone: For Your Information.

Arnold: Oh. I don't think so.

Then they heard pinball noises coming from Ms. Frizzle's closet and they saw her playing pinball. They looked and saw her playing an amazing pinball game that was using light instead of balls. Ms. Frizzle got the red, orange and indigo lights into the eyes of their corresponding colors.

Ms. Frizzle: 1 more to go!

She then got the green light in and won!

Nico: ALL RIGHT!

Simone: Wow! Way to go Ms. Frizzle!

Ms. Frizzle: Oh thanks guys and Nico Chan and Rarity it's an honor to meet you and Simone it's awesome to see you here.

Simone: It sure is.

Rarity: It's an honor to meet you Ms. Frizzle.

Nico: Simone told us so much about you and the awesome field trips you all do and they are amazing.

Ms. Frizzle: I'm glad Simone speaks all about them.

Rarity: Oh and I simply love that amazing dress.

Ms. Frizzle's dress all had light, rainbows and prisms all over it.

Simone: I remember that dress all too well and it is always awesome. In fact ALL of your dresses are awesome.

Ms. Frizzle: Thanks Simone.

Simone: And this Pinball machine. Wow. I remember it like it was yesterday. It was awesome.

Nico: How about we go inside that pinball machine?

Simone: Boy it'll be just like old times. I remember when me and all the class when into this machine and it was so awesome. We got to learn all about light and how a beam of white light can turn into the 7 colors of the rainbow when it goes through a prism.

Rarity: That is amazing.

Nico: Lets go for it.

Nico, Rarity and the class were all inside the Pinball Machine and Simone was outside it.

Nico: COOL!

Rarity: This is most amazing!

Phoebe: It sure is.

Simone: You guys haven't seen anything yet. Watch this.

She pulled the spring and the machine fired a beam of white light and it passed through the prism and 7 beams of light each of the colors of the rainbow flew and whizzed passed them all over and a red light bounced off of Phoebe's overalls and went into the red light.

Nico: OH THAT WAS AWESOME!

Rarity: That was really amazing darling.

Simone: That's one of my favorite parts about this game. All right. (Cracks Knuckles) Get ready to have fun guys.

Wanda: We're ready.

Simone: Lets get illuminated!

Simone pulled the spring and fired a beam of light and it split into the seven colors of the rainbow and they dodged around and bounced the beams all into the eyes of each color and Simone won!

Nico: Oh that was so fun!

Simone: Yeah it sure was!

Ms. Frizzle: WAHOO! Awesome job Simone.

Simone: Just like old times. It was so awesome.

Nico: Boy this is so fun. And light is amazing to learn about.

Keisha: How fast does light usually go?

Simone: Light travels at 186,000 miles per second or 670,616,629 miles per hour.

Arnold: Wow that is really fast!

Nico: It sure is fast.

Simone: It sure is. I learned all about it in Quantum Science and Lisa has been helping me catch up in many of the things since I got gene-slammed and she is a scientist that specializes in all things of advanced quantum mechanics. My dream was to be a super smart and renowned Quantum Scientist.

Nico: Wow that is amazing.

Simone: Yep.

Nico: I don't think any bad guys are in this field trip this time.

Simone: No I don't think they would able to come in here. What did you all think of this machine?

Nico: It would make an awesome and great addition to our arcade.

Rarity: It sure would. I think it's amazing how a machine like this works.

Dorothy Ann: It sure is amazing.

Simone: You all ready to come out?

They nodded.

Simone snapped her fingers and beamed them all out.

Nico: That was so awesome. (Sees something) Wait what's that?

Nico went over and at Ralphie's desk by his project he saw a huge green crystal cluster!? Where did that come from?

Nico: Where did this huge green crystal come from?

Ralphie: Beats me. I don't even remember doing something on that.

It moved and then it reformed and turned into a girl Petrosapien!

Nico: Whoa! A Petrosapien.

Rarity: My goodness! One of Diamondhead's kind is here.

Petrosapien: (Japanese Accent) Wait Nico? Is that you?

Nico: That voice. Emily Tamaki?

Petrosapien: Its been a long time Nico.

Rarity: I believe you two know each other.

Nico: We sure do. Emily is one of my friends from Home Ed class. We did all kinds of amazing sewing projects. Our biggest one we did was this.

Nico pulled out a picture of Emily and she was a girl with black hair and blue eyes and she and Nico were making a beautiful king size blanket with planets and stars on it and it would cover a big mattress.

Nico: We were really awesome when we made this blanket.

Petrosapien: Those were good times.

Keisha: That is amazing.

Wanda: Yeah it sure is.

Carlos: It sure is Starry! (Laughs)

Everyone: Carlos!

Nico: (Laughs) That was a good one!

Simone: (Laughs) That was funny! Carlos does all kinds of funny jokes. Everyone doesn't get it but I do. I thought all his jokes were funny.

Rarity: Oh that was most funny.

Nico: So much happened since the last time we met.

Petrosapien: I know.

Nico: Lets get you back to normal. Uh everyone you may want to cover your eyes.

They did so and Nico snapped his fingers and Emily reverted back and she had sparkling crystal green hair and green eyes and she was in her birthday suit and Nico gave her a beautiful greed dress and it had emeralds all over it.

Emily Tamaki: Wow! This dress is beautiful.

Rarity: Oh you have me to thank since it's one of my dresses.

Nico: Maria, Rarity, Teresa, Leni and Varie are the heads of the TLPS Emergency Fashion Brigade and they make awesome clothes for Gene-Slammers and people that need them.

Emily Tamaki: Wow that is so awesome.

Nico and Emily hugged.

Nico: I've missed you Emily.

Emily Tamaki: Me too Nico.

They were going to have a lot of catching up to do.

Nico: See if you can revert your hair back to normal.

Emily Tamaki: I'll try.

Emily concentrated and nothing happened to her hair.

Emily Tamaki: Nothing. But I don't mind having hair like this. Its very beautiful. It goes great with this awesome dress.

Ralphie: It sure does look amazing.

Simone: I think it's amazing. The crystal hair and Rarity's dress she made for you as well as the crystal shoes really tie the whole thing together.

Rarity: Oh I most agree there darling.

Emily Tamaki: I agree.

They went back home to the estate.

---

After Nico's rescue, Lincoln, Me, Sumner Knudson, Nico, Eli, Nicole, Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, Lily, Lincoln's harem, Mr. Wolf, Mr. Piranha, Mr. Snake, Mr. Shark, Ms. Tarantula, The Loonatics, and Style Queen are heading to the town of Chewandswallow in the book of Cloudy With a Chance of Meatballs, and not only is Lincoln going to rescue the nine girls there, but we're also going to see what the town was like with ALL that food raining down, and we got word that another Gene-Slammer, who's another one of his friends is also here. But, we also got word that Tony "Scarface" Montana is back from the dead, and he wants revenge on me and my dad for killing him a while back ago, but we're putting him down for good like the mad dog he is.

Lincoln: Wow, we're in the town of Chewandswallow in the book of Cloudy With a Chance of Meatballs, and I think I know what we're going to do here, not only am I going to rescue the nine girls there, but we're also going to see what the town was like with ALL that food raining down.

Nico: You said it, big guy. (Drools) And already, my mouth is watering at all that food raining down.

Me: I've read the book long ago constantly when I was in Kindergarten, and every time, I read it, it makes me hungry.

Mr. Wolf: And we also got word that another Gene-Slammer, who's another one of his friends is also here. But, we also got word that that cocaine-wired drug lord, Tony "Scarface" Montana, is here, and he wants revenge on J.D. and his dad for killing him years ago.

Nico: That's right, and I don't know if Lincoln told you about it, but J.D.'s dad, Sumner Knudson, gave Tony that nasty scar on his face so long ago, and that cocaine-wired, psychopathic, drug lord wanted revenge on them. But, both father and son killed him long ago and sent him to Hell for good. Now, he's back from the dead.

Ace Bunny: We heard everything that Montana has done, and that really makes me sick. He's getting a one-way trip to Oblivion for good.

Lincoln: You got that right, Ace. And Style Queen, thanks for coming with me on the rescue.

Style Queen: You're welcome, Lincoln. I've always wanted to join in on one of your rescues.

We saw the town of Chewandswallow, and it was a very nice town, and we saw all that food raining down from the skies, and Lincoln demonstrated one of the powers of the Wisps, The Purple Wisp, as his white hair had turned purple and his eyes turned yellow, and he was eating the food that's been raining down, and he let out a loud burp, and his hair and eyes change back.

Nico: Oh, that's so awesome. Let's join in as well, everyone.

Our hair also turned purple, and we also ate the food that's been raining down from the skies, and we were stuffed.

Me: So, that was one of the powers of the Wisps, The Purple Wisp, and it's perfect if we have any obstacles in the way.

Nico: Or, in this case, food. (BURPS) Now, that was good.

Me: Yeah. I'm stuffed.

?: HELP!

Suddenly, Lincoln heard the sound of nine girls calling out for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard where the call for help was coming from. He saw the nine girls, but they've been cornered by Tony "Scarface" Montana, and he's going to kill them.

Lincoln: Guys, I found the nine girls, but they've been cornered by Tony "Scarface" Montana, and he's going to kill them. I've got an idea on how to ambush him.

We took to the shadows, and before Tony "Scarface" Montana could even shoot them, Lincoln's white hair then turned crimson red, and he turned into a crimson red eagle, which was the Crimson Wisp's power, and he flew and rammed into Scarface, and the crimson red flames melted his machine gun, and the nine girls got out of the way, and Lincoln came back to us. When Tony "Scarface" Montana saw us, he was really enraged, but even more when he saw me and my dad.

Me: Tony "Scarface" Montana, I should've known you'd escape from Hell.

Sumner Knudson: It seems as though not even getting sent to Hell would keep you down. You just don't even know when to quit, do you, you cocaine-wired, trigger-happy, heartless bastard?!

Tony "Scarface" Montana: I will have my revenge on you and Sumner for killing me long ago, J.D.! I will never rest, not as long as you two are still alive!

Me: We ALWAYS will be alive forever.

Lincoln: (Speaking Spanish) Cállate, adicto a la cocaína. No has causado más que dolor, sufrimiento y muerte a tantas personas inocentes a través de tus negocios de drogas y asesinando constantemente a tus rivales en tu camino. Pero, cruzaste el Moral Event Horizon, cuando comenzaste a asesinar a aquellos que te eran leales, y por eso, pagarás el precio con tu vida. (Translation: Shut it, cocaine addict. You've caused nothing but pain, suffering, and death to so many innocent people through your drug deals and constantly murdering your rivals in your path. But, you crossed the Moral Event Horizon, when you started murdering those loyal to you, and for that, you will pay the price with your life.)

Lincoln unholstered his improved massive Sword of Universal Hope and Elemental Bravery from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, Lincoln's sisters also transformed and they unholster their massive swords from their backs, Lincoln's harem unholstered their massive swords from their backs, and Me, Eli, Nicole, and Nico also transform and unholstered our massive swords from our backs, and we went at Tony "Scarface" Montana, and we fired powerful blasts of rainbow energy, colored energy, elemental forces, bullets, and gold at the drug lord, and they exploded with incredible power, as they hit him.

We saw him still standing, and it meant he had cocaine inside him, and he was wired on it. Then, we saw a Volcanic Doomfire appear, and glared at the murderous drug lord.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) Whoa, a Volcanic Doomfire.

Then, the Volcanic Doomfire fired a powerful blast of fire at Tony "Scarface" Montana, and the super hot flames charred him and incinerated him to ashes, and Lincoln Super Hakaied him and banished him to Oblivion forever. We cheered wildly as we holstered our massive swords on our backs and powered down.

Lincoln: (Speaking Spanish) Descansa en el infierno, Tony "Scarface" Montana, y ni siquiera te atrevas a volver. (Translation: Rest in Hell, Tony "Scarface" Montana, and don't you even dare come back.)

Volcanic Doomfire: (In a girl's voice) That's it for that miserable drug lord.

Lincoln: Wait, that voice. Zoey Mackenzie, is that you?

Zoey Mackenzie: Lincoln, is that you?

Zoey Mackenzie went up to Lincoln, and they hugged.

Lincoln: Yeah, it's me, Zoey, I haven't seen you when you were eight, and I've really grown a lot as you can see, and I'm sixteen years old.

Zoey Mackenzie: Yeah, I can see, you've really grown a lot from the eight-year-old cute little boy into a 16-year-old 7'0" tall and very handsome teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs.

Nico: Lincoln, you know her?

Lincoln: I do, Nico. This is Zoey Mackenzie, I met her when I was ten years old, and she was also ten years old, and like Helena, Emily, Cathy, Mia, Emma, Rebecca, Lauren, Valerie, and Elizabeth, she defended me from bullies, and kept Lynn, who still had her dark side in her, in check, if she dared to get rough.

Nico: So, another one of your friends has also kept Lynn, who still had her dark side in her, in check if she tried to get rough. Awesome.

Zoey Mackenzie: And that was so much fun.

Lincoln: The rescues are always fun, Zoey, now, let's get you back to normal. Boys, cover your eyes. Hold still, Zoey, this is going to hurt.

Eli, Me, Nico, and the rest of the boys covered our eyes and Lincoln snaps his fingers, and Zoey was reverting back to normal, she was a beautiful 16-year-old girl with long brown hair, orange eyes, fair skin, she was 6'0" in height, and she had the body of a goddess. She also now has massive black angel wings with orange tips on the large black feathers on her back, as she reigns in the power of Volcanic Doomfire, and she was in her birthday suit.

Lincoln: How do you feel, Zoey?

Zoey Mackenzie: Good. (Realizes she's in her birthday suit) But, I'm also in my birthday suit.

Lincoln gave her a new wardrobe, a green sleeveless shirt with a red phoenix, green skirt with the Volcanic Doomfire and orange flames on it, black leather ankle-high combat boots with silver dragon buckles on them, and long green sleeveless trenchcoat with the Volcanic Doomfire on the back, and on her back is a large Volcanic Doomfire-themed sword with a 6'5" massive, wide, double-edged, man-sized silver blade with the Volcanic Doomfire etched on it, large orange angel wings for the crossguard, large red gem for the hilt, longer black handle with black dragon scales around it, and large orange faceted sphere pommel with surrounding orange gems.

Zoey Mackenzie: Wow, I love the new outfit and new large sword you made for me, Lincoln.

Suddenly, a Thunderbird Necklace of Eternal Love appeared on her neck.

Zoey Mackenzie: Wow, is this…?

Lincoln: Yep, that's a Thunderbird Necklace of Eternal Love, which means you're now part of my harem and you're one of my many future wives, Zoey.

Zoey Mackenzie had a smile on her face and tears in her eyes, as Lincoln wrapped his abnormally massive and powerful muscular arms around her waist and he kissed her, and we cheered for them. Then, Lincoln and all of us went up to the nine girls, and when Lincoln saw them, he recognized them immediately. The nine girls are Kiri Marialate, Kureha Misaki, Luxandra Frail, Suzanna Bluestein, Kotoko-01, and Lyar von Ertiana from Divergence Eve, Prim Snowlight from Divergence, Saitou Fuuka from Cyclops Shoujo Saipuu, and Olminu from Drifters.

Lincoln: Oh wow, it's Kiri Marialate, Kureha Misaki, Luxandra Frail, Suzanna Bluestein, Kotoko-01, Lyar von Ertiana, Prim Snowlight, Saitou Fuuka, and Olminu.

Helena McTroy: From Divergence Eve, Divergence, Cyclops Shoujo Saipuu, and Drifters, awesome.

Lincoln: Are you girls okay?

Kiri Marialate: Yeah, we're okay, thanks to you.

Then, when Kiri Marialate and the other eight girls saw who it was that saved them from that lowlife Tony "Scarface" Montana, their faces turned atomic red upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, a golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top was the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, and Buffalo, and below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and The Thirteen Elemental Forces, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", and he had deep sapphire blue eyes.

He had his massive Sword of Universal Hope and Elemental Bravery holstered on his wider and muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces constellation and Aquarius Zodiac sign on the back of his neck, large weighted orange bands on his massive biceps and thighs with silver phoenixes on them, his large Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them with rainbow tips on the large deep sapphire blue feathers, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with elemental forces, Thunderbirds, Phoenixes, and Buffalo on them and with hanging mini silver lightning bolts held up by his Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of large blue pants with multicolored lightning bolts on the thighs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Buffalo head stud earrings with the Thunderbird and Eternity Kanji on it, a large Thunderbird Necklace of Eternal Love with colored gems on the gold lightning bolts and a Buffalo head with the Thunderbird and Eternity Kanji on his neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, he had eight large orange orbs orbiting around his legs, and circling around his feet on the floor are eight golden crosses with angelic runes.

Kiri Marialate: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made eight clones of himself, and he and the eight clones went up to the girls, and they picked them up and hugged them in their abnormally massive and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Kiri Marialate: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, nine Thunderbird Necklaces of Eternal Love appeared right around the necks of Kiri Marialate, Kureha Misaki, Luxandra Frail, Suzanna Bluestein, Kotoko-01, Lyar von Ertiana, Prim Snowlight, Saitou Fuuka, and Olminu, and they had gems in their favorite colors on the gold lightning bolt necklace links. Then, we returned home to the Estate, and we told everyone what happened in the world of the book of Cloudy with A Chance of Meatballs, and they were also shocked when they found out that Tony "Scarface" Montana had returned from the dead and was wanting revenge on me and my dad for killing him years ago and ending his reign.

But, when Lincoln told and showed everyone what he did to that cocaine-addicted lowlife drug lord, they cheered wildly for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem went up to Lincoln, and they kissed him all over. Lincoln and Zoey Mackenzie now have a lot of catching up to do, now that she's back and they've been reunited.

---

After dealing with Tony "Scarface" Montana this time for good, we were training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Zoey Mackenzie saw Lincoln working out like crazy, she had an atomic red blush on her face.

Zoey Mackenzie: Whoa, Lincoln has really grown to be a 16-year-old 7'0" tall, really big, and really strong young man, just look at those abnormally massive and powerful muscles hard at work, and to work out with those 9,500-lb barbells and not even get tired, incredible.

Lincoln: And I've also trained a lot under some very powerful teachers, J.D. and Nico included, Zoey, and now, I can also fight and defend myself.

Zoey Mackenzie: That's awesome.

Nico: It sure is. So, Zoey, what memories did you have with Lincoln?

Zoey Mackenzie: Oh, I remember that one time, Lincoln and I were having fun playing video games and reading comic books. That was until Lynn came barging in, and she wanted Lincoln to "help" her in her sparring. But, it was code for wanting to beat him up and make him cry, and Lincoln told her "no". But, Lynn wasn't going to take it, she grabbed Lincoln by his shirt, and she was about to punch him. But, I got in the way, and I stopped her fist, and I put the arm in a painful armlock. Then, I called Mr. and Mrs. Loud over to Lincoln's room, and I told them about what Lynn was about to do to Lincoln. They took Lynn to her room, and after they scolded Lynn on using violence on Lincoln to get him to do whatever she wanted, she got grounded for two weeks with no sports.

Nico: Ouch. To Lynn, that's a nasty blow to her, and you're very tough to keep Lynn, who still had her dark side in her, in her place, and protect Lincoln, Zoey.

Ace Bunny: Just like with many of Lincoln's other childhood friends, who've had their encounters with Lori, Lynn, and Lola, who still had their dark sides in them.

Lexi Bunny: And they always put them in their place, and remind them that Lincoln's not only their friend, but their brother, and if they try any funny business, they're getting a dose of Vitamin Fist and a nasty scolding from their parents.

Lincoln: True, and now that Lori, Lynn, and Lola have been purged from their dark sides, and their bonds with me have been repaired.

Lynn: That's right, Lincoln.

Zoey Mackenzie: And I'm glad too, but if I see that wild animal, Dark Lynn, I'll brutally pulverize her.

Mr. Wolf: You better get in line, Zoey. If any of us see any dark sides of anyone, they're getting no mercy from any of us.

Nico: You got that right, Mr. Wolf. (To Lincoln) Lincoln, what can you tell us about Zoey?

Lincoln: Zoey's a smart girl and a lover of video games and comic books, but she's also one tough and strong girl when she put Lynn in her place and put her arm in an armlock.

Zoey Mackenzie: I've trained in a gym, and I've also taken self-defense classes in Michigan, and the results definitely proved themselves, if I was able to defend Lincoln from Lynn, when she acts like an animal.

Nico: Awesome.

We then got a shower afterwards, and after that, Lincoln, Hilda, Jessica Shannon, Toph Bei Fong, Sari Sumdac, Tatsumaki, Colette Brunel, Ryuko Matoi (TLPS Universe), Julie Makimoto, Yuna Kamihara, Nanami Simpson, Sam, Clover, Alex, Megan Clark, R. Mika, Menat, Ibuki, Makoto (Street Fighter), Elena (Street Fighter), Shantae, Akko Kagari, Makoto Nanaya, Litchi Faye Ling, Cassandra Alexandra, Jolyne Kujo, Bayonetta, and Olminu were getting ready for their date, this time, it's at Paris, France.

Lincoln and the girls got dressed in their usual clothes, and they have their weapons holstered, in case of trouble.

Lincoln: Alright, ladies, shall we?

Hilda: (British Accent) Of course, Linky.

Lincoln and the girls left the Estate, and they head for Paris, France. When they arrive in Paris, France, it was still as beautiful as ever.

Akko Kagari: Wow, we're back in Paris, France.

Lincoln: Yep, that's right, Akko, and it's also the place that I chose for our date. We're going to explore Paris, France, have dinner at a restaurant in Paris, go shopping, and then, head to the Eiffel Tower.

Lincoln and the girls started exploring Paris, France, they saw the Cathedral of Notre Dame, the most beautiful cathedral that was built in The Middle Ages, they also saw the Arc de Triomphe, they went into the Louve Museum and saw the paintings there, they also saw the Palace of Versailles and they saw its beautiful gardens outside and The Hall of Mirrors and its many rooms inside. Then, they went to the Les Papilles restaurant in Paris, France, and they had perfectly cooked beef stew for lunch, and it was delicious. Then, they head for the largest shopping mall in Paris, The Quatre Temps, and they went on a shopping spree getting the clothes and jewelry there. Then, they went to the Eiffel Tower, and they went up to the top, which was perfect though, as the sun was about to set, Lincoln made clones of himself, and he and the clones went up to the girls in his harem, and they picked them all up in their abnormally massive and powerful muscular arms, and just as the sun turns orange, they passionately kissed and hugged. Then, they returned home to the Estate.

Nico: Hey, Linc, how was your date?

Lincoln: It was awesome, Nico, for our date, we went to Paris, France.

Nico: Awesome, and it's still as peaceful as ever. What did you guys do there?

Lincoln: We did some exploration and we saw many of Paris' famous sights, such as the Cathedral of Notre Dame, the beautiful medieval cathedral that was built in The Middle Ages, we also saw the Arc de Triomphe, we went into the Louve Museum and we saw the paintings there, we also saw the Palace of Versailles and we saw its beautiful gardens outside and The Hall of Mirrors and its many rooms inside.

Nico: The Cathedral of Notre Dame was my favorite, along with the Arc de Triomphe, the Louve Museum, and the Palace of Versailles.

Lincoln: Then, we had lunch at the Les Papilles restaurant in Paris, France, and we had beef stew for lunch, and it was delicious.

Nico: Oh, I've eaten lunch there at Les Papilles, and it's definitely an amazing restaurant.

Akko Kagari: Then, we had an awesome shopping spree at the largest shopping mall in Paris, The Quatre Temps, and we bought some clothes and jewelry there.

Hilda: (British Accent) Then, we finished the date by heading to he Eiffel Tower, and we went up to the top, which was perfect though, as the sun was about to set, Lincoln made clones of himself, and he and the clones went up to us, and they picked us all up in their abnormally massive and powerful muscular arms, and just as the sun turns orange, we passionately kissed and hugged.

Nico: Awesome, now that's what I call a romantic date in Paris, France.

Marinette: Wow, you guys definitely had a lot of fun there.

Lincoln: You bet we did, Marinette, and everyone's been doing okay.

Adrien Agreste: Perfect.

---

Later it was time for Rice's ambassador mission.

Rice: Killer Shrike's coming with me next time.

Nico: Yes we agreed for that to happen.

Eli: I can't wait to see which robot we'll face this time. Now where's Stacy and Sean?

Stacy came.

Stacy: Ready for action!

Nico: Now where's Sean?

We heard snoring and we saw Sean taking a nap.

Eddy then blows through a horn in Sean's ear and Sean stumbles off of the sofa and onto the floor.

Sean: "Private Do-Not-Enter is ready for duty, Chief!

Nico: That's funny.

Ed: (Laughs) That was a good one!

Rice: You've been hanging around Ed too much.

Sean: Sorry. Ready to go.

Rice: Lets head out.

Rice, Sean, Stacy and Eli were off.

They arrived in the world of Eon Kid.

Rice: Marty, meet me my boyfriend. And his genderbent counterpart.

Sean Bolton: Yo. Awesome to meet you. Sean Bolton.

Stacy: And I'm his twin Stacy.

Marty: Awesome to meet you and these are my friends here.

They met Ally and Buttons.

---

Ally - A mysterious girl who runs into Marty and becomes his friend. She is the adoptive daughter of Duke Von Rhymer. She has the ability to read and decipher the computer code that was used to make the General and other robotic creations during that time. Most of her life has been spent in the Iron Tower, but she quickly adapts to the outside world and becomes Marty's close friend and also crush and likes him back.

Buttons - Marty's robotic dog and good friend. He constantly talks too much and provides great comic relief. He has a stretched out tail, that stretches super far, and by twisting his ear, it puts him on bark mode.

---

Ally: Wow it's such an honor to meet you all. I'm Ally.

Buttons: And I'm Buttons and it's such an honor to meet you all.

Rice: Same here.

Eli: Awesome to meet you all.

Marty: Rice, can you tell me what your Razorfist transformation feels like?

Rice: I sure can. It felt like I was being pulled apart and remolded into something and it was excruciating.

Sean: Same thing happened to me and Stacy.

Eli: Ouch.

Marty: Yikes.

Ally: That must've really hurt.

Rice: Hurt is an understatement. It was EXCRUCIATING and it was horrible.

Buttons: I still can't believe you fought Scar without us!

Marty: Hey, he found me. Not the other way around!

Rice: He's right. But we showed how powerful we can be against him.

Eli: We sure did.

Stacy: I can't wait to turn the next robot of the General into scrap metal.

Ally: Listen, an hour ago, I saw Black Beauty with a Lapras from the Pokemon games. But this one seemed a little… dark.

Stacy: A shadow influenced Lapras. Like J.D. said, we have had many encounters with Shadow Pokemon before.

Sean: Yep and Stacy can have that one when we free it.

Rice: I was just about to suggest that.

Eli: (Senses for Black Beauty) Black Beauty is down there moving fast.

Rice: Lets get ready for it. But what can you tell us about Black Beauty?

Marty: Well it's not pretty.

He told them all about Black Beauty.

---

A kunoichi robot whose main goal is to take the Fist of Eon from Marty and is a rival to Gaff who defeated her while Marty was training. She was at the General's side during the Robot War and never let a target escape. She leads an army of black-armored ninja robots and fights with the black knife, the black dagger, the black decker, her secret sword, the black sword, and other daggers and illusion powers.

---

When he was done they were shocked!

Rice: So she's a Ninja Robot. I should have brought one of the Leaf Shinobi with us.

Eli: Yeah.

Marty turned into Eon Kid! And then they saw BLACK BEAUTY and she had a SHADOW LAPRAS!

Black Beauty: Long time no see, Eon Kid. Do you like my new pet?

Eon Kid: A Pokemon with no free will is a monster.

Rice: So you are Black Beauty. If you weren't a robot made for evil by the General you would have made a great love interest for my friend Shadow Man on the Redemption Squad. What a waste of good robot parts.

Sean: Yeah no kidding!

Black Beauty: Lapras, Ice Beam!

The Shadow Lapras used Ice Beam on the ground, turning it to ice.

Eon Kid: (tries to keep his balance) Whoa! Should've brought my ice skates!

Stacy: I didn't forget mine.

Stacy formed her shoes into ice skates and so did Sean and they both skated at Shadow Lapras and fired waves of light and removed the darkness from it and Stacy caught the Lapras and banished the darkness to the Warp.

Rice: Now for you Black Beauty.

Eli fired a blast of Force Lightning and knocked her down and Rice jumped and then smashed Black Beauty with devastating force and smashed her into scrap metal!

Stacy: You know what? You're still getting killed. But instead of being sent into oblivion like your pal Scar, we'll get you rebuilt and reprogrammed for good.

Black Beauty: I'm not going down that easily! (charges at them)

Eli fired a blast of Force Lightning and knocked her out.

Eli: That oughta keep her down.

Eon Kid: AWESOME!

Stacy: Yeah!

Eon Kid: Next time, I'll introduce Gaff to you.

Rice: Awesome!

Sean: Lets gather up Black Beauty's pieces.

They were doing so.

Rice: By the way Marty I didn't ask this the last time. What year does your world take place in?

Marty: Lets see. It takes place in the year 5832.

Rice: WHOA! The 59th Century!?

Sean: Wow! That's 3,810 years into the future!

Stacy: That is a really long time from our time.

They went back home.

They told us everything after they got back and we were shocked and amazed that it takes place in the future.

May: I'm guessing that's another candidate for the Redemption

Squad?

Rice: Yep.

Lisa Loud: Another robot for all of us. Very well, we'll get to work on her right away.

Lisa, Nicole and May took Black Beauty's parts to the lab.

Nico: Boy that was an awesome Ambassador Mission.

Eli: It sure was. And Stacy caught her own Lapras.

Ash: All right!

Stacy: It was fun.

Later we were watching TV and then Lynn came in and she was badly and brutally beaten up and her clothes were shredded and she had a black eye and had a bad cut on her face!

Contessa: Lynn, are you okay?!

Me: Lynn who did this to you!?

Lynn: I don't want to talk about it!

She went to her room and went to her punching bag.

Rita: Who did that to her!?

Nico: I don't know. But we better go help her out.

They went to her room and saw Lynn punching her punching bag.

Fancy Pants: Lynn, please tell us what happened.

Nico: (puts hand on Lynn's shoulder) Lynn, we can't help you if you don't tell us what's wrong. You can trust us.

Lynn: (Sigh) Okay.

Varie: First lets tend to these injuries.

Varie was healing her up.

Nico: Okay Lynn.

Lynn: My new substitute teacher did this to me.

Nico: The teacher did this to you?

Margo: She's right Nico. I have the evidence right here.

Margo showed the evidence and we saw that her teacher was someone that Gohan and Chi Chi knew a long time ago.

Gohan: Oh no! That's Mr. Shu!

Chi Chi: I thought we have seen the last of him!

Me: Do you two know him?

Gohan: Know him!? He was an abusive teacher!

Me: Tell us all you know about him.

Gohan: Okay.

He did so.

---

Mr. Shu (周災悪（しゅうさいあく）, Shū Sai'aku) is an abusive private tutor in Dragon Ball Z that Chi-Chi hired during a filler episode in the Trunks Saga for Gohan.

He was voiced by the late Hirotaka Suzuoki in Japanese and Chuck Huber in English.

Chi-Chi hires Mr. Shu as Gohan's tutor to increase his study skills. While Chi-Chi is out of the room, Mr. Shu whips Gohan with a whip and insults his father, Goku. When Gohan has a nightmare and grabs the hand of "Frieza", he is actually grabbing Mr. Shu's hand.

Mr. Shu then further insults Goku. He tries to whip Gohan, but he grabs his whip and breaks it. Mr. Shu cowardly calls Chi-Chi into the room, rather than fight him fairly. He lies to Chi-Chi about what happened and makes Gohan look like the bad guy (in the original Japanese version, he insults Chi-Chi's parenting and blames her for his rebellious nature). He then says Gohan wants to fight like his father (in the original Japanese version, he says Goku not coming home is the reason why Gohan is acting out). Chi-Chi denies it. Gohan then defends his father, and Mr. Shu whips him in the face so hard that blood draws down his face (the blood was removed in the edited version). Mr. Shu yet again further insults Goku, and he says Gohan was abandoned by a "worthless father".

Chi-Chi has had it and throws Mr. Shu out of a window and tells him to never come to her house again. He threatens her, which results in Chi-Chi chasing him away. Later Chi-Chi's father the Ox-King laughs hysterically about Chi-Chi throwing Mr. Shu out of the window.

---

We gasped in shock and then Rita and Chi Chi EXPLODED INTO A MASSIVE BLAST OF RAGE! CHI CHI HAD A RED AURA AROUND HER THAT WAS SIMILAR TO A KAIO-KEN AURA!

Chi Chi: (ENRAGED) I WILL KILL THAT MONSTER FOR THIS!

Rita: HE HAS REALLY CROSSED THE LINE!

Me: Ms. Chi Chi what the hell were you thinking hiring a monster like that to be Gohan's tutor!?

Chi Chi: I didn't know until it was too late!

Nico: Well one thing is for sure he hurt Lynn and he is going to pay for it!

Me: In blood and interest!

Tidal Wave began to walk out of the room.

Thundercracker: Where are you going?

Tidal Wave: Tidal Wave going to help Lynn punch jerk. You guys coming?

William: Damn straight!

Nico: Lightning you stay with Lynn okay.

Lightning: You got it Nico.

We went to the Middle School.

We then saw Mr. Shu working in his desk with a sinister smirk on his face.

CRASH!

The door was kicked right off its hinges and broken in half and standing in the doorway was us!

Nico: YOU ARE IN REALLY BIG FUCKING TROUBLE YOU SICKO!

Mr. Shu: Well who are you!?

Nico: Someone that you just fucked around with!

Mr. Shu: HOW DARE YOU!

He lashed at Nico with his whip and Nico grabbed it and the whip bursted into flames and was reduced to ashes and then Nico punched him in the face and sent him crashing into the wall!

Gohan went up and grabbed him.

Gohan: Hello Shu. Long time no see huh?

Mr. Shu: Do I know you?

Gohan: You may not recognize me but I do. 10 years ago after I defeated Garlic Jr., mom hired you to be my tutor and you did this to me.

Gohan showed a scar on his head.

Gohan: Your whip drew blood.

Mr. Shu: (GASP) GOHAN! It's you!

Gohan: That's right! You made a really big mistake!

Mr. Shu: Beat me up all you like! But at least I got to take down on the Trinity of Violence!

Bluestreak: Okay, you managed to hurt one of our most violent members. I'll give you that. But that's not going to happen again!

Nico: That's right! But we won't beat you up. (Points to something)

He saw Rita Loud and Chi Chi PISSED OFF BEYOND ALL IMAGINATION! Then he was scared shitless and was cowering in fear!

Mr. Shu: I'm Out of here!

Nico then bound him in rainbow energy chains!

Nico: You're not going anywhere.

Then Chi Chi and Rita beat the fucking living shit out of him as the sounds of brutal and merciless fighting was heard all over! Mr. Shu was beaten up to within an inch of his life! The next thing that happened was when he was taken to the hospital and he was wrapped in a full body cast and was brutally mangled up. HE HAD EVERY SINGLE BONE IN HIS BODY SMASHED TO PIECES! His X-Rays showed that all of his bones were all shattered into dust! And he was cuffed to the bed as he was arrested. Margo and numerous students he taught testified and he was gonna be sent to prison forever. Also his muscles in his arms and legs were all torn to shreds and they had to be amputated.

Back at the estate we were helping Lynn.

Lynn: You guys didn't have to help me with this.

Ransik: You're right. We wanted to.

Nico: Because you're our friend and friends help each other. But you won't have to worry about Mr. Shu ever again.

Me: In fact no one ever will again. Mr. Shu has been brutally and viciously pulverized and every single bone in his body was broken beyond repair. Your mom and Ms. Chi Chi destroyed him and he was then arrested and sentenced to prison for eternity without his arms and legs.

Lynn: Wow! Go mom!

Laney: And go Ms. Chi Chi!

Rita: Oh thank you sweetie,

Chi Chi: Thank you Laney.

Me: But thanks to Margo for giving the courts the Damning evidence that showed Shu's true colors, Shu is in prison forever. Mr. Shu was the Attila the Hun of Teachers and it's fuckwads like him that give teachers everywhere a really bad name.

Nadira: You said it J.D.

Alyssa Enrile: He sure had it coming.

Nico: Yep. I don't know what the hell the school board was thinking hiring a monster like Mr. Shu.

Eli: Yeah we need to make sure that the school boards do thorough background checks on all teachers from now on.

Nico: We're already doing that actually Eli.

Eli: Oh then nevermind.

Nico: Anyway now that Mr. Shu the Terrible has been taken care of and Lynn will be back to normal soon, it's time for our next mission. We're going to the Digital World and we're going to see the Yokomon Village where Sora and the Digidestined met all the Yokomon that Biyomon knows.

Sora T.: Awesome! It'll be awesome to see the Yokomon village of File Island again.

Nico: I heard so much about File Island from T.K. and Kari and it was so awesome how you all had so many amazing adventures there.

Laney: I can't wait to see it.

Then Whiger, the Rowdyruff Boys, Mole Man, Avalanche, Robo Blaze, Griffin, Beetle, Whiplash, Kitty, and the Six Gum Gang appeared.

Whiger: Can me, the Rowdyruff Boys, Mole Man, Avalanche, Robo Blaze, Griffin, Beetle, Whiplash, Kitty, and the Six Gum Gang go with you guys?

Nico: You all sure can.

Butch: (to Lynn) You gonna be okay, Lynn?

Lynn: Yeah I'll be all right. Not even an abusive teacher like Mr. Shu can stop me.

Griffin: Mr. Shu? Wasn't he that awful teacher that Chi Chi hired to help Gohan with his studies?

Nico: That's him. And Rita and Chi Chi pulverized the living shit out of him and sent him to prison in a full body cast without a skeleton.

Runt: Huh?

Wilbur: What do you mean by that?

Me: Look at what they did to him. (Pulls out Mr. Shu's X-Rays)

They gasped in shock! They saw that his Skeleton was totally smashed into nothing! HOLY FUCKING SHIT!

Nico: I know. I was amazed that Ms. Rita and Chi Chi really smashed him up. Anyway lets head out.

We were off to the Digital World.

---

FILE ISLAND, DIGITAL WORLD.

We arrived on File Island.

Energon Scorponok: Good old Digital World.

Nico: Good to be back in my 3rd home away from home.

Sora T.: Boy it's great to see File Island again.

Kari: Feels like forever since we were here.

T.K.: It sure has been a while.

Eli: Wow its so cool here.

Allie Wilde: It sure is awesome to be back here.

Mimi Tachikawa: This is amazing being back here.

Me: This is my first ever time here on File Island. I think it's really awesome.

Maria: Chi Chi, we're gonna ask again. What the Hell were you thinking hiring Mr. Shu?!

Beetle: The real question is what MR. HUGGINS was thinking in hiring him.

Lunk: No offense to Big H, of course.

Chi Chi: I honestly don't know.

Me: I think he has a really bad way of manipulating people.

Laney: Yeah I agree.

Nico: He is a disgrace to all teachers everywhere.

Lana: Yeah no kidding.

Nico: Okay Sora since you have been to this Yokomon village before, you lead the way.

Sora T.: Okay.

We followed Sora. We were crossing a desert full of telephone poles.

Runt: So, Nico. Which Gene Slammer do you think will appear in your next rescue?

Nico: I was thinking maybe a Ghostfreak Gene-Slammer next.

Ben: That would be interesting to see.

Laney: It sure would be.

Lucy Loud: I would like to see that one.

Nico: Me too.

Me: Yep.

Sora T.: We're here!

We saw that we were at a small Yokomon village.

Me: Wow so this is the Yokomon Village.

Nico: Wow look at all the tiny huts.

We saw that there were lots and lots of Yokomon.

Sora T.: Wow it's awesome to see you all again.

Yokomon 1: Same to you Sora.

Hood Sickle: Quick question. Are you aware of the Digital Worlds that exist in Takato, Takuya, Marcus, and Mikey's worlds?

Yokomon 2: Yes we all are.

Yokomon 3: All the digiworlds are connected into one.

Biyomon: They are right. The Digital World is all connected into one huge network.

Me: Whoa! Like one giant web of data.

Nico: I had no idea it works like that. That is amazing.

Naruto: Boy it sure is.

T.K.: Wow look at the fountain. Still pumping strong.

Rarity: Oh the fountain is amazing darlings.

Yokomon 4: All the water is piped in from a spring on Mihirashi Mountain. It's the best water in all the world.

Tentomon: Forget the world, Mount Mihirashi Water is the best in all the galaxy!

Nico: Wow that's neat.

I filled up my water bottle with the water and tasted it.

Me: Whoa! This is good stuff!

Maria got some water too.

Maria: It sure is! Very tasty.

Bai Tza: I like it.

Avalanche: Can I try some?

Boomer: Save some for me!

Me: There's plenty for us all but where is Mihirashi Mountain?

Sora T.: It's right there.

She pointed to the forest and we saw that Mihirashi Mountain was a live volcano.

Me: Wow that's a volcano.

Yokomon 5: Yes but the heat boils away all the germs.

Me: That makes sense.

Eli: But it sure is cool looking.

Me: It looks like a Gelatin Mold.

Nico: It kind of does doesn't it.

Shield Shredder: Let's enjoy the peace and quiet while we can. Because sooner or later, trouble's gonna start.

Eli: (Senses something) Uh oh! I sense a disturbance in the Force.

C.C.: What is it Eli?

Nunnally: I don't like the sound of that.

Suddenly there was a rumble and then the water disappeared from the fountain.

Eli: (Senses something) (Gasp) Everyone jump out!

We jumped out of the fountain and then suddenly a massive jet of fire exploded out of the fountain and it was tremendously hot!

Me: WHOA!

Nico: WHOA! From water to pure fire!

I was absorbing the fire into me like a sponge!

Me: Jeez!

Sora T.: Oh boy! Something must be going on with Meramon!

Nico: Not good. Wait, that's right! Sora you know what's going on because you went through all this before. Do you know whats going on with Meramon on Mihirashi Mountain?

Sora T.: Yes I do. It's because of one of Devimon's Black Gears.

Me: Oh great! One of them must've hit Meramon.

Brick: If any fires come up, I can just use my super breath to put them out!

Suddenly another jet of fire exploded out of a well.

Brick: I got this!

He blew his ice breath on the fire and put it out. Or so he thought.

BOOM!

The ice melted really fast and then the fire came out again.

Me: Geez that is amazingly hot fire!

Nico: Boy no kidding.

Tara: Yeah. Wait! Sora how did you and your friends deal with Meramon before when you were here the first time?

Sora T.: It was a really ugly story.

She told us what happened. Meramon was the 5th Digimon they encountered when they were on File Island.

---

The DigiDestined are wandering through a forest full of signs (Matt calls it the Forest of Irrelevant Road Signs) when they see a strange Black Gear in the sky. They start to wonder what it is and where they are. Tai says that they have to keep moving after stopping when T.K. trips. Sora agrees and says that they all need to stay together and use teamwork to figure out where they are (despite everyone walking away as she says this). Matt sees a bunch of telephones poles and says they should follow them. At the same time Izzy sees the black gear again crashing into Mihirashi Mountain.

As they are following the poles, the kids realize that they have no wires connecting them. They are then reminded of the phone booths and the trolley car. They also notice other weird things such as Mimi's compass not working. Everyone is very hot and tired when

Tai spots water. They see it's in a village and head in it's direction. Meanwhile, the black gear they saw earlier embeds itself into a Meramon. When the DigiDestined get to the village, they see that it is completely inhabited by Yokomon. The Yokomon ask Biyomon all about how she digivolved. Biyomon tells them that it's because of the bond she shares with Sora and how she needed to protect her human partner. The Yokomon invite everyone to have dinner with them and they also go to the fountain for water. Suddenly, the fountain starts to erupt lava. The lake is empty too.

The kids think that the sudden drought could have something to do with the black gear they saw hitting the mountain where the water comes from. While getting a better look through his telescope, Tai sees Meramon heading for them. He's in great pain and burning even though he's made of fire. As Meramon gets closer, everyone begins to run away and hide in a boat in the dried up lake. Biyomon stays behind to help the Yokomon and Sora goes after her. Just then Meramon attacks Biyomon but Sora saves her. Since they are still in danger, Biyomon goes back to fight! Her rookie attacks don't do anything and when the other digimon come, their attacks only make him bigger as Meramon cries out in pain. Biyomon realizes that her friends are in danger and digivolves to Birdramon. The two fight and after getting a good hit on Meramon, the black gear comes out of his back. They realize that's what was making him crazy. Then Birdramon turns back into Biyomon and hugs Sora.

The Yokomon ask Meramon why he attacked their village and he tells them he couldn't control himself and the last thing he remembers was being hit by the black gear. They are just happy that he's better and Meramon goes back to the mountain. After that, everyone eats the dinner they were promised. All the digimon love it but the kids are a little reluctant to eat the seeds they are given despite there being more than enough for seconds.

---

When she was done we were shocked!

Nico: Whoa! So we're gonna be in for one fiery battle.

Me: And the battle is just starting commander! LOOK!

I pointed to Mihirashi Mountain and we saw it explode with a huge fire coming out of the top and then we saw a small flame sliding down the mountain and it was MERAMON!

Tai Kamiya: He's coming! He's coming our way!

Arixam: Let me put out some fires as well!

Nico: Go for it!

Maria: I'll help!

Maria, Arixam, Bai Tza, Girl Jordan, Luna, Luke, Ice, Dana, Lana and the ice and water users blasted the fires with water and ice and turned it all into intensely powerful steam.

Laney: We got to hurry! Meramon is moving fast!

Mina: He's not like the Meramon I know and can turn into.

Me: No Mina. He's under the influence of Devimon's black gears.

Nico: That monster pisses me off even though he is gone.

Meramon already got to the foot of the mountain and he entered the forest and lit it on fire too.

Mole Man: Forget Meramon right now!

Dixie: Mole Man's right. Focus on the fires first!

Me: I'm not going to forget!

I went over to the edge of the Village.

Nico: J.D. are you nuts!?

Me: No! I'm going to fight Meramon and hold him off while you all get the fires put out.

Nico: But J.D…

Me: Don't worry about me just keep the village safe!

I ran fast and flared up my red fire aura and went at Meramon.

Nico: There goes a brave guy. You heard him! Get those fires out!

Bowser: Fire's my thing, thank you very much!

Nico: So is J.D. He uses all the elements including fire. Let him do what he has to do.

Bowser: Okay.

Meramon came out of the forest!

Meramon: BURN BURN BBBBUUUUUURRRRRNNN!

Me: OKAY HOT HEAD! IT'S TIME TO COOL YOU DOWN!

Meramon: Come and get me!

Me: With pleasure!

I jumped and kicked him down. He got up and punched at me and I dodged his punches and kicked him in the face and punched him all over, POW! BAM! BIFF!

Meramon: FIREBALL!

He formed a huge ball of fire!

Me: CRUSHER BALL!

I formed an orange ball of energy.

We threw our attacks and they collided and exploded!

KRABBBBBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion shook the desert!

Nico: WHOA!

Yokomon 1: Wow! J.D. is a really powerful guy!

Kitty: Looks like J.D.'s still having issues with your leadership.

Wilbur: I guess he still needs time adjusting.

Nico: No guys. He's just doing us a favor and buying us some time.

Kitty: Oh.

Nico: He is a brave guy. And I'm proud of him.

Varie: Yep.

Fubuki: We have to be brave too to put out all these fires!

Nico: Right! Lets keep going!

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOMMMMMMM!
KRABBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOMMMM!

Massive fiery explosions were blasting all over the desert!

Meramon was throwing numerous fireballs at me and I deflected them all over the place and they were exploded all over and I was absorbing the fire too.

Me: That all you got hot head!?

Meramon: I'm just getting started!

Me: So am I.

Meramon fired a huge wave of fire at me.

Me: (Echoing) PHOENIX FIRE!

I fired a massive fire blast from my hand and it hit Meramon's fire and exploded!

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Nico and the group got the fires in the village put out.

Goof: I hope no one's hurt!

Whiplash: That's what we're hoping for!

Nico looked over the entirety of the village and saw everyone okay.

Nico: Okay everyone is all right. Now lets go help J.D.!

Eli: Right! Hang on bro!

Everyone went to assist me.

Me: Come on firebreath, you can be much hotter than that!

Meramon: All right then!

He formed 20 fire clones of himself!

Me: What the!? I don't remember you doing that!

The Meramon's fired blasts of fire at me and I deflected all the blasts and absorbed them and fired more blasts of fire and blasted them down.

Everyone saw me fighting the Meramon fire clones!

Smithers: Meramon must have a Dark Orb. It's helping him create fire clones of himself!

Nico: Lets see.

Nico looked up on his Dark Orb radar and then he saw that Meramon DID have a Dark Orb inside him!

Nico: He DOES have a Dark Orb!

Eli: A Double Whammy!

Griffin: And now, some of those clones are charging towards us!

Nico: Lets cool them down!

Oceanus Shenron: I'm on it!

Oceanus fired a massive blast of water and destroyed them in an instant.

Brittney: Awesome job Oceanus!

Me: This has to stop!

I used my X-Ray vision and looked inside Meramon and I saw that there was a Dark Orb inside him too and not just the Black Gear!

Me: A Dark Orb too!? Oh man! Sorry Meramon this is going to hurt you more than it's going to hurt me!

I teleported and plunged my hand into his stomach and then pulled out the Dark Orb and then the clones vanished. Meramon was weakened but not out!

I threw the Dark Orb into the Warp.

Meramon: (Regaining some control) Help me!

Me: Meramon? Meramon you got to fight Devimon's control! Fight it!

Meramon: I can't! (Holds his head)

Me: Yes you can Meramon! Fight him!

Merrick: Time for our entrance!

Nico: Lets go!

They came at me and Meramon.

Me: Fight him Meramon. You can do it! Don't give in!

Meramon then suddenly lost himself and then just as he was about to go at me again, fists of the outlaws of the west made of the elemental forces went at him and smashed him all over and then converged and then…

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted above Meramon and me and then a phoenix cry was heard and then everyone came out.

Me: Perfect timing guys.

Nico: You did really well J.D. I'm really proud of you. You held him off long enough for us to put the fires out.

Me: Thanks commander. I got the dark Orb out of Meramon and threw it into the Warp. Now all that's left is to get rid of the Black Gear still in him.

Nico: That's gonna be tough.

Robo Blaze: Tronics! Help us out!

Robo Blaze summoned numerous Tronics and they punched and pounded Meramon.

Nico: We got to fight fire with fire. NUOVA STAR!

The 4-Star Dragonball on Nico's bracelet glowed and he formed a huge fireball and threw it at Meramon and it hit him and exploded!

KRABBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive pillar of fire exploded out of the explosion and smashed Meramon down. But then Zexion, Control Freak, Mojo Jojo, Copperhead, Mummy, Chillyfish, Salami Swami, White Lightning, Black Lance, Harpymon, Quicksand, The Secret Snake Club, The Ghost of Dr. Coffin, The Strawberry, Vanilla and Chocolate Technicolor Phantoms, The Star Creature the Cheese Monster and The Tiki Tok Tribe all appeared.

Nico: Zexion, Control Freak, Mojo Jojo, Copperhead, Mummy, Chillyfish, Salami Swami, White Lightning, Black Lance, Harpymon, Quicksand, The Secret Snake Club, The Ghost of Dr. Coffin, The Strawberry, Vanilla and Chocolate Technicolor Phantoms, The Star Creature the Cheese Monster and The Tiki Tok Tribe.

Laney: Awesome.

Chillyfish: You guys have been really burning this place up. Literally.

Me: Yeah no kidding.

Zexion: (to Lynn) You sure you're ok, Lynn.

Lynn: Guys, I'm telling you. I'm fine!

Control Freak: Just wanted to be sure.

Mojo: (to Brick) I'm very proud of you for putting some of those fires out.

Brick: Thanks Mojo.

Nico: This has been one explosively hot battle so far.

Copperhead: (to Nico) Boy no kidding. We Heard you went on another field trip with Ms. Frizzle's class.

Nico: Boy we sure did and it was awesome.

Mummy: What was it this time?

Nico: We got to see what Ms. Frizzle's awesome light Pinball Machine was like and it was amazing.

Simone: It sure was. It's a pinball machine that uses light instead of balls. It fires a beam of white light and splits it into the 7 colors of the rainbow through a prism and you have to get each color into one eye for each of the 7 colors of the rainbow. We have one like it in our arcade.

Mummy: Awesome.

?: That sounds awesome.

A figure came out and it was FURNACE MONSTER from episode 32 of Lightspeed Rescue!

---

Little known about the Furnace Monster since he is not known to hav encountered the Power Rangers before but died at some point and resided in the Shadow World. The Furnace Monster is among the deceased Demons seen in the Shadow World and is used by

Prince Olympius and the Gatekeeper who try to destroy the Power Rangers with him. However, after the Thermo Blasters destroy the Gatekeeper's staff, they lose control of the monsters and Fireror escapes the Shadow World alongside Liztwin's upgraded form and the Furnace Monster at the same time as the Rangers and appear as giants. The Rangers immediately summon the Supertrain Megazord to dispose of them but thier fire blasts overwhelm it and Fireor is able to impale it once the Furnace Monster and Liztwin restrain it. The tables turn however when Liztwin and the Furnace Monster advance on the Supertrain head-on, allowing the Megazord to destroy them with the Turbine Super Charge. They go limp and fall onto thier sides where they then explode although the Lightspeed Solarzord then has to be used to kill Fireor.

---

Dana Mitchell: Furnace Monster!

Furnace Monster: Been a while rangers.

Me: I remember you! You were one of the monsters that was released when the rangers destroyed the Gatekeeper's Staff and Liztwin was with you too.

Furnace Monster: That's right J.D. Good memory.

Me: Yeah. Never missed an episode.

Maria: We never did see how you got destroyed the first time.

Nico: What a rip! Aw man now you got me saying that J.D.!

Me: (Imitating Pumbaa) Sorry.

Furnace Monster: Let's just say that I managed to put up a good fight.

Nico: You sure did.

Chillyfish: Yeah. We have a couple of new recruits.

2 figures came out and they were WEDDINMON and MARCEL

BONAPARTE!

Blair: Marcel!

Nene: And Weddinmon!

Marcel: Been a while Blair.

Me: Wow. Wait a second. Marcel are you by any chance a distant relative of the 19th century conqueror, Napoleon Bonaparte, the Emperor of France?

Marcel: Yes he was my ancestor.

Me: Wow! Napoleon Bonaparte was one of the most famous conquerors ever known. He rose to power after the abolition of the French Monarchy following the execution of King Louis XVI and Marie Antoinette in the French Revolution in 1792.

Marcel: That's right and he was also very well known in France's history. He was also exiled to the island of St. Helena where he died in 1821.

Me: That was a little over 200 years ago. And St. Helena Island is located 1,210 miles west of Angola.

Marcel: Yep.

Eli: That is amazing.

Nico: It sure is and Weddinmon you look like an amazing wedding cake. Are you sure you're a Digimon?

Weddinmon: (Laughs) I get that all the time and yes I am a Digimon.

Nico: You would be perfect to show up at the future weddings for many of us in the future.

Weddinmon: I sure would.

Nico: Who did you two pick as your archenemies?

Weddinmon: I picked Marie Hernandez.

Marcel: And I chose Nicole Hernandez.

Marie Hernandez: Awesome!

Nicole Hernandez: Wow! This is gonna be cool!.

Nico: Awesome! The Hernandez Sisters have been officially covered.

We got the usual battles underway.

---

Roxy, Fluttershy, Tornado Bolt, Life Skylanders, Buglizard, Timon, Pumbaa, Shalla, Ransik and Nadira VS Zexion - Ms. Frizzle having made an awesome pinball machine

---

Zexion was first.

Zexion: (to Roxy) Ms. Frizzle really made an awesome pinball machine. Can I try it sometime?

Roxy: You sure can and it's always open for all of us.

Fluttershy: It sure is and it's really amazing to see and play. Ms. Frizzle made a really amazing game.

Tornado Bolt: She sure did and it's so awesome and cool.

Stealth Elf: It sure is. The colors of the rainbow are always fun in that one.

Buglizard: Boy they sure are and Simone loves that game too.

Timon: It went from a project about light to a field trip about light. How amazing is that?

Pumbaa: I would say it's very amazing Timon.

Shalla: I think so too Pumbaa.

Zexion: That is so awesome that Simone and the class went into that Pinball machine. Lets do it!

They fired waves of leaves, flowers, bugs and grass and smashed him down.

Roxy: ALL RIGHT!

Fluttershy: That was fun.

---

Nicole Knudson, Sunset Shimmer, Pipsqueak, Fire Skylanders, Shiana, Hydra, Media, Anko, Miia, Sea, Energon Scorponok and Tidal Wave VS Control Freak - Lincoln's rescue in the Town of Chewandswallow in the Cloudy With A Chance Of Meatballs book (Control Freak will summon Ragnaros from World of Warcraft)

---

Control Freak was next.

Control Freak: (to Nicole) How was Lincoln's rescue in Chewandswallow from the Cloudy With A Chance Of Meatballs book? And the next monster I'm summoning is from World of Warcraft.

In a vortex of fire he summoned RAGNAROS THE FIRELORD from the World of Warcraft Cataclysm!

Nicole: Ragnaros the Firelord! Good choice. And Lincoln's rescue went really well. It was amazing. Lincoln and dad and the gang took down Scarface again and they met one of Lincoln's childhood friends who got turned into a Volcanic Doomfire.

Sunset Shimmer: That book was so awesome and everything that happened in that book is exactly like what happened when we were on the island of Swallow Falls.

Pipsqueak: (British Accent) It was so amazing and we all were getting hungry just by exploring.

Sunburn: You're not kidding and we faced Tony Montana who was known as Scarface. He was back from the dead to get revenge.

Control Freak: Man that monster sure didn't know how to take a hint and he first appeared when Kalin made his first appearance.

Shiana: Boy we heard all about that. That was nuts.

Hydra: It sure was. And Kalin wanted to kill J.D. really badly during that time.

Media: He sure did.

Anko: But thank goodness you guys got him out of that.

Miia: Yeah thank goodness.

Sea: That was intense.

Control Freak: No kidding. Lets do it!

They fired waves of stars and fire and energy and smashed him down!

Nicole Knudson: GAME OVER!

Sunset Shimmer: That was amazing!

## Jaune Arc, Twilight Sparkle, Luster Dawn, Sunny Starscout, Magic Skylanders, Cure Mermaid, Ariel, Eli, C.C., Nunnally, Headstrong and Tantrum VS Mojo Jojo - Who does Mr. Shu think he is

---

Mojo Jojo was next.

Mojo Jojo: (to Jaune) Who does Mr. Shu think he is?! Treating Gohan and Lynn like crap!

Jaune Arc: Have you read his history Mojo? Shu is a monster and he is an abusive disciplinarian and he treats all kids like crap and doesn't care about anyone! He thinks he is so better than everyone! He even called Master Goku a brainless brute and he also called him a worthless father!

Twilight Sparkle: Yeah he gives all teachers everywhere a REALLY BAD NAME! And I should know because I'm a teacher.

Luster Dawn: He should have had his teaching license revoked the very minute his true colors were exposed when he taught Gohan.

Sunny Starscout: And a teacher should NEVER have a whip!

Spyro: Yeah a monster like him doesn't deserve to be a teacher.

Cure Mermaid: A teacher should use compassion and care not abuse and hatred.

Ariel: You said it.

Eli: I would make him suffer.

C.C.: Me too by showing him illusions of everything he did and turning him into a braindead monkey.

Nunnally: That would have been awesome.

Mojo Jojo: Indeed. Lets do it!

They fired waves of magic, light and energy and smashed him down.

---

Tea Gardner, Applejack, Apple Bloom, Earth Skylanders, Sandbox, Sandman, Gaara, Hood Sickle and Cuckoo Clocker VS Nathan Prince A.K.A. Copperhead. Amazing how Sora and her friends all faced Meramon before

---

Copperhead was next.

Copperhead: (to Tea) It's amazing how Sora and the Digidestined all faced Meramon before. I bet they had to use a lot of water!

Tea Gardner: No they won by Sora having Biyomon digivolve into Birdramon and that was so awesome.

Applejack: It sure was. All it took was Birdramon firing a bunch of fireballs into Meramon and it got rid of the black gear in him.

Apple Bloom: That was crazy and scary. But Nico told us all about how Devimon used those gears to cause Digimon to turn evil.

Flashwing: Nico has always hated Devimon for doing that to awesome Digimon and he deserved to be destroyed. I have a feeling that we'll face tons of Digimon here that are under the influence of those Black Gears.

Sandbox: Yeah I have that same feeling myself.

Sandman: Yeah I have that same feeling too.

Gaara: It's absolutely despicable that he can do that to so many Digimon.

Copperhead: Remind me again. Which Digimon did Devimon control with those gears?

Tea: Lets see. He controlled Meramon, Andromon, Monzaemon, Unimon, Leomon, Frigimon, Mojyamon, Centarumon, Whamon and Drimogemon.

Copperhead: That's right. Wow so that makes 10 Digimon he controlled with them. Talk about nuts. You all have your work cut out for you.

Tea: We sure do.

Copperhead: Yep. Lets do it!

They fired waves of magic, rock, earth and crystal and apples and smashed him down.

Tea: ALL RIGHT!

Applejack: YEEHAW! That was great!

---

Maxxine Stenson, Pinkie Pie, Featherweight, Tech Skylanders, Snare-Oh, Tanis, Shield Shredder and Swift Foot VS The Mummy from Ben 10 - J.D. did amazingly well holding off Meramon

---

The Mummy was next.

Mummy: (to Maxxine) J.D. did amazingly well holding off Meramon. But he really should remember that he can't do everything by himself.

Maxxine: I know. But he did it to make sure that Meramon doesn't get near us while we put the fires out. The Yokomon are all In-Training Digimon and they wouldn't last a second against him. So that's why J.D. held Meramon at bay. That was really awesome.

Pinkie Pie: Boy it sure was. I think J.D. was a big help during that time.

Featherweight: Yeah we owe him big time for it.

Sprocket: He sure did good.

Snare-Oh: Absolutely on that.

Tanis: Yeah.

Mummy: Yeah. Lets do it!

They fired waves of metal, gears, lightning and energy and smashed him down.

Maxxine: RIGHT ON!

Pinkie Pie: BEST USUAL BATTLE EVER!

---

# Gi, Rarity, Sweetie Belle, Water Skylanders, Media the Medusa, Miia, Shiana, Hydra, Anko, Miia, Sea, Arixam and Pump Man VS Chillyfish - Awesome how Rita and Chi Chi smashed the living crap out of Mr. Shu

---

Chillyfish was next.

Chillyfish: (to Gi) It's awesome how Rita and Chi Chi smashed the living crap out of Mr. Shu. (shudders) Though I didn't expect Rita to get that mad!

Gi: Well what did you expect? No one treats the Loud's that badly. You mess with the Loud's and you are gonna get a nasty and brutal buttkicking courtesy of Rita Loud.

Rarity: I agree darling! If someone like that was being mean to Sweetie Belle I would have done the exact same thing and I'm sure that Applejack and Rainbow Dash would have done so too.

Sweetie Belle: Yeah I agree with you there and thanks Rarity.

Gill Grunt: Man Shu is a monster! He deserves to be boneless after everything he did.

Media: You got that right.

Miia: What a heartless beast.

Shiana: Thanks to Margo, his true colors were revealed to the world and he is now the most hated teacher ever.

Hydra: No kidding. He had it coming.

Anko: I would have loved to implement my torture methods on him.

Miia: That would have been satisfying.

Sea: It sure would have been.

Chillyfish: Yeah. Lets do it!

They fired waves of water, jewels, ice and energy and smashed him down.

Gi: OH YEAH!

Rarity: Rapture Darling that was grand!

---

## Kole, Starlight Glimmer, Cozy Glow, Undead Skylanders, Sherryia the Dark Slime, Jelli, Suu, Bowser and Bertie VS The Salami Swami - Hope none of us got burned

---

The Salami Swami was next.

Salami Swami: (to Kole) (Hindu Accent) I hope none of you guys got burned. That wouldn't be very pleasant.

Kole: Don't worry we're all fine. It'll take more than fire to stop us. But we all can absorb fire to make us stronger.

Starlight Glimmer: That's true and it was awesome. But it was wicked how a black gear can turn Meramon into an evil monster.

Cozy Glow: Yeah no kidding and the first time he was like this he was out of his mind with pain from his own flames? That's nuts.

Hex: Geez! A Fire Digimon like Meramon being out of his mind like that? How weird.

Sherryia: Yeah that is so weird and strange.

Jelli: No kidding. Poor guy.

Suu: Meramon did nothing to deserve this.

Salami Swami: No he sure didn't. Lets do it!

They fired waves of crystal, stars, magic and bones and smashed him down.

Kole: ALL RIGHT!

Starlight Glimmer: Yeah that was great!

---

Frosta, Rainbow Dash, Scootaloo, Pickle & Barley Barrel, Air Skylanders, Olma the Sea Bishop, Ariel, Eli, Ariel's Sisters, RD Lana and Fubuki Kakuyoko VS White Lightning - Now Lincoln's friends is a Volcanic Doomfire? Perfectly coincidental for the mission

---

White Lightning was next.

White Lightning: (to Frosta) Now one of Lincoln's rescued friends is a Volcanic Doomfire? That's… perfectly coincidental for this mission.

Frosta: That sure is something. Her name is Zoey Mackenzie and she is one of Lincoln's friends that stood up to Lynn when she was being too rough on Lincoln. She got her grounded for two weeks for her rough treatment on him.

Rainbow Dash: And that was before her dark side was separated from her. Zoey is one awesome girl.

Scootaloo: She sure is and she is amazing with the powers of fire now. Powerful volcanic fire.

Pickle Barrel: She sure is awesome and she swore to brutally smash and pulverize Dark Lynn if she ever sees her.

Barley Barrel: Yeah and from the looks of things many more people are gonna do it too. Same thing to Dark Lori and Dark Lola.

Whirlwind: Yeah no kidding. I don't blame them. But I would hate to imagine what would happen if they saw the Evil Lynn that Lynn faced that nearly framed her.

White Lightning: Whoa! That would be a brutal fight!

Olma: What happened there?

Whirlwind: Right some of you don't know about that.

Whirlwind told them about what happened during the events of chapter 1131 and when she was done everyone that hadn't heard about it was shocked and horrified!

Olma: WHOA MAN! Lynn became a total psycho! All just because she lost one game.

Ariel: Yeah no kidding.

Eli: Lynn was spoiled too much in my opinion.

Andrina: No kidding and that was horrible.

White Lightning: Yeah it sure was. Lets do it!

They fired waves of wind, rainbows, lightning, ice and energy and smashed her down.

Frosta: OH YEAH!

Rainbow Dash: That was AWESOME!

---

Jimmy, Princess Luna, Moondust, Snowdrop, Children of The Night, Ink Rose, Moonlight Raven, Dark Skylanders, Mighty Magiswords Mika, Vambre, Prohyas, Zange, Witchy Simone, Slinkman and Smithers VS Black Lance (Mystic Force) - Just terrible how Mr. Shu is that evil. I hope he likes prison food being fed to him with a straw now that all the bones in his body are broken

---

Black Lance was next.

Black Lance: (to Jimmy) It's just terrible how Mr. Shu is that evil. I hope he likes prison food being fed to him with a straw now that all the bones in his body are broken!

Jimmy: He had it coming for all the things he did to many children.

Princess Luna: But it wasn't just his bones broken, he had all the muscles in his arms and legs ripped apart too and they had to cut off his legs and arms too.

Moondust: He was beaten to within an inch of his life.

Snowdrop: He was an absolute monster.

Gari: Yeah he had it coming.

Ink Rose: No kidding. I hope he also likes being in the Malevolent Insanity Realm too.

Moonlight Raven: Yeah he brought it on himself.

Blackout: Yeah no kidding.

Mika (Mighty Magiswords): Yeah no kidding. He deserved it.

Vambre: (British Accent) He most sure did Mika dear.

Prohyas: Yeah that boneheaded meany had it coming!

Witchy Simone: Yeah he sure did!

Zange: What a beast!

Black Lance: I think that's putting it mildly. Lets do it!

They fired waves of darkness and energy and smashed him down.

Jimmy: That was fun!

Princess Luna: A true victory of the night!

---

Orion, Princess Celestia, Minuette, Twinkleshine, Lemon Hearts, Moondancer, Lyra Heartstrings, Sunset Shimmer, Twilight Sparkle, Light Skylanders, Haru the Falcon Harpy, Maximum Ride, Skyla, Merrick and Tyzonn VS Harpymon - Shu is in deep doodoo poo trouble now with his maker

---

Harpymon was next.

Harpymon: (To Orion) Shu is in deep doodoo poo trouble now with his maker. It serves the assholeface right for being abusive to his students!

Orion: You got that right and not only them but mostly to Gohan too.

Me: Oh crap, that's Alistair Smythe A.K.A. Spider Slayer, and the son of Spencer Smythe, and from what I remember, Spencer Smythe was obsessed with capturing Spider Man, and he turned to crime to finance his research.

Spider Man: He's just as bad as his father, J.D. (To Alistair Smythe) So, how you've been, Alister? Still bearing a bloody vendetta against me and blaming me for what happened to your father?

Alistair Smythe: As long as you still live, my father will never rest in peace, and you also made the big mistake blabbing out your identity to the world, dumb-ass.

Spider Man: Ooh, boy.

Doc Ock: That's not your fault, Parker. But, I never thought we'd see you again, Alistair. But, here's something you should know: The Sinister Six are no more, and soon, you'll be heading for prison.

Lily Loud: Peter, what can you tell us about Alistair Smythe?

Spider Man: You won't like him, Lily. This guy is obsessed with killing me and avenging his father.

Spider Man proceeded to tell us about Alistair Smythe A.K.A. Spider Slayer, and we weren't going to like him one bit.

Alistair Smythe

Alistair Smythe, also known by his supervillain name, Spider-Slayer, is a villain from Marvel Comics and an enemy of Spider-Man. The son of the late Spencer Smythe, Alistair grew up around a father who frequently ignored him in favor of his obsession with Spider-Man. As a result, Alistair grew up a bizarre young man, over-weight, poorly groomed, and with perverse tastes in women. Having said that, he inherited his father's knowledge of mechanics and parlayed that into a job for the Kingpin, where he secretly continued on with his work on Spider-Slayers to finish his father's goal, the death of Spider-Man.

History

The Spider Slayers

The Spider-Slayers were a series of robots that sought to destroy Spider-Man. The initial generation of Spider-Slayers were created by Alistair's father, Spencer Smythe and commissioned by J. Jonah Jameson. After Spencer failed to kill Spider-Man - and ended up getting destroyed as a result - Alistair inherited the legacy from his father and gained a new-found hatred toward Spider-Man. He initially worked for the Kingpin but left in disagreement over how to deal with Spider-Man and went solo.

After being confined in an asylum, Alistair released himself and took several other inmates with him in order to construct a new series of Spider-Slayers that tracked Spider-Man across the city. His plan of revenge forced the inmates to assist in the machines' construction. After sending a series of slayers after Spider-Man (and all of their inevitable destruction with assistance from others including the Scorpion and the Black Cat), Alistair lured Spider-Man to his residence for one final battle.

## Ultimate Spider-Slayer

In order to defeat Spider-Man on his own, Alistair enhanced himself by encasing his entire body in a biorganic carapace that not only served as a full body armor, but increased his strength and gave him the ability to walk again by interconnecting with his spine. The physical structure of the carapace gave Alistair bird-like talons for feet and a long, curved blade-like weapon jutting from each shoulder, that could fire lasers. He also gained a pair of smaller, jagged blade weapons on each forearm, and a specially made web-shooter that fired from the forearm area. He was also built to stick to walls, in a way similar to his Spider-Slayers. Eventually, Spider-Man defeated Alistair and made sure he and the surviving asylum inmates were taken to custody.

## Cyber-Slayers

During Scarlet Spider's brief stint as sole web-slinger in town, Smythe (still carapaced as the Ultimate Spider-Slayer) started a war with a new set of slayers he intended to sell on the black market. These Cyber-Slayers-which could be controlled remotely by turning one's thoughts into the slayers' actions-were probably named as such because the initial target was not Spider-Man nor Scarlet Spider, but Lady Octopus and her crew. However, as fate would have it, the Scarlet Spider ended up in the middle of things and temporarily allied with the Cyber-Slayers, a fact that did not go over well with Smythe.

## Smythe's Return

Smythe found his way outside prison and sought revenge on both Spider-Man and J. Jonah Jameson for the death of his father. He coerced Jameson to alter the stories in the Daily Bugle or else he'd kill JJJ's wife and son. Once Spider-Man caught on to Smythe's trail, he followed it back to the Bugle where Smythe assaulted him with recreated versions of every Spider-Slayer ever sent after Spider-Man in the past plus a pair of new creations-a miniature model designed to latch onto Spider-Man's face and penetrate his mind through use of radiation and a larger six-armed model arguably stronger than any other created. While attached to Spider-Man's head, the miniature spider-slayer psionically connected to Spidey's mind, copied thoughts of his loved ones, and broadcast that information to all the other Mini-Slayers. Smythe gave Spider-Man the choice of either stopping them or preventing the Six-armed Slayer from destroying Jameson. Spidey eventually shut down all the Spider-Slayers at the same time, but it was Jameson who knocked out Smythe with a baseball bat for threatening his family. Smythe recently made another return in which he used a poisonous spider he made and attacked John Jameson, aka Man-Wolf and caused him to end up in the hospital.

He later invades The Raft with Boomerang, Scorpion, and Vulture, The Superior Spider-Man is seen fighting Alistair Smythe and is mocking him for being weak in comparison to his father Spencer Smythe. When the Superior Spider-Man says that he has called the Avengers for backup, Alistair Smythe states that he has his own backup as Boomerang, Scorpion, and Vulture show up. The Superior Spider-Man admits that the Mini-Slayers were clever but inadvertently reveals that his countermeasures are being powered by the Raft's Power Generators distracting him at the revelation. Alistair Smythe takes the upper hand until he's narrowly shot down by Mayor J. Jonah Jameson disguised as a Raft guard. The Superior Spider-Man accuses Mayor J. Jonah Jameson of leaving the force field, but Mayor J. Jonah Jameson confronts Spider-Man to tell him he brought him to ensure that Smythe gets executed by any means necessary (implying that he's giving permission to Spider-Man to directly kill him). The Superior Spider-Man accepts and tells Mayor J. Jonah Jameson to go back to the force field with the others. The Superior Spider-Man hunts Alistair Smythe through his comm system only to discover that he did the same trick and informed his allies (all heading for a full front assault against the Superior Spider-Man) who tries to convince them that Alistair Smythe is using them and will take back their enhancements once he's out. All of them agree that even though that might happen, they'll make the best of the situation against him. Alistair Smythe manages to reach the Raft's generators, destroying them to shut down the power in the entire island, allowing Lizard to escape. Once Alistair Smythe tries to escape, the Superior Spider-Man reminds him about the emergency generators. Alistair Smythe warns the

Superior Spider-Man that just like he does with his Spider-Bots, he can see through his Mini-Slayers catching up on Mayor J. Jonah Jameson and the trapped civilians sending their locations to the group. Scorpion rejects it at first, but is easily convinced once Alistair Smythe tells him that one of his targets is Mayor J. Jonah Jameson himself. Scorpion heads for Jonah, Vulture aims at the civilians, and Boomerang stays to fight against Spider-Man who stops him by blocking his Bomb-A-Rangs with his webbing escaping the resulting blast in the process (and possibly killing Boomerang). Alistair Smythe warns him that he's still caught in a predicament since Scorpion is heading to his personal vengeance against Jameson and Vulture is ready to kill the group of civilians so he must make a choice only to be surprised when Otto replies that he won't follow any of them. Instead, the Superior Spider-Man is determined to complete his mission of slaying the Spider-Slayer

The Superior Spider-Man battles Alistair Smythe and after a long battle disarming him, As Alistair Smythe admits defeat and ask Superior Spider-Man for the terms of surrender, The Superior Spider-Man replies by stabbing Alistair Smythe with his own blade, killing him. This also disables Boomerang, Scorpion, and Vulture's upgrades preventing them from killing Jameson and the leaving them injured once again. As the three are subdued, Superior Spider-Man and the others exit the Raft only to be attacked by Alistair Smythe (whose body is being moved via his miniature Slayer robots). Alistair Smythe effortlessly disposes of the guards explaining that his mind is still alive for a few precious moments. Superior Spider-Man tackles Alistair Smythe, leading to them falling off the Raft and only to shore below. As they struggle, Smythe reveals his final plan to transfer his consciousness into Spider-Man and takeover his life. However, Doctor Octopus had already done this as he had encased his head with armored plating (as seen in Amazing Spider-Man #700) making Alistair Smythe unable to initiate the transfer. As Alistair Smythe expresses confusion on why it did not work, Superior Spider-Man (out of the ear shot of anyone else) tells Smythe he did it before him and revealing his true identity as Otto Octavius. Superior Spider-Man taunts Alistair Smythe as he dies stating Smythe has no legacy as in his final battle he wasn't even fighting the real Spider-Man. Alistair Smythe dies as Superior Spider-Man moves away from the body with his secrets still intact.

Though he was dead, The Jackal did manage to use his body to make a clone. It was part of a plot to clone all of Spiderman's friends, and foes.

---

When Spider Man was done, we were indeed horrified at Alistair's actions, and for many comic book readers, they knew he was just as bad as they've seen.

Me: Whoa, he's just as bad as you say he is, Peter.

Lincoln: You said it, J.D. Not to mention that he's taken his father's obsession of catching Spider Man and turned it into killing him, after his father, Spencer Smythe, died of illness. This guy is way too dangerous to let run free.

Lily Loud: This time, he's getting thrown in prison for good, after we get that that bioorganic carapace off.

Suddenly, Lily Loud's eyes turned neon blue, and she was surrounded by a rainbow energy aura with water, mermaids, and sea animals, she unholstered her massive Sword of Coventina from her back, and as she approached Alistair Smythe, she left rainbow energy, water, mermaids, and sea animals with every step.

Lily Loud: Alistair Smythe, you have committed one too many crimes in the city of New York for the last time. Your obsession with killing Spider Man to avenge your father, who's spent his life trying to capture him, is about to be your downfall, and now, you're going to pay for everything that you've done.

Suddenly, Lily Loud was surrounded by a massive vortex of rainbow energy with water and sea animals surrounding the vortex, there was a mermaid swimming around the vortex, and in the vortex is a lavender phoenix. Then, as the vortex faded, Lily Loud emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Lily Loud grew from 6'0" to 6'5" in height, she still retained the body of a goddess, along with the weighted lavender bands on her biceps and thighs, and they now have silver phoenixes on them, and eight large lavender orbs orbiting around her legs, she has lavender highlights in the bangs of her now long flowing blonde hair reaching the bottom of her neck, she has neon blue eyes and a rainbow energy aura with water, mermaids, and sea animals surrounding her, she has a rainbow mermaid holding the Water Kanji in her hands emblazoned on her forehead, she has on mermaid earrings with the Water Kanji in her hands, and her necklace with the lavender crystal links from her merged Crystal Necklace of The Buddha, and a mermaid with lavender crystal eyes with the Water Kanji in her hands for the pendant, she has on a sleeveless lavender shirt with ocean blue phoenix on it, lavender blouse with ocean waves and sea animals on it, black pants with ocean waves on the legs, black leather ankle-length combat boots with mermaids on them for the buckles, and long sleeveless lavender trenchcoat with ocean waves and sea animals on the coattails, and on the back is a mermaid with ocean waves and sea animals surrounding it.

Lily Loud now has massive blonde angel wings with ocean blue and lavender tips on the large blonde feathers. Suddenly, her massive Sword of Coventina began merging with her ocean blue sword and two massive Defender of The Loud House and Destroyer of Team Dark Phoenix Storm swords, and it's surrounded in a kaleidoscope of water, mermaids, and sea animals, and when it emerged from the kaleidoscope of water, mermaids, and sea animals, it was transformed into Coventina's Ocean Sword of Maelstrom Justice, it's a new large sword with a 6'5" massive, wide, double-edged ocean blue blade with a mermaid and the symbol of The Loud House and the anti-Team Dark Phoenix Storm symbol etched on the blade, large ocean blue wings for the crossguard, large ocean blue gem for the hilt, longer ocean blue handle with ocean blue scales decorating the handle, and large faceted ocean blue sphere pommel with surrounding ocean blue gems. Lily Loud has on her Indigo Lantern Corps ring on her right ring finger, she still has on her Bracelets of the Champions of The Universe with large lavender gems on her wrists, Belt of Elemental Bravery with large lavender gem for the belt buckle on her waist, she has her Spellbook of The Gods and The Universe on her right hip, and her Eater of Sins revolver holstered on her left hip. There's an ocean blue kanji below the mermaid that said, "Lily Loud, Sixth Youngest of The Loud Family, Loving Sister of

Her Many Siblings, Loving Youngest Daughter of Rita and Lynn Sr., Loving Girlfriend of Carlitos Casagrande, Photographer of Gotham Royal York, Member of The Neptune Crusaders, Slayer of Evil, Descendant of 17th Century Lily of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Emissary of Coventina, Defender of The Loud House and The Loud Family, and Master of Water and Sea Creatures."

リリー・ラウド、ラウド・ファミリーの六番目の末っ子、彼女の多くの兄弟の愛情のある姉妹、リタとリン・シニアの愛情のある末娘、カルリトス・カサグランデの愛情のあるガールフレンド、ゴッサム・ロイヤル・ヨークの写真家、ネプチューン・クルセイダーズのメンバー、悪の殺し屋、子孫スコットランドのラウド湖の十七世紀のユリ、モラグマクラフリンの破壊者、コヴェンティーナの使者、ラウドハウスとラウドファミリーの擁護者、水と海の生き物のマスター

Lily Loud has transformed into SUPER ANGEL INFINITY MAELSTROM SEA CREATURE WATER ANGEL OF OCEAN JUSTICE AND DIVINE HOPE!

We were amazed by Lily Loud's Super Angel Infinity transformation, and when Carlitos Casagrande saw what just happened to her, he had an atomic red blush on his face and hearts in his eyes. But, when Alistair Smythe saw her, he fell into a dark homicidal rage, and tried to attack her, but Lily fired a powerful blast of Glowing Water, and it hits Alistair Smythe and drenched him.

Nico: (Stunned) Wow, Lily's transformed into a true Angel of The Seas, and she's going to make that lowlife Alistair Smythe pay for everything he and his father have done.

Lincoln: Wow, Lily, you look amazing, how do you feel?

Lily Loud: (Divine Echoing Cosmic Voice of The Seas and Ocean Justice) **I feel incredible, Lincoln, and now, I'm going to bring Alistair Smythe to justice for everything he and his father have done.**

Lincoln: (Smiles) Hope you're not going to start without your big brother at your side.

Lincoln unholstered his improved massive Sword of Universal Hope and Elemental Bravery from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he joined with Lily.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **Let's get him.**

Lily and Lincoln went at Alistair Smythe, who fired lasers from the blades on his shoulders, but they dodged them, and they fire powerful blasts of rainbow energy, water, elemental forces, mermaids, sea animals, Thunderbirds, Phoenixes, and Buffalo right at Alistair Smythe, and they exploded with incredible power as they hit him. Then, Lily fired rainbow chains which bound Alistair Smythe's arms and legs, and Lincoln got behind him, and he painfully ripped out the bioorganic carapace that was on him, and destroyed it as Alistair Smythe screamed in excruciating pain. Then, Lily had Alistair Smythe beamed into the Masters of Evil's prison.

We cheered wildly for what Lily and Lincoln did as they holster their massive swords on their backs and power down, and the improvements and upgrades to Lily's clothes, weapons, jewelry, and angel wings are permanent. Then, they came back to us, and we went up to Lincoln and Lily, and we hugged them, and they hugged us back.

Nico: Lily, Lincoln, you guys did one awesome job in taking down Alistair Smythe.

Lily Loud: Thanks, Nico, and now, Alistair Smythe's not going to be causing any trouble for any of us.

Lincoln: Lily's right, Alistair Smythe has got a lot to think about now that he's in the Masters of Evil's prison. Besides, I believe in fates far worse than death for Alistair Smythe. So, by getting rid of and destroying that bioorganic carapace and locking him in the Masters of Evil prison is definitely a fate worse than death.

Me: Perfect for someone like him.

Nico: He might be a good member of The Masters of Evil, but right now, he's got a lot to think about while he's in prison.

Then, Lincoln got jumped by his harem, and he was kissed all over, and he had lipstick marks all over him. But, Lincoln had a very sly grin on his face, and he made clones of himself, and he wrapped his abnormally massive and powerful muscular arms around the waists of every last member of his harem, and as they lock eyes, he leans down and kissed them on the lips, and we cheered for him. Then, Carlitos Casagrande went up to Lily, and he then wrapped his arms around Lily's waist, and he kissed her passionately, which Lily returned, as she wrapped her arms around his neck, and kissed him, and we cheered for them.

Sora T.: (To the viewers) I hope you liked all this battle and it was awesome and epic like before.

Nico: It sure was great. But you all did a great job and J.D. you did amazingly well against Meramon and you did a great job holding him off.

Me: Thanks commander. I think I went above and beyond the call of duty on this one.

Nico: That's true. Great job today everyone. Lets head home. To make it easier to get to we'll have File Island beamed to Lake Huron.

Me: Good idea.

We beamed File Island to Lake Huron and then we went back home and enjoyed the rest of the day and went to sleep.

Another awesome fanfic done.

This was an awesome fanfic done. This chapter is considered a sequel to the Digimon episode Biyomon Gets Firepower, which was episode 4 of Digimon Season 1 and that one aired on September 4th, 1999 and that was so awesome! One of my favorite episodes of all time. The first part was based on the Magic School Bus episode called The Magic School Bus Makes A Rainbow which aired on October 26th, 1996 and that was awesome. It dealt with how rainbows are made through refraction from white light and that was awesome. The second part was for the book version of Cloudy With A Chance Of Meatballs and that is a book I have read constantly ever since I was in kindergarten. I couldn't stop reading that book for years. And it makes me hungry every time. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, Etstheclarencefan and ninjakingofhearts gave me the ideas for this and so did the guest reviewer. Thanks guys. Nico's next rescue is gonna be in the Scooby Doo episode A Night Of Fright is No Delight and he, Lucy and Danny Phantom are going to face the duo of laughing ghosts and also meet an Ectonurite Gene-Slammer named Dora Santiago who is from Honduras and is Nico's friend from a Foreign Exchange Program that was in his Earth Science classes. The next rescue for Lincoln is gonna be in the Scooby doo episode The Ghost of the Bad Humor Man and Lincoln and the group are not only going to capture Sammy the Shrimp and his accomplices again but also meet one of his friends that is now an Elemental HERO Dark Neos Gene-Slammer and Zoey Mackenzie is also going to have a brutal fight with Lynn from chapter 1131, the one that went psycho and tried to kill Lincoln to get revenge. Next chapter is an adventure in Toy Town and we're going to meet Monzaemon and save him from a black gear. We're going to also see a blast from the past as we are going to see what the Digidestined were like when they were there at Toy Town the first time.

See you all tomorrow.

# Temporal Convergence in Toy Town

Flying over the Stormy Waters of the ocean was Nico, Lucy Loud and Danny Phantom.

Nico: Thanks for coming with me, Danny. And you too Lucy.

Danny Phantom: No problem Nico. This is gonna be so awesome going to a haunted house.

Lucy Loud: I don't mind going too as long as there's a haunted house involved.

Nico: (Laughs) Knowing Shaggy he would REALLY chicken out on going.

Danny Phantom: (Laughs) Yeah he sure would.

Nico: Here we are.

They have arrived at the island home of Colonel Beauregard Sanders.

Nico: Oh my gosh! This is the home of Colonel Beauregard Sanders. I heard that he lived a long time ago and fought in the American Civil War and had been a huge collector of Civil War Memorabilia.

Danny Phantom: Boy J.D. would have loved to come out here.

Nico: He sure would have and his ancestral uncle was an Abolitionist during the Civil War.

Lucy Loud: He sure was.

They went into the house and it was an amazing house.

Nico: Wow look at this place.

They saw a picture of the late Colonel Beauregard Sanders.

Nico: So that's Colonel Beauregard Sanders. He lived to 105 years old. Wow!

Danny Phantom: That is so awesome.

Nico: Guys, I know how much you and the others force Shaggy to go on missions. But now that I'm in charge, if he doesn't want to go, I won't force him.

Danny Phantom: Fair enough. He still loves your Scooby Snax though.

Lucy Loud: That's true. He does.

Nico: (Laughs) Yeah he sure does.

Danny Phantom: Yeah. But it's amazing how Colonel Sanders was saved by Scooby all those years ago and remembered in his will.

Nico: Yeah. That's amazing.

Lucy Loud: Are there any Civil War Veterans still alive?

Nico: No way. The Civil War ended 160 years ago and the last known veteran of the Civil War was a Confederate Soldier that lived to be 104 years old and he died in 1951.

Danny Phantom: Wow that's amazing.

Nico: It sure is. Lets look around.

They got to looking around. But what they didn't know is that a laughing ghost was there. Hiding.

Nico: Wait. You hear that?

Danny and Lucy wondered.

Danny Phantom: Hear what?

Nico: I thought I heard something.

They got to looking around and they saw all sorts of Civil War

Memorabilia and it was amazing.

Nico: Wow Shaggy and Scooby would like all this.

Lucy Loud: That's right and his uncle was a Colonel in the American Civil War.

Nico: Lots of people today even have family ties that date back to the American Civil War.

Danny Phantom: They sure do.

Suddenly they heard laughing and out came the 2 LAUGHING GREEN GHOSTS!

---

The Green Ghosts were the disguises of Cosgood Creeps and Cuthbert Crawls.

The two lawyers wanted the estate of Colonel Beauregard Sanders, but had to get the inheritors named in his will, including the colonel's relatives and Scooby-Doo, out the mansion so they could have the fortune to themselves.

When Scooby and the other heirs arrived to be read the late Col. Sanders' will, it turned out that they would all have to spend the night at his mansion in order to collect their inheritance, but the catch was that the mansion was apparently haunted. Creeps and Crawls then donned their costumes and proceeded to kidnap the heirs so they could keep all of Sanders' fortune for themselves.

The plan went awry when they went after Scooby. Although Fred's first trap failed to work, they were soon captured and unmasked. The fortune, however, turned out to be Confederate money.

---

Nico: It's the 2 Laughing Green Ghosts!

Lucy Loud: And I know what they want. They want this.

She pulled out a big metal box.

Nico: Just the proof we need.

?: Let me take them on!

An Ectonurite then came out!

Nico: Gadzooks an Ectonurite!

Ectonurite: (Spanish Accent) (In a girls voice) I will face these ghosts.

Nico: That voice. Dora Santiago?

Ectonurite: Nico? Wow it is you!

Nico: Funny how you're a Ghostfreak Gene Slammer in a sppoky place like this.

Ectonurite: I know. I'll knock these so-called ghosts around.

She did just that and tied them up.

Nico: Now lets see who these "Ghosts" are. And I have a good hunch I know who they are.

Danny and Lucy unmasked them and they were Cosgood Creeps and Cuthbert Crawls!

Nico: Just as I suspected. Cosgood Creeps and Cuthbert Crawls.

Lucy Loud: Gasp! How did you two get out of prison?

Cosgood Creeps: We don't really know ourselves.

Cuthbert Crawls: But we would have…

They saw that Fred and the gang weren't with them.

Cuthbert Crawls: Hey where are those meddling kids?

Nico: Fred and the gang are out on another mystery right now. But the fortune that Colonel Beauregard Sanders had was not what you thought.

Nico opened the metal box and in it was $1,000,000.00 all in Confederate Money.

Nico: $1,000,000.00 all in Confederate Money. TOTALLY WORTHLESS.

Danny Phantom: They wanted to scare all the heirs off the island and no one would spend the night and they keep control of the fortune.

Nico: But they had no idea the fortune was all in worthless Confederate Money from 160 years ago.

Ectonurite: Boy they got screwed big time.

Nico: I said the exact same thing.

Danny Phantom: Yeah they scared the heirs all for nothing.

Nico: The Confederate Government disbanded when the war ended 157 years ago and the money is now worthless. Not worth one single red cent. But it's still part of America's history.

Danny Phantom: Yeah. So we'll give it to a money museum.

Nico: Good idea Danny. Now lets get Dora reverted back.

Danny: Wait. How will your reversion work? Will you reappear as a human?

Ectonurite: No idea. But lets find out.

Nico: Okay.

Nico put on his blind man glasses and Danny covered his eyes and Creeps and Crawls were looking down in shame because they did all that scaring all for nothing. Nico then snapped his fingers and Dora reverted back and she had dark purple hair and magenta eyes and was in her birthday suit and Lucy gave her a dark purple and black outfit and she looked awesome.

Dora Santiago: Wow I look awesome.

Nico: You sure do Dora.

Dora Santiago: Boy I wonder.

She then floated and turned intangible and phased through the wall and came back out with some jewelry.

Nico: Wow! You can fly, go intangible and go invisible too. I wonder if you can fire energy blasts like Ghostfreak can.

Dora Santiago: I'll have to see.

Nico and Dora then hugged.

Nico: I've missed you Dora.

Dora Santiago: Me too Nico.

Lucy Loud: What are your favorite memories with Dora, Nico?

Nico: Me and Dora knew each other in school and we were partners in Earth Science. We learned so much in the fields of Geology.

Dora Santiago: I also came to Nico's school on a Foreign exchange program. I'm from Honduras.

Danny Phantom: Wow! That is amazing.

Lucy Loud: Honduras is one of the most lawless countries in the world.

Dora Santiago: It sure is.

Nico: Yeah. San Pedro Sula especially.

Dora Santiago: Yep.

Nico: How does it feel to have a solid body again?

Dora Santiago: It feels amazing.

Danny Phantom: Our teammate Nicole is an amazing Geologist.

Dora Santiago: That is buena. Another great memory we have was when we were on that field trip and we accidentally unearthed a dangerous radioactive mineral.

Nico: Oh yeah. I remember that. We unearthed a crystal of Cuprosklodowskite.

Lucy Loud: Gasp! That is a dangerous mineral.

Nico: I know. Emits as much gamma radiation as Plutonium. Lets get these two back to the clink and head home.

They did so.

---

After Nico's rescue, Lincoln, Me, Sumner Knudson, Nico, Eli, Nicole, Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, Lily, Lincoln's harem, Mr. Wolf, Mr. Piranha, Mr. Snake, Mr. Shark, Ms. Tarantula, Mystery Inc, and Martian Manhunter were heading into the city, and not only is Lincoln going to rescue the sixteen girls there, but we're also going to capture Sammy the Shrimp and his accomplices again who've broken out of prison, and we got word that a Gene-Slammer who's another one of Lincoln's friends is here, but we also gotten even worse news: Evil Lynn has broken out and she wants revenge, but Zoey is going to give her a brutal beatdown.

And with us was Sun Shang Xiang's father, Sun Jian, the brave warrior known as "The Tiger of Jiang Dong" and one of the three rulers of the Kingdom of Wu, who's in his Dynasty Warriors 8 appearance and wielding his Imperial Tiger nine-rings blade. We soon found out from him that Dark Chandler has broken out of his crystal prison, thanks to Evil Lynn using a Dark Orb, and he went on a rampage in the lands of Wu this morning, but everyone was alright. That horrified us, and we suspected that Evil Lynn might have also inadvertently freed Dark Lori, Dark Lynn, Dark Lola, and Dark Luan from their crystal prisons, and they're now on the loose.

Lincoln then sent a message to the Kingdoms of Wei and Shu, and warned them to be on the alert for Dark Lori, Dark Lynn, Dark Lola, and Dark Luan, who are on the loose and on the rampage.

Lincoln: So, the rescue's taking place here in the city, and I think I know what we're going to do here, not only am I going to rescue the sixteen girls there, but we're also going to capture Sammy the Shrimp and his accomplices again, and from what I heard this morning, they've broken out of prison again.

Nico: That's right, big guy. This time, Sammy the Shrimp and his accomplices are heading for Solitary Confinement when we catch them.

Mr. Wolf: You said it, Nico, and we got word that a Gene-Slammer who's another one of Lincoln's friends is here in the city.

Lynn: And there's also even worse news: Evil Lynn has broken out and she wants revenge on me and Lincoln. From what I heard from the guards, she chewed her way through the solid titanium bars in her cell in Crematoria, and she brutally beat up the guards before she escaped.

Zoey Mackenzie: I heard about her from Lincoln, and I can't believe that she went psycho and tried to kill Lincoln to get revenge. When I see here, it's going to be a brutal fight, and it'll end with me breaking every last bone in her body and incinerating her.

Lincoln: I'm also joining in as well, Zoey. (To Sun Jian) And it's an honor to meet you, Master Sun Jian.

Sun Jian: You too, Lincoln. My daughter's told me and her brothers about you and the team, and we already know that you rescued her, Lian Shi, and Xiao Qiao, and I know you'll take care of them.

Lori: My brother's the kind of man who's always a man of his word, Master Sun Jian.

Nico: That's right, Lori. But, still, I can't believe that Evil Lynn has broken out Dark Chandler, and she also inadvertently freed Dark Lori, Dark Lynn, Dark Lola, and Dark Luan from their crystal prisons

as well.

Lynn: That luck-obsessed psychotic meathead's going to pay for this, and Zoey's going to pulverize her badly, and that was also a smart move sending word to the Kingdoms of Wei and Shu warning them of Dark Lori, Dark Lynn, Dark Lola, and Dark Luan, Lincoln.

Lincoln: Thanks, Lynn, and with the message sent to them to be on the lookout for Dark Lori, Dark Lynn, Dark Lola, and Dark Luan, those four aren't going to get out of it that easily.

Me: You said it, Lincoln.

?: HELP!

Suddenly, Lincoln heard the sound of sixteen girls calling out for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard where the call for help was coming from. He saw the sixteen girls, but they've been cornered by Sammy the Shrimp and his accomplices, and they're going to kill them.

Lincoln: Guys, I found the sixteen girls, but they've been cornered by Sammy the Shrimp and his accomplices, and they're going to kill them. Let's get them.

We rushed on over, and Lincoln fired a powerful rainbow energy blast at Sammy the Shrimp and his accomplices, and the girls got to safety. When Sammy the Shrimp and his accomplices saw us, he was mad.

Lincoln: You just don't even know when to quit, do you, Sammy? Even after you and your buddies were busted long ago, you still don't know when to quit. Well, this time, we're putting a stop to you and your accomplices, and you're heading right back to prison, this time, in Solitary Confinement.

Lincoln unholstered his improved massive Sword of Universal Hope and Elemental Bravery from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and

Elemental Hope, Sun Jian got out his Imperial Tiger nine-rings blade, Lincoln's sisters also transformed and they unholster their massive swords from their backs, Lincoln's harem unholstered their massive swords from their backs, and Me, Eli, Nicole, and Nico also transform and unholstered our massive swords from our backs, and we went at Sammy the Shrimp and his accomplices, and we fired powerful blasts of rainbow energy, colored energy, elemental forces, lava, and fire at them, and they exploded with incredible power, knocking them out, and Lincoln chained them up with rainbow chains, so they couldn't escape, and they were put into a police car and taken away. We cheered wildly as we holster our massive swords on our backs and power down.

Velma Dinkley: We've already got Sammy the Shrimp and his accomplices taken care of, but I've got the feeling that a certain someone is also about to show up.

?: (Screaming Angrily) STINKOLN!

We saw Evil Lynn rushing towards us, and she was mad as Hell with red eyes glowing with unchecked and unhinged anger and insanity.

Lynn: And you're right, Velma, here comes that wild animal, Evil Lynn, and she's still wanting to kill Lincoln.

Zoey Mackenzie: That walking gym-bag's not laying one hand on my man!

Zoey Mackenzie fired a chain of molten rock, and it wrapped around Evil Lynn, and she dragged her to us, and then, Zoey pounced on Evil Lynn, and she began brutally beating her up. Evil Lynn tried to throw a punch at Zoey, but she grabbed her fist, and threw a nasty punch in her eye, smashing her eye socket, as she screamed in agonizing pain. Then, Zoey unholstered her massive sword from her back, and super-heated the blade, and she slashed off Evil Lynn's ponytail, and it was incinerated.

Lynn: (Laughs) Oh! Oh man, she slashed off her ponytail, and it incinerated. Nice one, Zoey.

Lincoln: Don't leave me out of the Evil Lynn thrashing, Zoey.

Lincoln joined in, and he also thrashed Evil Lynn badly. Suddenly, we saw an Elemental HERO Dark Neos join in and blasted her with dark energy, and she got burned.

Lincoln: Whoa, an Elemental HERO Dark Neos.

Elemental HERO Dark Neos: (In a girl's voice) That'll teach you, you luck-obsessed meathead!

Lincoln: Wait, that voice. Eleanor Collins, is that you?

Eleanor Collins: Lincoln, is that you?

Eleanor Collins went up to Lincoln, and they hugged.

Lincoln: Yeah, it's me, Eleanor. I haven't seen you when you were nine, and I've really grown a lot as you can see, and I'm sixteen years old.

Eleanor Collins: Yeah, I can see, you've really grown a lot from the nine-year-old cute little boy into a 16-year-old 7'0" tall and very handsome teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs.

Nico: Lincoln, you know her?

Lincoln: I do, Nico. This is Eleanor Collins, I met her when we were nine years old, and she also defended me from bullies, along with The Dark Side of The Trinity of Violence, and Luan when Dark Luan tried to involve her in one of her pranks.

Nico: Awesome.

Lincoln: We'll have to catch up later, right now, we've got to knock out that animal, Evil Lynn.

Zoey Mackenzie threw a punch right into Evil Lynn's jaw and knocked her out, and Lincoln chained her up with rainbow chains, and he got the Dark Orb that was in her pocket, and threw it into The Warp.

Lincoln: You've lost it big time, Evil Lynn, you once had a family and friends who loved you and a very promising future, and what do you do? You can't accept a single loss with grace and dignity, and you blame your universe's Lincoln, and try to kill him to get revenge. I'm glad your universe's family did the right thing and called the cops and had you disowned and thrown in prison. You know what I see when I look at you, I see a psychopathic, sadistic, black-hearted, luck-obsessed meathead who can't learn to accept defeat with grace and dignity and blame someone in her family, someone who once looked up to you, but now, no longer wishes to know you. You've lost everything because of your own selfish actions, Evil Lynn, and I have no pity for the likes of you, you framed my universe's Lynn and tried to kill me to get revenge when you allied with G1 Starscream, Numbuh 363, Paul, Malfoy, and Prince Olympius. The only thing that awaits you when you die is an eternity of torture in Hell for your sins.

Lincoln beamed Evil Lynn back to Crematoria, but this time, she was put in a doorless cell in Solitary Confinement, and she was chained to the wall of her cell with powerful rainbow chains, and she had her mouth shut with duct tape. We were also impressed with how Lincoln pointed out Evil Lynn's own faults.

Lynn: Dang, Lincoln, that was really impressive.

Nico: Nicely done, Lincoln. Those words you said to her, I think they've left a curse on her, which will haunt her for the rest of her life until she dies.

Lincoln: Thanks, Lynn and Nico. And you're right about one thing, Nico, those words I said to Evil Lynn will haunt her for the rest of her life, because once she dies, the demons of Hell will grab her soul and drag it to Hell, where she'll be tormented for all eternity for the crimes that she's committed against her universe's family and everyone she's known.

Eleanor Collins: That was fun.

Lincoln: The rescues are always fun, Eleanor, now, let's get you back to normal. Boys, cover your eyes. Hold still, Eleanor, this is going to hurt.

Eli, Me, Nico, and the rest of the boys covered our eyes and Lincoln snaps his fingers, and Eleanor was reverting back to normal, she was a beautiful 16-year-old girl with long black hair, red eyes, fair skin, she was 6'0" in height, and she had the body of a goddess. She also now has massive black angel wings with red tips on the large black feathers on her back, as she reigns in the power of Elemental HERO Dark Neos, and she was in her birthday suit.

Lincoln: How do you feel, Eleanor?

Eleanor Collins: Good. (Realizes she's in her birthday suit) But, I'm also in my birthday suit.

Lincoln gave her a new wardrobe, a black sleeveless shirt with a red phoenix, black skirt with the Elemental HERO Dark Neos with dark flames on it, black leather ankle-high combat boots, and a long black sleeveless trenchcoat with the Elemental HERO Dark Neos on the back, and on her back is a large Elemental HERO Dark Neos-themed sword with a 6'5" massive, wide, double-edged, man-sized black blade with the Elemental HERO Dark Neos etched on it, large black angel wings for the crossguard, large red gem for the hilt, longer black handle, and large black faceted sphere pommel with surrounding red gems.

Eleanor Collins: Wow, I love the new outfit and new large sword you made for me, Lincoln.

Suddenly, a Thunderbird Necklace of Eternal Love appeared on her neck.

Eleanor Collins: Wow, is this…?

Lincoln: Yep, that's a Thunderbird Necklace of Eternal Love, which means you're now part of my harem and you're one of my many future wives, Eleanor.

Eleanor Collins had a smile on her face and tears in her eyes, as Lincoln wrapped his abnormally massive and powerful muscular arms around her waist and he kissed her, and we cheered for them. Then, we went up to the sixteen girls, and when Lincoln saw them, he immediately recognized them. The sixteen girls are Tamaki Kotatsu, Iris, Hibana, Maki Oze, Asako Hague, Hinata, Hikage, Kayoko Huang, Konyango, and Lisa Isaribi from Fire Force, Aina Ardebit, Biar, Heris, Lucia, and Thyma from Promare.

Lincoln: Oh wow, it's Tamaki Kotatsu, Iris, Hibana, Maki Oze, Asako Hague, Hinata, Hikage, Kayoko Huang, Konyango, Lisa Isaribi, Aina Ardebit, Biar, Heris, Lucia, and Thyma.

Helena McTroy: From Fire Force and Promare, awesome.

Lincoln: Are you girls okay?

Tamaki Kotatsu: Yeah, we're okay, thanks to you.

Then, when Tamaki and the other fifteen girls saw who it was that saved them from Sammy the Shrimp and his accomplices and from getting killed by that animal, Evil Lynn, their faces turned atomic red upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, a golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top was the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, and Buffalo, and below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and The Thirteen Elemental Forces, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", and he had deep sapphire blue eyes.

He had his massive Sword of Universal Hope and Elemental Bravery holstered on his wider and muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces constellation and Aquarius Zodiac sign on the back of his neck, large weighted orange bands on his massive biceps and thighs with silver phoenixes on them, his large Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them with rainbow tips on the large deep sapphire blue feathers, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with elemental forces, Thunderbirds, Phoenixes, and Buffalo on them and with hanging mini silver lightning bolts held up by his Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of large blue pants with multicolored lightning bolts on the thighs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Buffalo head stud earrings with the Thunderbird and Eternity Kanji on it, a large Thunderbird Necklace of Eternal Love with colored gems on the gold lightning bolts and a Buffalo head with the Thunderbird and Eternity Kanji on his neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, he had eight large orange orbs orbiting around his legs, and circling around his feet on the floor are eight golden crosses with angelic runes.

Tamaki Kotatsu: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made eight clones of himself, and he and the eight clones went up to the girls, and they picked them up and hugged them in their abnormally massive and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Tamaki Kotatsu: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, sixteen Thunderbird Necklaces of Eternal Love appeared right around the necks of Tamaki Kotatsu, Iris, Hibana, Maki Oze, Asako Hague, Hinata, Hikage, Kayoko Huang, Konyango, Lisa Isaribi, Aina Ardebit, Biar, Heris, Lucia, and Thyma, and they had gems in their favorite colors on the gold lightning bolt necklace links. Then, we returned home to the Estate, and we told everyone what happened in the city, and they were shocked when they heard that Sammy the Shrimp and his accomplices were there, and they broke out of prison, and they also faced off against Evil Lynn, who broke out of her prison, and wanted revenge.

But, when Lincoln told and showed everyone what he did to Sammy the Shrimp and his accomplices, and Zoey brutally beating up Evil Lynn, they cheered wildly for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem went up to Lincoln, and they kissed him all over. Lincoln and Eleanor Collins now have a lot of catching up to do, now that she's back. As for Sammy the Shrimp and his accomplices, they were sent back to the Uranus Prison, but this time, they were put into separate cells in Solitary Confinement, and they were chained to the walls of their cells, and they had another Life Sentence added to their original Life Sentences.

---

After capturing Sammy the Shrimp and his accomplices again and throwing Evil Lynn back in prison for good, we were training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Eleanor Collins saw Lincoln working out like crazy, she had an atomic red blush on her face.

Eleanor Collins: Whoa, Lincoln has really grown to be a 16-year-old

7'0" tall, really big, and really strong young man, just look at those abnormally massive and powerful muscles hard at work, and to work out with those 9,500-lb barbells and not even get tired, incredible.

Lincoln: And I've also trained a lot under some very powerful teachers, J.D. and Nico included, Eleanor, and now, I can also fight and defend myself.

Eleanor Collins: That's awesome.

Nico: It sure is. So, Eleanor, what memories did you have with Lincoln?

Eleanor Collins: Oh, I remembered that one time, me and Lincoln were heading to the kitchen, and as I was about to open the fridge, Lincoln stopped me, and we stepped to the side. Then, he opened the door, and a boxing glove mounted on a spring sprang out, and we avoided it. Lincoln knew that it was Luan who did that. Luan was so mad that her prank didn't get us, but I was just as mad, since she's always set those pranks up just for a laugh, so I marched up to her, grabbed her by the ear, and we marched into Mr. and Mrs. Loud's room, and I told her what Luan did. Though me and Lincoln were unharmed, Luan got grounded for two days for her prank.

Nico: Awesome. And you already know that Laney has also foiled many of Luan's pranks, especially on April 1st.

Eleanor Collins: Ugh, her Prankapocalypses, don't remind me. But, at least, Dark Luan has been purged from Luan. But, to find out that this happened because she was being bullied, that's really horrible.

Lincoln: It sure was, Eleanor.

Luan: But, thanks to that idiot, Evil Lynn, Dark Chandler, Dark Lori, Dark Lynn, Dark Lola, and Dark Luan have broken out, and they're running loose. We're so cleaning up her mess.

Mr. Wolf: And that's why I'm taking down Dark Chandler today. He's crossed one moral line too many when he attacked the Kingdom of Wu, he's getting the tiger's fangs at his throat, or in this case, the wolf's fangs at his throat when I get after him.

Nico: That's right. (To Lincoln) Lincoln, what can you tell us about Eleanor Collins?

Lincoln: Eleanor's a smart girl, and she's also a good fighter. She's trained in self-defense, and it's also good if Lori, Lynn, or Lola, who had their dark sides in them, are being aggressive towards me, and she's also good at detecting any of Luan's spring-loaded boxing gloves or pies in the fridge.

Nico: Ooh, a threat to The Dark Side of The Trinity of Violence and constant foiler of Dark Luan's evil pranks, they're so going to be mad when they see you again, Eleanor.

Lola: Big time mad. I still remembered when Eleanor busted me for trying to blackmail Lincoln into being a butler for my tea party.

Lori: Or when I forced him to be an ottoman when I wanted to paint my toenails.

Lynn: Or when I tried to get aggressive with him again. So, yeah, those three are going to be mad if they see Eleanor again.

We then got a shower afterwards, and after that, Lincoln and his harem were getting ready for their date, this time, it's back to Martha's Landing in the world of Hyrule.

Lincoln then snapped his fingers, and the 16-year-old 7'0", white-haired, handsome, and extremely muscular teen was dressed in large orange swim trunks with a phoenix, thunderbird, buffalo, and elemental forces on it, along with his large weighted orange bands with silver phoenixes on his massive biceps and thighs, his jewelry, large orange sandals, and eight large orange orbs orbiting around his legs, and he also had his weapons holstered, in case of trouble.

Lincoln's harem were dressed in two-piece bikinis in their favorite colors, sandals, along with their jewelry, and they also had their weapons holstered in case of trouble.

Lincoln: Alright, ladies, shall we?

Emily LaRue: We're ready, Linky.

Lincoln and the girls left the Estate, and they head for their destination, Martha's Landing, in the world of Hyrule. When they arrived at Martha's Landing in Hyrule, it was a beautiful island located between the Faron Grasslands, the Faron Sea, the Necluda Sea, East Necluda, and West Necluda. The Komo Shoreline sits to the west of Martha's Landing and the Aris Beach sits to the east. It is a long, irregular shaped beach with many Palm Trees. A nonfunctional Guardian sits in the water, which Link can search to obtain Ancient Materials.

Emily LaRue: Wow, what is this place, Linky?

Lincoln: This, Emily, is Martha's Landing in the world of Hyrule. I've been here with some of the girls in my harem, and it's a beautiful island with a large body of water to swim in. Shall we?

Lincoln and the girls got started as they dived into the water, and they were swimming underwater. There, they saw the creatures that lived there, the hearty blueshell snails and razorclaw crabs and the blue-winged herons and pink herons, and they got pictures of them. Then, they had lunch that Lincoln packed inside the Domed Water Plaza. and then, as the sun was about to set, Lincoln made clones of himself, and he and the clones went up to the girls in his harem, and they picked them all up in their abnormally massive and powerful muscular arms, and just as the sun turns orange, they passionately kissed and hugged. Then, they returned home to the Estate, and they returned to their original clothes.

Nico: Hey, Linc, how was your date?

Lincoln: It was so awesome, Nico. We went to Martha's Landing in Hyrule, and those who haven't been to Martha's Landing were amazed by it.

Nico: I remembered that you went there on one of your dates, Lincoln. That's awesome.

Emily LaRue: It sure was, and we saw the creatures that lived there, it was so amazing.

Helena McTroy: And we ended the date in the same way, Nico.

Nico: I knew it all along, Helena. So, we should get ready for our mission.

Lincoln: And we're also getting ready for when Dark Chandler shows his ugly face.

Mr. Wolf: You said it, Lincoln. I've had just about enough of that psychopath.

Nico: Same here. Guys, rip that little monster to shreds.

Lincoln: (Smirks) After all the trouble he's caused to everyone, trust me, what we're going to do to him will make Luan's Prankapocalypses look like a rainy day.

Me: Uh oh. Dark Chandler had better start praying.

Lucy Loud: No one will say anything nice about him at his funeral.

We got ready for our mission, and when Dark Chandler shows up, it'll be lights out for him for good.

---

At the mall, we were destroying another terrible group of Terrorists. They were part of an evil Anti-Government Terrorist group called S.C.Y.T.H.E.

POW BLAM SMASH BIFF KROW SMASH!

I was kicking and blasting them all over.

Dora Santiago blasted them with purple energy blasts and smashing them down.

Ren Krawler: Another day of killing terrorists at the mall!

Linehalt: No kidding!

Me: But we haven't faced S.C.Y.T.H.E. before.

Nico: That's true.

But then an SR-71 Blackbird plane crashed through the mall.

Me: WHOA! An SR-71 Blackbird! That's one of my favorite planes.

Eli: How cool is that!? But I don't sense anyone driving it.

Me: Unless…

It transformed and we saw that it was a Transformer! It was Live Action Jetfire!

---

Jetfire was a living legend both in the air and on the battlefield in his day. Sadly, his day has long since passed. His body went south years back. His bunny is dead on the wheel. He's got rust in places he didn't even know he had. Basically, Jetfire's old! An ancient Decepticon Seeker, Jetfire was around long before the war broke out, and unlike many, came to see his "comrades" for what they were. This caused him to defect to the Autobots, something virtually unheard of. As a consequence, Jetfire never managed to fully obtain the trust of the others back in the day.

He's still a fine asset, powerful and able to activate a space bridge to teleport across great distances. This is slightly offset by the fact he's so old. After years without a proper source of energon, he's practically falling apart. His processor gave up the ghost millennia ago. These days he has a hard enough time remembering his name, and he's lucky if his teleporting puts him on the right planet. It makes him a bit crotchety and also leaves him with the nagging feeling he's forgotten something important.

---

Nico: WHOA! That's the Live Action Jetfire!

Laney: So awesome!

Eli: Wow! That is amazing!

Optimus Prime: Jetfire? Wow.

Live Action Jetfire: Optimus, it's me! Jetfire! Do you remember?!

Live Action Ironhide: Jetfire? Is that you?!

Live Action Jetfire: Ironhide? You're here as well?

Me: Yeah they are here.

Nico: Optimus this is the Jetfire from the Live Action Transformers universe.

Optimus Prime: That's different.

Belle: Can we discuss this later? When terrorists aren't shooting at us?!

Gohan: I got this!

Gohan blasted and smashed the terrorists all over the place and killed them and many of them were arrested.

Me: Well that's it for those dirtbags.

Live Action Jetfire: I will not question your decisions, Optimus. But I am concerned about helping you kill humans after you swore an oath not to do so.

Kickback: Those were bad humans. So, it's okay to kill them.

Nico: There are lots of people that are bad and deserve to be destroyed and all that.

Maria: Besides, from what Barricade told us, that oath got rendered null and void after Attinger's death.

Live Action Jetfire: (to Kickback) Are you an Insecticon? I haven't seen many of those for many years.

Nico: Lots of generations of Transformers are out there.

Me: Yeah it's really awesome.

Laney: It sure is. But you have lots of experiences.

Me: Also the War with the Autobots and the Decepticons is over.

Nico: It's a really big story.

Optimus told him all about it and it was amazing.

Live Action Jetfire: Wow that is amazing.

Nico: It sure is. Also I was officially made the Leader of The Decepticons and I'm leading them on the Road to Redemption.

Nico showed him his Decepticon Leadership Medal.

Live Action Jetfire: A Decepticon Leadership Medal. Its been a long time since I saw one of those.

Nico: Yep.

G1 Cliffjumper: (to Barricade and Live Action Jetfire) I take it you two know each other?

Barricade: Of course. Jetfire used to be a Seeker working for the Decepticons. Until he defected.

Live Action Jetfire: I did so for a reason! The Decepticons were becoming too power hungry and insane! I had to quit while I still could! What happened to you anyway? Last I recall, you weren't looking THAT badass. Did you get a makeover?

Barricade: (chuckles) Well, I'm certainly much better looking then you, gramps.

Live Action Jetfire: (approaches him menacingly) Watch your tongue. Or I will give you a REAL makeover!

Barricade: (turns arm into blaster) Why don't you bring it, old timer?

Eli: Excuse me. But I must discipline the nanny goats.

But before he could bink their heads together, Jetfire put his cane down in front of him.

Live Action Jetfire: Who are you calling nanny goat, wippersnapper?! I might be a little rusty. But I am still older then you! You would be wise to treat me with respect!

Miko: (laughs) You got burned, dude!

Me: Miko!

Miko: Sorry.

Barricade: Trust me Eli, Jetfire is much older than he looks. He is a big time veteran of the war for Cybertron.

Eli: Wow.

Nico: That is amazing.

Cybertron Jetfire: (Australian Accent) That sure is amazing mates.

Nico: Now we have 2 Jetfire's.

Eli: That is cool.

Live Action Jetfire: Wait. If this is another world, what about the one I came from?

Bomb Burst: Well, let's just say that the humans of your world aren't the number 1 fans of Cybertronians right now.

Nico: It's a really ugly story and Sentinel Prime is to blame for it all. The humans have turned against all the Transformers there.

Nico told him everything that happened and it was horrible.

Live Action Jetfire: That is terrible. I still have a lot to learn from you young folk.

Nico: Take all the time you need. We don't go to the Live Action Transformers world until April 28th.

Eli: But we'll be ready to help out and resolve the conflicts going on there.

Laney: Yeah.

Lori Jimenez: Also Sentinel Prime is in our Frenemies the Masters of Evil and he is my archenemy.

Live Action Jetfire: That is amazing young one.

Me: It sure is.

Nico: Now it's time to get ready for our latest mission.

Then Chillyfish, Zexion, Control Freak, Mojo Jojo, Copperhead, Mummy, Salami Swami, White Lightning, Black Lance, and Harpymon appeared.

Chillyfish: Can me, Zexion, Control Freak, Mojo Jojo, Copperhead, Mummy, Salami Swami, White Lightning, Black Lance, and Harpymon go with you guys this time?

Nico: You all sure can. Our next mission is on File Island again.

Mummy: Awesome!

Salami Swami: (Hindu Accent) Wow is that the Live Action version of Jetfire?

Cybertron Jetfire: It sure is mates.

Live Action Jetfire: It's an honor to meet you all.

White Lightning: Same to you.

Nico: And he is a war veteran in the Live Action Universe.

We were off and we arrived on File Island.

Vice: Can you believe we were just here yesterday?

Nico: I know. And you're going to like the next mission we have here. Our scans have shown that there is something going on in Toy Town.

Mimi Tachikawa: Oh wow! We haven't been there in a while.

Lillymon: Toy Town is amazing. That's where Monzaemon takes care of all the lost toys.

Nico: That sounds like a kind of town any kid would enjoy. Mimi since you and Palmon from what I have heard from everyone have been there before you lead the way.

Mimi Tachikawa: Okay.

We followed Mimi and Palmon to Toy Town.

Copperhead: Hey, Nico. Which Gene Slammer do you think you'll meet on your next rescue?

Nico: I'm hoping to meet a… Hmm. (Thinking) I'm hoping to meet a Megawhatt Gene-Slammer.

Lincoln: Cool!

Ben: A Megawhatt Gene-Slammer would be amazing to see.

Luan: That would sure be Electrifyingly cool! (Laughs)

We laughed at her joke.

Me: (Laughs) That was a good one!

Eddy: (Laughs) That was funny!

Nico: (Laughs) Yeah! I heard Ben that they gave you a hard time when you first saw them in a town that had lots of them inside a giant rubber band ball.

Ben: Yeah we sure did and it was crazy.

Gwen T.: They built that giant rubber band ball to make sure they don't get out and cause trouble.

Me: Right since they are electrical creatures and rubber doesn't conduct electricity it's to prevent them from escaping. Very genius.

Eli: It sure is.

C.C.: That is something.

Mimi Tachikawa: We're here.

We saw that we were at Toy Town.

---

First appeared in "Palmon, Raging Evolution!". Under the influence of the Black Gears, Monzaemon kidnaps all of the Chosen Children, except for Mimi and Palmon, and takes them to Toy Town (おもちゃの町 Omocha no Machi), a village of toys forgotten by children. There, the Digimon are locked in a chest and the children are brainwashed into playing with the toys. Mimi and her partner Palmon reach the village and save the others as Palmon evolves to Togemon for the first time.

---

Me: Wow! So this is Toy Town

Nico: Wow how cool is this? My little brother would love coming here to play.

Eli: I sure would too. This is awesome.

Me: It looks like a giant dollhouse village.

Lola: I was just going to point that out.

Airi: Look at all this. Toys as far as the eye can see.

Nico: I know. It's like Santa's Village except without the snow and ice and the little elves.

Varie: Boy no kidding.

Me: Mimi how did you guys find this place if you don't mind me asking?

Mimi Tachikawa: We accidentally found it after we were chased out of a tunnel by a bunch of disgusting Numemon.

Nico: Ew! I don't like those guys.

Lana: I bet it would be awesome if I had a Numemon for a partner Digimon.

Twilight Sparkle: (Laughs) Only you would like that because you like ALL things gross Lana.

Me: You two would be perfect for each other Lana.

We laughed.

Nico: Yeah that's true.

Mummy: You know, no one is ever too old for toys.

Nico: Ain't that the truth.

Me: You know what this also reminds me of? Slumberland.

Natilee: Now that you mention it dad it does remind me of that too.

Nico: It sure does and Slumberland was chalk full of them.

Twilight Sparkle: That does sound interesting. I heard from Princess Luna that you all went there to destroy the Nightmare King.

Nico: That's right. And it's also where J.D. caught The Dream Card.

Qin: I remember that plain as day.

Me: Yep. (See's Something) Wait what's that?

We then saw a boy being chased by a wind-up car. That boy was a Young Tai!

Young Tai: Boy oh boy! This is fun! This is really fun!

Nico: Wait a second. Tai that boy looks like you!

Tai Kamiya: He is more than that. That IS Me!

Nico: Wow!

Eli: That's strange.

Woody: If me and my friends weren't owned by Andy, we'd spend our whole lives here.

Nuova Shenron: Forgive me if I'm wrong. But weren't you the one who didn't want to stay at Sunnyside Daycare?

Woody: Oh yeah I forgot.

Nico: Lots of toys would love it here. Wait look.

We then saw Young Sora being chased by a toy monkey with cymbals.

Young Sora: This is so exciting! This is really exciting!

Nico: I haven't played with one of those toys in years.

Sora T.: Man I forgot how cool I looked wearing a helmet.

We then saw a Young Izzy being chased by a bunch of toy soldiers.

Young Izzy: Oh joy what a delightful activity! This activity is really delightful!

Nico: Wow that is a blast from the past. I remember playing with toy soldiers like those when I was younger around Christmas.

Eli: Boy me too.

Izzy: And I forgot I used to look like that when I was younger.

Nico: Boy no kidding. That sure brings back memories. Wait a second. (GASP) These are the younger versions of you all when you were here the first time! Weren't you all brainwashed somehow?

Matt: Yeah we sure were.

Mojo Jojo: Did we go back in time?

Nico checked his scanners and it showed that we were in todays date.

Nico: No we're still here in 2022.

We then saw Young Matt being chased by a toy train.

Young Matt: Boy oh boy is this really great or what!? (Laughs)

Nico: Man that brings back memories. I haven't played with trains like that in a long time. Wait! Matt I remember you and Tai fought a lot a while back when you and he were younger.

Matt: Yeah I can't believe I was like that.

Nico: (Gasp) That's right you and your family separated because of a bad divorce and that hurt you because of all the stress it caused.

Matt: Yeah that's right!

Konan: I think the younger selves of Tai and his friends somehow found their way here to our time!

Nico: That's just what I was thinking Konan!

Young Joe: This really rocks!

We saw Young Joe being chased by a giant dipping bird!

Young Joe: Forget books! This really rocks!

Lana: Man that must be fun!

Me: I haven't seen a dipping bird like that in a while. Last time was when we were in Dr. Lopez's office.

Clyde: Yeah she does have a cool dipping bird like that.

Joe Kido: Man I forgot how cool I looked when I was that young.

Young T.K. then came and he was being chased by a remote control helicopter.

Young T.K.: Ha ha You can't catch me! You can't catch me! You can't catch me! You can't catch me! Ha ha ha!

T.K.: Man I was sure tiny back then.

Nico: Man no kidding.

Laney: Kari how come you weren't with everyone back then?

Kari: I was sick so I stayed home from camp.

Nico: That's right I remember. That really sucked. No one likes being sick.

Eli: Yeah. Wait look there. There's a younger Mimi.

We saw Young Mimi and she was wearing her pink hat and red dress.

Mimi Tachikawa: Man I forgot how amazing and stylish I looked wearing that outfit.

Nico: You always did look amazing in that outfit Mimi.

We went over to her.

Me: To tell you the truth, I always wondered what you all were like back when you were younger and that is so awesome.

T.K.: Yeah those were awesome times back then.

Laney: Boy they sure were.

Harpymon: Think they'll freak out if they see me?

Nico: We'll find out.

Young Mimi: Oh hello.

Nico: Hello Mimi. Uh you're gonna think this is crazy but..

Mimi Tachikawa: This might seem strange but I am you.

We explained everything to her.

Young Mimi was flabbergasted and shocked!

Me: I know this is a lot to take in but a lot has happened ever since you first arrived in the Digital World.

We told her everything that has happened and more.

Nico: Yeah.

Young Mimi: Wow this is really strange. So we're back home but we're in the year 2022?

Nico: Yeah. It's really strange I know. But File Island is now on Lake Huron here in America.

Brawlrus: Hwo did you guys get here?

Young Mimi: That's just it. We don't know. But we got here after we were being chased by the Numemon. Then all of a sudden there was this massive bright light and then the next thing we knew we ran into all of you here.

Nico: Oh man! A Temporal Convergence! When we went to File Island to face Meramon in the Village of The Yokomon and we brought it here to Earth, I accidentally made a Temporal Convergence and merged the time you all faced Devimon and the Digimon he ensnared with his Black Gears and brought them all here to Earth. That means Devimon is here too!

Harpymon: I'll have the Masters of Evil go after him.

Nico: Okay.

Me: This is a big time unexpected change. But it's cool.

Nico: It sure is.

Zexion: We'll make sure that Devimon is sent back to his normal time peroid. As much as I hate to admit it, he's not supposed to be killed by us just yet.

Nico: I agree. And we already destroyed him before. But good thinking Zexion. But we're still gonna have to take down his enslaved Digimon that he put under his claws. (To Mimi) Mimi when you and Palmon were here the first time how did you defeat

Monzaemon?

Mimi Tachikawa: That was a really strange one.

She told us what went down.

---

The DigiDestined are wandering through the sewers with their partners and singing. Sora becomes very emotional upon remembering when she used to sing at home when hanging laundry out to dry and how much she misses it. Tai says that he misses playing sports followed by a hot bath. T.K. misses video games Matt misses steak, Joe misses doing his homework, Mimi misses the beach and Izzy misses looking at the stars and planets. The kids are interrupted from their thoughts when they hear a pack of Numemon coming towards them. They all run as sludge is thrown at them by the Numemon, though they soon escape through an opening in the sewer because the Numemon don't like sunlight.

The kids wander for a while when they see a bunch of vending machines. Despite thinking it's a trick like the phone booths they recently saw, Mimi tries one anyway. After putting money in the machine, a Numemon comes out and it has a crush on Mimi. She rejects him and he gets mad, but Mimi is not worried because the sun is out. Just then, the clouds cover the sun and another pack of Numemon come out and chase the kids again. They decide to split up. Right before Palmon attacks the Numemon chasing her and Mimi, the Numemon run away. It is because there is a Monzaemon behind them. He is usually a nice digimon who runs Toy Town but he starts chasing them. Mimi and Palmon escape after running into the Numemon that likes Mimi. After turning him down again, they figure that something must be wrong in Toy Town and so they head there.

Mimi and Palmon arrive at the brightly colored town and see all of the other DigiDestined running around with the toys saying they are having fun. However, they don't sound like they're having fun. Mimi and Palmon then find a locked chest which is full of all the other Digimon partners. Agumon tells them they had been captured by Monzaemon. Mimi and Palmon then go off to fight Monzaemon alone. As he is attacking them, the Numemon come to their rescue, or at least they try to. They are easily defeated. Palmon goes to join them join them in the fight. Then she digivolves into Togemon who defeats Monzaemon, causing a Black Gear to come out of his back. Everyone is freed and Monzaemon apologizes. He then gives them all a big heart hug as Mimi once again turns down the Numemon.

---

When she was done we were shocked!

Nico: Wow. Okay first thing is first. We got to find the trunk Monzaemon is using to hold the Young DigiDestined's Digimon in.

Eli: Let me see.

Eli used the Force to find them.

Eli: This way!

We followed Eli.

Bubble Man: Let's be careful. We don't want to get caught just yet.

Nico: Don't worry. We won't.

Eli: It's in here.

We peaked in through a window and we heard Agumon's voice coming from inside a huge trunk.

Nico: It's them!

We went in.

Palmon: Agumon is that you?

Agumon: Yes.

Heidi: I'll get you guys out!

Heidi went to the lock.

Heidi: METAL STYLE NINJA ART: SKELETON KEY!

She formed her finger into a key and used it to unlock the chest and she opened it and the Digimon all got out.

Agumon: Whew! Thanks guys!

Gomamon: But we have to save everyone. They were brainwashed by Monzaemon.

Me: We know. We saw that.

Nico: Yeah it wasn't fun.

White Lightning: Wait. ALL the Digimon here are brainwashed?!

Nico: Gomamon was talking about Tai and the others.

White Lightning: Oh sorry.

Nico: Also guys we have a lot to talk about.

Nico told them everything and it was a shock.

Patamon: Oh wow!

Nico: I know. Shocking. Now we got to free your friends.

Alternate Chrysalis: I can't believe we're about to break them from their happy childhoods.

Nico: Chrysalis this isn't happiness. This is pain. Lets go.

We went out and we went to find Tai and friends. We split up to cover more ground.

We then found Young Tai and I grabbed him.

Me: Snap out of it Tai!

Young Tai: Why it's fun?

Me: Uch I can't believe I'm about to do this.

I licked my finger and stuck it in his ear and gave him a wet willie and he snapped out of it.

Young Tai: EW! That was gross.

Me: Sorry about that but you were a zombie from Monzaemon.

Young Tai: That's right I remember! We were running from the Numemon and then we were attacked by Monzaemon. We couldn't run from him. Then everything went black after that.

Me: It's strange. We got to help the others.

Young Tai: Right! But who are you?

Me: I'll explain later. Lets go.

We ran.

Me: (To Nico through a radio) Guys when you find the others give each of them a Wet Willie. It'll break Monzaemon's spell over them.

Nico: A Wet Willie!? Well if it works. Okay.

We regrouped and had the Young Digidestined gathered.

May: Listen, I hate to upset you guys. But-

Black Lance: This whole happy time is all a plot by a brainwashed Digimon

William: What he said.

Me: All because of Devimon.

Nico: But Mimi and Palmon have dealt with Monzaemon before. In fact all of the DigiDestined have and I was there when they told me about their experiences with the Black Gears and all that.

Tai Kamiya: That's true.

Young Tai: I got a lot to learn about.

Me: You will. But I'm sorry we should introduce ourselves. We are Team Loud Phoenix Storm, the most powerful force in the entirety of the universe.

Nico: That's right.

We introduced ourselves and told the Young versions of the DigiDestined everything that happened and more and they were amazed.

Young T.K.: Wow! That is so awesome!

Patamon: Yeah it sure is.

Nico: Yeah no kidding.

Young Tai: Wait a sec. Kari, is that you?

Kari Kamiya: Took you a while to figure me out bro.

Young Tai: Wow you look amazing.

Kari Kamiya: I know. Lots of things have happened to me.

Nico: Yeah they sure have.

Gatomon: I'll say.

Nico: Yep. Oh wait. You'll need these.

Nico used his powers and formed 8 Crests and the Tags and he gave them to the Young Digidestined and Kari.

Starlight Glimmer: Twilight, you know what's tomorrow, right?

Twilight Sparkle: I sure do and that's our mission to Peanutsburg.

Nico: Yep.

Young Tai: We need to find Monzaemon and stop him now!

Young Matt: We can't stop him without a plan!

Young Tai: I'm the leader Matt and I say we attack him before he attacks us!

Young Matt: You need to come up with a plan first!

Young Tai: You're just a big old chicken Matt!

Young Matt: WHAT DID YOU CALL ME!

Eli grabbed Young Matt and Tai.

Eli: Pardon me guys but I must discipline the Nannygoats!

KABONK!

He bashed their heads together!

Nico: I can't believe you two were like that back then! You acted like a couple of 2-year-olds.

Matt: Yeah we were a couple of babies weren't we?

Salami Swami: Wait. Won't the older Matt and Tai feel that as well?

Nico: Actually they won't. It's a weird story. Same thing happened to Sora too. It was during the war with the Dark Masters.

Harpymon: Hey yeah! MetalSeadramon, Piedmon, Puppetmon and Machinedramon told me all about that. Matt and Sora were in strange caves that went on forever and they were consumed by the negative energy from within them and Gabumon saved Matt from it and Matt and Joe did the same to Sora.

Nico: That's right! I remember hearing about that. That was crazy.

Eli: No kidding.

Laney: Man that was brutal.

Young Matt: What are you talking about?

Nico: It's complicated.

Mandy: If you guys are done with your little lovers' spat, we have an entrance to do.

Nico: First we have to find Monzaemon. But first thing is first.

Nico fired a beam of light and it hit Young Sora and Young Matt. It expelled their darkness out of their hearts and destroyed them forever.

Young Matt: Wow that was weird.

Matt: Just don't give in to the darkness of being alone and you will be awesome.

Me: That's right. Because there are many great things you can accomplish through the love and harmony of friendship.

Matt: Yep.

Nico: Awesome. Now lets go get Monzaemon.

We went to find him and we saw MONZAEMON and went at him and then the spirits of the Animal Elements of The Sky And Land swirled around him and then converged and then…

KRABBBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off and a Phoenix Cry was heard and we came out.

Nico: Whoa!

Laney: Wow that's Monzaemon!?

Lola: (Squeals) He's so adorable!

Monzaemon: We'll have an awesome time in Toy Town!

Nico: Monzaemon you are not yourself! You have to stop this now!

Control Freak: Now, which video game monster should I summon for this fight?

Nicole: How about one from Metroid?

Control Freak: Good idea!

He summoned Flaahgra!

Nicole: Good choice! Flaahgra is perfect.

Control Freak: Thanks.

Nico: Monzaemon I'm sorry we have to do this to you but you are just not yourself. Hidiacs rise!

Nico summoned his army of Hidiacs!

Nico: Hold him down!

They did so.

Then Multiple Man, Deker, Baron Mordo, Red X, General Schwarz, Johnny 13, Electropede, Hsi Wu, Diabolico, The Spirit of Fireball McPhan and Kerbero Gangan appeared.

Nico: Multiple Man, Deker, Baron Mordo, Red X, General Schwarz, Johnny 13, Electropede, Hsi Wu, Diabolico, The Spirit of Fireball McPhan and Kerbero Gangan.

Multiple Man: Whoa! Nico did you summon Hidiacs?

Nico: Yep I sure did. Cool huh?

Multiple Man: Wow! That was awesome!

Maria: Is the deed done?

Deker: Of course. Devimon is back in his own time.

Baron Mordo: After I used my magic to weaken him.

Red X: But it still wasn't easy.

Nico: Thanks guys. That's 2 we owe you.

General Schwarz: (to Nico) We heard you fought the 2 Laughing Green Ghosts.

Nico: We sure did.

Johnny 13: How did they get out?

Nico: That's a really good question. But now that Creeps and Crawls know that they were scaring people over worthless Confederate Money their gooses are cooked.

Dora Santiago: Si. They had it coming.

Multiple Man: Wow. Also we have 2 new archenemies for you and Zoey, Dora.

Out came 2 figures and they were MAGMAVORE from episode 2 of Lightspeed Rescue and GHOST MONSTER from episode 1 of Super Ninja Steel!

---

Magmavore

Diabolico orders Jinxer to create a monster to destroy Mariner Bay so Jinxer summons a meteor to crash into the city. As the Rangers deploy in their Rail Rescues, Magmavore emerges and attacks the city with his fireballs which cause a large tower full of people to catch fire. Whilst the Rangers are saving people, Magmavore goes into a sort of hibernation within the volcano to regain power. After the Lightspeed Rangers save the people from the tower using tools from the Rescue Bird, the monster returns and attacks Carter in Pyro Rescue 1 and gets it stuck in the solidified lava and bits from the building which he has just pushed over on top of although Joel in Aero Rescue 3 lifts him free before Magmavore can crush it. Realizing that they need to end this for the fate of Mariner Bay, they form the Lightspeed Megazord to fight against the monster. The monster tries to prevent it from being formed by shooting it with his fireballs but Aero Rescue 3 opens fire on him and stops him from preventing it from being formed. Magmavore can't defeat the Megazord and is easily overpowered by the Lightspeed Ladder

Arms. The Rangers's Megazord then uses its extending arms and throw him into the meteor volcano and he exploded

Ghost Monster (Super Ninja Steel)

He briefly appeared with Sledge and Wrench as a background character, when they make a deal with Madame Odius to fix her ship in exchange for the Ninja Super Steel. He was not in the ship when Koda destroys the Warrior Dome Ship. So it is presumed locked back in his cell, inside Sledge's ship or destroyed offscreen.

---

Nico: Magmavore and Ghost Monster!

Me: Boy I remember you both. Magmavore you were sent to destroy the city and you also set a building on fire and also that was the first every time the rangers used their new Rescue Zords which was awesome! And Ghost Monster you were on the ship and there was no episode where the rangers fought you. What a ripoff!

Nico: Yeah that sucks!

Ghost Monster: I know and I wanted to fight the rangers badly!

Magmavore: Boy good memories on you.

Me: Yep.

Artillicon then appeared again.

Nico: Artillicon. You sure are a glutton for punishment.

Artillicon: I sure am.

Nico: Awesome.

Live Action Jetfire: (to Artillicon) I didn't know Cybertronians came in small packages as well.

Artillicon: Oh, I'm actually a mutant. I CAN turn into a jet though.

Me: He's an awesome SR-71 Blackbird. One of my favorite jets.

Artillicon: Awesome and cool.

We got the usual battles underway.

Scott Truman, Twilight Sparkle, Magic Skylanders, Ditto (Ben 10), Ditto (Pokemon), Duplica, Doubledealer and Bomb Burst VS James Arthur Madrox A.K.A. Multiple Man - Nico's Rescue Mission

---

Multiple Man was first.

Multiple Man: (to Scott) I hope Nico had a nice rescue this morning. But now what are we going to do with all that Confederate money?

Scott Truman: He sure did and it was awesome! We'll give it to a money museum because it's part of America's history.

Twilight Sparkle: Yeah that's right and it has a lot of historical value to America.

Spyro: That's right. It's got some history from it despite it being worthless money.

Ditto (Ben 10): It sure does and that is awesome.

Ditto (Pokemon): Ditto.

Duplica: I agree too.

Multiple Man: That is cool. Lets do it!

They fired waves of magic and energy and smashed him down.

Scott Truman: OH YEAH!

Twilight Sparkle: That was amazing!

---

Ruby Rose, Sunset Shimmer, Fire Skylanders, Tanzanite, Garnet,

# Amethyst, Pearl, Lapis Lazuli, Steven, Connie, Vice and Skallox VS Deker - Lincoln's Rescue Mission

---

Deker was next.

Deker: (to Ruby) I heard Lincoln's rescue involved Sammy the Shrimp. How'd that play out?

Ruby Rose: It went really well and they busted him again. Somehow he and his accomplices escaped from Prison and tried to do what they did before. They highjacked an armored car full of millions of dollars in money to make it look like an ice cream truck and take it across the border.

Sunset Shimmer: But like before we stopped them.

Sunburn: We sure did and this time we'll make sure they don't escape again.

Tanzanite: No we sure won't.

Garnet: What they are doing was terrible.

Amethyst: Not cool at all.

Pearl: No it sure wasn't.

Lapis: Yeah that was awful.

Steven: It sure was.

Connie: Yeah it sure was.

Deker: I think that's not cool too. Lets do it!

They fired waves of magic, fire and crystal and smashed him down.

Ruby Rose: OH YEAH!

Sunset Shimmer: That was amazing!

## Eli, C.C., Nunnally, Fluttershy, Life Skylanders, Narina, Ariel, Airi and 2014 Maleficent VS Baron Mordo - Awesome how Monzaemon takes care of all the toys in Toy Town

---

Baron Mordo was next.

Baron Mordo: (to Eli) It's awesome how Monzaemon takes care of all the toys in Toy Town. I just hope he doesn't have any hard feelings towards us later.

Eli: It's not his fault. The Black Gear inside him is making him do all this against his will.

C.C.: Yeah he just needs to have that gear taken out of him and destroyed.

Nunnally: I agree. It needs to be removed and Mimi and Palmon have both dealt with him before.

Fluttershy: That is really amazing.

Stealth Elf: It sure is. I think it's awesome how they did so.

Narina: It sure is and we can do that too.

Ariel: Yeah you said it.

Baron Mordo: Indeed. Lets do it!

They fired waves of energy and leaves, flowers and grass and smashed him down.

Eli: VICTORY!

Fluttershy: That was fun.

## Hunter, Rarity, Sweetie Belle, Water Skylanders, Fran, Elsa Frankenstein, Nuova Shenron and Princess Rose VS Red X -

Red X was next.

Red X: (to Hunter) It's amazing how the DigiDestined met their younger selves. But we'll have to send them back to their proper time when this is over.

Hunter: (German Accent) Ja und it was amazing that we met the Digidestined from the past.

Rarity: I think it was most amazing that we got to meet the Digidestined from the past myself. To tell you the truth I think it's also amazing that 8 young kids were given such amazing responsibilities.

Sweetie Belle: Boy I agree too. That must be a tremendous responsibility.

Gill Grunt: It sure is huge.

Fran Frankenstein: I think so too and that is awesome.

Elsa Frankenstien: It sure is cool

Red X: That must've been quite a change for them to go from a Summer Camp to the Digital World. And no one even knew about Digimon back then. Until later on.

Hunter: Ja. It was amazing.

Red X: Yeah. Lets do it!

They fired waves of fire, water, jewels, ice and energy and smashed him down.

Hunter: WUNDERBAR!

Rarity: Rapture darling that was grand!

# Ink Rose, Starlight Glimmer, Undead Skylanders, Halifa the Hel, Brittney, Konan and Carly Atlas VS General Schwarz - Have a feeling that we're going to relive all the DigiDestined adventures from minute one

General Schwarz was next.

General Schwarz: (to Ink Rose) I have a feeling that we're going to relive all the DigiDestined adventures from minute one. That will honestly be enjoyable.

Ink Rose: It sure will be amazing to see and I learned from Nico that all the Digidestined adventures started during the attack on Highton View Terrace.

Starlight Glimmer: Boy that was the first ever encounter that Tai and his friends all had with Digimon. It was during the battle with Greymon and Parrotmon. That was amazing.

General Schwarz: I heard all about that. That was amazing.

Hex: It sure was. And then 4 years later after that, the kids minus Kari went to camp and ended up going from Earth to the Digital World and they all had lots of amazing adventures there from there on.

Halifa: And battles and met all kinds of Digimon.

Brittney: And we've only begun to scratch the surface of how many Digimon there really are. 1,400+ Species and counting.

Carly Atlas: That is so awesome. I wonder if there are any hummingbird Digimon.

General Schwarz: Guess we'll have to find out soon. Lets do it!

They fired waves of darkness, stars, bones and magic and smashed him down.

Ink Rose: Oh yeah.

Starlight Glimmer: That was amazing!

## Ghost Rider, Rainbow Dash, Scootaloo, Air Skylanders, Niora the Nightmare, Brittney, Brawlrus and Mab Lobs VS Johnny 13 - Hope Myotismon, Etemon and the Dark Masters don't revert back to what they were before the first time

Johnny 13 was next.

Johnny 13: (to Ghost Rider): I hope Myotismon, Etemon and the Dark Masters don't revert back to what they were before the first time. That would really be a bummer.

Ghost Rider: That would be terrifying but it would be an amazing battle of the ages. The Dark Masters, Myotismon and Etemon all gave the Digidestined an incredibly hard time on their adventures.

Rainbow Dash: They sure did and now they are awesome archenemies.

Scootaloo: Boy they sure are awesome. And they are made of data and their information gets reconfigured.

Whirlwind: That's true and it was awesome.

Niora: I may not be a whiz in computers and all that but that is something.

Brittney: Yeah it sure is.

Johnny 13: It sure is. Lets do it!

(GHOST RIDERS IN THE SKY BY SPIDERBAIT PLAYS)

Ghost Rider: Lets ride.

He transformed and they zoomed off after Johnny and fired waves of fire, wind, lightning and rainbows and darkness and smashed him

down.

Ghost Rider: Roadkill.

Rainbow Dash: That was AWESOME!

---

Paula Price, Pinkie Pie, Tech Skylanders, Feedback, Lincoln, RD Lincoln, and Bubble Man VS Electropede - Matt and Tai used to argue like a couple of babies

---

Electropede was next.

Electropede: (to Paula) Can't believe Matt and Tai used to argue like a couple of babies! On the bright side, it made up for Eli not being able to bonk Jetfire and Barricade's heads together.

Paula Price: Yeah it sure did and what Matt and Tai went through must've been stressful for them.

Pinkie Pie: Yeah. Matt's family Splitting up was really tough on him.

Sprocket: Yeah that really hurt his mind. Poor guy. Divorce hurts a lot of people. I wonder why they split up.

Feedback: We'll have to talk to Matt and T.K.'s parents about that.

Lincoln: Yeah their marriage seemed amazing and perfect.

Electropede: Well not EVERY marriage as you all know. But yeah we really should look into that. Lets do it1

They fired waves of lightning, metal and gears and smashed him down.

Paula Price: AWESOME!

Pinkie Pie: BEST USUAL BATTLE EVER!

---

# Georgina, Applejack, Apple Bloom, Earth Skylanders, Harpie Lady, Mai Valentine, Slobber Trap and Alternate Chrysalis VS Hsi Wu - Scary how Sora and Matt were plagued by darkness from their traumas and negative energy

---

Hsi Wu the Demon Sorcerer of The Sky was next.

Hsi Wu: (to Georgina) It's scary how Sora and Matt were plagued by darkness from their traumas and negative energy. Did you have any traumatic experiences in the past before besides the obvious?

Georgina: Hmm let me see.

Georgina thought about that.

Georgina: Yes I did! The worst that happened to me before I was slammed was when I was humiliated in front of everyone during an Elementary School pep assembly. A bully pulled down my pants and stuck a sausage in my mouth and called me the worst name ever.

Hsi Wu: What was it?

Georgina: Chubby Hot Dog Face.

They gasped!

Applejack: That's like what Lois did!

Apple Bloom: Yeah and that was when she was evil because of her so-called father!

Flashwing: Boy that's terrible!

Hsi Wu: You remember who did it?

Georgina: All too well! Her name was Chloe Santiago and she HATED me with a vengeance and she did all kinds of horrible things to me that made my life a living nightmare!

Hsi Wu: That's terrible!

Harpie Lady: Nicole might know something about her.

Mai Valentine: Yeah we'll have to ask.

Hsi Wu: Yeah. Lets do it!

They fired waves of rock, crystal, apples and earth and smashed him down.

Georgina: ALL RIGHT!

Applejack: YEEHAW! That was great!

---

Musa, Princess Luna, Moondust, Dark Skylanders, Elda the Elder Devil, Starlight Glimmer and Thorax VS Diabolico - Lincoln met an Elemental HERO Dark Neos Gene-Slammer and Zoey beat the living dirt out of the Lynn that tried to frame her

---

Diabolico was next.

Diabolico: (to Musa) I like how Lincoln met an Elemental HERO Dark Neos Gene-Slammer. (laughs) I also heard that Zoey beat the living dirt out of Dark Lynn!

Musa: That was so awesome! The Elemental HERO Dark Neos Gene-Slammer is his friend Eleanor Collins. She stood up for Lincoln when he was being tormented by Chandler, Lynn, Lori, Lola and Luan. And she even knew about all of Luan's Prankapocalypse events and all that. She is one of Lincoln's amazing Guardian Angel Friends as we call them.

Princess Luna: And you should have seen what Zoey did to that evil version of Lynn.

Moondust: Yeah it was awesome.

Moondust showed him what went down on her phone.

---

Velma Dinkley: We've already got Sammy the Shrimp and his accomplices taken care of, but I've got the feeling that a certain someone is also about to show up.

?: (Screaming Angrily) STINKOLN!

We saw Evil Lynn rushing towards us, and she was mad as Hell with red eyes glowing with unchecked and unhinged anger and insanity.

Lynn: And you're right, Velma, here comes that wild animal, Evil Lynn, and she's still wanting to kill Lincoln.

Zoey Mackenzie: That walking gym-bag's not laying one hand on my man!

Zoey Mackenzie fired a chain of molten rock, and it wrapped around Evil Lynn, and she dragged her to us, and then, Zoey pounced on Evil Lynn, and she began brutally beating her up. Evil Lynn tried to throw a punch at Zoey, but she grabbed her fist, and threw a nasty punch in her eye, smashing her eye socket, as she screamed in agonizing pain. Then, Zoey unholstered her massive sword from her back, and super-heated the blade, and she slashed off Evil Lynn's ponytail, and it was incinerated.

Lynn: (Laughs) Oh! Oh man, she slashed off her ponytail, and it incinerated. Nice one, Zoey.

Lincoln: Don't leave me out of the Evil Lynn thrashing, Zoey.

Lincoln joined in, and he also thrashed Evil Lynn badly. Suddenly, we saw an Elemental HERO Dark Neos join in and blasted her with dark energy, and she got burned.

Lincoln: Whoa, an Elemental HERO Dark Neos.

Elemental HERO Dark Neos: (In a girl's voice) That'll teach you, you luck-obsessed meathead!

Lincoln: Wait, that voice. Eleanor Collins, is that you?

Eleanor Collins: Lincoln, is that you?

Eleanor Collins went up to Lincoln, and they hugged.

Lincoln: Yeah, it's me, Eleanor. I haven't seen you when you were nine, and I've really grown a lot as you can see, and I'm sixteen years old.

Eleanor Collins: Yeah, I can see, you've really grown a lot from the nine-year-old cute little boy into a 16-year-old 7'0" tall and very handsome teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs.

Nico: Lincoln, you know her?

Lincoln: I do, Nico. This is Eleanor Collins, I met her when we were nine years old, and she also defended me from bullies, along with The Dark Side of The Trinity of Violence, and Luan when Dark Luan tried to involve her in one of her pranks.

Nico: Awesome.

Lincoln: We'll have to catch up later, right now, we've got to knock out that animal, Evil Lynn.

Zoey Mackenzie threw a punch right into Evil Lynn's jaw and knocked her out, and Lincoln chained her up with rainbow chains, and he got the Dark Orb that was in her pocket, and threw it into The Warp.

Lincoln: You've lost it big time, Evil Lynn, you once had a family and friends who loved you and a very promising future, and what do you do? You can't accept a single loss with grace and dignity, and you blame your universe's Lincoln, and try to kill him to get revenge. I'm glad your universe's family did the right thing and called the cops and had you disowned and thrown in prison. You know what I see when I look at you, I see a psychopathic, sadistic, black-hearted, luck-obsessed meathead who can't learn to accept defeat with grace and dignity and blame someone in her family, someone who once looked up to you, but now, no longer wishes to know you. You've lost everything because of your own selfish actions, Evil Lynn, and I have no pity for the likes of you, you framed my universe's Lynn and tried to kill me to get revenge when you allied with G1 Starscream, Numbuh 363, Paul, Malfoy, and Prince Olympius. The only thing that awaits you when you die is an eternity of torture in Hell for your sins.

Lincoln beamed Evil Lynn back to Crematoria, but this time, she was put in a doorless cell in Solitary Confinement, and she was chained to the wall of her cell with powerful rainbow chains, and she had her mouth shut with duct tape. We were also impressed with how Lincoln pointed out Evil Lynn's own faults.

Lynn: Dang, Lincoln, that was really impressive.

Nico: Nicely done, Lincoln. Those words you said to her, I think they've left a curse on her, which will haunt her for the rest of her life until she dies.

Lincoln: Thanks, Lynn and Nico. And you're right about one thing, Nico, those words I said to Evil Lynn will haunt her for the rest of her life, because once she dies, the demons of Hell will grab her soul and drag it to Hell, where she'll be tormented for all eternity for the crimes that she's committed against her universe's family and everyone she's known.

Eleanor Collins: That was fun.

---

When it was done, Diabolico was amazed.

Diabolico: Wow that was something.

Blackout: Boy it sure was! I thought it was awesome.

Elda: Yeah it sure was awesome.

Starlight Glimmer: Linky is one lucky guy to have such amazing friends that act like his guardian angels.

Thorax: You're not kidding. That is so awesome.

Diabolico: Indeed. Lets do it!

They fired waves of darkness and music and smashed him down.

Musa: YEAH BABY!

Princess Luna: A true victory of the night!

Once they're in hand, they'll get a massive power and energy increase.

They fired a massive barrage of elements and energy blasts and then Artillacon exploded!

KRABBBBBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOO

He was reduced to the size of an action figure and Nico picked him up.

Nico: Artillicon you have failed this city.

Nico put him in a capsule.

Troy Burrows: Rangers that's a Super Mega Win.

---

We regrouped and we were facing Monzaemon.

Troy: Sorry about this, Monzaemon!

Nico: It's for your own good to get rid of that Black Gear inside you!

They fired giga missiles at the Black Gear inside Monzaemon which explodes on contact!

KRABBBBBBBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOO

The Black Gear exploded out of a zipper out of Monzaemon's back and it dissolved.

Me: That did it!

Monzaemon; What happened?

Me: A black gear was controlling you.

Nico: Yeah it's strange.

We told him all about what happened.

Monzaemon: Oh man I'm sorry I did all that.

Me: It's not your fault Monzaemon. You were doing all that against your will.

Nico: Yeah but you are free now.

Johnny 13: That's the end of that.

Mimi: Of course it is!

Me: Yep.

Electropede: Now, we have to get ready for our teamup with Nate tomorrow.

Nico: Yeah and that is gonna be awesome.

Hsi Wu: I'm really looking forward to that.

Diabolico: (to the younger Digidestined) Well, it was good meeting you guys. But it's time to send you home.

Kerbero Gangan: You may not remember us entirely. But don't forget the lessons we've taught you.

Me: Lets get you back home. (Snaps fingers)

I sent them back to their times.

?: I will have my revenge on you Louds for ruining everything!

Suddenly, the eight large planets and stars orbiting around my legs, the eight large orange orbs orbiting around Lincoln, Linka, and Duke Lincoln's legs, the eight large dark blue orbs orbiting around Ed Cowart's legs, the eight large crimson red orbs orbiting around Naruto's legs, the eight large black orbs with the Eye of Horus orbiting around Cody (OC)'s legs, the eight large pink orbs orbiting around Lola and Lexx Loud's and Steven Universe's legs, the eight large green orbs orbiting around Lynn Sr.'s legs, the eight emerald green orbs orbiting around Yakko Warner's legs, the eight large sapphire blue orbs orbiting around Wakko Warner's legs, the eight large hot pink orbs orbiting around Dot Warner's legs, the eight large marine blue orbs orbiting around Liam and Leif Loud's legs, the eight large scarlet red orbs orbiting around Lynn Loud and Lynn Jr.'s legs, the eight coral red orbs orbiting around Timon's legs, the eight large blue orbs orbiting around Lori and Loki Loud's legs, the eight large sea-foam green orbs orbiting around Leni and Loni Loud's legs, the eight large yellow orbs orbiting around Luan and Lane Loud's legs, the eight large brown orbs orbiting around Laney and Larry Loud's legs, the eight large light green orbs orbiting around Lisa and Levi Loud's legs, the eight large lavender orbs orbiting

around Lily and Leon Loud's legs, the eight large colored orbs orbiting around Bobby Santiago and Nico's legs, the eight large rainbow orbs orbiting around Rainbow Dash's legs, and the eight large purple orbs orbiting around Luke Loud's legs and Menat's legs were glowing, and that means we've got big trouble incoming.

Nico: I knew we weren't done yet. Looks like we've got one last uninvited pest to deal with.

Chandler: That's right, Nico. You can get out here right now, Dark Chandler.

A figure came out, and it was none other than Dark Chandler, the dark side of Chandler, and who's been a major headache to all of us.

Lori: Should've known that little sewage brat would show up, and we can't forget that he was the one who attacked the lands of the Kingdom of Wu this morning after Evil Lynn busted him out.

Lincoln: Along with framing Rusty and trying to get Girl Jordan in trouble, trying to blow up the school and frame me, making a deal with The Devil, and causing a Weredog riot on Bully Island long ago.

Our Dark Orb detectors went off, and we saw that Dark Chandler had a Dark Orb embedded in the back of his hand.

Nico: And he has a Dark Orb in the back of his hand, figures.

Dark Chandler: And now, I will have my revenge on you stupid Louds for ruining everything for me!

Chandler: You've ruined my name for the last time, Dark Chandler, and I will never forgive you.

Dark Chandler: It doesn't matter, you think you're redeemed, but you still have blood on your hands. You'll never be free, you will forever be haunted! (LAUGHING MALEVOLENTLY)

Mr. Wolf: (Growling) Zip it, sewage brat! I've had it up to hear with you to last an eternity.

Suddenly, we felt something snap in Mr. Wolf's mind, as the amber colored sclera of his eyes turned neon amber, and he was surrounded by a rainbow energy aura with wolves and moonlight, and as he approached Dark Chandler, he left rainbow energy, wolves, and moonlight with every step.

Mr. Wolf: Dark Chandler, I will never forgive you for everything that you've done. You're already an irredeemable soul because you forced Chandler to frame Rusty and tried to get Girl Jordan in trouble, tried to blow up the school and frame Lincoln, made a deal with The Devil, and caused a Weredog riot on Bully Island, and you've since crossed those three moral lines. (Getting Angry) But, what you did in attacking the lands of the Sun Family of Wu… ! YOU'VE CROSSED ONE MORAL LINE TOO MANY, AND FOR THAT, I WILL MAKE YOU PAY FOR EVERYTHING THAT YOU'VE DONE, YOU WORTHLESS, HEARTLESS, SLEAZY, SADISTIC, MURDEROUS SPAWN OF SATAN!

We gasped in shock when we heard Mr. Wolf lose it.

Nico: Uh oh.

Mr. Snake: You said it, Nico. The boss is now really mad, and Dark Chandler's going to pay for this big time!

Then, Mr. Wolf screamed like a madman and let out a really loud howl, and he was surrounded by a massive vortex of rainbow energy with moonlight and moonlight fire surrounding it, there was a wolf running around the vortex, and in the vortex is a midnight blue phoenix. Then, as the vortex faded, Mr. Wolf emerged, but he was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Mr. Wolf grew to 7'0" in height, he now has abnormally massive and powerful upper and lower body muscles and eight-pack abs, the amber sclera of his eyes turned neon amber and he had a rainbow energy aura with moonlight, moonlight fire, and wolves surrounding him, he has a wolf howling at the full moon emblazoned on his forehead, his tail's gotten longer for his new body, he has on a Crystal Necklace of the Buddha with midnight blue crystal links and a silver wolf with midnight blue crystal eyes and the Moon Kanji in its paws for the pendant, he has on large weighted midnight blue bands on his massive biceps and thighs and they have silver phoenixes on them, he has eight large midnight blue orbs orbiting around his legs, he has on a long white dress shirt with midnight blue phoenix, long white pants with wolves on them, black leather ankle-high combat boots with wolf heads for the buckles, and a long white long-sleeved trenchcoat with wolves on the coattails and on the back is a wolf howling at the full moon and a phoenix flying in the skies. Mr. Wolf has massive gray angel wings with midnight blue tips on the large gray feathers, and he has on a White Lantern Corps ring on his left ring finger.

Mr. Wolf has a new large sword in his left hand called Fenrir's Sword of The Moonlight Wolf, it's a new large sword with a 6'9" massive, wide, double-edged silver blade with a wolf howling at the full moon etched on the blade, large silver wolf heads with midnight blue crystal eyes for the crossguard, large midnight blue gem for the hilt, longer black handle, and four large silver wolf heads with midnight blue gems for the eyes and in the open mouths, Mr. Wolf has on his new large cuff Bracelets of the Champions of The Universe with midnight gems on his wrists, Belt of Elemental Bravery with a large midnight blue gem for the belt buckle, Spellbook of The Gods and The Universe on his left hip and Eater of Sins revolver holstered on his right hip. There's a midnight blue kanji below the wolf that said, "Mr. Wolf, Awesome Skilled Leader and Boss of The Bad Guys Gang, Former Pick Pocket of the City, Awesome and Hilarious Member of Team Loud Phoenix Storm, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Defender of Wolves and Warrior of the Full Moon, and Master of Moonlight and Wolves."

オオカミ氏、バッドガイギャングの素晴らしい熟練したリーダーとボス、都市の元ピックポケット、チームラウドフェニックスストームの素晴らしい陽気なメンバー、邪悪なスレイヤー、混乱した、殺人的な、冷酷な、そしてサディスティックな野郎、オオカミの擁護者と満月の戦士、そして月光とオオカミのマスター

Mr. Wolf has transformed into SUPER ANGEL INFINITY MOONLIGHT FIRESTORM WOLF ANGEL OF LUNAR JUSTICE AND LIFE!

We were amazed by Mr. Wolf's Super Angel Infinity transformation, including the rest of his gang. But, when Dark Chandler saw it, he fell into a rage and tried to kill Mr. Wolf, but Mr. Wolf fired a powerful blast of midnight blue moonlight at Dark Chandler, hitting him and he got burned.

Nico: (Stunned) Holy cow!

Mr. Snake: Incredible, Mr. Wolf's transformed.

Lincoln: He's transformed into his Super Angel Infinity form, that's awesome. How do you feel, Mr. Wolf?

Mr. Wolf: (Divine Echoing Cosmic Voice of The Wolf Moon and Lunar Justice) **I feel incredible, Lincoln, and now, I'm going to make this monster pay for what he's done.** (To Lincoln) You **want to join in on the fun, Lincoln?**

Lincoln: (Smiles) You bet. After what he's done years ago, and what he did in attacking the lands of the Sun Family of Wu, the home of Sun Shang Xiang, Lian Shi, and Xiao Qiao, I'm not letting him get away with this.

Lincoln unholstered his improved massive Sword of Universal Hope and Elemental Bravery from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he joined with Mr. Wolf.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **This is the last time we deal with you, Dark Chandler.**

When Dark Chandler saw what happened, he fell into a dark rage, and the Dark Orb embedded in the back of his hand's caused him transform into his evil persona, Carnivora.

Mr. Wolf: **Let's take this battle to a different place.**

Mr. Wolf snapped his fingers, and we found ourselves at Jiang Dong, the territory of Wu.

Lincoln: **Whoa, we're in Jiang Dong, the territory of Wu. Awesome.**

Mr. Wolf: **I figured it'd be perfect, since Dark Chandler's going to pay for attacking the Kingdom of Wu. Now, then, let's get him.**

Dynasty Warriors 5 OST: Swordsmen in The Plains

Then, Mr. Wolf and Lincoln went at Carnivora, who fired dark flowers at them, but they dodged them, and fired powerful blasts of rainbow energy, elemental forces, moonlight, moonlight fire, wolves, Thunderbirds, Phoenixes, and Buffalo right at Carnivora, and they exploded with incredible power as they hit him. Then, Mr. Wolf and Lincoln attacked him with their massive swords, and they slashed at Carnivora, along with his vines that he summoned to protect himself, but the Stellar Cometite and Venusite-infused massive blades cut through them, and struck him and he was bleeding badly from the attacks.

Then, Mr. Wolf fired rainbow chains and bound Carnivora in his arms and legs, and Lincoln painfully ripped the Dark Orb out of the back of his hand and threw it in The Warp, and without The Dark Orb, he transformed back into Dark Chandler. Then, he was wrapped in a rainbow straitjacket and rainbow chains, and he was thrashing like mad.

Mr. Wolf: **It seems that a crystal prison is too good for you. I think you need a much stronger prison. Lincoln, shall we?**

Lincoln and Mr. Wolf imprisoned Dark Chandler in an indestructible diamond prison, and beamed it back to The Pluto Prison for Tyrannical Dark Sides, where it was put into a special isolation cell in Solitary Confinement, where no Dark Orbs, Number Cards, or Aparoids could free him. We cheered wildly for Mr. Wolf and Lincoln as they holster their massive blades on their wider and muscular backs and power down, and Mr. Wolf's new body, clothes, weapons, jewelry, angel wings, and eight large midnight blue orbs orbiting around his legs are permanent. We went up to them and we hugged them and we hugged them back.

Nico: Awesome job to you and Lincoln, Mr. Wolf. Thanks to you guys, Dark Chandler's not getting out any time soon.

Mr. Wolf: Thanks, Nico. Now, we've got Dark Lori, Dark Lynn, Dark Lola, and Dark Luan to deal with. So, Mr. Snake gets Dark Lori, Mr. Shark gets Dark Lynn, Mr. Piranha gets Dark Lola, and Ms. Tarantula gets Dark Luan.

Me: Awesome arrangements, now, we know why you're known as the leader of your gang.

Lincoln: That's right, and with the Kingdoms of Wei and Shu on high alert for those four, it's only a matter of time before they show up wanting revenge.

Lian Shi: And I'm sure that the other warriors of Wu have seen what you both have done to Dark Chandler, Lincoln.

Sun Shang Xiang: And once Dark Lori, Dark Lynn, Dark Lola, and Dark Luan find out, they're sure to increase their attempts at trying to get revenge, and if it means attacking the Kingdoms of Wei and Shu, along with Wu yet again, then they're in for a nasty surprise.

Xiao Qiao: That's right. (To Lincoln) And we've got a reward for you, Lincoln.

Then, Lincoln got jumped by his harem, and he was kissed all over, and he had lipstick marks all over him. But, Lincoln had a very sly grin on his face, and he made clones of himself, and he wrapped his abnormally massive and powerful muscular arms around the waists of every last member of his harem, and as they lock eyes, he leans down and kissed them on the lips, and we cheered for him.

Nico: That that Dark Chandler.

Me: Yeah!

Mimi: (To the viewers) This was an amazing adventure and I hope you all liked it as much as we did.

Nico: We all sure did. Great job today everyone. Lets head home.

We went back home and enjoyed the rest of the day and went to

sleep.

Meanwhile in the city of Peanutsburg, Nate and his friends Katie and Yokai were getting ready for us to come help them out.

Nate: It's gonna be awesome to see Twilight and friends again.

Katie: It sure is and I can't wait to kick some butt.

Whisper: It's going to be awesome.

Nate Adams: It sure will be great! Lets get ready! YOKAI POWER!

In a rainbow flash of light he summoned his Yokai.

TO BE CONTINUED!

Another awesome fanfic done.

This chapter was awesome and Monzaemon was really cool and awesome. This chapter was based on Episode 6 of Digimon Season 1 called Togemon In Toy Town and it was so awesome. Togemon beat the crap out of Monzaemon and it was crazy how the DigiDestined were under the influence of Monzaemon. The episode aired on September 20th, 1999. The first part was for the Scooby Doo episode A Night of Fright is No Delight and that was a great episode from Scooby Doo Where Are You and it was so funny. That episode aired on January 10th, 1970 and it was awesome. The second part was for the Scooby Doo episode The Ghost of the Bad Humor Man which aired on December 11th, 1976 and that was awesome and great. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, Etstheclarencefan and ninjakingofhearts gave me the ideas for this and so did the guest reviewer. Thanks guys. Nico's next rescue is gonna be in the Pilot Episode of Courage The Cowardly Dog called The Chicken From Outer Space and Nico and Linka Loud are going to take down The Chicken From Outer Space and they are also going to meet a Megawhatt Gene-Slammer named Hannah "Thunderbolt" Paine. Also for Lincolns rescue we're going to help Lincoln face Dark Lola in the world of the famous 1966 Western Movie, The Good The Bad And The Ugly and we're going to make that one in honor of Lee Van Cleef and Eli Wallach. We're going to get the gold that Tuco is after. We're also going to meet a Guardian Eatos Gene-Slammer named Elise Florrence for me and for Lincoln we're going to meet an Elemental HERO Flare Neos Gene-Slammer. The next chapter as you saw is gonna be for the awesome anime called Yokai Watch. LINCOLN'S RESCUE IS IN MEMORY OF LEE VAN CLEEF AND ELI WALLACH

In the middle of Nowhere in Kansas, Nico and Linka were walking to the Bagge Farm.

Nico: Thanks for coming with me, Linka.

Linka: No problem Nico. It's gonna be so awesome to go with you on an amazing rescue.

Nico: I can't wait to see what we're going to do next.

They arrived at the Bagge Farm in Nowhere.

Nico: The next rescue is at the Bagge Farm. Wow its been a while since we were here.

Linka: It sure has been a while.

Nico: Linka, I admit that Blackout and Sentinel getting sent here before they died was a coincidence. But Jetfire? You think something's bringing Cybertronians here before their planned deaths?

Linka: I think that might be the case. But that is so amazing that some of the Live Action Transformers are coming here to our Earth.

Nico: It sure is. And we're meeting many of them before we go there on April 28th.

Linka: It sure is awesome.

THUNDERCLAP! THUNDERCLAP!

Linka: WHOA! Look at that!

They saw freak lightning strikes in the sky and they were really strong and powerful.

Nico: Wow! Freak lightning strikes and there are no storm clouds for miles!

Linka: Think it's a coincidence?

Nico: No idea.

Linka: Wait look there.

They saw staring in the window the Chicken from Outer Space.

Nico: It's the Chicken from Outer Space. Wait a second. We're at the tiime when Courage fought him the first time.

Linka: Oh boy.

Nico: (Whispers) If we're quiet, we can sneak up on the chicken before he sees us.

Linka: (Whispers) Okay.

Nico and Linka take a step, then start screaming in a battle rage as they sprint over to the chicken and dogpile on it and grabbed it by its wings.

Nico: All right you dumb bird! You give Eustace the Antidote to your eggs right now!

Linka: Yeah or we will turn you into a roast chicken dinner!

The chicken broke free and made a run for it.

Nico: Wow. Stubborn chicken.

Linka: Lets get him!

Linka and Nico chased after him!

Nico: Get back here you ugly red-eyed bird!

Linka: Yeah you ugly chicken dinner!

Linka fired a blast of lightning and it hit the Chicken and he squawked in pain as he was hit in his butt from the lightning.

The chicken then saw that his tail feathers were zapped off and he was mad and then he jumped on Linka and pulled on her leg and she pounded the ground in pain!

Nico then punched the chicken and sent him crashing into the house and feathers were flying everywhere.

THUNDERCLAP THUNDERCLAP THUNDERCLAP!

Nico: Freak lightning strikes!

Linka: From that! Look!

They saw a Megawhatt!

Nico: Whoa is that a Megawhatt!?

Linka: Boy it sure is!

Nico: Hey, little fella.

Megawhatt: (in a girls voice) Been a long time track partner.

Nico: That voice. Hannah "Thunderbolt" Paine? Is that you?

Megawhatt: It sure is. Awesome to see you again Nico.

Nico: Wow it has been a while Hannah.

Linka: Another one of your friends from School?

Nico: Yep. Hannah "Thunderbolt" Paine. Me and her were partners in track in gym class. We call her Thunderbolt because she ran as fast as lightning. She can run with amazing and incredible speed and it would make Usain Bolt as slow as a turtle in comparison.

Linka: Wow! That is a cool nickname!

Megawhatt: It sure is. Those were awesome times back then.

Nico: Time to see if Mr. Chicken is still feeling stubborn.

They looked and they saw that he was getting up.

Nico: You ready to cough up the antidote or do you want some more? (Cracks Knuckles)

But the chicken would not go down without a fight and he pulled out an Ion Laser blaster.

Linka: Oh no!

Linka kicked it out of his hands and then grabbed it and fired and the blast hit him and turned him into a roast chicken dinner.

Nico: Whoa nice shot Linka.

Linka: Thanks.

Megawhatt: He probably didn't have the antidote on him anyway.

Nico: No. But lets head inside and cure Eustace.

They agreed.

Muriel screamed and she had a lamp ready to bash Eustace who was now an evil chicken.

They came in.

Nico: Oh no you don't! (Spreads Wings) (Echoing) MAGNA ANTIDOTE!

He fired a beam of rainbow energy from his wings and it hit Eustace and he was back to normal and he fell down in his boxers.

Nico: That was a close one.

Muriel: Oh thank you guys.

Nico: No problem Muriel.

Courage: That was a close one. Thanks Nico.

Nico: Anytime Courage.

Linka: Hannah, what's your favorite memory of Nico?

Megawhatt: I've always been a big eater like him. One time me and him had an awesome eating contest. I always liked being a spicy food lover and he loved his chicken wings. Me and Nico had a contest where we had the spiciest of foods. I had a bucket of Ghost Chili sauce covered burgers and he had Capsaicin Extract Sauce covered wings and we both love them. But Nico accidentally choked on a wing and I had to do the Heimlich maneuver and I got the chicken out of him and it was shot flying far across the cafeteria and it hit a bully right in his eye and stabbed him in the eye.

Linka: Whoa! That was potent!

Megawhatt: Yeah it was funny too!

Nico: But that was awesome.

Megawhatt: Yeah it sure was.

Nico: Hannah, I think you're gonna grow when you revert back.

Megawhatt: I'm ready.

Nico put on his blind man glasses and Courage covered his eyes and Nico snapped his fingers and Hannah grew and she had beautiful golden yellow hair and yellow eyes and she had this awesome tattoo in the shape of a lightning bolt on her right cheek. Nico gave her all yellow clothes.

Hannah: Wow! These clothes are amazing.

Linka: Our fashion team made them. You look awesome in all yellow.

Nico: Yep and now you have true lightning powers as a result of your Gene-Slamming.

Hannah: That is true.

Hannah and Nico hugged.

Hannah: I've missed you Trackie.

Nico: Me too Thunderbolt.

They later went back home.

---

After Nico's rescue, Lincoln, Me, Sumner Knudson, Nico, Eli, Nicole, Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, Lily, Lincoln's harem, Mr. Wolf, Mr. Piranha, Mr. Snake, Mr. Shark, Ms. Tarantula, Rita Loud, Lynn Sr., Sima Shi, Sima Zhao, and the L-ementals were heading to the world of the famous 1966 Western movie, The Good, The Bad, and The Ugly, and not only is Lincoln is going to rescue the eighteen girls there, but we're going to deal with Dark Lola, and we've also got word of two Gene-Slammers here, and they're two girls that are from both mine and Lincoln's past.

And with us was the Wei strategist, Guo Jia, who's in his Dynasty Warriors 8 appearance and wielding his Heavenly Phoenix Orb and Scepter. We had found out from him and his lord, Cao Cao, The Hero of Chaos, who sent him to the Estate that Dark Lola went on a rampage in their home base at Xuchang this morning, and she brutally injured some of the soldiers there. This also horrified Zhen Ji, Wang Yi, and Cai Wenji, who are in Lincoln's harem and from the Kingdom of Wei.

Lincoln: Wow, we're in the world of the 1966 Western movie, The Good, The Bad, and The Ugly, and I think I know what we're going to do here, not only am I going to rescue the eighteen girls there, but we're going to deal with Dark Lola, and we also got word of two Gene-Slammers here, and they're two girls that are from both my past and J.D.'s past.

Nico: That's right, big guy.

Me: My dad LOVES this movie. Great movie back in the 1960's and Clint Eastwood, Lee Van Cleef and Eli Wallach all were awesome in that movie.

Nico: They sure were.

Sumner Knudson: Boy those were great times.

Me: They sure were dad.

Lana: And it's a good thing Lincoln's got all of us to join in, because I'm looking forward to teaching that little monster a lesson after what she did in forcing Lola to stab my arm with those scissors years ago.

Nico: Yeah, I couldn't forget the loud scream you let out when that happened, Lana.

Lincoln: Me neither, Nico. (To Guo Jia) And it's an honor to meet you, Guo Jia.

Guo Jia: You too, Lincoln.

Mr. Wolf: And when you told us that Dark Lola went on a violent rampage in Xuchang this morning, it proved one thing, Guo Jia: when Dark Chandler was taken down, Dark Lori, Dark Lynn, Dark Lola, and Dark Luan are now increasing the violent attacks on The Three Kingdoms in a desperate attempt for revenge.

Sima Shi: If Dark Lola was capable of that kind of damage, I hate to find out the amount of damage that Dark Lori, Dark Lynn, and Dark Luan are capable of inflicting.

Lincoln: We've seen what they were capable of long ago, Sima Shi, so we know what kind of damage they can do.

Zhen Ji: When we heard what Dark Lola did, we were horrified.

Cai Wenji: And for her to brutally injure some of the soldiers in a blind fit of rage, she's gone too far.

Wang Yi: She must be taught a lesson before she does this to someone else.

Lincoln: That's exactly what we're going to do to her, Lady Wang Yi.

Ms. Tarantula: That spoiled brat's going to get it big time, once I get her.

Lincoln: Yeah, I remembered that there's been a change of plans: you were going to get Dark Lola and that means, Mr. Piranha's going after that insane prankster, Dark Luan.

Plant Lola: What Dark Lola's done can't be forgiven, and like Dark Chandler, she's going to be put in an indestructible diamond prison for good, after we rough her up.

Lola: You said it, and after what she did in forcing me to stab Lana in the arm with a pair of scissors, she's crossed the line.

Zoey Mackenzie: And I'm going to enjoy beating that spoiled brat up.

?: HELP!

Suddenly, Lincoln heard the sound of sixteen girls calling out for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard where the call for help was coming from. He saw the sixteen girls, but they, along with Blondie and Benedicto Pacífico Juan María Ramírez, have been cornered by Dark Lola, and she's going to kill them.

Lincoln: Guys, I found the sixteen girls, but they, along with Blondie and Benedicto Pacífico Juan María Ramírez been cornered by Dark Lola, and she's going to kill them.

Ms. Tarantula: Let's get her!

We rushed on over.

Dark Lola: And now, you will all PAY!

But, before Dark Lola could pounce on them and brutally beat them to death, Lincoln grabbed her by her hair and tossed her away and she went flying into the ground. The girls got to safety, and when Dark Lola got up and saw us, she was mad.

Dark Lola: How dare you filthy peasants get in my way of beating them up for being prettier than me? I WILL END YOU ALL!

Lincoln: Shut it, you spoiled brat! You've always been nothing more than a nightmare and a pain in the neck towards all of us, you forced Lola to resort to blackmail in order to force us to do whatever you want, and you've been nothing more than a tattletale who thinks she can also get away with whatever you want and leave us to take the blame for what you've done. You really disgust me, Dark Lola, you're nothing but an evil little monster.

Lori: Not to mention that you literally forced Lola to stab Lana in the arm with a pair of scissors, she was screaming in so much pain and we saw blood coming from her arm, as if you couldn't sink that much lower than attempt serious bodily harm with a deadly weapon, mind you.

Twilight Sparkle: Wait, she made her stab Lana with a pair of scissors!?

Lana showed her scar on her right arm.

Rainbow Dash: Ouch!

Eli: Man that must've hurt!

Nico: Yeah no kidding. That was painful.

Ms. Tarantula: And I've had it with you to last an eternity.

Suddenly, Ms. Tarantula's eyes turned neon blue, and she was surrounded by a rainbow energy aura with rainbow flames and spiders, and as she approached Dark Lola, she left rainbow energy, spiders, and rainbow flames. Then, Ms. Tarantula was surrounded by a massive vortex of rainbow energy with rainbow flames surrounding her, there was a spider running around the vortex, and in the vortex is a purple phoenix. Then, as the vortex faded, Ms. Tarantula emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Ms. Tarantula grew much bigger in size, she has neon blue eyes and a rainbow energy aura with rainbow flames and spiders surrounding her, she has a spider with the Fire Kanji emblazoned on her forehead, she has on a Crystal Necklace of the Buddha with purple crystal links and a silver spider with purple crystal eyes and holding the Fire Kanji in its legs for the pendant, she has on a long long-sleeved purple trenchcoat with spiders and flames on the coattails and on the back is a tarantula with flames surrounding it. She has massive orange angel wings with large purple tips on the large orange feathers, Indigo Lantern Ring Corps ring on her left ring finger, and a new large sword in her hands called Arachne's Sword of the Fire Spider, it's a new large sword with a 6'5" massive, wide, double-edged blade with a spider etched on the purple blade, large orange angel wings for the crossguard, large purple gem for the hilt, longer black handle, and a large faceted purple sphere with surrounding orange gems, and eight large orange orbs orbiting around her eight legs, Ms. Tarantula has on her new large cuff Bracelets of the Champions of The Universe with purple gems on his wrists, Belt of Elemental Bravery with a large purple gem for the belt buckle, Spellbook of The Gods and The Universe on her left hip and Eater of Sins revolver holstered on her right hip. There's an orange kanji below the spider that said, "Ms. Tarantula, Hilarious, Sassy, and Sharp-Tongued Member of The Bad Guys Gang, Expert Hacker, Awesome and Hilarious Member of Team Loud Phoenix Storm, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Defender of Spiders and Warrior of Flames, and Master of Flames and Spiders."

タランチュラさん、陽気な、生意気で鋭いバッドガイギャングのメンバー、エキスパートハッカー、チームラウドフェニックスストームの素晴らしい陽気なメンバー、悪の殺し屋、混乱した、殺人的な、冷酷な、そしてサディスティックな野郎、クモの擁護者と炎の戦士、炎と蜘蛛の達人

Ms. Tarantula has transformed into SUPER ANGEL INFINITY FIRESTORM TARANTULA ANGEL OF COMPASSION AND JUSTICE!

We were amazed by Ms. Tarantula's Super Angel Infinity transformation. But, when Dark Lola saw it, she screamed in pure rage and tried to jump her, but Ms. Tarantula fired a blast of rainbow flames at her, and she got burned.

Lola: Awesome, Ms. Tarantula's transformed into her new Super Angel Infinity form, just like what'd happened to Mr. Wolf yesterday, and now, she's going to make that spoiled brat, Dark Lola, pay.

Ms. Tarantula: (Divine Echoing Cosmic Voice of The Firestorm and Compassionate Justice) **But, I'm not going to hog all the fun.**

Lincoln: That's right, we're all joining in.

Lori: And we're so going to enjoy making you pay for everything you've done to us for so many years, along with what you did in attacking the soldiers of Wei in Xuchang this morning.

Lincoln unholstered his improved massive Sword of Universal Hope and Elemental Bravery from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, Guo Jia got out his Heavenly Phoenix Orb and Scepter, Mr. Wolf transformed into Super Angel Infinity Moonlight Firestorm Wolf Angel of Lunar Justice and Life and unholstered his massive Fenrir's Sword of The Moonlight Wolf sword from his wider and more muscular back, Lincoln's sisters also transformed and they unholster their massive swords from their backs, Lincoln's harem unholstered their massive swords from their backs, and Me, Eli, Nicole, and Nico also transform and unholstered our massive swords from our backs, and we went at Dark Lola, and we fired powerful blasts of rainbow energy, colored energy, elemental forces, lava, steel orbs, stars, lightning, and grape bombs, and they exploded with incredible power, as they hit Dark Lola.

Dark Lola fell into an even more dangerous rage as her face turned red, her hair turned into flames, and her teeth turned sharp and she tried to attack, but Zoey Mackenzie brutally pummeled her and burned her hair off. When she saw what happened, she screamed in horror and fright when Lola showed her what happened in a mirror, and Lori took a picture. Then, Lana and Mud Lana threw mud at Dark Lola, and she screamed even more in horror, and Lincoln removed the Dark Orb embedded in the back of her left hand and threw it into The Warp. Ms. Tarantula and Lincoln imprisoned her in an indestructible diamond prison, and they beamed it back to The Pluto Prison for Tyrannical Dark Sides, where it was put into a special isolation cell in Solitary Confinement, where no Dark Orbs, Number Cards, or Aparoids could free her. We cheered wildly for

Ms. Tarantula and Lincoln as they holster their massive blades on their wider and muscular backs and power down, and Ms. Tarantula's new body, clothes, weapons, jewelry, angel wings, and eight large orange orbs orbiting around her eight legs are permanent.

Suddenly, we saw a Guardian Eatos and an Elemental HERO Flare Neos fly down, and they pummeled her.

Me: Whoa, a Guardian Eatos.

Lincoln: And an Elemental HERO Flare Neos, awesome.

Guardian Eatos: Looks like we missed the fight against Dark Lola.

Elemental HERO Flare Neos: (In a girl's voice) Aw, and I was hoping to beat her senseless for what she did.

Lincoln: Wait, that voice from the Elemental HERO Flare Neos. Abigail Davis, is that you?

Me: And that voice from the Guardian Eatos, Elise Florrence, is that you?

Abigail Davis: Lincoln, is that you?

Elise Florrence: And J.D., is that you?

Abigail went up to Lincoln and they hugged, and I went up to Elise, and we hugged.

Lincoln: Yeah, it's me, Abigail. I haven't seen you since you were eleven years old.

Me: Along with me, Elise. Wow, I haven't seen you since middle school.

Lincoln: And we've changed a lot in those last few years.

Abigail Davis: Yeah, I can see, you've really grown a lot from the eleven-year-old cute little boy into a 16-year-old 7'0" tall and very handsome teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs.

Elise Florrence: And you've really grown a lot, and you're now a tall and very handsome teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs.

Nico: Whoa, two for one. Lincoln, J.D., you know them?

Lincoln: Yeah, Nico. The Elemental HERO Flare Neos is Abigail Davis, I met her when we were eleven years old, and she, like the other Guardian Angels, have defended me from bullies, and that included Lori, Lynn, Lola, and Luan, when they still had their dark sides in them.

Me: And the Guardian Eatos is Elise Florrence, she was once my classmate back in middle school in Colorado, and she's an old friend of mine.

Lincoln: Nice. Now, let's get you two back to normal. Boys, cover your eyes. Hold still, Abigail, this is going to hurt.

Me: Same with you, Elise.

Eli, Nico, and the rest of the boys covered our eyes and Lincoln and I snapped our fingers, and Elise and Abigail were reverting back. Abigail Davis was a beautiful 16-year-old girl with long black hair, red eyes, fair skin, she was 6'0" in height, and she had the body of a goddess. She also now has massive red angel wings with red tips on the large black feathers on her back, as she reigns in the power of Elemental HERO Flare Neos, and she was in her birthday suit, and Elise Florrence was a beautiful 16-year-old girl with long blue hair, blue eyes, fair skin, she was 6'0" in height, and she had the body of a goddess. She also now has massive white angel wings with blue tips on the large white feathers on her back, as she reigns in the power of Guardian Eatos, and she was in her birthday suit.

Lincoln: How do you and Elise feel, Abigail?

Abigail Davis: We feel good. (Realizes they're in their birthday suits) But, we're in our birthday suits.

Lincoln gave Abigail a new wardrobe, a red sleeveless shirt with a red phoenix, red skirt with the Elemental HERO Flare Neos with red flames on it, black leather ankle-high combat boots, and a long red sleeveless trenchcoat with the Elemental HERO Flare Neos on the back, and on her back is a large Elemental HERO Flare Neos-themed sword with a 6'5" massive, wide, double-edged, man-sized red blade with the Elemental HERO Flare Neos etched on it, large red angel wings for the crossguard, large red gem for the hilt, longer black handle, and large red faceted sphere pommel with surrounding red gems.

And I gave Elise Florrence a new wardrobe, a yellow sleeveless shirt with a blue phoenix, yellow skirt with the Guardian Eatos with wind gusts on it, yellow pants with wind gusts on the legs, white high heels, and a long yellow sleeveless trenchcoat with the Guardian Eatos the back, and on her back is a large Guardian Eatos-themed sword with a 6'5" massive, wide, double-edged, man-sized white blade with the Guardian Eatos etched on it, large white angel wings for the crossguard, large blue gem for the hilt, longer black handle, and large white faceted sphere pommel with surrounding blue gems.

Elise Florrence: Wow, I love the outfit you made for me, J.D.

Abigail Davis: Same with the outfit you made for me, Lincoln.

Suddenly, a Thunderbird Necklace of Eternal Love appeared on Abigail Davis' neck with red gems and crystals from her new Crystal Necklace of the Buddha on the gold lightning bolts, and an Elemental Phoenix Necklace of Eternal Love appeared on Elise Florrence's neck with blue crystal links from her new Crystal Necklace of The Buddha.

Abigail Davis and Elise Florrence: Whoa, is this…?

Lincoln: Yep, that's a Thunderbird Necklace of Eternal Love, which means you're now part of my harem and you're one of my many future wives, Abigail.

Me: And that's an Elemental Phoenix Necklace of Eternal Love, which means you're now part of my harem and you're one of my many future wives, Elise.

Abigail Davis and Elise Florrence had a smile on their faces and tears in their eyes, as me and Lincoln wrapped his abnormally massive and powerful muscular arms around their waists and we kissed them on the lips, and they cheered for us. Then, we went up to the sixteen girls, and when Lincoln saw them, he immediately recognized them. The sixteen girls are Trucy Wright, Susato Mikotoba, Adrian Andrews, Kay Faraday, and Athena Cykes from Ace Attorney, Kisarah Westfield from Aggressoros of Dark Kombat, Natsume and Kasumi from Ninja Master's, Carol Stanzack from Savage Reign, Wang Bailong from Blade Arcus from Shining, Pyra the Elf and Princess Jessa from Shining in The Darkness, Excella Noa Aura from Shining Resonance, Touka Kureha from Shining Blade, Maron Kusakabe, Miyako Todaiji, Finn Fish, and Igarashi Pakkyaramao from Kamikaze Kaitou Jeanne.

Lincoln: Oh wow, it's Trucy Wright, Susato Mikotoba, Adrian Andrews, Kay Faraday, Athena Cykes, Kisarah Westfield, Natsume, Kasumi, Carol Stanzack, Wang Bailong, Pyra the Elf, Princess Jessa, Excella Noa Aura, Touka Kureha, Maron Kusakabe, Miyako Todaiji, Finn Fish, and Igarashi Pakkyaramao.

Helena McTroy: From Ace Attorney, Aggressoros of Dark Kombat, Ninja Master's, Savage Reign, Blade Arcus from Shining, Shining Blade, and Kamikaze Kaitou Jeanne, awesome.

Lincoln: Are you girls okay?

Trucy Wright: Yes, we're okay, thanks to you.

Then, when Trucy Wright and the other fifteen girls saw who it was that saved them from Dark Lola, their faces turned atomic red upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, a golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top was the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, and Buffalo, and below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and The Thirteen Elemental Forces, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", and he had deep sapphire blue eyes.

He had his massive Sword of Universal Hope and Elemental Bravery holstered on his wider and muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces constellation and Aquarius Zodiac sign on the back of his neck, large weighted orange bands on his massive biceps and thighs with silver phoenixes on them, his large Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them with rainbow tips on the large deep sapphire blue feathers, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with elemental forces, Thunderbirds, Phoenixes, and Buffalo on them and with hanging mini silver lightning bolts held up by his Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of large blue pants with multicolored lightning bolts on the thighs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Buffalo head stud earrings with the Thunderbird and Eternity Kanji on it, a large Thunderbird Necklace of Eternal Love with colored gems on the gold lightning bolts and a Buffalo head with the Thunderbird and Eternity Kanji on his neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, he had eight large orange orbs orbiting around his legs, and circling around his feet on the floor are eight golden crosses with angelic runes.

Trucy Wright: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made fifteen clones of himself, and he and the fifteen clones went up to the girls, and they picked them up and hugged them in their abnormally massive and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Trucy Wright: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, sixteen Thunderbird Necklaces of Eternal Love appeared right around the necks of Trucy Wright, Susato Mikotoba, Adrian Andrews, Kay Faraday, Athena Cykes, Kisarah Westfield, Natsume, Kasumi, Carol Stanzack, Wang Bailong, Pyra the Elf, Princess Jessa, Excella Noa Aura, Touka Kureha, Maron Kusakabe, Miyako Todaiji, Finn Fish, and Igarashi Pakkyaramao, and they had gems in their favorite colors on the gold lightning bolt necklace links. Then, we returned home to the Estate, and we told everyone what happened in the world of The Good, The Bad, and The Ugly, and they were shocked when they found out the villain we were going after was Dark Lola.

But, when Lincoln told and showed everyone what we did to Dark Lola, they cheered wildly for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem went up to Lincoln, and they kissed him all over. Lincoln and Abigail Davis now have a lot of catching up to do, now that she's back, and me and Elise Florrence have a lot of catching up to do, now that she's back. We got rid of one member of The Dark Side of The Trinity of Violence, now all that's left is to deal with Dark Lori and Dark Lynn when they show themselves, and then, we also can get after Dark Luan before she does something really stupid, and for another sick laugh again.

---

After imprisoning Dark Lola and throwing her back in prison, we were training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Abigail Davis and Elise Florrence saw me and Lincoln working out like crazy, they had an atomic red blush on their faces.

Abigail Davis: Whoa, Lincoln has really grown to be a 16-year-old 7'0" tall, really big, and really strong young man, just look at those abnormally massive and powerful muscles hard at work, and to work out with those 9,500-lb barbells and not even get tired, incredible.

Elise Florrence: Same with J.D.

Lincoln: And I've also trained a lot under some very powerful teachers, J.D. and Nico included, Abigail, and now, I can also fight and defend myself.

Abigail Davis: That's awesome.

Elise Florrence: And I knew how strong J.D. was long ago, but now, he could break every bone in some poor asshole's body.

Nico: (Laughs) Yeah, they know how to fight. So, J.D., Lincoln, what memories did you have with Elise and Abigail?

Lincoln: J.D., you go first. I want to hear what memories you had with Elise?

Me: Thanks, Lincoln. Well, I remember that one time, me and Elise were doing a project in Science Class where we created a crystal cluster out of ordinary rocks, and it really shimmered with so many beautiful colors, and everyone was impressed. Elise, do you still have it?

Elise Florrence: I still do.

Elise Florrence got out the crystal cluster, and it had many shimmering colors and it was beautiful.

Nicole: Wow, that's so beautiful.

Maud Pie: (Monotonously) Incredible.

Mr. Wolf: Whoa, that's so beautiful, Elise.

Mia Addison: That's awesome, Elise. I have a massive collection of gems and a geode with sapphire blue gems inside that Lincoln found for me when we were kids.

Lincoln: And that was part of your Science Class project, J.D.?! Whoa.

Nico: Dang, that's impressive. Lincoln, what memories did you have with Abigail Davis?

Lincoln: Oh, where do I begin? Oh, I remember that one time in Art Class that me and Abigail had painted a portrait of me as Ace Savvy and Abigail as Lady Ace, and she got the idea from an Ace Savvy comic that she read long ago. Abigail, do you still have it?

Abigail Davis: I sure do, Lincoln.

Abigail Davis took out the portrait, and we saw Lincoln as Ace Savvy and she was Lady Ace, and it was so awesome.

Ms. Tarantula: Whoa, that's awesome.

Nico: Dang, Abigail's got an awesome talent for painting.

Me: That's really awesome guys.

Laney: Just like with me, Lincoln, Ms. Frida, and many other artists in the team.

Da Vinci Dalmatian: That's truly beautiful, Abigail.

Yusuke Kitagawa: Indeed, Da Vinci.

Abigail Davis: Thanks, guys.

Mr. Wolf: And when you mentioned she read an Ace Savvy comic, is she also a comic book reader and video game player too, Lincoln?

Lincoln: She is, Mr. Wolf. Abigail's a smart and talented artist, comic book reader, and video game player. But, she's also a tough girl, especially if Lori, Lynn, Lola, and Luan, who still had their dark sides inside them, were being mean to me.

Me: And Elise Florrence is also a tough and smart girl, as well. When Robert Burgess was picking on me, Elise swooped in and punched that asshole so hard in the face, she broke his eye socket, and she gave him one serious black eye.

Elise Florrence: That asshole deserved it, and I heard that he was running loose in the city as The Fart Fiend.

Nico: You heard right, Elise. That asshole was causing a ton of stinky havoc, but we stopped him and we threw that asshole in the Jupiter Prison for Life. J.D. also told us everything about him, that he's an old enemy of J.D.'s, he tormented him and his friends and made their lives a living nightmare.

Brittany Gresh: He was a total asshole and a heartless psychopath.

Lincoln: But, J.D. got him expelled and sent to Juvenile Hall when he saw Robert Burgess severely beating up a kid. But, he swore that he'd get out to get revenge for everything that J.D. stood for, but like Nico said, we stopped him and sent him to the Jupiter Prison for Life.

Elise Florrence: Asshole deserved it, and he'll die in prison.

Lincoln: And I'm sure that you heard of what's been happening, right, Abigail?

Abigail Davis: Oh yeah, Evil Lynn freed Dark Chandler from his crystal prison, and she inadvertently freed Dark Lori, Dark Lola, Dark Lynn, and Dark Luan from their prisons, and they've been causing a ton of havoc in the Three Kingdoms, and I saw that fight you and Mr. Wolf had with Dark Chandler, and in the territory of The Kingdom of Wu yesterday, that was so awesome.

Mr. Wolf: Thanks, Abigail. Plus, this was my first fight against an enemy of Team Loud Phoenix Storm.

Lincoln: And all of us know that Dark Chandler was nothing more than a heartless psychopath who's crossed one moral line too many, and he's a danger to practically everyone in his path. But, we put him in an indestructible diamond prison, and he, along with Dark Lola whom we captured today, are never getting out.

Nico: You said it, and now, Dark Lori, Dark Lynn, and Dark Luan are left. But, we got to watch it with Dark Luan, you know about her deadly pranks, and Dark Lynn is a violent, luck-obsessed animal, and Dark Lori is a violent, psychopathic, power-mad, cellphone-obsessed control freak.

We then got a shower afterwards, and after that, Lincoln and his harem were getting ready for their date, this time, it's at Gloomy Galleon in the world of Donkey Kong.

Lincoln then snapped his fingers, and the 16-year-old 7'0", white-haired, handsome, and extremely muscular teen was dressed in large orange swim trunks with a phoenix, thunderbird, buffalo, and elemental forces on it, along with his large weighted orange bands with silver phoenixes on his massive biceps and thighs, his jewelry, large orange sandals, and eight large orange orbs orbiting around his legs, and he also had his weapons holstered, in case of trouble.

Lincoln's harem were dressed in two-piece bikinis in their favorite colors, sandals, along with their jewelry, and they also had their weapons holstered in case of trouble.

Lincoln: Alright, ladies, shall we?

Emily LaRue: We're ready, Linky.

Lincoln and the girls left the Estate, and they head for their destination, Gloomy Galleon, in the world of Donkey Kong. When they arrived, it's an eerie cove that is full of caverns, which hold many secret treasures and shipwrecks.

Abigail Davis: Oh man, is this Gloomy Galleon?

Lincoln: That's right, Abigail. This is Gloomy Galleon in the world of Donkey Kong. I've heard about it from Donkey Kong and his family, and this place is really spooky. Shall we?

Lincoln and the girls dived into the water, and they were swimming underwater. There, they found a hidden underwater Mermaid palace along with many treasure chests. Lincoln put them into a scroll to show us later, then, they went right to the other side of Gloomy Galleon, and they saw many sunken objects, including what appears to be the sunken remains of the Gangplank Galleon. Then, they had lunch that Lincoln packed, and then, as the sun was about to set, Lincoln made clones of himself, and he and the clones went up to the girls in his harem, and they picked them all up in their abnormally massive and powerful muscular arms, and just as the sun turns orange, they passionately kissed and hugged. Then, they returned home to the Estate, and they returned to their original clothes.

Nico: Hey, Linc, how was your date?

Lincoln: It was so awesome, Nico. We went to Gloomy Galleon in the world of Donkey Kong.

Nico: Whoa, that's spooky.

Lincoln: Yeah, but also awesome. We also found something as well in Gloomy Galleon.

Lincoln got out the scroll, and it got out the treasure chests that they found, and Lincoln unlocked the treasure chests, and inside them are a king's ransom of gold coins and jewels. We were stunned at the sight of the gold coins and jewels.

Mr. Wolf: (Stunned) Holy cow! That's so awesome.

Morgana: And they were in the underwater Mermaid palace in Gloomy Galleon?! Yikes, that's a lot of gold coins and jewels.

Rarity: A king's ransom, Morgana.

Lincoln: And we're putting these in the museum. Wait until everyone sees the gold coins and jewels from Gloomy Galleon.

Lincoln sent the treasure chests filled with gold coins and jewels to the museum, and were placed under tight security.

Twilight Sparkle: And now, it's time to get ready. We're going to meet Nate and his friends.

Brittney Knudson: Perfect.

Lincoln: And I also sensed that another one of the Twisted Princesses is heading to Peanutsburg, and whoever it is, this is going to be a rough one.

Twilight Sparkle: But, I'm more than ready for this one, and I know you're also going to help me with this one, right, Linky?

Lincoln: (Smiles Warmly) Of course, Twilight.

Mr. Wolf: I heard that when one of your many future wives transforms, you also join in the fight as well, Lincoln. So, this should be a good one.

We got ready for our big mission: meeting Nate Adams and his friends, and another Twisted Princess is about to show herself. But that's later.

---

Later it was time for Rice's ambassador mission.

Killer Shrike: Can I come with you this time, Rice?

Rice: You sure can Shrike. It's gonna be awesome for you to meet Marty and his friends.

Killer Shrike: I heard they are in the distant future in the 59th Century. That is so amazing.

Me: It sure is and we were amazed that it takes place that far in the future.

Nico: We sure were.

Me: Yep. And Nico we're so happy you have Hannah back. She and Lynn get along great. Same with Rainbow Dash.

Nico: Boy they sure do. They are really running in the gym.

In the gym, Rainbow Dash and Hannah were running on the treadmills at maximum speed and they were leaving trails of lightning for Hannah and rainbows for Rainbow Dash. Lynn was absolutely amazed at how fast they were going.

Lynn: WOW! You two are REALLY burning it up!

Hannah: It sure is awesome!

Rainbow Dash: YEAH IT IS!

Back to us we were amazed.

Nico: Yeah that is awesome.

Me: And I love her nickname Thunderbolt. That is awesome.

Nico: Yep.

Rice: Yeah. Next time I'll have you come with Nico.

Nico: Looking forward to it.

Rice: Ready to go Shrike, Eli?

Eli: We're ready!

Rice: Lets go!

They opened the portal and were off.

They arrived in 59th Century Earth and they saw Marty and friends.

Rice: Guys, meet my archenemy.

Killer Shrike: Greetings to you all. I'm Simon Maddicks but I go by Killer Shrike. I used to be one of the original members of the original Masters of Evil. That was the previous version before this one.

Marty: Awesome! It's an honor to meet you.

Ally: It sure is. Rice must've told you what goes on here.

Killer Shrike: She sure does and it's amazing that you all went through so much here.

Rice: We have what we call Usual Battles. They are epic challenges we have with our frenemies that are fun.

Buttons: Oh that is amazing!

Marty: If I join you guys can I get a Power Rangers monster for an archenemy?

Rice: I think that can be arranged.

Marty: So, what powers do you have?

Killer Shrike: I'm an Expert hand to hand combatant and martial artist. I Possess various weapons. I have Anti-gravity device grants: Enhanced physical attributes and Flight. And an Armored suit that grants Resistance to injury and Electrical bolt projection via twin power-blasters.

Marty: That is cool!

Rice: It sure is.

Eli: It sure is awesome. If I ever get an ambassador mission I would bring my friends and Baron Mordo.

Marty: That would be cool.

Rice: Yep.

Marty: Rice, I'd like you to meet Gaff.

---

An ancient robot who has served the Eon family for more than 130 years. He safeguarded the fist for one hundred years until its successor, Marty, was found. Somewhat a mentor to Marty, has watched over the Eon family for years and defended the family from the General's forces as best he could. His weapon is the Dragon Sword.

---

Rice: Wow! Awesome to meet you Gaff.

Gaff: A most tremendous honor to make your acquaintance too Rice. And to you Eli and Killer Shrike.

Eli: Same here.

Killer Shrike: An honor.

Rice: This is amazing.

Gaff: Listen, on the way to meet you, I saw Eiger with a yellow and blue creature that had a shadowy aura.

Rice: Oh man! That's a Shadow Manectric. It's a Pokemon that has been corrupted by Darkness.

Eli: Whoa! A Shadow Manectric. This is gonna be tough. I have a Lapras from my last time I was here. Rice you think you can have a Manectric?

Rice: I would like that Eli.

Killer Shrike: What can you tell us about Eiger?

Gaff: He's a gigantic robot.

---

Eiger is an enormous robot who was the General's most powerful warrior. He was encased in ice by Eon 100 years ago. As a statue of ice he is easily recognizable at the entrance to the Temple of the Iron Soul in the Mystic Glacier. When Marty comes near the glacier the ice is melted from the sheer power of the fist, with Eiger attacking Marty under the assumption that he was Eon. But in the end, Marty defeats him. His strongest skill is the ability to create a snow storm which he uses against Marty but Marty uses his meteor blast attack, finally killing him.

---

Eli: Oh man!

Rice: The bigger they are the harder they fall.

Killer Shrike: Rice I think we should call Nico in for backup just to be on the safe side.

Rice: Understood.

Rice did so and Nico came.

Nico: Got here as fast as I cool.

Rice: Awesome.

Rice told him the situation and then he was ready.

Marty: Whoa you're Nico Chan.

Nico: Yep.

A huge robot came and it was EIGER!

Eon Kid: Eiger! Long time no see! How've you been?

Eiger: That's it. Keeping being funny, Eon Brat. Because I brought a special surprise to this fight! Manectric, time to Mega Evolve!

He mega evolved it into SHADOW MEGA MANECTRIC!

OH NO!

Nico: Whoa! You made the right call having me come to you all

Rice.

Rice: Sorry about that Nico.

Nico: No worries. But that was smart thinking. You guys handle Eiger. I'll face the Shadow Mega Manectric.

Shadow Mega Manectric was advancing towards Buttons and Gaff.

Buttons: You know, I never thought this would be how my life ends.

Gaff: Why? How did you picture it?

Buttons: Me being run over by a truck while chasing the mailman. I mean, let's face it. You're the only one out of the two of us who has electric powers too.

Nico: No one is gonna die on my watch! You leave them alone dark bluebell!

Eiger: Shadow Mega Manectric use Discharge!

He fired a massive blast of blue lightning!

Nico: DRAGON THUNDERCLAP!

The 5-Star Dragonball on Nico's bracelet glowed and Nico fired an even more powerful blast of lightning and the blasts collided and went through his blast and it hit Shadow Mega Manectric and knocked him down.

Nico: Now to cure you of the darkness!

Nico fired a blast of light and it hit the Shadow Mega Manectric and destroyed the darkness and purified it and then Rice threw a Pokeball and caught it!

Rice: Got it!

Nico: Now to finish Eiger.

Rice: Lets hit him with a teamwork attack.

Nico: You read my mind.

Nico, Eli, Rice and Killer Shrike: SUPER THUNDERSTRIKE DEATH RAY!

They fired a massive blast of lightning and energy and it hit Elger and he exploded!

KRABBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Eiger was dead and blown into a million pieces!

Marty: Rice, now that Eigers's destroyed, can you tell me what your reversion back to human form feels like?

Rice: I sure can. It felt like I was being ripped into pieces and then reformed back together in a weird way.

Marty: Ouch.

Ally: That must've hurt the first time.

Rice: It did.

Gaff: By the way was that a powerful combo you all used?

Nico: It sure was. One of the most important aspects we have in the team is working together as a team and it gets the job done faster and effortlessly.

Marty: That is amazing!

Nico: Yep.

They later came back.

Nico: Maybe next time, Rice can show you her Razorfist form.

May: That's an awesome idea.

Rice: It sure is. And Nico thanks for helping us against Elger.

Nico: No problem. That was awesome.

Hannah: It sure was.

May: Maybe we should update who comes with you next time, Rice.

Rice: I agree. But it was awesome.

Nico: It sure was. Anyway lets head to Japan. We need to ask Matt and T.K.'s parents some questions.

Matt: What is it you want to ask them?

Nico: We want to know why your mom and dad divorced. We just want to try to help.

Matt: Oh I understand. Lets go to Japan and talk to dad first.

Nico: Right.

We were off to Japan.

TOKYO, JAPAN

We were in Tokyo.

Catzi: Eli, I think we're just doing this because you had to bonk Matt and Tai's younger selves together.

Eli: No it's not that Catzi. Okay it's mostly that. But I just want to try and help Matt and T.K.'s parents patch things up.

Nico: That's understandable.

We arrived at the TV Station and we arrived at the office of Hiroaki Ishida.

Matt: Hey dad.

Hiroaki Ishida: Hey son. What brings you here?

Matt: Just want to ask you some stuff.

Me: Hello Mr. Ishida.

Hiroaki Ishida: Oh hello everyone.

We pulled up a chair.

Me: We're sorry to drop by like this but we just want to ask you a very delicate question. You see we had an encounter with Matt and his friends young selves on File Island yesterday and Matt and T.K. told us about how you and Nancy divorced. I know this is a sore subject to ask but we are just trying to help.

Hiroaki Ishida: I understand. But you and Matt and T.K. all do have a right to know. It was because I was working hard most of the time and it was also because of what happened in Highton View Terrace when Matt was only 7.

Nico: You mean the Battle with Greymon and Parrotmon.

Hiroaki Ishida: That's right. But I was so scared and worried to strive for my family. I tried really hard.

Nico: You did your best Hiroaki.

Flapjack: Please get back together with your wife, sir.

He gave the puppy dog eye stare.

Maria: You really want to say no to Flapjack? Look at how innocent his face is!

Hiroaki Ishida: Oh okay. I have been such a big fool.

Nico: No you haven't Mr. Ishida. You were just doing everything you can to support your family and that's understandable. I do the same thing myself and I consider myself the happiest and luckiest guy in the universe because I have my friends, my brothers, sisters and my awesome wife and children to all help me. But if you ever need advice you can always come to us for help.

Vince: That's right. Just like how we have been helping each other get through their troubled times whenever that comes up.

Me: Yeah. We all help each other out because Team Loud Phoenix Storm is the ultimate and most amazing family.

Nico: That's right.

Hiroaki Ishida: Thanks guys. Thank you.

Nico: Now lets go talk to Nancy.

Hiroaki Ishida: Okay.

We went over to Nancy's house.

We arrived at Nancy Takaishi's home.

Nico: Here we are.

Nico knocked on the door and Nancy answered.

Nancy Takaishi: Wow Nico it's great to see you again.

Nico: Hello Nancy. Same to you. Sorry to drop by like this but we just want to talk to you about Hiroaki.

We got to talking with her.

Exhaust: Listen, you really need to get back with your husband.

Lynn: Let me handle this, Exhuast.

Exhaust: Okay, then.

Lynn: (to Nancy) Divorce + Yelling = T.K. and Matt being unhappy.

Nico: That's a little too short. You see there's a reason why T.K. and Matt were like that.

Nico told them what they learned from him when they were inside that cave.

---

Wandering down a dark cave, Matt begins to despair and feels that he has been a poor brother and friend. Despite Gabumon's protests, Matt thinks that Tai is better at being a brother to T.K. than he ever was. Matt tells Gabumon to go away and dismisses him. Gabumon bites Matt on the leg to get his attention and says that if he really wants him to go, he will, but Matt tells him to stay. Matt then says that he's always felt alone and that after his parents divorced, he pushed people away and wouldn't let anyone see him cry. Due to Gabumon's companionship, Matt begins to see that he isn't alone after all and that he does have friends.

---

Nancy and Hiroaki were shocked and then Nancy had tears streaming down her face.

Nancy Takaishi: (Voice Breaking) Matt, T.K., is that how you both really felt when we divorced?

Matt: Yeah mom. I always felt like I was a loner and that Tai was a much better brother to T.K. than I ever was. I would always pushed my friends away because I didn't want anyone to see me cry. I've always felt alone ever since you divorced and separated me.

Me: Matt you know that's not true. You are an awesome older brother and you've always been there for him no matter what. Just remember that you are never alone as long as you have those that care about you like Sora, Tai, and all of us including Gabumon and Nico.

Nico: That's right Matt.

Nancy Takaishi: Oh Matt. (Crying) I'm so sorry!

Matt: Oh mom it's not your fault.

Hiroaki: Oh honey.

Nico: Nancy, Matt and T.K. both went through so much ever since what happened at Highton View Terrace.

Trailbreaker: (to Lynn) I didn't know math could be used like that.

Lynn: Hey, I know a little about math too.

Lisa Loud: And I've been helping her out.

Lynn: Yep.

Sasuke: Matt I completely understand how you feel. When Itachi killed my clan all because of the corruption in the village I felt the same way you were feeling. I wanted nothing to do with Friendship all because it was a waste of my time and that the only things that mattered to me was power and getting stronger and all to get revenge. But I realize that I was being lead down a path to my own destruction. I thought that getting things done alone was the only thing that mattered. But now I know that getting things done all by yourself can only do so little. Friendship is one of the greatest strengths you can get. Never push your friends away and all those you love. They are what keeps you strong and willing to go on. You love T.K. just as much as Tai likes him as a brother figure as well.

Vegeta: That's right Matt. I too know how you feel too. When I first met Kakarot and he beat me in our first battle, I felt so weak and inferior that I always wanted a rematch to show that I will always be more powerful and the best. But every time I tried, Kakarot would always be stronger than me. Kakarot has always been like this, ever since the day I first met him; always ready to meet the next challenge, even if it's bigger than he was… It was the same on Namek. He had improved so much that it made Recoome like he was standing still. His power had increased so dramatically since our battle on Earth that I thought he had done it, I thought that he had become a Super Saiyan! It tore me apart! How could a low-class soldier accomplish so easily what I… I had to struggle my whole life to achieve!? After three millennia, it has finally happened; a new Super Saiyan has emerged, and, somehow, I had become this pauper's witness back. Then at last, it happened. I too transformed. After living every moment of every day for the singular purpose of surpassing him, I finally became a Super Saiyan myself, the Prince had reclaimed his throne and fulfilled his destiny. But no matter how strong I became, Kakarot's power still exceeded mine. At first, I thought it was his loved ones; that it was his instinct to protect them that spurred him on and pushed him beyond him limits. But then I found myself with a family of my own, and my power… didn't increase at all. I used to fight for the sheer of pleasure of it; for the thrill of the hunt, oh I had the strength unmeasurable - I spared no one. And yet, Kakarot showed mercy to everyone, even his fiercest enemies, even me! Yet, he never fought to kill, or for revenge. Only to test his limits and to push himself beyond them, to become the strongest he could possibly be. How can a Saiyan fight like that and at the same time be so gentle that he wouldn't hurt a fly? It made me angry just thinking about it! But, I later found out that it was my anger and my lack of friendship that has made me blind to the truth for so long. It was thanks to friendship and love that I got stronger and I realize that now. Never do what I once did Matt.

Matt: I won't. Thanks guys.

Nico: Wow that was very powerful and motivational.

Eli: It sure was.

We got Matt and T.K.'s parents back together and they were happy again and Hiroaki tried to make sure that he didn't work too hard from then on.

Now it was time for our mission. We were getting ready to meet Nate Adams and his friends.

Volcana: Time for another special mission.

Nico: Yes it is. Lets get ready everyone. We're going to Peanutsburg to see Nate, Katie and Whisper.

Twilight Sparkle: All right! It'll be great to see them again.

Rainbow Dash: It sure will be awesome. I can't wait to see if they caught new Yokai since we met them the first time.

Fluttershy: It'll be amazing to see.

Then Multiple Man, Deker, Baron Mordo, Red X, General Schwarz, Johnny 13, Electropede, Hsi Wu, Diabolico, and Kerbero Gangan appeared.

Baron Mordo: Can me, Multiple Man, Deker, Red X, General Schwarz, Johnny 13, Electropede, Hsi Wu, Diabolico, and Kerbero Gangan go with you this time?

Nico: You all sure can. Now we're going to head to Peanutsburg. The time has come for us to all help Nate, Katie and Whisper take down one of their most dangerous enemies. And I know just the one we're going after. We're going after Dame Dedtime.

Brittney gasped when she heard that name!

Brittney: I can't wait to kill that monster!

Nico: Sounds like you have a really bad history with her Brittney.

Brittney: We don't just have a really bad history with each other. We are immortal enemies.

Eli: What did she do to you Brittney?

Brittney: It's not what she did to me. It's what I did to HER.

Brittney went over her history.

---

Dame Dedtime is a Boss Yo-kai presumably of the Wicked tribe. She is the main antagonist of the Yo-kai Watch 2 video game and the first movie.

Dame Dedtime has another form, called Dame Demona (Japanese: スベテ・ウバウネ Subete Ubaune).

In Yo-kai Watch: Wibble Wobble, staring from On the Brink of Rampage?! Limit Break! ~~Rampage Climax~~ event, her normal form is recruitable in her Boss form, and is a Rank SSS Yo-kai of the Shady tribe.

Dedtime resembles a large, elderly woman with greyish, wrinkled skin with black-shaded facial features, greyish-blue long nails and violet hair styled in a courtesan-like fashion, complimented by a golden hairpiece with two scarlet threads which end in golden tassels. Her attire gives her a regal appearance: she wears an orange noblewoman suit with a layer of lighter-shaded orange cloth under that and another dark-green layer underneath it, fastened by an orange obi. She also wears a black haori lined in gold and carries a violet cane resembling an hourglass with a lime-green handle.

After becoming Dame Demona, her body becomes serpentine-like and coiled, fuchsia in color. She gains four arms garbed in a black jacket. Her face becomes more beast-like with her eyes becoming pure red and circled by blue lines, and her head gains a set of eight hairpins below her hairpiece, with her hair becoming fuchsia-colored and ending in the sides with two spiked wing-like braids.

In the movie, there is another form, Kyodai Ubaune (Japanese: キョダイ ・ウバウネ Kyodai Ubaune), who is composed up of tiny Dame Demonas, and the overall shape of her body resembles a serpentine creature.

In Yo-kai Watch 2: Psychic Specters, after becoming Dame Deartime (Japanese: きれいな・ウバウネ Kireina Ubaune), her hair takes a light lily-like color, her face loses the black shades and has a more gentle expression.

Dedtime was once a living human in the past, named Madame Otoki (Japanese: おトキ Otoki), and one day was accused of a crime she did not commit. She was arrested and left to die in jail for the rest of her life. Coming back as the Yo-kai she now is, Dedtime plots her revenge by taking the time of other humans and destroying them. Dedtime is shown to hold a deep grudge for humans due to the long time she spent in prison when she was alive; in her own words, since she was robbed of her precious time, she will do the same with the time of everyone else.

Dedtime does not seem to understand the bonds between humans and Yo-kai, which lead to her desire of preventing the creation of the Yo-kai Watch 60 years ago and is further evidenced by her creation of the Wicked tribe Yo-kai in order to sever the bonds between humans and Yo-kai and between themselves by sparking the war between the Fleshy Souls and Bony Spirits armies and infecting the humans during the 60-year lapse.

Her negative qualities are further enhanced when she becomes Dame Demona by robbing humans of their positive feelings.

In Psychic Specters, she eventually has a change of heart - which is made more noticeable by her conversion into Dame Deartime upon realizing Senkichi (Japanese: 仙吉 Senkichi) was waiting for her to return to him, alone; she still had him and his hatred for humans was unfounded.

She also has a tendency of saying "dun dun dun!" (Dayyo~n in Japanese, which while not having a particular meaning, it sounds like the English word "die," so it's probably translated as words like "Die!", "Death!", etc (だっヨ〜ン).

Dame Dedtime has the power to create Wicked Yo-kai by farting, which tends to disturb opponents. She can also destroy weaker Wicked Yo-kai and hurt the ears of her enemies with her loud shouting, which is similar to a sonic blast, but still audible enough to human ears. When she gets mad enough, she transforms into her final form. In the movie, however, this final form is tiny, but she also multiplies herself to be able to form a giant monster. She can also blast red energy from her cane and can heal herself using the Giant Clock.

---

When she was done telling us about her history we were shocked!

Nico: GEEZ!

Brittney: Yeah. I pissed her off by stripping her of her powers and her watch and making them my own. Minus the power to make new Yokai by farting.

She pulled out the watch.

Brittney: Without this watch, she is completely powerless.

Plant Man: Why do they call it Peanutsburg?

William: Maybe because they sell peanuts.

Nico: I don't really know myself but it does sound interesting.

Twilight Sparkle: It sure does.

Brittney: But I can't wait to kill that monster. But you know what, I'll let Twilight Sparkle and Nate do that.

Nico: Good idea.

We were off to Peanutsburg.

## PEANUTSBURG

We arrived in Peanutsburg.

May: Here we are.

Nico: Yep. Welcome to Peanutsburg.

Twilight Sparkle: This is gonna be so awesome to see Nate and Katie and Whisper again.

Me: It sure will be awesome. We owe them big time for helping us out during the mission to kill Wild Card.

Nico: That's true. That was so awesome. They helped us kill Tyrian Callows actually.

Pyrrha: That was awesome.

Me: Yep.

We walked around and then we heard Lori cut the cheese really loudly.

FFFFFFFFFAAAAAAAAAAAAAAARRRRRRRTTTTTTT!

Nico: Oh man! Lori is your butt acting up again!?

Lori: That was my shoe!

Eli: Yeah right.

We then saw Nate, Katie and Whisper.

Red X: Yo. You must be Nate.

Nate Adams: That's right. (Sees us) Wow hey guys!

Twilight Sparkle: Hey Nate.

Nate and Twilight hugged.

Nate: Awesome to see you here sis!

Twilight Sparkle: Same here Nate.

Rainbow Dash: Awesome to see you again little bro.

Nico: We owe you big time for helping us deal with Wild Card and helping us Tyrian Callows.

Nate: No problem Nico. Wait. You're leading now?

Nico: I've been promoted to full time leader.

Me: I gave him the promotion because he earned it. He showed incredibly amazing leadership capabilities during the major events that happened last year.

Nate: Wow that is amazing!

Guts Man: (to Katie) I can't believe you bit Tyrian's foot off.

Katie Forester: Not my best idea.

Eli: But that was really awesome!

Katie Forester: Who was Tyrian Callows by the way?

Pyrrha: Right you would not like him. He is what everyone on Remnant calls the personification of Homicidal Mania. He is a monster that wanted nothing but to see the entire planet burn.

Pyrrha went over his history and it was not pretty.

---

Tyrian Callows is a major antagonist of the American animated webseries RWBY. He is a serial killer and a member of Salem's Faction. He's the main antagonist of Volume 4 and one of the main antagonists of Volume 7 (alongside Arthur Watts) as well as the archenemy of Qrow Branwen.

He is voiced by Josh Grelle, who also voices Demigra and Yukiteru Amano.

Past

In the past, Tyrian was a known serial killer who killed people across Remnant. He was eventually arrested, but his transport to prison was attacked by Grimm and he escaped. Likely as thanks to the Grimm's leader Salem, Tyrian swore allegiance to her and regarded her as his queen.

Volume 4

In "The Next Step", Tyrian attends a meeting at Salem's Domain along with Watts, Cinder and Hazel. Tyrian encourages Cinder to seek revenge on Ruby Rose for the loss of her left eye. Salem later orders Tyrian to continue his search for the Spring Maiden. However, upon hearing Cinder's concern about Ruby, she reassigns him to track Ruby down and bring her back alive. Tyrian promises to take one of Ruby's eyes for Cinder before bursting into maniacal laughter.

In "Menagerie", Tyrian arrives at Higanbana and asks a waitress for information on Ruby's whereabouts.

In "Tipping Point", Tyrian intercepts Team RNJR at Oniyuri and attacks them. When questioned about who he is, Tyrian tells them that his name doesn't matter and he's only interested in Ruby, whom he declares will be coming with him. During their fight, Tyrian reveals he is a scorpion Faunus, which makes Ruby question if this is about the White Fang or Roman Torchwick. Tyrian calls them nothing but pawns and states that he only serves his "goddess". Despite Team RNJR's efforts, Tyrian easily defeats them and incapacitates Ruby. However, before he can strike her with his stinger, Qrow Branwen intervenes and blocks the attack.

In "Punished", Tyrian has a quick talk with Qrow before engaging him in battle. Ruby attempts to rejoin the fight despite Qrow's warnings and Tyrian knocks her into an unstable building; causing Qrow to come save her from falling debris. Tyrian takes the opportunity to strike Qrow across the abdomen with his stinger; poisoning him. However, Ruby severs Tyrian's stinger from his extended tail with Crescent Rose, causing him to scream in pain. Surrounded and too injured to continue fighting, Tyrian flees the area, hoping Salem will forgive him for his failure.

In "Taking Control", Tyrian returns to Salem's Domain and grovels before Salem. He tells Salem that though he failed to retrieve Ruby like she asked, he managed to poison Qrow and remove him as a threat; asking if he's still pleased her with this action. Salem nonetheless expresses disappointment in Tyrian, causing him to break down into tears and bawl. When a nearby Beowolf attempts to attack him, Tyrian viciously kills it before taking his grief out on its corpse; stabbing it repeatedly as his cries turn into maniacal laughter.

Volume 5

In "Dread in the Air", when Salem hears that Qrow is alive and well, she orders Cinder to summon Tyrian to her conference room so that she can "have a word with him".

Volume 6

In "So That's How it Is", Tyrian returns with a new mechanical tail made by Dr. Watts. He mocks Hazel, Mercury Black, and Emerald Sustrai on their defeat at Haven Academy, enraging Emerald when he mocks the supposed death of Cinder. She threatens him and cuts his face, but he only laughs manically. He later attends a meeting called by Salem, where he offers to stop the Beacon students from delivering the Relic of Knowledge to Atlas. However, Hazel reveals that Ozpin is still alive, prompting Salem to dismiss Tyrian and the others before unleashing her rage.

In "Lost", Tyrian gives Emerald and Mercury some advice about how far they want to go, before telling them that he and Watts have been assigned to a special mission to go to Atlas.

Volume 7

In "A New Approach", Tyrian and Watts have a brief argument via earpieces. Tyrian expresses worriment that he and Watts will be recognized by the Atlas security. Watts reassures him by telling him the security code in Mantle is outdated, allowing the scientist to hack the security cameras, and allowing both men to walk freely.

In "Ace Operatives", Tyrian corners Forest in an alleyway. Forest asks who the scorpion Faunus is. Tyrian responds to the question that he's someone like him, someone who wants to mix things up around Mantle. Afterwards he proceeds to kill Forest.

In "A Night Off", Tyrian and Watts sabotaged Robyn Hill's victory party. With Watts cutting the power and altering the security camera footage, Tyrian was free to kill as many of Robyn's supporters. He attacked Fiona, Robyn's right-hand woman, and then made his escape. With Tyrian gone, Watts switched the lights back on. The survivors of the ordeal seeing Penny on the stage with Robyn, they quickly placed the blame on her.

In "As Above, So Below", Tyrian drops down from the rooftops. He and Watts watch as the citizen of Mantle riot and loot the stores as well as destroy the paladins.

In "Out in the Open", Tyrian and Watts watch Ironwood and Robyn Hill expose the truth about the recent murders and their plans to divide the people of Mantle. Watts looks at the schematics in making Amity Colosseum a communications tower, and is dumbfounded how those plans had gotten past him. Tyrian becomes enraged that their plans failed. Watts goes to sabotage the colosseum, Tyrian is sent to create more tension and chaos in Mantle. Later, Tyrian corners Robyn in an alleyway, dodging, and catching her crossbow bolts. Tyrian charges at Robyn, but is interrupted by Qrow and

Clover.

In "Gravity", after Clover tell Tyrian he is under arrest, he begins to cackle insanely. In response, Qrow charges at him. Tyrian blocks and counters their attacks. With Qrow fighting on the offensive, while Clover, and Robyn providing support. They quickly overwhelm Tyrian, which causes him to burst out into maniacal laughter. Robyn shoots a crossbow bolt at him, he catches it in his teeth. Suddenly, the bolt explodes, dazing him, and depleting his aura. While on the ground he chuckles at Robyn as she approaches, she then kicks him in the head, knocking him out. Much later during the time Ruby is exposing Ironwood's plan to her companions, Tyrian is seen on the bullhead airship, tied up, and sitting next to Clover, Robyn, and Qrow.

In "With Friends Like These", after hearing Ruby exposing Ironwood's plan to abandon Mantle. On everyone's scrolls a warrant is out for team RWBY's arrest, including Qrow. Robyn becomes enraged at Clover for following Ironwood's orders. As tensions between Clover, Qrow, and Robyn rise. Tyrian bides his time and waits for them to attack each other. Qrow tries to de-escalate the hostility, but his pleas fall on dead ears. Robyn fires a bolt at Clover, but the latter blocks it. Tyrian is accidentally freed by Clover's fishing hook, he sneaks off, kills the pilots, and sabotages the controls of the manta.

As Qrow and Clover begin to fight one another, Tyrian "regains" consciousness. He removes the bolas from his wrists by dislocating his thumb, then popping it back into place. The two stop for a brief moment, but Tyrian interjects and tells them not to stop on his account. Qrow angrily responds to his second opponent and charges at him. Tyrian, Qrow, and Clover fight one another. Qrow angrily claims he and Tyrian have a score to settle, Tyrian calmly agrees. Tyrian then suggests they "put the kid to bed before they finish it." Qrow agrees to the serial killer's suggestion and the two go after Clover.

During the fight between the three, Tyrian and Qrow gain the upperhand, Qrow loses his sword, but goes in and punches Clover in the stomach. His punch causes Clover's aura shatters. Qrow demands why he's following Ironwood, Clover responds he owes the general his life. His life his cut short when Tyrian runs Qrow's sword through the leader of the Ace-Ops' back. In mock sympathy, Tyrian tells Qrow it doesn't look like Clover is going to make it. Enraged, Qrow screams he is going to kill Tyrian. The scorpion Faunus sadistically responds just like the way *he* killed Clover. Tyrian tells Qrow their score will have to wait and leaves Qrow and Robyn to the authorities.

Volume 8

In "Divide", Cinder returns to Salem with Neo and with the Relic of Knowledge in their possession. Cinder takes all the credit for stealing the Lamp from Ironwood, Tyrian steps out from the shadows, insulting the Fall Maiden, telling her she isn't cunning, but that General Ironwood is an idiot. Cinder retorts, telling him that he and Watts were both outsmarted by the General. She sarcastically tell him it's a shame that Watts never made it back. Tyrian states the doctor was a necessary sacrifice and hopes that Neopolitan isn't another. Salem asks Cinder who her new partner is, upon which Cinder answers her master, stating that Neo is a valuable asset. Moments later, Hazel, Emerald, and Mercury arrive. Emerald sees Cinder and starts to run towards her, expressing relief she's ok, but Cinder chastises her subordinate. Tyrian proceeds to insult Emerald, saying she shouldn't put her faith into someone so incompetent. The Faunus proudly exclaims while he and Watts were causing strife and chaos amongst the citizens of Atlas, Cinder was merely atoning for her past failures. Cinder states Penny had gotten in her way during her personal mission in stealing the Winter Maiden powers, and says she will take what is hers. Salem then demands Cinder to know her place, and while she is more valuable to her than a pawn, she is not a player in this game. Salem waves her hand, and her subordinates immediately leave.

In "Midnight" Tyrian shows Salem (via scroll) texts that state that Arthur Watts has managed to hack Penny while kneeling before Salem (along with the rest of her subordinates). He gleefully watches Salem briefly torture Cinder via her Grimm arm and then watches Hazel slam Oscar into the ground of the Monstra, after Oscar declares that aiding Salem in her plans will "bring about the end for all of them".

In "War", Tyrian happily debunks Mercury Black's argument that "Salem is not ending the world" after overhearing Emerald and Mercury's conversation, and states that her destructive intentions were obvious, before leaving with Mercury to go to Vacuo under Salem's orders.

---

When she was done, Nate, Katie and Whisper were horrified and shocked!

Katie Forester: Whoa he was a monster!

Nate Adams: Yeah and he killed you before Pyrrha!?

Pyrrha: Actually Cinder Fall killed me. But J.D. brought me back to life.

Me: I sure did.

Nico: But Tyrian got what was coming to him. I hated that monster.

Salem: Yeah in all honestly I did not like that guy.

Emerald Sustrai: Me neither. He was pure evil.

Girl Jordan: I call him the Cletus Kasady of Remnant.

Nico: Yeah no kidding.

Poromon brought out 3 beer bottles.

Nate: What are those?

Poromon: 3 bottles of beer!

Diabolico: (to Whisper) Yokai like you can have human food and drinks, right?

Whisper: Actually I'm a ghost and I can't eat anything.

Nico: Poromon we told you not to offer beer to kids.

Nate Adams: Yeah we can't drink.

Katie Forester: We're too young.

Poromon: Oh right.

Nate Adams: You guys let Digimon drink beer?

Nico: Don't ask.

Tarantulas: Hard to imagine there are creatures here that are similar to Pokemon.

Katie Forester: It sure is awesome. (Realizes) WHOA! Did that huge spider speak!?

Nico: It's all right Katie. Tarantulas is a transformer. He is one of the Predacons.

Katie Forester: Whoa!

Tarantulas: It's a pleasure to meet you. Watch what I can do. Tarantulas, TERRORIZE!

He transformed!

Nate Adams: Oh wow! That is cool!

Nico: Yep. We know many Transformers. They are great friends.

Nate Adams: Awesome!

Tarantulas: It sure is. Beast mode!

He returned to a spider.

Deker: We have a habit of bringing Cybertronians on every mission.

Nico: Yeah and it's really cool.

Nate Adams: That sure is awesome.

FFFFFFFAAAAAAAAAAAAAAAAAAAAAAAAAARRRRRRRRRTTTTTTTT!

Lori then farted again really loudly and Leni and Luna were coughing and gagging!

Lori: IT WAS MY SHOE!

Nate Adams: Looks like a Yokai is at work.

Then he activated his Yokai Watch and shined the light on Lori and then it showed a Yokai and we saw that it was CHEEKSQUEEK!

---

Cheeksqueek has a pink, peach-shaped head with rosy cheek marks and a single swirl of hair on top. His eyes are squinted and he has two tiny nostrils. He wears a light brown bib with the he (へ) character on it, and a pair of baggy green pants with darker vertical stripes. His limbs are proportionally thick to the rest of his body.

Cheeksqueek is a mischievous Yo-kai whose uncouth pranks and habits garner him the dislike of others.

Cheeksqueek can make people gassy by spraying an orange mist from his mouth. He can even propel himself by means of his own flatulences.

Cheeksqueek first appears in Yo-kai Cheeksqueek, in which he uses his power on Katie, much to her embarrassment. Upon being confronted by Nate, Cheeksqueek switches target to him, making him fart multiple times despite his earnest attempts to dissimulate it. Chasing him to the school's roof, Nate first summons Jibanyan, but Cheeksqueek is quick to inflict him with the same misery. He then summons Robonyan, who first tries silencing the sound, then changes the smell to roses, sending it Cheeksqueek's way. He finally stuffs a roasted sweet potato in his mouth (a food known to give gas when eaten in excess) to cause him the same embarrassment he's been inflicting on others. Having been put to shame, Cheeksqueek gives Nate his Yo-kai Medal.

---

Nico: Whoa he looks like a buttface!

Nate Adams: That's Cheeksqueek!

Katie Forester: Not this rotten tooter again.

Me: Maybe I can light his farts on fire to make him feel the burn!

Luan: (Laughs) Good one J.D.!

Me: That wasn't a joke but thanks Luan.

He farted and I fired a blast of fire and it hit his gas and ignited him and burned him.

Astrotrain: Think we can catch this one?

Twilight Sparkle: Only those with the Yokai Watch have the power to tame them.

Astrotrain: Oh right.

Cheeksqueek gave Twilight her Yokai Medal.

Nico: Awesome. But I think you already have a Cheeksqueek medal Twilight.

Twilight Sparkle: Yeah I do. Katie should have this one.

Katie Forester: Thanks Twilight.

Kerbero Gangan: You think this is a wild one like most Wild Pokemon?

Nate Adams: It might be.

Nico: But I think it might be the work of Dame Dedtime. She has the power to make wicked Yokai just by farting.

Brittney: And I am after her too. She and I have a deadly history. I stole all her powers and made them my own.

Jungle Fury Jarrod: Wait. This morning before we went out. Cheeksqueek was the one who made Lori fart!

Nico: Actually she was eating her bean chips again.

Lori: I keep telling you it's my shoe!

Nate Adams: She always like this?

Nico: You have no idea. Whenever she farts she always denies it and blames it on something else. She has a really explosively gassy colon.

Lincoln: Its been a big problem for us.

Luan: Her farts are so bad that not even a skunk would go near them.

Katie Forester: Well, even without her powers, Dedtime is still dangerous. She even hired someone called Agent X.

Johnny 13: Sounds like a rogue secret agent.

Nico: I was just about to say that. Lets see here.

Nico looked him up.

---

Agent X (Japanese: インジャネーノ Injanēno), also known as The Executor (Japanese: 魔・インジャネーノ Ma Injanēno), is a Boss Yo-kai and the secondary antagonist in Yo-kai Watch 3, being one of the Ghoulfamily's executives and the main antagonist of Nate's plot line.

A pale purple humanoid Yo-kai, Agent X has long, green hair, wears a black fedora with purple rimming, a lilac purple collared long sleeved shirt with a purple tie, a black trench coat, black gloves, black pants, and black shoes. Agent X's true form, The Executor, has, even longer hair with purple tips. He now has a facial mask, pointed ears large purple hands, and the ends of his sleeves are ripped and longer. The lower half of his body has turned into a substance that resembles slime, with a single eye with an orange iris, slit pupil, and pale yellow sclera, sitting at the bottom.

Agent X appears to have a certain level of physical strength, using punches to attack, sometimes going as far as turning his arms into their true forms for especially strong attacks. He can also create green flames to attack his opponents. These flames can be used to trap one of the enemy Yo-kai, too.

Agent X is best friends with Rongo Swirll. According to the latter, Agent X never had any dreams of his own, until they were both taken under the Ghoulfather's wing, becoming part of his Ghoulfamily. Eventually, trying to fulfill the Boss' dream became his own dream. Agent X was also the only person to whom the Ghoulfather spoke about his past.

Profile

Agent X appears in Chapter 4, where Nate and Buck spot him in Gloombell Forest.

Buck notes that he had run into Agent X before, and at the time he had gotten angry and started chasing him. Therefore the two try their best to not be spotted by him as they're collecting parts to build a raft with, but ultimately Nate gives away their position by being too loud.

When he approaches them, the Yo-kai Watch reacts to him, revealing to them that he is a Yo-kai, and a boss battle ensues. Nate's team does well against him in his first form, but his true form proves to be too much for them. It is not until a hooded figure appears and gives the Yo-kai Watch Dream to Nate that they are able to beat him.

He is encountered again in Chapter 5 and 8, with the former also featuring another battle with him.

His final appearance is in Chapter 10, where he is the last enemy encountered before facing the Ghoulfather himself.

After being defeated in Chapter 10, he will explain the Ghoulfather's backstory and his history with him, before fading in a green light, implying that he died.

Nico: Whoa! He sure looks dangerous.

Nico showed his picture to Johnny 13.

Johnny 13: Wow he DOES look like a secret agent.

Me: Yeah he sure does.

Tundra Man: Nate, maybe the Yokai you have can help us.

Nico: I agree. They all can help us.

Nate Adams: I think that's an awesome idea.

Katie Forester: We all can use the Yokai to beat Dame Dedtime.

Electropede: You think you can call them out?

Nate Adams: Sure. I SUMMON JIBANYAN!

He summoned one of his Yokai Friends, Jibanyan! He looked like a red cat with two tails that had blue fire on the tips.

Jibanyan: Hey there.

Lola: (Gasp) (Squeals) You are so adorable!

Lola pet and cuddled him.

Me: He's a Bakeneko, the Spirit Cats of Japanese Folklore.

Nico: That's really cool!

Laney: He is so cute.

Lana: Yeah he is.

Indigo Zap: Listen, we need your help.

Jibanyan: You want me to help you all take down Dame Debtime. Count me in!

Me: Wow that was easy.

Nico: Yeah it sure was. This is gonna be awesome.

Our stomachs growled.

Nico: Oops. (Laughs) We should get some grub before we go.

Nate Adams: Yeah we are a little hungry.

Nate summoned the other Yokai and so did Katie.

General Schwarz: (to the other Yokai) Look, we're not promising that everyone's going to make it out alive. But if you guys are with us, we really could use the help.

Jibanyan: Don't worry we're with you all.

They all agreed.

Nico: Schwarz calm down. Now lets get some food in us before we head out. We can't fight on an empty stomach and after lunch we can show you all our power in the usual battles.

Nate Adams: Awesome!

Katie Forester: This is gonna be amazing to see!

Nico: It sure is.

Laney: Yeah.

Nico: (to Ish and Shu) I hope you guys aren't mad at me for being leader.

Ish: Not at all. We knew this was gonna come soon.

Shu: Yeah you earned this position.

Me: Yeah you earned it fair and square.

Nico: Thanks guys.

Tricloid: Nico, which Gene Slammer do you think you'll meet on your next rescue?

Nico: Hmm. I'm hoping for a Piscciss Volann to appear next.

Me: Whoa an underwater rescue this time.

Laney: That's gonna be cool. So Luna, Girl Jordan, Maria, Bai Tza or Ariel and the mermaids will go with you next.

Nico: Yep.

Hsi Wu: I'm gonna fly in the air and see if that hag will make a move.

Nico: Okay. Be careful.

Hsi Wu flew off and flew to spy on Dame Dedtime.

Nico: Now we can get some grup.

Nico used his imagination powers to make an awesome burger all you can eat buffet.

Nico: Lets eat.

We to eating.

We were having a really nice lunch and it was really awesome and tasty.

Nate Adams: Wow these burgers are delicious.

Katie Forester: Boy they sure are. Whoa is that a burger stuffed inside this burger?

Nico: Yep it's called the Ulti-Meatum. It used to come from a fast food truck.

Nate Adams: Wow that is cool! And the ketchup on these burgers is awesome.

Me: Yep it comes from the Himalayas.

Katie Forester: Wow that is awesome. Taste the spices in it.

Nico: Yep.

But then Captain Cold, Comic Book Guy, Number 7, Arbormon, Grumblemon, Xaldin, Skinner, Stinky Butt, Melter, and Carly Atlas appeared.

Nico: Captain Cold, Comic Book Guy, Number 7, Arbormon, Grumblemon, Xaldin, Skinner, Stinky Butt, Melter, and Carly Atlas.

Stinky Butt: Looks like you guys are having an awesome lunch.

Nico: We sure are.

Nate Adams: Wow are they the Masters of Evil?

Carly Atlas: We sure are.

Katie Forester: Awesome!

Jack Atlas: Carly is my love.

Carly showed her ring.

Katie Forester: Awesome!

Me: They got married after we saved the world from a massive asteroid that was going to smash the planet into space dust.

Nico: That was awesome. But it's good you all came guys.

Captain Cold: So those are Yokai, huh?

May: They sure are.

Comic Book Guy: Just like Pokemon and Digimon.

Number 7: Well, they do have similarities.

Me: They sure do.

Arbormon: (to Nico) We heard you went after the alien chicken.

Nico: We sure did.

Grumblemon: Was it the one in our team?

Nico: No thank goodness.

Ship Org then appeared.

Leviathan: Ship Org.

Ship Org: Sorry we haven't battled in a while, lass.

Leviathan: It sure has been a while.

Me: Many moons actually.

Nico: Yeah no kidding.

Comic Book Guy: We have a bunch of new recruits for you all too.

A bunch of figures came out and we saw The Creeper, Norm, Trifire, Mad Mike the Pizza Chef, BLAMMO from episode 14 of Super Ninja Steel, Nayzor & Mandilok from Wild Force, Two-Bad who is another one of Skeletor's former minions, Sellon who is one of Barodius's followers, Hot Rodney, Trapsaw from Episode 10 of Ninja Steel, May Kanker and Prince Diamond!

* * *

Blammo

Blammo is a known terrorist who was wanted for 73 unauthorized uses of explosives on the run from the law. Blammo first appears on the Galaxy Warriors stage as he shows off his powers to the crowd but a space police officer named Sheriff Skyfire appears and prepares to arrest him for 73 counts of unlawful use of explosives. Though right before he could put Blammo in chains, Madame Odius appears and then asks the Sheriff to get the Rangers saying that they "stole her" Prism. Once he leaves, she frees Blammo. He then teleports to the Rangers, hides out, and puts a bomb in a garbage to destroy them. However, the bomb was accidentally taken by Clint, but they stop it from harming anyone. Now angered, Blammo then teleports to where the Rangers and Clint are and after Clint leaves, he prepares to fight them and Sheriff Skyfire, who realized Odius had lied. He was overwhelmed by the Ninja Steel Rangers and Skyfire and his Justice Strike before Brody morphed into Lion Fire

Red. He was about to perform the Lion Fire Flame Strike when Skyfire handed over his sword. Blammo is destroyed when Brody performs the Lion Fire Justice Strike Final Attack. He is gigantified and the Rangers call upon their Blaze Zords to form the Ninja Blaze Megazord and take him on. Blammo is able to block the Blaze Zord Fury Punch and jump onto the Megazord to try to use his weight to sink it into the ground which worries Skyfire. However, they use the Ninja Blaze Fireburst to knock him off. Before Blammo can fully recover, Brody calls in the final attack and the monster was struck by the Ninja Blaze Megazord's Ranger Blast Final Attack. As the Power Rangers declare victory, Blammo face-plants and explodes.

Nayzor

Appearing in the first part of the seven-part Zen-Aku story arc "Curse of the Wolf" he is revived by Master Org to destroy the Rangers and serves as the main villain of the seven-part Zen-Aku story arc, and plans to do so by unleashing Zen-Aku. When Zen-Aku begins to remember who he is, Nayzor modifies his memory so he won't remember.

Nayzor later obtains the Animal Crystals stolen by Zen-Aku and Master Org uses them to create Quadra Org. However, the Org is beaten by the Lunar Wild Force Ranger Merrick Baliton, who also takes out Nayzor. Nayzor's crown is then used by Toxica to become the General Org Necronomica. Master Org later revives Nayzor as **Super Nayzor**, who pounds on the Rangers until his defeat at the hands of the Isis Megazord.

Nayzor is revived a third time (this time in his normal form) during the ceremony of the Org Heart, and is ordered to guard one of the pillars involved in the ceremony. Along with the other two General Orgs he was destroyed when the Rangers used the Jungle Blaster's **Savage Blast** to overcome the Nexus Blade's **Evil Slash** and blast the three Orgs.

Mandilok

Mandilok was revived by Jindrax and Toxica, who had fled from Viktor Adler (who had disguised himself as Master Org all along) and had been searching for an ally. He then confronted Adler who had recently lost his powers and threw him off a cliff, which apparently killed him (but also reawakened the real Master Org that Adler possessed inside).

Mandilok then accompanied Jindrax and Toxica back to the Nexus and assumed command over the Org forces where he even freed Artilla & Helicos. Jindrax and Toxica soon found that their importance had diminished with Mandilok around, and they were reduced to mere servants while Mandilok delighted in treating the Duke Orgs like dirt.

During his time in charge, Mandilok managed to turn Animus against the Rangers, which resulted in their Wildzords being confiscated. However, he was unable to follow through on this, and the Rangers later had their Zords returned to them.

Mandilok was furious that he had been so close to victory only to lose, and laid the blame directly on Jindrax and Toxica rather than himself. When another Duke Org named Onikage arrived, Mandilok threw his full support behind the newcomer and was pleased when he took the initiative and kidnapped Princess Shayla. However, it soon turned out that Onikage was actually working for the newly revived Master Org, who had been in hiding, planning his return. After Master Org's sudden appearance, Mandilok was outraged that Adler had survived and continued to mock him as an Org with another fake horn. However, after attempting to severe Adler's horn, Mandilok's disgust soon turned to shock when it became clear that the horn was real and that Master Org had indeed returned. Regardless, Mandilok refused to bow to Master Org and attempted to kill him to prove that he was the strongest Org, and not the master. This only ended in Master Org exacting revenge for Adler's death; he proceeded to execute Mandilok with a single, but brutally powerful blast which finished the General Org in one hit, destroying him.

Mandilok was soon revived by Master Org, however, to guard the Nexus during the Org Heart ceremony. Mandilok, who was now completely loyal to Master Org, fought the Rangers alongside Retinax and Nayzor. Along with the other two General Orgs, he was defeated again when the Rangers used the Jungle Blaster's Savage Blast to overcome the Nexus Blade's Evil Slash, blasting the three

Orgs into oblivion. Although Mandilok was gone, some elements of his body (most notably the mouth on his chest) reappeared as part of Master Org's ultimate body.

## Trapsaw

Trapsaw is the twin brother of Ripperrat who is introduced by Cosmo Royale on stage for which he attempts to prank him in a trap, only for an anvil to fall on him. He encounters Brody in the city and lays a trap on him but the Red Ranger walks through it and gets Trapsaw hit by a giant wrecking ball. After introducing himself to Brody, Ripcon comes in and scolds him for making him look like an idiot. He then tells the monster to go after the other Ninja Steel Rangers which he does. He has an army of Kudabots attack the Rangers in front of the Ribbon Tree where Preston's father is and annoyed that most people cannot fall victim to the traps he has made because of the tree, he prepares to cut it down. However, Preston's father blocks his path so the monster attempts to slash him but is kicked by Preston.

Trapsaw attempted to flee, but gets "cornered" by the Rangers for he has an army of Kudabots to aid him in battle. The Rangers morph and fight the monster and his Kudabots. Trapsaw does battle with Preston and Levi Weston|Levi]] and gets beaten down by the Rangers. He has the Kudabots help him, but both he and the Kudabots are all obliterated Ninja Battle Morpher Hyper Arrow Blast Final Attack and the Gold Ranger's Rockstorm Blast Final Attack. He gets gigantified and goes on a rampage on the city so the Rangers summoned the Ninja Steel Zords and form the Ninja Steel Megazord to battle him. The monster has the upper hand at first but the Robo Red Zord goes solo and does a Tornado Spin on him, causing him to get dizzy. Trapsaw is then destroyed by the Ninja Steel Megazord's Master Slash Final Attack.

## Sellon (Bakugan)

Sellon makes her first appearance in *Interspace Showdown*, beating an unknown brawler, she is announced over the loudspeaker as the third ranked brawler in Bakugan Interspace. Later, she is seen watching Danand Ben's battle, commenting on Drago's power and how they need to obtain it.

In *Mechtogan Mayhem*, she and her team are seen watching Jack's and Marucho's battle. Later, when Zenthon appears, she steps in to help Anubias although zenthon gets away.

In *Disconnect*, she is seen along with the rest of her team getting ready for a "meet and greet". She also comments on Dan's behavior of not being able to "share the spotlight".

In *Fall From Grace*, she and her partner Chris battled against Dan and Shun in a Tag Team Brawl. They eventually lost because Sellon wanted to win the crowd over first before beating Dan. At the end of the episode, Shun confronted her and she gave Shun a proposition in joining Team Sellon.

In *Tri-Twister Take Down*, she confronted Shun about her offer to join Team Sellon and about how to handle Dan's problems. Later, she watches Shun and Marucho's battle against the Tri-Twisters and disapproves of their underhanded tactics. She later joins the battle with Haos Krowll and along with Anubias and Horridianto defeat the Tri-Twisters.

In *Agony of Defeat*, she watches Anubias go against Dan after she lost to him offscreen. She was shown to be a bit scared and impressed by Dan's full power and left the battlefield with things got out of hand. After the battle she met up with Anubias and told him that his performance will make master Mag Mel pleased.

In *BakuNano Explosion*, she tried to convince Shun to become the new leader of the brawlers and later, when Shun publicly announced that he would take leadership of the brawlers, Sellon said that Shun had fallen for her trap, as she uses him to gain Mag Mel more energy to break free.

In *Return to New Vestroia*, She is shown watching Shun win battle after battle.

In *A Royale Pain*, she makes Anubias realize that their mission in Bakugan Interspace is not to eliminate Dan Kuso and be number one but to revive Mag Mel. "more evil is in bloom" she says.

In *Back In Sync*, she is in a cafe with Anubias. She talks about the wilting rose like the Battle Brawlers; they are falling apart and soon, will disappear and become a memory.

In *Mind Search*, she is seen reporting to Mag Mel about the Capture the Flag challenge and the amount of Chaos Energy going to be created. She is seen participating in the challenge at the end with her BakuNano and her Mechtogan which defeated Trister and Wolfurio, but Boulderon managed to get the flag.

In *Re-connection*, she battles Marucho in the semi-finals of the championship battle but throws the match. She is then sent by Mag Mel to New Vestroia to look for a key where she transforms into her Neathian form.

In *Triple Threat*, she battled Dan, Drago, Zenthon, and Zenthon Titan with three Iron Dragonoids, six Flash Ingrams, Miserak, Rockfist, and Deezall and lost.

In *A Hero Returns*, she and Anubias use their Bakugan to fight Drago and beat him. They then return to Mag Mel.

In *Battle Lines*, Sellon helped Anubias in battle against Dan and Shun using six Mechtogan (both of theirs combined) but failed to win.

In *Unlocking the Gate*, Sellon battled the Brawlers alongside Anubias and Mag Mel with Braxion, Deezall, and Rockfist but ultimately lost when Accelerak defeated Braxion, Swift Sweep defeated Deezall, Infinity Helios and Bombaplode defeated Rockfist, and finally when Drago stops Razenoid taking the Gate from him.

In *True Colours*, Sellon is sent by Mag Mel for retrieving the Key for him. She later reveals to her team and the Brawlers that she's working for Mag Mel and afterwards battles Shun with Krowll, Vertexx, and Spyron but lost when Taylean sent her to the Dimensional Portal with his **Kazami Style Slash Tornado** ability.

In *Dangerous Beauty*, Sellon seems to be punished by Mag Mel for her previous fail and tried to get the key, thinking she could get his wish to watch the outside world. She then lies to Chris, Soon, and the Brawlers about her false sickness, and she takes Dan's Key passively. After she gives it to Mag Mel, he betrays and absorbs her energy resulting in her death.

In *The Final Takedown*, she appeared as a spirit, encouraging Chris and Soon to continue fighting the Razen Titans. This is reduced to just a voice in the English dub.

Hot Rodney

**Hot Rodney** is a villain in the *Super Secret Secret Squirrel* segment of the *2 Stupid Dogs* series.

He and Secret Squirrel were having a drag race and he will do anything to win. He attempted to get Secret Squirrel out of the race by giving him a choice between losing the race or losing Morocco Mole (who was kidnapped by Hot Rodney's monkey henchman) by being blown up on a building far from the finish line.

Secret Squirrel managed to stall Hot Rodney by placing a stoplight in front of him which will remain at stop until Secret Squirrel could rescue Morocco Mole which he did by flipping the switch of the dynamite belt off.

After passing Hot Rodney, he tried to catch up while Morocco Mole threw stuff at him and Morocco accidently threw the engine which caused the good guys to lose the race.

While Hot Rodney was bragging about his victory, Secret Squirrel gave him the dynamite belt as a reward but not before Secret flipped the switch back on and as Hot Rodney drove off he was blown up.

Prince Diamond

As the founding leader of the Black Moon, Prince Demande saw the Crystal Tokyo and the reign of Neo Queen Serenity as an ambition duel to the Legendary Silver Crystal prolonging human life by a millennia. Demande and his followers were lured by Wiseman to Nemesis where they acquired the power of the Malefic Black Crystal.

While the plan was to travel back to kill Neo Queen Serenity when she was Usagi Tsukino, Demande acted in rush to directly attack

Crystal Tower by sending a Black Crystal fragment large enough to level the city. It was then that Demande encountered Neo-Queen Serenity while she was looking for her daughter Chibiusa, becoming obsessed with her from both her glare and witnessing the Legendary Silver Crystal's power before hand.

This obsession included Usagi whom Demande abducted when she traveled from her time to 30th century Japan. Demande held her in Black Moon Castle before she managed to escape with her friends as the palace collapsed when the Malefic Black Crystal Reactor underwent a melt down.

Prince Demande then realizes he was simply being used by Wiseman and revolted against him after feigning to have fallen under his control, forced to kill his own brother while unmasking Wiseman as Nemesis itself. The latter act drove Demande insane, stealing the two Silver Crystals from Black Lady and nearly causing the destruction of space-time continuum were it not for Sailor Pluto's intervention. While the manga has Demande die fighting Sailor Moon and Tuxedo Mask, *Sailor Moon Crystal* depicts him sacrificing his life to shield them from Wiseman's attack.

He was manipulated by Wiseman into attacking Crystal Tokyo and taking over the Earth. Finding Crystal Palace to be invincible, he sent one of his commanders, Rubeus, to the past to take over Tokyo by securing crystal points. However, Rubeus's plans were all foiled by Sailor Moon, and after his death, Diamond sent Emerald into the past to carry out her plan of taking over Tokyo by filling its vulnerable spots with dark energy. After several failed attempts, Diamond called her back.

Diamond is in love with Sailor Moon, and when she and the other Sailor Scouts went with Rini to the future, Diamond tried to hypnotize her into loving him, but Tuxedo Mask stopped him. After Emerald was destroyed, Diamond, Sapphire, Wiseman, and Wicked Lady (Rini brainwashed by Wiseman) traveled to the past and placed a dark crystal in the middle of Tokyo. Diamond's younger brother Sapphire discovered that Wiseman was conspiring against them, and tried to warn him, but was killed by Wiseman. Diamond was angry at Wiseman for this, but didn't believe Sapphire at first.

Sailor Moon came face to face with Diamond inside this crystal, where he unsuccessfully tried to hypnotize her. Soon, he realized that Sapphire was right about Wiseman, and fought him. Wiseman directed a dark spear attack at Sailor Moon, but Diamond jumped in front of her and took the hit. Though he managed to destroy Wiseman's arms (Wiseman came back together), he died from his injuries.

May Kanker

**May Kanker** is the youngest of the three Kanker Sisters. She is in love with Ed, though, much like his friends, he is afraid of her and the other Kankers.

Brody: Blammo and Trapsaw!

Cole: Nayzor and Mandilok!

Sailor Moon: Prince Diamond!

Secret Squirrel: Hot Rodney!

Teela: Two-Bad!

Marie K.L.: May!

Dan Kuso: And Sellon!

Nico: Awesome!

Sellon: Been a while Dan.

Blammo: Been a while rangers.

Nayzor: Things sure have changed.

Me: I remember the 3 of you! Blammo you were a terrorist that was arrested for illegal use of explosives and Trapsaw I see you're back for round 2.

Trapsaw: It's not my turn so I decided to pick an archenemy.

Me: I see. And Nayzor and Mandilok I remember you 2 all too well! Nayzor you were one of Master Org's most loyal Duke Orgs and you are also the one that released Merrick who was ZenAku at the time from his prison after 3,000 years. And Mandilok how can I forget everything you did! You overthrew Master Org when everyone found out he was a in a human shell so to speak! That I can accept because Master Org killed Coles Parents and I will always hate him for that.

Nico: Me too! What you did was totally justified. So thanks for that.

Mandilok: Uh you're welcome.

Nico: Yeah but Toxica is still pissed at you for using her as a shield on a blast meant for you!

Me: I remember seeing that! That was a really dirty move!

Mandilok: Yeah it was. Mistress Vypra reprimanded me for that.

Me: Good she did. (To Sellon) And Sellon weren't you one of Barodius's followers?

Sellon: I was until he betrayed me and he killed me!

We gasped!

Dan Kuso: I remember that!

Me: (GROWLS FEROCIOUSLY)

I growled ferociously and clenched my fist tight and blood poured out between my knuckles and dripped onto the ground.

Me: (GROWLS) If that monster ever comes back I'm going to personally see to it that he gets the Black Gate for all of his crimes!

Nico: (Puts his hand on my shoulder) Easy J.D. Easy. I know he did all kinds of horrible crimes and he does deserve the Black Gate for all his crimes but just calm down and take your anger out on him when the time comes.

Me: (Calms Down) Okay.

Sailor Moon: Prince Diamond. It's amazing you're back.

Prince Diamond: Yes it is. I am now in the Masters of Evil.

Me: We actually found out from Neo Queen Serenity that you were brainwashed by the Wiseman.

I went over everything that happened in the 30th Century and it was horrible!

Nico: Oh man! So the Black Moon Clan was never the true enemy back then! The true enemy was The Wiseman.

Prince Diamond: That's right. He lied to me and my family and used me and them.

Me: I'm sorry Prince Diamond. You have a chance at a better life now.

Marie K.L.: May!

Ed: Oh no!

May Kanker: My honey!

She ran over to him and the Carly pulled out a remote control and pressed a button and then..

ZZZZZZZZZZZAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAA

She was zapped by a shock collar around her neck!

Me: Whoa! She has a shock collar on her.

Carly Atlas: Yep. We put it on her to make sure she doesn't go after Ed or Leni.

Nico: Smart thinking Carly.

Carly Atlas: Yeah.

Marie then went up to May and she was madder than a rampaging bull.

Marie K.L.: You listen to me you Bucktoothed parasite! I am not your sister anymore and you never were after everything you and Lee did! Just like mom was NEVER my mom! I hate you more than all of life itself! I swore that would never be related to you!

Nico: Marie calm down! Getting mad at her is not worth it.

Marie K.L. came back.

We later got the usual battles underway.

It fired blue lasers and lightning blasts and blasted Dame Demona all over the place and smashed her down all over with incredible ferocity!

Nico: Oh that is so awesome!

Laney: Oh yeah!

Me: Now watch this. Tommy, you and the rangers are going to love this one. ZEO SUPER MEGA ULTRAZORD ACTIVATE!

The Atlantis Super Ultrazord activated and the Zeo Zords all combined with it and then it formed into the ultra awesome ZEO SUPER MEGA HISTORY SUPERZORD!

Nico: Oh THAT IS SO AWESOME!

Tecna, Herbie and Maggie just defeated Agent X.

Tecna: (to Agent X) Now, what to do with you?

Agent X: You beat me fair and square. Use my powers well.

Tecna then got her own Yokai Watch and then got Agent X's medal and then he vanished.

Maggie Peyton: Whoa! That was amazing!

Herbie: Yeah it was!

Maggie Peyton: Wow look at that!

They saw the Zeo Superzord!

Tecna: Oh my wow!

Maggie Peyton: That is so cool!

Tecna: What do you guys want to do while waiting.

Maggie Peyton: Lets watch. This is gonna be awesome.

Herbie: Yeah it will!

Dame Demona tried to punch the new Ultra Superzord but her punches were not even making the Superzord flinch.

Nico: Wow not a dent!

Me: Now it's time for you to meet your maker! Get ready guys!

Me and the Zeo Rangers: ZEO EONS SUPERLASER BLAST!

We charged up a powerful blue superlaser blast and then we fired and it hit Dame Demona and she exploded in a massive and powerful fiery explosion that shook the Spirit World and she was banished to the voids of oblivion forever!

We all cheered wildly!

Nico: Dame Demona you have failed this world!

Me: YEAH!

We regrouped and cheered wildly!

Nate: Thanks, guys. With your help, Dame Dedtime is gone for good.

Skinner: Of course she is.

Stinky Butt: Serves her right for making Yokai by farting. Farting's my thing!

Me: Always will be.

Melter: (to Maggie and Herbie) You two helped as well.

Herbie: We sure did.

Nico: We owe you guys big time.

Nate: (to Maggie) Thanks again for your help.

Maggie: It was my pleasure.

Nate and Maggie shook hands while Whisper fist bumped one of Herbie's tires.

Hannah: I think I'm gonna love it here with you guys.

Carly Atlas: Of course you will.

Xaldin: And we'll have more of your friends to meet on the way.

Me: Yep. And we'll be helping you all officially next week.

Maggie Peyton: You sure will.

Herbie: It's gonna be awesome.

G1 Bumblebee: But it's awesome that you are an amazing Volkswagon Beetle like me.

Herbie: It sure is.

?: I will make sure that none of you will leave here alive!

Lincoln: Oh no, one of the Twisted Princesses is here, and I think I know who it is. You can come out now, Twisted Mulan.

A figure came out, and it was none other than Twisted Mulan, the twisted version of Mulan, who has pale skin, tattered clothes, blank eyes devoid of life, she has cuts on her arms and face with blood dripping from the cuts, she has arrows on her body, the tattoo on her arm came to life, and it was none other than Mushu, but he was twisted by her rage and hatred towards the Huns, and the sword is covered in blood.

Nico: Oh man, is that…?!

Allie Knudson: Yeah, Nico, that's the twisted version of Mulan, this isn't good, she's a vengeful zombie out for revenge, and it was because of The Huns that did this.

Me: That's not good.

Lincoln: Sure, we hated Shan Yu and the Huns for what they've done, but, what you've done, Twisted Mulan, you did this out of bloody revenge, and nothing good ever comes from revenge.

Mulan: What happened to her that made her like this?

Mushu: That's what I want to know too.

Shang: Same here.

Helena Nicos-Knudson: You won't like what made her into this, Mulan.

Helena Nicos-Knudson proceeded to tell us about Twisted Mulan, and this would shock everyone.

The Huns invaded and destroyed Mulan's village, killing everyone… including her. Her ancestors send Mushu to retrieve the spirits of their fallen family. Upon collecting Mulan's spirit, she begs Mushu to restore her spirit to her body so she can defeat the Huns and avenge the death of her family. Mushu does so, but in order to bring her back to life, he must fuse his body with hers. When he does, he becomes a living tattoo on her body, his appearance altered by Mulan's rage and hatred for the Huns.

When Helena-Nicos Knudson was done, we were horrified at what happened.

Me: Whoa.

Nico: You said it, J.D. So, when Shan Yu and the Huns invaded, everyone was killed, including Mulan, and in order to get revenged on Shan Yu and the Huns, she begged Mushu to restore her to life, but he also has to fuse with her body to do so.

Lincoln: But, there were also unintended consequences with this revival: Mulan's soul became stained with blood, vengeance, and rage towards Shan Yu and the Huns, and Mushu was also altered, and he was turned into a vengeful dragon, altered by Mulan's rage and hatred towards The Huns.

Twilight Sparkle: In other words, she's become a dangerous zombie who kills and decapitates her victims with bloody fury. There's no way to bring her back to life, the last traces of light and love are gone forever. The only thing I can do is put her out of her misery.

Suddenly, Twilight Sparkle's purple eyes turned neon purple, and she was surrounded by a purple energy aura with purple magic, elemental forces, and Alicorns, she unholstered her Sword of The Knights of The Friendship Table, and as she approached Twisted Mulan, she left purple energy, purple magic, elemental forces, and Alicorns with every step.

Twilight Sparkle: Twisted Mulan, what happened to you was indeed tragic, but what you did in order to get revenge on the Huns, it cost you and Mushu your souls and your humanity. I cannot allow you to roam free any longer, your bloodstained vengeance spree ends here and now.

Suddenly, Twilight Sparkle was surrounded by a massive vortex of purple energy with purple magic and elemental forces surrounding it, there was an Alicorn flying around the vortex, and inside the vortex is a light purple phoenix. Then, as the vortex faded, Twilight Sparkle emerged, but she was changed forever.

IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Twilight Sparkle grew from 6'0" to 6'5" in height, she still retained the body of a goddess, she now had weighted purple bands on her biceps and thighs, and they have silver phoenixes on them, and she has eight large dark purple orbs orbiting around her legs, she has pink highlights in the bangs of her long dark purple hair, she has neon purple eyes and a purple energy aura with purple magic, elemental forces, and Alicorns surrounding her, she has a pinks Alicorn with the Magic Kanji above its horn emblazoned on her forehead, she has on Alicorn earrings with pink jewels for the eyes and the Magic Kanji in its hooves and her Thunderbird Necklace of Eternal Love with purple gems in the gold lightning bolt necklace links and a Thunderbird and Alicorn with the Magic Kanji in its hooves for the pendants, she has on a purple and blue sleeveless shirt with a pink phoenix on it, purple blouse with stars on them, pink pants with elemental forces on them, blue high heels with Alicorns for the belt buckle, and a long dark purple sleeveless trenchcoat with stars, Alicorns, and elemental forces and magic on the coattails, and on the back is an Alicorn with elemental forces surrounding it.

Twilight Sparkle now has massive purple angel wings with pink tips on the large purple feathers, her Sword of Friendship and Sword of The Knights of The Friendship Table merged together, and when it emerged from the kaleidoscope of magic and elemental forces, it was transformed into the Elemental Sword of Magical Friendship, it's a new large sword with a 6'5" massive, wide, double-edged man-sized purple blade with her cutie mark and elemental forces etched on the blade, large purple angel wings for the crossguard, large light purple gem for the hilt, longer black handle, and large faceted purple sphere with surrounding pink gems. Twilight Sparkle as transformed into SUPER ANGEL-ALICORN INFINITY MAGICAL ALICORN ELEMENTAL ANGEL OF MAGICAL FRIENDSHIP AND DIVINE LOVE!

We were amazed by Twilight Sparkle's Super Angel-Alicorn Infinity transformation, and when Lincoln saw her, he had an atomic red blush on his face and hearts in his eyes. But, when Twisted Mulan saw it, she fell into an unholy rage, and Twisted Mushu fired a blast of fire at her, but she fired a blast of water at it, dousing the flames and it hits them both.

Me: (Stunned) Whoa.

Nico: (Stunned) You said it, Colonel. Twilight Sparkle's transformed into her new Super Angel-Alicorn Infinity form, and she's the second of the Mane 9 to transform, awesome!

Lincoln: Wow, Twilight Sparkle, you look beautiful. How do you feel?

Twilight Sparkle: (Divine Echoing Cosmic Voice of Magical Friendship and Divine Love) **I feel incredible, Linky, and now, it's time to put Twisted Mulan and Twisted Mushu out of their misery.**

Lincoln: We'd better make this as painless as possible, Twilight Sparkle.

Lincoln unholstered his improved massive Sword of Universal Hope and Elemental Bravery from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he joined Twilight Sparkle

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **Sorry, Mulan and Mushu, we'll make this as painless as possible.**

Lincoln and Twilight Sparkle went at Twisted Mulan, who swung her sword at them, but they blocked it, and Twisted Mushu fired fireballs at them, but they absorbed the powerful fire, and it made them stronger than ever. Then, Twilight Sparkle and Lincoln fired powerful blasts of rainbow energy, purple energy, elemental forces, and magic at her, and they exploded with incredible power. Then, Lincoln and Twilight Sparkle made a magic circle, which surrounded Twisted Mulan and Twisted Mushu, and chained them up.

Nico: Lincoln, what are you and Twilight Sparkle going to do?

Lincoln: **I looked in my Spellbook of The Gods and The Universe, and I've found a spell that'll undo the binding of Twisted Mulan and Twisted Mushu, but it won't change them back to normal.**

Me: (Stunned) Really?

Twilight Sparkle: **Let's do this, Linky.**

Lincoln and Twilight Sparkle read the incantation from their Spellbooks of The Gods and The Universe, and the magic circle they made around Twisted Mulan and Twisted Mushu began to glow purple, and they screamed with excruciating pain, as Twisted Mushu was then removed from Twisted Mulan and they were bound with rainbow chains made from the magic circle. Then, the blank eyes of Twisted Mulan and Twisted Mushu glowed purple, and their bodes were destroyed. We all cheered wildly for what Lincoln and Twilight Sparkle did, as they holstered their massive swords and power down, and the improvements to Twilight Sparkle's body, clothes, weapons, jewelry, and angel wings were permanent, along with the eight purple orbs orbiting around her legs.

Suddenly, we saw the spirits of Twisted Mulan and Mushu, but they were purified from the hatred and rage that was in them.

Mulan: The spell you both used destroyed their bodies, but it purified their spirits of the hatred and rage that was inside them.

Mushu: Now, that's so awesome.

Mulan 2: I want to apologize for what I tried to do to you all. I was so filled with rage and hatred for the Huns, that it led me to making the choice I made.

Mushu 2: Same with me. I get why Mulan wanted to do this, but there was indeed the consequences in this little resurrection ritual, and I was twisted by the rage and hatred that Mulan had for the Huns, and we became vengeful zombies trapped by revenge.

Lincoln and Twilight Sparkle went up to the purified spirits of Mulan 2 and Mushu 2, and they hugged them, and they returned the hug as they cried. We had tears in our eyes from that sight.

Nico: I can't help but feel sorry for them. What Shan Yu and the Huns did to them in their world was indeed unforgivable.

Me: I agree, and we saw the consequences of their resurrection ritual, and it led to them turning into vengeful zombies devoid of their humanity. But, thanks to Lincoln and Twilight Sparkle's spell, they've been freed.

Lincoln: That's right, and now, here's one last surprise.

Lincoln snapped his fingers, and he restored Mulan 2 and Mushu 2 to life, and our eyes went wide with surprise, and we ran up to Lincoln and we hugged him, and he returned it back. We had tears in our eyes and a smile on our faces, because of what Lincoln did in restoring Mulan 2 and Mushu 2 to life.

Nico: Lincoln, that was such an amazing thing you did.

Lincoln: Thanks, Nico. Plus, They deserve a second chance at life after what their world's Shan Yu did to them. They didn't deserve that kind of fate.

Allie Knudson: You're right, Lincoln, there's some Twisted Princesses that do deserve to be redeemed, and get a second chance at life, but we also know that there's some who have to be

destroyed.

Lincoln: That's right, Allie. We'll have to change our approach on taking down The Twisted Princesses, we'll save those who didn't deserve to have their lives taken. But, for the Twisted Princesses who are forever consumed by revenge and madness, then, they will be destroyed.

Mulan: That's right, Lincoln, and we'll head into Mulan 2's world one day, and restore everyone that was killed there.

Mushu: Yeah, and we'll have to fix the damage that their world's Shan Yu did.

Lincoln: That's right, Mushu. (Sly Smile) And of course, there's also the matter of a little something that I want to give you, Twilight Sparkle.

Twilight Sparkle: And what would that be, Linky?

Lincoln: Oh, this.

Lincoln wrapped his abnormally massive and powerful muscular arms around Twilight Sparkle's waist, and as she and Lincoln lock eyes, he and Twilight Sparkle shared a passionate kiss as she wraps her left arm around his wider and muscular back, and her left hand was on his massive and wide right pec, and right behind them was a Thunderbird, Alicorn, Phoenix flying in the skies, a herd of Buffalo running across the field, and the colorful display of the elemental forces behind them. We had tears in our eyes and a smile on our faces.

Mushu: I should've guessed that was coming.

Nate Adams: That's so awesome.

Kate Forester: Twilight wasn't kidding when she said that she's one of Lincoln's future wives, and he's definitely a romantic towards the future wives in his harem.

Me: He's always had that charm and charisma that attracts the ladies, and it also makes him, me, Nico, and Clyde ladies men. But, he's also a kind, caring, loving, friendly, tough, strong, and amazing and awesome man.

Nate Adams: He sure is.

Nico: But you all did a great job. I'm really proud of you all.

Nate Adams: Thanks Nico: It was awesome. (To the viewers) This was an awesome and epic adventure! I hope you all loved this one and we're going to have a lot of fun with Team Loud Phoenix Storm and the team.

Nico: Yep. Lets go home everyone. Great job today.

Me: Thanks man.

We went back home and then enjoyed the rest of the day and we went to sleep.

# JUICY ADVENTURE IN THE DK WORLD

Underwater, Nico and Girl Jordan were swimming down to the bottom of the sea for their next amazing rescue.

Nico: Thanks for coming with me, Girl Jordan. Even though you're not a fan of my leadership.

Girl Jordan: No problem Nico. But it's gonna be awesome going underwater for this one.

Nico: I wonder what we're going to see down here so far under the surface of the ocean.

Girl Jordan: Boy who knows? But this is so cool that we're going down this far.

Nico: 25,000 feet. Wow. So far down.

They arrived at the mining colony Shack 7.

Nico: Wow the Mining Colony Shack 7.

Girl Jordan: J.D. was here for a rescue one time.

Nico: Yep.

They went into the mining colony and saw that it was an amazing place.

Nico: Wow look at this place.

Girl Jordan: It's amazing how they built it down here at 25,000 feet.

Nico: Yeah.

Girl Jordan: And all the way down here at the bottom of the Puerto Rico Trench.

Nico: This is amazing.

Girl Jordan: Yeah.

Nico: I just want to thank you.

Girl Jordan: For what?

Nico: If you didn't snap at me when we were fighting Galcian, I wouldn't have been pushed into having those secret meetings with Bee and his team and that wouldn't have led to the creation of our Ambassador missions. So, thanks.

Girl Jordan: Uhh you're welcome. And no hard feelings.

Nico: No hard feelings.

They then heard a noise.

Nico: What was that?

Girl Jordan: I've got a really bad feeling about this.

Nico: Stay close. I sense human presences here but there's something else here.

Girl Jordan: What is it?

Nico: I don't know but stay close to me.

They walked around.

Nico: Okay. This is usually the part where the monster jumps out.

Girl Jordan: (GULP)

They looked around and then they saw a shadow and then a horrifying fish monstrosity appeared! It was the monster from the 1989 movie LEVIATHAN!

Nico: What in the 9 Fucking Levels of Hell is that ugly thing!?

Girl Jordan: No idea! But it's horrifying!

Nico: Wait a second. I've seen that horrifying creature before. That's the fish mutation creature from the 1989 movie Leviathan!

Girl Jordan: I remember that movie! That movie gave me nightmares for a long time back when I was 6! It made me afraid of the water for a long time until I got over it.

Nico: Whoa!

Girl Jordan: What caused that horrible thing?

Nico: It was a Russian Genetics Experiment gone horribly wrong. It was to make a man that can live and breath underwater.

Girl Jordan: That is REALLY playing with fire.

Nico: Not gonna lie there!

Girl Jordan: Yeah.

Nico: There's really no point in this monstrosity existing since most of us, if not all, can breathe underwater!

Girl Jordan: Wait.

Girl Jordan went up to the creature.

Creature: (Speaking to her telepathically) Be one with us and live to make a new era of mankind.

Girl Jordan: I will not join you.

Nico: Girl Jordan, who are you talking to?

Girl Jordan: The fish creature. He's talking to me inside my head.

Nico: He's speaking to you telepathically. What's he saying?

Girl Jordan: He wants me to join him to make a new era of mankind.

Nico: Not gonna happen fishface!

Girl Jordan: Wait.

Voice: (Telepathically) HELP ME!

Voice 2: (Telepathically) Kill me!

Voice 3: (Telepathically) PLEASE KILL ME!

Nico: What is it?

Girl Jordan: There's three people merged with it! They want us to destroy it and free them!

Nico: Then that's what we'll do!

?: Yeah!

A Piscciss Volann came out!

Nico: A Piscciss Volann! Whoa!

Piscciss Volann: (In a girls voice) Been a while swim buddy.

Nico: That voice. Marina? Marina "Mermaid" Reagan!?

Piscciss Volann: Awesome to see you again Nico.

Nico: It's a real good thing you're not one of the people merged with the monster!

Piscciss Volann: No kidding.

Girl Jordan: How do you know Marina?

Nico: Me and Marina were partners in Swimming Class. And boy does Marina love to swim. It's how we gave her the nickname Mermaid. She is practically one with the water. She holds the record for the fastest race in High School Swimming.

Girl Jordan: Wow that is so awesome!

Then the whole colony started to buckle.

Nico: Uh oh! The water pressure is going to crush this place like a tin can. Lets get the colony workers and get the hell out of here!

Girl Jordan: But they can't breathe underwater!

Piscciss Volann: But Nico can teleport us all out.

Nico: Yes I can. There's a oil rig not far from here. Lets go!

They ran fast and then they saw Steven Beck, Elizabeth Williams and Justin Jones.

Nico: Guys lets get you out of here. Stay close to us!

Steven Beck: Right!

Nico used Instant Transmission and got them out just as the entire colony imploded at 25,000 feet down. They got to the Oil Platform.

Elizabeth Williams: (British Accent) That was a close one.

Nico: No kidding.

Girl Jordan: But that creature is gone and forgotten. What Russia did when they made that monster was really playing with fire.

Nico and Girl Jordan were standing on the water with Marina in the water.

Girl Jordan: What's your favorite memory of Nico?

Piscciss Volann: This is a funny one. Nico and I saw a couple of bullies harassing a kid in the hot tub and we decided to pull a humiliating prank on them.

Nico: I remember that. We called it Operation: Hulk Skin. We poured a whole bottle of green dye into the hot tub and then then decided to relax in it and then they came out with skin green like the Hulk's for the next few days. We made them the biggest laughingstock in the school. It was all over all of social media and everyone couldn't stop raving about it.

Piscciss Volann: Yep. We even got them expelled for bullying everyone.

Girl Jordan: Oh that's funny!

Nico: Yep. Check it out.

Nico pulled out a picture of him and Marina when she had a beautiful and smoking hot aqua blue bikini on and Nico was in red swim trunks and he and Marina were laughing and pointing at three bullies, 2 boys and a girl and their skin was emerald green and they looked at Nico and Marina like they were going to kill them and snap their necks!

Girl Jordan: Oh that is so funny!

Nico: Yeah that was funny!

Piscciss Volann: That was so awesome.

Nico: Total Humiliation.

Girl Jordan: Yep.

Nico: I better get you reverted back quick. Piscciss Volanns can't breathe well on land!

Piscciss Volann: Right!

Nico put on his blind man glasses and snapped his fingers and Marina reverted back and she had beautiful ocean blue hair and she had aqua blue eyes and she was in her birthday suit and Girl Jordan gave her a new outfit and she put it on.

Marina: Wow this dress is absolutely gorgeous.

Girl Jordan: Boy it sure is amazing.

Nico: It sure is.

Nico and Marina then hugged.

Nico: It's awesome to have you back Swim Buddy.

Girl Jordan: That''s awesome.

Marina: (to Girl Jordan) You don't have a problem with Nico being boss, do you?

Girl Jordan: Used to but not anymore. It's a strange story.

Nico: Yeah we're cool with it now.

Girl Jordan: Yep.

They went back home.

---

After Nico's rescue, Lincoln, Me, Nico, Eli, Nicole, Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, Lily, Lincoln's harem, Mr. Wolf, Mr. Piranha, Mr. Snake, Mr. Shark, Ms. Tarantula, Sima Shi, Sima Zhao, Sun Jian, Guo Jia, and Layla (Winx Club) are heading to the world of the 1989 movie The Abyss, and not only is Lincoln going to rescue the thirteen girls there, along with yet another Gene-Slammer who's from Lincoln's past here, and we're also going to see the alien species that live in the oceans, rescue the crew, and we also got word that our old enemy, Brad Buttowski, has broken out of prison, and he wants revenge on us.

Lincoln: Whoa, we're in the world of the 1989 movie The Abyss, and I think I know what we're going to do here, not only am going to rescue the thirteen girls there, but we also got word of another Gene-Slammer who's from my past here, and we're also going to see the alien species that live in the oceans and rescue the crew.

Nico: That's right, big guy. I saw that movie long ago, and I also saw those aliens from the movie, they're actually very friendly, and to find out they've been living underneath Earth's oceans and monitoring mankind's activities for who knows how long and unknown to the human race, incredible.

Me: You said it. Man that movie brings back a lot of memories and it was awesome. Plus, we also got word that Brad Buttowski has broken out of prison, and he wants revenge on us for throwing his butt in prison after he and Gordie were beaten badly for their crimes.

Mr. Wolf: I remembered hearing about that, and just this morning, we got word that Dark Lori had attacked a group of Wei soldiers right near Chen Cang. She tried to force them to obey her, but as soon as they pointed their spears right at her and she soon finds out they've since been on the alert for her, Dark Lynn, and Dark Luan, and it's due to the message Lincoln gave to The Three Kingdoms, she went ballistic and viciously attacked and brutally injured them.

We gasped in shock.

Lincoln: What? Oh, that's it, now she's gone too far.

Lori: You said it, Lincoln. It's bad enough that she forced me to be nothing more than a psychopathic, cellphone obsessed, control freak, and to make me do those nasty things to you and the rest of our siblings and order you around, but to also try and force a group of soldiers from the Kingdom of Wei to obey her, only to see them point their spears at her and find out it was due to your message, she went ballistic and she viciously attacked them and brutally injured them. She's going to be a human pretzel when we get through with her.

Mr. Snake: And that's what I'm going to do to her.

Lynn: Yeah, we've just about had it with Dark Lori, and we're looking forward to seeing her getting turned into a human pretzel.

We met with Virgil "Bud" Brigman, Dr. Lindsey Brigman, Catfish De Vries, and Alan "Hippy" Carnes, and we soon met the NTIs, the aliens that were living in the oceans, and when we saw them, they were indeed friendly, and we saw the technology they had in their ship, and it was highly advanced. We knew of what we've done not only on Earth, but across the universe, and they were impressed by our achievements.

?: HELP!

Suddenly, Lincoln heard the sound of thirteen girls calling out for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard where the call for help was coming from. He saw the thirteen girls, but they've been cornered by a now insane and completely deranged

Brad Buttowski, and he's going to kill them.

Lincoln: Guys, I found the thirteen girls, but they've been cornered by a now insane and completely deranged Brad Buttowski, and he's going to kill them. Let's get him.

We rushed on over, and Lincoln fired a powerful blast of water at Brad Buttowski, and the blast hits and drenched him, and the girls got to safety. When Brad Buttowski saw us, he screamed with so much insane rage, and when we saw his eyes, they were red with pure insanity and rage.

Lincoln: I should've known you'd break out to get revenge, Brad. But, you deserved it for being such a bad older brother to your younger brother and sister.

Brad Buttowski: I DON'T CARE, I WILL KILL EVERY LAST ONE OF YOU!

Lincoln: You really are an imbecile, you abused your own siblings and lie to your own parents, and all you do is cause nothing but chaos and pain to all those in your path. You're going right back to prison but this time, you're getting sent to Solitary Confinement where you'll remain there until the day you die.

Lincoln unholstered his improved massive Sword of Universal Hope and Elemental Bravery from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, Guo Jia, Sima Shi, Sima Zhao, and Sun Jian got out their weapons, Mr. Wolf transformed into Super Angel Infinity Moonlight Firestorm Wolf Angel of Lunar Justice and Life and unholstered his massive Fenrir's Sword of The Moonlight Wolf sword from his wider and more muscular back, Ms. Tarantula transformed into her Super Angel Infinity form and unholstered her massive Arachne's Sword of the Fire Spider sword from her back, Lincoln's sisters also transformed into their Super Angel Infinity forms and unholster their massive swords from their backs, Lincoln's harem unholstered their massive swords from their backs, and Me, Eli, Nicole, and Nico also transform and unholstered our massive swords from our backs, and we went at Brad Buttowski, and we fired powerful blasts of rainbow energy, colored energy, elemental forces, lava, steel orbs, stars, rainbow flames, orange flames, blue flames, and water at Brad Buttowski, and they exploded with incredible power as they hit him.

Then, we saw an Elemental HERO Aqua Neos land and fired a powerful blast of water at him, and it drenched him.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) Wow, an Elemental HERO Aqua Neos.

Elemental HERO Aqua Neos: (In a girl's voice) That'll teach you, you excuse for an older brother.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) Wait, that voice. Natalie Kendall, is that you?

Natalie Kendall: Lincoln, is that you?

Natalie Kendall went up to Lincoln, and they hugged.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) Yeah, it's me, Natalie. Wow, I haven't seen you since you were eleven years old, and I've grown a lot since then.

Natalie Kendall: Yeah, I can see, you've really grown a lot from the eleven-year-old cute little boy into a 16-year-old 7'0" tall and very handsome teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs.

Nico: Whoa, Lincoln, you know her?

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) I do, Nico. This is Natalie Kendall, I met her when we were eleven years old, and she, like the other Guardian Angels, have defended me from bullies, and that included Lori, Lynn, Lola, and Luan, when they still had their dark sides in them.

Nico: Another Guardian Angel of you, awesome.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) We'll have to catch up later, we need to take care of Brad Buttowski before he gets up.

Lincoln fired rainbow chains and a rainbow straitjacket, which wrapped around Brad Buttowski, and bound him, and he couldn't even escape. Lincoln opened a portal and he grabbed and he threw Brad Buttowski right through it, where it led to the inside of a police car, as it drove off. We cheered wildly as we holstered our massive swords and weapons and power down.

Natalie Kendall: That was fun.

Lincoln: The rescues are always fun. Now, let's get you back to normal, Luna. Boys, cover your eyes. Hold still, Natalie, this is going to hurt.

Me, Nico, Eli, and the rest of the boys covered our eyes as Lincoln snapped his fingers, and Natalie was reverting back. Natalie Kendall was a beautiful 16-year-old girl with long aqua blue hair, aqua blue eyes, fair skin, she was 6'0" in height, and she had the body of a goddess. She also now has massive aqua blue angel wings with aqua blue tips on the large aqua blue feathers on her back, as she reigns in the power of Elemental HERO Aqua Neos, and she was in her birthday suit.

Lincoln: How do you feel, Natalie?

Natalie Kendall: Good. (Realizes she's in her birthday suit) But, I'm also in my birthday suit.

Lincoln gave Natalie a new wardrobe, an aqua blue sleeveless shirt with an aqua blue phoenix, aqua blue skirt with the Elemental HERO Aqua Neos with ocean waves on it, blue leather ankle-high combat boots, and a long red sleeveless trenchcoat with the Elemental HERO Aqua Neos on the back, and on her back is a large Elemental HERO Aqua Neos-themed sword with a 6'5" massive, wide, double-edged, man-sized aqua blue blade with the Elemental HERO Aqua Neos etched on it, large aqua blue angel wings for the crossguard, large aqua blue gem for the hilt, longer blue handle, and large aqua blue faceted sphere pommel with surrounding aqua blue gems.

Natalie Kendall: Wow, I love the new outfit and large sword you made for me, Lincoln.

Suddenly, a Thunderbird Necklace of Eternal Love appeared on Natalie Kendall's neck with aqua blue gems and crystals from her new Crystal Necklace of the Buddha on the gold lightning bolts.

Natalie Kendall: Whoa, is this…?

Lincoln: Yep, that's a Thunderbird Necklace of Eternal Love, which means you're now part of my harem and you're one of my many future wives, Natalie.

Natalie Kendall had a smile on her face and tears in her eyes, as Lincoln wrapped his abnormally massive and powerful muscular arms around her waist and he leaned down and he kissed her on the lips, and she returned it, and we cheered for them. Then, we went up to the thirteen girls, and when Lincoln saw them, he immediately recognized them. The thirteen girls are Maika Sakuranomiya, Kaho Hinata, Mafuyu Hoshikawa, Miu Amano, and Ayato Kazama from Blend-S, Suzu, Machi, Rin, Ayane, Shinobu, Mei-Mei, Yukina, and Chikage from Nagasarete Airantou.

Lincoln: Oh wow, it's Maika Sakuranomiya, Kaho Hinata, Mafuyu Hoshikawa, Miu Amano, Ayato Kazama, Suzu, Machi, Rin, Ayane, Shinobu, Mei-Mei, Yukina, and Chikage.

Helena McTroy: From Blend-S and Nagasarete Airantou, awesome.

Lincoln: Are you girls okay?

Maika Sakuranomiya: Yes, we're okay, thanks to you.

Then, when Maika Sakuranomiya and the other twelve girls saw who it was that saved them from Brad Buttowski, their faces turned atomic red upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, a golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top was the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, and Buffalo, and below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and The Thirteen Elemental Forces, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", and he had deep sapphire blue eyes.

He had his massive Sword of Universal Hope and Elemental Bravery holstered on his wider and muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces constellation and Aquarius Zodiac sign on the back of his neck, large weighted orange bands on his massive biceps and thighs with silver phoenixes on them, his large Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them with rainbow tips on the large deep sapphire blue feathers, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with elemental forces, Thunderbirds, Phoenixes, and Buffalo on them and with hanging mini silver lightning bolts held up by his Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of large blue pants with multicolored lightning bolts on the thighs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Buffalo head stud earrings with the Thunderbird and Eternity Kanji

on it, a large Thunderbird Necklace of Eternal Love with colored gems on the gold lightning bolts and a Buffalo head with the Thunderbird and Eternity Kanji on his neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, he had eight large orange orbs orbiting around his legs, and circling around his feet on the floor are eight golden crosses with angelic runes.

Maika Sakuranomiya: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made twelve clones of himself, and he and the twelve clones went up to the girls, and they picked them up and hugged them in their abnormally massive and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Maika Sakuranomiya: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, thirteen Thunderbird Necklaces of Eternal Love appeared right around the necks of Maika Sakuranomiya, Kaho Hinata, Mafuyu Hoshikawa, Miu Amano, Ayato Kazama, Suzu, Machi, Rin, Ayane, Shinobu, Mei-Mei, Yukina, and Chikage. We got the crew out of the alien ship, as we say goodbye to them. We returned to the Estate, and we told everyone what happened in the world of the 1989 movie, The Abyss, and they were shocked when they found out that Brad Buttowski had broken out of prison and wanted revenge on us.

But, when Lincoln told and showed everyone what we did to Brad Buttowski, along with rescuing the crew there, along with meeting the aliens who were actually very friendly, they cheered wildly for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem went up to Lincoln, and they kissed him all over.

Lincoln and Natalie Kendall now have a lot of catching up to do, now that she's back, and as for Brad Buttowski, he was returned to the Jupiter Prison, but this time, he was put into a separate cell in Solitary Confinement, and still bound in a rainbow straitjacket and rainbow chains, he was chained to the wall of his cell, and for escaping from prison, along with attempted murder of the thirteen girls there, he got another Life Sentence added to his original Life Sentence, and if he tries to escape again, he'll be hunted down and killed on sight.

---

After throwing Brad Buttowski back in prison this time for good, we were training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Natalie Kendall saw Lincoln working out like crazy, she had an atomic red blush on her face.

Natalie Kendall: Whoa, Lincoln has really grown to be a 16-year-old 7'0" tall, really big, and really strong young man, just look at those abnormally massive and powerful muscles hard at work, and to work out with those 9,500-lb barbells and not even get tired, incredible.

Lincoln: And I've also trained a lot under some very powerful teachers, J.D. and Nico included, Natalie, and now, I can also fight and defend myself.

Natalie Kendall: That's awesome.

Nico: It sure is, Natalie. So, what memories did you and Lincoln have, Natalie?

Natalie Kendall: Oh, one time, I invited Lincoln to come swimming at one of the local swimming pools in Royal Woods before it became Gotham Royal York, but one of the workers there wanted to ban him because wherever he goes, his sisters follow. But, I told the worker he was alone, and Lincoln did tell me that Lori, Leni, Luna, Luan, Lynn, Lana, Lola, Lisa and Lily were at home, Laney was at a friend's house and Lucy was at Haiku's. He saw that none of them were here, and we were allowed to enter, and we had a lot of fun swimming in the pool.

Nico: That's awesome, and J.D. did tell me that Lincoln's sisters have a history of causing trouble at the local swimming pools in Royal Woods, and as a result, the Loud family was banned from those local swimming pools.

Lynn: But, we got the bans lifted long ago, and now, we can go to the local swimming pools again, and we also promise never to cause trouble again.

Me: That's right, and I saw the whole thing go down, Nico.

Nico: Awesome.

Natalie Kendall: Oh, and like with the other Guardian Angels, I've defended Lincoln from Lori, Lynn, Lola, and Luan, who still had their dark sides inside him. This one time, I defended him from Lori, Lynn, and Lola, who wanted to hurt him because Lola accidentally stepped on her tiara and tried to frame Lincoln for it. I stepped in, and laid quite the smackdown on them by slugging Lori in the jaw, punching Lynn in the face, and knocking down Lola. Then, I told Mr. and Mrs. Loud about what those three were going to do to Lincoln, and Lisa showed the evidence that Lola accidentally stepped on her own tiara and broke it, and she also blurted out she was going to frame Lincoln. Lori and Lynn saw it, and they knew she'd be caught for trying to frame Lincoln for something she didn't do, but their dark sides wanted them to beat him up, and they joined in.

Nico: Whoa, so you took down The Trinity of Violence on your own?! Oh man, that's so awesome!

Lincoln: It was, but she also got a few scrapes and bruises, and I took care of that by bandaging her up, and Mom and Dad grounded Lori, Lynn, and Lola for three weeks with no TV, no cellphone, no sports, no pageant competitions or tea parties, and no going out with Bobby.

Me: A triple punishment for the Trinity of Violence, nice one.

Nico: It sure was. So, Lincoln, what can you tell us about Natalie Kendall?

Lincoln: Natalie Kendall's known as a smart girl, and of course, tough when she confronted The Trinity of Violence and really pummeled them and defended me. She's also an amazing swimmer, when we were swimming in the local pool, she's mastered a lot of swimming techniques when she was little.

Maria Rockell: Awesome. Maybe, we can have a competition for that one, and you can also participate in it too, you're also an awesome swimmer, Lincoln.

Lincoln: That's a good idea, Maria. Speaking of swimming, let's go get a shower, and then, we're going out on another beach date.

Natalie Kendall: And this is going to be my first time on a date with Lincoln.

Mr. Wolf: You'll love going on dates with Lincoln, Natalie.

We then got a shower afterwards, and after that, Lincoln and his harem were getting ready for their date, this time, it's at Shoal Atoll in the world of Donkey Kong.

Lincoln then snapped his fingers, and the 16-year-old 7'0", white-haired, handsome, and extremely muscular teen was dressed in large orange swim trunks with a phoenix, thunderbird, buffalo, and elemental forces on it, along with his large weighted orange bands with silver phoenixes on his massive biceps and thighs, his jewelry, large orange sandals, and eight large orange orbs orbiting around his legs, and he also had his weapons holstered, in case of trouble.

Lincoln's harem were dressed in two-piece bikinis in their favorite colors, sandals, along with their jewelry, and they also had their weapons holstered in case of trouble.

Lincoln: Alright, ladies, shall we?

Natalie Kendall: We're ready, Lincoln.

Lincoln and the girls left the Estate, and they head for their destination, Shoal Atoll, in the world of Donkey Kong. When they arrived, it's an underwater labyrinth inside of the walls of a sunken palace, considering the damaged stonework and columns.

Abigail Davis: Oh man, is this Shoal Atoll?

Lincoln: That's right, Abigail. Donkey Kong and his family told me about this place, and this place has some amazing underwater ruins. Shall we?

Lincoln and the girls dived into the water, and they were swimming underwater. There, they found the treasure chests scattered throughout Shoal Atoll. Lincoln put them into a scroll to show us later, then, they saw many sunken objects, including the walls and columns of the sunken palace. Then, they go up to the surface and they had lunch that Lincoln packed, and then, as the sun was about to set, Lincoln made clones of himself, and he and the clones went up to the girls in his harem, and they picked them all up in their abnormally massive and powerful muscular arms, and just as the sun turns orange, they passionately kissed and hugged. Then, they returned home to the Estate, and they returned to their original clothes.

Nico: Hey, Linc, how was your date?

Lincoln: It was so awesome, Nico. We went to Shoal Atoll in the world of Donkey Kong.

Nico: Whoa, that's awesome.

Lincoln: You got that right, and we also found something when we were swimming through Shoal Atoll.

Lincoln got out the scroll, and it got out the treasure chests that they found, and Lincoln unlocked the treasure chests, and inside them are a king's ransom of gold coins and jewels. We were stunned at the sight of the gold coins and jewels.

Mr. Wolf: (Stunned) Holy cow! That's so awesome.

Morgana: And they were scattered throughout Shoal Atoll, and in the sunken palace? Yikes, that's a lot of gold coins and jewels.

Rarity: A king's ransom, Morgana.

Lincoln: And we're putting these in the museum. Wait until everyone sees the gold coins and jewels from Gloomy Galleon.

Lincoln sent the treasure chests filled with gold coins and jewels to the museum, and were placed under tight security.

Lincoln: And I can't help but get the feeling that today our mission's going to be in the world of Donkey Kong yet again.

Nico: Same here, but it's going to be awesome.

Lincoln: And Dark Lori's also going to show up, and when she does, she's going to get turned into a human pretzel for everything she's put us through.

Mr. Snake: I'm looking forward to making her pay for everything she's done.

Lori: Same with me. I've had it with her, and wait until she gets a load of me, Bobby, and my kids, they're going to be mad when they see her.

Roxanne Loud: We're plenty mad at her after we saw her years ago, Mom.

We got ready for another day, and when Dark Lori shows up, she's going to get it big time.

* * *

Later at the Justice League Watchtower, we were there to show Ish, Ash, Nate, Katie and Shu something.

Killer Frost: Nate, what you, Ish, and Shu are about to see are two of history's most vile abusive relatives.

Nico: Ooh nice reference to them Louise.

Killer Frost: Thanks Nico.

Ish: Who are they?

Nico: You would not like them at all. But firstly welcome to the Justice League Watchtower.

Ash: Wow this is amazing!

Nate Adams: Wow! This is amazing seeing this.

Ish: And the view of Earth is incredible.

Me: It sure is. See that right there?

I pointed to the World Tree Estate.

Ish: Whoa! Is that the World Tree Estate?

Me: Yep. Massive isn't it?

Ish: Wow!

Nico: Pretty big view huh?

Katie Forester: That is so awesome.

Nico: Yep. But the scenery is one of the neat things up here that is not what we want you to see.

We went to the lab and on the table were AUNT SPIKER & AUNT SPONGE!

Ish: Wait a second. Is that Aunt Spiker and Aunt Sponge?

Me: That's them.

Needle Kirby: I've got my needle powers activated just in case!

Nico: Thanks Kirby.

Me: Have any of you guys ever read the book James and The Giant Peach or watched the movie for it?

Ash: I have and those monsters are so dangerously abusive.

Nate Adams: Boy they sure are.

Whisper: Sounds like they are dangerous.

Laney: You have no idea. And they even have the audacity to use a dangerous dark magic spell to kill James Henry Trotter's Parents by sending a storm rhino to do the job.

Nan Que: I was there when it all went down and it was awful.

Brittney: Yeah that was nuts.

Maria: James Henry Trotter did nothing to deserve such a horrible form of abuse from all that. These are James's dad's sisters and his mothers sister in laws.

Flash: Well, we might as well get them out of here since Mr. Mind's gone.

Cybertron Crumplezone: Well, what exactly are we gonna do with them?

Nico: What else? Send them to prison. The Neptune Cryoprison will be much fitting for these old hags.

Lana: But how are we gonna wake them up?

Rex Salazar: Leave that to me.

Ben: That's right! If Rex can cure E.V.O.'s then he can get those nanites out of them and get them active again.

Nico: Go for it Rex.

Rex went up to the two buzzard aunts and placed his hands on them and channelled blue energy through them and sucked out all the nanites they were infected with by Mr. Mind and Lisa Loud used a siphoning machine to transfer the nanites from Spiker and Sponge into a containment vessel. When it was done the nanites were in a jar.

Lisa Loud: That is all of them.

Me: Whoa.

Lisa handed the jar to Nico. The nanites were not like the nanomachines that Rex had to face on a regular basis.

Me: These Nanites are completely different. They are not like the ones that E.V.O.'s carry.

Cricket: No they sure aren't.

Circe: Boy no kidding.

Spiker and Sponge woke up.

Aunt Spiker: (British Accent) Where are we?

Me: You're on the Justice League Watchtower.

They saw us.

Aunt Sponge: Oh it's you all.

Aunt Spiker: How did we get here?

Me: You went into a braindead vegetable state just as you were about to tell us that it was Mr. Mind that sent you after James.

Nico: It's true.

Aunt Sponge: If you're expecting a thank you from us, you're wrong!

Brawn: Say what you want. But the fact that Nico had Rex cure you of those nanites proves how much of a good and compassionate person he is.

Me: That's right! (sighs) And a much better leader then I ever was.

Nico: (sweatdrops) Okay, let's not go that far.

Me: Sorry.

Nico: But we actually managed to figure out who was responsible for putting those nanites into you and we later destroyed him on

October 10th of last year. But also we decided that you two are not worth killing. And also you two deserved to be punished for all your crimes against James and his family.

Maria: But first…

She walked up to them and then…

POW! BAM! BONK!

She punched him both in their faces and gave them nasty black eyes and then bonked their heads together.

Maria: That was for abusing James and p*** us all off.

BLAM! BLAM!

She punched them in their stomachs.

Maria: That was for helping Mr. Mind. And this… (Raises her hand) Is for me and James just for killing James's parents.

Maria snapped her fingers and beamed them to the Neptune Cryoprison and they were sentenced there for all eternity.

Master Frown: And also, Nate, Maria became James' big sister after that whole ordeal last year.

Maria: That's right. Even though I haven't shown it after that whole incident.

Nate Adams: Wow that is awesome.

Katie Forester: It sure is cool!

Maria: Thanks. I still visit James every now and then just after the mission is done.

Laney: That's very thoughtful Maria.

Maria: It sure is.

Marina: I'm glad you have someone you call a brother even though it's not by blood.

Erica: We all are glad about that Marina.

We were then getting ready for our next mission. Only problem was we had no idea what it was gonna be. Carly was with us sitting with Jack and her kids.

Nico: Man we don't have a mission. That's a first.

Eli: No kidding.

Then Arbormon, Captain Cold, Comic Book Guy, Number 7, Grumblemon, Xaldin, Skinner, Stinky Butt and Melter appeared.

Arbormon: Can me, Captain Cold, Comic Book Guy, Number 7, Grumblemon, Xaldin, Skinner, Stinky Butt, Melter, and Carly go with you guys this time?

Nico: Yes you can. But the problem is we don't know what our mission is going to be.

Me: Yeah things have been really quiet.

Nicole: I think I have our next mission idea. We're going to the world of Donkey Kong to the island of the Juicy Jungle and we're going there to face Bashmaster the Unbreakable!

Nico: Ooh! From Donkey Kong Country Tropical Freeze! That's an awesome idea.

Eli: Yeah! He gives polar bears everywhere a bad name.

Nicole: You won't like this guys.

Nicole told us about him.

---

Bashmaster is one of the generals of the Snowmads and is the boss of Juicy Jungle.

Before the boss battle, Bashmaster is seen laying on his back peacefully licking a purple popsicle. He then hears noises and looks up to see the Kongs drop right on the far left side of the iceberg platform that Bashmaster was on, which causes him to accidentally drop his popsicle right into the river of juice. Bashmaster attempts to retrieve it, but a swarm of fish surround and gobble up the popsicle, much to both his shock and horror. He then turns towards the Kongs, who can only give a guilty look on their faces (Funky Kong is less concerned about his/their mistake), with a rather disdainful expression on his face and challenges them to battle, picking up his mallet.

The battle takes place on an iceberg platform floating on purple juice, in the background there are penguins watching along, this battle is split in three phases, but its worth mention that the platform is made of ice, so the player will witness to ice physics (meaning that they will be slipping sliding everywhere), this makes it hard to avoiding Bashmaster's attack.

In the first phase, Bashmaster will attempted to crush the Kongs with his hammer, if missed, it will get stuck in the iceberg, this is the Kongs' chance to jump on the hammer and jump on Bashmaster's head to do damage, after that he will fall into the juice and will climb back up, he will then boast himself up into the sky, and will land back on the far right side of the platform and summon ice cubes and push them at the Kongs, attempting to push them off the edge, the Kongs can do a ground pound attack to break them as in one of the ice cubes, there is a Heart, a Banana coin and a Watermelon Bomb, the Kong can break open the one with the Watermelon bomb and throw it at Bashmaster to do damage as he attempts to slam his hammer at the Kong, after that, Bashmaster will boast himself up like before, only this time its to land right on the Kongs.

After the Kong has hit Bashmaster three times, he will roar in anger two times, his fur will be colored in dark purple and the second phase begins, this time he will summon three ice cubes that are stack in two's of three's to trap the Kong and will slide towards them, its recommended to have Dixie Kong to fly out of the pillars easily, after sliding, he will get dizzy, allowing the perfect chance for the Kong to jump on Bashmaster's head to damage him, after words, he will do his boast jump attack like before, but this time he will charge up his hammer with ice, so whenever he lands, ice shock waves will travel along the left and right sides of the path, he will do this three times, he will then summon the ice pillar blocks and will attempted to rush at the Kongs two times, and three times on the final hit.

After the Kong has hit Bashmaster three more times, he will roar in anger two times and the third and final phase of the fight will begin, he will summon the ice cubes to push the Kong off the ledge like before, but now the ice cubes are stack in either tow's, three's and even four's like pillars, the three and four pillars will be to high for the Kong to jump over, so the Kong will have to jump on a pillar to avoid getting push off the edge, he will then jump on the left side of the platform and will now slam his hammer that is charge up with ice, that when hit will cause ice waves to appear in front of Bashmaster and will travel along the path, the Kong can jump on Bashmasher's head if he is close enough, after words, he will boast himself to the left side of the platform and will summon an ice cub, he will then charge up his hammer with ice and will hit the ice cube, turning it into an ice drill that will fire towards the Kong, he will do this multiple times, occasionally stopping to trike the Kongs, he will then repeat his patterns, occasionally mixing and matching all three of his attacks, the Kong must avoid all of Bashmaster's attacks ant continue the processes of hitting Bashmaster's head two more times to defeat him and advance to Donkey Kong Island.

---

When she was done we were shocked.

Nico: So he's one of the Snowmads. We went to the Bright Savannah and we were originally supposed to face Ba-Boom The Boisterous but we didn't get that chance. Lincoln and his group went to Autumn Heights and he took down Skowl The Startling.

Lincoln: That's right we did.

Me: This is gonna be awesome and Juicy Jungle is one of my favorite levels because of all the fruit and stuff it has.

Nico: Yep. Lets go.

We were off to Juicy Jungle.

---

JUICY JUNGLE

---

We arrived at Juicy Jungle.

Dusk: Here we are.

Nicole: Yep. Welcome to Juicy Jungle.

We saw that we were on an island chalk full of thousands upon thousands of lots of fruit trees and more.

---

Juicy Jungle is the fifth world in Donkey Kong Country: Tropical Freeze as well as the last island visited before the Kongs return to Donkey Kong Island

Juicy Jungle is an island with lush jungles covering most of it. Its trees seem to produce large amounts of fruits, motivating the construction of a juice and popsicle factory on the island. The island's lower ground is frozen and most likely where the popsicles are made. Bashmaster seems to enjoy these popsicles very much.

---

Nico: Wow! Look at all the fruit trees.

Eli: Theres tons and tons of them.

Laney: I've never seen an island with this many fruit trees loaded with all kinds of fruit.

Jared: Sounds like my kind of island.

Eli: It sure looks awesome.

Number 7: I suggest we look for Donkey Kong.

Donkey Kong: I'm right here Number 7.

Number 7: Oops. Sorry. What I meant to say was I suggest we start looking for Bashmaster.

Nicole: Good idea. We're going to meet a lot of Snowmad soldiers along the was so if you see any creature that has this symbol on them…

Nicole held up a blue snowflake symbol on a sash.

Nicole: Smash them into dust.

Me: You got it Nicole.

Nicole: Right. I know where Bashmaster is. Follow me.

Nico: You guys think I made the right choice this morning?

Lois Griffin: Honestly, I don't like those so called aunts either. But you made the right call.

May: Lois is right, honey.

Me: I agree with them Nico. If I were still in charge, I would have left them both to be braindead forever. You made the right call.

Eli: I agree with bro Nico.

Nico: Oh thanks guys. And that's true on your part J.D.

Lana was eating a square watermelon.

Lana: (With her mouth full) You said it Nico.

Laney: Wow that is a big square watermelon Lana.

Lana: (Eating) But it's really juicy and delicious.

Lola: Look at all these berries. There's lots of them.

Lori: And the rivers are all made entirely of juice here.

I pulled out my water bottle and filled it up with juice and drank it.

Me: (Gulping) Ahh! Wow that is mixed berry punch! Delicious.

Carly Atlas: Can I have some?

Jack Atlas: Here Carly.

Jack gave her an Water bottle and she went and filled it up and drank it.

Carly Atlas: (Gulping) Wow that is good juice!

Lori: Literally delicious.

Nico: Boy that is some tasty juice.

But then…

WHACK!

I got hit in the back by something!

Me: (IN PAIN) YEOWCH!

Nico: J.D. are you okay!?

Me: (In Pain) I think this hit me!

I had a spiked ball fruit stabbing me with its spines right on my back!

YICHIHUAHUAS THAT IS GONNA HURT!

Nico: I'll pull that out.

Nico did so.

Me: OUCH! GODDAMN! That really hurt.

Nico: Boy no kidding.

Leozack: Who threw that?!

Nicole: They did!

We saw Penguins and they were enraged.

Me: Oh so it's a fight they want huh!?

Skinner: So, that's how they want to play it? Fine by me! (throws coconut at a penguin)

BONK!

A coconut hit a penguin and it poofed away.

Patrick: DAHAHAHA! That guy got hit in the head with a coconut!

Nico: Lets see how you fishfaced penguins like this!

Nico pulled out his Watermelon Bazooka and fired and it hit a lot of penguins in their faces and smashed them into pulp!

Nico: Take that!

We were pulverizing them all over.

Disk Wars Mandarin: Let's find more ammo to throw at them!

Me: Don't worry about that. When we went to Donkey Kong Island the first time I used my magic to give us infinite ammo.

Disk Wars Mandarin: Very clever.

Nico: Lets hit them with all we got.

Numerous penguins, seals and walruses came and we hit them with lots of stuff. We hit them with fruit, vegetables, feathers, orange grenades and more.

4 big enemies came.

Nico: Now for this!

Nico charged up an aura and then released a massive red fire and energy shockwave and it hit them and smashed them into pulp and sent them crashing into a juicer where it ripped them to shreds.

Grumblemon: Okay. I think that's all of them.

William: At least for the moment!

Nicole: But we're going to be up against many of them as we go further. Lets go.

We went further and further into the island and we saw lots of fruit being mulched and juiced and more.

Disk Wars Deadpool: Oh, you poor fruit! What have those fucking douchebags done to you?!

Nico: Wade they are supposed to be chopped up and turned to juice like that.

Nicole: Yeah you goombah,

Laney: Yeah.

Melter: Damn, that's a lot of fruit!

Nicole: It sure is.

We then saw more Snowmad soldiers coming.

Nico: Lets get them!

We went at them and smashed them into pulp.

Babs Seed: Nico, which Gene Slammer do you think will appear on your next rescue?

Nico: I'm hoping for an Aerophibian Gene-Slammer next.

Me: Ooh you want to do a Sky Rescue this time.

Nico: Yep.

Me: Best place I can think of for that would be the world of Atmos and man we haven't been there in a while.

Nico: No we sure haven't. One of the wind power users will have to go with me on that one.

Xaldin: You think we scared the Snowmad soldiers off?

Nico: So far our power is proving too much for them.

Nicole: We're almost to Bashmaster's lair though.

Eli: Yep.

We then found ourselves bouncing across a fruit gelatin factory.

BOING BOING BOING BOING BOING!

Me: Wee! Bouncy and jiggly!

Viceroy: Think we can have some of this gelatin?

Nico: It sure looks good.

Nicole: But it sure is bouncy. Like a fruit bounce house.

Ed: (Laughs) Bouncy and fun! (Laughs)

Stinky Butt: I think I'll try some gelatin.

He bounced and then ate a blue gelatin and it was blueberry flavor!

Stinky Butt: Yummy! Blueberry!

Nico: Yummy!

Future Maria: (to Future Kingdra) Do you and Horsea want some gelatin too?

Future Kingdra: You Bet!

Horsea: Yeah!

They had blue and red flavors and the red was mixed berry.

Nico: Now that we've had fun we're ready to face Bashmaster.

Captain Cold: Bashmaster really gives Polar Bears a bad name!

Qin: Yes he sure does. We're going to make him into a polar bear pelt when we're done with him.

Nico: You got that right!

Eli: It'll look good in C.C.'s room.

C.C.: Thanks Eli.

Deadpool: (to the viewers) Elements of Nature Dark is the entrance this time, folks!

Nico: (Sarcastically) Thanks for spoiling the entrance Mr. 4th-Wall Breaker!

Jamesdean5842: Don't ruin the entrance Wade. It has to be a surprise.

Deadpool: Sorry.

We went over and Bashmaster was relaxing and then the elements of dark nature swirled around him and he lost his popsicle and then the elements converged and then…

KRABBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted above him and fireballs rained down and melted the ice Bashmaster was on and he fell jnto the juice and then he got onto land and a phoenix cry was heard and we came out!

Nico: Bashmaster your white furred butt is ours.

Comic Book Guy: You sir are the worst. Polar bear. Ever!

Kumiko: Yes he is!

Nico: Yep!

Then Ryugu Tamatebacco, Metal Sonic, Marionette Shadow, Pterodactyl Ghost, Zavok, Samon Shakekisutanchin, Evil Seed, 10,000 Volt Ghost, Scorpion, Toad and the Mamemon Brothers all appeared.

Nico: Ryugu Tamatebacco, Metal Sonic, Marionette Shadow, Pterodactyl Ghost, Zavok, Samon Shakekisutanchin, Evil Seed, 10,000 Volt Ghost, Scorpion, Toad and the Mamemon Brothers.

Ryugu Tamatebacco: Are you guys enjoying what this island has to offer?

May: You bet we are.

Metal Sonic: That's good.

Marionette Shadow: There will be plenty of time to enjoy more food after this.

Nico: Yep.

Pterodactyl Ghost: (to Nico) We heard you fought that fish mutation creature from the Leviathan movie.

Nico: We sure did.

Zavok: Please tell me you saved the people that were fused to it!

Nico: No it was too late for them unfortunately. I don't know what the hell Russia was thinking when they were trying to make that freak.

Zavok: That was terrible.

?: It sure was.

A figure came out and it was HIPHOPPER from episodes 16, 17 and 18 of Ninja Storm!

---

Hip Hopper was sent out with an army of monsters to attack the Power Rangers. He is confronted by Shane, the Red Ranger - and destroyed by the Thunder Rangers with the Thunder Blaster.

---

Cam: Hiphopper!

Hiphopper: Been a while.

Nico: I remember you! You were part of an army of monsters sent to destroy the rangers.

Hiphopper: Yep. Good memory on you Nico.

Nico: Yep.

Hiphopper: I can't believe I wasn't shown in a major role!

Maria: At least you weren't cut from the show entirely.

Me: Yeah but what a ripoff. Oh man when is Lothar coming? I can't wait to destroy him forever.

Nico: You sure are eager to make that monster pay huh?

Me: Yeah I sure am.

?: He sure was a problem.

Another figure came out and it was AQUAFIEND from episode 34 of Lightspeed Rescue!

---

This water monster lives deep in the lagoon, and was summoned by Diabolico to steal Neptune's trident, a great source of power, and use it to drain Mariner Bay's water supply for the demons to attack the Aquabase. He successfully managed to sneak pass Neptune while he was sleeping and steal the trident. Aquafiend then went to a magic pond and at the bottom used the trident to drain all of the water. The Lightspeed Rangers managed to find the pond, and Chad dived into the pond to find the trident, only for it turn out to be a trap for Aquafiend to ambush him. Chad managed to outmatch the monster and take back the trident, which he threw to Carter. Angered, Aquafiend jumped out of the water and attacked the Rangers, demanding the trident, prompting Carter to blast the monster with the Rescue Blaster. Aquafiend summoned Batlings to battle the Rangers, but they were all easily defeated. He took on Carter, Dana, Kelsey and Joel again and had the upper hand until the Red Ranger swung by, grabbed the monster, and made him hit head first into a tree. With the monster weakened, the Rangers fired all their Rescue Blasters at the same time to destroy Aquafiend. Vypra appeared and used a card to enlarge the monster (to force Chad to make the decision to ether give the trident to her, or Vypra will harm Marina), with the trident being enlarged as well and the monster gains control of it. However, Chad took a third option: summoning the Mega Battle Armor and using the Water Cannon to scare off Vypra and the Batlings and free Marina. While Chad went back to the Aquabase to aid Marina back to health, the other Rangers summoned the Omega Megazord to battle Aquafiend. The monster had the upper hand at first, but the Rangers increased the Megazord's power to land a massive headbutt on the monster and toss him over. The monster was greatly weakened, and with the combined powers of the Omega Megazord's Omega Missile and the Omega Slash attack, Aquafiend was destroyed for good, and the trident was returned to Neptune. It is unknown what happened to his lair after his death

---

Chad Lee: Aquafiend!

Aquafiend: Been a while ranger.

Me: I remember you all too well. You were sent by Diabolico to steal Neptune's Trident and drain the cities water to launch an attack on the Aquabase.

Aquafiend: Good memory J.D.

Me: Never missed an episode. You picked an archenemy?

Aquafiend: I sure have and I picked Marina.

Marina Reagan: Wow! This is awesome!

Nico: Yeah! Lets get it on!

We got the usual battles underway.

Ryugu Tamatebacco: (to Mera) Good thing Nico's rescue was underwater this time. Though it was bittersweet because he couldn't save the people merged with the fish mutation creature.

Mera: It was too late for them unfortunately. But what happened to them was horrible. In all honest, I don't know what Russia was thinking all those years ago when they were trying to make a man that can live and breathe underwater.

Rarity: I most agree with you there darling. That is a horrible crime against nature!

Gill Grunt: Yeah but the Cold War was a strange time for all those years.

Were the Werecat: It sure was. What happened from 1947 to 1991 was terrible. Thank goodness it wasn't a full blown war.

Yugito Nii: That's true. But that was a bitter conflict.

Ryugu Tamatebacco: Yeah no kidding. Lets do it!

They fired waves of water, ice, jewels and blue fire and smashed him down.

Shadowman (Ben 10): Boy it sure was amazing.

Brittney: Yep it sure was.

Metal Sonic: Yep. By the way Vinyl how did you really lose your voice?

Vinyl Scratch: It was because of a really stupid thing I did. I drank a shot glass full of ghost chili hot sauce on a dare and it burned my throat so bad that I lost my voice forever. It's how I lost my voice.

Metal Sonic: That IS really stupid!

Vinyl Scratch: Yeah I lied because I was too ashamed to tell the real story. It's how I learned how to use sign language and how my music talked for me.

?: I will literally turn all of you into human pretzels for ruining everything, twerps!

Suddenly, the eight large planets and stars orbiting around my legs, the eight large orange orbs orbiting around Lincoln, Linka, Ms. Tarantula's, and Duke Lincoln's legs, the eight large dark blue orbs orbiting around Ed Cowart's legs, the eight large midnight blue orbs orbiting around Mr. Wolf's legs, the eight large crimson red orbs orbiting around Naruto's legs, the eight large black orbs with the Eye of Horus orbiting around Cody (OC)'s legs, the eight large pink orbs orbiting around Lola and Lexx Loud's and Steven Universe's legs, the eight large green orbs orbiting around Lynn Sr.'s legs, the eight emerald green orbs orbiting around Yakko Warner's legs, the eight large sapphire blue orbs orbiting around Wakko Warner's legs, the eight large hot pink orbs orbiting around Dot Warner's legs, the eight large marine blue orbs orbiting around Liam and Leif Loud's legs, the eight large scarlet red orbs orbiting around Lynn Loud and Lynn Jr.'s legs, the eight coral red orbs orbiting around Timon's legs, the eight large blue orbs orbiting around Lori and Loki Loud's legs, the eight large sea-foam green orbs orbiting around Leni and Loni Loud's legs, the eight large yellow orbs orbiting around Luan and Lane Loud's legs, the eight large brown orbs orbiting around Laney and Larry Loud's legs, the eight large light green orbs orbiting around Lisa and Levi Loud's legs, the eight large lavender orbs orbiting around Lily and Leon Loud's legs, the eight large colored orbs orbiting around Bobby Santiago and Nico's legs, the eight large rainbow orbs orbiting around Rainbow Dash's legs, and the eight large purple orbs orbiting around Luke Loud's legs and Menat's legs, along with our gems on our Bracelets of The Champions of the

Universe were glowing, and that means we've got big trouble incoming, and as soon as we heard that voice, it meant you know who was here.

Lori: Oh, I literally thought I'd never hear that voice again. You can come out now, Dark Lori.

A figure came out, and it was none other than Dark Lori, the dark side of Lori Loud, and her eyes were red with hatred and rage and glowing with incredible fury.

Lincoln: I should've known you'd show up here, Dark Lori, as soon as I heard those words come out of your mouth, we all knew it was you.

Dark Lori: I HATE YOU SO MUCH, YOU MISERABLE OVERGROWN TWERP! I WILL KILL YOU AND EVERY LAST BITCH IN YOUR HAREM, ALONG WITH THOSE TWERPS YOU CALL KIDS, AND EVERY LAST LOSER IN YOUR PATHETIC FAMILY!

Zoey Mackenzie was about to attack her, but Lincoln, whose rainbow energy aura flared up, and he gained a massive power boost from Dark Lori's hatred, grabbed her by the neck, and choke-slams her into the dirt.

Lincoln: You can threaten to turn us into human pretzels, you can threaten physical harm on us, but when you threaten my future wives, my family, and my kids, that's where I draw the line, and that threat that you just made is what I consider "crossing the line".

Lincoln lets go, and then, Lori and Mr. Snake and Mr. Wolf, along with Zhen Ji, Cai Wenji, Wang Yi, and Guo Jia went up to him.

Lori: (Smirks) She's since crossed that line when she brutally attacked a group of Wei soldiers at Chen Cang this morning, when she went ballistic as soon as she found out about your message to The Three Kingdoms, Linky.

Mr. Snake: And I've had it up to hear with her to last an eternity.

Suddenly, Mr. Snake's eyes turned neon yellow, and he was surrounded by a rainbow energy aura with snakes and darkness, and as he approached Dark Lori, he left a trail of rainbow energy, snakes, and darkness as he slithers towards her.

Mr. Snake: I will never forgive you for what you've forced Lori to do, Dark Lori. You turned her into a mean, selfish, heartless, cellphone-obsessed control freak, and you forced her to order her siblings around, and you've constantly looked for every excuse to kill Lincoln. And for what you did in your recent ballistic rampage with attacking that group of Wei soldiers in Chen Cang, you're going to pay for what you've done, and you're going right back to prison.

Then, Mr. Snake was surrounded by a massive vortex of rainbow energy with darkness and dark fire surrounding it, there was a snake slithering around the vortex, and in the vortex is a yellow phoenix. Then, as the vortex faded, Mr. Snake emerged, but he was changed forever.

(IMPERATRIX MUNDI PLAYS 1:45 TO 2:14)

Mr. Snake grew much bigger in size, he has neon blue eyes and a rainbow energy aura with darkness and snakes surrounding him, he has a snake with the Dark Kanji inside of its tail emblazoned on his forehead, he has on a Crystal Necklace of the Buddha with yellow crystal links and a silver snake with yellow crystal eyes and holding the Dark Kanji in its tail for the pendant, he has on a long sleeveless yellow trenchcoat with snakes and dark flames on the coattails and on the back is a snake with

dark flames surrounding it. He has massive yellow angel wings with large purple tips on the large yellow feathers, Yellow Lantern Ring Corps ring on his tail and a new large sword in his tail called Quetzalcoatl's Sword of the Shadow Snake, it's a new large sword with a 6'5" massive, wide, double-edged blade with the image of Quetzalcoatl etched on the dark blade, large yellow angel wings for the crossguard, large dark gem for the hilt, longer black handle, and a large faceted dark sphere with surrounding yellow gems, and eight large yellow orbs orbiting around his tail, Mr. Snake has on his new Belt of Elemental Bravery with a large black gem for the belt buckle on his waist, Spellbook of The Gods and The Universe on his left hip and Eater of Sins revolver holstered on his right hip. There's a black kanji below the snake that said, "Mr. Snake, Hilarious, Seen-It-All Safecracking Member of The Bad Guys Gang, Expert Safe-Cracker, Awesome and Hilarious Member of Team Loud Phoenix Storm, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Defender of Snakes and Warrior of Darkness, and Master of Darkness and Snakes."

Mr. Snake as transformed into SUPER ANGEL INFINITY DARKNESS SNAKE ANGEL OF FEAR AND DARK JUSTICE!

We were amazed by Mr. Snake's Super Angel Infinity transformation. But, when Dark Lori saw it, she screamed in pure rage and went so ballistic that her hair turned into pure fire and tried to attack, but Mr. Snake fired a powerful blast of darkness from his tail, and it hits Dark Lori, and knocked her into a wall.

Lori: Alright, nice shot, Mr. Snake.

Lincoln: Now, it's time to make Dark Lori pay for everything she's done to us.

Mr. Snake: (Divine Echoing Voice of Divine Darkness and Snake Fear) **Let's get her.**

Lincoln unholstered his improved massive Sword of Universal Hope and Elemental Bravery from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, Guo Jia got out his Heavenly Phoenix Orb and Scepter, Zhen Ji, Wang Yi, and Cai Wenji got out their Phoenix Moon Flute, Talons of The Phoenix trishula, and Harp of The Phoenix harp, Mr. Wolf transformed into Super Angel Infinity Moonlight Firestorm Wolf Angel of Lunar Justice and Life and unholstered his massive Fenrir's Sword of The Moonlight Wolf sword from his wider and more muscular back, and Lori transformed into her Super Angel Infinity form and unholstered her massive Sword of Ga'Oh from her back. When Dark Lori saw that, she went even more ballistic.

Mr. Wolf: (Divine Echoing Cosmic Voice of The Wolf Moon and Lunar Justice) **Let's take the battle to a familiar destination.**

Mr. Wolf snapped his fingers, and we found ourselves at Chen Cang in the territory of the Kingdom of Wei.

Lori Loud: (Divine Echoing Cosmic Voice of The Fiery Hurricane and Divine Justice) **Wow, we're here at Chen Cang.**

Cai Wenji: Just like with Dark Chandler, you decided to take the battle to a location in the territory of The Three Kingdoms.

Zhen Ji: And he chose Chen Cang for this one, since Dark Lori was at Chen Cang this morning and where she went on that violent rampage.

Wang Yi: And this will be where we put a stop to her for good.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **And this is the last time we deal with you, Dark Lori. I hope you like getting turned into a human pretzel.**

Dynasty Warriors 5 OST: A Rising Feeling

Then, Lincoln, Mr. Snake, Mr. Wolf, Guo Jia, Zhen Ji, Cai Wenji, Wang Yi, and Lori went at Dark Lori, and they fired powerful blasts of rainbow energy, elemental forces, moonlight, moonlight fire, wolves, fire, darkness, dark flames, sound blasts, blue flames, steel orbs, eagles, Thunderbirds, Phoenixes, and Buffalo at Dark Lori, and they exploded with incredible power as they hit her. Then, they attacked Dark Lori with their weapons, and they cut her really badly, and Mr. Snake fired a blast of dark fire and it hits Dark Lori's hair and burned it all off, and she was bald.

We laughed at what Mr. Snake did, and Mr. Wolf took a picture with his phone and sent it to Lori's phone. Then, Lincoln grabbed Dark Lori and turned her into a human pretzel, as she screamed in such excruciating pain.

OUCH!

Then, they imprisoned Dark Lori in an indestructible diamond prison, and beamed it back to The Pluto Prison for Tyrannical Dark Sides, where it was put into a special isolation cell in Solitary Confinement, where no Dark Orbs, Number Cards, or Aparoids could free her. We cheered wildly for Mr. Snake, Lori, Mr. Wolf, Lincoln, Zhen Ji, Guo Jia, Cai Wenji, and Wang Yi, as they holster their massive blades on their backs and power down, and Mr. Snake's new body, clothes, weapons, jewelry, angel wings, and eight large yellow orbs orbiting around his tail are permanent. We went up to them and we hugged them and we hugged them back.

Nico: Awesome job, guys. Now, all that's left is Dark Lynn, and the Dark Side of The Trinity of Violence will be finished.

Mr. Wolf: You got that right, Nico, and as a bonus, we also humiliated Dark Lori when Mr. Snake burned off all of her hair.

Lori: Yeah, that was so hilarious, and then after we deal with Dark Lynn, we can get after Dark Luan. I have a bad feeling Dark Lynn will attack the people of the Kingdom of Shu tomorrow morning, and Dark Luan will attack all Three Kingdoms at once with her crazy pranks after that.

Lincoln: If that happens, we'll be ready for them both.

Guan Yinping: I know you'll be ready for them. (To Lincoln) And we also have a reward for you, Lincoln, and a little extra confidence boost.

Then, Lincoln got jumped by his harem, and he was kissed all over, and he had lipstick marks all over him. But, Lincoln had a very sly grin on his face, and he made clones of himself, and he wrapped his abnormally massive and powerful muscular arms around the waists of every last member of his harem, and as they lock eyes, he leans down and kissed them on the lips, and we cheered for him. Bobby went up to Lori, and they kissed, and we cheered for them.

Nico: Awesome!

Donkey Kong: (To the viewers) This was an awesome and juicy adventure. Hope we didn't make you all too thirsty.

Nico: I sure am thirsty. Lets get all the fruit here and take it all back and make lots of juice. Great job today everyone. This was awesome.

Me: It sure was.

We went and gathered all the fruits and went back home. Then we enjoyed the rest of the day and went to sleep.

THE END

Another awesome fanfic done.

Donkey Kong Country Tropical Freeze is one of my favorite video games for Switch and it was so awesome! The Snowmads were a group of pure evil monsters that deserved to be destroyed. The first part was for the 1989 movie Leviathan and that was a crazy movie. One of my favorites. The second part was for the 1989 movie The Abyss. One of my favorites. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, Etstheclarencefan and ninjakingofhearts gave me the ideas for this and so did the guest reviewer. Thanks guys. Nico's next rescue is gonna be in the Sky and he and Lori are gonna go to the world of Atmos from Storm Hawks and they are going to face The Sky Pirates from Lego Ninjago: Masters of Spinjutsu and they are also going to meet another one of Nico's friends, Miranda Rodriguez, from his Flight Club Classes that taught him how to pilot a plane, helicopter, flying fortress and all that. Miranda is also an Aerophibian Gene-Slammer. Lincoln's Rescue is gonna be in the sky too and we're going to see him in the world of Sly Cooper 3 and we're going into the level Flight of Fancy in the Netherlands and we're going to see Lincoln blast numerous planes in an awesome and epic dogfight and take down the Black Baron. Lincoln is going to meet an Elemental HERO Air

Neos Gene-Slammer and more girls for his harem and also I am going to meet the awesome smoking hot angel girls from Heaven's Lost Property: Ikaros, Nymph, Astraea, Oregano, Type Zeta and Hiyori Kazane. The Elemental HERO Air Neos Gene-Slammer is going to reveal a powerful revelation during the Exercise scene so Guest Reviewer have her reveal it please. The next chapter is gonna be a 1 year anniversary chapter for the start of the most insidious saga in our history: The 20 Days of Darkness. Starting from January 23rd to February 11th, 2021 we went through hell. So we're going to have arecap of what went down during that time and all that.

See you all tomorrow.

# 1st Anniversary of The 20 Days

In the skies of Atmos, Lori and Nico were flying over the World of 1,000 Mountaintop Kingdoms.

Nico: Thanks for coming with me, Lori.

Lori: It's literally no problem Nico.

Nico: Wow and our rescue is on the planet Atmos. I can't even remember the last time we were here.

Lori: It sure literally has been a while since we were here the last time. I think it was when were going to kill Cyclonus.

Nico: Right I remember now! That was crazy.

Lori: It literally was.

Nico: Lori, can you still get pregnant even though your kids are already with you?

Lori: Yes I sure can. We just haven't thought that far yet.

Nico: You'll know when the time is good. Also that day was still so awesome for me. It was really awesome discovering that Natilee has the power to make Dreams a full fledge reality.

Lori: It sure was amazing. That was literally the most amazing adventure we've had.

Nico: It sure was. The Battle with Nocturne showed us all amazing dreams and so many awesome things.

Lori: It sure did. That was really amazing.

Nico: Yep.

Lori: That literally was amazing.

Nico: Lori, just because I'm leader now doesn't mean I'm gonna be perfect. I'll still make a few mistakes now and then.

Lori: That's okay Nico. No one is perfect. You are doing your very hardest and that's all that counts.

Nico: Thanks Lori.

They then saw something.

Nico: Wait what's that up ahead? It's moving through the clouds of the ruins of Cyclonus's castle.

They saw a strange figure flying through the sky and they saw a ship chasing after it.

Lori: No idea what it is.

Nico: That ship must be after it.

Nico then saw the flag on the ship and it was a Skull and Crossbones flag and that meant only one thing!

Nico: (Gasp) Sky Pirates!

Lori: Sky Pirates?

Nico: The ones that Kai and his team deal with!

Lori: Oh man!

Nico: This'll be the second enemy we've faced since we met Kai and his team. Lets get them!

They flew at the sky pirates. Their commander was NADAKHAN THE DJINN PIRATE!

---

Nadakhan is the main antagonist of Season 6: Skybound of LEGO Ninjago: Masters of Spinjitzu. He is a Djinn pirate who is on a mission to avenge his father and the Djinn race, following the destruction of his home realm Djinjago, due to the Ninja killing the

Preeminent and destroying the Cursed Realm (which was Djinjago's sister realm). He is Jay's arch-nemesis.

He was an enemy of Captain Soto, who tried to defeat him in a battle at sea. However, Soto used the venom of a Tiger Widow to make sure he doesn't teleport in a "poof", and Soto also managed to lock him inside the Teapot of Tyrahn. After the battle, his love interest Delara died of unknown circumstances. Many years after the battle, Clouse freed Nadakhan from the the teapot, as Clouse was on a mission to get revenge on the Ninja, but after using all three wishes, gets trapped in the teapot himself. However, when returning to his father's palace in Dinjago through the Realm Crystal, his father informs him that Dinjago is a sister realm of the Cursed Realm (The Preeminent), and is collapsing a little while after the Preeminent is destroyed. Then, Nadakhan offers his father an escape through the Realm Crystal, however, his father, Khanjikhan, says he will not abandon his realm, and he commands Nadakhan to avenge him and their kind. Nadakhan then looks at a picture of his love, Delara, ready to gain Nya. In the final episode, Nadakhan gets hit by Tiger Widow venom by Flintlocke but Nya is also hit by it in the process, causing her to die as a result. This causes Nadakhan's defeat by Jay, as when the latter says to the deceased Nya "I wish you did take my hand… and no one ever found that teapot in the first place". Nadakhan, shocked at how pure and selfess the wish is, then reluctantly say's "Your… wish… is yours to keep." before finally collapsing on the floor from the venom and is defeated. This causes the Ninja to go back in time and Nadakhan's crew to go back to the realms they were imprisoned from. This also causes Nadakhan to go back into the Teapot Of Tyrahn. Afterwards, Clouse tries to find the teapot so that he can unleash Nadakhna again but is spotted by a angry mob who chase's after him making it buried under rubble and shipped away on a garbage boat. In the end, Jay and Nya are a couple again. Jay And Nya kiss and hug, and the Ninja celebrate the moment.

---

Nadakhan: Soon we'll be after the sky demon and then we'll get the Ninjago Warriors.

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off beside the ship and then a phoenix cry was heard and then Nico and Lori came out.

Nadakhan: Nico and Lori of Team Loud Phoenix Storm!

Nico: That's right pirate dirtbag!

Lori: We already literally killed your mortal enemy Captain Soto.

Nico: Now we're going to do the same to you and send you to Davy Jones Locker!

Nadakhan: Come and get me!

Nico: Time to for ye to walk the plank!

Lori: (Rolls eyes) Great. Nico talks like a pirate and J.D. talks like a cowboy. What next?

They unsheathed their swords.

Nadakhan: GET THEM!

The crew charged and a powerful swordfight broke out!

Nico kicked a man in the head and knocked it off and Lori fired a blast of wind and blew many men away.

Nico: You know, Lego Body parts don't come off the same way human body parts do.

Lori: I do know that.

Nico fired a beam of energy and blew the men and they shattered into pieces.

Nadakhan: Why you accused monsters!

?: The only monster here is you!

An Aerophibian swooped in and grabbed Nadakhan.

Nadakhan: Put me down you scurvy dog!

Aerophibian: (In a girl's voice) As you wish.

She dropped him and he fell down into the mountainous land of atmos! LONG LONG WAY DOWN!

The Aerophibian landed on the ship.

Nico: Wow that was awesome.

Aerophibian: That was fun.

Nico: That voice. Miranda? Miranda Rodriguez?

Aerophibian: Nico? Wow! You look amazing!

Nico: It really has been a long time.

Aerophibian: It sure has been a while.

Lori: How do you know Miranda?

Nico: She was my partner in Flight Classes. We had classes where we would use the Flight Simulator to practice for flying planes, helicopters, fighter jets, commercial planes, the works. Miranda's biggest dream was to become the pilot of an incredible commercial airliner.

Aerophibian: It's true and those were really awesome times.

Lori: Wow that is literally amazing.

Nico: It sure is.

Lori: What's your favorite memory of Nico?

Aerophibian: That was an awesome one. One time my dad took us to the local airport to see how the Air Traffic Control system works. It was bring your daughter and friend to work day and that was really fun.

Nico: Oh yeah! I remember that. That was awesome. We saw something really peculiar going on one of the flights as they were unloading a really huge metal crate and then we saw some strange men making their way to it.

Aerophibian: Feeling suspicious we went down and took a peek inside and to our shock it was a bunch of terrorists that were hiding in it that were smuggled into the country to cause some serious damage. We opened it and smashed them all over and the FBI, CIA and the Police hailed us as heroes for stopping what would have been an incredible terrorist threat.

Nico: That was awesome.

Lori: Wait! I remember reading about that! That was back in 2011.

Aerophibian: That was incredible.

Nico: It sure was awesome.

Lori: Wow.

Nico: Now we have this ship all to ourselves!

Lori: We literally sure do.

Nico: Lets revert you back to human Miranda.

Nico put on his blind man glasses and he snapped his fingers and then Miranda reverted back and she had neon purple hair and purple eyes and she was in her birthday suit and Lori gave her new clothes and she looked awesome.

Miranda Rodriguez: Wow these clothes are amazing.

Lori: Leni, Maria and Rarity made them. They are literally amazing.

Nico: They sure are.

Miranda Rodriguez: They sure are.

Nico and Miranda then hugged.

Miranda Rodriguez : I've missed you a lot Flight buddy.

Nico: Me too.

Lori: Aww.

Nico: Who wants to take the wheel of this ship?

Miranda Rodriguez: I'll do it.

Miranda took the wheel and flew the ship out of the deserted Cyclonian Territory and it was awesome.

Nico: Wow you fly it really well Miranda.

Miranda Rodriguez: Thanks. I watched how the Megaforce Rangers did it and it's like piloting a ship on the high seas but in the sky.

Nico: That is awesome.

Lori: Your hair is really beautiful Miranda.

Miranda Rodriguez: Thanks Lori. Yours is too.

They went back home.

After Nico's rescue, Lincoln, Me, Nico, Eli, Nicole, Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, Lily, Lincoln's harem, Mr. Wolf, Mr. Piranha, Mr. Snake, Mr. Shark, Ms. Tarantula, Sly Cooper, Neyla, Raja, Bentley, Murray, Inspector Fox, Contessa, Marie Cooper, Panda King, Penelope, Jean Bison, Sima Shi, Sima Zhao, Sun Jian, Guo Jia, and Loki Loud were heading to the Netherlands, and not only is Lincoln going to rescue the eighteen girls there, but we're also going to take down the Black Baron, an old enemy of Sly Cooper, along with his crew in an epic dogfight.

And with us were Xing Cai's older brother and son of Zhang Fei, Zhang Bao of Shu, who's in his Dynasty Warriors 8 appearance and wielding his Crushing Blade flail sword, and Guan Yinping's third older brother, Guan Xing, who's in his Dynasty Warriors 8 appearance and wielding his Imprisoned Dragonwings wingblades.

Lincoln: Wow, we're in the Netherlands, and I think I know what we're going to do here, not only am I going to rescue the eighteen girls there, but we're also going to take down the Black Baron, an old enemy of Sly Cooper, along with his crew in an epic dogfight.

Nico: That's right, Lincoln. This is going to be awesome.

Sly Cooper: And we're also going to put a stop to the Black Baron for good. Never thought any of us would see him ever again.

Lincoln: That's right, Sly. (To Zhang Bao and Guan Xing) And it's a pleasure to meet you and Guan Xing, Zhang Bao.

Zhang Bao: You too, Lincoln, and we know you've been taking care of our little sisters, and that you'll soon be married to them in the future.

Guan Xing: And we also have some bad news to share with you: this morning, Dark Lynn attacked a group of soldiers from Shu who were stationed at Mt. Dingjun. They tried to fight her, but she was too much and she brutally injured them.

We gasped in shock.

Guan Yinping: I can't believe that she did this.

Bao Sanniang: Oh, when that wild, superstitious meat-head shows up, she's getting one brutal beating from all of us.

Xing Cai: And soon, all that's left is to take down Dark Luan before she causes anymore havoc.

Xiahou Ji: From what Lincoln told us about her, she's caused a lot of havoc with her pranks, and so many people have gotten injured, and all for a laugh.

Yue Ying: And that's something that we won't tolerate.

Lincoln: That's right. But, you also know what today is, right?

Zhang Bao: (Sadly) Oh, yeah, the one-year anniversary of The 20 Days of Darkness. What the evil versions of Organization XIII, The Digimon Emperor, and the five members of The Sullen 6 did to all of you is completely unforgivable.

Nico: Even though we got rid of them a year ago, we can't forget that we went through hell because of them.

Lori: It was indeed painful not to forget what those bastards did long ago.

Plankton: And I'm glad that I got my wake-up call when you fought HIM. But, Crocker, Vlad, Goobot, Jock, and Mr. Burns were nothing but pure evil, and they deserve to die.

Mr. Wolf: If Burns so much as comes back, it's the Black Gates for him, and from what we saw of his criminal history, he's already made me so mad.

Me: Same here, and he's been causing this kind of trouble for decades.

?: HELP!

Suddenly, Lincoln heard the sound of eighteen girls calling out for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard where the call for help was coming from. He saw the eighteen girls, but they're tied up and they're hanging from the plane of The Black Baron.

Lincoln: Guys, I found the eighteen girls, but they're tied up and they're hanging from the plane of The Black Baron.

Nico: What?! Let's get up there and blast those turkeys out of the sky.

We unholstered our weapons, transformed, and then, took to the air with our massive angel wings.

?: Let us help you out.

Suddenly, we then saw an Elemental HERO Air Neos join us in the skies, but it wasn't alone. With the Elemental HERO Air Neos were Ikaros, Nymph, Astraea, Oregano, Type Zeta, and Hiyori Kazane from Heaven's Lost Property.

Me: Wow, an Elemental HERO Air Neos and Ikaros, Nymph, Astraea, Oregano, Type Zeta, and Hiyori Kazane from Heaven's Lost Property, awesome.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **Wait, that voice from the Elemental HERO Air Neos. Emily McKale, is that you?**

Emily McKale: Lincoln, is that you?

Lincoln: **Yeah, it's me, Emily. Wow, I haven't seen you since you were thirteen years old, and I've grown a lot since then.**

Emily McKale: Yeah, I can see, you've really grown a lot from the eleven-year-old cute little boy into a 16-year-old 7'0" tall and very handsome teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs.

Nico: Whoa, Lincoln, you know her?

Lincoln: **I do, Nico. This is Emily McKale. I met her when she was thirteen, and I was eleven, and she, like the other Guardian Angels, have defended me from bullies, and that included Lori, Lynn, Lola, and Luan, when they still had their dark sides in them.**

Nico: Another Guardian Angel of you, awesome.

Lincoln: **We'll have to catch up later, we need to take care of The Black Baron and his crew and rescue those girls that he has tied up and are hanging from the plane.**

Emily McKale: What? Oh, he and his crew are getting blasted out of the sky for this one.

Penelope: So, the Black Baron is indeed real, and not me in disguise. Let's blow them out of the skies.

We went at The Black Baron and his crew, and we then fired powerful blasts of rainbow energy, colored energy, elemental forces, lava, steel orbs, wind, stars, rainbow flames, orange flames, blue flames, and water at the minions of The Black Baron, and the planes exploded with incredible power, along with the crew of the Black Baron. Then, Lincoln went at The Black Baron, freed the eighteen girls, and he fired a powerful rainbow energy blast, which destroyed the plane, and The Black Baron was chained up by Lincoln, who caught him. We cheer wildly as we holstered our massive swords and weapons and power down.

Emily McKale: That was fun.

Lincoln: The rescues are always fun. Now, let's get you back to normal, Emily. Boys, cover your eyes. Hold still, Emily, this is going to be painful.

Me, Nico, Eli, and the rest of the boys covered our eyes as Lincoln snapped his fingers, and Emily was was reverting back. Emily McKale was a beautiful 17-year-old girl with long blue hair, blue eyes, fair skin, she was 6'0" in height, and she had the body of a goddess. She also now has massive white angel wings with blue tips on the large white feathers on her back, as she reigns in the power of Elemental HERO Air Neos, and she was in her birthday suit.

Lincoln: How do you feel, Emily?

Emily McKale: Good. (Realizes she's in her birthday suit) But, I'm also in my birthday suit.

Lincoln gave Emily a new wardrobe, a white sleeveless shirt with a blue phoenix, blue skirt with the Elemental HERO Air Neos with winds on it, blue leather ankle-high combat boots, and a long white sleeveless trenchcoat with the Elemental HERO Air Neos on the back, and on her back is a large Elemental HERO Air Neos-themed sword with a 6'5" massive, wide, double-edged, man-sized blue blade with the Elemental HERO Air Neos etched on it, large white angel wings for the crossguard, large blue gem for the hilt, longer blue handle, and large blue faceted sphere pommel with surrounding white gems.

Emily McKale: Wow, I love the new outfit and large sword you made for me, Lincoln.

Suddenly, a Thunderbird Necklace of Eternal Love appeared on Emily McKale's neck with blue gems and crystals from her new Crystal Necklace of the Buddha on the gold lightning bolts.

Emily McKale: Whoa, is this…?

Lincoln: Yep, that's a Thunderbird Necklace of Eternal Love, which means you're now part of my harem and you're one of my many future wives, Emily.

Emily McKale had a smile on her face and tears in her eyes, as Lincoln wrapped his abnormally massive and powerful muscular arms around her waist and he leaned down and he kissed her on the lips, and she returned it, and we cheered for them. Then, I saw seven Elemental Phoenix Necklaces of Eternal Love appear on the necks of Ikaros, Nymph, Astraea, Oregano, Type Zeta, and Hiyori Kazane, and they went up to me, and they kissed me all over, and everyone cheered for us. Then, we went up to the eighteen girls, and when Lincoln saw them, he immediately recognized them. The eighteen girls are Chell from Portal, Mona Sax from Max Payne, Shanoa from Castlevania: Order of Ecclesia, Kate Walker from Syberia, Juliet Starling from Lollipop Chainsaw, Joanna Dark from Perfect Dark, Clementine from The Walking Dead, Madeline from Celeste, Liara T'Soni, Tali'Zorah nar Rayya, Ashley Williams, Jack, and Miranda Lawson from Mass Effect, Miriam from Bloodstained: Ritual of the Night, Zoë Maya Castillo from Dreamfall, Jade from Beyond Good and Evil, Angel Starr from Ace Attorney, and Nancy Drew from Nancy Drew.

Lincoln: Oh wow, it's Chell, Mona Sax, Shanoa, Kate Walker, Juliet Starling, Joanna Dark, Clementine, Madeline, Liara T'Soni, Tali'Zorah nar Rayya, Ashley Williams, Jack, Miranda Lawson, Miriam, Zoë Maya Castillo, Jade, Angel Starr, and Nancy Drew.

Helena McTroy: From Portal, Max Payne, Castlevania: Order of Ecclesia, Syberia, Lollipop Chainsaw, Perfect Dark, The Walking Dead, Celeste, Mass Effect, Bloodstained: Ritual of the Night, Dreamfall, Beyond Good and Evil, Ace Attorney, and Nancy Drew, awesome.

Lincoln: Are you girls okay?

Chell: Yes, we're okay, thanks to you.

Then, when Chell and the other seventeen girls saw who it was that saved them from The Black Baron, their faces turned atomic red upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, a golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top was the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, and Buffalo, and below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and The Thirteen Elemental Forces, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", and he had deep sapphire blue eyes.

He had his massive Sword of Universal Hope and Elemental Bravery holstered on his wider and muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces constellation and Aquarius Zodiac sign on the back of his neck, large weighted orange bands on his massive biceps and thighs with silver phoenixes on them, his large Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them with rainbow tips on the large deep sapphire blue feathers, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with elemental forces, Thunderbirds, Phoenixes, and Buffalo on them and with hanging mini silver lightning bolts held up by his Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of large blue pants with multicolored lightning bolts on the thighs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Buffalo head stud earrings with the Thunderbird and Eternity Kanji on it, a large Thunderbird Necklace of Eternal Love with colored gems on the gold lightning bolts and a Buffalo head with the Thunderbird and Eternity Kanji on his neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, he had eight large orange orbs orbiting around his legs, and circling around his feet on the floor are eight golden crosses with angelic runes.

Chell: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made seventeen clones of himself, and he and the seventeen clones went up to the girls, and they picked them up and hugged them in their abnormally massive and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Chell: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, thirteen Thunderbird Necklaces of Eternal Love appeared right around the necks of Chell, Mona Sax, Shanoa, Kate Walker, Juliet Starling, Joanna Dark, Clementine, Madeline, Liara T'Soni, Tali'Zorah nar Rayya, Ashley Williams, Jack, Miranda Lawson, Miriam, Zoë Maya Castillo, Jade, Angel Starr, and Nancy Drew. We returned to the Estate, and we told everyone what happened in the Netherlands, and they were shocked when they found out that The

Black Baron was her and real, and not Penelope in disguise.

But, when Lincoln showed them what happened in The Netherlands and what we did to The Black Baron and his crew, they cheered wildly for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem went up to Lincoln, and they kissed him all over. Lincoln and Emily McKale now have a lot of catching up to do, now that she's back. Plus, everyone was excited when they also met Ikaros, Nymph, Astraea, Oregano, Type Zeta, and Hiyori Kazane, and they're now part of my harem, and they cheered for us. As for The Black Baron, he was sent to the Uranus Prison for his crimes, and he was put into a separate cell in Solitary Confinement, and he was bound in a rainbow straitjacket and rainbow chains and chained to the wall of his cell.

---

After throwing The Black Baron in prison this time for good, we were training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Emily McKale saw Lincoln working out like crazy, she had an atomic red blush on her face.

Emily McKale: Whoa, Lincoln has really grown to be a 16-year-old 7'0" tall, really big, and really strong young man, just look at those abnormally massive and powerful muscles hard at work, and to work out with those 9,500-lb barbells and not even get tired, incredible.

Lincoln: And I've also trained a lot under some very powerful teachers, J.D. and Nico included, Emily, and now, I can also fight and defend myself.

Emily McKale: That's awesome.

Nico: It sure is.

Emily McKale: And I know you're going to ask what memories that I had with Lincoln, right? But, before I share that, I do have something that I wanted to tell Lincoln and his family, but I couldn't, when I got Gene-Slammed when I was fourteen.

---

Emily McKale: See, like all of you, I lived in Royal Woods, I went to high school, I love animals, and I had parents who loved me. But, there's one thing in my life that's possibly nothing like anything that you've ever experienced: my older sister, Amy McKale, she was not normal, she never had been. She held a burning hatred for me from the moment I was born. My parents told me she once tried to put me into a washing machine and turn it on to see if it would hurt me. She called it an "experiment". Thankfully, my parents intercepted her cruel antics, and began to distance her from me since then. Amy was cruel and scary, even to my parents. Growing up, I can see how they fawned over me, and cherished me, while they would always walk on eggshells around Amy, terrified of accidentally sending her into one of her angry fits.

I once brought a little puppy home from the street, and Amy became utterly enraged to see him there, she screamed at the top of her voice about how her parents denied her a dog for years and how unfair it was that they were allowing me to keep one. I told her we could share the puppy together. I was young and I hoped that she would love me, I had no idea what she truly was. We kept the puppy, Terrence, together. But Amy, however, wouldn't let me play with him or even come near him, even if I cried and cried, Amy would simply laugh cruelly from the other side of the locked door while little Terrence would bark on, it was torture. One day, when Amy was in school, I broke the lock of her room and stole Terrence. I just wanted to play with him for a little while, he seemed so excited to be out of that cramped room too, his little tail wagging around. So I happily went to our backyard with him and a frisbee, I found his tracks leading away into the forest behind our house, but they went all the way into the dangerous dark areas I was forbidden from going in there.

Dejected, I came back home, and I told Amy and my parents that I lost Terrence. That's when true Hell was unleashed on me, Amy lost her mind. She began to wail loudly, uncontrollably, she screamed at me for breaking into her room and attacked me, trying to yank on my hair. My father pulled her back before she could reach me and Amy swore that she was going to get me back for doing this to her. I cried and swore up and down that I didn't mean to lose Terrance, I loved him too. To make her suffer, she told me now she was going to make me suffer. I had no way to know how much she meant those words, I'm not a cruel person, so I had no way to understand how much she truly wanted me to ache. She hid under my bed one night, waiting for me to slip under the covers. Then, when I was resting my bed, she grabbed my ankles and let out a horrific screech, yanking me off the bed. I was so terrified, my heart nearly leapt out of my throat, I cried for my parents as I crashed on the floor. Amy stood up and laughed at me walking away with a pompous bounce.

Weeks after that day, I went on a date with David Hills, the cutest guy at our school, I was so excited about this, I could barely stand it, he took me out for dinner and ice cream, and then, I brought him home to meet my family. When I took him to my room however, the sight before him made him scream, all of my dolls were hung by noose around their necks, they swung side to side from the ropes attached to the rafters like so many bodies. David ran out of my room, he never spoke to me again since that day. The reports of my house of horrors spread like wildfire and no one would come to my house anymore, they were all terrified of Amy. How could she do this, what the hell was wrong with her? I knew she was sick, but this was getting out of hand. What I didn't know was that she was just getting started. She snuck into my room the night before the spring dance at school, she climbed in through the window with a pair of scissors.

Then, she chopped off all my hair crudely, I screamed when I woke up and she pushed herself away from me while holding on to chunks of my hair. Then, she grabbed the dress that I picked out for the dance and ran out of the window the same way she came. Once she reached the backyard, she set my hair and my dress on fire in the backyard. As I watched, she laughed and talked merrily the whole time.

Amy McKale: We did it, Katie. Did you look at my sister? She was so scared, Katie.

Emily McKale: Amy laughed, I watched her in horror, who was

Katie? There was no one around her. At first, I couldn't believe my eyes and ears, was she talking to herself? I watched her for five minutes more, and it became clear to me: my sister was talking to an imaginary friend, someone called Katie.

Emily McKale: She was talking to her, planning with her, laughing with her, as though she was a real person beside her. Had she finally cracked completely? I knew that my parents needed to hear about this. I immediately ran to my folks and told them about Amy and her delusions. I showed them how she'd cut my hair and burn it along with my dress. My parents looked positively terrified, but they called Amy in to speak with her. Amy acted utterly strange the whole time she spoke with them, she kept on insisting that Katie was sitting right beside her. She said Katie was her friend and her partner.

When we disagreed with her saying we couldn't see anyone near her, Amy got explosively angry, she said we were lying to her, trying to trick her. When my father asked her to calm down, she took a bunch of vases and glasses and began to throw them at us. They shattered on the walls behind us, missing us by inches. My parents have had enough, they were simply incapable of handling this kind of violence. My mom stood up and pulled out the gun she had in her safe, she forced Amy to move down to the basement away from everyone else in the house. My parents told Amy that until they found some way to deal with her, she had to stay away from them as she was a danger to them all.

She had to stay in the basement, while the rest of the family stayed above. Amy was infuriated, as she entered the basement with her things, she promised that she would make me pay for costing her her freedom, that I would rue the day that I was born as her sister. She didn't know that, but I already did. My appearance locking Amy away was a blessing, it suddenly gave me my freedom in my house, I could walk around in peace again. I even bought a small goldfish, and named him Addie. I could never get a pet while Amy was skulking around the house, she'd trap it and hurt it in an instant, but now with my parents watching her and her fear of my mother's gun, Amy was in check. That was, until the day of the phone call, it came early in the morning around seven, an old friend of my father's, who'd worked with troubled people, called them saying he could take care of Amy for a while. Both my parents went to meet with him for lunch and talk things over, which left me alone in the house with Amy.

At first, I was terrified, I had never done this before, my parents assured me that there's nothing to worry about. The lock they placed on Amy's door was secure, and when they were back, they'd be able to take her away to people that could help her. When my parents left, I walked back to my room and did my homework for half an hour. Then, I came down for a glass of water, as I crossed the door to the basement, I stopped, it looked odd. I moved closer to it and gasped, the lock was broken. When I gently tapped against the door, it swung open without resistance. The basement door was open, and Amy had escaped. I couldn't breathe, the terror was so real, I raced back towards my room taking the stairs two steps at a time. When I reached my room, I saw my cupboard was open, and all my clothes were out on the floor, my eyes reached for my bedside table, my fishbowl was on it, but Addie, my goldfish, was not in it.

Amy McKale: Oh, hello.

Emily McKale: I then turned to see Amy standing in my bathroom with Addie in one hand twisting helplessly for water. She dropped Addie into the toilet and then flushed, letting my goldfish sink down into the sewers. I screamed loudly, I couldn't bear this, that sweet innocent goldfish had nothing to do with our feud. Amy laughed maniacally and ran towards me, her eyes glinting. I was so shocked, that I couldn't move in time. She shoved me to one side, throwing me directly into my open cupboard. The back of my head hit the wall and I got dizzy, then, I saw Amy shut the closet door and lock it from outside.

Amy McKale: Katie and I want you to feel what it's like to be locked in a cage. We want you to feel powerless and weak.

Emily McKale: Then, Amy proceeded to destroy my entire room, while I could do nothing but watch through the crack in the door. She smashed my laptop, broke my chair, and pulled off my carpet, she enjoyed doing every bit of this. I could see it, she kept talking to Katie the whole time, making an elaborate ploy to get rid of me once

and for all.

Amy McKale: We'll kill Emily, bury her in woods. That's where she lost my dog, but it's okay, because that's how you found me, Katie, you're my best friend.

Emily McKale: How could Amy and I be related to the same people? I had to ask that same question, this person wasn't human, it was an animal, a rabid dog. I was so sure my life would end that night, locked in my own barren closet, Amy had even bought the knife from the kitchen, and was tearing up all the posters on my walls. I knew that when she would be done with my room, I would be next. Luckily, my parents arrived soon, bringing their friend along. By the time they reached, my room was entirely trashed, my curtains had been burned, my laptop, iPod, and phone were swimming in my fishbowl. There were various sauces and condiments strewn across my sheets, and my clothes, all my stuff was destroyed, Addie was killed, their friend had wanted to visit Amy to get to know her before calling her home. Unluckily, my parents thought that now was as good a time as any.

The moment that man caught a sight of the horrifying wreckage that Amy made, he bolted. He said he didn't have the resources to deal with such a troubled case, he left me and my parents there with this monster that was intent on destroying us. When he was gone, Amy gave us a big creepy grin, she reached for my mom's gun on her belt and yanked it away from her. My mom screamed and lunged for her, but it was too late, Amy had the gun. She dared any of us to put her in the basement, she promised to kill us if we tried. She knew we couldn't get rid of her, and now with her gun, she had the upper hand. My mom pulled me and my dad away from her, and the three of us ran into the basement, shaking with fear. We shut the door behind us and locked it.

Amy McKale: You can't hide forever.

Emily McKale: I turned to my parents then, they were both trembling, looking around themselves helplessly like they had no idea what to do. I knew how they felt, I felt the same way when I saw the broken lock of that basement door, and I knew Amy was out. But, I didn't feel that way anymore. The moment when Addie was killed Amy shoved me into that closet, I learned a truth, a basic truth of this world, something we all have to face one day, if not from our own sister, then from another foe: when someone wants to destroy you, it's either you or them. "We have to end this, we have to get our lives back", I told my parents.

Mrs. McKale: We can't get our life back. We have to leave.

Emily McKale: No, we will not leave our house. Amy will leave our house, and I know how we can do it. I told them my plan, and they agreed instantly. I knew they would, we couldn't hurt Amy, as she was still family, but, we had to get rid of her, any way that we could. We waited and listened for signs of Amy's movements to stop. From the ruckus she'd been causing outside, it sounded like she was trashing our house. When the sounds had died out for several hours at a stretch, we guessed she must have fallen asleep. "It's time to go", I told my parents. They nodded at me, and we went out of the basement into the living room. The house was completely destroyed, there was not a surface left undisturbed by Amy, who was snoozing on the couch, with junk food piled on the table beside her, along with the gun she used to threaten us.

I told my dad to call the cops now, and my mom stood beside him shaking with worry. I crept up behind the couch, standing across from my parents. If we let this plan fail, Amy would probably injuring one of us and someone could even end up killed. We waited in pin drop silence for the first police sirens to show up. The moment they reached the end of the street, it would be time. When the sirens reached, my father and mother stood on one end of Amy's couch, then, they both let out a loud scream, even louder than Lincoln's sisters, as though they were being attacked. Amy woke up startled, and grabbed for the gun beside her. Mom and Dad pulled away from her as she jumped up to her feet.

Amy McKale: What are you two doing up here?! Finished hiding like cowards?!

She moved towards them and paused suddenly.

Amy McKale: Where the hell is Emily?!

Emily McKale: I scrunched up my face, and began to scream as loudly as I possibly could, making sure the cops outside could hear me. "HELP! HELP! SHE'S GOING TO SHOOT US! SOMEBODY, HELP US!"

Amy McKale: (Gasps) What are you doing, you called the cops?!

Emily McKale: SHE'S TRYING TO KILL US! HELP!

Amy McKale: Shut up, Emily!

Emily McKale: The front door of our house broke open, and cops filtered in like ants on a picnic. They howled at Amy demanding that she put the gun down and accosted her. Mom, Dad, and I practiced our stories to perfection, so that the cops would have no choice but to take Amy away. We told the cops the three of us were hiding in the basement as Amy was trying to kill us, she'd stolen my mother's gun and was using it to torment us before she killed us and buried us in the woods. It was only our foresight of calling the cops in advance that saved us. The cops took Amy down to the station, she was charged with Battery, Assault, Destruction of Property, and Attempted Murder. Years have passed since that fateful night, years since I put my 18 year old sister away. I often thought about why Amy went so insane, was it because I lost Terrance, was it because of our parents, or was it because she born evil, cruel, and terrifying?

FLASHBACK ENDS

When Emily McKale was finished, we were absolutely horrified. But, Lincoln and his family and friends knew of Emily McKale's evil sister, Amy.

Me: (Horrified) My God.

Nico: (Horrified) I don't even know what to say. Amy McKale was even worse than Dark Lori, Dark Lynn, Dark Lola, Dark Luan, and many other bad siblings put together.

Lincoln: Oh, yeah, now I remember her all too well.

Lori: Same here, Linky. Ugh, no one could ever forget her. That Amy McKale was literally a high school nightmare, she was a monstrous

demon.

Luan: That's why we called her Amy the Bloodthirsty Savage.

Emily McKale: Indeed she was, Lori, and that's good name for her Luan. I've seen her in my dreams as a demon of terror for years, even after I got Gene-Slammed. I also often checked the prison records to make sure she hadn't made it out into the world somehow. Should that day come, I know she will hunt for me, I'm her worst enemy and I'm prepared for the day she wants her revenge.

Lincoln: That's awesome.

Eli: I sense that not only have you done some intense self-defense training, you're also armed as well, in case that psychopathic demon comes back.

Emily McKale: That's right, Eli.

Emily McKale had two guns holstered on her hips, and she showed us her gun permit, and that also was proof to the cops who are in our team, specifically Sheila Castille, Tom Lair, and Eric Loud.

Sheila Castille: Sheesh, that monster bitch is a nightmare when you described her correctly, Emily.

Emily McKale: She sure is. And after Amy got carted off by the cops, Lincoln and his family came over to us, and we told them what happened, and we also showed them the extent of the damage that Amy had caused throughout our whole house, and when we told them that Amy wanted to kill us all and bury us in the woods, they were horrified.

Luna: We sure were, dude. But, you guys did the right thing in calling the cops and getting Amy hauled off to jail. One time, she destroyed our instruments and laughed cruelly at us. Mazzy wanted to punch her in the face and rip her hair off, but Sam and I had to restrain her.

Sam S. Loud: Yeah, what a bitch.

Eli: She is Pure Evil!

Leni: Yeah, but what Amy did totes destroyed your reputation, Emily. No one wanted to hang out with you. That was, until Lincoln decided to hang with you, and once that happened, you now had a friend in your life. But, Lori wanted to separate you and Lincoln, but you weren't having it.

Luna: Oh yeah, I remember that one all too well. You slugged Lori, and pile drove her into a wall, and you explained to Mom and Pops that Lori tried to separate her and Lincoln, because she knew that she was the younger sister of that nightmare, Amy McKale. But, they saw Emily was not like her, she was tortured and tormented by Amy McKale, and they gave Lori a warning: she ever did that again, she could say goodbye to her phone, driving privileges, and babysitting jobs for good.

Me and Nico: Whoa.

Rita: Yeah, we were very serious about that one, boys. Plus, when Lincoln told me that she'd been taking self-defense classes, I was impressed.

Lynn Sr.: Same here, honey.

Lori: I regretted trying to separate you and Lincoln, because I feared you were just as bad as Amy. But, I saw that you and your parents were clearly and cruelly tortured and tormented by that bitch.

Lincoln: In the end, you apologized to her, and you swore that you wouldn't do that ever again. But, if that demon, Amy, breaks out of prison to get her revenge, she's going to get clobbered by all of us.

Nico: That's right, Lincoln. (To Emily McKale) Don't worry, Emily. We'll make sure that Amy won't lay a single hand on you.

Me: That's right! As far as I can tell that monster is not your sister. She is the Devil in human skin and she needs to go back to Hell where she belongs.

Lincoln: And we should also get your parents here, as well, and put them under our protection. If Amy breaks out of prison, she'll come after them first, then, she'll come after you.

Emily McKale: Thanks, Lincoln.

Lori: And I couldn't forget the day she put a hornet's nest in my locker. I ran to the nurse's office, and as soon as they saw the hornet's nest, animal control was called, and the nest was taken out, and I heard Amy's cruel laughter. I wanted to turn her into an inside out human sausage for what she did, but I couldn't, she was indeed very violent, and if pushed too far, she's capable of murdering anyone who crosses her.

Me: Amy is a monster! She needs to be put down like a mad dog. She is clearly a menacing monster that wants nothing more than to see the entire planet burn.

Nico: I agree there J.D. Amy McKale is pure evil incarnate.

Laney: She was diagnosed with uncontrollable anger.

Me: Amy is what I call a sister from Hell. She's like Icky Vicky.

Sammy put her hand on Emily's shoulder.

Sammy (TD): Emily I know just how you feel. My so-called sister is named Amy too and me and her were twins. Amy made my life a living nightmare as well. She was an absolute nightmare.

Sammy told her everything Amy did and she was shocked!

Emily McKale: That's horrible Sammy. I'm sorry you went through all that.

Sammy: It's all right. But I also dyed my hair blue to avoid being confused with Amy. Amy was pure evil just like Amy McKale.

Nico: Wow that is terrible.

Me: But Amy McKale is 1,000 times worse and she needs to be put down like a mad dog.

Lana: Yeah she is a monster!

Lola: YEAH!

We decided to put Emily and her parents under our protection, and we also had to check the police records to see if Amy hasn't checked out or broken out, because if she does, we'll be ready for her, and she'll be facing our wrath for everything she's done to her little sister and her parents.

---

Next it was time for Rice's final ambassador mission.

Nico: Rice, we need to update who goes with you this time.

Rice: Oh right. Hmm. How about Eli, Nicole Hernandez and Lori comes with me?'

Nico: That works perfectly.

Eli: Awesome. But it still is shocking that Lincoln and his entire class had to put up with the horrible evils of Amy the Ruthless.

Nico: I know that was shocking.

Lincoln: It sure was.

Laney: Yeah.

Rice: Anyway I think we're all set.

Nicole Hernandez: Yep we're ready.

Rice opened the portal and they were off.

They arrived and Marty and friends saw them.

Marty: Rice!

Rice: Hey guys.

Ally: Awesome you're here.

Rice: Guys, these are two more of my friends.

Nicole Hernandez: My name is Nicole Hernandez and I'm one of the 3 Gene-Slammers for the 3 Sacred Beasts. I was slammed with Raviel, Lord of Phantasms.

Lori: And I'm Lori Loud, the Eldest of the Loud Siblings.

Marty: Awesome to meet you.

Ally: Wow Nicole your hair is really pretty.

Nicole Hernandez: Thanks Ally.

Eli: Who is our next target?

Marty: We're going after Khan next.

Lori: What can you tell us about him?

Marty: He has honor but he is a skilled fighter.

He told us about him.

---

Khan is second-in-command only to the General himself, following him out of honor. During the Robot War he was unstoppable, taking out an entire Federation battalion alone. He acts as a leader to the General's forces after his defeat until he is rebuilt, with Khan horrified of his leader's new outlook. He mainly battles using his fighting skills and brute strength, but is also capable of creating winds from his hand that either pull or push his enemies, and can fire a set of rockets from his shoulder armor. Sometimes he'll arm himself with a personal convoy of heavy infantry missile packs worn on both arms to fight colossal threats such as the Giganator.

---

When he was done they were shocked.

Lori: He literally does have a sense of honor.

Nicole Hernandez: Wicked.

Rice: Guys, before we go after Khan, how about I show you all my Razorfist transformation?

Marty: Awesome!

Rice: Here we go.

Rice concentrated and then her eyes turned yellow and then her skin grew muscular and then turned red and her clothes ripped as she grew and turned into a big crab creature and she turned into RAZORFIST!

Nicole Hernandez: Whoa! That is awesome!

Eli: Yeah it is!

Razorfist: What do you think?

Marty: That is so awesome!

Lori: It sure is.

Marty: Rice, while we're looking for Khan, can you tell me your favorite parts of your Razorfist transformation and your reversion to human?

Razorfist: Sure thing. I gain my assets back as well as my red hair.

Nicole Hernandez: It sure is awesome to see. I also have the ability to sprout Raviel's wings and use his powers of darkness.

Ally: Wow! That is awesome!

Lori: It literally is.

They later saw Khan!

Khan: Eon Kid. It really is a pleasure to see you again. Though I wish the circumstances were different.

Eon Kid: What do you mean?

Suddenly, a Shadow Mega Salamence landed and growled at

Razorfist, seeing her as the bigger threat.

Razorfist: BRING IT ON!

Nicole then flew at kicked Khan in the face and knocked him down!

Nicole Hernandez: You have a lot of nerve picking on a kid that is years younger than you.

Khan: And who are you?

Nicole Hernandez: My name is Nicole Hernandez, Gene-Slammer of Raviel, Lord of Phantasms and I am NIGHTMARES PERSONIFIED!

Khan: You have a strong kick. Lets see how you like this.

Khan summoned an army of Centaurs!

Nicole Hernandez: You aren't the only one with an army!

Nicole used her darkness powers to summon a massive army of darkness wisps and she sent them at the Centaurs and they went right through all the robots and blew them into a million pieces!

The Shadow Mega Salamence fired a Hyper Beam at Razorfist.

Eli then used the Force and held the blast back and then he redirected the blast and it hit the Shadow Mega Salamence and Nicole then fired a beam of energy and it hit the Shadow Mega Salamence and expelled the darkness from it and purified it and she sent the darkness into the Warp.

Eli: If big bro can have a Salamence then I can too.

Eli threw a Pokeball and caught the Mega Salamence.

Nicole Hernandez then went up to Khan and she held out her hand.

Nicole Hernandez: You need a much better work style than working for the General.

Khan took her hand and got up.

Khan: Why did you help me there?

Nicole Hernandez: Because you have a sense of honor and you are perfect for being part of our frenemies in the Masters of Evil in the time we came from.

Razorfist: That's right. You would make a great addition to them.

Khan would gladly accept.

Razorfist: Well it's time for me to revert back.

Nicole Hernandez: I didn't bring a spare set of clothes with me.

Lori: I didn't either. I have a robe with me and you can use that.

Razorfist: Thanks guys.

Eli: You better cover your eyes though guys.

Khan: Oh I get it.

Marty: Yeah.

They covered their eyes and Razorfist concentrated again and she reverted back and she regained her skin, her red hair and eyes and then regained her assets and then her hands, legs and all that and she was in her birthday suit and Lori gave her a robe for her to use.

Rice: Ahh. Thanks Lori.

Marty: Rice, you're going to think this is weird. But the past few days that I've spent you made me see you as a big sister.

Rice: You really think that? I'm so honored Marty.

Marty and Rice then hugged and it was awesome.

Nicole Hernandez: This must happen on a lot of Ambassador Missions we have huh?

Lori: It literally does Nicole and it's awesome.

Eli: That's right.

They later went back And told us about it and it was awesome.

Nico: Wow so Khan is now in the M.O.E. That is awesome.

May: Kendra's ambassador missions are up next.

Nico: Yep and Kendra you are going to like where you'll go.

Kendra: Ooh I have a feeling its gonna be awesome.

Nico: Yep. You'll see when you get there.

Nicole Hernandez: I can't wait to see where she'll go though.

Nico: Oh she will love it. It's a world that many of us grew up on for a long time.

We later got ready. We were going to set up everything for a 20 Days of Darkness Anniversary Party.

Nico: Okay, Buzz. As you know, we're going to prepare for the anniversary of the 20 Days of Darkness. It's January 23rd and one year ago in 2021 on this day, the 20 most terrible days happened to us. So While we're gone for the weekend, can we trust you, Poromon, and Poliwag not to let any harm come to the Estate?

Buzz: You can count on us Nico!

Poliwag: Yeah we won't let anything happen!

Poromon: You got it!

But little do we know that Buzz had his fingers crossed behind his back.

We left.

Poromon: Buzz, what are you doing?

Buzz: What does it look like? I'm inviting all of my friends outside of the team over for a party.

Poliwag: Without Nico and your mom's permission?!

Buzz: Oh, lighten up, will you? What they don't know won't hurt them.

Poromon: ALL RIGHT LETS PARTY!

Pinkie Pie then appeared!

Pinkie Pie: Did someone say party!?

Buzz: Pinkie I thought you went with everyone.

Pinkie Pie: Whenever there's a party I know.

Buzz: Can you not tell anyone about this party?

Pinkie Pie: Cross my heart, hope to fly, stick a cupcake in my eye.

The guests came.

Poliwag: (to Dave, Kurt, and Luis) Thanks for coming, guys!

Kurt: (Russian Accent) No problem comrades.

Dave: Lets get this party started!

The party was going and The phone started ringing.

Buzz: (sees someone about to answer phone) You, don't touch that phone! Music off! (music stops) EVERYBODY FREEZE! Freeze. If anyone makes a sound, the party is over and I am a dead man. So… Shh!

Buzz managed to get to the phone and answered it.

Buzz: (cautiously) Hello?

Kate: Buzz, it's Mom. Is everything okay? It took a long time for you to answer.

Buzz: Yeah, everything's fine. I was just watching TV with Pinkie, Poromon, and Poliwag. Pinkie decided to watch the house with us.

Poromon: (answers the phone as well) It's true, Kate. Everything's fine.

Kate: Ok, Poromon. (to Buzz) I just wanted to check in and say I love you. I'm really proud of you being responsible near the anniversary of this dark moment.

Buzz: Thanks, Mom. I love you too.

Kate: Me too. Bye.

They hung up.

SUCKER!

Poromon: That was close.

It was morning the next day and all the guests, including Luis, Kurt, and Dave, went home. Poromon, Pinkie, Buzz, and Poliwag were asleep. And then, the phone was ringing.

Answering machine: Hi, this is Lincoln Loud. I'm currently off kicking bad guy ass right now. Leave a message!

Nico: Hey, guys. It's Nico. We actually got done preparing for the anniversary. So, we'll be home in an hour. See you then!

The four of them woke up.

Buzz: HOLY MOTHER OF GOD!

Poliwag: (giggles) You're in so much trouble!

Buzz: Me?! You 3 lied to Mom and Nico just as much as I did. When they and everyone else get home, they're gonna kill all 4 of us!

Pinkie Pie: He's got a point!

Poromon: You do the living room, we'll start the kitchen. Go!

They got to work cleaning up everything! They cleaned up everything with the speed of lightning and then they found a door painted with the phrase "Buzz Rules" on it.

Poliwag: Oh, Fuck!

Poromon: Maybe we can paint over it!

Buzz: You want me to make paint in an hour?!

Pinkie Pie: I've got a better idea!

Pinkie took the door off and went and got the door from the basement and put that in place of the door that was painted on and then put the painted door downstairs in the basement.

Buzz, Pinkie, Poromon, and Poliwag sat on the couches. It looked like they made it just in time. However, Poromon looked at the door and saw one error.

Poromon: Buzz! The bathroom door! The door doesn't have a lock on it.

Poliwag: That's right! The other door had a lock on it and this doesn't.

Pinkie Pie: We're dead. And if they find out…

Buzz: Shh! They're coming in right now!

Poliwag: Act natural.

They did so.

We came in and we saw the lights off.

Nico: What the?

Buzz: [stammering] Welcome back guys.

Poromon: Everything is just how you left it.

Poliwag: Yeah.

Pinkie Pie: Yeah, you don't have to look around. We already did that for you. [lights turn on; they are grinning suspiciously]

Nico: You both look like you got a dirty little secret. Ha! I'm kidding.

Me: Good job guys.

Nico: Yep.

Me: (to Buzz) So, who came over this weekend?

Buzz: (Laughing nervously) What? Nobody. You said nobody, J.D. No means no, right?

Me: That's right. (pats Buzz's shoulder) Good boy.

Nico: (to Poromon, Poliwag, and Pinkie Pie) So, you guys just hung out? Had a good time together, huh?

Buzz: Yeah, actually. You know, I never thought I'd admit this, but we had a pretty good time together.

Kate: (smiles) Really?

Poliwag: Yeah. Surprised us, too.

Eli: (he and me get suspicious) Oh, really?

Nico: C'mon, you two. I think all the stress from missions is making you guys paranoid. It's obvious the 4 of them took good care of the Estate.

Kate: (to Buzz) Buzz, nothing makes me happier than to see you bond with the rest of the team.

Me: That's true.

Buzz: Yeah it was great for us to bond.

Nico: Awesome.

We went to our rooms to prepare to head out. But a few minutes later, Poromon, Buzz, Poliwag, and Pinkie Pie heard Keiichiro yell in shock. Kairi Yano came into the room.

Kairi Yano: (eyes narrow at them) You guys got something you want to tell us?

Buzz: No. Why?

Keiichiro came in with Trigger Machine Splash in his hands.

Keiichiro: What was Trigger Machine Splash doing on the thermostat?!

Buzz: I have no idea.

Kairi Yano: No idea. Really?

Keiichiro: (sighs) Look, these are off limits! So, please don't touch these again! They aren't toys! They're important collectibles.

Keiichiro walked out of the room with Kairi Yano following him.

Buzz: (to Pinkie, Poromon, and Poliwag) We have to keep the others away from the bathroom!

Pinkie Pie: For the next 10 years?!

Buzz: Listen to me. No matter what they ask you guys, no matter how hard they push, deny, deny, deny. Even if they figure it out, never ever admit to anything. Deny, deny, deny. Got it?

Poromon: Got it.

Poliwag: Deny, deny, deny.

They agreed.

Oh boy.

---

Later it was time to get ready for the party.

Maria: Well, Nico. Today's the day.

Nico: Yep it sure is the day. And we have it set up at the park.

Me: Yep. That's what I wanted to show you all today.

Eli: What is it?

Me: You'll see when we get there. It's gonna be a big barbecue and a huge commemoration of this awful event. I have all the Masters of Evil with us too.

Nico: Awesome.

We later went to the park and we were having a great time.

William: So, Nico. Which Gene Slammer do you think you'll meet on your next rescue?

Nico: I'm hoping to meet a Lepidopterran Gene-Slammer next.

Ben: Want to do a Stinkfly Gene-Slammer next. Interesting.

Lana: Cool! It'll be awesome to see one of those.

Nico: It sure would.

Poromon, Poliwag, and Pinkie were talking to Kurt, Dave, and Luis about the party. Luckily, none of us could hear them.

Kurt: Seems to me like, "Lie, lie, lie."

Dave: Kinda of wish you hadn't told us.

Pinkie Pie: I know it's wrong. But the 3 of us actually bonded with Buzz during the party.

Poliwag: If we spill the beans, that bond is broken.

Luis: You know the others are gonna find out about the door eventually, right?

Poromon: Relax. They're just thinking the stress from all the missions is getting to them.

Kurt: Ah. That's true.

Nico: I just want to say that the 20 Days of Darkness was because of me. I was the one who didn't avoid Xemnas' blast in time. And because of that, I was powerless to stop the Digimon Emperor from using my body to cause all that bad stuff. So, if you guys want to let out your anger towards me because of that, go ahead. I won't stop you.

Me: Nico you know that happened in the past. The best thing we can do is learn from the past and make sure it doesn't happen again.

Myotismon: I agree there Nico. You did so much good and awesome deeds during that time.

Timmy: Yeah you stopped those dimbulb freaks Betty and Garry at Happy Bobs Learn-a-Torium.

Me: Yeah those clods are brainless morons.

Lord Drakkon: Not only that but Zarya did a great job leading in J.D.'s place.

Zarya: That's true I did.

Knightbrace: You got that right. That was awesome.

Lana: And lets not forget that Apple Bloom ascended.

Vexen: Boy she sure did and she became the Princess of Cutie Marks too.

Apple Bloom: It sure is amazing.

Agnes: I guess the first thing that asshole did was force Nico to pose as J.D. and beat me up.

Nico: Yeah.

Me: I admit I was all right with that because I was still upset about what you did to your son Agnes.

Agnes: Yeah and to tell you the truth I actually deserved that beating.

All of us: Huh?

Agnes: I was an absolute nightmare to Seymour and have caused him so much pain and suffering when in actuality I should have been respecting him for his deeds he did for the country.

Me: At least you came to recognize that now.

Skinner: I'm happy you think so now mother.

Laney: That's good you want to recognize your son's deeds Mrs. Skinner.

Agnes: It sure is.

Bane: (Spanish Accent) We're happy for you senora.

Dana: We sure are.

King Stefan: (Scottish Accent) The second thing the Digimon Emperor did was force Nico to attack me. I should've known something was wrong when it was way too early.

Nico: Yeah.

Me: It wasn't your fault your majesty. Believe it or not we actually were warned all this was coming.

Eli: That's true. Clix warned us and we should have spread the word to all of you. But Fate had different plans.

Baron Mordo: It's true. Eon interfered and erased all those memories we were told.

Me: But I got them back for you. Eon didn't erase mine or Eli's memories of it because our powers were too strong.

Eli: That's true.

Nico: But it still happened.

Me: Yeah.

Stewie: The third thing the asshole did was try to force Nico to throw Mockridge out the window. And after that, he was loopy from those bad mushrooms!

Me: Yeah I don't know what Nico was thinking using Magic Mushrooms for that. But that was clever even though it was dangerous.

Nico: Yeah that was stupid to tell you the truth.

Brian: Yeah Magic Mushrooms are really dangerous Nico. I was on them once during a hurricane because I thought they were cool and they made me see all kinds of crazy things and it was horrible. I once cut off my own ear.

Nico: I remember that!

Erika: Ouch!

Lola: Yeah that was crazy!

Firefly: Boy you're not kidding there.

Layla Williams: That was nuts.

Marluxia: Boy it sure was.

Burgundy: After that, the Digimon Emperor tried to have Nico kill me! Although, Maria and May did breathe fire onto me after that.

Maria: Sorry. We were having a hot food eating contest.

May: Yeah that was crazy.

New Wave: That would have been awesome to see though.

Loki: It sure would have been.

Ash: That was cool though.

See-more: That sure was.

Nico: Before Twilight got the Digimon Emperor out of me, he did wish for Norm to free the Sullen 6. I was locked in my room in a state of depression for a few days after that.

Me: All because Oogie Boogie opened his big ugly bug filled mouth.

Eli: That rotten sack of parasitic ugliness!

Twilight Sparkle: Yeah what a sack of hot air!

Kaos: He deserved to be destroyed.

Me: But that's also the day where I found the Children of The Night thanks to a Dream that I had on the 1st Full Moon of the Year.

Varie: That was really cool.

Celica: It sure was amazing.

Princess Celestia: That was amazing that J.D.'s dreams were showing him amazing events that happened in the past and helping us out in the future.

Me: It sure is. Those dreams I've been having have been really helpful.

Flim: Next thing the Digimon Emperor did was try to blow me and Flam up.

Flam: And Rarity along with us.

Eddy: Yeah that was nuts!

Dark Spicer: You're not kidding.

Rarity: But thank goodness I didn't get blown up.

Me: Yeah. I got that bomb off Rarity and threw it far.

Duff Killigan: (Scottish Accent) That's good you did lad.

Me: Yeah.

Nico: As stated before, the next thing the Digimon Emperor did was beat up Betty and Garry as well as those South Park kids. That reminds me. I should expect an attempted lawsuit from them any day now.

William: Don't worry. They're in for a surprise when they attempt to do that.

Me: Yeah we found out that Betty and Garry were beyond stupid and were classified as stupid and mentally retarded. Also we found out that they were escaped insane asylum patients that were on the run for years because they were brainless idiots. Worse than Billy.

Billy was picking his nose and eating his boogers like a stupid brainless moron.

Nico: Oh. That makes sense.

Marge: Next, the Digimon Emperor managed to set me on you guys. At least it's better then a portrait.

Nico: I know.

Me: I'm still pretty steamed at you for what you did when you stabbed Nico.

Miranda Rodriguez: YOU DID WHAT!?

Erica: Miranda calm down. I punched Marge in the face and she had a swollen black eye for a while. She had it coming.

Miranda Rodriguez: Oh. Sorry.

Me: When Nico's friends heard about that they were mondo pissed off.

Nico: Yep.

Eli: Yeah.

Rotwood: Next, the Digimon Emperor had to the nerve to read Spongebob's diary!

Squidward: And then, he tried to make the 4 of us the patsies!

Me: Reading someones diary is one of the lowest things anyone can even do. Even for a brainwashed tyrant like him.

Laney: Yeah no kidding.

Eli: I don't know how that monster was able to get SpongeBob's diary but I think SpongeBob needs to keep a better eye on his stuff.

SpongeBob: I agree.

Fluttershy: Then, the Digimon Emperor almost executed Iron Will on live television. Not even he deserves that fate!

Carmen Dillo: Boy no he sure doesn't.

Me: But at least he was tough and strong.

Nico: He sure was.

William: The last thing he did was try to kill Seifer and his gang. They might be jerks but saving them was the right thing to do.

Nico: Absolutely.

Maria: Yeah I didn't like them that much but they didn't deserve it.

Roxas: No kidding. I didn't like Seifer and his cronies but they didn't deserve that.

Me: Yeah.

May: After the Digimon Emperor was dealt with, we had to deal with the Sullen 6. They tried to get the people of Earth to banish us from the planet. And they even kidnapped me!

Stewie: What did they do to you in there?

May: They just tied me up.

Me: But we faked our deaths.

Nico: We sure did.

William: They also hired the Piraka Gang and the Barraki to kill us. You guys might think I'm crazy for suggesting this but maybe we can have them as future Masters of Evil members.

Maria: That's actually not a bad idea.

Nico: That is a good idea.

Me: I would be against that but I agree.

May: The Sullen 6 tried to have Mr. Wertz shut us down.

Kevin Reynolds: Dude's going in the Insane Asylum next time we run into him!

Me: He's already in the nuthouse. We made sure to send him there. We had him sent to the Saturn nuthouse.

Kevin Reynolds: Oh.

Firebrand: Yeah.

Mandarin: The Sullen 6 finally met their end along with my Dark Side.

Cole Evans: Me and my team played a huge part in that.

Me: You all sure did.

Nico: Lots of things good and bad happened to us during the 20 Days of Darkness. Most of them were bad.

Me: Yeah. But the worst part was what we found out if we actually stopped the 20 Days of Darkness from Happening.

Nico: Yeah that was nuts.

Eli: It sure was.

Live Action Ironhide: Well, I'm glad those days are behind you now. But on my world? Something similar is still occuring there.

Barricade: Sure, the humans of that world have begun to repair friendly relations with the Autobots. But with jerks like Galloway still active, what's to stop the betrayal from happening again?

Me: We'll make sure that doesn't happen again. Like I said we can learn from the past to make sure it doesn't happen again. We're not going to let history repeat itself.

Nico: That's right.

Me: Yep.

Nico: Remind me to revive the Frenzy and Scorponok from your world in the future.

Me: Noted. And now for the moment you've all been wanting to see.

I went over to a tarp.

Me: Watch this.

I pulled off the Tarp and it revealed a statue of us trouncing the 20 most Evil and most Dangerous enemies we've ever faced during the 20 Days of Darkness. And Nico was standing in the middle with the severed head of the Digimon Emperor skewered through a spear in his hand, Luan had the Severed Head of Evil Roxas for January 23rd, Lincoln had the severed head of Evil Larxene for January 24th, Laney had the Severed head of Evil Marluxia for January 25th, Lily had Evil Luxord locked in a DISK for January 26th, Luna Loud had Evil Demyx for January 27th, Lola had Axel with the symbol of the M.O.E. now on his jacket on January 28th, Lisa Loud had Evil Saix's head on January 29th, Lucy Loud had Evil Zexion's head for January 30th, Lynn had Lexaeus join the M.O.E. on January 31st, Lana had the head of Evil Vexen for February 1st, Lori Loud had Evil Xaldin's head for February 2nd, Leni had Xaldin join the M.O.E. on February 3rd and I was holding Xemnas' head on February 4th, Then under our feet from February 5th thru 11th we had the 6 severed heads of Crocker, Plasmius, Burns, Plankton, Goobot and Jock.

Nico: WHOA! What a statue!

Me: Yep. But read this here.

Nico saw a plaque on the statue.

Nico: "On January 23rd Thru February 11th, 2021 Team Loud Phoenix Storm was attacked by the ruthless atrocities of the Digimon Emperor, Organization XIII and The Sullen Six and managed to conquer all in times of great despair and sadness afflicted by the horrible savages that posed a tremendous threat to the entire planet." Wow! That is an awesome Statue!

Me: Yep. Me, Laney and Chip Cutter made it.

Nico: Wow that is awesome!

Eli: That is so awesome. It sure is cool.

Laney: Yep.

We had a great anniversary and recap of the 20 most awful days we've had in our history. And also we had a great birthday party for Lilly Crystal and Cloud Star, Flurry Heart's little sisters.

THE END

---

Another awesome fanfic done.

This whole chapter was a recap of the most insidious saga we did last year from January 23rd to February 11th, 2021 and it was terrible that al that happened to us. From chapters 1305 to 1325 we went through the 20 most darkest days in our time. It was an awesome and epic saga though. The first part was for the Sky Pirates from Ninjago with a Storm Hawks World twist. The second part was for the episode Flight of Fancy from Sly Cooper 3: Honor Among Thieves and that was so awesome! The flashback in this chapter was for a story I saw on YouTube for a channel called My Story Animated and that was a wicked story in that one. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, Etstheclarencefan and ninjakingofhearts gave me the ideas for this and so did the guest reviewer. Thanks guys. Nico's next rescue is gonna be an awesome treasure hunt with Jessica Shannon, Rainbow Dash, Nicole Knudson and Daring Do and they are gonna go through the jungles of Venezuela and search for a mysterious and powerful Aztec sword. They are also going to me a Lepidopterran Gene-Slammer named Penelope "Stinky" Florington and she is called Stinky because she has a liver condition that causes her to smell horrible like rotten fish. She can't help it. They are also going to face Irina Spalko from Indiana Jones and The Kingdom of The Crystal Skull. Lincoln's rescue is ALSO going to be an amazing treasure hunt and he and his group are going to meet an Elemental HERO Grand Neos Gene-Slammer. Get ready for an extremely explosive and brutally painful battle as we go into the simulator for an all out war on the Kanker Sisters after what happened with the events of the Ed Edd N Eddy episode Run For Your Ed. This time it's personal!

See you all tomorrow

# Destruction of Rethink Avenue Aftermath

Flying over the rainforests of Venezuela in South America, Nico, Jessica Shannon, Nicole Knudson, Rainbow Dash and Daring Do were off on another awesome and amazing treasure hunt.

Nico: Thanks for coming with me, Jessica.

Jessica Shannon: No problem Nico. I always love these amazing treasure hunts we do.

Rainbow Dash: They are so awesome.

Nicole Knudson: I always love going on treasure hunts. I love it because of all the excitement, adventure, fun and dangerous obstacles we face.

Daring Do: That is so awesome.

Nico: Yep. What is the treasure we're going after?

Nicole: It's one that I have been trying to find for a long time. It's called The Sword of Coatlicue, the Goddess of Nature in Aztec Myth. Legends say that this sword was made by Coatlicue herself during the Spanish Conquest and was said to have given the Aztecs their great crops.

Jessica Shannon: Wow that is amazing!

Nico: It sure is.

They later arrived.

Walking through the forests of Venezuela, the group was trekking through the dense rainforests and watching out for trouble.

Nico: Jessica, I just want to say that meeting you, Ed, Akira, Chris, Hikaru, and the Avengers of your World 2 years ago was one of our best days ever.

Jessica Shannon: I'm honored that you think that Nico.

DISK Wars Wasp: Me too Nico. That is awesome.

Nico: Glad you think so too Janet.

Nicole Knudson: We're here.

They arrived at a long forgotten Jungle Temple.

Nico: This must be it.

Rainbow Dash: So awesome!

Nicole Knudson: At long last we found it. The Temple of Coatlicue.

Nico: Awesome.

Rainbow Dash: Awesome!

Nico: Jessica, now would be a good time to D Smash Wasp!

Jessica Shannon: You got it! D-SMASH!

She summoned DISK WARS WASP!

Disk Wars Wasp: This is gonna be awesome.

Nicole Knudson: Stay close everyone.

They went into the temple and Nico lit a torch and they saw all kinds of amazing sculptures and monuments.

Rainbow Dash: Wow this temple is awesome.

Nicole Knudson: Yep.

Nico: Look here.

They came to a mural and it had an amazing and interesting story.

Jessica Shannon: Wow. What does this say?

Nico: I can't read it. I'm not that good at understanding this like J.D. can.

Nicole Knudson: Let me see.

Nicole looked it over.

Nicole Knudson: Wow this is amazing. It says "Long ago during the times of great prosperity during the Aztec Empire, the great and mighty goddess of nature, Coatlicue, was impressed with how the great people of the empire were tilling the lands and harvesting the great crops and fruits of the earth and she was even amazed with how the benevolent king of the great Aztec Empire was leading his kingdom. She granted the great ruler a powerful sword with which he used to make his lands flourish with fruit, vegetables and crops. But then came the great famine and plague and try as he might, the king couldn't restore his kingdom to glory as the terrible plague ravaged the land. He also got word of the kings enemies knowing about his weakening kingdom and fearing that the sword would fall into the wrong hands, hid it in this temple to avoid a great and terrible misuse of its great power. One brave soul must be pure of heart in order to possess the sword of Coatlicue."

Nico: Whoa! That is amazing.

Jessica Shannon: Wow. That is incredible.

Nico: The Spanish Conquest and the Eradication of the Mayans, Incas and Aztecs caused the king to hide the sword here.

Rainbow Dash: That is scary.

Disk Wars Wasp: It sure is.

Nico: I have a feeling that someone's going to come after this.

Daring Do: Not if we get to it first.

Rainbow Dash: Lets go!

They went into the temple and walked around every kind of trap ever known until they got to a room and it was full of life and fruits, vegetables and all that and the sun was shining down on a pedestal and in it was THE SWORD OF COATLICUE! It was a golden blade sword with emerald jewels along the blade and it had emeralds on the hilt.

Nicole Knudson: There is it! The Sword of Coatlicue!

Nico: Wow it's beautiful.

Rainbow Dash: Jessica should wield it. She would be perfect for it.

Jessica Shannon: Really?

Disk Wars Wasp: Yeah go for it.

She gulped and went up to the sword and then she grabbed the sword and then she successfully pulled it out! And then she got a massive and powerful increase in power and she was feeling the swords power flow through her!

Jessica Shannon: WHOA! This is amazing!

Nico: Whoa! It chose her to be its wielder!

Daring Do: Way to go Jessica!

Nico: If whoever's after this has goons, I have something to say to them.

?: (German Accent) I take it you mean me.

A figure came out and it was one of Indiana Jones's most dangerous enemies. It was COLONEL HERMAN DIETRICH from The Raiders of The Lost Ark back in 1981!

---

Colonel Herman Dietrich is a major antagonist in the 1981 iconic action-adventure film Raiders of the Lost Ark, the first installment of the Indiana Jones film series.

He was the commanding officer during the Nazi expedition to find and obtain the Ark of the Covenant for Adolf Hitler. He enlists the help of Dr. René Belloq and Major Toht to do so.

He was portrayed by Wolf Kahler.

Herman Dietrich was placed in charge of the 1936 excavation of Tanis, Egypt to find the Ark of the Covenant for Adolf Hitler, who had an interest in it occult artifacts. To this end, the Nazis hired French archeologist René Belloq. Dietrich doubted how much Belloq could be trusted, but was forced to hire him to avoid any other parties to seek for the Ark. He was accompanied by his right-hand Major Gobler, who followed him everywhere.

Using the seared hand of Gestapo agent Toht, Belloq created a duplicate of the Staff of Ra's headpiece, albeit without crucial information on the other side of the medallion. Consequently, the German expedition was unaware that the excavation was being done in the wrong place. Dietrich, frustrated, sent a message to Berlin on their progress, which was intercepted by American intelligence agents who subsequently tasked Belloq's rival, Indiana Jones, with finding the Ark before the Nazis could. Belloq chastised Dietrich for the "premature" communique, to which Dietrich countered that Hitler demanded constant reports. Dietrich and Gobler suspected Indy's girlfriend Marion Ravenwood, who owned the original headpiece, had the information they could use, and despite Belloq's protests, had Toht interrogate her that night, but to no avail.

At dawn the next morning, Dietrich and Toht argued with Belloq until the latter noticed another group of diggers, led by Indy and his friend Sallah, a good distance away from the main dig site. They descended upon the diggers and claimed the Ark for themselves. Dietrich, eager to return to Germany with their prize, mockingly gave Indy some company by having Toht throw Marion into the Well of Souls with him. Belloq, who wanted Marion for himself, angrily protested, but Dietrich ignored him, stating that only the mission for the Führer mattered and Marion was no longer useful to them. While a flying wing was being prepared to transport the Ark to Berlin, Dietrich offered to toast their success with Belloq, who refused, still bitter about Marion's imprisonment. However, Indy and Marion escaped and accidentally destroyed the plane while trying to take control of it. Dietrich ordered his men to load the Ark onto a truck and take it back to Cairo and put it on another flight. While riding with Belloq and Toht in the staff car leading the convoy, Indy chased them down and commandeered the truck, killing most of Dietrich's men and Gobler before ramming the staff car off the road. The Nazis followed him back to Cairo, but he had disappeared, and the Ark with him. The Nazis left empty-handed, although not before a fruit vendor gave Dietrich a melon, which he angrily threw out into the street at a barking dog.

The next morning, the Nazis caught up with Indy at sea aboard the U-boat Wurrfler, recapturing the Ark and Marion, who tried to punch Dietrich but was stopped by Simon Katanga, captain of the Bantu Wind. Katanga falsely claimed he had murdered Indy and tried to persuade the Nazis to leave Marion, but Dietrich took her anyhow and silenced the captain with a threat to have the Bantu Wind sunk. The Nazis returned to the submarine with their prizes and took them to a remote island north of Crete, where Belloq planned to open the Ark before presenting it to Hitler. Being a Nazi, Dietrich disdained Jewish traditions and questioned the necessity of the ritual, but Belloq convinced him that it was better than opening an empty Ark in front of Hitler in Berlin. There was a tense moment when Indy, who had followed them, threatened to blow up the Ark with a bazooka in an attempt to rescue Marion, but Belloq called his bluff and convinced him to surrender.

Without any further obstacles, the Nazis proceeded to the Tabernacle at the island's summit, where the Ark was opened that night. Watching Belloq conduct the ritual alongside Toht, Dietrich reached into the Ark and found only sand, which he threw to the ground in fury. His anger turned to surprise and wonder as spirits emerged from the Ark. Dietrich was not sure what to make of the experience until one spirit approached and suddenly transformed into a decaying, corpse-like entity, baring its fangs and howling at them. The sight of the Angel of Death made Dietrich and his cohorts freeze in terror as a fireball rose from the Ark and engulfed Belloq, using him as a conduit to strike down the assembled Nazis. As he trembled in fear, Dietrich was killed as the Ark's powers shrank and crushed his head. His collapsed remains were then swept up and incinerated by the following firestorm.

Nico: Wait a second. I know you! You're Colonel Herman Dietrich! One of the enemies of Indiana Jones.

Herman Dietrich: Ach guten morgen to you Nicolas mein friend. How nice of you to save me the trouble of you getting ze sword. I'll be taking zat now for mein purposes.

Nico: I'll never forget seeing you die the most horrifying and most gruesome way ever known when you opened the Ark of The Covenant in Raiders of The Lost Ark. That was one of my favorite scenes in that movie.

Herman Dietrich: Ja we never saw zat coming.

Nico: I see you brought some friends to play with us. Well, I've got a question to ask them.

Herman Dietrich: And what would that be?

Nico: (To one of the goons) What's your favorite kind of music? Me? I like rock and roll since it's so hardcore. I would've chosen all kinds of music. But I really don't know how I feel about redneck music. (smirks) Since redneck music sounds like the wet sloppy sounds of your mom being fucked in the ass!

The goons were shocked that Nico could use brutal trash talk on them and they were hurt emotionally! They ran away crying!

Rainbow Dash: That was AWESOME Nico!

Nico: Thanks. I've been a good trash-talker!

Herman Dietrich: You've said your last line Kartoffelgesicht!

He pulled out a gun and then Nico showed an illusion of What Meg Did to Mike Powalski and just like in The Raiders of The Lost Ark, Herman Dietrich melted and was now a pile of blood, slop and bones! YUCK!

Daring Do: Just like in the movie!

Nicole: Awesome thinking Nico!

DISK Wars Wasp: Very quick thinking.

Nico: Clean up on aisle 12!

?: Someone say cleanup?

A Lepidopterran came.

Nico: Whoa a Lepidopterran!

Lepidopterran: (In a girls voice) I took care of those clods for you.

Nico: Thanks. (Realizes) Wait a second. Penelope? Penelope Florington?

Lepidopterran: Nico? Wow it's great to see you.

Nico: Same here.

Nico then pulled out a garbage bag and picked up Dietrich's melted corpse and threw it into oblivion forever.

Nico: YUCK! Remind me to shower when I get back.

Daring Do: Noted.

Nico: It's really good to see you again.

Lepidopterran: Same to you Nico.

Daring Do: How do you know each other Nico?

Nico: Penelope is one of my science partners. We did our work outside mostly.

Rainbow Dash: Why outside?

Nico: She couldn't help that. She has a rare metabolic condition called Trimethylaminuria.

Nicole Knudson: I know that disease. It's a defect in the liver where it fails to break down an organic chemical called Trimethylamine. It builds up and it makes you smell like rotten fish! Hence why it's called Fish Malodor Syndrome.

Nico: Yep. Everyone made fun of her and didn't want to be anywhere near her because of it. But I didn't care if she smelled like that. It was because she couldn't help it.

Lepidopterran: That's right. Everyone called me Stinky and it was my nickname ever since.

Rainbow Dash: That is sick!

Jessica Shannon: Yeah how can people be so mean to you. They didn't know you had this problem and you couldn't help it.

Nico: Yeah.

Jessica Shannon: Also, what's your favorite memory regarding Nico?

Lepidopterran: I have so many of them. But my favorite would have to be where I actually used my condition to humiliate a local bully.

Nico: I remember that. I call it Stink Bomb Fu. What it does is it is a form of Martial Arts that I invented that uses energy to turn stinkiness into a weapon. She used her stink and formed it into an energy ball and fired it at a bully that was about to beat her up. Her stench was enhanced 1,000-fold with it and the bully was made stinky forever. We called that bully Sir Stinkbomb the Foul.

They laughed.

Lepidopterran: (Laughs) Good times.

Rainbow Dash: Wow that is awesome!

Nico: Let's see if your condition stays even after you revert back.

Nico put on his blind man glasses and snapped his fingers and Penelope reverted back and she had black hair and Fire Color eyes and she is in her birthday suit and Nico gave her a new outfit and she put it on.

Penelope Florrington: Wow this dress is amazing!

Nico: It sure is.

Penelope smelled herself.

LIGHTHOUSE FOGHORN!

She smelled HORRIBLE!

Penelope Florrington: OH MAN! That is terrible!

Nico: It's still there?

Penelope Florrington: Yep.

Nico then went over and hugged her.

Nico: It doesn't matter. What's important is that you're back.

Jessica Shannon: It doesn't matter how you smell. What matters is who you are on the inside.

Penelope Florrington: That's true.

Nico: Yeah. And don't worry I'll make sure no one makes fun of your stinkiness ever.

Rainbow Dash: We all won't.

Nico: Now we can go home.

They went back home and Nico showered.

---

After Nico's rescue, Lincoln, Me, Nico, Eli, Nicole, Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, Lily, Lincoln's harem, Mr. Wolf, Mr. Piranha, Mr. Snake, Mr. Shark, Ms. Tarantula, Indiana Jones, Sima Shi, Sima Zhao, Sun Jian, Guo Jia, Zhang Bao, Guan Xing, and Ant Man were heading to Peru, and not only is Lincoln going to rescue the five girls there, but we're also going to face the evil villainous Soviet agent Irina Spalko, and enemy of Indiana Jones, who's after the last Crystal Skull.

Lincoln: Wow, we're in Peru, and I think I know what we're going to do here, not only am I going to rescue the five girls there, but we're also going to face Irina Spalko, who's after the last Crystal Skull located here.

Nico: That's right, big guy.

Indiana Jones: That bitch just doesn't know when to quit.

Me: No, she doesn't. The Soviet Union has been disbanded, and their attempts at world domination have already labelled them as criminals. And there's also something else you guys should know: I've been after Irina Spalko for years, she and her henchmen are all wanted for breaking into Hangar 51, which is government property, stealing a mummified corpse, kidnapping, attempted murder, and world domination.

Ant Man: Should've known her crimes would get her targeted by the FBI and the United Nations.

Nico: Irina Spalko's looking at getting the death penalty, along with her henchmen. She's a ruthless, power-hungry, sadistic, cold-hearted bitch.

Lincoln: You got that right, Nico. And I know what she's going after: The Crystal Skulls. With them, she intends to take over the world via telepathy. But, she's playing with fire, the Crystal Skulls are said to possess supernatural powers, powers that no mere human has no comprehension over.

Nicole: That's right, Lincoln. Which is why, we need to get The Crystal Skulls away from her, and we kill her and her henchmen.

Mr. Wolf: Messing with the powers of the supernatural have deadly consequences, but none of them ever learn.

Me: No, they don't, Mr. Wolf.

Nico: And we're no strangers when it comes to the supernatural, as you guys have seen.

We arrived at the the grave of Francisco de Orellana, a Conquistador who searched for Akator, and we found the skull at the grave. Lincoln made a fake Crystal Skull in its place, and we disappeared into the shadows, when Irina Spalko grabbed the fake Crystal Skull, and it had a tracking device on it. We head for the location of the fake Crystal Skull via travelling through the shadows, and then, Lincoln made a one-way viewing mirror, and we saw Irina Spalko and her fellow henchmen and they had the fake Crystal Skull, along with the twelve real Crystal Skulls. She placed the fake Crystal Skull onto the skeleton, but nothing happened. We also saw she had five girls with her, who were tied up by that bitch and her henchmen.

Irina Spalko: (Russian Accent) What?! Why isn't it working?!

When she saw it was a fake, Irina Spalko screamed in pure rage.

Irina Spalko: (Screams Angrily) It was a fake. KILL THE BITCHES!

But, before her henchmen could kill them, they saw thirteen Crystal Skulls circling around them, and they also saw thirteen skeletons and they fired thirteen elemental forces at her henchmen, and killed them and obliterated them and banished them to Oblivion, and badly hurt Irina Spalko, and the girls got to safety. Then, a Thunderbird and Phoenix were heard screeching, and an explosion had erupted. Then, as the dust cleared, we appeared in front of Irina Spalko.

Irina Spalko: Team Loud Phoenix Storm?!

Lincoln: That's right, Spalko, and you're under arrest for your crimes against the world.

Me: And you're looking at getting sentenced to death for your crimes, bitch.

Irina Spalko: I will never stop until the entire world is mine!

Lincoln: The only thing you're getting is a one-way trip to Hell for good.

Lincoln unholstered his improved massive Sword of Universal Hope and Elemental Bravery from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, Guo Jia, Zhang Bao, Guan Xing, Sima Shi, Sima Zhao, and Sun Jian got out their weapons, Mr. Wolf transformed into Super Angel Infinity Moonlight Firestorm Wolf Angel of Lunar Justice and Life and unholstered his massive Fenrir's Sword of The Moonlight Wolf sword from his wider and more muscular back, Ms. Tarantula transformed into her Super Angel Infinity form and unholstered her massive Arachne's Sword of the Fire Spider sword from her back, Lincoln's sisters also transformed into their Super Angel Infinity forms and unholster their massive swords from their backs, Lincoln's harem unholstered their massive swords from their backs, and Me, Eli, Nicole, and Nico also transform and unholstered our massive swords from our backs, and we went at Irina Spalko, and we and we fired powerful blasts of rainbow energy, colored energy, elemental forces, lava, steel orbs, stars, rainbow flames, orange flames, blue flames, green flames, and water at Irina Spalko, and they exploded with incredible power, as they hit her.

Then, we saw an Elemental HERO Grand Neos appear, and fired a powerful blast of earth at her, and it knocked her into a wall and she was knocked out, and Lincoln tied her up in a rainbow straitjacket and rainbow chains. We cheered wildly as we holster our weapons and power down.

Lincoln: Wow, an Elemental HERO Grand Neos.

Elemental HERO Grand Neos: (In a girl's voice) That'll teach you, you psychotic bitch!

Lincoln: Wait, Penelope Waverly, is that you?

Penelope Waverly: Lincoln, is that you?

Penelope went up to Lincoln, and they hugged.

Lincoln: Yeah, it's me, Penelope. I haven't seen you since you were ten years old, and I've grown a lot since then.

Penelope Waverly: Yeah, I can see, you've really grown a lot from the eleven-year-old cute little boy into a 16-year-old 7'0" tall and very handsome teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs.

Nico: Lincoln, you know her.

Lincoln: I do, Nico. This is Penelope Waverly, I met her when we were eleven years old, and she, like the other Guardian Angels, have defended me from bullies, and that included Lori, Lynn, Lola, and Luan, when they still had their dark sides in them.

Nico: Another Guardian Angel of you, awesome.

Lincoln threw Irina Spalko through a portal, which led to the inside of a police car, and it drove off as soon as she was inside, and she was taken to trial. We place The Crystal Skulls under the protection of the museum in its forbidden artifacts wing, so that way, no one would ever try to get their hands on them again, and they were put under quadruple-plus security.

Penelope Waverly: And that was fun.

Lincoln: The rescues are always fun. Now, let's get you back to normal, boys, cover your eyes. Hold still, Penelope, this is going to be painful.

Me, Nico, Eli, and the rest of the boys covered our eyes as Lincoln snapped his fingers, and Penelope was reverting back. Penelope Waverly was a beautiful 16-year-old girl with long green hair, blue eyes, fair skin, she was 6'0" in height, and she had the body of a goddess. She also now has massive green angel wings with blue tips on the large green feathers on her back, as she reigns in the power of Elemental HERO Grand Neos, and she was in her birthday suit.

Lincoln: How do you feel, Penelope?

Penelope Waverly: Good. (Realizes she's in her birthday suit) But, I'm also in my birthday suit.

Lincoln gave Penelope a new wardrobe, a green sleeveless shirt with a blue phoenix, a blue skirt with the Elemental HERO Grand Neos with rocks on it, green leather ankle-high combat boots, and a long green sleeveless trenchcoat with the Elemental HERO Grand Neos on the back, and on her back is a large Elemental HERO Grand Neos-themed sword with a 6'5" massive, wide, double-edged, man-sized silver blade with the Elemental HERO Grand Neos etched on it, large green angel wings for the crossguard, large blue gem for the hilt, longer black handle, and large green faceted sphere pommel with surrounding blue gems.

Penelope Waverly: Wow, I love the new outfit and large sword you made for me, Lincoln.

Suddenly, a Thunderbird Necklace of Eternal Love appeared on Penelope Waverly's neck with blue gems and crystals from her new Crystal Necklace of the Buddha on the gold lightning bolts.

Penelope Waverly: Whoa, is this…?

Lincoln: Yep, that's a Thunderbird Necklace of Eternal Love, which means you're now part of my harem and you're one of my many future wives, Penelope.

Penelope Waverly had a smile on her face and tears in her eyes, as Lincoln wrapped his abnormally massive and powerful muscular arms around her waist and he leaned down and he kissed her on the lips, and she returned it, and we cheered for them. Then, we went up to the five girls and freed them from the ropes Irina Spalko tied them up in, and when Lincoln saw them, he immediately recognized them. The five girls are Iu Shindo, Kusue Hakozaki, Yuka Tokitate, Aoyu, and Yana from I'm Standing on a Million Lives.

Lincoln: Oh wow, it's Iu Shindo, Kusue Hakozaki, Yuka Tokitate, Aoyu, and Yana.

Helena McTroy: From I'm Standing on a Million Lives, awesome.

Lincoln: Are you girls okay?

Iu Shindo: Yes, we're okay, thanks to you from saving us from that psychopath.

Then, when Iu Shindo and the other four girls saw who it was that saved them from Irina Spalko and her henchmen, their faces turned atomic red upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, a golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top was the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, and Buffalo, and below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and The Thirteen Elemental Forces, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", and he had deep sapphire blue eyes.

He had his massive Sword of Universal Hope and Elemental Bravery holstered on his wider and muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces constellation and Aquarius Zodiac sign on the back of his neck, large weighted orange bands on his massive biceps and thighs with silver phoenixes on them, his large Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them with rainbow tips on the large deep sapphire blue feathers, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with elemental forces, Thunderbirds, Phoenixes, and Buffalo on them and with hanging mini silver lightning bolts held up by his Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of large blue pants with multicolored lightning bolts on the thighs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Buffalo head stud earrings with the Thunderbird and Eternity Kanji on it, a large Thunderbird Necklace of Eternal Love with colored gems on the gold lightning bolts and a Buffalo head with the Thunderbird and Eternity Kanji on his neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, he had eight large orange orbs orbiting around his legs, and circling around his feet on the floor are eight golden crosses with angelic runes.

Iu Shindo: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made four clones of himself, and he and the four clones went up to the girls, and they picked them up and hugged them in their abnormally massive and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Iu Shindo: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, five Thunderbird Necklaces of Eternal Love appeared right around the necks of Iu Shindo, Kusue Hakozaki, Yuka Tokitate, Aoyu, and Yana. We returned to the Estate, and we told everyone what happened in Peru, and they were shocked when they found out the villain that we went after was Irina Spalko, the villainous Soviet agent and enemy of Indiana Jones, who was after The Crystal Skulls to take over the world through telepathy.

But, when Lincoln showed and told everyone what we did to Irina Spalko and her henchmen, they cheered wildly for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem went up to Lincoln, and they kissed him all over. Lincoln and Penelope Waverly now have a lot of catching up to do, now that she's back.

As for Irina Spalko, she was convicted of breaking into government property, stealing a mummified corpse, kidnapping, attempted murder, and world domination. Irina Spalko was sentenced to death, she was tied to a post with rainbow chains, and Lincoln fired a powerful rainbow energy ball, which hits her and explodes, killing her and banishing her to Oblivion for good, and not only did we get rid of another enemy of Indiana Jones, we also put The Crystal Skulls into the museum's forbidden and dangerous artifacts wing under quadruple-max security, and no one will try to use them for world domination or selfish purposes ever again.

---

After getting rid of Irina Spalko and her henchmen this time for good, we were training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Penelope Waverly saw Lincoln working out like crazy, she had an atomic red blush on her face.

Penelope Waverly: Whoa, Lincoln has really grown to be a 16-year-old 7'0" tall, really big, and really strong young man, just look at those abnormally massive and powerful muscles hard at work, and to work out with those 9,500-lb barbells and not even get tired, incredible.

Lincoln: And I've also trained a lot under some very powerful teachers, J.D. and Nico included, Penelope, and now, I can also fight and defend myself.

Penelope Waverly: That's awesome.

Nico: It sure is, Penelope. So, what memories did you and Lincoln

have?

Penelope Waverly: Oh, one time, Lincoln and I were playing a game of catch in the park, that was until Lynn tackled Lincoln to the ground, Lynn snatched the ball, and was taunting us. When I saw Lincoln on the ground badly hurt, I tackled Lynn and hogtied her with some rope, and got the ball back from her. Then, I tended to Lincoln's injuries, and we grabbed Lynn and dragged her home, and we told Mr. and Mrs. Loud of what she did, and she got grounded for two weeks with no sports.

Nico: Nice one. So, Lincoln, what can you tell us about Penelope Waverly?

Lincoln: Penelope Waverly's known as an awesome sports athlete and talented in many sports, she's also a good sportsman, which if Dark Lynn saw it, she'll get disgusted and won't hesitate to pummel a good sportsman like the sore loser that she is, she's smart, and she's also tough, since she roughed up Lynn for what she did.

Rainbow Dash: Awesome.

Garrett: Perfect. Oh, and I also have some new recruits for the X-Squad.

Just then, we saw Mr. Wolf, Mr. Snake, Mr. Shark, Mr. Piranha, and Ms. Tarantula, which shocked the ones who are already on the team, and our eyes went wide.

Mr. Wolf (TLPS Universe): What the?!

Mr. Shark (TLPS Universe): They're us?

Mr. Snake (TLPS Universe): Okay, now I'm seeing double.

Mr. Piranha (TLPS Universe): Whoa, same here.

Ms. Tarantula (TLPS Universe): Same for me.

Lincoln: Whoa, talk about seeing double, but I'm going to guess you're from Garrett's universe, right?

Mr. Wolf (Garrett's Universe): That's right.

Mr. Wolf (TLPS Universe): But, there's a difference in the both of us, I'm now 7'0" tall in height, and thanks to the constant intense workouts and training, I now have abnormally massive and powerful upper and lower body muscles and eight-pack abs, I have a wolf howling at the full moon emblazoned on his forehead and my gray tail's gotten longer for my new body, I have on a Crystal Necklace of the Buddha with midnight blue crystal links and silver wolf with midnight blue crystal eyes and the Moon Kanji in its paws for the pendant, I have on large weighted midnight blue bands on his massive biceps and thighs and they have silver phoenixes on them, I have eight large midnight blue orbs orbiting around his legs, I have on a long white dress shirt with midnight blue phoenix, long white pants with wolves on the legs, black leather ankle-high combat boots with wolf heads for the buckles, and a long white long-sleeved trenchcoat with wolves on the coattails and on the back is a wolf howling at the full moon and a phoenix flying in the skies. I have massive gray angel wings with midnight blue tips on the large gray feathers, and I have on a White Lantern Corps ring on his left ring finger.

I now have a new large sword holstered on my wider and more muscular back called Fenrir's Sword of The Moonlight Wolf, a large sword with a 6'9" massive, wide, double-edged silver blade with a wolf howling at the full moon etched on the blade, large silver wolf heads with midnight blue crystal eyes for the crossguard, large midnight blue gem for the hilt, longer black handle, and four large silver wolf heads with midnight blue gems for the eyes and in the open mouths, I have on my new large cuff Bracelets of the Champions of The Universe with midnight blue gems on my wrists, my new Belt of Elemental Bravery with a large midnight blue gem for the belt buckle, Spellbook of The Gods and The Universe on his left hip and Eater of Sins revolver holstered on his right hip, and there's a midnight blue kanji below the wolf that said, "Mr. Wolf, Awesome Skilled Leader and Boss of The Bad Guys Gang, Former Pick Pocket of the City, Awesome and Hilarious Member of Team Loud Phoenix Storm, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Defender of Wolves and Warrior of the Full Moon, and Master of Moonlight and Wolves"

Lincoln: And you also have a Super Angel Infinity form, when you fought against Dark Chandler when you got word that he attacked the Kingdom of Wu.

Mr. Wolf (TLPS Universe): That's right, Lincoln.

Sun Shang Xiang: And what also marks you out from the ones in Garrett's X-Squad, is that you, Mr. Snake, and Ms. Tarantula had already transformed against Dark Chandler, Dark Lori, and Dark Lola. And soon, Mr. Shark is going to transform to fight against Dark Lynn, and Mr. Piranha is going to transform to fight against Dark Luan tomorrow.

Ms. Tarantula (TLPS Universe) That's right, Sun Shang Xiang.

Nico: Now, we have two versions of the Bad Guys Gang, the ones we know who've been recruited by Lincoln to join Team Loud Phoenix Storm, and the other recruited by Garrett to join the X-Squad.

Mr. Wolf (TLPS Universe): Which means double the trouble, and double the hilarity you're going to get from us.

We laughed. Then, we got a shower afterwards, and after that, Lincoln, Jessica Shannon, Hilda, Sari Sumdac, Toph Bei Fong, Yuna Kamihara, Nanami Simpson, Julie Makimoto, Tatsumaki, Colette Brunel, Ryuko Matoi (TLPS Universe), Shantae, Akko Kagari, Frosta, Perfuma, Entrapta, Chai Xianghua, Isabella "Ivy" Valentine, Fujiko Mine (TLPS Universe) Chronoa, Natalie "Nat" Blackstone aka Cure Black, Hannah Whitehouse AKA Cure White, Juliet Starling, Joanna Dark, Chell, Nancy Drew, Kiri Marialate, and Trucy Wright were getting ready for their date, this time, it's at Aquarius in the world of Kirby.

Lincoln then snapped his fingers, and the 16-year-old 7'0", white-haired, handsome, and extremely muscular teen was dressed in large orange swim trunks with a phoenix, thunderbird, buffalo, and elemental forces on it, along with his large weighted orange bands with silver phoenixes on his massive biceps and thighs, his jewelry, large orange sandals, and eight large orange orbs orbiting around his legs, and he also had his weapons holstered, in case of trouble.

Jessica Shannon, Hilda, Sari Sumdac, Toph Bei Fong, Yuna Kamihara, Nanami Simpson, Julie Makimoto, Tatsumaki, Colette Brunel, Ryuko Matoi (TLPS Universe), Shantae, Akko Kagari, Frosta, Perfuma, Entrapta, Chai Xianghua, Isabella "Ivy" Valentine, Fujiko Mine (TLPS Universe) Chronoa, Natalie "Nat" Blackstone aka Cure Black, Hannah Whitehouse AKA Cure White, Juliet Starling, Joanna Dark, Chell, Nancy Drew, Kiri Marialate, and Trucy Wright were dressed in two-piece bikinis in their favorite colors, sandals, along with their jewelry, and they also had their weapons holstered in case of trouble.

Lincoln: Well, ladies, shall we?

Hilda: (British Accent) Of course, Linky.

Lincoln and the girls left the Estate, and they head for their destination, Aquarius. When they arrived at Aquarius, it's an amazing and beautiful water planet, the water star of the nearby galaxy in Milky Way Wishes. It can be considered the second planet; its neighboring planets are Floria and Skyhigh. Most of the star's surface is ocean. What little land there is, is tropical and features vegetation. Most of Aquarius's civilization is underwater, found in air bubbles. The planet is similar to Atlantis in some ways. Aquarius is well known for the maze it features in its fourth room, and they were awestruck.

Hilda: (British Accent) Wow, what is this place, Linky?

Lincoln: This, Hilda, is Aquarius, the water star of the nearby galaxy in Milky Way Wishes. Kirby told me about this place, and I knew it would be a perfect place for our date, shall we?

Lincoln and the girls dived right in, and they began swimming all around the underwater planet, they also saw the underwater vegetation that grows here, and they saw that most of Aquarius' civilization is underwater, found in air bubbles, and the planet's also similar to Atlantis in some ways. Lincoln was going to make sure to tell us that when he got back. Then, they went into an air bubble that Lincoln's made, and they had lunch inside it. Then, as the sun's about to set, Lincoln made clones of himself, and he and the clones went up to the girls, and they picked them all up in their abnormally massive and powerful muscular arms, and just as the sun turns orange, they passionately kissed and hugged. Then, they returned home to the Estate, and they returned to their original clothes.

Mr. Wolf (TLPS Universe): Hey, Lincoln, how was your date?

Lincoln: It was awesome, TLPS Mr. Wolf, we went to Aquarius, the water star located in Kirby's world.

Nicole: Wait, you guys went to Aquarius? Oh, that was so awesome. How was it?

Lincoln: We saw that most of Aquarius' surface is mostly water and most of Aquarius' civilization is in air bubbles, and the planet is similar to Atlantis in some ways.

Aquaman: The one way Aquarius is similar to Atlantis is they have underwater civilizations there.

Lincoln: That's right, Arthur.

Me: And I noticed why you called our Mr. Wolf TLPS Mr. Wolf, so that way, you won't confuse the one who's from Garrett's universe with the one here from our universe.

Lincoln: That's right, J.D., and I still got a case of double-vision when we saw the ones from Garret's universe here.

Nico: Ugh, same here, big guy. I had to get a bag of ice for that one, which you made for me before you left for your date, thanks.

Lincoln: You're welcome, Nico.

Mr. Wolf (TLPS Universe): And we got word this morning, Dark Lynn's on the move, she's heading to Gotham Royal York to get her revenge on you. She was driven out by a group of Shu soldiers sent by Liu Bei from Chengdu, and they sent her running at last.

Lincoln: Nice one, but this means, we'll be ready for her, right, TLPS Mr. Shark and Lynn?

Mr. Shark (TLPS Universe): Right, Lincoln.

Lynn: You got that right, bro. I'm looking forward to beating that animalistic, superstitious meathead for what she did yesterday.

Xing Cai: We're also joining as well, Lynn.

Yue Ying: She's right. We can't forget that she attacked the brave soldiers of Shu, and by attacking our people, she's crossed the line.

Zhang Bao: You said it.

Guan Xing: We'll make her pay for what she's done.

Guan Yingping: And we'll show her no mercy for this.

Bao Sanniang: What she did can never be forgiven, she will pay for this.

Xiahou Ji: And she'll pay for trying to kill Lincoln long ago.

Mr. Wolf (TLPS Universe): Yeah, Lynn told me about that, and I'm not letting her get off that easily, and I've got just the location for the fight to come.

Lincoln: That's right.

Me: Yeah, we've seen that you've taken the battles with the dark sides of Chandler and Dark Lori to the fields of Jiang Dong in Wu and Chen Cang in Wei, which means the battle against Dark Lynn will be somewhere in the Kingdom of Shu.

Lincoln and Nico: Right on the money, J.D.

* * *

FLASHBACK ENDS

We were in awe.

Nico: Oh that is awesome.

Me: It sure is. We're so happy for you and Serena.

Ash: Thanks guys.

The Doorbell rang.

Shocker: (groans) Guys, three guesses as to who's here?

Maria: Please tell me it's another Autobot or Decepticon that Barricade knows!

Eli: No it's not. It's 2 people that Nico met.

The door opened and in came Betty and Gary from Happy Peppy Camp Learn-A-Torium!

---

Happy Peppy Gary and Peppy Happy Betty are two workers at Camp Learn-a-Torium who're extremely overprotective of the kids in their care.

Totally Spaced Out

Happy Peppy Gary and Betty first appear in "Totally Spaced Out" when Timmy was sent to the Learn-a-Torium by his parents after Vicky had been kidnapped by Mark Chang. They were so annoying and protective that Timmy was willing to travel across the galaxy to get Vicky back, rather than spend a minute under their care. At the end of the episode, they were apparently captured by Mark Chang and his pals, and were being used as moles in a "Whack-A-Mole" type game.

Baby Face

They had a somewhat major role as villains in "Baby Face". After Timmy wishes himself into a baby to avoid Francis, he's nearly pummeled by Francis anyways after he throws up on him, but is saved by Happy Peppy Gary and Betty who sing a short song and place Francis inside a Fun Box, literally a small cage with lots of padlocks on it suspended over a pit. Eventually, Timmy grows weary of Happy Peppy Gary and Betty's singing and bad food, which is causing his fellow babies to cry, and uses blocks to wish them to the alligator inhabitats in the zoo. However, before baby Timmy can use the blocks to wish himself ten again (since he can't speak), Gary and Betty double back and then get very angry at Timmy and the other babies for not sleeping on time and staying up late while they were gone and proceed to wrap Them in blankets. Timmy tries to escape, but Gary and Betty catch him and place him in an even more secure crib, which makes Timmy start crying. In response to the crying infant, Gary and Betty simply place a soundproof chamber over Timmy's crib, and don't appear for the rest of the episode. Timmy however is saved by the other babies in the nursery and help him get to the name plate maker in the big kids' room.

School's Out!: The Musical

Their final appearance was in "School's Out!: The Musical", where it's revealed they were little more than pawns in Head Pixie and Sanderson's "37-year plan" involving Flappy Bob, the owner of the Learn-A-Torium. After Flappy was freed from the Pixies' scheming by Timmy and becomes a clown again, Gary and Betty took over the Learn-A-Torium and tried to get the children to come there while it was under their wing, however Timmy and his fairies then held a fun concert right inside the Learn-A-Torium, where the music and lack of safety upset Gary and Betty a lot (Betty was so upset by the lack of safety she apparently had a heart attack). They, along with the Learn-A-Torium, haven't been seen since.

Nico: Gary and Betty?

Timmy Turner: Not these dumb morons again!

Laney: Oh great!

Eli: Not these clods.

Frozone: What the Hell do you two want?

May: As if we don't know.

Me: Probably some pathetic excuse to get us to learn at their "Stupid Fun Camp."

Betty: We're here to sue mister brutal there for brutally massacring us and destroying our camp and fun zone!

Gary: YEAH!

Mr. Krabs: SUE!?

Thunderblast: Look, we're sorry about what happened to you two. But Nico actually had nothing to do with it!

Me: Yeah so make like a couple of rockets and take off!

Eli: Yeah!

Allie Wilde: Besides you two had it coming for depriving kids of their fun and ability to play!

Lola Namiko: Yeah you two are brainless morons!

Windcharger: Hey, Penelope. I think Gary and Betty are feeling a little grumpy.

William: (smirks) Yeah! Why don't you give them a hug?

Penelope Florrington: Sure thing.

She went over and hugged them. But then they smelled her REALLY FOUL AND PUTRID SMELLING FOUL STENCH! Their faces looked like they were going to throw up!

LIGHTHOUSE FOGHORN

Betty: OH YOU SMELL HORRIBLE!

Gary: What have you been rolling around in!?

Penelope Florrington: A pile of rotten fish.

Betty and Gary threw up all over the place!

Nico: Clean up on aisle 12!

Betty and Gary ran.

Nico: Now it's time to get ready for our next mission.

Poromon: I wonder what's our mission this time.

Me: We're going to use the simulator to confront the Kankers back when they destroyed Peach Creek.

Wolfgang: (Australian Accent) Look, as much as I'd like to do that, that ain't your call to make. Remember, you're not in charge anymore.

Nico: He's right Wolfgang. It was his idea after all.

Wolfgang: Oh sorry mate.

Me: No worries.

Nico: (To Marie K.L.) Marie you better stay here at the estate just to be on the safe side. I don't want there to be any confusion.

Marie K.L.: Understood.

Nico: This is gonna be brutal guys. And it takes place a couple of years before the Vengeance Express reared its ugly head.

Laney: Oh boy. I wonder what we're going to do in that adventure.

Nico: You'll see when we get there.

Then Ryugu Tamatebacco, Metal Sonic, Marionette Shadow, Pterodactyl Ghost, Zavok, Samon Shakekisutanchin, Evil Seed, 10,000 Volt Ghost, Scorpion and Toad appeared.

Zavok: Can me, Ryugu Tamatebacco, Metal Sonic, Marionette Shadow, Pterodactyl Ghost, Samon Shakekisutanchin, Evil Seed, 10,000 Volt Ghost, Scorpion and Toad go with you guys? (sees vomit on the floor) What's with the vomit?

Nico: From our old pals Betty and Gary. You may know them from that stupid learning camp.

Metal Sonic: Oh yeah.

Nico: Also they threw up thanks to my friend Penelope here.

Penelope Florrington: Awesome to meet you all.

Marionette: Same to you. How did you make them throw up?

Penelope Florrington: I have a rare disease called Trimethylaminuria. It's a condition where my liver can't break down a chemical in my body and it builds up and makes me smell like rotten fish.

Scorpion: Yuck!

Brittney: But don't worry. I used my magic to give her the ability to control the stench at will. She can turn it on and off now with just a thought.

Zavok: Very clever. Is there a cure for this disease?

Nico: No. No cure at all. Also to answer your question earlier yes you all can come with us. We're going to the Peach Creek Cul-De-Sac after it was destroyed from the Kanker Hissy Fit. The one from where Ed got their ship in a bottle on one of his sleepwalking episodes. It is before the Vengeance Express.

Zavok: Whoa man.

Allie Wilde: This is gonna be scary.

Nico: Yep. Lets head out.

We went to the Simulator.

PEACH CREEK, ATLANTA, GEORGIA - AFTER THE EVENTS OF RUN FOR YOUR ED

---

We arrived in the Peach Creek Cul-De-Sac in Atlanta, Georgia and we gasped in shock at what we saw! The entire neighborhood was completely destroyed! Houses were reduced to splinters and planks, the street was ripped apart, fire hydrants were knocked off and everything was ripped apart! The only house that was not destroyed was Edd's house.

Sunny Flare: Dear God. It's even worse then we thought.

Nico: My god. What the hell happened here?

Eli: This is terrible! Looks like this whole place was destroyed by a war.

Laney: Those Kankers really did it this time!

Lincoln: Yeah they can bully the kids of the neighborhood, torment the Eds and all that but destroying an entire neighborhood like this including an entire city later on is REALLY crossing the line.

Indigo Zap: I agree Lincoln. What they did is horrible.

Nico: Yep. Lets search for survivors.

Pterodactyl Ghost: I'll keep a lookout from the air.

Nico: Okay.

He flew into the air.

Me: Nico I suggest we go to Double D's house and help out there first.

Nico: Agreed. Lets go.

We went into Double D's house. We saw that it was the only house still intact and unharmed except for the door being ripped off its hinges.

Nico: Anyone home? Are you all alright?

Edd came.

Edd: Oh greetings to you all.

Ed: Hello my name is Ed.

Nico: Pleasure to meet you. Where's Eddy?

Eddy: Get me out of here!

We went into the kitchen and we saw Eddy with his finger stuck in the faucet.

Nico: Uh oh. I got this.

Nico went over and popped Eddy's finger out.

Lugnutz: Penelope, I just want you to know that no matter how you smell, you're still a good person.

Penelope: Really?

Lola: Yeah! After all, Lana IS my roommate. I'm actually used to a bad smell by now.

Penelope: Wow.

Lana: Yeah and I like the smell of rotten fish.

Penelope: You're a silly girl Lana but thank you.

Lana: No problem.

Eddy: Thanks for getting my finger out.

Nico: You're welcome. But we came here because the whole cul-de-sac is completely in shambles. Well it's best if you all see it for yourselves.

We went outside and all three Ed's gasped in shock!

Eddy: Oh man!

Edd: GOOD LORD! What happened!?

Nico: Three words: Kanker Hissy Fit. That ship in a bottle that Ed had is what caused it. They tore the entire cul-de-sac apart and destroyed everything to find it.

Ed: Got any 8's?

Lynn: I've got a good way for you not to let people's comments about your stench get to you.

Penelope: Really?

Lynn: Just repeat these words. "I'm ugly and I'm proud"

Rita: LYNN!

Eli: Excuse me. But I must discipline the nanny goats.

Toad: Wait! I think Lynn might be onto something.

Lily: Wait a second. SpongeBob I remember Patrick telling you something like that when your breath smelled like rotten corpses. (To Lucy) No offense Lucy.

Lucy Loud: None taken Lily.

SpongeBob: Yes he sure did. I made a sundae from ketchup, onions and rotten peanut plants and it made my breath smell really bad. I thought everyone was avoiding me because I looked ugly when it was actually my breath.

Lily: That is weird.

Me: That sundae must've really smelled worse than puke!

Lily: It did. I smelled it once and it made me hurl my guts out.

Nico: Yuck. Lets focus everyone. But if I were to bet, the next gene-slammer I'm hoping to meet would be a Galvan.

Ben: A Galvan Gene-Slammer. That means Lisa or one of the geniuses will go with you.

Nico: Yep.

Volt Luster: You know, I was actually going to ask that same question until Ben beat me to it.

Brontes: Great minds think alike, huh?

Ben: They sure do.

Penelope: Yeah. But Lynn's right. That does feel very empowering. I'll keep that in mind. Thanks Lynn.

Lynn: No problem.

Nico: Now that that's settled, lets head out to find survivors.

We set out to search the wreckages of the houses.

Metal Sonic: I'll scan for any survivors.

Nico: Okay.

He did so and then he saw Rolf and all his animals hiding in his cellar.

Metal Sonic: Rolf is hiding in his cellar.

We went over and opened it.

Nico: Rolf you can come out. The hissy fit is over.

Rolf: Is it?

Nico: The Kankers went back home. But the entire cul-de-sac has been completely destroyed.

He came out and he saw that Nico was right.

Rolf: Duck!

Nico: Okay we better split up and search for any survivors. Penelope, you and Lana go to what's left of Ed's house. Laney you and Lorna go to Nazz's house. Lola you and Miranda go to Kevin's house. J.D. you take the Hernandez sisters and go to Jonny's house. And Lynn, you take Hannah and go find Jimmy.

Me: Roger that!

Fiona Hernandez: We'll go find them!

Nico: Okay! We'll rendezvous back here in 1 hour. Lets go!

We got to searching.

Later, Laney and Lorna came back with Nazz.

Laney: We found Nazz buried under a bunch of broken furnature.

Thorn: (to Nazz) Are you okay?

Nazz: I'll be fine. Thanks for getting me out.

Varie was healing her up.

Me and the Hernandez sisters came back with Jonny and Plank.

Me: We found Jonny with Plank buried under a bunch of concrete cinder blocks.

Marie Hernandez: Man those Kankers are absolute nightmares.

Emily McKale: Yeah they are worse than Amy.

Nico: Boy no kidding. Set him by Nazz.

Penelope came back with Sarah and she was badly hurt.

Ed: Baby sister!

Ed hugged her.

Ed: Are you all right little one?

Sarah: I'm all right you big lummox.

Penelope: We found her bound and gagged in a potato sack.

Nico: Geez!

Lola and Miranda came with Kevin.

Miranda Rodriguez: We found Kevin buried under a bunch of tools and bicycle parts.

Kevin: They totally blindsided me dudes.

Lynn and Hannah came with Jimmy who was brutally beaten up.

Lynn: Jimmy was really beaten up. He was buried under his entire house with bear traps clamped onto him.

Nico: Ouch!

We got them all gathered and healed up.

Kevin: How come the Ed's are all right and Rolf too?

Nico: Rolf was hiding in his cellar with all his animals.

Applejack: He played it smart.

Me: The Ed's were in Double D's house which was the only house untouched. Also the Kankers were after a ship-in-a-bottle that Ed accidentally took while he was having a Sleepwalking episode.

Ed: Yeah.

Evilseed: Plank, are you and Jonny okay?

Plank:

Jonny: Plank says yeah we're fine.

Evilseed: Good.

Me: Man those Kankers really did it this time.

Kevin: Yeah they really messed up everything.

Pacifica: Let's make a plan in Double D's house. It's the only house not damaged.

Nico: Agreed.

We went to Double D's house and nursed everyone back to health.

Nico: Sorry this all happened to you all.

Jimmy: We'll be all right.

Rolf: Ja. We handled worse than this.

Me: And all because of a measly ship-in-a-bottle.

Jonny: Ship-in-a-bottle?

Me: It's a little model ship that you build inside a glass bottle. It's a very popular hobby.

Nicole Hernandez: Yep. And I like to build them. They are really fun.

Nico: Neat.

Scorpion: Hey, guys. I found the remains of the candy store and got these intact jawbreakers.

Nico: Good work Mac.

Edd: Jawbreakers!?

Ed: Yum!

Eddy: Oh boy! (Realizes) Wait. The Kankers destroyed the candy store!?

Me: Uh oh.

Eddy then exploded into a massive explosion of fire and smoke! HE WAS BEYOND INFURIATED!

Eddy: (ENRAGED SCREAMING) KANKERS YOU WILL PAY FOR THIS! I WILL KILL ALL THREE OF YOU!

Manterror: Never mess with Eddy and his love for candy.

Nico: You got that right Manterror.

Luan: And I always love a good lover that loves candy.

Nico: Yep. The Kankers have REALLY crossed the line this time. You mess with Jawbreakers and candy, you really make the Ed's mad.

Me: Nico, I for one have had it with the Kankers bullying everyone here in Peach Creek. Its high time we make those monster pay for their crimes against everyone here.

Nico: I agree with you there J.D. (To the Cul-De-Sac Kids) Are you all sick of the Kankers and their evil?

Kevin: You bet we are! It's time we make those monsters pay for their crimes!

Nazz: Yeah what they did was not cool!

Jonny: Yeah! They are the true homewreckers!

Nico: I agree. But guys there's something you got to do for the Ed's first.

Samon Shakekisutanchin: But first, eat the jawbreakers! And then, we'll make you all a good meal. I'll even include salmon!

Eli: Is this really the time for food?!

Poromon: Eli, they had nothing to eat ever since that whole hissy fit started. You really want them to starve.

Eli: You're right.

Nico: Luckily I got some food too.

Nico unrolled a scroll and unsealed numerous burgers and everyone got to eating.

Nico: Now. The thing I want you all to do is apologize to the Ed's for how you treated them and all that.

Kevin: Why should we!? They are dorks!

Nico: Because there's more to the story than you know! It's best if Eddy tells you the story.

Eddy: Sure.

Eddy told them everything about why he was the way he was and everything and how it was all because of Eddy's brother, Tyrone McGee.

---

Eddy's Brother is the unnamed older brother of Eddy, who had moved out of his parents' house sometime prior to the show's current setting. Until Ed, Edd n Eddy's Big Picture Show, Eddy's brother was never seen, only mentioned by Eddy and the other characters. He made his debut in the movie as the true main antagonist, and is the only adult character to be seen and heard on the show. His actual name remains unknown.

Because Eddy's Brother never appeared on the show until the very end, the only information about him could be gleaned from the other characters talking about him, mainly Eddy. According to Eddy, his older brother was extremely multi-talented, being a "whiz" at everything from brick-laying to bouzouki playing, to chewing ice cubes to setting up traps. His most defining trait was being a master prankster: in season one's "Fool on the Ed," the Eds create the El Mongo Stink Bomb, which Eddy claims is a recipe from his brother before he moved out. For the most part, Eddy speaks very highly of his brother, considering him his role model and wanting to be as cool, smart, and respected as he claims his brother to have been. It's later revealed in "Ed in a Halfshell," where Eddy sets himself the task of making Jimmy his protégé, that we learn that Eddy's treatment of Jimmy is similar to that of his own brother when they were younger, giving a small glimpse into their relationship.

The third season offers more details about Eddy's brother, including a trip into his bedroom in "O-Ed Eleven", which had previously been walled off for unknown reasons. Eddy's brother's room contains a multitude of bizarre items, from a stuffed camel wearing a fez, to a bed that folds up into a refrigerator, to an entire car with a trunk full of random garbage and a live snake (which Eddy claims he'll inherit someday).

In "An Ed is Born", Eddy receives a "care package" from his brother labeled "To Pipsqueak" (his "affectionate" nickname for Eddy). It's revealed to be full of baby items, including a diaper, a pacifier, and a toy rattle, hinting that Eddy's brother does not think highly of his younger sibling.

The episode "Ed… Pass it On…", where Eddy spreads a rumor that his brother is coming back home, reveals further glimpses into Eddy's brother's relationship with the rest of the Cul-De-Sac kids: Kevin becomes a groveling, nervous wreck, Nazz swoons at the thought of Eddy's brother, and Rolf builds an entire wall and moat around his house for fear that Eddy's brother will steal and/or harm his chickens. Sarah and Jimmy are unphased - either because they honestly don't care about Eddy's brother, or can see through Eddy's lie.

In Ed, Edd n Eddy's Big Picture Show, the Eds go on a journey to find Eddy's brother so they could live with him and hide from the other kids (most of whom they had severely injured in their latest scam). At first Eddy's brother offers to help them out, but quickly shows his true colors when he starts playing sadistic games with Eddy, first twisting his foot around while Eddy pleas "uncle", and then throwing Eddy against the door of his trailer over and over like a basketball. The other kids manage to stop Eddy's brother from further tormenting Eddy, which resulted in Eddy's brother getting hit in the face with a door and getting knocked out. He is last seen being dragged back into his trailer by the Kanker Sisters, who presumably torment him further.

In the end, Eddy tearfully admits to Double-D that everything he said about his brother was a lie he had made up to sound "cool" so that people would like him. In reality, his brother was a cruel, sadistic bully who abused Eddy all his life both verbally and physically. This plus Eddy's paradoxical admiration of his older brother would explain his own abusive behavior and inflated, fragile sense of self-worth and need for attention. Fortunately for Eddy, Double-D and the other kids forgive Eddy and the Eds, and they leave the park together as friends.

When it was done, Everyone in the cul-de-sac including Ed and Edd were horrified!

Emily McKale: Man and I thought I had it rough!

Luan: Yeah no kidding.

Kevin: Oh man! Eddy we had no idea!

Nazz: Eddy is all that true?

Eddy: (Crying) Yes it is!

Rolf: Oh Ed boy.

Jonny: Eddy I didn't know. I'm sorry.

Jimmy: That's horrible.

Nico: Yeah. Eddy did all that stuff and was mean to all of you was because he thought his older brother was cool. When in actuality it was the total opposite. Eddy's brother Tyrone was an absolute bully to him.

Marah: Eddy, before we talk any further, go eat a jawbreaker to cheer yourself up. You need it right now!

Nico: Marah! He's going through a very delicate matter. Give him some space for a few minutes.

Marah: Oh. Sorry.

Eddy was given a few minutes to let it all out and be comforted by his friends. 20 minutes later, Eddy calmed down.

Nico: Feel better Eddy?

Eddy: Yeah.

Nico: Here.

Nico gave Eddy a jawbreaker and Eddy was slurping on it.

Sonata Dusk: I just can't believe that all this happened to the Cul-De-Sac.

Me: I know Sonata. Its horrible.

Ryugu Tamatebacco: The rest of you can have these jawbreakers as well.

Kevin: Thanks.

Nico: After you all have Jawbreakers, lets come up with a plan. We're going to make those monsters pay for their crimes.

Fiona Hernandez: That's right! We're not going to let those stains on the human race get away with it.

Marie Hernandez: Yeah the Kankers will see their worst nightmares brought to life.

Nicole Hernandez: In the forms of all of us.

Nico: Absolutely.

Shockwave: Double D, if you want, we can have the version of you on our team come here. (chuckles) You're going to be surprised at what he uses in battle.

Maria: But you can have a first look at it.

Nico: Yep.

Edd: I would like that.

Nico: All right.

Edd on our team came.

Edd (TLPS): Greetings to you all.

Linka: This is our Double D.

Edd: Wow! I look amazing!

Edd (TLPS): Indeed.

Nico: Now lets get ready.

Double D: What about that sneak peek?

10,000 Volt Ghost: You'll get it right now. (to our Double D) Show him your armor.

Edd of TLPS showed them his awesome IRON BOY armor!

Everyone was amazed!

Kevin: That is choice!

Sarah: So cool!

Nico: You'll see it in action soon.

Me: And I got just the things for you all.

I pulled out my Thingamajig.

Eddy: A Thingamajig?

Edd: But I only made one.

Me: Don't worry. I can use my powers to give you all one.

I snapped my fingers and made one for each of the Cul-De-Sac kids.

Eartha: Time for our entrance.

Nico: Yep. And I know just how to start it off. Lets head for the trailer park! Get ready Kankers, (Eyes Glow Red) You messed around with the kids of the Cul-De-Sac for far too long and you will pay for your crimes with blood and interest.

We were off to the trailer park.

The Kankers were enjoying their time in their home.

[Inside the trailer, the brood is watching TV.]

Marie: "Hey Lee, get off your rump and run my bath."

Lee: [throwing Marie towards the stairs] "Get some exercise, it's good for ya."

CRASH!

Suddenly a powerful energy blast was fired at the trailer and then…

KRABBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The whole trailer was blown to smithereens in a massive flaming explosion and the Kankers were on the ground in front of it and they saw their whole home up in flames!

Lee Kanker: OUR TRAILER!

May Kanker: OH NO!

Marie Kanker: IT'S GONE!

Lee Kanker: WHOEVER DID THIS WILL PAY FOR BIG TIME!

Suddenly the spirits of prehistoric creatures made of the elements of nature swirled around the Kankers and then they roared and smashed them all over and then they converged and then…

KRABBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted in front of them and then a phoenix cry was heard and then we came out.

Lee Kanker: Who the heck are you?!

Nico: Your worst nightmare!

May went at Nico and then…

POW BLAM BIFF SMASH BLANG WHAM KROW! KRASMASH!

May was sent flying as Nico pulverized her into pulp and sent her crashing into Lee and she was brutally mangled up.

Lee Kanker: GET OFF ME MAY!

Marionette Shadow: (laughs) Hey, Penelope! Why don't you give the Kankers a hug?

Penelope: You got it!

Penelope gave Marie a huge and Marie then smelled her stench!

LIGHTHOUSE FOGHORN!

Marie Kanker: OH MAN YOU SMELL HORRIBLE!

Marie then hurled her guts out on Lee and May!

Lee Kanker: OH YUCK! WHY YOU LITTLE!

They piled onto Marie and smashed and pulverized her all over in a brutal fight cloud!

I grabbed Marie and then pulled her shirt and over and then tied her into a knot!

Lori: I'm going to do this!

Lori shoved her hand down May's throat and then pulled her and turned her into an inside-out human sausage!

Eli then fired a blast of Force Lightning and it hit Lee and electrocuted her! We then saw a REALLY disturbing sight! LEE HAD THREE EYES!? WHAT THE FUCK!?

Nico: Lee is a total freak!

Laney: OH MAN! Lee has Three Eyes!?

Eddy: I guess that's the reason why she covers her eyes.

Then Bonz, Speed Demon, LaGrange, Jet, Ben Ravencroft, Living Laser, Spymaster, Artie Ziff, Zs'Skayr, and Kyd Wykkyd appeared.

Nico: Bonz, Speed Demon, LaGrange, Jet, Ben Ravencroft, Living Laser, Spymaster, Artie Ziff, Zs'Skayr, and Kyd Wykkyd.

Ben Ravencroft: Looks like you all have gotten the party started.

Nico: Yep.

Bonz: Nico, you know that you can't keep having Penelope gross out bad guys with her stench all the time, right?

Nico: I know that. But it IS funny!

Speed Demon: We know that.

Me: Yeah it sure is funny.

LaGrange: But there are others to humiliate an enemy.

Jet: And we heard that you and Jessica found some treasure.

Ben Ravencroft: What was it?

Jessica Shannon: We found the Sword of Coatlicue, the Goddess of Nature in Aztec myth.

Nico: It's true and it was awesome. Lincoln also had an amazing treasure hunt.

Lincoln: Yep.

?: That is cool.

A figure came out and it was KA CHING from episode 19 of Abarangers!

---

Ka-Ching is a special monster in Power Rangers Dino Thunder with bear, mushroom and ATM-theme. This monster never battled Dino Rangers. He appears in episode "Lost & Found in Translation" in a Japanese show (as Abarangers).

He is voiced by Greg Johnson.

Ka-Ching is a mutant creature from the Japanese show based on the adventures of the Dino Thunder Power Rangers. Viewed for the first time by the Power Rangers, he is able to use his magic wigs to make people greedy and money hungry.

His victims include Whacker Wilson, a famous American baseball player who is visiting Japan. Ka-Ching is also able to defeat the Power Rangers with giant coins.

He fills up their giant piggy banks, but with the help of Whacker Wilson, the Power Rangers are able to destroy Ka-Ching and bring an end to his chaotic money problems.

---

Nico: Ka-Ching from the Japanese Dino Thunder Rangers!

Ka-Ching: That's right.

Eli: Boy I remember you! You used your magic wigs to make people greedy and money hungry!

Ka-Ching: That's right. Awesome huh?

Eddy: You would be my kind of monster.

Ka-Ching: (Laughs) I'm glad you think so.

Nico: Awesome.

Ka Ching: I heard you Rangers watched my episode.

Ethan: We sure did! And we liked it!

Kira: We thought it was really funny.

Connor: I admit that I didn't like it at first. But I did at the end of the episode.

Me: That was really cool.

Nico: It sure was.

Eli: It sure was cool.

Ben Ravencroft: We also have a bunch of new recruits for you all. But the one we have is a stinky one.

A bunch of figures came out and they were SKOWL THE STARTLING from Donkey Kong Country Tropical Freeze, FALKAR from episode 15 of Lightspeed Rescue, TERROR BLOSSOM from episodes 22, 23 & 24 of Season 2 of Mighty Morphin, King Sphinx, Badussa from episode 18 of Dino Super Charge, Sucker from episodes 16, 17 & 18 of Ninja Storm, Combined Combatant from the Gokaiger movie: The Ghost Ship, Flytrap from Mystic Force, Doomwing from Dino Charge, Four Head from Episode 25 of Season 2 of Mighty Morphin, Peter Griffin when he was a boneless blob because of a genie and STINKOR!

---

Skowl the Startling

**Skowl, The Startling** is the owl boss of the world Autumn Heights, as well as the second boss overall in the game *Donkey Kong Country: Tropical Freeze* . He is one of the five generals of the Snowmads and the father of Hootzes.

Donkey Kong and his current partner kong landing into a shaded area at the base of a colossal tree. One of the Hootzes notices them, but seems more intent on dropping a banana onto a stone slab in front of a small gathering of owls. From within the shadows, a large figure smashes the banana with a wooden hammer.

Surprised and angry, the Kongs' outburst gains the attention of the local owls, who angrily turn towards their simian invaders. The owner of the wooden hammer, a colossal, bearded owl name Skowl, hops into the light and gives a threatening hoot. The Kongs then rush forward to take the owl out, destroying his stone slab/altar.

Falkar

**Falkar** was a falcon-themed knight demon and one of Diabolico's most powerful monsters, alongside Demonite and Thunderon.

Falkar serves as one of the main antagonists of the episodes "Ryan's Destiny", "Curse of the Cobra" and "Strength of the Sun", and as part of Troika, he serves as the secondary antagonist of the episode "The Cobra Strikes".

Diabolico released three most powerful monsters to help him defeat the Lightspeed Rangers. They were known as Troika demons. Then he sent them to the Mariner Bay. Falkar and his comrades took great pleasure in destroying the Power Rangers. Their first plan was to use explosive, harmless looking feathers to destroy the city by luring the children into playing with them. Upon reaching the hill, they created unique feathers from their wings and unleashed them on the city. Soon their presence was revealed by Rangers and the heroes arrived. In the first battle with rangers, Falkar fought Carter and Chadand easily defeated them using his great speed and agility. Then the villains revealed that their feathers were actually explosives that would detonate in dark areas and every feather would destroy the city at sunset. Rangers continued the fight, but still were no match for Diabolico's most powerful minions. As sunset neared, rangers fell back with the villains in pursuit. The Rangers tried to use the Rescue Birdagainst them, but monsters reflected the blast at the heroes, heavily injuring them. Soon the Rangers were surrounded by explosive feathers and were too weak to escape, leaving the demons to enjoy their fate. At sunset, the feathers exploded one by one, sending the Rangers crashing through the wall of the warehouse. Unable to fight anymore, the Rangers were left at the mercy of the three demons, but Ryanarrived to aid his friends. Though Falkar battled Ryan, he and his comrades were defeated and retreated, promising to return.

Then they returned and again clashed with the Rangers. Diabolico gave their leader Demonite a card capable of creating a clone of himself. In the battle, Demonite used the card to create a clone of himself, connected to him, who fought Ryan, while main team of heroes fought the evil demons. The Demonite clone even redirected the shots of V-Lancers. Falkar and Thunderon witnessed as Carter threatened to destroy Demonite with the V-Lancer and Rescue Bird: Unilaser, if he wouldn't call out his clone. However, as Demonite attacked, Carter pulled the trigger, destroying Demonite and nearly himself. Falkar and Thunderon watched how the revived and gigantic Demonite was defeated by Lightspeed Megazord and Supertrain Megazord before retreating.

Terror Blossom

Terror Blossom is created by Lord Zedd from the petals of cherry blossoms inside Angel Grove Park after his magic caused a windstorm that threw them off of a tree. This occurs after Goldar had kidnapped Rocky DeSantos, Aisha Campbell, Adam Park and their teacher Mr. Anderson to turn into his own elite squad of evil ninjas. Terror Blossom's job is to destroy or at least preoccupy the Power Rangers long enough for Zedd's Serpent of Darkness to turn them irredeemably evil. This monster possesses the ability to reproduce and spray poisonous petals. He decides to give new meaning to "stop and smell the roses" so he summons cherry blossom petals from nearby trees and makes them rain down on downtown Angel Grove. Due to Lord Zedd blocking their scanners, the Power Rangers have to travel by a method called "jetting" and is a less direct method of teleportation. Zordon singles out Jason, Zack and Trini whilst the others try to free the hostages. They soon spot Terror Blossom just as he decides to create an army of identical Terror Blossoms to overwhelm the Power Rangers and destroy them before invading Angel Grove. The Rangers fly down and confront him with Zack and Trini jump kicking him but the monster is unfazed although it stuns him long enough for Jason to knock him flat with a swing kick to the "stomach." However, after rolling to his feet and deciding that he is wasting his time, Terror Blossom teleports away to find a place to germinate his brethren.

\With Terror Blossom threatening to duplicate himself and become unstoppable, Zordon has to call off the rescue attempt to pool the Power Rangers' strength. As the teams are called back, Terror Blossom resurrects Hatchasaurus who the Rangers is forced to fight to stop him from annihilating the city. After defeating Hatchasaurus however, the Power Rangers regroup but Terror Blossom summons cherry blossom petals from some trees and makes them rain down on Angel Grove again. The Power Rangers split up with Jason, Zack and Trini confronting the Terror Blossom whilst the others return to their escape attempt. However, they are frozen by the poisonous petals of Terror Blossom. The remaining Rangers are forced to again abandon their rescue attempt and are teleported to the park where Terror Blossom and the frozen Rangers are. The monster is happy to have more Rangers to freeze and tries to do so but they dodge and regroup around their friends before teleporting back to the Command Center even as Terror Blossom tries and fails to freeze them too using his blossoms. The rescue attempt is again completely waylaid as Billytries to reverse the effects of the toxin. Whilst they are busy, Terror Blossom decides to use the Angel Grove Power Plant as the place to gestate his Terror Blossom army by using the heat from the building's generator. Fortunately, Billy's Cell Based Stimulator is able to quickly unfreeze their comrades after a brief moment.

With the Rangers free, they confront Terror Blossom in the desert but Zedd throws a Growth Bomb to the monster. Terror Blossom catches the bomb and uses it personally, enlarging and calling it his "best fertilizer." With a giant monster intent on reaching the Power Plant and germinate his seeds, the Power Rangers are forced to summon the Thunderzords and form the Thunder Megazord. Terror Blossom is apparently impressed but wishes to test out their Zord's resistance to cold and unleashes his flower petals on the Thunder Megazord, exploding over the formation and causing it to cease up. Tommy aids them with the White Tigerzord which easily races through the explosions caused by more of Terror Blossom's petals. Tommy enters the cockpit and prepares to form Warrior Mode but Zordon informs the Rangers that they have to rescue Adam, Rocky and Aisha or Zedd's Serpent of Darkness will corrupt them beyond redemption. Tommy gathers Billy, Trini and Kimberly to go rescue them whilst Jason and Zack fight Terror Blossom. As the fight at the Cave of Despair gets underway, Terror Blossom mockingly wishes to "plant them in his garden in neat little rows" and blasts them with more explosive petals. This immediately topples the Thunder Megazord again but it almost immediately recovers and destroys Terror Blossom with a single slash. The hit causes Terror Blossom to freeze up and fall flat on his back before exploding in a cloud of flower petals.

## King Sphinx

King Sphinx is initially mentioned by Finster as a monster to use as a way of separating Jason from the other Power Rangers to destroy him and leave them leaderless and easy to destroy. Finster supposedly creates him from a handful of Egyptian sand which he threw into the clay mold whilst making the monster's model. At Rita's request, King Sphinx deploys with the Putty Patrol so Zack, Kimberly and Jason arrive at the Children's Theater to fight them but King Sphinx flaps his wings hard enough to send Kimberly and Zack away to the Angel Grove Youth Center. After doing so, with all his Putties gone, King Sphinx blasts Jason with fire but he is unfazed and jumps at the monster and slashes the monster with his Power Sword but King Sphinx is unfazed and he has to roll away from a swing. After two more slashes that do nothing, they blade lock but Sphinx leaps into the air and teleports himself and Jason to the quarry and they roll down a hill before fighting again. King Sphinx quickly takes out Jason's legs but the Ranger blocks a swing to his neck and kicks away the monster before they jump at each other in mid-air, Unfortunately, it is at this point that Goldar arrives and forces Jason to dodge towards King Sphinx though Jason then slashes him away. Unfortunately, Rita then enlarges the two villains and Jason has to retreat from their giant footsteps even as they blast him down. Fortunately, despite King Sphinx blasting him, Jason is able to retrieve a bag filled with the new Power Crystals and use them to teleport the other Rangers in before he summons the Dinozords. Forming Tank Mode, they blast the two villains but they are unfazed and blast the formation with devastating force so they have to enter Battle Mode. Goldar and King Sphinx are smacked aside with Goldar getting punched back twice and Sphinx punched away. Though Goldar's counterattack forces them into Tank Mode again, they ram down him and King Sphinx and blast them with the Cranial Laser. Enraged, King Sphinx leaps at them and slashes the Megazord but they deflect three more slashes and punch him away so he tries to blow them away instead. However, it barely pushes back the Megazord and Jason summons the Power Sword and they finish off King Sphinx with its energized slash. As he flails and cries out, King Sphinx face-plants and explodes.

## Sucker

This bug-like monster was Kapri's competition, he was sent down to earth to deal with Cam, the new Green Ranger. Cam morphed and went to the area, where the monster shrunk and did a sneak attack on the Ranger's neck. He then summons an army of Kelzaks to hold him down long enough for him to uses his power on the Green Ranger to infect him with something that turns him into a mosquito. He was about to do it again until the Green Ranger managed to break free and defeat all the Kelzaks, forcing him to quickly retreat. The Green Ranger (who was almost turned into a bug) returned and had a rematch with the monster before transforming into Super Samurai Mode and battles the monster. Sucker was no match for this Ranger. Cam then used the Samurai Saber to destroy Sucker, but not before forcing Sucker's nose into him in order to turn back to normal. Sucker then grew large with the Scroll of Empowerment and goes after the Storm Megazord. He drains the Megazord's energy. The Storm Megazord tried to use the Ram Hammer, but Sucker blocked the attack and went all out on the Megazord. He was about to make the finishing strike until the Samurai Star Chopper came to the rescue. The Rangers then formed the new Samurai Storm Megazord combination. With this new combination, they were able to destroy Sucker for good.

## Combined Combatant

Los Dark commands foot soldiers that the past 34 Super Sentai battled, reduced to wandering souls. They see themselves as brave selfless warriors for evil. They reside within the dimension of the dead, whose portal is in the Ghost Ship. They have the ability to form the Combined Combatant(合体戦闘員 Gattai Sentōin), which can speak in roars as usual.

The Combined Combatant was formed via the Nanashi using it's power to combine all of the other footsoldiers together into a single being which was able to stand up to the Gokaiger.

But when that Nanashi prepared to deliver the finishing blow, the other footsoldiers began to rebel wanting to deliver the blow themselves, with various footsoldiers merely fighting among themselves. The fighting was seen by the Gokaigers (mainly Luka) as if it was dancing, inspiring them to use the Battle Fever J keys and destroy the Combined Combatant with the Penta Force cannon.

## Flytrap

This monster disguised himself as "DJ Fly", a new DJ in Briarwood. When Vida went to the club he was DJ-ing, she, and many other teens, fell victim to his hypnotic powers, and were soon turned into Vampires. It didn't take Chip long to notice Vida has all the signs of being a Vampire, though the others did not believe him. When Vida tried to attack Chip, he held her off with his garlic clove. Chip told Vida that he would help her return to normal, no matter what. The two then returned to the night club, only to fall back under DJ Fly's trance. Necrolai showed up and was about to attack Chip, when he reveal that he came prepared and was wearing earplugs. Chip fought off Necrolai as best he could, and then morphed into the Yellow Ranger. After he had done so, Flytrap captures Chip by wrapping him in his vines and was about to fire his energy laser at Vida. The Yellow Ranger managed to break free and jump in front of the attack and take the hit. With Vida still a vampire, and Chip drained of strength, both Necrolai and Flytrap managed to escape.

After Chip regained his strength, he and Vida went to fight Flytrap in the city, in their Ranger forms. The others, after realizing Chip was correct in his Vampire theory, morphed and joined them. Working together, all five Rangers used a combined tornado attack to weaken Flytrap. However, the monster then grew large, forcing the Rangers to morph into the Mystic Titan forms and form the Titan Megazord. The Rangers fought off Flytrap, but they were running out of time. The sun was about to rise, and if the monster was not destroyed, all the teens he turned to Vampires would be turned to ash. Flytrap was then destroyed thanks to the Mystic Spell Seal Attack and everyone was returned to normal.

Doomwing

**Doomwing** was the evil counterpart and other half of Zenowing who served as one of the two generals of Lord Arcanon alongside Singe. He served the the titular main antagonist of the episodes "Silver Secret" and "Wings of Danger."

Long ago, Arcanon destroyed the whole planet of Sentai 6 only to retrieve the Dark Energem. After finding the Silver Energem, Zenowing found and confronted him. During the battle, the Silver Energem bonded to him, turning him into the Silver Ranger. But even with this new power, Zenowing still failed defeat Arcanon and was captured by him instead. Arcanon knew that Zenowing would never agree to become loyal to him, so with just one touch of the Dark Energem, he created the dark side and evil counterpart of Zenowing, Doomwing stored the Silver Energem in his sword blade.

Doomwing morphs into the Silver Ranger to pose as Zenowing and makes contact and gains Kendall Morgan's trust by seemingly helping the Dino Charge Rangers with finding out where the Titano Zord is located. The message pod is then destroyed by Singe in order to avoid Heckyl and the Rangers getting suspicions about his true intentions.

After the battle with Beauticruel, the Rangers receive another call from the Silver Ranger where Doomwing seemingly asks the Rangers for help but they lose the connection.

After the battle with Leisure and Loafer, the Rangers have a discussion with the Silver Ranger who tells them that the Dark Energem has been discovered. Kendall is then told by the Silver Ranger to give out the information about the Zords and Chargers, much to the purple Ranger's skepticism. She nevertheless, gives out the database to him which turns out to be the Rangers' downfall. He then begins using these data to make replicas of the Dino Chargers for his master to use.

Though Arcanon easily overpowers Heckyl, Snide proves more of a challenge and overwhelms them in battle while inside his personal Megazord, Fortress. It is at this instant that Doomwing reveals that he can summon the Zords as well, shocking the Rangers. When it is clear Fortress is too much to handle, they retreat, and the Rangers take over the battle. Later, he stands beside his partner as they are told by their master they must take the Energems no matter what.

When the Rangers find that the Silver Ranger is on Earth, they rush to the spot from where they have received the signal. Doomwing morphs into the Silver Ranger and appears before them while pretending to be injured. He tells them he was captured by Lord Arcanon and was forced by him to create the Dino Chargers. He says he has managed to escape and bring all of the nine Chargers which he has made. Riley doubts this, as he had found the Titano Charger left by Arcanon on the road. Exposed, Doomwing then reveals his true evil intentions and attacks the Rangers, with his strength being overwhelming. Just as he is about to make the final strike, he loses control and demorphs into his true form. He then gets taken over by Zenowing, who tells the truth: sometime after he bonded with the Silver Energem, Arcanon fuses his body with Doomwing's through the Dark Energem to obtain the Silver Energem. Zenowing reveals that since Doomwing has stored the Energem in his sword, only he can morph into the Silver Ranger with the help of his bonded soul. The true Silver Ranger starts losing control and warns the Rangers to move away to safety as Doomwing starts to take over.

Doomwing returns and attacks Tyler while planting a listener on his Dino Com before fleeing away. The Rangers return to their base and to prevent the villains from listening in on their conversation, carefully placed the device under a waterfall-like structure in a glass tank, before working on their plan to separate Doomwing and Zenowing by using the Split Emitters, four pyramid-like devices which when placed in a square formation, will concentrate a beam of energy at the center to separate the fused objects. They then arranged them in the correct positions and tell their fake plan in order to be listened by the villains. Doomwing arrives on the scene and confronts Tyler, thinking he is alone. After a fierce duel, he starts losing control and Tyler tells his friends to start the process. The Split Emitters fire energy from four directions, concentrating at the transforming Doomwing. The two get separated, which infuriates Arcanon, who fires the Magna Beam at Doomwing to enlarge him. The Rangers form the Dino Charge Ultrazord and with the Titano Cannon Final Strike, manage to defeat him. However, Doomwing survives the battle with the Silver Energem still in his possession and manages to make his escape. He returns to the ship, but Arcanon is disappointed with him since though he still has the Silver Energem with him, he is rendered unable to morph due to the separation between him and Zenowing, no matter how hard he tries. Arcanon angrily says that, when he could become the Silver Ranger, he was of great use to him, but now that he cannot, he is of no use at all. He exits, leaving Doomwing down and depressed.

Doomwing requests one last chance from Arcanon before he destroys him. Arcanon agrees and gives him the Silver Energem.

He, along with his companions, goes to confront Zenowing and battles with him. Doomwing gets the upper hand and is almost about to finish off Zenowing, just when Riley valiantly jumps in to save Zenowing. Doomwing injures Riley badly. Keeper arrives and saves all the rangers. Arcanon warns Doomwing that he better get hold of Zenowing otherwise, he shall destroy him himself. Back in the lab, Kendall analyzes the wound but she says that she has no idea if Riley shall become alright as she has never seen such a type of wound. Zenowing blames Riley and says it was his fault that he got injured. The rangers are annoyed by this remark and Tyler points out that Zenowing is still alive, thanks to Riley. All the rangers leave the base. Keeper talks to Zenowing and makes him understand the realization he is currently experiencing. He says that as Doomwing veiled his true emotions, he doesn't have gratitude and somehow has lost his true self.

Meanwhile, in the ship, Doomwing orders Wrench to go on making more monsters so that they can keep the Rangers busy while he fuses with Zenowing again. However it is revealed that none of the monsters can speak. Doomwing complains but Wrench points out that it is impossible to create perfect monsters in such little amount of time. He then sends them to keep the Rangers busy. After Zenowing helps Riley with his wound and gives him his special abilities, he leaves and approaches the forest. He senses the presence of the Silver Energem. Doomwing shows up and he is able to copy every move of Zenowing. Zenowing gets captured and Arcanon is about to merge Doomwing and Zenowing using the Dark Energem. Riley wakes up, sensing that Zenowing is in deep trouble. He can now see through Zenowing's eyes. Riley rushes to the forest after showing Kendall that his wound has healed. He stops the fusion process using the Green Prism Slash, the one Zenowing told that he could not master. The Dark Energem falls far off then Fury and Singe go looking for it. Arcanon wants to destroy Doomwing for his failure but the Rangers arrive to destroy them both. Arcanon flees, leaving Doomwing to Zenowing's mercy and the Rangers. Doomwing tries to flee but is stopped by Tyler while the other Rangers fight the re-animated monsters, as well as Tyler soon after. Zenowing fights him and gets back his Energem. He morphs and after a fierce battle, Doomwing tells him that Arcanon would crush him in spite of his demise. Zenowing then kills him by paralyzing him with the Silver Prism Slash and finishing him off with the Titano Saber Final Strike. As Zenowing relaxes, Doomwing slumps to the ground and explodes.

Due to his incompetence and utter failure, Lord Arcanon decides not to enlarge Doomwing for a second time

## Four Head

The teenagers at Angel Grove High School create their own Peace Conference with six delegates from other countries and Lord Zedd decides to kidnap them. However, despite Goldar kidnapping them with the Putty Patrol the Power Rangers are able to rescue them. Enraged, Four Head is created by Zedd from the World Peace Statue present in the Peace Conference hall. The statuette was a representation of peace, with its four faces representing strength, wisdom, beauty and vitality. Four Head is created by Zedd teleporting the statue onto the roof of a skyscraper and the monster delights in the idea of the entire city being hers to demolish. Leaving the ambassadors in the hands of Rocky, Adam and Aisha, the Power Rangers confront Four Head before she can begin her rampage. The Rangers form the Power Blaster and Four Head is unimpressed but the Power Blaster manages to blast Four Head clean off of the building. However, Four Head survives and Zedd throws a Growth Bomb to Earth which Four Head grabs mid fall and it detonates on contact with the ground. The Rangers summon the Thunderzords and form the Red Dragon Thunderzord Warrior Mode and White Tigerzord Warrior Mode but she immediately blasts them and they form the Mega Tigerzord. Four Head is not intimidated so it tries to destroy the monster nonetheless but Four Head manages to reflect the Firebird blast back at the Mega Tigerzord, taking out both it and the Red Dragon Thunderzord down.

Fortunately, Zordon sends Tor the Shuttlezord to aid the Power Rangers to Four Head's shock. However, the monster manages to topple Tor which prompts her to cross her arms and chuckle at it so the Red Dragon Thunderzord is forced to salvage the situation by flipping Tor back upright. Unfortunately, Four Head charges and delivers a beat-down to the Red Dragon who then grabs and throws her but Four Head lands on her feet and blasts down the Zord. Tor then transforms into Warrior Mode and sends blasts right at Four

Head who is unfazed. The Red Dragon Thunderzord then enters Tor's shell and Four Head fires at it but its thick armor means that neither Zord is fazed which allows it to re-energize the Zord. The Rangers then form the new Thunder Ultrazord which flies into the air with the aid of the Red Dragonzord Thunderzord's staff. Four Head brings her staff to bear but the Red Dragon stops spinning its staff and the Thunder Ultrazord plummets out of the sky, crushing Four Head to death as it lands right on her. After the monster was destroyed, the four headed sculpture reverts to its normal form and reappears back on the Peace Conference table.

## Badussa

After Sledge overthrows Lord Arcanon and regains his ship and outlaws, he sends Badussa to keep the approaching Rangers busy while he repairs his ship. He goes and confronts the Rangers with Vivix. One by one, he turns all except Shelby, James, and Prince Phillip into stone using his amulet. Just he is about to attack the remaining three, Heckyl comes and attacks him, forcing the monster to retreat. He again visits the Rangers near Heckyl's tent, who went there in search for the developing Spino Zord. After he gets his pendant destroyed by Shelby and Heckyl, he summons the Magna Beam but is defeated by the new Spino Zord and its Megazord form Spino Charge Megazord#Spino Charge Megazord Ankylo-Pachy Formation's Spino Boomerang Whirlwind Finish. However, Badussa survives (though this makes him shrink) and finds himself confronted by all ten Rangers who morph and start the battle. He summons a huge army of Vivix and Spikeballs to aid him in battle. After a long and heated battle, he gets weakened by Tyler who uses T-Rex Super Charge Stego-Spino Formation, and is then destroyed once and for all by the Victory Maximum Final Strike of all of the Rangers which obliterates him.

## Stinkor

In the 2002 version of the He-Man cartoon, Stinkor's origin is finally revealed, marking the first time the character appears on television. Stinkor was originally a common thief named Odiphus and resembled a large house cat. A chemical accident mutated Odiphus into Stinkor and gave him his horrible stench. Stinkor himself is not immune to his own stench, and must wear an oxygen mask to breathe properly. Stinkor eventually incorporates into his breathing apparatus a way to control his stench into focused blasts and eagerly teams up with Skeletor against He-Man and the other Masters. Although Stinkor failed in his initial attack on He-Man, Skeletor was sufficiently impressed by his usefulness to not only recruit him, but to also treat him kindly to keep him there. On more than one occasion, he was seen genuinely thanking him, praising him, and exempting him from menial tasks (such as house-cleaning) and the harsh punishments awarded to his other henchmen.

In the show's second season, the episode "Out of the Past" reveals further background to Stinkor's character. In a flashback sequence we see Odiphus as a young boy, and it is revealed he is from a race of creatures called the Pelleezeeans, who populate a small village named Pelleezeea. Odiphus had desired to be a criminal ever since his childhood, and as a child betrayed his people by telling the invading warlord Prahvus where the Paleezeans kept their weapons. Unfortunately for both of them, the Sorceress happened to be in the town, caring for an injured soldier.

Shannon Deluth Sanderson Loud, Starlight Glimmer, Cozy Glow, Undead Skylanders, Magician of Faith, Tea Gardner, Thorn and Misty Tredwell VS Ben Ravencroft - The Kanker's destroying the Cul-De-Sac all because of Ed sleepwalking

---

Ben Ravencroft was next.

Ben Ravencroft: (to Shannon) I can't believe the Kankers destroyed the Cul-De-Sac all because of Ed sleepwalking. No offense to Ed of course.

Shannon: I know! It's hard to imagine that they can cause so much damage. The worst of it being the Vengeance Express that happened later on down the road!

Ben Ravencroft: The Vengeance Express?

Starlight Glimmer: It's the name of an event that happened in Atlanta.

Starlight pulled out a newspaper and showed it to Ben. It was dated on July 14th, 2014. It was actually a bunch of newspapers stuck together. It showed on the front page an incredibly horrible picture of the entire city of Atlanta, Georgia completely reduced to flaming rubble and there were buildings burning and thousands of people were dead. All the buildings were completely destroyed and burning on fire. Cars were thrown into the buildings and the entire city looked like it was hit by a nuclear explosion. Damage was estimated to be in the hundreds of trillions of dollars. The article said in big bold letters: "ATLANTA CATASTROPHICALLY DESTROYED!" In smaller letters was "3 Sisters to Blame For City-Wide Devastation" and a picture of the mugshots of the Kanker Sisters was below it. Kanker's were the true cause of the Vengeance Express that sent the kids of Peach Creek on a statewide hunt for the Ed's intending to kill them and mount their heads on pikes. The Kanker's were found guilty of numerous crimes as a result and they were sentenced to serve 3 eternity sentences in prison with no hope of parole and were ordered to pay $1,512,323,435,734,899,900.00 in restitution. They were also declared the most hated kids in all of America and the 3 biggest mistakes any parent could ever make. Their mom Bebe was made the most hated woman who ever lived and she was killed by an angry mob armed with pitchforks and torches for giving birth to the most hated children ever.

Ben Ravencroft was shocked!

Ben Ravencroft: That was terrible!

Cozy Glow: Yeah we were shocked ourselves and it's hard to imagine that it was all covered up!

Hex: Yeah no kidding. It was horrible that the Kankers were capable of such destruction. All of Atlanta was reduced to ruins on that day.

Magician of Faith: That was a horrible day.

Tea Gardner: Yeah no kidding. That was terrible.

Ben Ravencroft: You're not kidding.

Starlight Glimmer: They also had to cover it up to make sure that event doesn't happen again.

Ben Ravencroft: That is strange. What a conspiracy.

Shannon: You're not kidding. But you and I, our ancestors would not like this one bit.

Ben Ravencroft: No they wouldn't. But if the truth was ever released to the public, the Marie Kanker we have would be hated worse than ever.

Cozy Glow: Yeah she sure would.

Ben Ravencroft: Lets do it!

They fired waves of magic, bones, stars, energy and lightning and smashed him down.

Shannon: That was awesome!

Starlight Glimmer: That was amazing!

---

Zs'Skayr: (to Double D) I hope the Kankers like prison food. And I also hope they get smashed into pulp for their crimes.

Edd: I agree with that completely and explicitly. What the Kankers have done to the cul-de-sac is beyond all forms of redemption. Not only that but in our city we still have the male versions of the Kankers in Bev, Bevv and Bevvy's neighborhood too.

Princess Luna: I forgot all about that. They must be put in prison before they cause the same thing.

Moondust: If the Kanker Sisters can cause this kind of damage to the neighborhood then who knows what Kind of damage the male versions of them can cause.

Lincoln: Oh great, there's no mistaking that voice from anywhere, can't you ever give it a rest, Dark Lynn?

A figure came out, and it was none other than Dark Lynn, the dark side of Lynn Loud, and her eyes were red with hatred and rage, and she was foaming at the mouth like a wild animal, and like with Dark Lori, Dark Lola, Dark Luan, and Dark Chandler, she has a Dark Orb in the back of her hand.

Lynn: Yikes, I knew she was bad, but for her to turn into a wild animal after Evil Lynn freed her from her prison.

Guan Yinping: And just like with the dark sides of Chandler, Lori, and Lola, Lynn's dark side has a Dark Orb in the back of her hand.

Guan Xing: Was that how she was able to brutally beat down the soldiers of Shu?

Lincoln: That's got to be the case, Guan Xing, as we'd also seen with the dark sides of Chandler, Lori, and Lola, who went on a rampage in the Kingdoms of Wei and Wu.

Mr. Shark (TLPS Universe): Then, we've got to put a stop to her before she continues to cause any more damage.

Suddenly, Mr. Shark's eyes turned neon blue, and he was surrounded by a rainbow energy aura with sharks and ocean waves, and as he approached Dark Lynn, he left rainbow energy, sharks, and ocean waves with every step.

Mr. Shark (TLPS Universe): Dark Lynn, what you've tried to do to your own brother long ago can never be forgiven, and for what you've done in attacking the Kingdom of Shu, you're nothing but a wild animal, and you need to be put down once and for all.

Then, Mr. Shark of our universe was surrounded by a massive vortex of rainbow energy with ocean waves and water surrounding it, there was a shark swimming around the vortex, and in the vortex is a red phoenix. Then, as the vortex faded, Mr. Shark of our universe emerged, but he was changed forever.

TLPS Mr. Shark has transformed into SUPER ANGEL INFINITY MAELSTROM OCEAN SHARK ANGEL OF OCEANIC JUSTICE AND WILL!

We were amazed by TLPS Mr. Shark's Super Angel Infinity transformation. But, when Dark Lynn saw it, she roared like a wild animal and she ran up to pummel him, but TLPS Mr. Shark fired a powerful blast of water, which hit Dark Lynn, and she got drenched and hurt.

Lynn: Hah, alright, you got her, TLPS Mr. Shark. But, she's not done yet.

Lincoln: That's right, Lynn. She's stubborn and ready for a fight, but so are we. (Smirks) You ready to beat her down? Because I'm more than ready to give her what she deserves.

TLPS Mr. Shark: (Divine Echoing Cosmic Voice of The Maelstrom and Ocean Justice) **I'm ready, Lincoln and Lynn.**

TLPS Mr. Wolf: And I'm also joining in, along with Xing Cai, Bao Sanniang, Yue Ying, Guan Yinping, Guan Xing, and Zhang Bao.

Lincoln unholstered his improved massive Sword of Universal Hope and Elemental Bravery from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, TLPS Mr. Wolf transformed into Super Angel Infinity Moonlight Firestorm Wolf Angel of Lunar Justice and Life and unholstered his massive Fenrir's Sword of The Moonlight Wolf sword from his wider and more muscular back, Xing Cai, Bao Sanniang, Yue Ying, Guan Yinping, Guan Xing, and Zhang Bao got out their weapons, and Lynn transformed into Super Angel Infinity Volcanic Rage Athletic Dragon Phoenix Angel of Fiery Justice and Divine Love and she unholstered her Sword of Guabancex from her back, but then, it began to merge with her lava sword and massive Defender of The Loud Family and Destroyer of Team Dark Phoenix Storm swords in a kaleidoscope of lava, earth, and fire. When the kaleidoscope of lava, earth, and fire disappeared, it transformed into Guabancex's Volcanic Sword of Fiery of Lava Justice, it's a brand-new large sword with a large 6'5" massive, wide, double-edged black blade with a volcanic rock substance covering it and with a glowing dragon and phoenix coming out of a volcano etched on the blade, large glowing orange angel wings for the crossguard, large lava gem for the hilt, longer black handle, and large faceted black sphere pommel with surrounding lava gems.

When Dark Lynn saw what happened, she fell into an even more feral rage.

TLPS Mr. Wolf: (Divine Echoing Cosmic Voice of The Wolf Moon and Lunar Justice) **Let's take the battle to a familiar destination.**

TLPS Mr. Wolf snapped his fingers, and we found ourselves at Mt. Dingjun, in the Kingdom of Shu.

Lynn Loud: (Divine Echoing Cosmic Voice of The Raging Volcano and Divine Love) **Whoa, we're here in Mt. Dingjun.**

Xing Cai: Figures he'd choose this location after what happened the other day.

Bao Sanniang: This is going to be fun putting Dark Lynn down.

Guan Yinping: Now, we'll make her pay for what she's done.

Xiahou Ji: What she tried to do to our future husband long ago can never be forgiven.

Zhang Bao: Along with what she forced Lynn to do.

Guan Xing: And attacking the soldiers of Shu in a violent rampage, she can never be forgiven.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **That's right, and this is the last time we deal with you, Dark Lynn, you wild, superstitious, meat-headed sore loser.**

Dynasty Warriors 6 OST: Magnificent Show

Then, Lincoln, Mr. Shark, Lynn, Mr. Wolf, Xing Cai, Bao Sanniang, Guan Yinping, Xiahou Ji, Zhang Bao, and Guan Xing went at Dark Lynn, and they fired powerful blasts of rainbow energy, elemental forces, lava, molten rocks, moonlight, moonlight fire, wolves, colored fire, green flames, steel orbs, dragons, Thunderbirds, Phoenixes, and Buffalo at Dark Lynn, and they exploded with incredible power as they hit her. Then, they attacked Dark Lynn with their weapons, and they cut her really badly, and Mr. Shark fired a powerful blast of water, which drenched her and gave her a bath.

Lori: Nice one, TLPS Mr. Shark. You have no idea how much we've had to deal with her smelling like a walking gym bag, we've had to plug our noses around her, same with Lana. Then, Lincoln and Lynn pummeled Dark Lynn badly, and Lynn slashed off Dark Lynn's ponytail, and Lincoln turned her into a human pretzel, as she screamed in such excruciating pain.

OUCH!

Then, they imprison Dark Lynn in an indestructible diamond prison, and beamed it back to The Pluto Prison for Tyrannical Dark Sides, where it was put into a special isolation cell in Solitary Confinement, where no Dark Orbs, Number Cards, or Aparoids could free her. We cheered wildly for TLPS Mr. Shark, Lynn, TLPS Mr. Wolf, Lincoln, Xing Cai, Bao Sanniang, Guan Yinping, Xiahou Ji, Zhang Bao, and Guan Xing, as they holster their weapons on their backs and power down, and TLPS Mr. Shark's new body, clothes, weapons, jewelry, angel wings, and eight large ocean blue orbs orbiting around his legs are permanent. We went up to them and we hugged them and we hugged them back.

Nico: Awesome job, guys. You've taken down the Dark Side of The Trinity of Violence, and now, all that's left is the insane prankster, Dark Luan. But, watch out: she's not to be underestimated, she's conniving, psychotic, deranged, and cunning.

TLPS Mr. Wolf: We'll put her back in her place, which is inside an indestructible diamond prison, and she'll never be free ever again.

Lynn: You got that right, plus, Lincoln and I got another few rounds with Dark Lynn, and I slashed off her ponytail, and you guys are right: that thing's an eyesore, and Lincoln turned her into a human pretzel, and she screamed in excruciating pain.

Lori: Awesome, and like I said the other day, Dark Luan will attack all Three Kingdoms at once with her crazy pranks tomorrow morning.

Lincoln: Which is why, once Dark Luan's been dealt with, we'll clean up her mess, and of course, we'll be able to see more of The Three Kingdoms for ourselves.

Guan Yinping: You'll love seeing the lands of The Three Kingdoms for yourselves. (To Lincoln) And we got a little reward for you, Lincoln.

Then, Lincoln got jumped by his harem, and he was kissed all over, and he had lipstick marks all over him. But, Lincoln had a very sly grin on his face, and he made clones of himself, and he wrapped his abnormally massive and powerful muscular arms around the waists of every last member of his harem, and as they lock eyes, he leans down and kissed them on the lips, and we cheered for him. Lightning went up to Lynn, and they kissed, and we cheered for them.

Me: Awesome! Oh Ikaros. There's something I forgot to do for you all when we rescued you.

Ikaros: And what is that J.D.?

I went over to them and then I ripped off Ikaros, Astranea, Nymph, Oregano and Zeta Type's neck collars and they were freed from the binds that bound them.

Me: You are not slaves. You are people just like us and you deserve to be treated as such. And I love you all just like that.

Ikaros and the girls were so happy and then they jumped me and smothered my face with their breasts and they were also kissing me all over.

Everyone laughed.

Eddy: (To the viewers) This was an awesome and fun and action packed adventure. The Kankers all have been sent to jail forever and they will never push anyone else around again.

Nico: No they won't. But great job today everyone. Lets go home.

We went back home and enjoyed the rest of the day and went to sleep.

THE END

Another awesome fanfic complete.

The episode of Ed Edd N Eddy called Run for Your Ed was an awesome and really funny and action packed episode and it showed us the full extent of how destructive and evil the Kanker Sisters can be at their worst! They leveled the entire cul-de-sac in just a short amount of time! If they can do that to an entire neighborhood then they can ruin a whole city in minutes! The episode aired on February 13th, 2004 and it was so awesome and funny! The first part is for taking down one of the villains of the movie Indiana Jones: Raiders of The Lost Ark from 1981 and that was a great movie with Harrison Ford. The second part was for the 4th movie of Indiana Jones called Indiana Jones and The Kingdom of The Crystal Skull and that was from 2008 and it was awesome! There's a 5th movie coming out soon. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, Etstheclarencefan and ninjakingofhearts gave me the ideas for this and so did the guest reviewer. Thanks guys. Nico's next rescue is gonna be an awesome as Nico and Lisa Loud are going to the Szalinski house to help them find the kids who have been accidentally shrunk by Wayne's shrink ray and are lost in the backyard and trying to get back to revert back to normal size after fixing the machine. They will also meet a Galvan Gene-Slammer named Leanne Nikos, a girl that Nico knows from Math Class and she is a girl that has a massively powerful IQ. The next rescue for Lincoln is going to be in the Light Sensei Realm for the battle with Dark Luan and he and his group are going to meet the last of the 6 elemental Neos Fusions gene-slammers. They are going to meet a girl named Whitney Emmington and she was gene-slammed into an Elemental HERO Glow Neos. The next chapter is gonna be a humiliation spree on Flip and Lewis Travolta at Lynn's Table as well as have an awesome meal there. There will still be usual battles though.

See you all tomorrow

# BAD HUMILIATION SPREE

In California, Nico and Lisa were walking down the street.

Nico: Thanks for coming with me, Lisa. Even though you don't really agree with my leadership methods.

Lisa Loud: Oh peshaw Nico it is always my pleasure to help out someone that I consider part of the family. And there have been no questionable remarks from me whatsoever concerning your leadership.

Nico: Thanks Lisa. Looks like the trouble seems to be at the Szalinski house. I think he might be having problems with his shrink ray.

Lisa Loud: That is a very logical assumption.

They went over and went into the house.

Nico: Hello?

Lisa Loud: Is there anyone at this location?

Wayne Szalinski came.

Wayne: Nico, Lisa it's great to see you again.

Nico: You too Wayne. Uh oh. Where are Nick and Amy?

Wayne Szalinski: That's just it. I was looking for them. They are in the backyard. Look.

He showed them his thinking couch and it was shrunk down to the size of a small figure.

Nico: Whoa that is tiny.

Lisa Loud: It appears to be half an inch long or 1 centimeter in length.

Nico: We have 2 options. Either we watch where we step. Or we shrink down to normal size as well.

Lisa Loud: Since some of us went down to tiny size before when we were with Wayne the last time we'll go with the latter option.

Nico: Watch out step it is. At a quarter of an inch tall we easily crush someone. But I have a feeling I know where they are.

Lisa Loud: As do I. I can find them easily with my infrared vision.

Lisa took off her glasses.

Nico: But Lisa you can't see anything without your glasses.

Lisa Loud: Don't worry Nico. Look.

She showed that the lenses in her glasses are gone.

Nico: The lenses in your glasses are gone. Then that must mean?

Lisa Loud: That is correct. J.D. gave me corrective laser surgery and he fixed my vision to perfect and crystal clear levels.

Nico: That is cool.

Wayne Szalinski: What do you plan to do?

Lisa Loud: Watch.

Lisa went over to the back patio step and turned on her infrared vision. Her eyes glowed red as it was activated and she saw everything like a thermal imaging camera.

Nico: But you should keep the glasses. They're iconic.

Lisa Loud: I do.

Nico: Okay.

Lisa looked around and like a Shrieker from Tremors 7 she was looking around the yard. Her infrared vision was able to penetrate through the grass and search for heat signals.

Lisa Loud: Lets see. (Sees something) There! Nick, Amy and the two Thompson brothers are inside that discarded lego block 10 meters south.

Nico: Okay. I see it.

Nico stepped very carefully and then he got to it. And then he picked it up.

The kids screamed.

Nico: (Whispers) Shh. Guys it's me Nico.

Nico used his ultrasonic hearing to understand what they were saying.

Nick Szalinski: (Tiny Voice) How did you find us Nico?

Nico: I was able to find you all thanks to Lisa using her infrared vision. She helped me find you .

Amy Szalinski: (Tiny Voice) Dad's machine works but he trashed it.

Nico: I heard. That's why we're going to fix it. How did he trash it again?

Ron Thompson: (Tiny Voice) He had a sleepwalking episode.

Nico: Must be because of stress or something.

Russ Thompson: (Tiny Voice) Yeah that could be it.

Nico: Lets get you all up to the attic and then get you back to normal size.

Nick Szalinski: Don't drop us!

Nico: Don't worry. We won't hurt you.

He was very careful and they went up to the attic and Nico put the block with them in it on a table.

Nico: Okay now we got to get the machine fixed.

Lisa Loud: Leave that to me.

?: Let me be of some assistance as well.

They saw a Galvan but it had blue eyes.

Nico: A Galvan.

Lisa Loud: Praise be true. What is one doing here?

Galvan: (In a girls voice) Perhaps I can be of some assistance to the repairing of this molecular shrink ray.

Nico: That voice. Only one person I know can use extremely complex stuff like that next to Lisa. Leanne Nikos?

Galvan: Nicolas. It's great to see you again my friend.

Nico: It really is a good thing you're a Galvan with how small Nick and the others are.

Galvan: That is true.

Lisa Loud: How do you know Leanne if I may be so kind as to ask?

Nico: She and I went to Math Class together. But let me tell you Lisa, Leanne is one smart girl. She is as smart as 20 of you. She was born with an incredibly high IQ of 412 which was incredibly intelligent for someone like her. She can solve even the most complex of math equations with no problem at all. Feynman's Grand Unified Theory of Everything: U = 0. My head smokes and sparks every time I hear how complicated that is.

Galvan: That was a relatively easy and simple mathematical equation.

Nico: It sure is.

Lisa Loud: But I am most impressed with how you were able to solve one of the most amazing and most complex equations ever.

Galvan: Much appreciated.

Lisa Loud: What exactly is your favorite memory of Nico?

Galvan: That is a really amazing and interesting one. Back when we were growing up I was a relatively smart girl for someone so advanced. I graduated Elementary School when I was 3, middle school when I was 4 and then I moved up to High School when I was 5. My intelligence proved to be amazing and Nico was a really gifted individual for someone with an amazing heart. I was his math partner.

Nico: Math isn't really my strongsuit.

Galvan: Indeed. I helped him out all the time. But the biggest memory that I have with Nico was helping him in science class. I helped him make instant fast food meals that you make in a special microwave that he and I created. We made all kinds of unique foods with it.

Nico: That was really amazing. It was like something we made out of Back To The Future.

Galvan: That was very momentous.

Lisa Loud: Very impressive.

Nico: Yep. First lets fix the machine.

They got to work and fixed it up good as new and then Nico saw a baseball on the floor.

Nico: Wayne I think I found the problem for your shrink ray. It was the heat from the red laser that was causing all the stuff to blow up from it.

Wayne Szalinski: I got it. The ball came through the window and activated the machine and got in the path of the laser.

Nico: Yep. We helped with that the first time.

Wayne Szalinski: I must've forgotten.

Nico: No worries. Okay.

Nico went over to the block and put Nick, Amy, Russ and Ron on the floor.

Nico: Okay. Time to unshrink you guys.

Wayne Szalinski: Here we go.

Lisa Loud: We're ready.

The machine was locked on.

Wayne Szalinski: Ready.

Nico: Fire.

ZZZZZZAAAAAAAAAAAAAAAAAAAPPPPPPPPP!

It fired and the kids were reverted back to their normal size!

Lisa Loud: A most astounding success!

Nico: Thank goodness you all are all right.

Nick Szalinski: Thanks to you Nico.

Amy Szalinski: That's two we owe you for.

Nico: I know. Also in case you're wondering why J.D. isn't here it's because I have been promoted to full time leader. He's back at the estate.

Russ Thompson: You guys have been busy the last time we saw you.

Ron Thompson: Yeah no kidding.

Nico: Yeah. Things have been really busy the last 3 and a half to 4 years. Sorry your fishing trip was cancelled.

Ron Thompson: I know.

Nico: And now to revert Leanne back. But guys the boys better cover their eyes.

Ron Thompson: I think I know what you mean.

Russ Thompson: Me too.

Nick Szalinski: I get it.

They did so and Nico put on his blind man glasses and snapped his fingers and then Leanne reverted back and she was in her birthday suit and Nico gave her new clothes and an awesome new White Lab Coat and she put them on and looked amazing.

Leanne: These clothes are most amazing Nico.

Nico: Our fashion brigade made them.

Nico and Leanne hugged.

Leanne: I missed you Math Partner.

Nico: Me too.

They later went back home.

After Nico's rescue, Lincoln, Me, Nico, Eli, Nicole, Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, Lily, Lincoln's harem, TLPS Mr. Wolf, TLPS Mr. Piranha, TLPS Mr. Snake, TLPS Mr. Shark, TLPS Ms. Tarantula, Princess Celestia and the Light Skylanders, Crash Bandicoot, Sima Shi, Sima Zhao, Sun Jian, Guo Jia, Zhang Bao, Guan Xing, and Levi Loud were heading to the Light Sensei Realm in the Skylands, and not only is Lincoln going to rescue the nine girls there, but we got word that Dark Luan is there, and she's causing havoc with her insane pranks again.

And with us were the three leaders of The Three Kingdoms, Liu Bei, the leader of the Kingdom of Shu, who's in his Dynasty Warriors 7 appearance and wielding his Exquisite Swords twin swords from Dynasty Warriors 7, Cao Cao, the leader of the Kingdom of Wei, who's in his Dynasty Warriors 7 appearance and wielding his Sword of Heaven sword from Dynasty Warriors 7, and Sun Quan, the youngest son of Sun Jian and youngest brother of Sun Ce and Sun

Shang Xiang, the leader of the Kingdom of Wu, who's in his Dynasty Warriors 7 appearance and wielding his Sword of Judgment sword from Dynasty Warriors 7.

We headed for the Three Kingdoms after Nico came back, and we'd helped out those who were badly injured by Dark Luan's pranks, and we also saw all of the lands of Wei, Wu, and Shu, and they were amazing. It was also from there that we met the leaders of The Three Kingdoms, Liu Bei, Cao Cao, and Sun Quan, and they told us everything that happened with Dark Luan, and we swore we weren't going to let her get away with this.

Lincoln: Wow, we're in the Sensei Light Realm in the Skylands, and I think I know what we're going to do here, not only am I Lincoln going to rescue the nine girls there, but we're going to deal with Dark Luan for good, and we got word she's causing havoc there.

Nico: That's right, Lincoln. We knew that this battle was coming, and this time, we're not going to let that psychotic prankster get away with her Prankapocalypses ever again.

Laney: She's caused so much pain and suffering to us and everyone in Michigan with her crazy pranks for the last time, this will be the last time we deal with her.

Luan: That's right, and thank goodness you had your anti-April Fools contingency plans with you, Laney.

Lincoln: Especially since we're dealing with Dark Luan again. (To Cao Cao, Liu Bei, and Sun Quan) And it's a pleasure to meet you, Master Liu Bei, and Master Sun Quan, Master Cao Cao.

Cao Cao: It's an honor to meet you too, Lincoln.

Sun Quan: We also want to thank you and the team for helping us after Dark Luan caused havoc in our kingdoms.

Liu Bei: Indeed, and I can guess that because of your dealings with her, you've seen this all before?

Lori: That's correct, Master Liu Bei. We've had to deal with her Prankapocalypses for so many years, and she's a dangerous pranking demon, who forces Luan to do those sorts of nasty pranks. But, this was due to her getting bullied, and not telling us about it, and it also led to paranoia for her, and that led to Dark Luan being born.

Luna: But, in the end, Luan got her powers and Dark Luan was forced out of her, and we threw her in prison on the Moon, but that would be a big mistake, because last year, she escaped and she wanted revenge. But, we beat her again, and we had her put in a crystal prison. But, thanks to Evil Lynn, she along with Dark Lori, Dark Lynn, Dark Lola, and Dark Chandler escaped, and they went on a rampage in your lands.

TLPS Mr. Wolf: But, we're almost done: we have to take down Dark Luan, but we also have to disable her traps, since you and your family told us of what kind of person Dark Luan is, Lincoln.

Princess Celestia: I may love a good prank, but those kinds of pranks that can lead to serious injury are those I can't stand.

Lincoln: That's right, Princess Celestia, Dark Luan's a prank demon who harms innocent people with her pranks, and all for a laugh, and has no regards for anyone's life.

?: HELP!

Suddenly, Lincoln heard the sound of nine girls calling out for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard where the call for help was coming from. He saw the nine girls, but they've been tied up by Dark Luan, and they're hanging over a large bucket of water filled with electric eels, and he also saw that Dark Luan has littered the place with bear traps, spring-loaded punching gloves, exploding bags of flour, rabid raccoons ready to attack, flamethrowers, and many other harmful pranks.

Lincoln: Guys, I found the nine girls, but they've been tied up by Dark Luan, and they're hanging over a large bucket of water filled with electric eels, and I also saw Dark Luan has littered the place with bear traps, spring-loaded punching gloves, exploding bags of flour, rabid raccoons ready to attack, flamethrowers, and many other harmful pranks.

Nico: Yikes, if we step into that minefield of pranks, we'll get badly injured.

Lincoln: (Smirks) Don't lose hope, Nico. Eli, shall we?

Eli: Let's do it, Lincoln.

Lincoln and Eli used the Force, and they disabled all of the bear traps, spring-loaded punching gloves, exploding bags of flour, caged the rabid raccoons, disabled the flamethrowers, and they'd disabled the many other harmful pranks, We head to the location of the nine girls, and we see Dark Luan chop the rope which had the girls hanging, and they almost fell into the pool with electric eels, as she laughed like a maniac. But, Lincoln grabbed the nine girls and got them down and to safety, and that got Dark Luan really mad.

Dark Luan: Oh, come on! You stupid heroes just have to ruin my pranks again!

Lincoln: You just never learn to take a hint, do you?

Lori: You mediocre, psychopathic comedian, I ought to turn you into a human pretzel for what you almost did!

Lola: Along with all those other nasty pranks you forced Luan to do.

TLPS Mr. Piranha: And I've had it up to hear with you to last an eternity.

Suddenly, TLPS Mr. Piranha's eyes turned neon blue, and he was surrounded by a rainbow energy aura with piranhas and ocean waves, and as he approached Dark Luan, he left rainbow energy, piranhas, and ocean waves with every step.

TLPS Mr. Piranha: Dark Luan, you're nothing but a psychopath who gets a sick thrill out of torturing so many people with your out-of-control pranks, and forcing Luan to do all that to her own family, and all for a laugh, and you know what, Lori's right: you're a mediocre psychopathic comedian who doesn't know a single thing about comedy, and I'm going to enjoy putting a stop to you for good.

Then, TLPS Mr. Piranha was surrounded by a massive vortex of rainbow energy with ocean waves and water surrounding it, there was a piranha swimming around the vortex, and in the vortex is a green phoenix. Then, as the vortex faded, TLPS Mr. Piranha emerged, but he was changed forever.

TLPS Mr. Piranha grew to 7'0" in height, he now has abnormally massive and powerful upper and lower body muscles and eight-pack abs, he has neon blue eyes and a rainbow energy aura with ocean waves, water, and piranhas surrounding him, he has a piranha with the Water Kanji in its flippers emblazoned on his forehead, he has on a Crystal Necklace of the Buddha with ocean blue crystal links and a piranha with green crystal eyes and the Water Kanji in its flippers for the pendant, he has on large weighted green bands on his massive biceps and thighs and they have silver phoenixes on them, he has eight large green orbs orbiting around his legs, he has on a long white shirt with green phoenix, long black pants with piranhas on them, black leather ankle-high combat boots with piranhas for the buckles, and a long black long-sleeved trenchcoat with ocean waves and piranhas on the coattails and on the back is a piranha with ocean waves surrounding it and a phoenix flying in the skies. TLPS Mr. Piranha has massive green blue angel wings with blue tips on the large green feathers, and he has on a Red Lantern Corps ring on his left ring finger.

TLPS Mr. Piranha has a new large sword in his left hand called Neptune's Sword of The Raging Seas, it's a new large sword with a 6'9" massive, wide, double-edged ocean blue blade with a piranha and water etched on the blade, large piranha heads with ocean blue crystal eyes for the crossguard, large ocean blue gem for the hilt, longer black handle, and four large silver piranha heads with ocean blue gems for the eyes and in the open mouths, TLPS Mr. Piranha of our universe has on his new large cuff Bracelets of the Champions of The Universe with green on his wrists, Belt of Elemental Bravery with a large green gem for the belt buckle, Spellbook of The Gods and The Universe on his left hip and Eater of Sins revolver holstered on his right hip. TLPS Mr. Piranha has transformed into SUPER ANGEL INFINITY MAELSTROM OCEAN PIRANHA ANGEL OF OCEANIC JUSTICE AND RAGE!

We were amazed by TLPS Mr. Piranha's Super Angel Infinity transformation, but when Dark Luan saw it, she got out a flamethrower, and she had an insane grin on her face.

Dark Luan: I hope you like being a fish-fry. (LAUGHING MANIACALLY)

Dark Luan fired the flamethrower, but TLPS Mr. Piranha fired a powerful blast of water at the flames, which quenched the flames and soaked the flamethrower and drenched Dark Luan.

TLPS Mr. Piranha: (Divine Echoing Cosmic Voice of The Seas and Oceanic Justice) Sorry, toots, but I've got no plans on being a fish fry today. Let's get her.

We unholstered our weapons and we also transformed, then TLPS Mr. Wolf took the battle to the Wu Zhang Plains.

Cao Cao: So, you chose the Wu Zhang Plains for the battle against Dark Luan?

TLPS Mr. Wolf: (Divine Echoing Cosmic Voice of The Wolf Moon and Lunar Justice) That's correct, Master Cao Cao. As you've heard, we've taken the battles against Dark Chandler, Dark Lori, Dark Lynn, and Dark Lola to different locations within the Three Kingdoms, and I chose the Wu Zhang Plains to be the location where we finally put a stop to Dark Luan for good.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) And this'll be the last time we deal with you, you psychotic comedian!

Dynasty Warriors 4 OST: Sacred Night

We went at Dark Luan, and we fired powerful blasts of rainbow energy, colored energy, elemental forces, lava, steel orbs, stars, rainbow flames, orange flames, blue flames, green flames, water, and ice at Dark Luan, and they exploded with incredible power, as they hit her.

Then, we saw an Elemental HERO Glow Neos appear, and fired a powerful blast of light at Dark Luan, and it hit her, and knocked her down, and Lincoln tied her up in a rainbow straitjacket and rainbow chains, and imprisoned her into an indestructible diamond prison, and beamed it back to The Pluto Prison for Tyrannical Dark Sides, where it was put into a special isolation cell in Solitary Confinement, where no Dark Orbs, Number Cards, or Aparoids could free her. We cheered wildly as we holstered our weapons and power down, and TLPS Mr. Piranha's ew body, clothes, weapons, jewelry, angel wings, and eight large ocean blue orbs orbiting around his legs are permanent.

Elemental HERO Glow Neos: (In a girl's voice) That'll teach you, you psychotic, prank-crazy prankster.

Lincoln: Wait, that voice. Whitney Emmington, is that you?

Whitney Emmington: Lincoln, is that you?

Whitney Emmington went up to Lincoln, and they hugged.

Lincoln: Yeah, it's me, Whitney. I haven't seen you since you were twelve years old, and I've grown a lot since then.

Whitney Emmington: Yeah, I can see, you've really grown a lot from the eleven-year-old cute little boy into a 16-year-old 7'0" tall and very handsome teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs.

Nico: Lincoln, you know her.

Lincoln: I do, Nico. This is Whitney Emmington, I met her when we were eleven years old, and she, like the other Guardian Angels, have defended me from bullies, and that included Lori, Lynn, Lola, and Luan, when they still had their dark sides in them.

Nico: Another Guardian Angel of you, awesome.

We then found ourselves back in the Sensei Light Realm in the Skylands.

Whitney Emmington: That was fun.

Lincoln: The rescues are always fun. Now, let's get you back to normal, boys, cover your eyes. Hold still, Whitney, this is going to be painful.

Me, Nico, Eli, and the rest of the boys covered our eyes as Lincoln snapped his fingers, and Whitney was reverting back. Whitney Emmington was a beautiful 16-year-old girl with long amber yellow hair, yellow eyes, fair skin, she was 6'0" in height, and she had the body of a goddess. She also now has massive amber yellow angel wings with yellow tips on the large amber feathers on her back, as she reigns in the power of Elemental HERO Glow Neos, and she was in her birthday suit.

Lincoln: How do you feel, Whitney?

Whitney Emmington: Good. (Realizes she's in her birthday suit) But, I'm also in my birthday suit.

Lincoln gave Whitney a new wardrobe, a yellow sleeveless shirt with a white phoenix, a yellow skirt with the Elemental HERO Glow Neos with light on it, yellow leather ankle-high combat boots, and a long yellow sleeveless trenchcoat with the Elemental HERO Glow Neos on the back, and on her back is a large Elemental HERO Glow Neos-themed sword with a 6'5" massive, wide, double-edged, man-sized white blade with the Elemental HERO Glow Neos etched on it, large yellow angel wings for the crossguard, large white gem for the hilt, longer black handle, and large white faceted sphere pommel with surrounding green gems.

Whitney Emmington: Wow, I love the new outfit and large sword you made for me, Lincoln.

Suddenly, a Thunderbird Necklace of Eternal Love appeared on Whitney Emmington's neck with blue gems and crystals from her new Crystal Necklace of the Buddha on the gold lightning bolts.

Whitney Emmington: Whoa, is this…?

Lincoln: Yep, that's a Thunderbird Necklace of Eternal Love, which means you're now part of my harem and you're one of my many future wives, Whitney.

Whitney Emmington had a smile on her face and tears in her eyes, as Lincoln wrapped his abnormally massive and powerful muscular arms around her waist and he leaned down and he kissed her on the lips, and she returned it, and we cheered for them. Then, we went up to the nine girls and freed them from the ropes Dark Luan tied them up in, and when Lincoln saw them, he immediately recognized them. The nine girls are Aoba Tsuzaki, Akao Hiragi, Erni Tachibana, Kanae Mitsumiya, Michelle E. Harn, Rui Kousaka, Nazuna Rurigaki, Ryoko Shima, and Satsuki Kawamoto from Jinki.

Lincoln: Oh wow, it's Aoba Tsuzaki, Akao Hiragi, Erni Tachibana, Kanae Mitsumiya, Michelle E. Harn, Rui Kousaka, Nazuna Rurigaki, Ryoko Shima, and Satsuki Kawamoto.

Helena McTroy: From Jinki, awesome.

Lincoln: Are you girls okay?

Aoba Tsuzaki: Yes, we're okay, thanks to you.

Then, when Aoba Tsuzaki and the other eight girls saw who it was that saved them from Dark Luan, their faces turned atomic red upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, a golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top was the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, and Buffalo, and below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and The Thirteen Elemental Forces, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", and he had deep sapphire blue eyes.

He had his massive Sword of Universal Hope and Elemental Bravery holstered on his wider and muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces constellation and Aquarius Zodiac sign on the back of his neck, large weighted orange bands on his massive biceps and thighs with silver phoenixes on them, his large Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them with rainbow tips on the large deep sapphire blue feathers, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with elemental forces, Thunderbirds, Phoenixes, and Buffalo on them and with hanging mini silver lightning bolts held up by his Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of large blue pants with multicolored lightning bolts on the thighs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Buffalo head stud earrings with the Thunderbird and Eternity Kanji

on it, a large Thunderbird Necklace of Eternal Love with colored gems on the gold lightning bolts and a Buffalo head with the Thunderbird and Eternity Kanji on his neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, he had eight large orange orbs orbiting around his legs, and circling around his feet on the floor are eight golden crosses with angelic runes.

Aoba Tsuzaki: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made eight clones of himself, and he and the eight clones went up to the girls, and they picked them up and hugged them in their abnormally massive and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Aoba Tsuzaki: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, nine Thunderbird Necklaces of Eternal Love appeared right around the necks of Aoba Tsuzaki, Akao Hiragi, Erni Tachibana, Kanae Mitsumiya, Michelle E. Harn, Rui Kousaka, Nazuna Rurigaki, Ryoko Shima, and Satsuki Kawamoto. We returned to the Estate, and we told everyone what happened in the Sensei Light Realm in the Skylands and in the Wu Zhang Plains, and they were shocked when they found out the villain that we went after was none other than Dark Luan.

But, when Lincoln showed and told everyone what we did to that insane prankster Dark Luan, they cheered wildly for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem went up to Lincoln, and they kissed him all over. Lincoln and Whitney Emmington now have a lot of catching up to do, now that she's back. Now, we've cleaned up the last of Evil Lynn's mess, and we went to Crematoria, and we gave her a warning: if she tried to break out, she'll be hunted down like a mad dog and killed on sight.

* * *

After throwing Dark Luan back in prison for good and cleaning up Evil Lynn's mess, we were training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Whitney Emmington saw Lincoln working out like crazy, she had an atomic red blush on her face.

Whitney Emmington: Whoa, Lincoln has really grown to be a 16-year-old 7'0" tall, really big, and really strong young man, just look at those abnormally massive and powerful muscles hard at work, and to work out with those 9,500-lb barbells and not even get tired, incredible.

Lincoln: And I've also trained a lot under some very powerful teachers, J.D. and Nico included, Whitney, and now, I can also fight and defend myself.

Whitney Emmington: That's awesome.

Nico: It sure is, Whitney. So, what memories did you and Lincoln have?

Whitney Emmington: Oh yeah, one time, I was heading over to The Loud House to help Lincoln with a school project. But, Lincoln told me not to come into the house, and I soon found out that today was April 1st, April Fools Day A.K.A. Luan's Prankapocalypse of Mayhem. Luckily, I had some protection: I had with me a suit of armor I made, and I went into the Loud House, and with my suit of armor on, I disabled all of Luan's pranks and even drove off the raccoons that she'd brought into the house to help with her pranks. When I saw how badly mangled up Lincoln was, I decided that enough was enough.

I barged into Luan's room, and grabbed her by her ponytail before she could use any deadly pranks on me, and ordered her to disable all of her pranks right now. At first, she was going to say no, but I warned her: if she didn't disable all of her pranks right now, I'll make a call to her supplier Fanny's Prank Emporium, and cut off her supply of pranks for good. When she heard it, she turned white as a ghost and she disabled her pranks all over the house, and I tended to Lincoln's injuries. Everyone had heard about what I did, and they cheered wildly for me. And Luan got grounded for the rest of April Fools Day.

Nico: Whoa.

Me: You said it, Nico. And she definitely hit Luan right where it really hurt.

Laney: Yeah, she knew Luan got her pranks from Fanny's Prank Emporium, and when she threatened to make the call to the emporium and cut off her supply of pranks for good, that got Luan scared and she disabled her pranks and we had a quiet April Fools Day, this was way before you moved here to Royal Woods, J.D.

Me: Awesome.

Eli: You made sure Luan never did this to anyone else, Whitney, but her Dark Side ignored it, and she made Luan continue on with her Prankapocalypses every April 1st, and she wanted revenge on you for ruining her fun. But, you got Gene-Slammed and ran off before Dark Luan could get revenge.

Whitney Emmington: That's right.

Nico: Nice one. So, Lincoln, what can you tell us about Whitney Emmington?

Lincoln: Whitney Emmington's known as a bright young girl, she's very smart and creative, as we'd seen from that suit of armor she made to protect herself from Luan's dangerous April Fools pranks, but she's also tough, especially when she made that threat to Luan to cut off her prank supplies for good.

Nico: Whoa, if we met her long ago, we'd have gotten her to get

Connor to stop with his April Fools pranks long ago.

Alicia Chan: Yeah, you knew what kind of menace Connor is when he had his Dark Side in him, he was a pranking genius and menace to us with those crazy pranks of his.

Nico: (Shudders) I can't forget what kind of menace he was. But, thank goodness we got his Dark Side imprisoned long ago. And that was an awesome idea that you had to put all the remaining Dark Sides in the Pluto Prison into indestructible diamond prisons, Lincoln, and put them in the same kinds of cells where no Aparoids, Dark Orbs, or Number Cards could get them out.

Lincoln: Thanks, Nico. After what Evil Lynn did, I had a plan in place if she did something like this.

Me: Awesome.

We got a shower afterwards, and after that, Lincoln and his harem were getting ready for their date, this time, it's at Seven Mile Beach at the Cayman Islands.

Lincoln then snapped his fingers, and the 16-year-old 7'0", white-haired, handsome, and extremely muscular teen was dressed in large orange swim trunks with a phoenix, thunderbird, buffalo, and elemental forces on it, along with his large weighted orange bands with silver phoenixes on his massive biceps and thighs, his jewelry, large orange sandals, and eight large orange orbs orbiting around his legs, and he also had his weapons holstered, in case of trouble.

And his harem were dressed in two-piece bikinis in their favorite colors, sandals, along with their jewelry, and they also had their weapons holstered in case of trouble.

Lincoln: Well, ladies, shall we?

Hilda: (British Accent) Of course, Linky.

Lincoln and the girls left the Estate, and they head for their destination, Seven Mile Beach at the Cayman Islands in the Western Caribbean Sea. When they arrived at Seven Mile Beach, they were amazed at the sight of it, Seven Mile Beach is known for its colorful coral reefs just offshore and the excellent snorkeling and diving found there. As with all beaches in the Cayman Islands, access is open to the public. In addition to the many luxury hotels, the beach is home to multiple seaside restaurants.

Helena McTroy: Whoa, Lincoln, is this…?

Lincoln: Oh yeah, Helena. We're here at Seven Mile Beach in the Cayman Islands in the Western Caribbean Sea.

Girl Jordan: I'd heard about Seven Mile Beach, it's known for its colorful coral reefs just offshore, and it's an awesome spot for snorkeling and diving, and it has awesome seaside restaurants here, along with its many luxury hotels.

Lincoln and the girls dived right into the water, and they saw the colorful coral reefs just offshore, and they were so beautiful, and Lincoln took a picture of them. Then, they had some lunch at one of the seaside restaurants there, and they also had fun diving and snorkeling. Then, as as the sun's about to set, Lincoln made clones of himself, and he and the clones went up to the girls, and they picked them all up in their abnormally massive and powerful muscular arms, and just as the sun turns orange, they passionately kissed and hugged. Then, they returned home to the Estate, and they returned to their original clothes.

Nico: Hey, Lincoln, how was your date?

Lincoln: It was awesome, Nico. We went to Seven Mile Beach.

Me: Seven Mile Beach in the Cayman Islands?! Oh, that's awesome!

Lincoln: Plus, we also took pictures of the beautiful colorful coral reefs offshore, and we had lunch at one of its many seaside restaurants.

Lincoln showed us the pictures of the beautiful colorful coral reefs offshore that he'd taken, and they were so beautiful and awesome.

Lily Loud: Whoa, that's amazing, Linky.

Girl Jordan: They're definitely amazing, Lily.

Lynn Sr.: And I'd heard about the seaside restaurants at Seven Mile Beach in the Cayman Islands, they are indeed amazing.

Nico: I think thanks to you and your harem, we found an awesome vacation spot closer to home.

Lincoln: Thanks, Nico. Plus, we're going to have a lot of fun later on today.

Nico: (Smirks) Oh yeah, later on, we're going to have an awesome humiliation spree on Flip and Lewis Travolta at Lynn's Table, and have an awesome meal there.

TLPS Mr. Wolf: I can't wait to see the humiliations you're going to do on those two jerks.

Lori: Trust us, guys, you're literally going to love them.

Later it was time for Kendra's first ever ambassador mission.

Nico: Okay, Kendra. I already gave a hint on where your missions will be. But now, I'm going to reveal exactly what it is.

Kendra: Okay. Where am I going?

Nico: You're going to visit Charlie Brown and all his friends.

Kendra gasped.

Kendra: Oh wow! I love Charlie Brown! Man I have known him for a long time.

Nico: Who doesn't know all about the great Charlie Brown.

Me: I have known all about Charlie Brown for years. I love all his shows and all his movies. They are so awesome.

Laney: Boy Charlie Brown is great.

Lily: Charlie Brown is so awesome! I love it how Lucy always pulls the football away at the last second every time Charlie is about to kick it.

Nico: Yeah that is cool.

Lynn: Lucy once did the same thing to Lincoln.

Nico: Very coincidental. So awesome.

Me: That's been a big running gag with Charlie Brown.

Laney: Yep.

Kendra was off. Surprisingly, Charlie Brown lived only 2 states away in Hennepin County in Minnesota.

Kendra arrived in Hennepin County in Minnesota and it was a beautiful place.

Kendra: Wow so this is Hennepin County. I'm really looking forward to this.

Kendra walked around and she was looking for Charlie Brown.

But then Charlie Brown came up to her.

Charlie Brown: Excuse me. Are you new here? If you want, I can show you around.

Kendra: Oh no I actually came here to find you Charlie. Sorry to make you uncomfortable saying that. My name is Kendra Armstrong and I'm one of Team Loud Phoenix Storm's DNA Spliceteam.

Charlie Brown: Oh wow! It's an honor to meet you Ms. Kendra.

Kendra: Just Kendra is fine but it's an honor to meet you too Charlie. Me and my friends all love you and your amazing adventures.

Charlie Brown: I'm honored that you love them. What brings you here to meet me?

Kendra: I'm actually here on what we call an Ambassador mission. It's a diplomatic mission program that the team made for us to go to the worlds and locations for future missions to see what they are like.

Charlie Brown: That is so awesome. Let me introduce you to all my friends.

Kendra: Okay.

Charlie Brown: This is my dog Snoopy.

Snoopy barked.

Kendra: Awesome to meet you Snoopy.

Woodstock the bird came.

Charlie Brown: And this is Woodstock.

Kendra: Awesome

Lucy van Pelt: Wow! It's an honor to meet you Kendra. My name is Lucy Van Pelt.

Kendra: Awesome to meet you too Lucy and this must be Linus.

Linus: That's me.

Snoopy barked.

Lucy Van Pelt: Snoopy, what do you mean there's something inhuman inside Kendra?

Linus: Maybe you're referring to her powers.

Kendra: That and he's referring to my Armorsight half. It's an ugly story.

Charlie Brown: Wow.

Kendra: I know.

Charlie Brown: Kendra, if you don't mind me asking, can you tell me more about your background story?

Kendra: Certainly. I was sadly born into a poor farm family. Our farm was doing horribly. So I knew it was up to me to make a fortune for me and my family. I went off into the world to help my family. Of course I was only 5 years old at the time. But in the forest I stumbled upon the key to my family's salvation. I found an abandoned diamond mine and in it I found a massive and incredible vein of diamonds and I came back to my family with them and we were rich beyond our wildest dreams. We decided to move into a lavish mansion and we were filthy rich. And we loved it. I then got a dream of becoming a librarian. I liked to read and help people. I went to college. But the rest all became a blur when I was knocked out after completing college. That's when I woke up in an underground city with 7 others.

They met all of Charlie's friends including Peppermint Patty, Pig-Pen and all of the iconic characters of Charlie Brown.

Peppermint Patty: That is really amazing.

Kendra: It sure is.

Lucy Van Pelt: But also Kendra I forgot to tell you that I love your dress.

Kendra: Oh thanks. It's awesome huh?

Linus: If we join you guys in the future, should we use guns to kill villains?

Kendra: Guns won't always be effective.

Lucy Van Pelt: Why? I'm watched lots of movies and I know they're a guaranteed way to kill bad guys.

Kendra: Only on some villains yes. But there are many more kinds of villains that are really impervious to guns. It's best to let our powers handle them.

Kendra formed a fireball in her hand.

Pig-Pen: Oh wow!

Schroder: That is amazing.

Sally Brown: It sure is amazing.

Linus: You wanna do some fun stuff with us while you're here?

Kendra: Boy I sure do. What fun things do you like to do?

Schroder: I play the piano.

He played a song and it was the theme song for Charlie Brown.

Kendra: Awesome! Good job. Charlie you want to kick a football?

Charlie Brown: Sure.

Kendra: Don't worry I won't pull it away like Lucy does to you.

Lucy Van Pelt: I don't pull it away from him!

Kendra: Lucy I have watched you do that to Charlie for years. It's an iconic thing you do.

Lucy Van Pelt: Oh.

Kendra had the football ready and Charlie ran and then he kicked it!

Charlie Brown: YEAH!

Kendra: Awesome job Charlie!

Linus: (sees something) Hey, Kendra. Did you guys ever kill a metal scorpion in the past?

Kendra: (Confused) Metal Scorpion?

She looked and saw it and it was Scorponok from the Live Action Transformer Universe!

Kendra: Whoa! That's Scorponok from the Live Action Transformer Universe!

Charlie Brown: Cool!

Kendra: I better get Nico here too.

Kendra did so and Nico came.

Nico: I got here as fast as I could!

Kendra: And for good measure.

Nico went up to Live Action Scorponok.

Nico: Stand down Scorponok! That's an order!

Scorponok was in no mood to be ordered around by a human. The last thing he remembered was Jetfire about to kill him with his fist before winding up here. Though Jetfire wouldn't have gotten lucky if Blackout were still alive. The thought of Blackout made Scorponok very sad.

Sally Brown: Geez, Nico. You didn't have to yell at him like that! Now, he's sad!

Nico: Oh.

Nico went up to him.

Nico: Scorponok, I'm the new leader of the Decepticons.

Nico showed his Decepticon Leader medal to him.

Scorponok was amazed that he had that.

Charlie Brown: I think he's sad because he misses someone.

Nico: You're right Charlie. He misses Blackout from his universe.

Kendra: That's right he was destroyed there.

Nico: Yep. And Blackout is back with us.

Scorponok was very happy to hear that Blackout was alive! But first, he made a sorry face to Charlie Brown.

Charlie Brown: Aww it's all right big guy.

Nico: Glad he's happy. Sorry we didn't get acquainted Charlie. My name is Nico Chan, new leader of Team Loud Phoenix Storm. I've been promoted to full time leader in place of J.D.

Kendra: Nico has displayed incredible leadership skills last year and he earned it.

Nico: Yep.

Charlie Brown: It's awesome to meet you Nico. I love your awesome adventures with everyone.

Nico: I'm glad. And also there is hardly anyone that doesn't know all about you all.

Kendra: I told them the same thing.

Charlie Brown: You really are doing a good job as leader, huh?

Nico: So far, I am. Heck, when me and the others were away, Poliwag, Pinkie Pie, Buzz, and Poromon watched the Estate for us.

Lucy Van Pelt: (shakes her head) Oh, Nico, you poor, trusting blockhead.

Nico: Is something wrong?

Linus: We're not gonna say anything. But you're just gonna have to figure it out on your own.

(SEAL BARK)

Nico: (Confused) Oh-kay?

They later went back home.

May: How did it go?

Kendra: It went really well. It was awesome.

May: Who should come with you next time, Kendra?

Kendra: Kaz can go with me next time. It'll be awesome for them to meet my awesome boyfriend.

Nico: That's a great idea Kendra.

Me: I agree.

Kurt, Dave and Luis and Bezz were there too.

Poromon: (to Kurt, Dave, and Luis) Thanks for visiting, guys.

Kurt: (Russian Accent) No problem, comrades.

Buzz: (looks around and sees they're alone) Do they know about the D-O-R-E? (sighs at their confused faces) The door!

Poliwag: Yeah. Don't worry.

Pinkie: We already told them, deny, deny, deny.

Just then, Luna said something that made them freeze in their tracks.

Luna: Hey, dudes. Didn't this door used to lock?

UH OH!

All 7 of them started to sweat nervously.

Luan: (sighs) The stress from all the missions must be getting to us again. We'll have Danny cleanse us of any Dark Orbs later.

The 7 of them sighed in relief.

THAT WAS A CLOSE ONE!

Luis: (to Buzz) You know it's only a matter of time before the others find out about the party, right?

Buzz: I'm sure they've got more important things to worry about.

Dave: He's got a point.

Kurt: I agree.

Then the alarm went off.

Nico: Uh oh!

We went to the computer and saw that terrorists were attacking the mall!

Nico: Can't these goddamn terrorists quit!? Lets move!

Blackout: It really is good to see you again, Scorponok.

Scorponok of the live action universe was really happy to see Blackout too.

Nico: He sure is happy. We really should give him a voice box one of these days.

Blackout: Yeah we didn't get the chance to do that for him because we were in battle.

Nico: Well we'll do that later. Lets go get these terrorists!

We went out!

At the mall we were pulverizing terrorists left and right.

POW BLAM BIFF!

I punched a terrorist and I grabbed him and then I saw a familiar symbol. It was the symbol of CEMETERY WIND!

Me: That symbol! It's Cemetery Wind!

Itasis: How are the members of Cemetery Wind on this world?!

Nico: No idea! But these must be the Cemetery Wind Members that were arrested earlier!

KROW!

Laney grabbed a member of Cemetery Wind and smashed him into the ground.

Scorponok grabbed a bunch of members and smashed them around!

Then we heard an engine and then smashing through the mall was a Target Race Car!? What the!?

It landed.

Me: Whoa is that Juan Pablo Montoya's race car!?

Nico: Awesome! What's that doing here?

Laney: Wait take a closer look.

We saw that it had guns and missile launchers on it.

Blackout: Well I'll be.

It transformed and it was LEADFOOT!

Nico: Oh wow it's Leadfoot!

Leadfoot: Normally, I wouldn't hurt humans. But after what you dirtbags did to me an hour ago, now's the time for me to fight back!

Leadfoot started firing at the Cemetery Wind soldiers.

Hubie: He sure catches on quick.

Nico: Yep. He sure does.

He was blowing them apart.

Nico: AWESOME!

Me: Way to go Leadfoot!

We killed many Cemetery Wind Soldiers and even tied them up and had them arrested.

Leadfoot: You guys must be Team Loud Phoenix Storm. Good to meet ya! I bet you guys have killed tons of Decepticons at this point.

Maria: Yeah, about that.

Demolishor: Nice to meet ya!

Leadfoot pointed his guns at Demolishor.

Leadfoot: Speak of the devil! Been a while since I blew a Decepticon's brains out!

Barricade: Back off, Leadfoot!

Leadfoot: (sees Barricade, Blackout, and Scorponok) So, you're here too, Barricade? I'll deal with you, Blackout, and Scorponok after I deal with this j***.

Demolishor: For your information, my name's Demolishor!

This confused Leadfoot.

Leadfoot: What?! That's impossible! The Demolishor I know is dead. And looks way more different then you!

Nico: He's with us. Many of the Decepticons are now with us because I'm their new leader now and I'm leading them on the road to redemption.

Nico showed him his Decepticon Leadership Medal.

Leadfoot: That's a Decepticon Leadership Medal! How did you get that?

Nico: The war between the Autobots and the Decepticons is over in this universe and it was thanks to us that we ended it. We got the Autobots and the Decepticons to put aside their differences and work together. It was to stop the massive transformer Unicron.

Eli: It's true.

Leadfoot: Wow!

Nico: I know.

Leadfoot: So let me get this straight. Before I was killed, I was pulled into this world?

Gears: Sounds about right.

Leadfoot: (to Lockdown) And you're not the same Lockdown that helped Cemetery Wind attack me?

Lockdown: I may look like him. But I really am native to this universe.

Nico: Yeah it's strange but over the last couple of years we met many versions of the Autobots and the Decepticons that are different from the ones that you know in your universe. Also your universe is having lots of problems now. As you know the humans there have rebelled against all the transformers and you know who to blame for that.

Lana: Sentinel Prime.

Nico: Yeah.

Me: He did so many horrible things.

Leadfoot: (Smiles at Nico and me) You two remind of Sam Witwicky.

Me: We do have those similarities don't we?

Live Action Ironhide: I remember Sam. Is he alright?

Leadfoot: (Gets sad) No. He's dead. Before we got out of the NEST Base, Cemetery Wind killed him. But his parents, Mikaela, and Carly are still okay.

Nico: Oh shit!

Transquito: Not even the human allies of the Autobots were safe?!

Me: Cemetery Wind now views all allies of the Autobots as enemies of Earth.

Nico: Those fuckheads! When we go to the Live Action Universe on April 28th, we're going to have our work cut out for us. Our targets are your universes versions of Megatron and Starscream.

Leadfoot: Awesome!

We later went back to the estate.

Nico: Well now that the Cemetery Wind dirtbags here are taken care of it's time to get ready.

Me: Ready for another mission?

Nico: Actually there is no mission. We're going to have some fun at Lynn's Table by humiliating Flip and Lewis Travolta.

Eli: AWESOME!

Nunnally: It'll be awesome to give those guys more pranks.

Laney: Yep it sure will.

Then Living Laser, Bonz, Speed Demon, LaGrange, Jet, Ben Ravencroft, Spymaster, Artie Ziff, Zs'Skayr, and Kyd Wykkyd appeared.

Living Laser: Can me, Bonz, Speed Demon, LaGrange, Jet, Ben Ravencroft, Spymaster, Artie Ziff, Zs'Skayr, and Kyd Wykkyd go with you guys?

Nico: You sure can and we're going on a prank war with Flip and Lewis Travolta. It's a humiliation spree.

Jet: Awesome!

Bonz: We were told so much about these from seeing those funny videos you all made for them and they were awesome.

Zs'Skayr: They sure were.

Eli: Yep. You're going to get some shots in on them too.

Crystal Man: (to Leadfoot) Attinger might be dead. But when we get to your world, we'll need to have a few words with the government there before we go after the Megatron that you know.

Barricade: Like I said before, what's to stop the humans from our world from betraying the Autobots again?

Leadfoot: I don't want to think on that.

Nico: We'll make sure no one does what happened in that universe.

We were off to Lynn's Table.

Aligned Bulkhead: (to Leadfoot) So, you're a Wrecker, huh?

Leadfoot: That's right!

Aligned Wheeljack: Me and Bulk over here are Wreckers too.

Miko: And so am I! I even helped take on Hardshell and the Starscream of my world.

Ben Ravencroft: I remember you telling us that you used a special armor against the latter.

Nico: That is cool.

Aligned Bulkhead: It sure is.

We arrived at Lynn's Table.

Leadfoot: I just hope Roadbuster and Topspin are okay.

G1 Vortex: Look, I might be a Decepticon. But I'm sure we'll meet up with them in the future.

Nico: Yeah we have plenty of time before we go to the Live Action Universe.

We went into Lynn's Table and we got ready.

Jet: So, Nico. Which Gene Slammer do you think you'll meet on your next rescue?

Nico: I'm hoping to meet 2 this time. I hope to meet 1 that's a Spheroid and one that's a Polar Manzardill.

Ben: Spittor and Arctiguana's kinds. Awesome!

Eli: That will be something to see.

Quake Woman: And Leadfoot, Sentinel is in the Masters of Evil and actually does regret what he did.

Nico: It's true. After what he did in your universe he felt incredibly guilt about everything he did to the Autobots and to your friends. So he put himself into Exile when we found him on the planet Tatooine. Our frenemies recruited him too.

Lori Jimenez: He's now my archenemy and he is awesome.

Leadfoot: Boy he must really feel bad for what he did.

Optimus Prime: He does Leadfoot.

Artie Ziff: We should also humiliate Billy McLean as well.

Nico: You're in luck because I have him here too.

Billy McLean was tied to a post with rainbow energy chains. Same with Flip.

Nico: Shall we get started?

Artie Ziff: You got it!

Nico: All right. Leon and Artie you're up first.

Nico: And don't worry. I made sure our combo attacks and Final Smashes don't kill them.

Lemon Zest: Smart thinking!

Nico: Thanks Lemon. Now watch how we did it when I joined the team.

Twilight Sparkle: This is gonna be funny.

Leon Loud: Watch this.

Leon was to Flip and then he shoved a massive number of eels down his pants and then…

ZZZZZZZZZZZZAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAPPPP

Flip screamed in pain as he was electrocuted by electric eels!

Artie Ziff: That's funny! Watch this one!

Artie went up to Billy McLean and then…

SNAP SNAP SNAP SNAP SNAP SNAP SNAP!

He snapped numerous bear traps on his arms, legs and crotch and Billy screamed like a little girl!

We were laughing hard.

LaGrange: Let me go next.

Maria: What do you have in mind?

Me: You're not going to turn them into roadkill are you?

LaGrange: No no no. This is something that I learned back when I was a kid.

LaGrange went up to Billy McLean and he took off Billy's wig and pulled out a black marker and wrote something on his head. He wrote "Hey ladies, Rape Me till I'm a Fucking Vegetable!"

We laughed at that.

LaGrange: Go wild on him ladies!

The hot ladies went up to him and we looked away as they took off their clothes and made love with him by force and LaGrange smirked.

Centaur Man: That doesn't look like a punishment at all!

Nico: No but it'll break his childhood and everything!

Centaur Man: Oh.

Billy McLean was screaming in pain.

Centaur Man: Oh there it goes.

Fujiko: Mind if I go for it?

Nico: Go for it Fujiko.

Lincoln: That's my sexy bombshell.

Me: (Purrs)

Fujiko sexily went up to Flip and then she walked around him and looked through his pocket and she found a really awesome and dazzling bracelet worth a fortune.

Fujiko: I believe you had this in your pocket. But I would expect this from a dirty cheepskate from you. Now for the fun.

She then poured some of my hot sauce down his mouth and he screamed in pain as fire exploded out of his mouth!

We laughed at Flip!

Laney: SERVES YOU RIGHT YOU MUTATED FAT TUB OF UGLY LARD!

Lincoln: You tell him Laney!

Speed Demon: Can I go next?

Nico: Go for it.

Speed Demon went up to Lewis and then pulled out a flute.

Speed Demon: Watch this.

He played a melody and then numerous skunks came and they went up to Lewis and then…

FFFFFFFFFFFFFAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAA

He was sprayed by them and he was gonna smell horrible forever! Good thing the restaurant has an odor eliminator.

May: I want to go next.

Reflector: Go for it, May!

Nico: Go for it!

May went up to Flip and then she put a hose in his mouth and then pumped Lima Beans into him! He was being force fed Lima Beans, the worst beans ever!

He did not like that one bit!

He spit the hose out and screamed in pain.

Spymaster: I don't get it. What's so bad about Lima beans?

Nico: You'll see.

Flip then released explosive diarrhea in his pants!

Spymaster: Oh that's why.

Icepick: Didn't you do something similar, SpongeBob?

SpongeBob: Yes I did. During the whole Krabby Land fiasco.

Lily: He did all kinds of terrible things to himself.

Nico: Let me show you what he did.

Nico went up to Flip.

Nico: Watch this guys.

[Nico Pours all the bubble soap in Flip's eyes which swell up and he screams]

Kids: Woo-hoo!

Everyone laughed.

Nico: That was just the beginning.

[Varie puts a piece of tape and puts it on Lewis Travolta's face and rips it off, revealing a portion of his face is missing and he screams]

OUCH!

Kids: Woo-hoo! Yeah!

[Celica drives a car and Flip is laying on the ground with his tongue sticking out. A car runs over his tongue over and over and he screams]

Kids: Ha-ha, ha-ha, ha-ha!

[Nico calls his friend from gym class over. His name is Nate Franklin and he is a BIG Muscular man. Nate Franklin hits Billy with a big hammer. Nico gives the thumbs up]

Kids and everyone: Yeah, woo!

[Aylene C. smashes Flip with a wrecking ball]

Kids: Ha-ha, ha-ha, ha-ha!

[Later, Billy is tied to two poles with Gwen and Courtney holding a can of lima beans; Billy screams as Courtney holds his mouth open and Gwen shoves a spoonful of lima beans in Billy's mouth. All the kids cheer]

Kids: [laughing]

Optimus Prime and Aligned Megatron are using Flip as a ball in a ping pong game.

Flip: Ow! Ow! Ow! Ow! Ow!

Kids: Yay!

[Flip's arms are getting stretched by me and Nico]

RRRRRRRIIIIPPPPP!

We were laughing hysterically!

Bonz: I'll scare him with my most scariest monsters!

Gia Moran: Go for it Bonz.

Bonz went up to Lewis Travolta.

Bonz: You're in for a scary experience! I summon ELDER ENTITY N'TSS, ELDER ENTITY NORDEN, OLD ENTITY CTHUGUA, OLD ENTITY HASTORR, OUTER ENTITY AZATHOT AND OUTER ENTITY NYARLA!

He summoned said monsters and then Lewis Travolta, Billy McLean and Flip screamed in fright and terror!

Flip opened it and then…

Nico: OOH! He's not gonna like that!

Kyd Wykkyd: Let me go next.

Kyd Wykkyd went up to Lewis Travolta and then pulled on his underwear and then grabbed Billy's underwear and then gave both Lewis and Billy the WORST EVER WEDGIES OF THEIR LIVES AS THEY WERE PULLED UP AND OVER THE CEILING AND THEY SCREAMED IN AGONY!

As Etemon, he was about to die, but he refuses to accept this fate, and fully absorbs the Dark Network's energy to get back into the Digital World, while digivolving into MetalEtemon in the process. MetalEtemon goes looking for the DigiDestined and ends up finding Mimi, Joe, Palmon, Gomamon, and Ogremon. As he was explaining what happened to, via a song, he ended up getting interrupted by one of the Dark Masters; Puppetmon. Irritated by the wooden Digimon, MetalEtemon confronted him. After a short but humorous battle with Puppetmon, the DigiDestined and Ogremon managed to escape. Realizing they escaped, MetalEtemon continues searching, and nearly found them. Luckily, SaberLeomon, the Mega form of Leomon arrived and rescues the team, and takes them to Digitamamon's now-abandoned restaurant. However, MetalEtemon tracks them down and attacks, and SaberLeomon gets fatally wounded while protecting Mimi from MetalEtemon's "Dark Spirits DX". Gomamon digivolves to Zudomon, and when MetalEtemon brags that his armor is made out of "indestructible Chrome Digizoid", Zudomon reveals that his hammer is also made out of the same alloy, and uses it to break MetalEtemon's armor. MetalEtemon is then finally defeated when SaberLeomon struck him in his chest.

Luke Loud: Take that!

Pinkie Pie: BEST USUAL BATTLE EVER!

Earthbound Immortals, and around the large colored gems are the Earthbound Immortals. Once put on their fingers, they'll get a massive power and energy increase, and they're for The Dark Signers, as well.

WILHEIM SCREAM!

Nico: But they had it coming.

Lola: They sure did.

Luan: (To the viewers) Hope you all got a great laugh out of all this. This was one of the funniest adventures ever known.

Luan: It's okay Whitney. Thanks for helping me out though.

Whitney Emmington: Anytime Luan.

We later went back home and enjoyed the rest of the day before going to sleep.

# Desert of D'Resh Rescue

ZZZZZZOOOOOOOOOOOOOOMMMM!

Race cars made of ghosts, skeletons and vampires zoomed through the forests of Washington state and then they converged and then…

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted out and a phoenix cry was heard and out came Nico and Sydney and they were walking towards the dam of the beaver brothers Daggett and Norbert, the two awesome and funny beaver brothers we all know and love.

Nico: Thanks for coming with me, Sydney.

Sydney: No problem Nico and it's gonna be awesome to go with you on one of your rescues. I've always wanted to see what this is like.

Nico: You'll love it Sydney. We always have fun on these. Also we're going to see Norbert and Daggett. We haven't seen them in a while.

Sydney: Boy we sure haven't. I wonder what they have been up to since we saw them last.

Nico: We'll find out soon.

In the Beaver Brothers house, Norbert and Daggett were having a good time. But Daggett discovered something really interesting. He found out all about Beaver Musk that he can use to mark his property. He popped a cork on his tail and out came a green smoke and he smelled it and to him it smelled awesome. He tested it and sprayed a toy version of the Wonder Tree of Wowee and it turned green.

Norbert came and he smelled it and it smelled HORRIBLE!

Norbert: (Coughs) What the!?

Daggett: So-ray Nor-bay! Changed my mind. This is gonna be MY

Wonder Tree of Wowee! Mine mine mine mine mine mine mine mine.

Norbert: WHY YOU!?

POW! CRASH!

We was sent crashing into the wall.

Outside, Sydney and Nico were walking up to the door.

Nico: You know, Sydney. It actually won't be long before you get your own ambassador missions.

Sydney: Yeah I know and I'm looking forward to it.

Then they heard crashing.

Nico: Uh oh.

Nico range the doorbell.

Norbert: Come in!

They went in.

Nico: Norbert, Daggett? Is everything all right in here?

Norbett: Nico, Sydney! Been a while guys.

Sydney: It sure has been a while.

They smelled something really horrible.

Nico: (Sniffs) EW! What is that putrid odor!?

Norbert: Oh sorry guys. We've been fighting over who gets what by marking our stuff with our musk. I have pink Musk and Daggett's is green.

Nico: Wow I didn't know Musk comes in different colors. But can't you guys learn how to share?

Daggett: I don't know.

Nico: Sydney, now's a good time to transform into Quarry.

Sydney: You got it!

Her eyes turned yellow and she grew and transformed and she turned into QUARRY!

Nico: YEAH!

Daggett: That is so cool!

Nico: Glad you think that. Didn't expect Sydney to do that huh?

Norbert: No we sure didn't.

Nico: Now what are you two fighting over when this started?

Daggett: We were fighting over this. It's a toy that looks like the Wonder Tree of Wowee.

Nico and Quarry saw the tree as a Pez Dispenser but for wood chips.

Nico: That's cool. I've actually seen the Wonder Tree of Wowee and it's awesome. It looks like a massively huge sequoia tree.

Quarry: It sure does. That is cool.

Nico: Also, guys, sharing is caring.

Quarry: That's right.

Nico: Lets get all your stuff cleaned up and you can share it. And if you're good while we help I'll take you all to the REAL Wonder Tree of Wowee.

Norbert: AWESOME!

?: Mind if I lend a hand?

A figure came out and it was a Spheroid!

Nico: Whoa a Spheroid!

Spheroid: (In a girls voice) Been a long time Nico.

Nico: That voice. Hailey Kirlian? Is that you?

Spheroid: It sure is Nico. Its been a long time.

Nico: Wow it sure has!

Quarry: How long were you there?

Spheroid: I just got here 2 minutes ago.

Quarry: Oh. Nico what is your favorite memory with Hailey?

Nico: Me, Hailey and her twin sister were my partners in metal working. It was a very dangerous class to work in.

Spheroid: Oh yeah. We did it all during that class and it was awesome. We were also in jewelry making class with Nico. Another very dangerous class to work in.

Nico: Yep. VERY Dangerous.

Daggett: That is amazing!

Norbert: Boy it sure is.

Nico: Time for you two to revert back. But Norbert, Daggett cover your eyes.

They did so and Nico put on his blind man glasses and snapped his fingers and Hailey reverted back and she had neon green hair and eyes and she was in her birthday suit and Sydney reverted back too and she was in her birthday suit too and Nico gave them new clothes. Hailey had spring green clothes on and Sydney had awesome blue clothes on.

Hailey Kirlian: Awesome! These clothes look amazing.

Nico: Yeah they sure do.

Sydney: That's better.

Hailey Kirlian: Also my favorite memory that we have was when Nico was saw a bunch of kids picking on me and my sister Sydney and he stepped in for us.

Nico: I remember that. Those kids were nothing but trouble and I gave them a nasty bunch of punches and got them expelled.

Hailey Kirlian: You sure did. They vowed to get revenge on you too.

Nico: Let them try.

Hailey and Nico hugged for the first time in a while.

Nico rubbed Sydney's back.

Sydney: Thanks Nico.

Hailey Kirlian: My sister Sydney was turned into a blue creature. I think it was something called a Polar Manzardill.

Nico: That's the species of Arctiguana. Don't worry Hailey we'll find her. You were turned into what was called a Spheroid like I said. They come from the planet Scalpasc. Polar Manzardill's come from the planet X'Nelli.

Hailey Kirlian: Wow that's amazing!

Nico: Yep.

Nico and the group got the dam cleaned up and like promised they went to the real Wonder Tree of Wowee and they got tons of wood for Daggett and Norbert and they upgraded Norbert and Daggett's dam into a mansion.

Nico: I'm glad we could get you two to settle your differences peacefully. (laughs) Who needs Eli's bonking heads method anyway?

Sydney: Yeah.

Back at the estate, Eli was playing video games when suddenly…

Eli: (SNEEZES)

Me: Bless you bro. Sounds like someone is talking about you.

Eli: Yeah I have a feeling I know who it is.

C.C.: Yeah.

After Nico's rescue, Lincoln, Me, Nico, Eli, Nicole, Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, Lily, Lincoln's harem, TLPS Mr. Wolf, TLPS Mr. Piranha, TLPS Mr. Snake, TLPS Mr. Shark, TLPS Ms. Tarantula, The Cul-De-Sac Kids, Linka, and Nannette were heading into the Simulator, and not only is Lincoln going to rescue the fifteen girls there, but we're also going to see what Peach Creek Junior was like during Valentine's Day, and we also got word that some of Shidou's fanatical followers are there, and it's the perfect chance for us to kill them. The Simulator activated, and we were in Peach Creek Junior during Valentine's Day.

Lincoln: Wow, we're in Peach Creek Junior during Valentine's Day, awesome, and I think I know what we're going to do here, not only am I going to rescue the fifteen girls there, but we're also going to see what Peach Creek Junior was like during Valentine's Day.

Nico: That's right, big guy, and we got word that some of Koichi Shidou's fanatical followers are here. This is the perfect chance for us to kill them.

Me: You said it, Nico.

Edd: We are 20 days away from Valentine's Day, so this is perfect. But, I hope you all are ready to see what's it's like.

Eddy: I still have memories of that day, and they're not good.

Linka: Yeah, I know. Double D told me about it, but apparently, he couldn't remember what made him act that way towards Marie's former sister. We'll get the answers soon enough.

TLPS Mr. Wolf: We remembered Nico telling us about him, and to find out he was the one who had unleashed that virus in Takeshi's world and turned everyone into zombies, he really makes me sick.

Nico: Makes me sick the worst. Also in my opinion I think letting him live was a terrible mistake.

Eli: I agree.

We then head for the cafeteria, and we saw everyone had hearts in their eyes, we saw Ed together with a sandwich and we laughed hysterically. But, when we saw Double D together with May Kanker, we hurled our guts out in the trashcans.

Lee and Kevin were in a gondola.

Lee: "Happy Valentine's, dreamboat."

Kevin: "You're so righteous, babe."

[Jonny and Nazz stare at each other dreamily.]

Jonny: "For you, foxy mama!" [He holds out a bouquet.]

Nazz: "What a hunk!" [She takes the flowers and hugs Jonny. Ed dances with a sandwich.]

Ed: "May I have this dance?"

[Eddy stares at Plank, love in his eyes.]

Eddy: "Where have you been all my life?"

Plank:

Lincoln: Oh, gross.

Nico: Yuck, Double D and May together… , triple yuck. I remembered Double D telling us about that little incident on Valentine's Day, but he couldn't remember what made him so lovey-dovey towards May Kanker.

Me: I think I'm gonna be sick.

Eli: I think I'm gonna hurl.

Suddenly, Lincoln saw who it was responsible for this: it was two Cupid versions of Sarah and Jimmy.

Lincoln: Aha, I think I know who it was who's responsible for this: the two Cupid versions of Sarah and Jimmy.

Lincoln caught them, and they explained what happened: Double D gave May Kanker when he saw her crying, thanks to Marie and Lee causing trouble and Ed running away scared of her as always. They shot the arrow into her and Double D, and that's what caused them to be like that, and we then understood.

Lincoln: Guys, I know that your job is to spread love on this day, but there's something that you should see.

They soon saw our Double D and Linka together, our Ed and Leni together, along with our Eddy and Luan together. That's the sign of true love, and they saw that what they caused here was a mess.

Cupid Sarah: We're sorry for causing this mess. Can you forgive us?

Lincoln: (Smiles) Of course. We forgive you. Now, how can we undo the mess you caused?

Rolf (TLPS Universe): Rolf has a solution, white-haired Lincoln boy. Be right back.

Rolf from our universe got out a bucket of dirty mop water.

Rolf (TLPS Universe): Just spray them with this, and they'll be back to normal.

Lincoln: Thanks, Rolf.

We got in and we sprayed everyone with the dirty mop water, and got them back to normal. Then, we also pummeled the Kankers from that universe, and had them sent to jail for their crimes after they were expelled for their crimes in school.

?: HELP!

Suddenly, Lincoln heard the sound of fifteen girls calling out for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard where the call for help was coming from. He saw the nine girls, but they've been cornered by a group of Shidou's fanatical followers, and they're going to kill them.

Lincoln: Guys, I found the fifteen girls, but they've been cornered by a group of Shidou's fanatical followers, and they're going to kill them. Let's tear them all to shreds.

Nico: Now, you're talking, big guy.

We rushed on over, and Lincoln fired a powerful rainbow energy ball at one of the followers, and he was incinerated. The fifteen girls got to safety, and when the other followers of Shidou saw us, their eyes turned red with hatred and insanity.

Lincoln: Looks like they still hate us for what you, Rei, and everyone did to Shidou, Nico.

Nico: They've since lost their reason and sanity when they started following that prick, Lincoln. Let's put them out of their misery.

Lincoln: And show them what happens when you join a genocidal cult led by a greedy, maniacal, and sadistic madman.

We unholstered our weapons and we transformed, and we went at the group of Shidou's followers, and we fired powerful blasts of rainbow energy, colored energy, elemental forces, lava, stars, and mythological animals at them, and they exploded with incredible power, as they hit them. Most of them were killed, but, a few of them are still standing.

Then, we saw an Elemental HERO Magma Neos appear, and fired a powerful blast of lava at the last few of Shidou's followers, and they melted into magma. We cheered wildly as we holstered our weapons and power down.

Elemental HERO Magma Neos: That'll teach you, you psychotic fanatics.

Lincoln: Wait, that voice. Sophia Preston, is that you?

Sophia Preston: Lincoln, is that you?

Sophia Preston went up to Lincoln, and they hugged.

Lincoln: Yeah, it's me, Sophia. I haven't seen you since you were twelve years old, and I've grown a lot since then.

Sophia Preston: Yeah, I can see, you've really grown a lot from the eleven-year-old cute little boy into a 16-year-old 7'0" tall and very handsome teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs.

Nico: Lincoln, you know her.

Lincoln: I do, Nico. This is Sophia Presley, I met her when she was twelve years old, and she, like the other Guardian Angels, have defended me from bullies, and that included Lori, Lynn, Lola, and Luan, when they still had their dark sides in them.

Nico: Another Guardian Angel of you, awesome.

Sophia Presley: That was fun.

Lincoln: The rescues are always fun. Now, let's get you back to normal, boys, cover your eyes. Hold still, Sophia, this is going to be painful.

Me, Nico, Eli, and the rest of the boys covered our eyes as Lincoln snapped his fingers, and Sophia was reverting back to normal. Sophia Presley was a beautiful 16-year-old girl with long red hair, blue eyes, fair skin, she was 6'0" in height, and she had the body of a goddess. She also now has massive red angel wings with orange tips on the large red feathers on her back, as she reigns in the power of Elemental HERO Magma Neos, and she was in her birthday suit.

Lincoln: How do you feel, Sophia?

Sophia Presley: Good. (Realizes she's in her birthday suit) But, I'm also in my birthday suit.

Lincoln gave Sophia a new wardrobe, a red sleeveless shirt with an orange phoenix, a red skirt with the Elemental HERO Magma Neos with magma on it, red leather ankle-high combat boots, and a long red sleeveless trenchcoat with the Elemental HERO Magma Neos on the back, and on her back is a large Elemental HERO Magma Neos-themed sword with a 6'5" massive, wide, double-edged, man-sized red blade with the Elemental HERO Magma Neos etched on it, large orange angel wings for the crossguard, large red gem for the hilt, longer black handle, and large red faceted sphere pommel with surrounding orange gems.

Sophia Presley: Wow, I love the new outfit and large sword you made for me, Lincoln.

Suddenly, a Thunderbird Necklace of Eternal Love appeared on Sophia Presley's neck with red gems and crystals from her new Crystal Necklace of the Buddha on the gold lightning bolts.

Sophia Presley: Whoa, is this…?

Lincoln: Yep, that's a Thunderbird Necklace of Eternal Love, which means you're now part of my harem and you're one of my many future wives, Sophia.

Sophia Presley had a smile on her face and tears in her eyes, as Lincoln wrapped his abnormally massive and powerful muscular arms around her waist and he leaned down and he kissed her on the lips, and she returned it, and we cheered for them. Then, we went up to the fifteen girls, and when Lincoln saw them, he immediately recognized them. The fifteen girls are Mikogami Riko and Mikogami Rimu, Hatori Kanon, Takayanagi Akane, Iwashita Rumiko, and Miyabe Kasumi from Anyamal Tantei Kiruminzoo, Saikyou Tomomi, Sernia Iori Flameheart, Ayse Khadim, Mikan, Ousawa Mimina, Pina Sformklan Estor, Shikikagami Sanae, Tenjouji Kaede, and Shikikagami Saori from Ladies VS Butlers.

Lincoln: Oh wow, it's Mikogami Riko, Mikogami Rimu, Hatori Kanon, Takayanagi Akane, Iwashita Rumiko, Miyabe Kasumi, Saikyou

Tomomi, Sernia Iori Flameheart, Ayse Khadim, Mikan, Ousawa Mimina, Pina Sformklan Estor, Shikikagami Sanae, Tenjouji Kaede, and Shikikagami Saori.

Helena McTroy: From Anyamal Tantei Kiruminzoo and Shikikagami Saori, awesome.

Lincoln: Are you girls okay?

Mikogami Riko: Yes, we're okay, thanks to you.

Then, when Mikogami Riko and the other fourteen girls saw who it was that saved them from the group of Shidou's fanatical murderous followers, their faces turned atomic red upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, a golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top was the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, and Buffalo, and below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and The Thirteen Elemental Forces, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", and he had deep sapphire blue eyes.

He had his massive Sword of Universal Hope and Elemental

Bravery holstered on his wider and muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces constellation and Aquarius Zodiac sign on the back of his neck, large weighted orange bands on his massive biceps and thighs with silver phoenixes on them, his large Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them with rainbow tips on the large deep sapphire blue feathers, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with elemental forces, Thunderbirds, Phoenixes, and Buffalo on them and with hanging mini silver lightning bolts held up by his Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of large blue pants with multicolored lightning bolts on the thighs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Buffalo head stud earrings with the Thunderbird and Eternity Kanji on it, a large Thunderbird Necklace of Eternal Love with colored gems on the gold lightning bolts and a Buffalo head with the Thunderbird and Eternity Kanji on his neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, he had eight large orange orbs orbiting around his legs, and circling around his feet on the floor are eight golden crosses with angelic runes.

Mikogami Riko: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made fourteen clones of himself, and he and the fourteen clones went up to the girls, and they picked them up and hugged them in their abnormally massive and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Mikogami Riko: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, fifteen Thunderbird Necklaces of Eternal Love appeared right around the necks of Mikogami Riko, Mikogami Rimu, Hatori Kanon, Takayanagi Akane, Iwashita Rumiko, Miyabe Kasumi, Saikyou Tomomi, Sernia Iori Flameheart, Ayse Khadim, Mikan, Ousawa Mimina, Pina Sformklan Estor, Shikikagami Sanae, Tenjouji Kaede, and Shikikagami Saori. We exit the Simulator, and then, we told everyone what happened in Peach Creek Junior during Valentine's Day, and everyone threw up as soon as they saw Double D and May Kanker together, and they found out that it was the Cupid versions of Sarah and Jimmy that did this.

Then, on the rescue for the girls, they were shocked when they found out that the villain that we went after were a group of Shidou's fanatical followers who wanted revenge on us for what we did to Shidou. But, when Lincoln showed and told everyone what we did to them, they cheered wildly for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem went up to Lincoln, and they kissed him all over. Lincoln and Sophia Presley now have a lot of catching up to do, now that she's back. But, we couldn't escape the feeling that we'll be facing off against Shidou on our mission today, and of course, a dark shadow from Emily McKale's past.

* * *

After getting rid of one group of Shidou's fanatical followers, we were training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Sophia Presley saw Lincoln working out like crazy, she had an atomic red blush on her face.

Sophia Presley: Whoa, Lincoln has really grown to be a 16-year-old 7'0" tall, really big, and really strong young man, just look at those abnormally massive and powerful muscles hard at work, and to work out with those 9,500-lb barbells and not even get tired, incredible.

Lincoln: And I've also trained a lot under some very powerful teachers, J.D. and Nico included, Sophia, and now, I can also fight and defend myself.

Sophia Presley: That's awesome.

Nico: It sure is, Sophia. So, what memories did you and Lincoln have?

Sophia Presley: Oh, I remember that one time, Lincoln and I were watching AARGH!, and we were having fun. But, Lori told Lincoln and I to get out of here, she wants the TV. But, Lincoln told her no, and Lori made her threat that she was going to turn us into human pretzels if we didn't get out. But, I wasn't going to have that. I marched up to Lori, and I grabbed her arm and put her in an armlock, because she tried to grab the remote from Lincoln, and I called Mr. and Mrs. Loud over. I told them of what Lori tried to do to us, and she tried to lie, but I told her to shut her yap. After I was done with my explanation, they weren't happy with Lori. They grounded her for two weeks and Mrs. Loud made Lori clean the rooms around the house for those two weeks.

Nico: Whoa, you sure are tough, Sophia.

Luna: Especially to stand up to Lori like that. I'd hate to see what she'd do to Lola and Lynn.

Sophia Presley: Oh, when they saw what I did to Lori, they wanted to attack me, but they backed off after seeing that I could kick their butts if they tried that sort of thing to Lincoln, and they ran back to their rooms.

Eli: Nice one.

Nico: To do that sort of thing to Lori, with Lynn and Lola watching, you sure are a tough girl to stand up to The Trinity of Violence, in fact, many of Lincoln's old friends have stood up to Lori, Lynn, and Lola when they still had their dark sides in them.

Sophia Presley: Thanks, Nico.

Me: So, Lincoln, what can you tell us about Sophia?

Lincoln: Sophia Presley's a fan of AARGH!, just like me and Clyde, she's a smart girl and interested in volcanoes, but she's also a tough girl, as she pointed out when she arm-locked Lori, and scared Lynn and Lola off.

Clyde: I think we found another member of our AARGH! Club, along with the Ghostbusters.

Sophia Presley: I heard about that one, and I'm surprised that you guys have the Ghostbusters as members of the team, that's so awesome.

Lincoln: It sure is.

We got a shower afterwards, and after that, Lincoln, his harem, his kids, along with me, my harem, my kids, Nico and his harem, Eli and Nunnally, Ed Cowart and Cattleya, Yusei and Akiza, Yuya Sakaki and Aura Sentia, Luan and Eddy, Linka and Edd, Leni and Ed (Ed Edd N Eddy), Geo Stelar, Luna Platz, and Sonia Strumm, and Fuyuki Hinata, Momoka Nishizawa, and Alisa Southerncross were getting ready for our date, this time, it's at Kauai, Hawaii. And we're also getting joined by Garrett and The X-Squad.

Lincoln, Me, Nico, Eli, and the boys were each dressed in large colored swim trunks with a phoenix, thunderbird, buffalo, and elemental forces on it, along with our large weighted colored bands with silver phoenixes on our massive biceps and thighs, jewelry, large colored sandals, and eight large different orbs orbiting around our legs, and we also had our weapons holstered, in case of trouble.

The girls were dressed in two-piece bikinis in their favorite colors, sandals, along with their jewelry, and they also had their weapons holstered in case of trouble.

Lincoln: Well, ladies, shall we?

Hilda: (British Accent) Of course, Linky.

We left the Estate, and we arrived at Kauai, Hawaii, and it was awesome.

Lincoln: Whoa, we're at Kauai, Hawaii. This is going to be one awesome date on the beach.

Me: You said it, big guy.

Lincoln: And Nico, you've been doing an awesome job in leading the team, and like Lisa, I've never had any complaints about you leading. We knew that day would arrive when you'd be promoted to full-time leader, and if anyone tries to mess with you, they'll be dealing with me. No one messes with my brother and gets away with it.

Nico: Thanks, Lincoln. And I don't think anyone is going to mess with me, but if anyone does, I'll be sure to tell you and the others.

Lincoln: Thanks, Nico. I hope everything is okay back at the Estate.

Nico: Don't worry, I left William and Maria in charge of the Estate, while we're on our beach date.

We land on the beach, and we dived right into the water, and we were swimming. Then, we also had a surfing contest on our surfboards with Lincoln winning the contest and some of us wiping out, and we also had lunch that Lincoln packed. Then, just as the sun's about to set, Lincoln made clones of himself, and he and the clones went up to the girls, and they picked them all up in their abnormally massive and powerful muscular arms, and just as the sun turns orange, they passionately kissed and hugged. Me and Nico did the same with the girls in our harems, and the boys did the same with their girls, and both my kids and Lincoln's kids cheered for us. We returned home to the Estate, and we returned to our original clothes.

William: Hey, guys, how was your date?

Lincoln: It was awesome, William. We went to Kauai, Hawaii.

Maria: Whoa, that's awesome. You guys had a lot of fun out there, right?

Nico: You bet, we had fun swimming and we had a surfing contest, which Lincoln won, and some of us wiped out.

William: Yeesh, there's nothing worse than a wipe-out on the water. And while you guys were out on your beach date in Kauai, things have been under control in the Estate.

TLPS Mr. Wolf: Yeah, we kept things under control, and we kept Sancho and the Party Birds from trying to get into the Estate to throw a wild party, which of course, got them so mad, they swore they'll get us back.

Lincoln: Seems like they're still sore at us when they heard about Sergio's trial and conviction, which led to his party animal reputation ending for good.

Nico: Should've guessed it. But, Sancho needs to see that Sergio's days of partying are now over for good, and he needs to accept it. Otherwise, he and his gang are getting the Chancla.

---

Later at school we got word that Mr. Huggins has instated Sex Ed classes.

Slinkman: Let me see if I heard correctly. The schools now have Sex Ed classes?!

Nico: Yeah you heard right.

Eli: Oh boy. Nicole is not going to like this one bit.

Laney: No kidding.

Me: Boy Master Jiraiya loves that class. I think that was the class that he strongly excelled at. Same with Master Roshi and all the other perverts we know.

Nico: (Laughs) That's funny but yeah I have that same feeling too.

Total Drama Mike: I'm actually looking forward to what these new classes have in store for us.

Nico: Oh boy. But Nicole is not and you know how she feels about perverts.

Nicole: You heard right Nico. I hate perverts with a vengeance and Sex Ed is something I despise with a vengeance.

Nico: I know.

Nicole: Oh right. I forgot to tell you all this but it's the one reason why I absolutely despise perverts with a vengeance.

Me: That's right how did you come to hate all perverts Nicole?

Nicole: Well dad it's because when I was taking a bath an old geezer about like Master Jiraiya or Master Roshi somewhere around that age walked in on me and I then thrashed him into pulp as he was about to force his way onto me and he was taken to the hospital. I then shouted that I would make all perverts suffer because of it. It's how I came to hate perverts with a vengeance.

Lincoln: Geez!

Fluttershy: Goodness!

Tsunade: That explains why you make sure no one becomes a pervert on your watch Nicole.

Nicole: Yep.

Lincoln came back.

Lockdown: (to Lincoln) How was Sex Ed today, Lincoln?

Lincoln: It was interesting.

Nico: Okay. Glad you learned a lot.

Lincoln: Yeah and it's amazing what it does.

In Huggins office we were telling him that having Sed Ed classes is a bad idea.

Huggins: Look, I thought the Sex Ed Classes would be too excessive. But the school board wanted them to be included and I was overruled.

Huffer: It's alright, Mr. Huggins. Sex Ed Class is just something that happens out of our control.

Nico: Yeah every school has to have them whether you like it or not. Besides we're growing up and there's nothing we can do to stop it.

Huggins: That's true. Sorry you all felt offended by it but it was out of my hands.

Nicole: You are right about that Mr. Huggins. I should accept that Sex Ed is part of the educational curriculum but I'm still hating perverts no matter what anyone else says.

Huggins: Good.

Sixshot: (to Lois) Didn't you teach a Sex Ed class before?

Lois Griffin: I sure did and it was really fruitful.

Nico: You can be a Sex Ed teacher like you were before Lois.

Lois Griffin: That's a great idea Nico.

Huggins: We always can use another teacher in that field.

Nico: Awesome.

Lois was hired as a Sex Ed Teacher.

Later back at the estate we were getting ready for our next mission.

Tara: So what's the next mission Nico?

Nico: Believe it or not we're heading back to the Moonlands for an awesome rescue.

Edyn: Awesome!

King Kai: Nico can you hear me!?

Nico: King Kai what's up? Is something wrong?

King Kai: I'm afraid that something big is going on down at the

Neptune Prison. Your old enemy Koichi Shido has just been broken out of prison by a dark orb and he somehow gained the powers of Frieza.

Nico: What!? Are you serious King Kai!?

King Kai: I sure am. Shido is going to be after you for revenge so you have better be ready to face him with everything you got. There's not telling what he has planned for you all.

Nico: We'll be ready for him.

Lincoln: Shido is on the loose and he has all of Frieza's powers!?

Rei Miyamoto: I thought we were rid of that monster for good!

Nico: So were we. I was a fool to let him live. I had him turned into Zombie Fodder last time. But letting him live in our universe was a mistake and I'm going to correct that mistake.

Then Firepower, Anti Wanda, Tchang Zu, Carmen Dillo, Cavalier, Eris, Cad Bane, Boomerang, Gater Ghoul, and Kite Man appeared.

Boomerang: (Australian Accent) Can me, Firepower, Anti Wanda, Tchang Zu, Carmen Dillo, Cavalier, Eris, Cad Bane, Gater Ghoul, and Kite Man go with you guys this time?

Nico: You all sure can.

Firepower: We heard what happened and we heard that Shido is back. Is that true?

Nico: It sure is and this time I'm not going to let him live anymore. That scumbag is gonna rue the day he busted out of prison. I have a feeling he's in the Moonlands even as we speak.

Me: We're going to be ready for him.

Lincoln: That's right. He destroyed the entire human race on Saya, Rei, Saeko and Shizuka's world and I'm not going to let him get away with his crimes. This time he dies.

Nico: That's right. And we need to be weary. He has a dark orb that gave him all of Frieza's powers.

Tchang Zu: That's terrible! This is gonna be a fight that only you all can win.

Nico: Yeo.

Lincoln: Oh and I got some grim news.

Nico: What is it.

Lincoln: After we got back from our date in Kauai, Hawaii, I got a call from the triple-maximum security prison in Lansing, Michigan, and they'd told me the most disturbing news: Amy McKale has escaped from prison. She strangled one of the guards to death and ripped his head off, and she stole the keys to her cell, opened it, and she escaped from prison. Which means, that she's coming to get revenge on Emily and her parents for sending her to prison.

Emily's parents gasped at the news that they dreaded: Amy McKale has escaped, and she's out for revenge on them for sending her to prison.

Emily McKale: So, Amy's finally broken out. (Sighs) I knew this day would come, I knew that one day, Amy would break out and try to come after me for revenge. But, I've been ready for her, and I also thought about what Skowl said, along with what all of you said, and I decided that my choice is clear: Amy McKale has to die. If she continues on to live, she'll continue to break out and try to kill me and my family, along with everyone I've met. Amy's not my sister, she was born pure evil and deranged, and she hated me with all her black heart ever since the day I was born, and on the day that she wanted to kill me and my parents, she's basically burned all bridges and ties with us, and she's nothing but a monster who wants to kill us and watch the entire world burn.

Lincoln: Emily, are you sure this is the choice that you've made?

Emily McKale: Yes, Lincoln, this is the choice I've made, but I'm also going to need help with this one.

Lincoln: Say no more, Emily. I'll also help you with dealing with Amy McKale.

Emily McKale: (Smiles) Thanks, Lincoln.

Lori: Guys, if you see her, tear her to shreds and make sure she never returns.

Emily McKale: We will, Lori.

Nico: Alright, so our mission's clear: we're heading for the deserts of D'Resh and see if we can rescue some girls there, and when we find Koichi Shidou, we're going to kill him, and we're also going to make sure he never returns. Letting him live was a mistake that I intend to correct and when Amy McKale shows her ugly face, Emily and Lincoln are going to kill her. Alright, everyone, let's go. (Eyes turn red) And when we find you, Shido, you will die a horrible death for everything that you've done.

Me: Lets get them.

Nico: Yep.

We were off to the Moonlands.

---

## MOONLANDS

---

We arrived in The Moonlands.

Xion: The good old Moonlands!

Karai: (Japanese Accent) It sure is amazing to be here again.

Nico: Yep.

Laney: So where is the disturbance and rescues being held at?

Nico: Scans show that the rescues are going to be at the Deserts of D'Resh.

Eli: A hot place.

Nico: Yep. So get ready because it's gonna get hot and dry.

Kite Man: I'll fly over the area to see if I can find any unusual activity.

Maria: Good thinking. Let us know if you see anything.

Kite Man flew up into the air.

Nico: Lets go.

We were walking through the deserts of D'Resh and it was hot.

Trixie Lulamoon: (Sweating) The Great and Powerful Trixie is sweating!

Nico: Whew. It sure is hot.

Nicole: Stupid Sex Ed Classes corrupting the minds of innocent children!

Miko: If it makes you feel any better, I never really pay attention to any of the Sex Ed classes when I was still in school.

Sandman: Miko, I think in this case, not paying attention in class is a good thing. Also, I feel right at home here.

Nicole: That's good you don't pay attention in that kind of class.

Me: I don't blame you Nicole. I never liked Sex Ed in the first place.

Eli: Me neither.

Gator Ghoul: (to Lola, Lori, and Lynn) Don't you three have anything you want to say about the Sex Ed Classes?!

Lori: I already took that class a long time ago so I'm literally done with it.

Lynn: Same with me. I got done with it too when I started 5th grade.

Lola: I'm too young for that class anyway.

Nico: That's all right. I took that class myself and I'm done with it anyway. I guess we all have to do it because it's part of the law and all that.

Laney: Yeah it's part of us.

Nicole: No arguments there.

Nico: Anyway lets talk about something else before Nicole blows a gasket.

Lana: Good idea. I have a feeling you're going to meet an Arctiguana Gene-Slammer next.

Nico: Yeah and it's Hailey's sister Sydney.

Dana: So one of the ice users will go with. Can me and Axel go with you Nico?

Nico: Sure Dana.

Axel Adell: (Swedish Accent) It'll be most fun to go vith you Nico.

Livewire: If there's anyone who attended Sex Ed today, I'd advise against repeating what you learned.

William: And that closes the Sex Ed talk for today. Bye Bye. See you later!

Nico: Yep. Good thinking.

Me: Rei, Saya, Saeko and Shizuka, are you all still very pissed off at what Shido did to you all?

Saya: We sure are. What Shido did to all of us was completely unforgivable.

Rei Miyamoto: Yeah he ruined so many lives and killed countless people.

Me: I don't blame you all one bit. What he did caused the extinction of the entire human race except for some of you. Everything Shido did makes my blood boil.

Nico: No kidding there. I call Shido the Reincarnation of Adolf Hitler and he must be destroyed.

Cad Bane: It's not just you that Shido wants payback on, Nico. Me, Boomerang, and Firepower were killing zombies with you as well.

Nico: I know. But it's mostly me he's after because I fed him to the zombies. I should have snapped his neck first and then fed him to his own zombies before we started blasting the zombies.

Eli: Yeah that monster deserves far worse than anything.

Nico: You said it Eli.

Fujiko then saw something.

Fujiko: Wait what's that?

We looked ahead and saw a figure.

Nico: What is that?

Me: Could that be a mirage?

Nico: I don't think so. Lets get closer.

We got closer.

Ember McLain: I have a feeling we might have more zombie adventures in the future. Some may even be before Halloween.

Nico: We'll be ready for them.

We got closer and we saw a girl that was weak and frail sinking in quicksand!

Nico: Oh no!

Eli: Uh oh! That's Misuzu Kamio!

Me: You know her bro?

Eli: I sure do and she is dying!

Me and Eli went over and got her out of the quicksand!

Nico: Oh man what's wrong with her?

Eli: She has a terminal disease.

Me: She needs a blood transfusion. I'll give her some of my blood.

I pulled out my blood transfusion kit and gave her some of my blood and it went into her and she was glowing and then she came back to life and saw Eli.

Eli: Misuzu?

Misuzu: (Groans weakly) Eli? It really is you. Wow.

Cavalier: Are you all right, Miss?

Misuzu: Yeah. Just so tired.

Nico: You'll be all right. (Sees something) Huh?

Nico saw that Misuzu had pure white angel wings.

Nico: Whoa you're an angel.

Misuzu: Yeah my dream has always been to fly like an angel before I die.

Nico: You're not going to die anytime soon. J.D. gave you a transfusion with his blood so your disease has been cured.

Eli: It's true Misuzu. Bro saved you.

Misuzu: Wow. But I'm still weak.

Nico: You'll be like that for at least a couple of days.

Stewie: Well, at least you still get to fly like an angel now.

Misuzu: Yeah. Thank you all. Thank you for curing me.

Me: You're welcome.

I was done and she was given enough blood to destroy her disease and cure her.

Eli then had Misuzu on his back and she was holding on.

Eli: You'll be okay Misuzu. I'll have you hold onto me till we get back home.

Nico: Lets get to searching more. I think I see more girls! Lets go!

We went to another quicksand pit that was 400 meters west.

Carmen Dillo: I think I see one!

Nico: Me too!

We saw a pink hair girl with a voluptuous body.

Nico: Oh man!

But it wasn't just her. It was a girl with green hair and a voluptuous body and a blond hair girl in a maid dress. It was Atena Saotome, Mineru Wachi and Frey!

Me: Oh wow! Atena Saotome, Mineru Wachi and Frey!

Nico: Friends of yours?

Me: Yep.

I flew in and grabbed all three of them and pulled them out.

Atena: Thank you J.D.!

Frey: You really saved us.

Mineru: You're a true friend.

Me: No problem.

Francis: You girls alright?

Frey: Thanks to J.D.

Mineru: He saved us.

Laney cut the rope they were tied together with.

Atena: Thanks Laney.

Laney: You're welcome.

Nico: It was Shido that did this right?

Atena: That's right.

Firepower: Eli, do you sense anymore girls?

Eli: Let me check.

Eli used the Force. He scanned the desert.

Eli: Found one 50 kliks west!

Nico: Lets go.

We were off!

Snake Man: I wonder which girl it'll be this time.

Nico: We'll find out soon. I'm willing to bet that Shido is there too.

Snake Man: I have a feeling too.

Eris: I think that we shouldn't focus our attention on Shido just yet.

May: Eris is right. The life of the remaining girl comes first.

Nico: Agreed. First we got to find her.

Eli: She's just up ahead at 500 meters!

Nico: Excellent.

We peeked over the hill and we saw a girl sinking and it was

EVANGELYNE from Wakfu.

Nico: It's Evangelyne!

Laney: You know her?

Nico: Yeah I do. Lets go!

We flew down and Nico pulled her out.

Fangry: You okay?

Evangelyne: Yeah I'm okay. Wait. (Sees Nico) Nico is that you?

Nico: It sure is. Great to see you Evangelyne.

Evangelyne: Same here.

Firepower: You know, like it or not, Shido actually did win in the end since he started the virus.

Nico: You're right about that, Firepower. In our entire career of fighting evil, that's one of the few times where the bad guys wins. But today? It's not gonna be one of those few times.

Me: Yeah and he will pay for his crimes.

Saya: That's right.

Evangelyne; Yeah that monster brought me here.

Misuzu: (Weakly) He sure will pay.

Eli: Big time.

Nico: Now it's time for us to face Shido.

Buffo: Time to do entrance.

Nico: Get ready Shido. (Eyes glow red) Your death at my hands is going to be enjoyable.

We flew at him.

Shido was enraged! All his girls he captured were saved by a strange force. Then the spirits of the Warriors of The Pegasus Elements were flying around him and they blasted him all over the place. Then they converged and then…

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off above him and fireballs rained down and they hit him all over and burned him bad and then a phoenix cry was heard. Then we all came out.

Nico: Koichi Shido, nice to see you again.

Shido: Chan! You will pay for everything you did to me!

Nico: Oh on the contrary, it's you that will pay for everything that you've done!

Shido: (laughs) Do what you will! But killing me won't undo what's been done!

Anti Wanda: We know that. But it'll definitely avenge all the people who died and got turned into zombies.

Nico: You turned an entire planet into a zombie infested hellhole just to show your superiority! You make me sick!

Shido: And I show no remorse!

Nico: I'm going to make you eat those words because I'm going to kill you right where you stand!

Nico clenched his fist!

Nico: Shido, words cannot begin to describe everything you have done.

Shido: I was doing everything I could to save the Human Race!

Nico: Bullshit! All you have done was make the entire planet go through a horrifying and living nightmare! You weren't "Saving" the human race. You wanted it all completely destroyed and you didn't care about anyone! Your heart is black as evil can get. You deserved to be thrown in prison for your crimes. But after realizing that letting you live was a mistake, I intend on correcting that. I'm going to finish what I started.

Shido: What do you mean?

Nico: (Goes Super Saiyan) I'm going to avenge all the people you and your family killed and I'm going to kill you! You are worse than Adolf Hitler! (GROWLS) NOW PREPARE TO FEEL MY WRATH! (FLARES UP HIS FULL POWER) KOICHI SHIDO!

UH OH!

Me: Shido is in deep shit trouble!

Nico flew at him with incredible speed and punched him in the face and then flew at him again and grabbed him and broke his back on his leg and Shido screamed in pain and then Nico smashed him into the ground with devastating force. Then Shido later exploded out of the crater and went over to him and Shido was all brutally mangled and bloody.

Nico: I should have killed you the very moment you were placed into our prison Shido. You don't give a flying fuck about anyone but yourself! You would rather see innocent people suffer and die! Ane all you do is treat life like it's nothing but a disposable commodity! You destroyed countless homes, you've taken the lives of so many innocent people and you even took the lives of children! Not only that but you've brainwashed the minds of lots of people and fucked around with their minds and turned them into psychotic fuckheaded Nazi Psychopaths that hate children! Well now I'm going to make sure you never torment anyone ever again!

Shido: Then come and get me!

Nico: Your arrogance and overconfidence will be your own undoing and you're nothing more than just a frightened little conniving coward! You would rather be afraid of your own shadow than fight in battles.

Shido: Shut up!

Nico: You know I'm right! You are nothing but a fucking stupid malignant little cancerous freak that doesn't give a flying fuck about anyone but himself!

Shido: SHUT YOUR MOTHERFUCKING HOLE!

He went at Nico and then he punched at him and Nico grabbed his arm and ripped it clear off and Shido screamed in excruciating pain!

Nico: That's for Takashi, Rei and Saya and their friends! All of them!

Shido: WHAT THE HELL ARE YOU!?

Nico: I am the hope of the universe, I am the answer to all living things that cry out for peace, I am protector of the innocent, I am the light in the darkness, I am truth. ALLY TO GOOD! NIGHTMARE TO YOU! I AM NICOLAS CHAN, LEADER OF TEAM LOUD PHOENIX STORM! YOUR ULTIMATE ENEMY! (FLARES UP AURA INTENSELY)

SHIDO IS IN DEEP SHIT TROUBLE!

Then El Diablo, King Hiss, Shiv, Weather Wizard, Villamax, Calamitous, Firefly, Misty Tredwell, Cheshire, and Leap Frog appeared.

Nico: El Diablo, King Hiss, Shiv, Weather Wizard, Villamax, Calamitous, Firefly, Misty Tredwell, Cheshire, and Leap Frog.

El Diablo: So, those are the girls you guys rescued, huh?

William: They sure are.

King Hiss: And they know Nico and Eli.

Shiv: You guys can tell use how after this is done.

Weather Wizard: (to Nico) We heard you visited Dagget and Norbert this morning.

Villamax: What shenanigans were they up to this time?

Nico: Fighting over stuff and marking it with musk.

Villamax: So crazy.

Then Flytrap appeared for round 2.

Nico: Flytrap. Back for another round I see.

Flytrap: Yep. And you did a great job mangling up Shido.

Nico: Yep.

Flytrap: It's fitting that it's my turn today.

Maria: What do you mean?

Flytrap: Well, I can turn people into vampires and Shido was the one who caused the virus that turned people into zombies. Zombies and vampires are both horror themed.

Maria: That makes sense.

Flytrap: We also have more recruits.

Then out came BARBOS from Donkey Kong Country 3, Carnage from the Marvel Ultimate Alliance 2 Universe, and Dr. Edward Lansky A.K.A. Lightmaster!

Me: Whoa!

Nicole: Barbos from Donkey Kong Country 3 and Carnage from the Ultimate Alliance 2 Universe.

Me: And Dr. Edward Lansky A.K.A. Lightmaster!

Lightmaster: Awesome to meet you all.

Nico: Same here. (To UA2 Carnage) And you are the Carnage from Marvel Ultimate Alliance 2.

UA2 Carnage: That's right. I helped the Avengers repeal the

Superhero Registration Act in that universe after my Fellow Heroes and Villains were being controlled by nanites.

Rex Salazar: Nanites?

Nico: Oh man! The Fold!

UA2 Carnage: Yep.

Nico: Oh man.

The Dinkley 2000 then appeared.

Nico: Velma's robot the Dinkley 2000.

Dinkley 2000: I picked C.C. as my archenemy.

Nico: Cool!

C.C.: Awesome!

We got the usual battles underway.

---

## Leo Corbett, Sunset Shimmer, Pipsqueak, Fire Skylanders, Heatblast, Lola, Sam S.L, Suzi, Sixshot and Barrage VS Chato Santana A.K.A. El Diablo - Nico's rescue

---

El Diablo was first.

El Diablo: (to Leo) It's good that Nico's rescue involved Norbert and Daggett. You guys haven't seen them in forever.

Leo Corbett: Boy we sure haven't and they are doing really well.

Sunset Shimmer: They sure are and they are awesome and really funny.

Pipsqueak: (British Accent) They sure are and they are just as funny as ever.

Sunburn: Still causing shenanigans with their anger and all that. But that's what makes them funny.

Heatblast: You said it Sunburn.

Lola: Yeah they are funny.

Sam S.L.: You got that right dudes.

Suzi: Awesome and funny.

El Diablo: That sure is funny. Lets do it!

They fired waves of fire and smashed him down.

Leo Corbett: OH YEAH!

Sunset Shimmer: That was amazing!

## Leni, Rarity, Sweetie Belle, Water Skylanders, Miia, Anko, Sea, Hydra, Mandee, Jackie, Fiona, Karai and Xion VS King Hiss - Lincoln's rescue

King Hiss was next.

King Hiss: (to Leni) I heard Lincoln's rescue was set during that Valentine's Day in Peach Creek. (sympathically) I'm sorry if you heard that Ed fell for someone else during that time.

Leni: Actually it was really funny! Ed was making out with a sandwich!

They laughed!

Leni: That was really funny! But we hurled our guts out when we saw Double D and May in love.

Rarity: BLECH! That is so repulsive darlings! Double D in love with Marie's former sister May!? (Shudders)

Sweetie Belle: Yeah after all the trouble May and Lee did, Marie made the right call to sever all ties to her so-called sisters.

---

Skowl the Startling was next.

Skowl: I heard your so-called sister busted out of prison earlier this morning.

Emily McKale: She sure did and I took your words into consideration and I have decided that I'm going to kill my sister. If she keeps on living she'll continue to break out of prison and cause a lot of damage and kill anyone that gets in her way. She tormented me for far too long and now it's going to end.

Skowl: Very wise decision. I'm sorry it has to end like this for her but there's nothing else that has to be done.

Air Man: Yeah her sister is a total monster. And in my opinion, Hell is far too easy for her.

Once worn, they'll get a massive power and energy increase.

Nico teleported back with the rings.

Mystic Force Rangers: MAGICAL SOURCE MYSTIC FORCE!

They transformed and were ready!

Megaforce Rangers: LEGENDARY RANGER MODE! MYSTIC FORCE!

The Megaforce Rangers turned into the Mystic Force Rangers too!

Nico: Lets do it!

Rangers: MAGICAL SPELL SEAL!

Nico: FIRE!

They fired waves of elements and the blasts all hit Flytrap and he exploded!

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Flytrap was dead.

Mystic Force Rangers: CHECKMATE!

Nico: Flytrap you have failed this world again.

Troy Burrows: Rangers that's a Super Mega Win.

---

We regrouped and we were facing Shido.

Me: Your time has come Shido!

Gia: You're gonna wish the zombies were still around when we're done with you!

Megaforce Rangers: LEGENDARY RANGER MODE! SAMURAI!

The Megaforce Rangers turned into the Samurai Rangers!

Nico: It's over for you Shido! You're finished! (FLARES UP AURA)

Shido: HOW DARE YOU!? ME!? FINISHED!? NO ONE SAYS THAT TO ME!

POW!

Nico punched him in the face and pulverized him all over the place with incredible fury and smashed and pulverized him more and then Intress, Kughar, Vinta, Wrenges, Nivenna, Tassanil, Crawsectus, Lore, and Eximiar smashed and blasted and pulverized Shido all over the place.

Nico kicked him in the stomach and smashed him all over and then Shido belched up a huge amount of blood. Over the oceans we fought brutally with Shido and really let him have it all over. But Shido was just getting started!

Shido was enveloped in a blood red aura and his power was intense.

Shido: I'd destroy all of us before I let you all live. Either way you all will never make it out of his alive!

Nico: We'll see about that!

He then formed a red energy ball and lifted it into the air.

Nico: Uh oh.

Me: Oh no.

Shido: Guess what. I just had a brilliant idea. I figured out how to beat you all.

Nico: Hmm?

Shido: Your power is all amazing but there's more to winning than that! Sometimes it's the smartest one who wins not the strongest! (Laughs malevolently)

Eli: OH NO!

Laney: NOT GOOD!

Lana: HE WOULDN'T!

Lola: OH HE WOULD!

Shido: NOW SAY GOODBYE TO THE MOONLANDS!

He then fired the energy ball and was going fast!

Shido: DIE PLANET DIE!

The energy ball went down into the ocean and it drilled through the crust and exploded!

KRABBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The energy blast went all the way down to the planets core and Shido was going to destroy the entire planet by blowing the planet to space dust and try to take us all with it! Then a massive explosion blasted out!

EXTREMELY MASSIVE EXPLOSION!

But luckily things didn't go as planned for Shido. We were all still standing.

THUNDERCLAP THUNDERCLAP THUNDERCLAP THUNDERCLAP!

A massive crater was formed in the area and lightning flashed and surged all over the place.

Shido: Darn! I held back too much power!

Nico: So you tried to duplicate what Frieza did on the planet Namek. But you couldn't go through with it after all huh? I don't blame you at all. Destroying all of us to make sure we don't win isn't any way to fight. It's just a sheer sign that you're nothing but a coward!

Shido: You just don't get it do you Chan. Like Frieza, I didn't intend on destroying myself. Just you and this worthless planet! When it goes boom then I will be victorious! 5 Minutes. That's how long you all have. This planet is still going to blow. The core has been completely disintegrated.

Nico: That's all we'll need. It won't take us that long to beat you and teleport out of here and the Moonlands will be part of Earth. Also you've overlooked one critical detail. I've known Frieza for a long time from my Saiyan Heritage and he had the power to breath in space. You on the other hand don't have that kind of power like we do. Now it's time to end this right now!

Nico flared up his power to the extreme and went Super Saiyan 3!

Nico: THIS BATTLE ENDS RIGHT NOW!

Nico flew at Shido and we all flew at him and smashed him all over the place!

Lava torrents were shooting up high into the sky and lightning was striking all over the sky and water was swirling up.

Nico: Whoa! That was a close one!

Eli: Yeah no kidding.

Shizuka: And now, we've seen the last of Shido.

Calamitous: And thank goodness for that.

Firefly: If we see another zombie, it'll be too soon.

Misty Tredwell: But knowing our luck, we'll probably see zombies in the future.

Cheshire: (to me and Eli) Now, I think it's time you two told us how you two know Evangelyne and Misuzu.

Nico: Let's wait until we get back home.

Leap Frog: The usual battles are done and Shido's dead. We've got plenty of time for a background story.

Nico: We got everyone out of there just as the planet was about to explode.

Eli: Yep. But I'll tell you all everything. I met Misuzu on an assignment in Japan when I was with Nunnally. I saw how frail and weak she was and I promised that I would help her out in any way I could and find a way to cure her disease. We got really close as a result and became like brother and sister.

J.D. 3: Same with me. She is a great friend.

Nico: That is so awesome. I met Evangelyne in an adventure before I joined the team and she is an awesome and amazing archer. I helped her kill Nox and made sure his reign of terror ended.

Evangelyne: That was so awesome.

?: I WILL FUCKING KILL YOU AND MY PARENTS FOR RUINING

EVERYTHING FOR ME, EMILY!

Emily McKale: I knew there's no mistaking that bloodthirsty deranged voice from anywhere. You can come out now, Amy.

A figure came out, and it was none other than Amy McKale, Emily's deranged and bloodthirsty older sister, who was sent to prison when she was eighteen, and now, five years later, she's now twenty-three years old with messy brown hair, bloodstained clothes from the guard she killed and ripped off his head, and her eyes were red and filled with unimaginable hatred, evil, and insanity.

Lori: Yeesh, looks like the five years you've been in prison have definitely made you even more evil and worse than ever, Amy. (Smirks) In fact, you've never looked better.

Amy McKale: (Growling Angrily) SHUT UP, BITCH! WHEN I KILL EMILY AND MY FUCKING PARENTS, YOU AND YOUR ENTIRE FAMILY ARE NEXT, ALONG WITH ALL OF TEAM LOUD PHOENIX STORM! I WILL DESTROY EVERYTHING!

Lincoln fired a rainbow laser blast from his finger, and it slashed Amy's cheek, causing her to bleed.

Lincoln: At least, now I know that once I marry Emily in the future, I won't be related to or deal with an animal like you, because you're going to die here like the demon that you are, Amy.

Emily McKale: My words exactly, Linky, and I've had it up to hear with you to last an eternity, Amy.

Suddenly, Emily McKale's blue eyes turned neon red, and she was surrounded by a red energy aura with wind gusts, she unholstered her large Elemental HERO Air Neos-themed sword from her back, and as she approached Amy McKale, she left red energy, wind gusts, and red flames with every step.

Emily McKale: Amy, I will never forgive you for all the crap that you've pulled on me and my parents, you've since proven to me that you're no sister of mine, you are a heartless, sadistic, deranged, evil, murderous, bloodthirsty savage who doesn't belong in this world. And now, I'll see to it that you will die a horrible death, and you'll be sent back to Hell, where you rightfully belong!

Suddenly, Emily McKale was surrounded by a massive vortex of red energy with red flames and wind gusts surrounding the vortex, there was an Elemental HERO Air Neos flying around the vortex, and in the vortex is a red phoenix. Then, as the vortex faded, Emily McKale emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Emily McKale grew from 6'0" to 6'5" in height, she still retained the body of a goddess and the clothes that Lincoln gave her grew a little longer. She has an Elemental HERO Air Neos holding the Wind Kanji in its hands emblazoned on her forehead, she has on Elemental HERO Air Neos earrings with blue crystals for the eyes and holding the Wind Kanji in its hands, and she also has an Elemental HERO Air Neos with blue crystals for the eyes and holding the Wind Kanji in its hands for the second pendant of her Thunderbird Necklace of Eternal Love. Emily's long blue hair turned red, and her massive blue angel wings turned red with blue tips on the large red feathers, her sleeveless white shirt, blue skirt, and blue ankle-length combat boots had turned red, and she had on red weighted bands with silver phoenixes on her biceps and thighs.

Emily McKale has on her new large cuff Bracelets of the Champions of The Universe with red gems on her wrists, Belt of Elemental Bravery with a large red gem for the belt buckle, Spellbook of The Gods and The Universe on her left hip and Eater of Sins revolver holstered on her right hip. There's a blue kanji below the Elemental HERO Air Neos on the back of her long red sleeveless trenchcoat that said, "Emily McKale, Gene-Slammer of the Elemental HERO Air Neos, Loving Youngest Daughter of Mr. and Mrs. McKale, Loving Future Wife and Defender of Lincoln Loud, Former Younger Sister and Destroyer of Amy McKale, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, and Master of Winds and Crimson Flames."

エミリー・マッケール、エレメンタル・ヒーロー・エア・ネオスのジーン・スラマー、マッケール夫妻の最年少の娘、リンカーン・ラウドの将来の妻と擁護者、エイミー・マッケールの元妹と駆逐艦、悪の殺し屋、狂った、殺人、冷酷でサディスティックな野郎、そして風と深紅の炎の達人

Emily McKale has transformed into SUPER ANGEL INFINITY HURRICANE WINDSTORM NEOS ANGEL OF LOVE AND WIND JUSTICE!

We were amazed by Emily McKale's Super Angel Infinity transformation, and when Lincoln saw it, he had an atomic red blush on his face and hearts in his eyes. But, when Amy McKale saw Emily, she screeched like an enraged wild animal and got out a knife and tried to stab Emily, but Emily fired a powerful blast of crimson red energy and wind, which hit Amy and knocked her to a wall, but she's not out, in fact, it made her even more furious.

Nico: (Stunned) Whoa. Emily's transformed.

Lori: That's literally awesome, and she's made Amy the Bloodthirsty Savage even more madder than ever.

Lincoln: Wow, Emily, you look beautiful. How do you feel?

Emily McKale: (Divine Echoing Cosmic Voice of The Hurricane and Eternal Love) **I feel incredible, Linky, and now, it's high-time to put a stop to Amy for good.**

Lincoln: Let's do this, Emily.

Me: Time to put her down like a mad dog!

Lincoln unholstered his improved massive Sword of Universal Hope and Elemental Bravery from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he joined Emily.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **This is the last time we deal with you, Amy, you bloodthirsty animal.**

Emily McKale and Lincoln went after Amy McKale, and they fired powerful blasts of rainbow energy, elemental forces, crimson red energy, and wind at Amy McKale, and they exploded with incredible power as they hit her. This made Amy McKale even more mad, as she tried to attack them, but Emily and Lincoln brutally beat her down, and they broke every last bone in Amy's body.

Emily McKale: **You ready to end Amy for good, Lincoln?**

Lincoln: **Let's do this, Emily.**

Emily McKale and Lincoln: **CRIMSON HURRICANE FIRESTORM OF JUSTICE!**

Emily McKale and Lincoln fired a massive crimson red energy blast with wind gusts and crimson red flames, and it transformed into a massive crimson hurricane, and pulled Amy McKale in and the red crimson hurricane exploded with her inside it, and it killed Amy McKale and her evil spirit was Super Hakaied and banished to Oblivion forever. We cheered for what Emily McKale and Lincoln did, as they holster their massive swords on their backs and power down, and the improvements and upgrades to Emily McKale's new body, clothes, weapons, jewelry, and angel wings are permanent. Then, she went up to Lincoln and hugged him, as she cried onto his bare chest, and Lincoln returned the hug, as he wrapped his abnormally massive and powerful muscular arms around her, and she was also being comforted by Lincoln's immense and infinite body heat.

Lincoln: It's okay, Emily, it's okay.

Emily McKale: Thank you for helping me with this, Lincoln.

Lincoln cupped his massive left hand on Emily's left cheek, and she looked up and looked into his deep sapphire blue eyes.

Lincoln: (Smiles Warmly) You're welcome, Emily.

Then, Lincoln, still embracing Emily, leaned down, and they kissed passionately as she wraps her left arm around his wider and muscular back, and her left hand was on his massive and wide right pec, and right behind them was a Thunderbird, Phoenix, and Elemental HERO Air Neos flying in the air, and we also saw a herd of Buffalo running across the field, and the colorful display of the elemental forces behind them. We had tears in our eyes and a smile on our faces.

TLPS Mr. Wolf: Wow, now, that's what I call an awesome display of romance.

Nico: You said it, TLPS Mr. Wolf, and Emily made the right choice.

Lori: You said it, Nico. Amy McKale was a bloodthirsty savage who hated everyone, including her own family, and I was so glad Emily and her parents locked her up, she was a danger to everyone around her.

Me: And Emily trained a lot for the moment when Amy would break out to get revenge on Emily for sending her to prison.

Nico: But, in the end, she and Koichi Shidou both paid the price for their desire for revenge, and now, we'll never have to deal with those two ever again.

Me: You said it.

Eli: Yeah good riddance.

Nico: Good job today everyone. Sorry we couldn't save the world of The Moonlands but at least we saved everyone.

Me: That's true. Thanks Commander.

Laney: This was an awesome adventure though.

Shizuka: (To the viewers) Hope you all liked this adventure. It was really action packed and so much fun.

Eli: It sure was.

Nico: Yep. Lets head home everyone.

We went back home to the estate and we got Misuzu to the infirmary to rest and we later enjoyed the rest of the day and went to sleep.

THE END

Another awesome chapter done!

This was a really awesome chapter. The planet of the Moonlands maybe destroyed but our adventures there will be many more to come. D'Resh is a desert land of the Moonlands and it was awesome. The girls are from the awesome anime shows Air (2005), Wakfu and Mother of the Goddess Dormatory. The first part of the chapter was for the awesome and really funny Angry Beavers episode Another One Bites The Musk and that was a funny one. It aired on March 29th, 1998 and it was really funny. The second part was for the Valentines Day Special episode of Ed Edd N Eddy called Hanky Panky Hullabaloo and that was a really awesome and funny episode. I know it's early but I wanted to show everyone what that was like. That episode aired on February 11th, 2005 and it was so funny! NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, Etstheclarencefan and ninjakingofhearts gave me the ideas for this and so did the guest reviewer. Thanks guys. Nico's next rescue is gonna be a scary one as he, Hailey Kirlian the Spheroid Gene-Slammer, Dana and Axel Adell go to Kamakura in Japan and they are going to save Kaede from the scary anime Elfen Lied who has Dissociative Identity Disorder and Nico is going to help save his friend from her own demons. They are also going to meet Hailey's twin sister who is also a Polar Manzardill Gene-Slammer. Her name is Sydney Kirlian. The next rescue for Lincoln is going to be for the movie Glass from 2019 and they are going to not only face Kevin Wendell Crumb and Elijah Price but also rescue an Elemental HERO Storm Neos Gene-Slammer. The next chapter is gonna be in the Moonlands yet again and we're going to the forests of Paradwyn to rescue 10 fairies of each of the elemental forces of nature. We're going to save them from Tarukane from Yu-Yu Hakusho and Yusuke and us have an old score to settle with him.

See you all tomorrow

# Paradwyn Fairies and Gangster

In Kamakura in Japan, Nico, Hayley Kirlian, Dana and Axel Adell were walking the streets and searching for the next rescue and something was telling them that it was gonna be a strange one.

Nico: Thanks for coming with me, Dana.

Dana: No problem Nico. It's gonna be awesome to go with you on this rescue.

Axel Adell: (Swedish Accent) It will be fun.

Hailey Kirlian: It sure will be fun. And I know we're going to see my sister.

Nico: I know.

Dana: Lincoln told us all about your awesome rescues so far.

Axel Adell: Yeah and sorry the planet of the Moonlands got destroyed.

Hayley Kirlian; It's all because Shido destroyed it.

Nico: Shido might be gone now. But there really will be more zombie missions in the future.

Hayley Kirlian: Yes there sure will be. And we're ready for them.

Dana: Yep. (See's something) Wait what's that?

They went over and then they came across a nasty bloodbath! Bodies and ripped up corpses were strewn all over the place and there was blood and organs everywhere!

They gasped in shock!

Dana: My god!

Nico: This is horrible!

Axel Adell: My god. Whoever did this must have a really nasty problem.

Nico: I think it might be another Live Action Decepticon.

Hayley Kirlian: I don't think so. Decepticon mutilations would be much worse than this. These wounds on these bodies they were all done by one person that has incredible supernatural abilities and has a nasty insanity problem.

Nico: (Gasp) Oh no! Kaede!

Dana: Kaede?

Axel Adell: Who is Kaede?

Nico: A friend that I saved from being hunted to be turned into a weapon.

Nico told everyone about Kaede and she is a red hair girl with horns that has Dissociative Identity Disorder and has a REALLY NASTY Killer instinct persona.

---

Lucy/Nyu (real name: Kaede) is the main character, main protagonist and Anti-hero/anti-villainess of the Elfen Lied series. The so-called 'Queen' Diclonius, Lucy, was an individual difficult to pin down by any standard of "good" or "evil" societal mores. She was both ruthlessly tormented and was also a sadistic tormentor to others, driven to a mental breakdown at an early age by the cruelty that surrounded her. Though she never expected to receive any form of love and acceptance from others, occasionally she got the chance to see that such things were, indeed, possible for someone like her. Her great love was Kouta, a boy she met when they were both children and again when they were young adults.

Kaede (楓 ?) was a young Japanese woman from Kamakura responsible for the murders of several hundred people. Kaede was the first of the diclonii, a human sub-species that emerged in the late

1990s and noted by their horns and ability to kill using high-vibrating arms called "vectors", which are invisible to normal human sight.

Elfen Lied is, beyond the extreme gore, violence, and otherwise, extremely uncomfortable subject matter, a tale defined both by her love for Kouta and her desire to atone for her past sins against him. This goal, while she's dogged by corrupt humans out to either take her life or re-purpose it to suit their aims. As a Diclonius, Lucy possessed power rivaled by very few others of her kind, and her control over her vectors was virtually second to none, possessing X with a range of two metres. She was also capable of spreading the Diclonius mutation to humans via infecting their parents with her vectors, a process capable of gradually replacing regular Humans with her kind, albeit mostly of sterile, rapidly growing Silpelits that were to serve as "drones" to her role as "Queen." This infection process, which is described as a virus, is used perhaps for lack of a clearer term.

Kaede's abandonment as an infant and life in a hostile orphanage environment in Kamakura played a part in her early violence, and she was forced to flee after losing control and killing several children with her vectors. As a young child, Kaede was not a suspect in the high-profile killings of families in Kamakura after the orphanage massacre, and was believed to have been abducted by the killer. Following a traumatic incident at a festival, Kaede killed several more in what was believed to be a terrorist attack. For several more years, Kaede continued to live in the area and killed people by inducing heart attacks, with the side-effect of survivors being infected with a heritable virus which resulted in diclonius children, dubbed "Silpelits". This got the attention of the Japanese government, who funded two institutes to investigate anti-Diclonius countermeasures and provided them with defense equipment. Kaede's location was deciphered by Dr. Kurama, who compared old case reports to track down who he dubbed "Lucy", and she was captured in a botched raid that resulted in the apparent death of a human friend of her's. From this, Kaede held a lifelong obsession with killing anyone he cared about. Kaede escaped after three years of captivity and returned to Kamakura though, suffering from head trauma and the shock of meeting her childhood sweetheart, Kōuta (or Kōta), she developed an infantile personality dubbed "Nyu", and was taken in by him and his cousin, Yuka. The Japanese government, recognizing the threat Kaede posed to the world, pressed for a renewed search and her capture or death.

## Birth

Lucy was born to the actual progenitor of the Diclonius race, her mother. Her mother was an ordinary human, though with the exceptional capability of giving birth to Diclonius who could reproduce (as opposed to the sterile Silpelit children) and was, apparently, the actual origin of the virus that spawned them. The series reveals nothing about the background of Lucy's parents. Throughout her short life, Lucy believed that both parents had abandoned her, leaving her naked in a field to die of exposure as an infant. Towards the end of the series, Lucy learned that only her father had shunned and tried to dispose of her. Her mother, realizing what he had done, spent the rest of her life searching for her, a quest that finally caught the attention of the wrong person.

Kaede was rescued and raised in an orphanage (possibly after being kept in an infant care facility), where she grew up believing her parents wanted her dead.

Captured by Chief Kakuzawa, Lucy's mother was held, studied, and forced to bear a son by him, committing suicide sometime after this occasion. Meanwhile, Lucy knew nothing of this and instead continued to believe both parents had abandoned her, a belief that leads her to harbor a deep resentment, and even murderous urges, towards them. It remains unclear if Chief Kakuzawa knew of Lucy's existence before Kurama and his son did, so the time frame of the conception and birth of Lucy's half-brother is also uncertain.

## Childhood

At the orphanage, Kaede was avoided and neglected by the staff, frequently bullied and referred to as an "Ox" (due to her horns), and told by the other kids that she should live outside. In an odd way, she understood this as the other kids using her as a way to distract themselves from their misery of being forgotten and abandoned. Lucy did little to prevent the abuse other than to refuse to react, presumably in the hopes they would tire of bullying her if they couldn't get any reaction from her. It remains unclear how or when Lucy and the other children learned of the story of her abandonment, but it seemed common knowledge at the site. Over time, her ignoring the bullying backfired twice over; it marked her off as emotionless and therefore more of a 'freak' and egged tormentors on, hoping to get a reaction from her.

As she matured, Kaede's vectors began to develop, though she had little understanding of what this meant at the time. Lucy eventually discovered a stray dog in the woods around the orphanage, whom she thought of as her first friend. Feeding the puppy on breadcrumbs left him still hungry, so she felt forced to give most of her dinner to it. During this time young Lucy, while holding her pup, sometimes heard and listened in on the singing of young Nozomi, who fled to those same mountains to hide her singing from her family, but the two never truly met during these times. When a boy named Tomoothrew milk all over her bag, a young girl saw and shouted for a teacher. Thinking of her as a new friend, Lucy, needing more food for the dog, told the girl about the puppy. However, although promising to keep it a secret, the girl soon told the boys about the puppy and its significance, and the bullies took it from the woods. After confronting Lucy in the classroom, the bullies brought in the puppy and began violently bludgeoning it to death (with a rock in the manga and a vase in the anime). The girl came in to intervene, admitting to telling them about the dog, as Tomoo casually revealed. Despite her apologies and protests that she hadn't known the puppy would be hurt, she was seen by Lucy smiling behind her supposedly covered eyes.

Feeling betrayed and enraged, Lucy unleashed her vectors for the first time, killing all of her tormentors in a swift, brutal manner. She then buried the dog, apologizing for not being able to protect it, and decided to go on the run. The orphanage regarded her as missing, perhaps taken away by whoever had murdered the other four children.

While burying her dog in the mountains, Kaede made the decision to go on the run, but was stopped by Kouta, a young boy on vacation who went into the hills to draw. The two formed a close bond much to the surprise and confusion of Kaede. However, these moments of happiness were not enough to stop her from following her newfound instincts and slaughtering entire families to use their houses for the night. Their time together was cut short when the Kaede's constant killings led to curfews which prevented Kōuta from seeing her. After three days, Kōuta took to sneaking out of the window for the two to meet up, and gave her a hat so she could hide her horns, oblivious as to why anyone would dislike them but wanting to help. As the final day of his vacation arrived, Kōuta and Kaede spent their whole day together and visited Nogeyuki Zoo. Kaede hoped to attend the Bonbori Matsuri festival at the Tsurugaoka Hachiman shrine with him, but was dejected to learn he had already promised to go with his cousin, believing herself to in fact be nothing more than a substitute for a girlfriend. Kaede began choking Kōuta in rage, but came to her senses seconds later and begged Kōuta to kill her if she couldn't stop her murder spree. A confused Kōuta ignored the remark and, understanding her feelings about going with someone else, lied about his cousin being a boy.

Kaede went to the Tsurugaoka Hachiman shrine that night to confess her feelings, but was shocked to find Kōuta talking to a girl, Yuka, who was crying at him having to go so soon. Kaede suffered another breakdown and experienced a dream where her victims and a manifestation of her instincts encouraged her to kill or she would forever have nothing to live for. In addition, the crowd at the carnival began to overwhelm her. Finally, Kaede surrendered to these murderous instincts and began brutally and indiscriminately killing festival-goers in what was believed to be a bombing. Kaede then departed for the Gokurakuji Train Station, intent on killing Kōuta and his family before heading back to kill Yuka. On the train, she was recognized by Kōuta's sister Kanae, who was a witness to the first killings at the festival. Kanae was cut in half, followed by the decapitation of her father. An angry and crying Kōuta then tackled Kaede to the ground and repeatedly demanded that she stop. Kaede was disturbed by the event, as she realized it was her own actions that prevented the two of them from being together.

## Meeting Kouta

While she stood at the puppy's grave, a young boy arrived and noticed her horns. Thinking he would just harm or deceive her further, she prepared to kill him. However, he, surprisingly, found her horns to be 'cool' and immediately wanted to befriend her. She thought he was attempting to deceive her and tried to leave, but Kouta persisted, promising that he would be there the same time tomorrow. In a sad touch of irony, Kouta's father did not let him out, because of the homicides happening in Kamakuracaused by Lucy.

Even believing that Kouta would never come, she hoped against hope and went to the place of the meeting, staying there until night, regretting what she saw as her foolishness in the rain. Kouta, loyal to his promise, snuck out during the evening and went to meet her, giving her a hat upon his arrival. The hat not only hid her horns but was the first actual gift she'd most likely ever received from someone. They agree to play together the next day. Kouta only came three days later, because of his father's fear of having a serial killer in the neighborhood. Since it was the final day of vacation and there had been no more murders in the past three days, his father acquiesced and let him go out.

Because it was the last day that he could stay with her, Kouta decided to take Lucy to the zoo and spend all day with her. Her fascination with the animals she'd never seen before and even something as simple as a flavored ice treat surprised Kouta, and he took delight in her joy. After their trip to the zoo, they visited a nearby river to play in the cool water since the day's heat was bearing down. In the manga, Kouta gave her a jade stone he found while playing in the river. While waiting for their clothes to dry, Lucy remarked it was the best day of her entire life, even mildly embarrassing Kouta when she showed no modesty. Oddly, at this time, Kouta never learned or asked the name of his new friend. In the story, Lucy never refuses to answer; the subject apparently just simply never comes up.

During the bus ride back to town, she felt regret that she couldn't spend time with Kouta anymore. When she learned he was going to a nearby festival for the last day of his visit, she begged to go with him, but he said that he promised to go with his cousin. A voice inside her head said to her that Kouta must be going to the festival with another girl, and said she would better off killing him now, so as to avoid suffering later. As Lucy internally challenged the voice, she awoke to find herself choking Kouta, and stopped, terrified of her actions. She begged a puzzled Kouta to kill her if she ever ended up killing lots of people, but brushed the topic aside when he asked her what she meant. Before parting ways, Lucy cautiously asked Kouta whether his cousin was a boy or a girl. Not wishing to hurt her feelings, Kouta lied and said his cousin was male, and she, relieved, thought to herself that she would probably have killed him if he said his cousin was a girl.

After Kouta had gone back to where he was staying, Lucy decided to visit the festival anyway so she could confess her feelings toward him before he left, as she was sure to regret it if she didn't. While there, she saw an upset Yuka hugging Kouta and begging him not to leave. Shocked he lied to her, Lucy fell into a mental breakdown and was tormented by hallucinations. One such illusion was Kouta saying that he could never be friends with a "weirdo" like her and that he had only been nice to her because he adores strange animals. As she broke down further, she saw her orphanage tormentors as horrific specters, also saying there was no place for someone like her, and that lying to her wasn't the same as lying to a *real human being* . The Voice of her Diclonii instincts took the mental image of Lucy herself, first covered in bandages. As the bandages fell away, the specter smiled at her with a cold and psychotic expression, saying she couldn't coexist with humans. The Voice proposed she join her, as with her powers, they could make a place in the world all of their own. Overcome with despair, Lucy accepted her other self's offer, sealing her fate by performing a proverbial "deal with the devil."

In a rage, and corrupted by her inner voice, Lucy began brutally and indiscriminately murdering many people at the festival. This slaughter was reported later as a bomb attack, though Kouta's little sister, Kanae, who possibly had the extraordinary gift to see her vectors, ran away and told her family that she saw people killed by a horned girl. Kouta immediately thought of his friend, but he didn't believe in his sister's story. With summer and their visit over, Kouta and his family boarded the train for Hokkaido and said goodbye to Yuka and her mother. Lucy watched with contempt as Kouta comforted a tearful Yuka. On the train, Kanae insisted her story was true even as Lucy strolled into their car on the moving train. Kouta angrily denied Kanae's account that Lucy could be responsible and slapped her, reducing his little sister to tears when he said he hated her. Lucy then ripped Kanae in half and beheaded Kouta's father, telling the horrified boy Yuka was next as she turned to leave. In a grief-borne rage, Kouta tackled her and shook her senselessly, begging and screaming at her to stop killing. Lucy came to realize that her actions had not brought Kouta closer to her but instead hurt him immeasurably. By her actions against him, Lucy lost herself any chance of earning his affection. Shaken to her core, Lucy ran away, leaving a broken and sobbing Kouta on the train with his massacred family.

## Capture

For the next five years, Kaede did her best to avoid drawing attention to herself. In her efforts to survive, she naturally killed many people but avoided sudden violent outbursts. The majority of her victims would suffer heart attacks after her vectors damaged their blood vessels. She would then use the crowds that gathered around the fallen to infect males with the Diclonius birth virus. As these murders and the instance of Silpelit births multiplied throughout Kamakura during this time, Kuramaand Kakuzawa pieced the information together with the Festival and orphanage murders she also caused, realizing the murderer in the latter must surely be the source of the Silpelit infestation. This suspicion solidified when they found a picture of a horned child who was noted to be missing since the time of the massacre in the orphanage.

Kaede befriended a young girl named Aiko Takada who liked to draw. Aiko too, was lonely, dealing with an abusive father and hoping to reunite with the mother who abandoned her. When Aiko accidentally killed (or at least felt she had) her enraged father, the two were accused of murder and ran away from the scene, hoping that the girl could see her mother, who was having an art show at a nearby museum, once again. After hiding in the hall, Kurama found them two and ordered the forces with him to open fire. Aiko jumped in the way of the gunfire to save Kaede's life. In exchange for a promise of immediate medical attention for Aiko, Kaede surrendered to Kurama. After being imprisoned within the Diclonius Research Institute, Kurama informed Kaede that Aiko had died from her wounds, also asserting that she could have lived had they simply given up and that Humans only wanted the Diclonius race to co-exist with them. Kaede refutes this, stating that nothing Humans did indicate wanting co-existence. As vengeance for Aiko's death, Kaede promised Kurama she would make him suffer like she did, that she would make his world fall apart around him the same way he did to her.

## Escape

It was during her three-year imprisonment within the facility that she gained the moniker "Lucy,"courtesy of the researchers. She also quickly gained a reputation as a casual murderer, prompting all to keep back from her containment area. The series relates nothing of her care and feeding during this period. With her power growing and the difficulty of keeping her under watch increasing, the staff devised a new more secure holding area. During her transfer from the original holding area to the new one, a security guard dropped his mobile phone into her strike zone, and Lucy used it to cut his arm off, and in the resulting panic, killed him and his partner. The man possessed a key to the cell, which she retrieved and unlocked. The conditions for this opportunity were later revealed to be part of a plan by Professor Kakuzawa. Now free, she made her escape, slaughtering tens if not dozens of security guards. Eventually, she found Kurama and a group of guards, fully armed and standing within a perimeter, not to her advantage. Kurama's secretary Kisaragi clumsily entered the room and was taken hostage by Lucy. Lucy then ripped her head off and used her body as a shield against gunfire before killing the guards, further driving in her promise to Kurama that only he would live to suffer. She made her way to the exit, and as she peered over the cliffside, Kurama had a sniper use a .50 caliber rifle to fire at the back of her head, which was supposed to kill her instantly. However, she turned her head towards the sharpshooter just before firing, resulting in the bullet hitting the helmet instead. The force of the impact knocked her unconscious and also threw her over the edge and into the sea.

When she finally came ashore, Lucy emerged on Yuigahama, the coastal beach near Kamakura. By sheer coincidence, she happened to have been found by an amnesiac Kōuta and Yuka as they walked along the same beach. Because of the blow to the head she had suffered, she temporarily lost her memory and developed a childlike and ignorant personality, only able to make the sound *Nyu*, which prompted the two to call her Nyu. They took her with them to Kōuta's new home - Maple House. At the start, Nyū knew little of hygiene and other forms of restraint, but she began to learn slowly over time.

Her impulsive nature, while gentle and well-meaning as Nyu, caused trouble right from the start. Seeing that a keepsake seashell, a gift from Kōuta's sister Kanae, was making him sad, Nyū snapped it in two. This seemingly random act sparked outrage in Kōuta, on more than one level. Not only was his memento lost, but the person who had killed his sister enacted the same fate on her keepsake. This knowledge, though, was kept back from him by his amnesia, the result of the trauma he witnessed as a boy. He yelled at Nyu, who ran off crying, till at last Yuka and then Kōuta himself went out to bring her back. As he left to join Yuka in the search, Kōuta had a suspicious encounter with two Kamakura police officers, sent out in pursuit of the killer Lucy.

Version depending, either both Yuka and Kōuta or just Kōuta alone found Nyū digging at the edge of the surf. Tearful (perhaps both as Nyu, and as Lucy, realizing somehow that she had once again hurt Kōuta), it was revealed she was digging for a replacement seashell. As a becalmed Kōuta thanked her and coaxed her to return home with him, the duo/trio found themselves assaulted by members of Japan's elite Special Assault Team, led by the ruthless and highly skilled Agent Bando. Quickly rendering her companion(s) unconscious, Bando relished the idea of testing himself against a killer like Lucy, only to be disappointed by the infantile Nyu, striking her only to get tears and confusion. Believing her to be of no consequence, Bando ordered his subordinate Satou to execute the horned girl summarily. Lucy, awoken by the blows Nyū took, ripped Satou to pieces and then faced down a stunned Bando, who at first was delighted to meet a real challenge.

This joy rapidly evaporated as it became apparent that Lucy knew how to use her destructive power strategically. She also showed that she could improvise, placing Bando on the defensive and quickly shutting down any plans he made to surprise her. Before he knew it, Lucy stood above Bando, firearm in hand, his position all but hopeless as Lucy began to slowly maim and dismember him, taunting his curses and expletives as the torture kept on. As she prepared to finish Bando off, Lucy saw an object in her hand. It was the replacement seashell Nyū had obtained for Kōuta, and the reminder was enough to force Lucy back into mental slumber. Panicking, Nyū tearfully darted off the beach, leaving the gravely wounded Bando and passing the beach shelter of a homeless girl named Mayu and her small dog, Wanta.

Nyū sought out Maple House and Kōuta, who found her on the outside steps in the rain. Kōuta, who had been taken to the hospital and had an encounter that only deepened his suspicions of the police, was now determined not to turn her over. Despite, or perhaps because of some awkwardness between Kōuta and the innocent yet always curious Nyu, Yuka agreed with this as she moved in, supposedly to keep an eye on the pair. Yuka also bought Nyū some clothes, including a tasseled cap that she is often depicted wearing in fan art. While Kōuta and Yuka struggled with his new limitations, Nyū engaged in childish antics that seemed mainly to get Kōuta in trouble, though occasionally bedeviling Yuka as well. Lucy was absent until the girl from the beach, Mayu, came to Maple House seeking to return a piece of property lost in the struggle that same night. As Kōuta asked Mayu to confirm the presence of soldiers that night, Nyū lost her balance and took a blow to the head, which seemed to awaken Lucy again. Lucy seemed set to murder all three Humans present, till she recognized Kōuta and withdrew. In a telling moment, she paused on the way out of Maple House, slicing the leash but not harming Mayu's dog, Wanta. Oddly (though as time would prove, characteristically), Kōuta and Yuka did not challenge her as the suddenly coherent Nyū walked out. Wandering for a short while, unclear on where she even might go, Lucy encountered her second would-be agent of retrieval. This adversary was a Diclonius like herself, born from one of the countless men Lucy had infected in her travels. She was called Nana, and though Lucy didn't learn this right away, she considered herself to be the daughter of Lucy's arch-nemesis, Kurama.

Since the two could sense each other's approach, Nana quietly walked up to Lucy and requested her return to the Institute peacefully, an offer Lucy refused. She also warned Nana to leave, calling their species 'real people' as opposed to Humans, and having no desire to hurt her. Nana refused, feeling her status before her 'Papa' Kurama dependent on bringing Lucy back when in fact she was exceeding her mission of observation already. A battle began, with each surprising the other regarding raw power and skill. As it became ever more brutal, fortune fell Lucy's way when Mayu, who recognized Lucy as Nyū from Maple House, attempted to intervene, distracting Nana. Lucy used this opportunity to slice one of Nana's legs off, before batting Mayu away and proceeded to tear off all of Nana's remaining limbs. Once again, fate spared her victim before the killing blow, leading to a new confrontation with Kurama at the head of a rescue/sniper squad. Determined and more skilled than Lucy allowed for, Nana was able to temporarily disable Lucy's vectors, allowing her 'Papa' to survive a direct assault on Lucy. Lucy, not only powerless but feeling Nyū slipping back into control, fled the scene, the assembled soldiers frozen in fear by her deadly reputation. As Nyu, she once more made her way back to Maple House and was among those who welcomed Mayu when she agreed to live there permanently. Again, her unexplained absence was mostly overlooked by her housemates.

At some point shortly after this, the cousins came to realize that they could not leave Nyū alone at home while they went to college, so they thought of a way to take her with them. One or both of them would attend classes with Nyū in tow, instructing her to draw no attention, making staff and students think she was just another student. Nyū proved easily confused and led off, even running into Lucy's wounded nemesis Bando before Kōuta found her. She slowly improved her social and speaking skills, but this would prove her short-term undoing. A class the trio attended had as its instructor the dismissive, arrogant Professor Kakuzawa, son of the man who ran the Institute that Lucy escaped. When Nyū could not avoid saying the only word she knew besides her name (Yes!), the Professor immediately recognized her as Lucy. Deceiving and manipulating her would-be guardians with talk of being Nyu's uncle as well as threats of legal action, Professor Kakuzawa forced Yuka and Kōuta to yield up custody of the infantile girl. As they left, Nyū cried out for Kōuta, placing the cousins in tears after they were well away. In his private lab beneath the classroom areas, the Professor drugged, stripped, and made ready to rape Nyu.

To his surprise, the drugging once more brought out Lucy, who found her vectors finally returned after Nana had disabled them. With his plan to forcibly mate with Lucy and counter what he supposed to be his own father's intent to do the same on the rocks, Professor Kakuzawa moved to form a conscious alliance with Lucy. He explained several things to her, including his role in planning her escape, and his family's Diclonius heritage, diluted by generations of inter-marriage with non-horned Humans. His florid grandiose talk held no appeal for Lucy, leading to the Professor's decapitation before Lucy departed the lab.

Back in Maple House, Mayu challenged the veracity of the Professor's claims about Nyu, leading Kōuta to return to the school to retrieve Nyu. Encountering the Professor's overworked assistant, Doctor Arakawa, Kōuta and the Doctor faced the Professor's remains. For the first time, Kōuta learned that the condition of having horns was considered a disease, doubling his resolve to keep Nyū from authorities. This resolve was moot for the time being as Lucy escaped into the town, fighting off the reversion to Nyū while also killing some bystanders.

Kōuta and Yuka began to search for Nyu, who had remained as Lucy despite her fears. Another fear presented itself when she saw the two together, prompting her to recall her first childhood meeting with Kōuta, as well as it's tragic outcome. Resolving to put Kōuta out of her life, and herself out of his, Lucy pretended to be a coherent Nyu, saying she had regained her memories and found her family. Kōuta surprised her by calling out the iffier parts of her story and by not wanting her to leave. Once more, Lucy resolved to have done with him, this time by confessing her murder of his family, theorizing it would surely drive him away for good. As she spoke she faltered, both from the guilt over her crime (this crime, anyway) and from the desire to stay with Kōuta. Unable to handle this rush of emotions, Lucy withdrew as the childlike Nyū came forward. After annoying Yuka yet again with a persistent embrace, the three returned to Maple House, where not one but two new residents were soon to join them.

As Nyu's omnivorous sexual escapades (including quietly cuddling nude next to a sleeping Kōuta and groping both Yuka and Mayu) continued, Yuka prepared the house for a visit from her high school kohai, a girl named Nozomi. After an awkward introduction to Kōuta, Nozomi enchanted the house with her singing talent, most notably Nyu. However, after offering to teach Nyū a song, in this case, Elfenlied, Nyū crossed a line that for many fans are as controversial and off-putting as anything her Lucy persona ever did. Before a stunned Nozomi could react the always curious Nyū shoved two of her fingers into Nozomi's vagina until she climaxed, stunning Nozomi, who did not correct Kōuta and Yuka when they entered and thought Nyū was "merely" groping at her breasts. When Kōuta chastised her for this, Nyū made plans to shock-scare him by jumping out of a closet when he next passed by it. This prank would not go as planned.

### Nana and Mariko

Away from Maple House, Mayu reunited with Nana, who had been given vector-respondent artificial limbs by Kurama and sent away from the Institute to evade Chief Kakuzawa's execution order. As they talked, Nana realized that Nyū might be Lucy, traveling with Mayu to Maple House so to confirm. At first not sensing Lucy, Nana prepared to leave when Nyū surprised her instead of Kōuta. Panicked and angry, Nana began attacking Nyu, leaving them in tears when Kōuta and the other residents defended Nyū and yelled at her instead. Mayu pursued Nana for an explanation while Kōuta and Yuka attended a feverish Nyu, not realizing as she shifted to an equally ill Lucy.

Again recalling her lonely childhood, Lucy came to the conclusion that she could only stay with Kōuta as Nyu. Any other way risked harm to Kōuta or rejection for herself, if and when he recovered his memories. Not ever wishing to leave his side, Lucy forced her personality as far back as possible, allowing Nyū to predominate. Awaking as Nyu, she was told by Kōuta about his regret over his last harsh words to his little sister Kanae. With some wish to see Kōuta happy and perhaps some subliminal guilt over Lucy's actions, Nyū cut her hair and trimmed her clothing to look like Kanae. In this limited guise, she forgave Kōuta as Kanae. Realizing her misguided but loving intent, Kōuta embraced Nyu, keeping to his usual timing in these matters as Yuka returned just in time to witness this. Realizing Yuka had left, Kōuta pursued and found her on Yuigahama Beach.

In the meantime, Nana, who had briefly sensed Lucy before she withdrew, returned with Mayu. Nana allowed the information her nature provided to override her dread, fear, and anger and realized that Nyū was for all purposes a separate person from Lucy. However, she did not relent from keeping watch over Nyu, all to see if Lucy returned and posed a threat. For her part, Nyū seemed happy to have a new friend, making small gestures to try and make Nana more comfortable, of course never realizing the source of her enmity. Nana was not there long when she sensed the presence of the Diclonius called Number 35 by the Institute, brought in to execute her and recapture Lucy. Feeling she was a threat to the people in Maple House, Nana departed to confront # 35, only to discover this was a girl younger than herself. After initially butting heads with Nana, Kōuta became concerned and went to find her, hoping to bring her back to her new home. A crowd and barricade at the bridge to Enoshima Islandstopped Kōuta and Nyū dead in their tracks, though the rambunctious Nyū got past.

On the other side of the bridge, both a dramatic Diclonius battle and a wrenching family drama played out. Number 35 was Mariko Kurama, the Diclonius daughter of Lucy's nemesis Doctor Kurama, and in a sense, Nana's sister. At first, Mariko's greater raw power ruled the day, battering Nana mercilessly. However, Mariko made the mistake of taunting Nana with the death of her 'Papa' (not yet knowing this man was her father as well and in any event believing the worst of him), leading Nana to successfully counter-attack. Seizing the advantage, she disabled Mariko's power as she once had Lucy's. The arrival of Doctor Kurama both calmed and escalated matters, with both girls learning Mariko's identity. Mariko was at first enraged by Kurama's resolve to kill his child, to stop her from being a danger to herself and others, but Nana forced a reconciliation (with some rather large bumps and twists, best covered elsewhere). This brief peace was made all the more fleeting by the arrival of two new players. The first was Kurama's former secretary Shirakawa who told how Chief Kakuzawa was planning to unleash a weaponized version of the Diclonius virus meant to overtake the entire globe. The second was Nyu, who only wanted

Nana to return home. Realizing that Nyu's state of mind rendered her powerless, Kurama tried to use her (or Lucy's) life as a bargaining chip to stop the Chief's plans. This hope proved pointless as the false satellite launch went off without any interference. Resolving to deprive the Chief of at least one of the pillars of his plans, Kurama ignored Nana's pleas and shot Nyū in the chest. This threat brought Lucy to the forefront, saving her life and placing everyone present in mortal danger. The Lucy they faced here was easily at her most sadistic and cruel. Lucy immediately began to threaten and taunt her assembled enemies, personally assuring Nana and Kurama that neither would survive this encounter. Mariko, who had forgiven her father and who had recovered both her powers and state of mind (she had been in a mental state like Nyu's) now challenged Lucy. Mariko, who had bombs embedded in her since birth, knew they might soon explode and sought to trade her life for her father and Nana's. Despite the best efforts of Kurama and Shirakawa, the control mechanism for the bombs was destroyed by Lucy, with Shirakawa beheaded. Blindsided by worry and by the force of Lucy's attack, Mariko lost her legs to Lucy's power, making her vectors too difficult to use amidst the pain. Clinging to Lucy as the countdown concluded, Mariko died in an explosion that also took off Lucy's horns. Once again, Nana pleaded on the helpless Nyu's behalf and stopped Kurama from executing her on the spot. In the aftermath, Nana took Nyū and found Kōuta, who walked them back to Maple House. Lucy was apparently gone for good at this point, though Nana promised Kurama she would kill Nyū if Lucy came back. The first phase of Chief Kakuzawa's grand plan was in motion; Lucy remained his target for the final steps. Related to Nana, the story's narrative resumes six months after Mariko's death.

## A New Nyu, Old Threats

According to Nana, the most dramatic change over the course of those six months was the sudden maturing and coherence of Nyu. Absent any signs of Lucy's return, Nyū was a young woman in every way, fully participating in the household, only showing signs of her infantile self when made nervous or when "compelled" to grope Yuka's breasts. In a sign of just how far she had come, Yuka had no qualms about striking Nyū the way she once did Kōuta for such an intrusion. Nyū now traveled to class with them again, this time able to keep from drawing attention to herself. Nana, who correctly felt that this period of peace could not last marveled as the recent mass killer Lucy gently and lovingly attended to a small distressed baby bird.

Nana's prediction came true several times on several fronts, almost all at once. At Maple House, the vile Kakuzawa operative the Unknown Man invaded the home, injuring Nana and nearly raping Mayu before being turned back by Bando. At college, Kōuta, Yuka, and Nyū found themselves cornered by the increasingly desperate Doctor Arakawa. The scientist even attempted to take Nyū hostage, before realizing just who her hostage was, releasing her in a blind panic. In the aftermath of the intruder's assault, the three encountered Bando, who recognized Nyū as Lucy. Mayu, who had even advised Nyū not to go down to the beach for fear of this confrontation (early on, she reasoned Bando might be looking for Nyu) saw herself chastised for her deception. Nyū was shot by Bando, with no better luck than Kurama's attempt. An awakened Lucy regretted disrupting the peace she had found but accepted Bando's challenge to meet him back at the beachfront.

The battle began quickly, but it was far from a one-on-one, and Lucy did not have the advantage she did when she first fought Bando. The former soldier had cleared the beach of debris and laid down several booby traps to weaken and disorient her. Lacking anything to throw, Lucy tore the head off of the suddenly worshipful Unknown Man and launched it like a missile at Bando. Bad timing and miscalculations also lessened the value of Bando's prepared tactics. Nana attempted to aid Bando against Lucy, but her prior wounds left her too weak. When Lucy managed to sever one of Bando's arms again, Mayu realized that Lucy had been the one who severed Nana's limbs. With a regretful pause, Lucy decided to kill Mayu, rather than risk her waking Kōuta's lost memories as well. Despite harsh words towards Mayu for her deception Bando rushed in and took the blow meant for the young girl, which split him in two. However, as he fell, Bando also managed to shoot one of Lucy's regrown horns off, sending her fleeing from the battle. While Mayu and Nana mourned the dying Bando, Nyū took control once more, and once more was scared and horribly confused. Nana swore to kill Lucy when next they met, even if she was Nyū at that point.

As Nana and Mayu sat and talked through their bizarre situation, and as Kōuta reluctantly sought the biased input of Doctor Arakawa, Nyū wandered a nearby forest, trying to find those she considered her family, even if they now had cause to think otherwise of her. In a stroke of bad luck, she happened to Nana and Mayu while they were discussing Lucy and how to deal with her. Horror-struck, Nyū attempted suicide by slashing her wrists but found herself not able to go through with it. Still not wishing to live as the killer Lucy, she returned to face Nana, hoping the younger girl would kill her. For her part, Nana was further enraged to realize Nyū was using her as a means to commit suicide. However, Nana's warm feelings for Nyū were genuine, so she lied and said that Nyū was not the same person as Lucy. Whether Nyū believed this is debatable, though perhaps she merely appreciated Nana's caring enough to spare her a harsh truth.

With the aid of a persistent Wanta, Kōuta came upon the trio insisting that they all return home to Maple House. His heartfelt and even angry plea of concern about them all broke through the doubts of both Nana and Nyu. Though they finally went back with him, events had reached the point of no return. Kōuta had planned to finally press the horned girls and Mayu for any secrets they had kept from him, fearing for their safety and the safety of their home. Unwittingly, Kōuta himself had already ended their family's peaceful existence. Unknown to him, after rejecting the advice of Doctor Arakawa, Kōuta had been followed back to Maple House by the ambitious scientist who promptly alerted Chief Kakuzawa as to where Lucy lived.

## War With The Chief

A quiet dinner, in which the only tense subject was awaiting Nozomi's music school entry results, was sundered by the entry of armed troopers, in tandem with an Intelligence Agent, a scientist more ruthless than Arakawa, and three clones of the late Mariko Kurama. Nyū watched in terror as she saw Maple House invaded and her friends assaulted. Her manner and position remained unprovocative; so much so, it took the force's leaders a few moments to recognize her while securing the other residents. In the interim, both Kōuta's and Nana's efforts to either turn back or gain information from the invaders resulted in their undignified injury and disabling. Upon realizing who Nyū was, the technical Commander, Doctor Nousou, commanded his three viable Mariko clones, Alicia, Barbara, and Cynthia, to hold 'Lucy' against the nearby wall with a chokehold. Unaware of their target's nature, the attackers began dangerously escalating their efforts.

The defeated Nana was held up like a limbless doll or trophy by the arrogant Nousou; Nozomi was kept in a chokehold, potentially ending her singing career. When Yuka objected to this treatment, she was shoved and held face down, while the crowd of men likely did nothing for Mayu's peace of mind. The last straw for Kōuta was the sight of little Wanta kicked away by one of the steel-booted soldiers. Grabbing one of their guns, Kōuta held Nousou hostage, even adjusting his tactics to meet the ante of the doctor's taunts. Either uncaring or simply so desperate that he forgot his position, Kōuta was shot by The Agent, who needed Nousou alive for a variety of reasons. As Wanta was the last straw for Kōuta, so was seeing him fall the last one for Nyu. In her shock and rage, for the first time in the series, Nyū exhibited vectors like Lucy's and was now just as willing to use them.

Her horns regrown to demonic size, Nyū ripped through a great many of the soldiers as well as Cynthia, one of the Mariko clones. Though wounded, Kōuta witnessed Cynthia torn in half, something both Nyū and Lucy would soon have cause to regret. Nousou's efforts to regroup with the remaining two clones proved futile as Nyū moved forward relentlessly. Sighting helicopter guns and transport ships outside the house, Nyū gives way to Lucy herself, who destroys the ships to one, raining debris down on the retreating Nousou, killing another of the clones (Alicia) who is defending him. As she left Maple House, Lucy heard Kōuta plainly say that his memories of how his family died had returned, this while glaring at her. Resigning herself to the inevitable, Lucy departed for the last time, charging Yuka with caring for Kōuta and Nana with protecting the house and their family. Once outdoors, the Agent ambushed Lucy, and used the dying Cynthia first to knock one of her horns off, then when she was on the ground, to shoot off the other. Deranged and lost at this point, Lucy's old enemy Kurama finds his way there and cradles the dying Cynthia, thinking she was his late daughter

Mariko. When the clone passes on, Lucy taunts Kurama once more for it, and the two bitterly recall how they first met, including the tragedy that led to Lucy's capture before the series began.

While Kōuta began to recover in the hospital and while Nana struggled with both Yuka's mother and her 'Papa' Kurama, Lucy was bound over by the Agent and taken back to the Diclonius Research Institute. Nyū awoke restrained in the underground grotto beneath the facility, nude and with her horns starting to regenerate. In the custody of Chief Kakuzawa, she also encountered the Chief's daughter, Anna, transformed into a living computer and behemoth. Kakuzawa confirmed that she was the killer Lucy, a great shock and sadness for Nyu, who only wanted to return home to those she saw as her family. Showing a feeling of control (justified or not) the Chief released Nyu, who showed modesty uncharacteristic of either Lucy or her former infantile self. He also began to make his case for an alliance between himself and Lucy, with her bearing the children of the new world order. Explaining that the persecution of his ancestors, who he sees as the first horned people, or Diclonii, shows Humanity's true nature, the Chief says that their destruction is inevitable. When Nyū rejects his biased, self-serving notions, the Chief orders Anna to attack Nyu, which she does with her massive arms.

The tables turn when Lucy seizes control from Nyu. With more potent vectors, Lucy is both more experienced with and more willing to use them than the gentle Nyu. She severs one of Anna's monstrously large arms, and then the other when Anna persists in attacking her. Simultaneously, the island erupts with vectors' power and begins the process of its destruction. The narrative does not make entirely clear whether this is the result of Lucy's battle with Anna or the reaction of the Clone Diclonii (rejected clones of Mariko Kurama) to the anti-Diclonius birth vaccine created by Doctor Arakawa. Whatever the health of the island, Lucy's health falls into question as she weakens, coughing up blood as Chief Kakuzawa reveals that high-end usage of her powers reduces her body's integrity. Ordered to stand down against Lucy, Anna makes an attempt to relay what she feels is vital information, but Kakuzawa blends this into his beliefs about what will happen at that moment. Sarcastically musing that between Kurama and Kakuzawa, her enemies seem to wait for her presence to have parent-child discussions, Lucy received a great shock, perhaps the greatest of her young short life.

Perhaps seeking to disorient her further and gain Lucy to his side, the Chief told Lucy that only her birth father had tried to abandon her. Her mother not only opposed what he did, but she also spent the rest of her life searching for her daughter. Sadly for the mother, her search seemed to place her in the crosshairs of Chief Kakuzawa who captured and imprisoned her, resulting in her rape by him. This assault led to a male heir, Lucy's half-brother whom Kakuzawa introduced as her potential mate, to keep the new Diclonius line pure. As noted elsewhere the boy's age and the timeframe of his mother's imprisonment are difficult if not impossible to determine from evidence in the story itself, though the problems are not wholly unresolvable. Also of note is Lucy's apparent reaction or non-reaction to the news that her mother always loved her, a fact that contradicts much if not all of her world view. While later developments would indirectly indicate the news did have an impact on her, the character neither introspects nor muses upon what seems crucial personal information.

Lucy gave the father and younger son the same answer she gave the elder son, this by swiftly decapitating both of them before delivering news of her own. This revelation was the same information Anna had been unable to provide for fear of breaking his dreams. Lucy, who could sense others of her kind, had never sensed anything from the Kakuzawas save for her half-brother, this because they were not Diclonius despite their family's beliefs. The horns the males of their clan (or at least the Chief and the Professor, no others are seen) hid beneath hairpieces were not the vestiges of non-Human lineage but merely a scalp mutation that caused first discrimination and then a family mythology to comfort and compensate. Lucy tauntingly asked Anna if she had known of their heritage which the behemoth confirmed while seeking to avenge her father. Lucy made short work of Anna while spotting something that seemed to confirm Kakuzawa's earlier claims of not being a cruel parent. At this time what she saw remained unknown. At the very end of the manga, not only would Anna be shown as alive but that her monster form was a shell for her unaltered body. Lucy did pause to apologize to the remains of her younger brother saying that even though he had done nothing wrong, there was no bright future for their kind and that their race must end. She also realized that her own time would soon be at hand. Though unstated, possibly she feared the boy's exploitation in further Diclonius experiments and living life as miserable as her own had been.

Leaving the grotto and the dead Kakuzawas behind, Lucy made for the surface of the sinking island. Once there, Lucy had a very brief confrontation with an obsessed government operative whose attack vehicle proved an expensive toy against her. She also confirmed to Doctor Arakawa via a gesture and nod that the Chief was dead. In a scene not depicted, Lucy found a floating escape pod like the one Kurama had sent Nana away in as the island's existence finally came to an end. In a manner never explained, Kōuta somehow knew of her approach to that same stretch of beach they met as young adults on and left the hospital despite his wounds. He was waiting for Lucy as she came ashore, but this time, both of them had their full memories. As their confrontation began, Kurama and Nana also bore down on their position, in addition to the Japanese Self-Defense Forces.

## The End

Kōuta already seemed distant to Lucy as she arrived, and this distance between them would only grow. This coldness was immediately apparent as Kōuta all but demanded the nude Lucy wear his coat, while stubbornly refusing to return to the hospital. His collapse while attempting to walk leads to Lucy carrying him to the entrance gate of the Enoshima Sea Candle, a lighthouse, and observatory completed after the death of Kanae, who had wanted to see it. Once they reached the summit, Kōuta asks why Lucy murdered his family, and why she has killed others. Unfortunately for Lucy, her explanations of her nature to spread her kind across the planet and of the voice of her DNA driving this do not even begin to satisfy Kōuta. Her exact explanation as to why she killed Kōuta's father and sister is inconsistent as well, saying she wished to end her attachment to any Humans; in the past, she had seemed to call it a transactional payback for a betrayal, while still wanting to be around Kōuta. Later, when circumstances caused Nyū to emerge, she saw it as a chance to begin again and redeem her relationship with Kōuta, absent the baggage of memories. Whether her motives or beliefs were clear or muddled, she offered up an apology for murdering Kōuta's family, hoping it would be enough.

Breaking her heart, Kōuta made it explicitly clear that he would never forgive her for killing Kanae and their father. Kōuta also firmly rejected her explanation of a homicidal inner voice, saying all people dealt with such a thing, and that her having no choice but to listen to it was just an excuse. Whether Nana, who once felt the voice's pull and who knew of Barbara's words about it later confirmed that the voice was present in some way to Kōuta is never revealed. Preventing him from rejecting her apology outright was his affection for Nyu, whom he saw as part of his family, and, to not lose another member of his family, he offered to let both Nyū and Lucy live with them at Kaede House if Lucy swore never to kill again. Kōuta does question her about the nature of Nyū and the Voice. For Nyu, Lucy explains this personality as her ideal self, free of the crimes she has committed and those done against her, all part of an effort to stay near Kōuta. The Voice she claims is merely a guide, and while she has rarely strayed from its advice, is not able to control her outright. With her promise not to kill any longer, Kōuta warms a bit towards her and allows Lucy to call for an ambulance to take him back to the hospital. Unknown to her, Kurama had located Lucy and is ascending the tower while she is descending to make the phone call for Kōuta's aid.

Kurama, seeing his mortal enemy, did not hesitate and fired his pistol straight at her. Lucy decided that she must keep her promise to Kōuta even at the expense of her life. At that moment, the DNA Voice seized direct control of Lucy and cut Kurama's arm off, scaring even her with the fact that it could do so. Worse still, Kōuta walked in on this scene and assumed the absolute worst of Lucy, now proclaiming that he hated her. Inside Lucy, the Voice exulted in its seeming triumph, only to have its narrow point of view ever more firmly rejected. The wounded Kurama takes aim as Lucy is distracted, only to have Kōuta jump in front of Lucy, taking a new bullet wound to save her life. When pressed as to why he would do such a thing given his vow of hatred towards Lucy, the fading Kōuta claimed he wanted to avoid leaving things unresolved, as he did with

Kanae.

Even if otherwise heartened by his hidden affection, Lucy's rage at Kōuta's certain death began to rock all of Japan, and perhaps the world. Lucy decided that if the world would continually conspire to take away the ones she loved, she would end it. Her anger-driven power destroyed what remained of the JSDF's First Escort Fleet and left the surrounding area ridden with shockwaves; the United States military refused to make use of atomic weapons, unable to guarantee they would even come near their target. Nana rescued Kurama, cast off the tower of the Sea Candle by Lucy's power, but it seemed soon there would be no safe place to flee. Despite the danger, Yuka, Mayu, Nana, and Nozomi with Wanta also made their way to the ruined Sea Candle to be by the side of their loved ones as this drama played out. As her vectors were growing still further, Lucy received a painful reminder of the late Chief Kakuzawa's warning as one of her hands melted off at the wrist.

Firmly realizing that her end is near no matter what, Lucy realized that she could either end the world or use her power to save Kōuta's life. Though the DNA Voice resisted, it found no doubt in Lucy's being that it could exploit. Lucy used her powers in several ways, at least two of them never explained. The mechanics of her healing Kōuta ended up keeping him alive and no longer in danger of dying, though he still had to return to the hospital to fully recover. At the same time, Lucy put up a force field of sorts around herself and Kōuta to keep the military bombardment at bay while somehow also broadcasting the German poem/song Elfenlied, taught to her by Nozomi, while she sang it. The precision of saving Kōuta on one level along with the high power usage of turning back heavy weapons fire perhaps along with the dying statement the series' titular song made via broadcast took the most massive possible toll on Lucy. When Kōuta awoke, he found Lucy/Nyu's body had melted while leaving her still alive and in agonizing pain.

The other Maple House residents reached the pair, horrified when Kōuta's coat was pulled away revealing the damage to Nyu's body. Lucy is pleased, even in her state, to see the residents gathered. Kōuta vainly demands she now let him take her to the hospital, while the other ladies make a pledge of aid that heartens her for what

Lucy knows must happen. This debate is rendered moot as an Operativefor Saseba, the government's separate response to the twin threats of Diclonius and Kakuzawa enters at the head of a large group of heavily armed soldiers. The operative pledges to execute Lucy while threatening the others with death as well should they interfere. The essences of Lucy and Nyū ask that Kōuta not oppose the death sentence, feeling it is well-deserved. This determination added to the pain of their melted body to cause them to leave it once and for all. Sadly, this leaves the DNA Voice all alone inside the body. In a flash, the Operative, and all his men end up pulped by the body's vectors which once more threatened the world with destruction. Kōuta urges the Voice to focus its wrath on him, only to hear and see the departed spirits of Lucy and Nyu. Able to protect only him and only in that spot, the two ask that he fulfill his childhood promise to kill her should she ever start killing on a massive scale. Before the two ghosts leave and end their protection, they remind Kōuta of when and where they first met as children. They tell Kōuta to return to that same spot on the last day of the Kamakura Summer Festival, and that one day, she will return to see him there. The essences then leave Kōuta to his task.

Finding a gun from a fallen soldier, Kōuta raised it and prepared to fire on the Voice-possessed body, but found he could not, loving his friend despite all she had done and the fact of her spirit's departure from the crumbling shell. The Voice is stunned to see him relent, and in pain itself, asks that Kōuta still is the one who ends her life, which he finally agrees to do. Before returning to the hospital for weeks if not months, Kōuta killed the body of the girl known as Lucy and Nyu.

## War and Hope

Even without their Queen and with an anti-Diclonius birth vaccine distributed in the midst of a total worldwide birth ban, the remaining Diclonius were years in being taken down and killed many non-horned humans before it was all done. In the intervening years, Kōuta returned to the spot where he met Nyū as a child on the anniversary of that day. In one such instance, he arrived in the company of his daughter Nyuu, whom he named after his fallen friend, and who looked much like her presumed mother, Yuka.

Speaking of playing there as a child, Kōuta found with little Nyū's help, a note inside a bottle in the area around the large stone near the grave of Lucy's Puppy. In it was the jade stone Kōuta gave to Lucy when they were children, along with a heartfelt note from her. In the letter, she expressed her gratitude toward him for giving her such a beautiful day in her life, as well as her desire to wear the jade stone as a wedding ring. The note concluded with her signing her name, Kaede, and Kōuta broke down in tears as he finally got to meet and understand the friend he could never have.

As Kōuta cried and Little Nyū wondered about him doing this, twin girls who looked much like Lucy did as a child approached them. Nyū even called one "Kaede" by name, and one of the girls smiled as she said they'd been waiting there for Kōuta, their "special friend." The manga ends with a tearfully smiling Kōuta turning toward the girls.

---

When he was finished they were shocked and horrified!

Dana: That's horrible!

Hailey Kirlian: I've heard all about Kaede! What have those monsters done to her!?

Nico: Terrible things! Lets go!

They went to find her and they arrived at an amusement park.

They walked around and then they saw more bodies and then they saw a girl with red hair and she had horns on her head and she was tearing apart Japanese government agents without even touching them!

Nico: Oh man!

They went over!

Nico: KAEDE STOP!

She saw them.

Nico: Kaede! It's me, Nico! Can we just talk? You and me?

Kaede: Nico. You've returned.

Nico: That's right Kaede. I'm sorry I left. I'm now the new leader of Team Loud Phoenix Storm. I tried to help you out but as you can see, fate had other plans. I was so busy.

Kaede was in her Lucy Persona and she was a wicked killing machine in that state.

Nico: Oh man!

Nico teleported and then he hugged her.

Nico: Kaede this isn't who you are.

Suddenly Nico glowed in an immensely bright light and then Kaede was enveloped in the same light and then her personae fused into one.

Kaede: (Groans) What happened? Nico? (Gasp) Nico!

She hugged him and she was so happy.

Dana: For God's sake, please tell me that those Government Agents were bad!

Nico: Yes they were. They were part of a secret underground organization that wanted to use Kaede's special power, Telekinetically Generated Arms and her H*** Sapien Diclonius.

Hayley Kirlian: What is that?

Nico: A human that is far more powerful than anything.

Nico told them what they were.

---

The Diclonius are a newly evolved species, arising from and very similar to normal Humans, but possessing psychokinetic abilities far beyond any Human. For reasons that may be cultural as well as biological, they are often at odds with Humans to the point of threatening to replace them as Earth's dominant sentient species.

---

When he was done they were shocked!

Axel Adell: That is incredible!

Kaede: That's right. I am the Queen of the Diclonius.

Nico: Yep and the Japanese government declared Kaede as a threat to the entire planet. I was assigned by the CIA to help protect her. But sadly I failed that mission.

Axel Adell: Whoa man.

Nico: Yep. But now that me and Kaede are back together I'm not letting her out of my sight again. She is going to be placed into the protection of Team Loud Phoenix Storm.

Hayley Kirlian: Good call.

Dana: While you were… letting your emotions out, did you see anyone other strange people?

Kaede: Yeah I did. A blue lizard creature that had powerful ice breath.

Hayley Kirlian: That's my sister!

?: Hayley?

A Polar Manzardill came out.

Nico: Whoa a Polar Manzardill! Wait. Sydney is that you?

Polar Manzardill: Nico wow its been a long time.

Nico: It has been a while.

Polar Manzardill: It sure has been a long time.

Nico: As you can see, Hayley's with us.

Hayley Kirlian: That's right.

Polar Manzardill: Hayley you're back to human again!

Hayley Kirlian: And so much more.

A figure came out and it was an agent and Hayley fired a blast of green water from her hands and sent him flying and he landed in an electric generator and got electrocuted.

Polar Manzardill: Wow!

Kaede: How did you do that?

Nico: Hayley now has water powers thanks to her Spheroid powers. We all have amazing powers.

Dana: What's your favorie memory of Nico?

Polar Manzardill: I have so many of them. But remember that one time where Nico accidentally put hot sauce into our burgers?

Nico: Oh yeah! I thought that was ketchup and I accidentally put on Carolina Reaper death sauce.

They laughed.

Nico: That was so funny.

Hayley Kirlian: I liked it.

Polar Manzardill: Me too.

Nico: Let's get you reverted back.

Axel Adell: Here we go.

Axel covered his eyes and then Nico put on blind man glasses and snapped his fingers and Sydney reverted back and she was in her birthday suit and had neon aqua blue hair and blue eyes and Nico gave her new clothes and she put them on and she looked

awesome.

Sydney Kirlian: Wow I look awesome!

Hayley Kirlian: Sister!

They hugged and were back together. Then they hugged Nico.

Nico: Glad you girls are back together.

Nico: Funny thing is that we also have a Sydney with blue hair

Kaede: Awesome.

Then sirens were heard.

Nico: Uh oh we got company.

Then numerous cop cars came.

Nico: Time for us to vamoose!

Dana: I'll slow them down!

Dana fired a blast of ice and froze them.

Nico: Lets go!

Nico used Instant Transmission and beamed back to the Estate.

Chief: It's a trick! Find them.

They came back to the estate and told us everything and we were shocked and amazed.

* * *

After Nico's rescue, Lincoln, Me, Nico, Eli, Nicole, Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, Lily, Lincoln's harem, TLPS Mr. Wolf, TLPS Mr. Piranha, TLPS Mr. Snake, TLPS Mr. Shark, TLPS Ms. Tarantula, Sima Shi, Sima Zhao, Sun Jian, Guo Jia, Zhang Bao, Guan Xing, Cao Cao, Liu Bei, Sun Quan, and Becky are heading to the world of the 2019 movie Glass, and not only is Lincoln going to rescue the eleven girls there, along with an Elemental HERO Storm Neos Gene-Slammer from Lincoln's past, but we're also going to kill Elijah Price, along with Kevin Wendell Crumb A.K.A. The Horde, who has returned from the dead in search for revenge.

Lincoln: Whoa, we're in the world of the 2019 movie Glass, and I think I know what we're going to do here, not only am I going to rescue the eleven girls there, along with an Elemental HERO Storm Neos Gene-Slammer from my past, but we're also going to kill Elijah Price, along with Kevin Wendell Crumb A.K.A. The Horde, who's returned from the dead in search for revenge.

Nico: That's right, big guy. So, we're facing two villains today on your rescue: Elijah Price, who's an intelligent mastermind and manipulator who's a terrorist and budding supervillain, along with our old enemy, Kevin Wendell Crumb A.K.A. The Horde, I never thought we'd be dealing with him again.

Lincoln: Yeah, but this is also a perfect opportunity for me to use the Black Gates on him and his 24 personalities, and we'll get rid of all of them for good.

Me: You said it, and this'll be your first time using the Black Gates, Lincoln.

TLPS Mr. Wolf: Oh yeah. But, what also shocked me is that Kevin Wendell Crumb has 24 personalities inside him, that's really unbelievable.

Laney: Kevin Wendell Crumb suffered from Dissociative Identity Disorder at an early age, which led to 23 personalities inhabiting his mind. But, his 24th personality, The Beast, is a dangerous monster, who has a ravenous hunger for human flesh.

TLPS Mr. Piranha: Yeesh, this guy's nutty and insane.

Me: He's a danger to everyone, and we need to put a stop to him for good, along with Elijah Price.

Becky: That's right, what they've done to so many people can never be forgiven.

?: HELP!

Suddenly, Lincoln heard the sound of thirteen girls calling out for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard where the call for help was coming from. He saw the thirteen girls, along with an Elemental HERO Storm Neos, but they've been cornered by Kevin Wendell Crumb A.K.A. The Horde, who's turned into The Beast, and he's going to kill them, and he also saw Elijah Price, who's laughing with pure sadism and joy at the sight of a soon-to-be massacre.

Lincoln: Guys, I found the thirteen girls, along with an Elemental HERO Storm Neos, but they've been cornered by Kevin Wendell Crumb A.K.A. The Horde, who's turned into The Beast, and he's going to kill them, and I also saw Elijah Price, who's laughing with pure sadism and joy at the sight of a soon-to-be massacre.

Nico: Let's end that monster for good.

Lincoln: And I'll chain up Elijah Price, I've got an idea on how I'm going to end his life.

We rushed on over, and Lincoln fired a powerful rainbow energy ball at the back of Kevin Wendell Crumb, who's turned into The Beast, and he chained Elijah Price with rainbow energy chains, so he can't escape. When Kevin Wendell Crumb saw us, he growled and had an insane grin on his face.

Lincoln: You're not laying one hand on anyone, Crumb. This is the end of your little rampage, and once we're done with you, your boss, Elijah Price, is next.

Elemental HERO Storm Neos: (In a girl's voice) Yeah, you fucked-up psycho.

Lincoln: Wait, that voice. Amber Blakeley, is that you?

Elemental HERO Storm Neos: That's right, Lincoln, and it's been a long time. We'll have to catch up a little later.

Lincoln: Yeah, it's time to end Kevin Wendell Crumb A.K.A. The Horde, for good.

Lincoln unholstered his improved massive Sword of Universal Hope and Elemental Bravery from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, The TLPS Bad Guys Gang transformed into their Super Angel Infinity forms, Sima Shi, Sima Zhao, Sun Jian, Guo Jia, Zhang Bao, Guan Xing, Cao Cao, Liu Bei, and Sun Quan got out their weapons, Lincoln's sisters also transformed into their Super Angel Infinity forms and unholster their massive swords from their backs, Lincoln's harem unholstered their massive swords from their backs, Becky made a sword of plants, and Me, Eli, Nicole, and Nico also transform and unholstered our massive swords from our backs, and we went at Kevin Wendell Crumb, and we fired powerful blasts of rainbow energy, colored energy, elemental forces, lava, steel orbs, stars, rainbow flames, orange flames, blue flames, green flames, and water at him, and they exploded with incredible power as they hit him.

Then, Lincoln threw some powerful punches and kicks at Crumb, and he avoided Crumb's attacks, as well. Then, Lincoln delivered a powerful punch to Crumb's stomach, and it caused him to belch out massive amounts of blood, and then, Lincoln slashed off Crumb's arms.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) Now, you will pay for all those that you've killed, Crumb.

Lincoln then drew a kanji on Crumb's head, and it also affected the other 24 personalities of him.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) UZUMAKI BLACK JUDGEMENT SEALING ART: BLACK GATES!

Lincoln backed away, and Kevin Wendell Crumb and all of his 24 personalities, Hedwig, Barry, Dennis, Patricia, The Beast, Jade, Orwell, Heinrich, Norma, Goddard, Bernice, Polly, Luke, Rakel, Felida, Ansel, Jalin, Kat, B.T, Samuel, Mary Reynolds, Ian Reynolds, Mr. Pritchard, Mr. Dennis, and Mrs Patricia, were judged and found guilty by all those that he'd killed and they were erased from existence forever, and we cheered for what Lincoln did, as we power down.

Nico: Whoa, awesome job, Lincoln. You used the Black Gates on Kevin Wendell Crumb, and he and his 24 other personalities have been erased for good.

Lincoln: Thanks, Nico. And this is my first time using it too.

Me: That's right, and you did an awesome job using it. Now, for Elijah Price.

We then approached Elijah Price, and we still had our massive swords out. Elijah Price tried to get away from us, but since he and his wheelchair were chained up by the rainbow energy chains, he couldn't escape, and death was coming for him.

Elijah Price: I was right to do what I did. How could you ruin everything? All I wanted was to see the world improved by the presence of a superhero. That's why I organized those horrible atrocities, so I can see the world improved by the presence of a superhero.

Lincoln: So, that's why you organized those horrible atrocities? (Getting Angry) You imbecile! What you did has left so many innocent people in so much pain and suffering, and I can already see you have no remorse for your actions. As long as Team Loud Phoenix Storm's here, the entire world and the universe are in safe hands, but there's no place for villains like you in this world. For the crimes that you committed, you must pay the ultimate price.

Me: And I sent your crimes to every police precinct, and they've given us the word to get rid of you for good.

Lincoln approached Elijah Price, who had a look of pure fright, his crimes have been exposed to all, and he's about to pay the price. Then, Lincoln raised his massive sword, and with one downward slash, Lincoln slays Elijah Price, and his spirit was Super Hakaied forever, and we holster our weapons on our backs.

Amber Blakeley: That was fun.

Lincoln: The rescues are always fun. Now, let's get you back to normal, boys, cover your eyes. Hold still, Amber, this is going to hurt.

Me, Nico, Eli, and the rest of the boys covered our eyes as Lincoln snapped his fingers, and Amber was reverting back to normal. Amber Blakeley was a beautiful 16-year-old girl with long sky blue hair, sky blue eyes, fair skin, she was 6'0" in height, and she had the body of a goddess. She also now has massive sky blue angel wings with purple tips on the large sky blue feathers on her back, as she reigns in the power of Elemental HERO Storm Neos, and she was in her birthday suit.

Lincoln: How do you feel, Amber?

Amber Blakely: Good. (Realizes she's in her birthday suit) But, I'm also in my birthday suit.

Lincoln gave Amber a new wardrobe, a sky blue sleeveless shirt with a purple phoenix, a sky blue skirt with the Elemental HERO Storm Neos with storm clouds on it, purple leather ankle-high combat boots, and a long sky blue sleeveless trenchcoat with the Elemental HERO Storm Neos on the back, and on her back is a large Elemental HERO Storm Neos-themed sword with a 6'5" massive, wide, double-edged, man-sized sky blue blade with the Elemental HERO Storm Neos etched on it, large sky blue angel wings for the crossguard, large purple gem for the hilt, longer black handle, and large sky blue faceted sphere pommel with surrounding purple gems.

Amber Blakely: Wow, I love the new outfit and large sword you made for me, Lincoln.

Suddenly, a Thunderbird Necklace of Eternal Love appeared on Amber Blakely's neck with sky blue gems and crystals from her new Crystal Necklace of the Buddha on the gold lightning bolts.

Amber Blakely: Whoa, is this…?

Lincoln: Yep, that's a Thunderbird Necklace of Eternal Love, which means you're now part of my harem and you're one of my many future wives, Amber.

Amber Blakely had a smile on her face and tears in her eyes, as Lincoln wrapped his abnormally massive and powerful muscular arms around her waist and he leaned down and he kissed her on the lips, and she returned it, and we cheered for them. Then, we went up to the thirteen girls, and when Lincoln saw them, he immediately recognized them. The thirteen girls are Leopard from Yatterman Night, Kamijou Hikari from Hikari no Densetsu, Kitajima Maya from Glass No Kamen, Ajimu Yasuna and Takemoto Suzue from Ajimu: Kaigan Monogatari, Konoe Nanami, Ayukawa Misora, Isawa Tae, Nakasato Hikari, Sakura Hiromi, and Tomosaka Suzuka from Lamune.

Lincoln: Oh wow, it's Leopard, Kamijou Hikari, Kitajima Maya, Ajimu Yasuna, Takemoto Suzue, Kaigan Monogatari, Konoe Nanami, Ayukawa Misora, Isawa Tae, Nakasato Hikari, Sakura Hiromi, and Tomosaka Suzuka.

Helena McTroy: From Yatterman Night, Hikari no Densetsu, Glass No Kamen, Ajimu: Kaigan Monogatari, and Lamune, awesome.

Lincoln: Are you girls okay?

Leopard: Yes, we're okay, thanks to you.

Then, when Leopard and the other twelve girls saw who it was that saved them from Kevin Wendell Crumb and Elijah Price, their faces turned atomic red upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, a golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top was the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, and Buffalo, and below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and The Thirteen Elemental Forces, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", and he had deep sapphire blue eyes.

He had his massive Sword of Universal Hope and Elemental Bravery holstered on his wider and muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces constellation and Aquarius Zodiac sign on the back of his neck, large weighted orange bands on his massive biceps and thighs with silver phoenixes on them, his large Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them with rainbow tips on the large deep sapphire blue feathers, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with elemental forces, Thunderbirds, Phoenixes, and Buffalo on them and with hanging mini silver lightning bolts held up by his Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of large blue pants with multicolored lightning bolts on the thighs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Buffalo head stud earrings with the Thunderbird and Eternity Kanji on it, a large Thunderbird Necklace of Eternal Love with colored gems on the gold lightning bolts and a Buffalo head with the

Thunderbird and Eternity Kanji on his neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, he had eight large orange orbs orbiting around his legs, and circling around his feet on the floor are eight golden crosses with angelic runes.

Leopard: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made twelve clones of himself, and he and the twelve clones went up to the girls, and they picked them up and hugged them in their abnormally massive and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Leopard: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, twelve Thunderbird Necklaces of Eternal Love appeared right around the necks of Leopard, Kamijou Hikari, Kitajima Maya, Ajimu Yasuna, Takemoto Suzue, Kaigan Monogatari, Konoe Nanami, Ayukawa Misora, Isawa Tae, Nakasato Hikari, Sakura Hiromi, and Tomosaka Suzuka with colored gems and crystals on the gold lightning bolts. We returned home to the Estate, and we told everyone what happened, and they were shocked when they found out the villains we went after are Elijah Price, along with Kevin Wendell Crumb A.K.A. The Horde, who's returned from the dead seeking revenge on us.

But, when Lincoln showed and told everyone what he did to Kevin Wendell Crumb A.K.A. The Horde using The Black Gates on him and exposing Elijah Price's crimes and his sick reasons, which ended with Lincoln slaying him, and Elijah Price's spirit was Super Hakaied forever, they cheered wildly for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem went up to Lincoln, and they kissed him all over. Lincoln and Sophia Presley now have a lot of catching up to do, now that she's back. And Lincoln then also added some more damage as he exposed the crimes of The Clover Organization, and their resources were seized, and many of their members were arrested and thrown into prison for good.

After getting rid of Kevin Wendell Crumb A.K.A. The Horde and Elijah Price for good, we were training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Amber Blakely saw Lincoln working out like crazy, she had an atomic red blush on her face.

Amber Blakely: Whoa, Lincoln has really grown to be a 16-year-old 7'0" tall, really big, and really strong young man, just look at those abnormally massive and powerful muscles hard at work, and to work out with those 9,500-lb barbells and not even get tired, incredible.

Lincoln: And I've also trained a lot under some very powerful teachers, J.D. and Nico included, Amber, and now, I can also fight and defend myself.

Amber Blakely: That's awesome.

Nico: It sure is, Amber. So, what memories did you and Lincoln have?

Amber Blakely: Oh, I remember that one time, Lincoln and I were having some fun playing video games in the living room. But, Lynn barged in and wanted Lincoln to help her in her sparring, but I knew better she wanted to beat Lincoln up, but he said "no". But, Lynn got so angry, she wanted to pummel him. But, I got in the way and I roughed her up, and I also got banged up too, but I soon called Mr. and Mrs. Loud over, and I told them everything, and Lynn got grounded for three weeks for what she tried to do.

Nico: Whoa. You sure are tough to stand up to Lynn and rough her up, Amber.

Lincoln: She sure is tough, Nico. You should've seen her in action, and after she roughed up Lynn and Mom and Dad sent Lynn to her room, I bandaged up Amber's wounds, and she was happy to have a friend like me, and I was happy to have another Guardian Angel with me, as well.

Me: Along with the many other Guardian Angels that've watched over Lincoln, and protected him from Lori, Lynn, Lola, and Luan, who had their Dark Sides in them, and Chandler when he was evil, due to his Dark Side.

Nico: You said it, J.D., and any who mess with their man, they better write out their wills. (To Lincoln) So, Lincoln, what can you tell us about Amber Blakely?

Lincoln: Amber Blakely's a smart girl, and she has a love for videogames and she's also tough, as she was able to beat down Lynn when she wanted to beat me up in her so-called sparring.

Nico: Awesome.

Suddenly, a bright light descended on the Estate, and we had to cover our eyes. Then, as the bright lights faded, we uncovered our eyes, and to our surprise, the world that Leopard came from has now merged with ours.

Lincoln: Oh wow, Leopard, your world has merged with ours.

Leopard: That's awesome, and of course, bad. This means we're going to fight against Dokurobei, the leader of The Doronbo Gang, and take them down for good. (To Lincoln) Lincoln, would you help me in this?

Lincoln: (Smiles Warmly) Of course, Leopard. Okay, everyone, let's head out and stop Dokurobei and the Donronbo Gang for good.

TLPS Mr. Wolf: Whoa, did Lincoln just…?

Nico: (Smirks) He did say he's going to help Leopard take down Dokurobei, and the way he said that is definitely that of a leader.

You see, whenever a world where one of Lincoln's future wives merge with ours, he'll take charge in leading the team and help them in taking down one of his future wives' enemies.

TLPS Mr. Snake: I see.

We then head out, and we spot Dokurobei's hideout, it's in an abandoned warehouse in the east of Gotham Royal York. We also saw that he has a massive army of soldiers outside guarding the place, and trying to get in will be impossible. We took to the shadows, and Lincoln and all of us fired blasts of red energy, which hits them, and we sucked out all of their energy, and all of them were killed. We saw that Dokurobei was planning something, and he's unaware of what's going on.

Lincoln: That fool's unaware of what's happening outside. Now's the time for an entrance, and I've got just the thing for this.

Inside, Dokurobei was busy planning, but he was soon interrupted as he saw a cloud of darkness, and then, he saw the souls of the damned, along with the Four Horsemen of The Apocalypse riding out in the darkness and they unleashed their fury on him, and ruined his plans. Then, a phoenix cry and a thunderbird screech were heard, as an explosion erupted, and we appeared as the smoke cleared.

Dokurobei: Team Loud Phoenix Storm?! But, where the hell were my guards?!

Lincoln: Your guards are all dead, Dokurobei. And now, all that's left is to take care of you for good.

Leopard: And I've had it up to hear with you to last an eternity.

Suddenly, Leopard's blue eyes turned neon blue, and she was surrounded by a red energy aura with skulls and shadows, and as she approached Dokurobei, she left red energy, skulls, and shadows with every step. Suddenly, Leopard was surrounded by a massive vortex of red energy with shadows and skulls surrounding the vortex, there's a black phoenix flying around the vortex, and in the vortex is a black phoenix. Then, as the vortex faded, Leopard emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Leopard grew to 6'5" in height, she had the body of a goddess and she had longer blonde hair that reached to her lower back, she has neon blue eyes and a red energy aura with shadows and skulls surrounding her. She has a skull with the Dark Kanji on the cranium emblazoned on her forehead, she has on skull earrings with red crystals for the eyes and the Dark Kanji on its cranium, and she also has a skull with red crystals for the eyes and the Dark Kanji on its cranium for the second pendant of her Thunderbird Necklace of Eternal Love. Leopard has on a long sleeveless black shirt with a red phoenix on it, black skirt with shadows on them, black pants, and black ankle-length combat boots with silver skulls for the buckles, and she has on red weighted bands with silver phoenixes on her biceps and thighs, and she has on a long black sleeveless trenchcoat with skulls and shadows on the coattails, and on the back is a skull and a phoenix.

Leopard has a new large sword in her hand called Destroyer of The Doronbo Gang, it's a large sword with the anti-Doronbo Gang symbol etched on the 6'5" massive, wide, double-edged, man-sized black blade, large black angel wings for the crossguards, large red gem for the hilt, longer black handle, and large faceted black sphere pommel with surrounding red gems. Leopard has on her new large cuff Bracelets of the Champions of The Universe with red gems on her wrists, Belt of Elemental Bravery with a large red gem for the belt buckle, Spellbook of The Gods and The Universe on her left hip and Eater of Sins revolver holstered on her right hip. There's a red kanji right below the skull on the back of her long black sleeveless trenchcoat that said, "Leopard, Descendent of Doronjo, Loving Future Wife of Lincoln Loud, Destroyer of The Old Doronbo Gang and Dokurobei, Leader of The New Doronbo Gang, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, and Master of Skulls and Dark Flames."

ヒョウ、ドロンジョの子孫、リンカーン・ラウドの愛する未来の妻、古いドロンボギャングとドクロベーの破壊者、新しいドロンボギャングのリーダー、悪の殺し屋、狂った、殺人、冷酷、そしてサディスティックな野郎、そして頭蓋骨と暗い炎のマスター

Leopard has transformed into SUPER ANGEL INFINITY DEMON DARK FLAME SKULL PHOENIX ANGEL OF DARK JUSTICE AND LOVE!

We were amazed by Leopard's Super Angel Infinity transformation, and when Lincoln saw it, he had an atomic red blush on his face and hearts in his eyes. But, when Dokurobei saw it, he fell into a dark rage and tried to attack, but Leopard fired a blast of dark energy, which hits Dokurobei, and burned him.

Nico: (Stunned) Whoa, Leopard's transformed, awesome.

Lincoln: Wow, Leopard, you look beautiful. How do you feel?

Leopard: (Divine Echoing Cosmic Voice of Divine Darkness and Dark Love) **I feel incredible, Linky, and now, it's high-time to put a stop to Dokurobei for good.**

Lincoln: (Smiles) You got it, Leopard.

Lincoln unholstered his improved massive Sword of Universal Hope and Elemental Bravery from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he joined Leopard.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **This is the last time we deal with you, Dokurobei.**

Leopard and Lincoln went at Dokurobei, and they fired powerful blasts of rainbow energy, elemental forces, dark energy, Thunderbirds, Phoenixes, Buffalo, and skulls at Dokurobei, which exploded with incredible power, as they hit him. Then, Lincoln and Leopard fired powerful red energy blasts, and as they hit Dokurobei, they sucked out all of his powers and abilities, and they and the rest of us made them our own, and we also assimilated them. Then, Lincoln and Leopard decapitated Dokurobei, and his body exploded in purple flame, and his spirit was Super Hakaied for good. We cheered wildly for what Lincoln and Leopard did, as they holster their massive swords on their backs and power down, and Leopard's new body, clothes, weapons, angel wings, and jewelry are permanent.

Leopard: We did it. Dokurobei and his gang are finally gone for good. (To Lincoln) Lincoln, thank you for helping me.

Lincoln: (Smiles Warmly) You're welcome, Leopard, and there's also something I want to give you.

Leopard: Oh, and what's that?

Lincoln: (Sly Grin) Oh, this.

Lincoln wrapped his abnormally massive and powerful muscular arms around Leopard's waist, and he brought her into an embrace, which took her by surprise and that brought an atomic red blush to her face. Then, as Lincoln leaned down to her face, they kissed passionately as she wraps her left arm around his wider and muscular back, and her left hand was on his massive and wide right pec, and right behind them was a Thunderbird and Phoenix flying in the air, and we also saw a herd of Buffalo running across the field, and the colorful display of the elemental forces and skulls behind them. We had tears in our eyes and a smile on our faces. Then, Lincoln and Leopard came up to us.

Nico: (Smiles) Impressive work in leading the team today, big guy.

Lincoln: Thanks, Nico. But, you're still the leader of our team, I'll only take up the role of leader, if we face any enemy of my future wives, when their worlds merge with ours.

Me: Now, that's a good idea, big guy.

Suddenly, Leopard felt a sharp pain on her back, and then, we saw a pair of massive blonde angel wings with red tips on the large blonde feathers sprout out from her back.

Lincoln: Whoa, Leopard, you now have angel wings.

Leopard saw the massive angel wings, thanks to a mirror of water that Lincoln made, and she was amazed by them.

Leopard: Wow, that's awesome, and I always wanted to see what I look like with angel wings.

Lincoln: And now, you've got your wish, Leopard. Alright, everyone, let's head back, the day's not over yet.

We return home to the Estate, and we've gotten rid of Dokurobei and his gang for good, and we had made our message clear: Dokurobei is gone for good, along with his gang, and if any supporter of him comes out, they'll answer to us.

---

We headed for the lab, and Lisa Loud was helping Egon Spengler with his latest invention: a Proton Electroencephalograph, a research tool devised by Egon Spengler to run several tests on ghosts by shooting them with a Particle Thrower set on non-lethal levels and recording reactions, and with them was Whisper.

Egon Spengler: Okay, hold still, Whisper, this isn't going to hurt. (To Lisa Loud) Alright, Lisa, we're ready.

Lisa Loud: Understood, Egon.

Peter Venkman: I can't help but wonder that this has happened before, but I can't remember.

Me: Hmm. Whatever it is, maybe, you'll remember. But, this should be interesting seeing what the Proton Electroencephalograph is capable of.

Lisa Loud fired the blast from the Proton Electroencephalograph, but it went through Whisper, and the blast ricocheted throughout the room. Then, Nate Adams came inside, and he got hit by the blast.

Nico: Nate.

We rushed on over, and Lincoln picked Nate up and placed him on the bed. We then saw that Nate was surrounded by an incredible glow.

Me: Whoa, Nate's glowing.

Nico: Weird.

Nate Adams: Ugh, what happened?

Lisa Loud: You got hit by a blast from the Proton Electroencephalograph, we were testing it out on Whisper and we had it set on non-lethal settings, but it phased through him, and it bounced through the room, and it hit you.

Nico: How do you feel, Nate?

Nate Adams: I actually feel great.

Then, we saw Nate fly in the air as he got off the bed, and that stunned us.

Nate Adams: What the?

Me: AWESOME!

Suddenly, we saw something else happen: Nate Adams grew to 7'0" in height, and then, we saw all of his upper and lower body muscles growing abnormally massive and powerful at a very incredible rate, and it caused his shirt to rip apart, his long cargo pants to tear and then turn into shorts, and his red sneakers remain the same, and we saw that Nate Adams now has abnormally massive and powerful upper and lower body muscles and eight-pack abs. When Katie saw what happened to him, she had an atomic red blush on her face, Nate's turned into a very muscular hunk.

Nate Adams saw what happened to him, and he was stunned.

Nate Adams: Whoa, what on Earth happened?

Peter Venkman: Oh man, now I remember, this happened before. You tried that machine out on Slimer, but it went through him, and you saw what happened to me.

Egon Spengler: Ah, yes, now I remember. The blast from the Proton Electroencephalograph hit Nate, and it's imbued and permanently endowed him with powers.

Nico: Whoa, and combine that with the training Nate constantly goes through with the workouts with us in the gym and in the Hyperbolic Time Chamber, he's also gained a massive increase in power and energy.

Nate Adams: This is so incredible.

Lincoln: And you also got Katie blushing like crazy, Nate.

Nate Adams put his now larger hand on Katie's shoulder, and he brought her in an embrace, and she was comforted by Nate's now abnormally massive and powerful muscular body.

Katie Forrester: I got to admit, I like what happened to you, Nate.

Nate Adams: Me too, Katie.

Then, Nate Adams snapped his fingers, and he was now dressed in a crimson red version of He-Man 2002's loincloth, large black pants with spirits on them, and large crimson red leather ankle-length combat boots, large crimson red weighted bands with silver phoenixes on his massive biceps and thighs, and eight large crimson red orbs orbiting around his legs, and he had his massive Defender of The Yokai sword holstered on his now wider and more muscular back.

Nate Adams: Alright, now I'm ready.

Lincoln: Indeed you are, Nate. I've got a feeling you're going to transform and face off against one of our old enemies who's going to return from the dead seeking revenge on us.

Nico: But, whoever he is, he'll be in big trouble when he sees the new and improved Nate Adams.

Nate Adams: You got that right, Nico.

---

Later it was time for Kendra's second ambassador mission.

Kendra: Shendu's coming with me next time.

Nico: Yep. It's so awesome that you have this mission.

Kaz: I'm really excited to meet Charlie Brown. I love all the movies and such.

Kendra: Me too. This is gonna be awesome.

Nico: Yep. Have fun you two. If you see any live action Transformers just give us a call.

Kendra: Will do. Lets head out.

They were off to Hennepin County, Minnesota.

They later arrived.

Charlie Brown: Hey Kendra!

Lucy Van Pelt: Awesome to have you here again.

Kendra: Hey guys. I'd like you to meet my boyfriend.

Kaz: Awesome to meet you all. Name's Kaz. Kaz Kalinkas. Awesome to meet you all.

Peppermint Patty: Pleasure to meet you.

Pig-Pen: Same here.

Linus: What do you guys want to do with us this time?

Kendra: How about we play baseball?

Charlie Brown: Good idea.

Kaz: Awesome!

At the baseball diamond, they were getting ready.

Lucy Van Pelt: Hey, Kendra. You wanna pitch?

Kendra: Sure. But I got to warn you. I have a killer fast ball.

Lucy Van Pelt: I'm ready for it!

Kendra: Okay but just remember you asked for it.

Kendra was on the Pitcher's mound and then she got ready and Lucy was ready and then she threw the ball and it lit on fire with incredible speed. Kaz was using a radar gun to show the speed of the pitch. The ball zoomed and Lucy swung and missed and smashed into Charlie Brown's glove and he really felt the impact of it!

Charlie Brown: WHOA!

Lucy Van Pelt: WOW! Kendra that is as fast as a Professional Baseball Star's pitch!

Kaz: No kidding! Look at the speed! 150 miles per hour!

Charlie Brown: WOW!

Lucy Van Pelt: That is amazing!

Sally Brown: Check out that nice car near us.

They saw an awesome Pontiac Solstice Custom Hardtop GXP.

Kendra: Wow what an awesome car.

Kaz: Something about that car looks familiar.

Kendra: Yeah.

They went up to it and looked inside and no one was driving it.

Kendra: No one's driving it. Then that means it's a Transformer.

Car: That's right.

It transformed and it was JAZZ from the 2007 movie!

Kendra: Whoa! Jazz!

Jazz: Awesome to meet you Kendra.

The Peanuts saw Jazz and were gobsmacked.

Live Action Jazz: Take it easy. I'm not here to hurt you guys. I just want to know where I am. Last thing I remember was Megatron preparing to rip me in half.

Kendra: I remember seeing that. That was nuts!

Kaz: Yeah it sure was. When we fought Barodius, Dharak almost did the same to Lynn.

Live Action Jazz: Very coincidental.

Kendra: I better get Nico here.

Kendra called Nico.

Nico then came 2 minutes later.

Nico: Got your call Kendra. Whoa! Awesome to meet you Jazz.

Live Action Jazz: It really is nice to meet you guys. I bet by now, you've all sent plenty of Decepticons to the scrapheap!

Charlie Brown: Prepare to be very disappointed.

Nico: The War with The Decepticons and the Autobots is over. Lots of things have happened since Megatron in your universe ripped you in two.

Nico went over everything that happened in our world and in the Live Action Transformers Universe and Live Action Jazz was shocked!

Live Action Jazz: Whoa!

Nico: Yeah.

Live Action Jazz: Is anyone I know with you guys?

Nico: Yep. And also I'm the leader of the Decepticons and I'm leading them on the road to Redemption.

Nico showed his Decepticon Leadership Medal.

Live Action Jazz: Wow! You have come a long way Nico.

Nico: Not to brag but thanks. But we have Blackout, Scorponok and Ironhide that you know and our Frenemies in the Masters of Evil have a very familiar face you know too. Sentinel Prime.

Live Action Jazz: He's in your frenemies!? Really?

Nico: Terrible story behind that. Lots of things have happened in your world.

Nico told him everything that happened in his world and he was horrified!

Live Action Jazz: Geez! So much has happened.

Nico: Yeah.

Charlie Brown: Kendra, now that Jazz is all caught up, can you tell me what your Armorsight transformation feels like?

Kendra: Sure. It was really awesome and powerful. But when I first transformed into Armorsight it was excruciatingly painful. It felt like I was being pulverized into pulp and then rearranged into something else.

Sally Brown: Ouch.

Charlie Brown: No kidding.

Kendra: Yeah it was awful. But I got used to it over time.

Later Kaz and Kendra and Nico came back and Jazz was with them.

May: I see you found another one.

Kendra: I sure did.

Live Action Ironhide: Whoa Jazz you're back!

Live Action Jazz: Ironhide! Wow it's awesome to see you dude.

Live Action Ironhide: Same here. Wow.

Blackout: Glad you're back.

Live Action Scorponok: Wow it's awesome you're here.

Blackout: Yeah no kidding. (Realizes) What the?! Scorponok you're talking!

Live Action Scorponok: Yep thanks to Lisa she gave me a voicebox.

Lisa Loud: Nicole and Missy and Leanne helped me out on that too.

Live Action Scorponok: Yep.

Me: That is awesome.

Nico: It sure is.

Live Action Jazz: Ironhide, I don't want you to blame yourself for my first death, alright? It was my own fault. I was the dumbaft who tried to fight fucking Megatron.

Aligned Megatron: I may have done bad things in the war. But I doubt I'm able to rip an Autobot in two.

Smithers: And you're not that big.

Me: No he's not. The Megatron in the Live Action Universe was double the size.

Aligned Megatron: That is probably it.

Laney: Yeah but that's amazing how he was able to tear you in 2 like that.

Live Action Jazz: It sure was.

* * *

Later Kate was looking at the bathroom door.

Kate: Buzz, could you come here, please?

Buzz nervously went over to Kate.

Buzz: What's up mom?

Kate: What happened to the lock?

Buzz: I don't know what you're talking about.

Kate: There was a lock on this door.

Buzz: Um… {laughs nervously} I don't think so.

Kate: Buzz, I've lived in this house ever since December 2018. I've locked that door 10,000 times because sometimes it's my only moment of privacy of the day. I know there was a lock on that door.

Buzz: There wasn't. Trust me. Kevin has walked in on me a million times. And if there was a lock, I would use it. in fact, maybe you should put one on.

Kate: So that's your story. There was never a lock and you have no idea what I'm talking about.

Buzz: (nods) Yes.

Kate: Fine. I'll just go ask Pinkie, Poromon, and Poliwag the same thing. Since they seem to be spending more time with you lately.

Buzz: Okay.

She left to speak with them.

Buzz: (To himself) Whew.

Kate: Poliwag? Poromon? Pinkie Pie? Two words. Bathroom. Door.

Poliwag, Poromon, and Pinkie Pie were sweating bullets until Pinkie couldn't take it anymore.

UH OH!

Pinkie Pie: it was Buzz! He made us! It was his idea. He had people over! One of them wrote on the door, so we had to change it!

Kate: I knew it. I knew it.

Poromon: No, Kate, wait! It wasn't a party. It was a study group. That's all it was.

Kate: Even still, we said nobody could come over. He knew the rules.

Poliwag: Yeah, but if you punish him, Buzz's going to know we told on him. We really had a good time this weekend. But if you do this, we and Buzz will never, ever be friends again. And you don't want that, do you?

Kate: You guys really have been getting along this week, haven't you?

Pinkie Pie: That's right!

Kate: (sighs) Okay, if… If I let this slide, and be our little secret for the sake of the team, and for your new bond with Buzz, do you swear that this is the truth?

Poromon: We swear!

Kate: (smiles) Okay. Thank you.

Kate then left the room just as Buzz was coming in.

Buzz: (impressed) You guys didn't buckle.

Poliwag: Deny, deny, deny, right?

Buzz: (smiles) You know… I think this is the beginning of a great friendship.

Yes it sure is.

But for Pinkie Pie, holding in a huge secret like this is gonna be a problem like with what happened when Cadance was expecting Flurry Heart's baby sisters.

In the living room we were talking with Sakura Haruno and her mom.

Raj: (Indian Accent) Sakura, how did your real mom get rescued from the nuthouse?

Sakura Haruno: That was a really awesome adventure.

Me: It was during the month long intermission after the preliminaries of the Chunin Exams 150,000 years hence.

FLASHBACK - 150,000 Years Hence.

Me: (Voiceover) **Sakura told us that she made a really horrifying discovery at her place and she told us that the woman that is her mom is actually an imposter.**

Me (ROTAS): I knew there was something evil about that bitch! She must've done something to your real mom.

Naruto: We got to find her and save her.

Sakura Haruno: She said that she sent someone to the Land of Grass Insane Asylum.

Me (ROTAS): Then that's where we need to go. And I've got a plan.

I gathered everyone together. Our plan was to sneak out of the village at midnight and head to the Land of Grass Insane Asylum under the cover of darkness. It was a special covert rescue mission.

Me: (Voiceover) **We put out plan into motion at 12:15 AM and promised to be back by the crack of dawn. We arrived at 1:32 AM and we were outside the Land of Grass Insane Asylum and it was a heavily guarded place. We were hiding in the trees outside the asylum to form our move.**

Me (ROTAS): That is one tight place.

Naruto: How are we gonna get inside without them seeing?

Me (ROTAS): We're going to have to drill our way underground. They won't suspect us going in from underneath.

Rin Nohara: Good thinking.

Fu: We got to be careful.

Me (ROTAS): Yep. Follow me and stay close.

I used my powers and we drilled underground and we made our way under the asylum and made it in.

Me (ROTAS): We're in.

We were in the Janitors broom closet.

Sakura Haruno: She's in room 1623. I got this slip of paper that told us.

Me (ROTAS): Great.

I opened the door and peaked out and a guard went by for an hourly swing.

Me (ROTAS): Okay we got one hour before he comes back. Lets go.

We came out and went down the hall and we were in the right area and we got to Room 1623.

Me (ROTAS): This is it.

I looked in and saw a blond hair woman strapped to a table.

Me (ROTAS): (In my head) METAL STYLE: SKELETON KEY!

I formed my finger into a Skeleton Key and opened the door and we went in.

Mebuki Haruno: Who are you?

Sakura Haruno: Mom?

Mebuki Haruno: Sakura. My baby. You got to get me out of here.

Me (ROTAS): We will. Sorry I'm J.D. Knudson. Leader of the Knights of The New Fire. We came to get you out.

Mebuki Haruno: Thank you. Sakura that woman is not me. That's my psychotic twin sister Mihara.

Rin Nohara: Oh man. I know Mihara. She's insane to the core and she was after Minato-sensei like a mad dog.

Mebuki Haruno: Rin Nohara? I thought you were dead.

Rin Nohara: Long story.

We got her out.

Me (ROTAS): Okay. Lets go.

We got out and looked and then went to the broom closet and went down the hole and out to the trees.

Me (ROTAS): Great.

We got out.

Mebuki Haruno: Thank you all so much.

Me (ROTAS): Lets head back to the village fast.

We ran quick.

FLASHBACK PAUSES

Soundwave: Mrs. Haruno, Not deserving of nuthouse.

Nico: No she's not.

Me: Well this is where it gets good.

FLASHBACK RESUMES

Me: (Voiceover) **We arrived back at the village just at sunrise and Lord Hokage was in the middle of a council meeting.**

Lord Third: Good Morning everyone. Sorry to call you in so early but we need to discuss some things regarding the upcoming finals for the Chunin Exams.

Mihara Haruno: And what would they be?

The doors busted open and we came in.

Mebuki Haruno: Lord Hokage! That woman at the table is an imposter!

Mihara Haruno: WHAT!? YOU!

Mebuki Haruno: That's right! You took my place so that you would send me to the nuthouse in your place!

Me (ROTAS): Sakura told us about what you did and she knew you were a fake! Isn't that right Mihara Haruno!?

The council gasped!

Choza: Mihara Haruno!?

Inoichi: That insane witch and the evil psychotic twin sister of Mebuki!?

Shikaku: That can't be!

Mebuki Haruno: That's right! I'm Mebuki Haruno and that woman has played you all for fools!

We told them everything about how Mihara orchestrated all those fox hunts on Naruto and all that and how she made his life a living nightmare.

Naruto: It's true!

Lord Hokage: Arrest that woman!

The ANBU did so!

Mihara Haruno: NO! YOU WILL PAY FOR THIS! (MANIACAL LAUGHTER)

Mebuki Haruno: You brought all this on yourself sister.

Lord Third: Can you all fill me in on what happened?

Me (ROTAS): Certainly Lord 3rd.

We told him everything that happened and what Sakura discovered as well as our plan and everything.

When we were finished Lord 3rd was amazed.

Lord Third: I always knew there was something fishy with the way Mebuki was acting but I never ever knew it was her insane twin sister. And you all returned the Real Mebuki to us safely. I'll be sure to let the Warden at the Land of Grass Insane Asylum know what was happening. Well done Knights. You will receive Triple S-Rank credit for this mission that was above and beyond the call of duty.

Naruto: Thank you Lord Hokage.

FLASHBACK ENDS

Me: And that's how we saved Mebuki.

Mebuki: And I'm forever grateful to you all.

Lady Tsunade: I remember hearing all about that. That was amazing.

Eli: Boy it sure was.

Aylene C.: That was amazing.

Blaster: You deserve to have your mom with you!

Sakura Haruno: I sure do.

Nico: Wow that was awesome!

Eli: Way to go guys!

Me: That was a really awesome mission.

Fu: It sure was. And they never even knew we got there.

Rin Nohara: That was a great mission.

Mebuki: I can never forgive my sister for what she did to me.

Nico: Boy I don't blame you Mebuki. She stole 6 years from you. But she's now back in the nuthouse where she belongs. She'll be transferred to the Saturn Insane Asylum for what she did.

Eli: I agree. She needs to be locked up tight.

Tsukune Aono: I agree there.

Laney: Same here. I brought Tsukune out. He's all better.

Jared: Glad you're all better Tsukune.

Tsukune Aono: Thanks to all of you.

Nico: You're welcome. Now we can get ready for our next mission. We're going back to the Moonlands and we're going to the forests of Paradwyn.

Laney: Awesome!

Nico: Yep.

Then El Diablo, King Hiss, Shiv, Weather Wizard, Villamax, Calamitous, Firefly, Misty Tredwell, Cheshire, and Leap Frog appeared.

Block Man: Kaede, you remember Poromon and Poliwag, right?

Kaede: I sure do. It's awesome to see them again.

Misty Tredwell: I heard so much about you Kaede. I just can't believe that the Japanese would deem you a threat to the world.

Me: No kidding Misty. What those people did to her was horrible. They really wanted to use her power as a weapon all for their own sick purposes.

Eli: That is not right.

Laney: No it's not. But we're not going to let them touch her.

Nico: That's right. I placed Kaede into the protection of Team Loud Phoenix Storm.

Emily McKale: Thank goodness for that.

Weather Wizard: Yeah. But that was amazing how Nico saved Kaede from herself.

Nico: Yep.

Firefly: Now that the fun talks are over can we go with you all?

Nico: You all sure can. Our mission is on the Moonlands again and we're going to the Forests of Paradwyn.

Firefly: Beautiful place.

Tsukune Aono: I heard the planet that the Moonlands were on exploded.

Nico: It sure did. Blame Shido for that.

King Hiss: I see you found another Live Action Autobot

Kendra: Yep we sure did.

Live Action Jazz: Awesome to meet ya. Name's Jazz. I was ripped in two my my universes version of Megatron.

King Hiss: Whoa I remember seeing that.

Shiv: Yeah that was intense!

Yusuke then came in!

Yusuke: Guys we got big trouble and I just found out that our old enemy Tarukane is back.

Nico: Tarukane!? As in Gonzo Tarukane!? Wasn't he that gangster mob boss that wanted the jewels that Yukina makes with her tears?

Yusuke: That's right and he is back from the dead to get revenge.

Moka: Didn't Toguro kill him by kicking his head clean off?

Yusuke: Yep.

Me: What can you tell us about him Yusuke?

Yusuke: He's not a nice guy I'll tell you that.

He went over his history.

---

Gonzo Tarukane is the founder and leader of the Black Book Club, serving as the final antagonist of the Spirit Detective Saga of Yu Yu Hakusho.

After capturing the ice apparition Yukina attempting to profit off her invaluable tears, Tarukane serves as a villain in the short story arc introducing the Dark Tournament Saga, though he is a pawn of the real villain of this arc.

Through various torture methods, he and his men fail to purge tears from Yukina's eyes, and thus summon the services of the Toguro Brothers, leaders of the apparition gang whose powerful reputation extends throughout Spirit World. Tarukane leads the Toguros into Yukina's cell, where the two brothers, after murdering two helpless birds, successfully force Yukina to cry.

When Yusuke and company storm the mansion grounds, Tarukane begins to place bets with his fellow Black Black Club members. Much would wager on the demons guarding the while, Sakyo wagered Yusuke's team. After the group defeats the Toguros, Hiei breaks into Tarukane's control room, who has been rendered bankrupt having been tricked by Sakyo .

Yukina manages to calm Hiei out of killing him. When Sakyo wakes the Toguros on their successful plan, he orders the Younger Toguro to execute Tarukane, before leaving to prepare for the competition. He does so, by kicking the bankrupt Tarukane's head off.

---

When he was finished we were shocked!

Nico: What a heartless monster!

Eli: I hope he wrote his will!

Nico: Toguro killed him before so we're going to throw him in jail where he belongs.

Me: Yeah.

Nico: Lets roll!

We were off to the Moonlands in the Pacific Ocean.

---

## MOONLANDS - PACIFIC OCEAN

---

We arrived in the Moonlands in Pacific Ocean.

Hornet Man: Man, it's like the Moonlands never blew up to begin with.

Nico: Yep. Now that they are on Earth it's gonna be a much better place for them.

Laney: I think the Moonlands being on Earth is much more awesome for them.

Rainbow Dash: Boy it sure is.

Eli: Now we got to find Tarukane. I sense that he has 10 fairies and 2 human girls with him as his captives.

Calamitous: But I don't think he'll make it easy for us.

Maria: He probably scattered the captives all over Paradwyn

Nico: You're right. I have known all about Tarukane's work for years. The reason being is that I was sent by the CIA to hunt him down and kill him.

Eli: Wow you sure have had a lot of amazing jobs working with the C.I.A. Nico.

Nico: I know. But Tarukane has been one of my most elusive targets. But I heard that Yusuke and his team managed to save me the trouble of having to destroy him and his entire organization. You see, Tarukane is the founder of the Black Book Club, a nasty and dangerous mafia organization that traffics demons into slavery.

Nico went over their history.

---

The Black Book Club are a consortium of wealthy mobsters and businessman who traffic demons as slaves and the overarching antagonists of Yu Yu Hakusho. They were formed after a group of mob bosses learned of the Demon World and pillaged it, kidnapping innocent demons to be sold as slaves and torturing and killing them for fun. They run numerous mansions where demons are held and gruesomely tortured for the amusement of their members.

History

The Black Book Club began as a criminal organization that discovered the existence of the Demon World and used the power of eight psychics to keep open a small portal which led to Demon World. Using this portal, the Black Book Club was able to enter the Demon World and began massacring peaceful demons while kidnapping others to be sold as slaves on the black market. Soon, the Black Book Club's underground slave trade of demons, overseen by Sakyo, became immensely profitable and many of the top members of the club developed net worths in the trillions. In fact, the club was said to have assets that dwarfed the gross domestic profit of Japan. The club also set up mansions to hold feasts for their members where enslaved demons were subject to horrific tortures and killed gruesomely for the sadistic pleasure of those attending. After Sakyo began a plan to open a permanent portal to the Demon World, and cause the destruction of the planet in the process, other members the Black Book Club attempted to kill Sakyo but were killed instead by Team Toguro.

Though the Black Book Club was ended, the effects of their crimes remained. The sight of one of their Feasts was enough to drive Spirit Detective Shinobu Sensui into misanthropy, leading him to kill everyone present at it.

---

When he was done we were shocked and horrified!

Eli: That's terrible!

Nico: Yeah. But Yusuke and Togero saved us the trouble of having to deal with them the first time. Now that Tarukane has returned, he and I have an old score 5 years in the making to setting.

Eli: We'll gladly help you Nico.

Nico: Thanks Eli. Thanks guys.

Lasher: Maybe we can sense where the nearest captive is.

Nico: Go for it.

Lasher searched and sensed and found it.

Lasher: We found it. 300 feet to the west.

Nico looked and then in a bottle we saw a Fairy of the Undead!

Nico: Whoa that's an Undead Fairy!

Eli: Careful Nico.

Nico flew over and then out came KIYOSHI MITARAI A.K.A. SEAMAN!

---

Kiyoshi Mitarai, code named Seaman, is a member of the Sensui Seven and a major antagonist in the "Chapter Black" arc of Yu Yu Hakusho.

History

While heading home from a Megallica concert, Kuwabara and his friends were attacked Seaman, who took notice of Kuwabara's current lack of spirit energy and decided take the opportunity to take him out. Using his water manipulation powers, Seaman trapped Kuwabara and his friends inside a water giant he created. However, Kuwabara suddenly utilizes his spirit energy to create a spirit sword, which he uses to slice through the water giant and free himself and his friends. While overpowering Seaman, Kuwabara spares his life and takes him to safety. Kuwabara brings his unconscious body to Yusuke's apartment, where he awakens. He is then interrogated by Team Urameshi and informs the team about the Chapter Black tape and Sensui's plans.

During the confrontation between Yusuke and his friends and Sensui, Seaman stays in an apartment with Botan and watches the battle. When an explosion in the apartment building causes furniture to fall over, Botan shields Seaman from a falling bookcase, confusing Mitarai as to why she would do something like that for him. Seaman then begins to realize that humans were not all evil as he had once and become more optimistic on his outlook towards them. Seaman later helps Team Urameshi get to Sensui's lair and defeat another one of Sensui's minions, Tsukihito Amanuma aka the Game Master. After Sensui is defeated, Seaman returns to middle school and later gets accepted into the city's finest high school.

---

Nico: Seaman! Boy it's good to see you. No pun intended.

Seaman: You got to stop me Nico!

Nico: Uh oh!

Nico saw a radio transmitter on the back of his neck and it was a remote control chip!

Nico: Oh no!

Nico teleported and took the chip off.

Seaman: Whoa! Thanks Nico.

Nico: Are you all right?

Seaman: No problem.

Firefly: You didn't hear that pun Nico made, did you?

Seaman: I didn't. But I knew what he meant and Nico thank you for saving me.

Nico: Let me guess. Tarukane enslaved you to do his bidding.

Seaman: Yes he did. And he also has other demons with him too!

Nico: Do you know which ones?

Seaman: I didn't get their names but he has a magenta haired girl that has amazing lightning powers,

Nico: That's Ruka. I remember seeing her in the Dark Tournament Stadium when we were there the first time.

Seaman: Wow. The rest you'll see soon.

Nico: Okay.

Nico went up to the Undead Fairy and he released her.

Umtraika: Thank you for releasing me Nico. I'm Umtraika the Fairy of the Undead.

Nico: Awesome to meet you Umtraika.

Metal Man: 1 down. 11 to go.

Nico: Lets get moving. Seaman, Tarukane doesn't have Makuro in his grasp does he?

Seaman: No he doesn't.

Me: Good.

Nico: That's good. Lets move!

We went to find the next fairy and in a flower field in a crystal bottle was a Wind Fairy!

Nico: There's the Wind fairy.

Then out came Horatio McCallister the Sea Captain!

---

Horatio Peter McCallister, more known simply as the Sea Captain, is a resident of Springfield. He is always seen holding a corncob pipe and squinting: because he has at least one glass eye - though once he was seen tapping both of his eyes and says he has "two glass eyes." In addition to eye(s), he also has an artificial leg. Owing to his occupation as a sea captain, he also spoke with a Bristolian accent. He was created by the writer Conan O'Brien.

Though he admitted he isn't a real captain, Captain McCallister has (incompetently) piloted several vessels. On one occasion, he wrecks a cargo ship full of hot pants (although in that particular case, it wasn't actually his fault: The lighthouse's light had been destroyed by a desperate Homer and when he saw the lighthouse light turn back on, he attempted to correct his course); on another, in a reference to the Exxon Valdez oil spill, he causes an oil spill by crashing his tanker while drunk.

He launches a river raft for Homer, only to have it sink immediately to the bottom. The captain's idea for Mr. Burns' casino involved three ships and fifty "stout men" who would "sail 'round the Horn and return with the finest spices and silk". On several occasions, he acknowledges his incompetence with a depressed, "Arr, I don't know what I'm doin'." Shortly before Mr. Burns blocked out the sun at 3:00 PM, he indicated that he had in fact seen the sun set once at that time while he was sailing in the arctic, but Mr. Burns interrupted him before proceeding to activate the Sun Blocker.

---

Nico: Horatio McCallister!

Homer: We've been looking for you!

Sea Captain: (Seadog Accent) Yarr you have to help me!

Eli: I got this!

Eli teleported and took off the transmitter.

Sea Captain: Argh. Thank ye for helping me.

Eli: You're welcome.

Eli released the Wind Fairy.

Juntatsu: Thanks for Releasing me Eli. I'm Juntatsu the Wind Fairy.

Eli: You're welcome. Awesome to meet you.

Shiv: 2 down. 10 to go.

Nico: Yep.

The next fairy was over in a river. We saw that it was a Water Fairy in a crystal bottle.

Nico: It's a water fairy.

Then out came TSUKIHITO AMANUMA A.K.A. GAMEMASTER!

---

Tsukihito Amanuma (天沼 月人, Amanuma Tsukihito), also known as Gamemaster (遊熟者ゲームマスター, Gēmu Masutā, literally translated as Thoroughly-Wild Person), is a human who develops superhuman powers as a result of the demon plane hole opened by Sensui. Amanuma is able to bring video games to life, creating his territory within them. He is also a former member of the Sensui Seven

Amanuma didn't have any friends and wasn't close to his parents (apparently they both work and argue when they get home), so he played video games. Sensui once found him at an arcade and challenged him to a game. Tsukihito became interested after Sensui held him out to a draw, since he was the only person to have ever done so. Sensui offered him a chance to get back at everyone, not telling him that he and others, after using them, would die.

His job was to bring the game Goblin City to life in order to slow the advancement of Yusuke's team towards Sensui. In order to win the game, they have to win four times, having seven chances. Seaman won the tennis game, Genkai for the Battle Heli and Yusuke for the King of the Hill. After the three wins, they must fight Amanuma/ Gamemaster for the fourth win. Kaito, confident because he has memorized the questions and the answers, volunteered for the Battle Quiz. Amanuma let him have the first five questions, secretly figuring out the pattern. After the five items, Amanuma pressed the button in the middle without having him or Kaito read the questions. Kaito was easily beaten after this. Kurama later explained that if they lose the game, they can choose whether to play again or quit, the latter resulting in their death. Realizing the real purpose of this game, Kurama was forced to choose between one child and the human world. Kurama told Amanuma the truth: Sensui was only using him. Shocked and not knowing what to believe, he lost his concentration, which allowed Kurama to beat Amanuma in the mini-game Three Sevens.

According to the rules of the game, which applied to the real-life game that Amanuma made, the Gamemaster would die if beaten. After Kurama won, Amanuma died on the spot. His death shook Kurama and awakened a silent fury within him, which was shown when he took his anger out on Elder Toguro, seeing that the boy was being used by Sensui. Yusuke and the others advanced to the next room after that. Amanuma's body was left with the pick-up outside. It was later revealed that Koenma used his pacifier, or the Mafuuken to resurrect Amanuma. This was also according to Sensui's plans to lessen the power of the Mafuuken, his main threat.

In the end, Amanuma was seen playing video games again, but he began his new life with a different perspective. He started to make friends, and now goes to a private junior high school.

---

Nicole: Whoa! Tsukihito Amanuma A.K.A. Gamemaster!

Gamemaster: Help me Nicole!

Nicole teleported and took off his transmitter.

Gamemaster: Thanks Nicole.

Nicole: You're welcome. I'm sorry you got dragged into this mess. But after this is done I can take you on as one of my apprentices in Video gaming.

Gamemaster: Thanks Nicole.

Nicole: You're welcome. Mom you can release the water fairy.

Varie: With pleasure.

Varie did so.

Aquarana: Thanks for releasing me Varie. I'm Aquarana the Fairy of Water.

Varie: Pleasure to meet you Aquarana.

Aria Blaze: You interested in joining the Neptune Crusaders?

Aquarana: I sure would be honored.

Nico: That's three down.

We went for the next Fairy and we saw an Earth Fairy and it was by an alter of crystal and we then saw a figure come out and it was JOCASTA NU!

---

Jocasta Nu, a Force-sensitive human female, was a Jedi Master of the Jedi Order who served as the Chief Librarian of the Jedi Archives during the last years of the Galactic Republic. In this role, Nu was the primary caretaker of the extensive Archives, helping her fellow Jedi find the information they needed while controlling access to several restricted vaults and artifacts.

Although she was the Chief Librarian of the Archives, Nu was not removed from other Jedi affairs and, at some point, was a member of the Jedi High Council. As Chief Librarian, she worked alongside other Jedi such as Masters Tera Sinube and Eno Cordova. During the Clone Wars, Nu became involved in a plot by bounty hunter Cad Bane to steal a Jedi holocron, though she and her fellow Jedi failed to stop him from escaping the Jedi Temple with the artifact. She later helped Padawan Ahsoka Tano find the thief who stole her lightsaber, aided the Jedi Council in their investigation of Jedi Master Sifo-Dyas' death, and continued to watch over the Archives.

At the war's end, most Jedi were wiped out during the Great Jedi Purge and the rise of the Galactic Empire. Nu was among the survivors of the purge, and with her assistant Gar, attempted to preserve what knowledge she had and prepared a covert school to train future Jedi. Nu decided to return to the former Jedi Temple on Coruscant, knowing that hidden in the Archives was a holocron containing a list of force-sensitive children. Nu managed to sneak into the Temple and retrieve the holocron. Determined to put a permanent end to the Jedi, the newly crowned Emperor, Darth Sidious, dispatched his agents, Darth Vader and the Grand Inquisitor, to hunt down the former Chief Librarian. Knowing she wouldn't be able to escape Coruscant, Nu attempted suicide but was foiled by Vader. Vader killed Nu afterward, though he later destroyed the holocron after Nu warned him of what Sidious would do with it. Years after the deaths of both Nu and Gar, the information she kept hidden was found by Jedi Master Luke Skywalker, who used it to try and rebuild the fallen Jedi Order.

---

Anakin: Jocasta Nu!

Me: Wasn't she the chief Librarian at the Jedi Temple Archives?

Eli: That's right!

Jocasta Nu: You got to help me everyone!

Eli teleported and got the transporter off her.

Jocasta Nu: Thank you young Eli.

Eli: You're welcome Mistress Nu.

Tara went and freed the Earth Fairy.

Earthore: Thanks. My name is Earthore. Thanks for releasing me Tara.

Tara: You're welcome.

Nico: That's 4 down.

Cheshire: You alright, Jocasta?

Jocasta: Thanks to Eli here.

Nico: Thank goodness you're okay. Tarukane put a radio transmitter on you to take control of your body.

Jocasta: So that's it.

Nico: Lets get movie so we can make sure he pays for his crimes.

We got to movie and we came across a lava pond and in the middle of it was an alter with a fire fairy in a crystal bottle and out came DR. EISENSTEIN!

---

Dr. Eisenstein, known in Japan as Dr. Allbert Zweinstein, is a ten time Nobel award-winning German physicist, specialized in Duel physics, with an IQ of 173. He is most famous for his quantum duel theory.

Eisenstein arrives at Duel Academy under Prince Ojin's request and is sent by Sartorius to eliminate Jaden and retrieve his key to the mind control satellite although his underestimation of the young Duelist's tactics results in his failure. Bastion idolizes him for his unified theory of the world constituting a "beautiful space" and calls him a "god".

He returns during the third year to communicate with those trapped in the other world, informing them that the key to their escape is to send Jesse's "Rainbow Dragon" card through a wormhole to link both dimensions.

His last name, in both the English and Japanese versions of the anime, is a pun on the name of Albert Einstein and as such is based on him in voice, therefore he speaks with a German accent. Jaden continuously mispronounces his name, in a parody of "The Young Frankenstein".

---

Jaden Yuki: Dr. Eisenstein!

Dr. Eisenstein: (Austrian Accent) Young Jaden you must help me!

Jaden teleported and took the transmitter off him.

Jaden Yuki: Are you all right?

Dr. Eisenstein: Ja thanks to you my boy.

Nico: We're glad you're all right.

Jared went over and freed the Fire Fairy.

Pyroxis: Thanks Jared. I'm Pyroxis.

Jared: Honor to meet you.

Misfire: Are you related to Albert Einstein?

Dr. Eisenstein: No no. Although I do sound like I'm like him I am not related.

Nicole: Dr. Eisenstein is a colleague of mine and his Quantum Duel Theories are really amazing. He uses a Physics of Relativity Deck.

Nico: All that stuff is really complex for me.

Leanne Nikos: But it is my most strongest strongsuit.

Nico: Yeah that's true.

We went to find the next fairy and we saw it in a fruit garden and it was a Life Fairy. Then out came PROFESSOR THELONIOUS VIPER!

---

Professor Thelonious Viper, known in Japan as Professor Cobra「プロフェッサー・コブラ」(Purofessā Kobura), is a professor hailing from West Academy and the main antagonist for the first arc of Yu-Gi-Oh! GX's third season. He was a former military commander who after losing his adopted son Pierce, allied with Yubel to revive him, using the Bio-Bands to drain energy from the academy's duelists. After failing to defeat Jaden Yuki, Yubel changes his memories and then leads him off a ledge, causing him to fall to his death.

While performing military services in a war that ravaged his country, Viper came upon an infant whom he believed saved his life by drawing his attention away from an area which was suddenly detonated. In the dub, it is simply stated that the rest of the unit he was with was ambushed and captured while he left them. He adopted the child, Pierce, and came to regard him as the "angel" in his otherwise torturous life. Years later, chasing after Duel Monsters cards given to him by Viper as a present that were swept up in the wind, Pierce was run over by an oncoming vehicle (This scene was cut from the dub, here, he died of an illness).

Later on, Viper entered Duel Academy in the third year and in a desperate attempt to aid Yubel (who promised to raise his son from the dead), Professor Viper pitted students against one another in Survival Duels. The only concern he had was that Adrian Gecko grew suspicious of him. Viper attempted to get rid of him by forcing him into Survival Duels and setting the Bio-Band drainage level to maximum in an attempt to kill him during his Duel against Chazz Princeton, knowing that Adrian would still Duel. However, Adrian forced Viper to lower the level when he got the entire Ra and Obelisk dorms to Duel at the same time. Adrian later manipulated Jaden and his friends to act as decoys while he infiltrated Viper's hideout for a card Viper had. When Jaden Yuki and his friends broke into Viper's hideout, Viper found that Yubel still needed more energy and faced off against Jaden in a Duel (in the dub, part of the reason was that Yubel wanted to see Jaden suffer). When he lost, Yubel, manifesting in energy form as Viper's son, modified Viper's memories of Pierce's death, deceiving him into believing that Pierce never died. In a stupor, Viper followed his "son" to the edge of the platform where he seemingly fell to his death. (In the US version: after Yubel grabs Viper's face, he simply disappeared, which heavily implies his death, though this is not specifically stated.)

After Jaden became The Supreme King, his words alongside Mr. Stein's linger in his mind, specifically about his not treating Duels as anything more than a game (In the dub only the former appears to tell Jaden he's selfish). Viper is seen one more time prior to Jaden's final Duel with Yubel as Jaden remembers all the people Yubel has wronged.

---

Axel Brodie: Professor Viper!

Nico: One of the Duel Academy Teachers too!?

Me: Oh man! I heard that his son Pierce was killed and he was trying to get energy for Yubel to revive him.

Yubel: I remember that.

Professor Viper: You have to help me!

Laney teleported and removed his transmitter!

Professor Viper: Thank you.

Me: Professor I'm so sorry about your loss with your son Pierce. I know how much he means to you. So I'll do this. (Snaps Fingers)

Then out of a sunbeam with the divine singing of angels came down a figure and it was Professor Viper's son Pierce!

---

Pierce, known in Japan as Rick is Thelonious Viper's adopted son. Viper saved him from being hit from a bomb when he was a baby in a war zone area and decided to adopt him. (In the Japanese version, Viper says that Pierce "was an angel who came to save his life," as that same bomb took out his team and would've done him in, as well, had he not spotted the baby.) Years later, Viper gave him a deck of Duel Monsters cards but a sudden gust of wind blew the cards onto the street. Pierce went after them only to get killed by an incoming bus heading in his direction (the English version changes his death to having been due to a fatal disease). Since then, Viper had made a deal with a devil arm he found in a later mission, agreeing to help it in exchange for reviving Pierce.

Once Viper and Jaden's Duel is over, the mysterious devil arm takes the plasma form of Pierce and changes Viper's memory so that he believes Pierce is alive, thus carrying out their "contract".

---

Pierce: Dad?

Professor Viper: Oh son!

They hugged for the first time in years.

Nico placed his hand on my shoulder.

Nico: I had a very strong feeling you were going to do that J.D.

Laney went over and freed the Life fairy.

Livferna: Thanks Laney. I'm Livferna.

Laney: You're welcome Livferna.

Leap Frog: You didn't deserve to be mind controlled. Not after everything that happened to you.

Professor Viper: I know. Thank you all so much.

Me: You're welcome Professor.

Nico: We're just glad you're back together with Pierce.

Pierce: Yeah. We are both glad.

Me: (Smiles) Lets get you back home to be safe.

We beamed them back to Duel Academy.

We went to find the next fairy and we saw in a field of crystal that it was a magic fairy and then out came BLAZE OF THE LIGHT BRIGADE!

---

Blaze, known in Japanese version as Honōmaru, is an assassin who escaped Sarina's lair with T-Bone. He revealed to Jaden that he and T-Bone had themselves once applied for Duel Academy but failed their first entrance exam. He was caught and sealed in a mirror by Sarina but he was freed alongside the other Light Brigade Duelists after Jaden Yuki and Aster Phoenix defeated her.

Blaze's signature card (and also the only one of his deck that was shown) is "Thestalos the Firestorm Monarch".

---

Nico: Blaze of the Light Brigade!

Eli: Oh man! Is the Society of Light back?

Me: No. After we took him down the first time Sartorius destroyed his mind and enslaved it. When we killed Sartorius we freed the entire world of his influence and Blaze was returned back to normal.

Blaze: Help me!

I teleported and removed the Transmitter.

Blaze: Thanks J.D.

Me: Blaze I'm sorry you were enslaved like that by Sartorius. What he did was just awful.

Blaze: Yeah. I decided that I will head out into the world to see more of Nature's great things. Use my duel disk well J.D.

Me: I will Blaze.

We shook hands.

Me: Maybe we'll meet again someday and then you can think about joining us.

Blaze: Thanks J.D.

Blaze was teleported back to America.

Twilight Sparkle then freed the Magic Fairy.

Lamagis: Thanks Twilight. I'm Lamagis the Magic Fairy.

Twilight Sparkle: Glad to meet you Lamagis.

Misty Tredwell: I hope Blaze finds what he's looking for.

Me: He will Misty. He will.

We then got to searching some more and then in an alter of gears we found a Tech Fairy. Then out came THUNDER OF THE LIGHT BRIGADE!

---

Thunder, known in Japan as Ikazuchimaru (雷丸) is one of the four members of the Light Brigade led by Sarina. He and fellow member Frost were called upon by Sarina to battle Syrus Truesdale and Tyranno Hassleberry after they kidnapped Solomon Muto and baited them to the top of a large building in Domino City. Unlike Frost, he was more willing to use teamwork to win. He was given a copy of "Mirror of Duality" by Sarina, but could not use it since his Life Points were too low. However, Frost himself played the same card and won the Duel, with Thunder losing all his Life Points along with their opponents. He was sealed in a mirror by Sarina when she no longer had any use for him, but was freed alongside the other Light Brigade Duelists after Jaden Yuki and Aster Phoenix defeated her.

The "Ikazuchi" portion of his name in the Japanese version is derived from the word "ikazuchi" (雷), meaning "lightning".

Thunder travels through thunder, and seems to be in control of the "Zaborg the Thunder Monarch" spirit that presided over the city during his Tag-Team Duel.

---

Me: Thunder!

Jaden: Not him too!

Lincoln: I got this!

Lincoln teleported and removed the transmitter and freed him.

Thunder (GX): Thanks Lincoln. I am not ready to join you guys yet so I am going to see the world.

Nico: We understand Thunder. But travel safe.

Thunder (GX): I will.

He was teleported back to America and Lincoln went over and freed the Tech Fairy.

Techwoo: Thanks Lincoln. I'm Techwoo.

Lincoln: Awesome to meet you Techwoo.

Solar Man: I wonder who the other 2 girls are.

Nico: We'll find them.

We searched all over and we found a fairy of Light named Celestala and a Fairy of Darkness named Eclipsola and they were being guarded by T-Bone and Frost. Lana and Lola freed them.

---

Frost

Frost and Thunder were sent by Sarina to lure in Jaden Yuki. They did so by attacking Solomon Muto the grandpa of Yugi, resulting in Jaden, Syrus Truesdale, and Tyranno Hassleberry in splitting up. He froze Solomon's bandanna solid and passed it onto Chazz Princeton to give to Syrus and Hassleberry. When Syrus and Hassleberry arrived on the top of the building, he and Thunder challenged them to a Tag Duel. Frost used "Side Attack" to force Hassleberry, whose Dinosaur Deck was at a disadvantage in comparison to Forst's Ice Deck, to face him, and Syrus to face Thunder. Frost quickly displayed his flippant attitude towards his partner when he brought out "Reflector Bit" to deflect Hassleberry's attack towards Thunder, though he claimed that he knew Thunder had his own "Reflector Bit" ready.

Frost brought out "Mobius the Frost Monarch" and pushed Hassleberry into a corner. When they revealed that Syrus and Hassleberry were being used as bait to get to Jaden. Syrus and Hassleberry made a comeback, with Syrus using "Dark Computer Virus" to face Frost and free up Hassleberry's field. After Hassleberry cleared the field and brought out "Super Conductor Tyranno", Thunder was forced to protect himself with "Lightning Talisman", which damaged Frost. Syrus brought out "Super Vehicroid - Stealth Union" and attempted to wipe out both Frost and Thunder at the same time, but Frost activated "Mirror of Duality" to defeat not only Syrus and Hassleberry, but also Thunder.

Frost transported to find Jaden, Solomon, and Aster Phoenix, informing them that he had their friends before returning with Syrus and Hassleberry to Sarina and Chazz. He arrogantly pawned off their unconscious bodies to Blaze and T-Bone, and expressed his desire to Duel Jaden. Sarina condescendingly reminded Frost that he had barely defeated Jaden's friends and would be no match for Jaden himself, before sealing Frost into a card, declaring that she no longer had any use for him. Frost was seen trapped in Kaiba Land's virtual world alongside the other Light Brigade Duelists, and he was freed after Jaden and Aster defeated Sarina.

T-Bone (GX)

T-Bone, known in Japan as Iwamaru (岩丸) is one of the four members of the Light Brigade. He first appeared when called upon

Frost (alongside his partner Blaze) after Frost defeated Syrus Truesdale and Tyranno Hassleberry; Frost intended to use them to drag their unconscious bodies to Kaiba Land to lure Jaden (then Duel him), but Sarina, unimpressed with the close-call nature of Frost's victory, sealed him away in a mirror. Intimidated by Sarina, Blaze and T-Bone left the lair to confront their target: Jaden Yuki. After befriending Jaden and his friends (not knowing their names), Sarina sealed Blaze in a mirror and coerced T-Bone to duel Jaden. Despite having the powers of all the other Light Brigade members bestowed into his Deck, he lost.

Following his defeat, he was sealed in a mirror by Sarina, but was freed alongside the other Light Brigade Duelists after Jaden and Aster Phoenix defeated her. In the English version, he is a rapper wannabe, reflected by his accent and choice of words.

The "Iwa" portion of his name in the Japanese version is derived from the word "iwa" (岩), meaning "rock."

---

T-Bone (GX): Thanks for saving us.

Nico: Anytime T-Bone. And Frost?

Frost: What?

POW!

Nico punched him in the face and knocked him down!

Nico: That was for turning invisible and making me attack Aunt Ruth!

We then later beamed Frost and T-Bone back to America. We found Ruka about to be swallowed up by quicksand and saved her and then we then saw the two girls tied to a big flower and they were MIKAELA BANES and CARLY SPENCER!

Leadfoot: Mikaela and Carly!

We went over and got them down.

Ring Man: You girls okay?

Carly Spencer: Thanks to you guys.

Mikaela Banes: Yeah we were just taken here by that old prune.

Nico: Glad you two are okay.

Ruka: Same here.

Mikaela Banes: What the Hell is Barricade doing here?! And why is Blackout still alive?!

Weather Wizard: Mikaela, ever consider that not all villains are pure evil?

Carly Spencer: Says the Central City Rogue!

Nico: Whoa whoa whoa whoa whoa! Calm down. Barricade, Blackout and Scorponok are no longer bad guys. They are now under my leadership.

Nico showed them his Decepticon Leadership Medal.

Nico: I'm now the leader of the Decepticons and I'm leading them on the road to redemption. A lot of things have happened here unlike in your universe.

Nico told them everything and then they gasped in shock.

Mikaela: None of that would've happened if I hadn't broken up with Sam.

Cindersaur: You don't know that for sure.

Me: We're so sorry about what happened Mikaela, but your universe is no going through bigger problems.

Nico: Specifically because of Sentinel Prime. The human race is now starting to rebel against the Autobots and an evil terrorist group called Cemetery Wind is out to destroy them.

Nico told them everything that happened because of Sentinel Prime.

They were shocked and horrified.

Villamax: Nico, which Gene Slammer do you think will appear on your next rescue?

Nico: I'm hoping to meet an Amperi Gene-Slammer next.

Ra'ad: One of my kind next. I like it.

Nico: Yep.

Ben: That will be so cool to see.

Nico: It sure will. Now we have all the rescues of Paradwyn done. Lets go after Tarukane.

Cynder: Time for our entrance.

Nico: Lets do it!

Tarukane was fuming in rage! Then the spirits of the magic of the weather swirled around him and struck him with lightning and then they converged and then…

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off above him and a phoenix cry was heard and then we came out and we were facing GONZO TARUKANE!

Nico: Gonzo Tarukane you are under arrest!

Yusuke: You and I have a score to settle you pruny dirtface!

Tarukane: You got to rescue 12 new friends and got to reunite with old ones. You should be thanking me!

El Diablo: We'll thank you by burning your ass!

Nico: And ripping your arms and legs off in the most horrifyingly painful way we know!

Eli: Yeah you old sack of rotten haggis!

Then Evil Star, Key, Devack, Fixer, Evil Lyn, Dirty Bubble, Major Disaster, Whiteout, Cluemaster, and Riddler appeared.

Nico: Evil Star, Key, Devack, Fixer, Evil Lyn, Dirty Bubble, Major Disaster, Whiteout, Cluemaster, and Riddler.

Evil Star: You guys rescued a lot of girls.

William: We sure did.

Key: (to Carly and Mikaela) We're very sorry about Sam.

Devack: But I got a feeling we'll see him very soon.

Nico: Yep.

Me: It'll be some time before we go to the Live Action Transformers Universe on April 28th.

Devack: Good.

Fixer: (to Kaede) So, you're an old friend of Nico, right?

Kaede: I sure am.

Evil Lyn: It's nice to meet you.

Kaede: Same to you all.

?: Lots of friends huh?

A figure came out and it was BIG MOUTH MONSTER from episode 8 of Operation Overdrive!

---

This money purse/vacuum cleaner monster was created from a blue purse on a picnic blanket, not far from where Miratrix was battling four of the Rangers. While Kamdor was battling Will, Miratrix called on Kamdor to create the monster. Soon the monster attacked the other Rangers while Miratrix continued her hunt for the Hou-ou bird. Three of the Rangers struggled against the monster, but Ronny was able to handle him. Will, after defeating Kamdor, soon came in to give the others an added advantage. Mack used his Drill Blaster to take the monster out, but Kamdor made him grow. The Rangers used their Crane Driver to trap the monster, and then they finished him off with the DriveMax Megazord Drill and Crane Formation while he was still trapped.

---

Will Aston: Big Mouth Monster!

Big Mouth Monster: Been a while rangers.

Me: I remember you! You were sent to battle some of the power rangers while Kamdor battled Will.

Big Mouth Monster: Yes that's right. Good memory.

Nico: Yep.

Big Mouth Monster: That was clever pretending to switch sides, Black Ranger.

Will Aston: Thanks.

Big Mouth Monster: You guys should fake being evil more often.

Nico: Well, maybe not more often.

Me: Yeah we had to learn that the hard way when we put on that false betrayal with the Atmospheric Jellyfish. Lori, Lynn and Lola couldn't stop crying for days because they felt it was real even though it was all my plan.

Lori: Yeah it still hurt though.

Lynn: It sure did.

Lola: Yeah it was painful.

Twilight Sparkle: That must've been a crazy plan.

Nico: It was.

Me: Yeah. I don't know what the hell I was thinking about that.

?: We agree but it wasn't your fault.

Big Mouth: Oh right we have new recruits.

Then 2 girls came out and they were Amber & Crystal Bailey, the Bailey Twins.

---

**The Bailey Twins** are major antagonists in the 2010 video game *Dead Rising 2* and *Dead Rising 2: Off The Record* . They are the hostesses and co-hosts of the "Terror Is Reality" sports program and competition, working together with Tyrone King. They are also Rebecca Chang's mysterious source, responsible for giving her a fake video of Chuck planting bombs on zombie cages (DR2), or a video of Brandon Whittaker planting bombs on zombie cages (DR2: OTR).

They were voiced by Heather Doerkson (Amber) and Laara Gilchrist (Crystal).

Just before the events of the game, Amber and Crystal assisted TK in hosting the Terror Is Reality show by introducing the players to the arena and then congratulating Chuck on winning the prize money.

Then Chuck decided to leave the contestans' locker room and go to his wardrobe room where his daughter Katey was waiting for him there under the care of an Arena employee. Just before entering the elevator, Chuck sees Amber right outside their dressing room, waiting for her sister. Amber is clearly making fun of Chuck. Chuck goes to the elevator from which Crystal is coming out and she, like her sister, mocks Chuck, and then with a suggestive step goes to Amber. Chuck smiles at them and says goodbye to them, wishing them good night.

The next day, on September 26, when TK's plan to plunder the casino safes was thwarted by Chuck, Rebecca tells him that she has a meeting with his source that evening and offers the man to meet it at the Shoal Nightclub in Yucatan Casino at 11 p.m. Chuck agrees. However, at 11:00 p.m, Stacey calls Chuck that she is concerned about Rebecca because her *source* is clearly too insistent and she needs help.

Chuck Greene heads to the Shoal Nightclub at Yucatan Casino and enters the nightclub. The club is unnaturally quiet and lacks a living soul. Chuck steps onto the dance floor, and behind him, Amber locks the club door. At one point, Crystal throws a bottle of vodka next to Chuck and offers him something to drink. When Chuck is surprised to discover that Crystal is Rebecca's mysterious source, Amber appears behind him, holding the young journalist hostage. After a moment's thought, Amber releases Rebecca from her hands. The twins start mocking Chuck, and they both attack him with their katanas.

After the fight, Chuck kills one of the sisters and the other runs to her sister's corpse. The woman begins to lament the loss of her other half and begins threatening Chuck that he will never get out of Fortune City. Then, in an act of despair, the sister picks up the dagger and confesses that she will never be complete again. Chuck, seeing what the remaining twin wants to do to herself, tries to stop her, but it's too late and he sees the woman stick the blade straight into her chest. After putting her hand on the cheek of her deceased sister, the woman dies after a short while. After killing Amber and Crystal, Chuck unties Rebecca and tells her he can't believe she trusted the twins.

*Dead Rising 2: Off The Record*

In *Dead Rising 2: Off The Record*, the roles of the twins are identical to that in *Dead Rising 2* .

Just before the events of the game, Amber and Crystal assisted TK in hosting the Terror Is Reality show by introducing the players to the arena and then congratulating Frank on winning the prize money.

Then rankdecided to leave the contestans' locker room and go to the exit. Just before entering the elevator, Frank sees Amber right outside their dressing room, waiting for her sister. Amber is clearly making fun of Frank. Frank goes to the elevator from which Crystal is coming out and she, like her sister, mocks Frank, and then with a suggestive step goes to Amber. Frank smiles at them and says goodbye to them, wishing them good night.

The next day, on September 26, when TK's plan to plunder the casino safes was thwarted by Frank, Rebecca tells him that she has a meeting with his source that evening and offers the man to meet it at the Bennie Jack's BBQ Shack in Americana Casino at 11 p.m. Frank agrees. However, when Frank arrives at the restaurant at the appointed time, he can't find Rebecca. Instead, he finds a note that says Rebecca has been kidnapped and must bring a million dollar ransom to the Shoal Nightclub at Yucatan Casino by 7 p.m. the following day.

Frank having no choice but to start collecting the ransom money. With the money raised, he goes to the Shoal Nightclub at Yucatan Casino where the ransom is collected by one of TK's men, adding that Rebecca is inside. The club is unnaturally quiet and lacks a living soul. Frank steps onto the dance floor, and behind him, Amber locks the club door. At one point, Crystal throws a bottle of vodka next to Frank and offers him something to drink. When Frank asks Crystal where's Rebecca, Amber appears behind him, holding the young journalist hostage. After a moment's thought, Amber releases Rebecca from her hands. The twins start mocking Frank, and they both attack him with their katanas.

After the fight, Frank kills one of the sisters and the other runs to her sister's corpse. The woman begins to lament the loss of her other half and begins threatening Frank that he will never get out of Fortune City. Then, in an act of despair, the sister picks up the dagger and confesses that she will never be complete again. Frank, seeing what the remaining twin wants to do to herself, tries to stop her, but it's too late and he sees the woman stick the blade straight into her chest. After putting her hand on the cheek of her deceased sister, the woman dies after a short while. After killing Amber and Crystal, Frank unties Rebecca and tells her he can't believe she trusted the twins.

Fox McCloud: I thought I'd never hear that voice ever again. You can come out now, Andrew Oikonny.

A figure came out, and it was none other than Andrew Oikonny, the nephew of the mad scientist and enemy of Star Fox, Andross.

---

Andrew Oikonny is a villain from the Star Fox series. He is an inexperienced pilot who flies for the Star Wolf team. He is the nephew of Andross and the supposed rival of Slippy Toad. Andrew makes his debut in Star Fox 64 which shows him as the fourth member of the Star Wolf Team, with his dedication to his uncle Andross being his calling card.

Past

Oikonny was originally supposed to appear in Star Fox 2 as Algy. His first official appearance was in Star Fox 64, where he was a part of Star Wolf. He would always attack Slippy as his first target. When shot down, he would usually yell "Uncle Andross!" (though Oikonny only screams upon defeat during the battle of Venom in the last stage, The Final Battle) Oikonny appears with the rest of Star Wolf in the missions Fichina or Bolse Defense Station. He is also seen in the "back entrance" to Venom where Star Wolf gets new ships. Andrew isn't heard from again until Star Fox Assault, where he has taken control of the remains of Andross's fleet and declared war on Corneria. After plowing through his fleet and chasing all across Fortuna, Oikonny transforms his ship into what Falco calls an "Andross Wannabe" that is soon destroyed by an Aparoid. Oikonny survives and returns in Star Fox Command as an ally to the Anglars piloting the Death Crab. He is then defeated once again by Fox and his team.

## Lylat Wars

According to the official Star Fox 64 strategy guide, he is an inexperienced pilot who only flies to try to follow in Andross' footsteps. In the game, it is shown that he and Slippy have a minor rivalry with each other, as other members have rivalries with other Star Fox members. Unlike the others', Andrew's conflict with Slippy has a foggy background. Andrew is similar to Slippy in that they are both below-average pilots. Sometime after Andross is killed, Oikonny resigns from Star Wolf (while Pigma Dengar is kicked out), according to the official Star Fox Assault manual. His main focus becomes avenging his uncle and becoming emperor of Venom's fleet.

## Aparoid Invasion

In Star Fox Assault, Oikonny, referred to in the game only by his last name (except for one brief moment before his defeat at the hands of an Aparoid boss, and even then only by himself), gathers Andross' remaining troops and forms a rebellion against the Cornerian Army. The Star Fox team tracks him down to the planet Fortuna, where his ship turns into a large likeness of himself (and resembles Andross, with hands with weak spots located on the palms). During this battle, Oikonny is unexpectedly shot down by an Aparoid Moth. He survives (if Command is believed to be canon), but isn't seen or directly mentioned again until Command.

## Anglar Blitz

Oikonny appears again in Star Fox Command, having survived his encounter with the Aparoid. Instead of fighting the Anglar Empire alongside Dash, Andross's grandson (and his second cousin), he joins the Anglars and pilots the Death Crab, confronting Star Fox in Fichina City (The reasons are never explained, but it may have something to do with the fact that his uncle was the one who gave them life in the first place, if the Goodbye Fox scenario is considered canon.). It is unknown if Oikonny will go back to flying with Star Wolf, since he hasn't expressed any interest in going back to his old wingmates. It's also interesting to note that Andrew and Dash never meet face-to-face in this game. In one ending for Command, Dash begins resurrecting the Venomian Army, just as Andrew had tried to do in Assault. It is very likely that Oikonny will join Bowman in his war declaration on Corneria, if this alternate ending is made canon. If so, together they may be Andross' successors over his empire.

---

Falco Lombardi: Andrew, I should've known you'd return from the dead.

We also saw purple blotches on him, and we knew one thing: Andrew Oikonny was brought back by the Aparoids.

Nico: And of course, he's been brought back by the Aparoids. Figures.

Andrew Oikonny: And now, I will have my revenge on all of you for what you did to my Uncle Andross and I will rule over everything as Emperor of The Universe! (LAUGHING MALEVOLENTLY)

Nathan Adams: Do you think I'll let an incompetent buffoon like you try to get away with trying to hurt my friends and family?!

Suddenly, Nathan Adams' brown eyes turned neon brown, and he was surrounded by a red energy aura with spirits and ghosts, he unholstered his massive Defender of The Yokai sword from his now wider and more muscular back, and as he approached Andrew Oikonny, he left red energy, spirits, and ghosts with every step.

Nathan Adams: Andrew Oikonny, what you and Andross have done throughout the Lylat System can never be forgiven. You have antagonized Star Fox and all of us for the last time, I will make sure you never rise again!

Suddenly, Nathan Adams was surrounded by a massive vortex of red energy with ghosts and spirits surrounding it, there are several spirits flying around the vortex, and inside the vortex is a spirit blue phoenix. Then, as the vortex faded, Nathan Adams emerged, but he was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

The 7'0" tall and extremely muscular Nathan Adams remained the same, along with his new clothes, he has neon brown eyes and a red energy aura with spirits and ghosts surrounding him, Nathan has a Nekomata with the Spirit Kanji in its paws emblazoned on his forehead, he has on Nekomata earrings with red crystals for the eyes and the Spirit Kanji in its paws and he has on his large Crystal Necklace of The Buddha with red crystals for the links and a Nekomata with red crystals for the cat spirit's eyes and holding the Spirit Kanji in its paws for the pendant across his bare chest. Nathan Adams felt a sharp pain on his wider and more muscular back, suddenly, massive brown angel wings with crimson red tips on the large brown feathers had sprouted out on Nathan's wider and more muscular back.

Nathan Adams' massive Defender of The Yokai sword was then surrounded by a kaleidoscope of red energy and spirits, and when it had emerged, it was transformed forever and it's now known as The Sword of The Yokai Realm, it's a new large sword with a 6'9" massive, wide, double-edged crimson red blade with a Nekomata and many Yokai surrounding it etched on the blade, large crimson red angel wings with light blue tips on the large crimson red feathers, large white gem for the hilt, longer crimson red handle, and large faceted crimson sphere pommel with surrounding white gems.

Nathan Adams has on his new large cuff Bracelets of the Champions of The Universe with red gems on his wrists, along with his Yokai Watch, large Belt of Elemental Bravery with a large red gem for the belt buckle on his waist, red Spellbook of The Gods and The Universe on his left hip and Eater of Sins revolver holstered on his right hip, and a Blue Lantern Corps ring on his left ring finger. He has a Nekomata and other Yokai tattooed on his wider and more muscular back, and there's a crimson red kanji below the Nekomata that said, "Nathan Adams, Awesome Friend of Many Humans and Yokai, Loving Boyfriend of Katie Forrester, Awesome Brother of Twilight Sparkle and Team Loud Phoenix Storm, Destroyer of Dame Dedtime, Wielder and Master of The Yokai Watch, Defender of the Yokai Realm and the Human World and Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, and Master of Yokai, Spirits, and Crimson Flames."

ネイサン・アダムス、多くの人間と妖怪の素晴らしい友達、ケイティ・フォレスターの愛するボーイフレンド、トワイライト・スパークルの素晴らしい兄弟、チーム・ラウド・フェニックス・ストーム、トキヲ・ウバの破壊者、妖怪ウォッチの使い手とマスター、妖怪の王国と人間の世界の擁護者邪悪な、狂った、殺人的な、冷酷な、そしてサディスティックな野郎のスレイヤー、そして妖怪、スピリッツ、クリムゾンの炎のマスター

Nathan Adams has transformed into SUPER ANGEL INFINITY CRIMSON SPIRIT FIRESTORM YOKAI ANGEL OF SPIRITUAL JUSTICE AND SPIRITUAL HOPE!

We were amazed by Nathan Adams' Super Angel Infinity transformation, and when Katie Forrester saw it, she had another atomic red blush on her face, even brighter than the one she had after the accident in the lab, but when Andrew Oikonny saw it, he fell into a dark rage and tried to attack, but Nathan fired a powerful blast of red energy, which hits Andrew Oikonny, and sent him into a wall.

Nico: (Stunned) Holy crap!

Twilight Sparkle: Whoa, Nate's transformed, and he's going to make sure Andrew pays for his crimes.

Katie Forrester: Nate, you look amazing. How do you feel?

Nathan Adams: (Divine Echoing Cosmic Voice of The Spirits and Divine Hope) **I feel incredible, Katie, and now, I'm going to make this freak pay for everything he's done.**

Nathan Adams went at Andrew Oikonny, and he fired powerful blasts of crimson red energy, Yokai, and spirits at him, and they exploded with incredible power, as they hit him. Then, Nathan Adams fired a powerful blast of purifying light, which hits the Aparoids on Andrew Oikonny, and purified him of the Aparoids, but it didn't save him, as Nathan Adams attacks him with his new large sword, and he left some scars on Andrew Oikonny.

Nathan Adams: **And now, this is the end for you and Andross' ambitions, Andrew. YOKAI FIRESTORM KAMEHAMEHA!**

Nathan Adams fired a powerful Kamehameha wave of red energy with Yokai and spirits surrounding it, and as it hits Andrew Oikonny, it launched him into the skies, and exploded with incredible power, and the resulting explosion killed him, and Super Hakaied his spirit forever. We cheered wildly for what Nathan Adams did, as he holstered his massive Sword of The Yokai Realm on his wider and more muscular back and powered down, and his new upgrades to his attire, angel wings, weapons, and jewelry are permanent. Katie Forrester then went up to Nathan Adams, and he then wrapped his abnormally massive and powerful muscular arms around her waist, and she did the same, as she wrapped her arms around Nathan's waist.

Katie Forrester: Nate, what you did to Andrew Oikonny was amazing.

Nathan Adams: Thanks, Katie, and there's something that I also want to give you.

Katie Forrester: What?

Nathan Adams: This.

Then, Nathan, still embracing Katie, leaned down, and they kissed passionately as she wraps her left arm around his wider and muscular back, and her left hand was on his massive and wide right pec, and right behind them were many Yokai spirits flying through the air, and a display of the elemental forces behind them, and we cheered for them.

Nico: Awesome.

Twilight Sparkle: (Smiles) I knew those two were definitely a match made in Heaven, and it's been sealed by a kiss and hug, same with us and Lincoln.

Then, Nathan Adams and Katie Forrester came back to us, and we hugged Nathan.

Lincoln: Nate, you did an awesome job getting rid of Andrew Oikonny, and ending Andross' ambitions for good.

Nathan Adams: Thanks, Lincoln.

Hiei: At least we never have to see Tarukane again. (To the viewers) Hope you all have enjoyed this adventure like we have and it was so awesome to bring down that monster.

Nico: It sure was. Great job today everyone. Lets head home.

We went back home and then we enjoyed the rest of the day and went to sleep.

Meanwhile in Indianapolis, a familiar car was getting ready to meet us.

Herbie: I'm ready to have Team Loud Phoenix Storm help us out.

Maggie Peyton: Me too. This si gonna be awesome.

Herbie: Yep. Lets ready up!

Herbie drove towards the camera and the screen went white.

Another awesome fanfic done.

This was an awesome adventure. This was an amazing rescue and battle and I hope you liked it all. Paradwyn was beautiful in Magi Nation. Tarukane from Yu-Yu Hakusho was one bad monster! He deserved to be destroyed too. The first part for the chapter was for the scary anime Elfen Lied and that was a scary and terrible story behind it. Darkhai is scared of that show. The second part was for the 2019 movie Glass and that movie was scary. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, Etstheclarencefan and ninjakingofhearts gave me the ideas for this and so did the guest reviewer. Thanks guys. Nico's next rescue is gonna be in the silly Ed Edd N Eddy episode If It Smells Like An Ed and like what happened when we first went to Camp Kidney we're going to see Nico and Lincoln get Jimmy to talk and be ostracized for revenge. Lincoln and

Nico are also going to meet an Amperi Gene-Slammer named Laney Simmons. She is a friend of Nico's from Science class. Lincoln's next rescue is gonna be in the 1959 movie Journey The Center of The Earth and that is gonna be an awesome adventure. They will also meet an Elemental HERO Chaos Neos Gene-Slammer and during Lincoln's exercise she will tell us a really dark revelation. The next chapter as you just saw is gonna be for the awesome movie Herbie Fully Loaded and we're going to enter an awesome race and take down that arrogant cheater Trip Murphy right in front of all the people in the racing stadium.

See you all tomorrow

# FULL SPEED AHEAD WITH HERBIE

CELEBRATING 53 YEARS OF HERBIE

---

In the forests of Atlanta, Georgia, Nico and Lincoln were walking down the street.

Nico: Look, Lincoln. I know you're not a big fan of my leadership methods. But, can we at least try to be civil towards one another during this rescue?

Lincoln: I'll do my best Nico. But besides I have never been against your leadership skills from the minute you were made second in command. Are you still upset at me because I had that Wood Tick in my shoe that made me mad?

Nico: Well no. I'm just saying if you have any problems with me being leader.

Lincoln: I don't have any problems at all. I knew it was coming one way or another.

Nico: Good. Thanks Lincoln. Your sisters are very proud of you just so you know.

Lincoln: Thanks Nico.

They arrived at Peach Creek in Atlanta.

Nico: The next rescue is at Peach Creek. Cool.

Lincoln: Awesome. Much better than when we were here the last time.

Nico: Yep.

Lincoln: Last time we were here this whole place was in shambles.

Nico: Well, while we're here, we might as well hit the candy store.

Lincoln: Good idea. J.D. said he wanted me to get something for him for Mary. Also Nico can you keep a secret for me?

Nico: Sure what's up?

Lincoln: J.D. told me this but he learned that Adagio Dazzle, Sonata Dusk and Aria Blaze have a crush on him but J.D. is nervous how to tell them.

Nico: Well he'll tell them when the time comes.

Lincoln: And on a blind date?

Nico: (Devilish Smirk) You know me too well buddy.

They arrived at the candy store and got a bunch of jawbreakers.

Nico: Boy the Ed's weren't kidding about these jawbreakers. They are as big as basketballs.

Lincoln: No kidding.

THUNDERCLAP!

They looked up at the sky and saw really mean looking storm clouds and blue lightning was streaking through them.

THUNDERCLAP!

Lincoln: WOW! Look at that lightning!

Nico: Never seen anything like it. Really awesome.

Lincoln: Never seen lightning look like that before.

Nico: I hope it doesn't rain.

Lincoln: Lets hope so.

Nico: Lets go find the Ed's.

They went and did so and then they got to the Lane and saw the Ed's taped to the fence and the kids were finished throwing fruit at them. As they left Nico and Lincoln grabbed Jimmy.

Nico: Not so fast you twerp! You owe our friends an explanation!

Evil Jimmy: What do you mean?

The kids and Ed's saw Nico and Lincoln.

Nico: You've all been duped. You've all been used as pawns in a diabolical plan to ruin the Ed's.

Lincoln: That's right!

Kevin: What diabolical plan?

Nico saw Jimmy sweating and grabbed him by his shirt and held him up.

Nico: This little twerp here used you all as pawns in a diabolical plot to get revenge on the Eds. Here's a video confession and this might convince you otherwise.

Nico showed everyone the video confession made by Jimmy a while back. The kids were absolutely horrified and enraged!

Nazz: What!? Jimmy did this!?

Jimmy: (triumphantly tossing the boot away) "Yes! It was me! And I'd do it again!"

Eddy: "Why, you little rat, wait'll I-"

Edd: "But why Jimmy? Why implicate us?"

Jimmy: "Revenge takes no prisoners, Double D!"

Kevin: "Revenge?"

Sarah: "Is this a joke? 'Cause Jimmy's too young to do revenge!"

Eddy: "Revenge? Just what the heck did we do?!"

Lincoln: Tell them or else!

Jimmy: "You ruined a perfectly good pair of underpants, you big brute!"

Kevin: "Underpants?"

Jonny: (realizing) "Oh, I get it. The wedgie! That was pretty funny, huh guys?"

(The kids all snicker, except Sarah, who was glaring at them)

Edd: "Oh, the wedgie!"

Ed: "Oh, yeah, that was funny." (He giggles.)

Jimmy: "Stop it, stop it, stop it! I have never been so humiliated in all my life! (He remembers what he did.) Your mocking laughter, gouging at my fragile pride just like my undies. It was at that moment… I formulated my revenge. When the coast was clear, I tippy-toed into action. It began with a missing paintbrush. I just waited for the others to take my bait."

Sarah: (In the memory) "ED!"

(Cut back to reality.)

Nazz: "Jimmy took the paintbrush?"

Sarah: "Say it ain't so!"

(Cut back into the memory.)

Jimmy: "Bingo! My fiendish plan was moving. With my next move, I would have to sacrifice my own shoulder stuffing. Desperate, yes, but ideal for smudging off Plank's mouth."

(Cut back to reality.)

Jonny: (gasps) "No way, Jose!"

(Cut back into the memory.)

Jimmy: (Jimmy is shown in his memory tucking the rag into Edd's back pocket.) "Smooth as silk. And let's not forget Eddy. Who else would sink so low as to pierce our heart of friendship? Cad."

(Cut back to reality.)

Kevin: "No way! It was Jimmy who put the hockey stick up the heart?"

(Cut back into the memory.)

Jimmy: "Ignoring the butterflies in my tummy, I needed to protect my innocence. So I chose a patsy to keep you losers off my trail. In enters Rolf, who's insatiable appetite for my jujubes fit snugly into my plans."

(Cut back to reality.)

(Rolf gasps and drop his jujubes to the ground in shock)

(Cut back into the memory.)

Jimmy: "Feeling creative, I decided to tease and taunt you with false clues. Tidbits of information to tickle your nosy parker ways. Artfully, I staged every diversion. Luring Jonny with an isipid acorn was pure genius."

(Cut back to reality.)

Jonny: "Say what?"

(Cut back into the memory.)

Jimmy: "As he would have known to cement my freedom from sin. The jujubes remained a constant theme. But was I satisfied? I should say not. I prepared myself for the enlistment of some help. Happy to see me, the Kankers greeted me with their usual tact of pounding the heck out of me. As I wheezed my proposal about you rotten Eds, a deal with struck."

(Cut back to reality.)

Nazz: "Jimmy? Making a deal with the Kanker Sisters?"

(Cut back into the memory.)

Jimmy: "I had goosebumps as I laid a trail of jujubes that would seal your fate. It was all I could do to contain the excitement in the air. Vengeance would be mine. So I pulled myself together for my final performance… and nailed your butts."

(Jimmy is seen in his memory standing behind the kids as they pound on the door. He is laughing his head off.)

(Back in reality, Jimmy laughs his head off as well, while the Kids stood there shocked and speechless)

Kevin: "Unbelievable!"

Nazz: "I know, right? It was Jimmy this whole time?"

Rolf: "Son of a gun!"

Jonny: "I can't believe it either, buddy!"

Sarah: (quietly) "Jimmy, how could you?"

Kevin: "That twerp thinks he can get away with his little revenge, huh? Well, not on my watch!"

(As Jimmy continues laughing his head off, everyone was enraged)

(He screams when he sees Kevin glaring at him angrily with his hands crossed. So are Nazz, Rolf, Jonny and even Sarah, who are also unpleased)

HE WAS IN DEEP DOODOO POO TROUBLE NOW!

Kevin: "So, it was you this whole time! You and your revenge!"

Rolf: "Not only was Rolf given these sweet, delicious jujubes. But you dare use Rolf as a PATSY?! All over a little REVENGE?!"
(Jimmy nervously steps back as Rolf was boiling red in anger)
Making Rolf follow the Ed-boys suspicious-like! Never in all my life

has Rolf's been used! And just for that, I hereby sentence you Jimmy, kicked out of the Urban Rangers!"

Jimmy: "What? No! You can't do this to me, Rolf! Sarah, you get me help me out of this!" (Sarah was standing the other way, sniffling) "Sarah? Are you alright?"

(He puts his hand on Sarah's shoulder. This causes Sarah to immediately turn around, who is more than angry at Jimmy: she's furious)

Sarah: (furiously) "DON'T TOUCH ME, JIMMY!"

(Her scream causes Jimmy to land flat on his face)

Nico: WHOA!

Jimmy: "Wh-wh-wha?"

Sarah: (furiously) "YOU RUINED FRIENDSHIP DAY! YOU RUINED ALL OUR HARD WORK! YOU USED ME! YOU USED ALL OF US! ALL FOR NOTHING! NOTHING BUT REVENGE! And for what? A STUPID WEDGIE!"

(Jimmy was shocked and saddened that his best friend in the whole wide world would yell at him, he starts tearing up. Sarah falls to the ground sobbing)

Nazz: "You oughta be ashamed of yourself! Accusing the Eds for stuff they didn't do! Just for petty revenge over something so ridiculous!"

Nico: That's right! What you did was absolutely not cool as Nazz would say!

Nazz: Thanks Nico.

Nico: You're welcome.

Jimmy: (crying) "I couldn't help myself! It was Eddy's fault! And the wedgie!"

Kevin: "Dude, it was just a wedgie. Why don't you just get over it instead of just acting like a big dumb baby."

Nazz: "Yeah, there was no need to go crazy like you did."

Eddy: "Okay. Now that we've been proven innocent, can you untie us now?"

Nazz: "Sure, dude."

(The Kids untie the Eds)

Nico: (to Kevin and Eddy) I know you two aren't the best of friends. And I know that Eddy did the wedgie. But, what do you two say you put aside your differences and work together to teach Jimmy a lesson?

Lincoln: That's right.

THUNDERCLAP!

Kevin: Okay.

Nazz: "Listen, we're sorry for accusing you and trying to beat you."

Rolf: "Rolf apologizes too."

Jonny: "I'm sorry, too. Plank would say he's sorry also, but he can't talk."

Edd: "We forgive you. And Jonny, I think Plank's gonna want this."

(Edd reaches in his pocket and hand out a crayon)

Jonny: "Gee, thanks Double D! Hear that, Plank? You're getting your mouth back!" (He draws a new mouth on Plank. He then "listens" to Plank) Plank says he apologize too, but he actually knew Jimmy was behind this the whole time. He would've said something earlier but his mouth was erased."

Sarah: "I hate to say this, but I'm sorry too."

Ed: "Awww. Apology accepted, baby sister. Big hug!" (Ed hugs

Sarah, who is constantly irritated)

Sarah: "Okay Ed, will you please let go of me now? (Ed gently puts Sarah down) Thank you. And I'm sorry to you too, Double D! My friend! Will you ever forgive me?"

(She hugs Edd, who is feeling uncomfortable, knowing she had a crush on her since "An Ed Too Many")

Edd: "I forgive you too, Sarah."

Kevin: (sighs) "I can't believe I'm saying this, but I apologize too. I apologize for everything too. (The Eds are shocked at what Kevin said) Calling you Dorks, beating you up, Eddy's zit, his middle name and everything. Seems the only dork in this town is Fluffy. Why don't we put all of that aside and become friends?"

(The Eds, especially Eddy, remain shocked and speechless at what Kevin said)

Eddy: "You really mean it?"

Kevin: "Sure, Eddy."

Eddy: "Well, okay then Kevin. Guys, we're finally in! We're finally popular!"

Edd: "After the day we've been through, everything works fine with us for once. It's a miracle!"

Ed: "I'm in my happy place, guys!"

THUNDERCLAP!

Nico: I'm so happy to see them as friends.

Lincoln: Me too.

Kevin: (turning to Jimmy) "Where were we?" (He cracks his knuckles to Jimmy, causing him to gulp in fear) You are so dead."

Jimmy was scared.

THUNDERCLAP!

But then…

THUNDERCLAP!

ZZZZZZZZZZZZZAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAA

Jimmy got zapped by a massive bolt of blue lightning that hit him head on and he screamed in agony as he was electrocuted with over 500 billion volts of electricity!

Nico: WHOA!

The bolt faded and Jimmy was on the ground burnt to a crisp and he was in a lot of pain! OUCH! But standing above him was an Amperi!

Nico: Whoa it's an Amperi! Wow! So that's what that strange lightning was all about.

Amperi: (In a girl's voice) That's right Nico.

Nico: Wait that voice. Laney Simmons!?

Amperi: Been a long time Nico.

Nico: Wow it has been a while.

Kevin: (to Eddy) I may not be a big fan of your scams. But now that we're friends, you can't do those anymore.

Nazz: Kevin's right. What do you three plan to do now whenever you get bored?

Ed: I like reading comics and eating gravy.

Amperi: He sure loves gravy huh?

Nico: He can't get enough of the stuff. He loves gravy from all over the world. Also Ed has an amazing collection of monster movies and comic books. Awesome.

Edd: Lovable oaf. I like to study insects, arthropods and all things in science.

Eddy: I mostly like to listen to cool music and look at hot babes.

Kevin: Cool.

Lincoln: Awesome hobbies.

Amperi: They sure are.

Nico went and looked at Jimmy.

Nico: Whoa Laney you really burned him. Nice shot. But he had this coming for wanting revenge. All it will lead you to is down a path to your own destruction.

Amperi: That's right.

Lincoln: What's your favorite memory of Nico?

Amperi: I have a lot of them. But my favorite would be in science class. Me and Nico were partners in Meteorology.

Nico: Yep. We studied a lot about the weather. One time I brought in a huge meteor to school and it was one heavy rock.

Amperi: I remember that. That rock weighed over 500 pounds.

Nazz: Wow! That is cool!

Kevin: 500 pounds!? That is really heavy!

Rolf: That rock must've been heavier than papa's nasal wart!

Nico: Oh it was huge. It was about as big as a house door. It was back when we were in elementary school that we brought it in.

Amperi: Brings back memories.

Lincoln: So cool.

Jimmy: You think you've won?! I still have the Kankers helping me!

Amperi: Don't count on it.

They turned and saw the Kankers that had been struck by lightning just before Jimmy and they were badly burned and electrocuted and tied up and also they were in a lot of pain too.

Jonny: Wow! How did that happen?

Amperi: Simple. Before I struck Jimmy, I struck the Kankers first then moved to Jimmy with the speed of lightning.

Nico: Lightning moves at over 220,000,000 miles per hour or 1/3 the speed of light.

Lincoln: It's true.

Edd: That is correct.

Eddy: You know what? I still have one last scam up my sleeve. At Jimmy's expense, of course.

Nico: And I have a feeling I know just what it will be.

Nico and Lincoln and Laney went up to Jimmy.

Jimmy: Oh no.

They grabbed him and Jail Cell doors closing was heard in the background. Jimmy (who is completely burned, charred and torched from being electrocuted thanks to Laney) is hanging from the tree by his underwear. He comes sailing up and hits the tree branch.)

BLAM!

(Jimmy got his biggest punishment in his life, which is exactly like Eddy's punishment from "Brother, Can You Spare an Ed?")

Kevin: "Nice one, Nazz!"

Nazz: "That was fun!"

Nico: Nice one Nazz!

Kevin: "I gotta hand it too you, Dor- uh, I mean Eddy. This is the best scam yet."

Edd: "I must agree, 'cause this is the exact same punishment we did to you, Eddy."

Eddy: "Don't remind me. Who's up next?"

Jonny: "It's our turn, huh, Plank?"

Jimmy: "No, wait!"

(Jonny jumps on the board, and Jimmy screams as he hits the tree)

BLAM!

Jonny: "Plank says that serves you right for erasing his mouth and tying me up!"

Nico: YOU TELL HIM JONNY!

Nazz: Shouldn't we be concerned about the Kankers recovering from that electric assault.

Amperi: Nah they are tied up really good.

Nico saw that the Kankers were all tied up from their shoulders to their ankles with REALLY Strong chains.

Lincoln went over to the chains and looked at them.

Lincoln: These chains are made of pure Neutronium. Indestructible.

Nico: Wow! Good luck trying to break out of that.

Sarah: "I'll take it from here! Now that we're no longer best friends, I'm gonna hit you so hard to the tree!"

(Sarah walks back and charges to the board, as Jimmy hits the tree way harder)

KRABLAM!

Jimmy: (dazed) "I see stars."

Nico: I'll have a shot at him.

Nico gave Edd a quarter and he pounded the board with his super strength and Jimmy hits the tree super hard.

KRABLAM!

Jimmy: (Dazed and stupid) Mommy read me the story about the pony and the cookies.

Amperi: That was awesome Nico!

Nico: Thanks.

Eddy: "Step right up, Rolfy Boy! It only costs one quarter."

Rolf: "You must be pulling Rolf's leg. Rolf shall return!"

(Rolf runs off, while Kevin gets a turn)

Kevin: "I'll just take your turn until you come back."

(Kevin jumps on the board, and hits Jimmy to the tree again.

KRABLAM!

(Eddy laughs)

Eddy: "This is what you get, Stupid Jimmy. The ultimate punishment. My greatest plan ever!"

Nico: Karma's a bitch Jimmy.

Lincoln: Yeah it is!

Ed: (standing on fours) "And I've got a jar on my buttocks."

(Rolf returns with a giant bag of quarters and drops it on Ed)

CRASH!

Rolf: "Rolf would like this many goes at Pale Jimmy."

Lincoln: Wow! That's a lot of quarters.

Jimmy: "Are you serious?!"

Ed: "Cool! Déjà vu!"

Jimmy: "Wait! I think I had enough punishment for now."

Amperi: Not on your life curly cue.

Rolf: "Stand back, as Rolf has eaten Mama's pickled cabbage!"

(He raises the hammer and brings it down on the target)

Jimmy: "Oh no."

(He screams and hits the tree with powerful force.)

KRABLLLAAAMMMM!

Nico: OOH!

Lincoln: Nice one!

Nico: Okay Laney lets revert you back. But boys you may want to look away because Laney is gonna be in her Birthday suit.

Jonny: Oh boy.

Sarah: Ed, don't take this the wrong way. But if you peek at Laney's naked body, I really will tell Mom.

Ed: No worries baby sister.

Nico: Glad you guys are all friends.

Nico put on his blind man glasses and the boys covered their eyes. Jimmy covered his eyes too.

Nico: Here we go. (Snaps fingers)

Laney reverted back and she had neon blue hair and sky blue eyes and she was in her birthday suit and Nico gave her a new awesome wardrobe.

Laney Simmons: Wow! These clothes are amazing.

Nazz: Wow Laney you look incredible in that outfit.

Sarah: Boy you sure do!

Nazz: One last thing.

Nazz braided Laney's hair in a braided ponytail.

Nazz: There! Now it looks cool.

Laney Simmons: Wow it sure does.

Nico and Laney then hugged.

Nico: I've missed you Weather Partner.

Laney Simmons: Me too Weather Partner.

They went back home later and told us all about what happened and we were amazed.

---

After Nico's rescue, Lincoln, Me, Nico, Eli, Nicole, Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, Lily, Lincoln's harem, TLPS Mr. Wolf, TLPS Mr. Piranha, TLPS Mr. Snake, TLPS Mr. Shark, TLPS Ms. Tarantula, Sima Shi, Sima Zhao, Sun Jian, Guo Jia, Zhang Bao, Guan Xing, Cao Cao, Liu Bei, Sun Quan, and Linka are heading to the world of the 1959 movie Journey to The Center of The Earth, and not only is Lincoln going to rescue the sixteen girls there, but we're going to be in for an awesome adventure in exploring the Center of The Earth.

Lincoln: Wow, we're in the world of the 1959 movie Journey to The Center of The Earth, and I think I know what we're going to do here, not only am I going to rescue the sixteen girls there, but we're going to be in for an awesome adventure in exploring the Center of The Earth.

Me: That's right, big guy. I saw this movie long ago with my dad, and it was awesome.

Nico: Me too, this is going to be one awesome adventure. (To Lincoln) And thanks for coming with me on my rescue, Lincoln.

Lincoln: You're welcome, Nico.

TLPS Mr. Wolf: Yeah, I heard that on Nico's rescue, you guys got Jimmy to talk and as a result of what he did in framing the Eds, he was ostracized by everyone. Please tell me you guys also beat up the Kankers, as well?

Nico: (Smirks) Does this answer your question?

Nico showed the TLPS Bad Guys Gang the photo of the Kankers beaten up and Evil Jimmy beaten up badly, and they laughed hysterically.

TLPS Mr. Snake: That was so awesome.

Nico: Believe it or not, Lincoln did a rescue in that scenario, and not only did he get Evil Jimmy to confess, he brutally beat him and the Kankers up badly when he ate a can of spinach, and once that happened, oh man, it was brutal.

Lincoln: They deserved it, big bro. But it was after we pulverized them with Eddy's scam and Laney Simmons zapped them all over with Lightning. (To Linka) And thanks for coming with us on this rescue, Linka.

Linka: You're welcome, Lincoln. This should be an awesome adventure and rescue, and there's also another Gene-Slammer here, as well, and who's from your past.

Lori: Which means another Guardian Angel of Lincoln, and who also got rough with me, Lynn, and Lola, when we still had our dark sides in us. But, the Gene-Slammer who's here has some sort of dark past, like with Emily McKale.

Me: Whoa. Which means, we're going to hear it later on.

We got a move on, and it was blazing hot in there, and we were also getting stronger and stronger by absorbing the heat there, and our auras flared up extremely. We also found the ruins of the sunken city of Atlantis, along with the remains of Arne Saknussemm.

?: HELP!

Suddenly, Lincoln heard the sound of sixteen girls calling out for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard where the call for help was coming from. He saw the sixteen girls, along with Alec McEwan, Jenny Lindenbrook, Carla Göteborg, and Hans Bjelke, but they've been cornered by a giant monitor lizard, and it's going to kill them.

Lincoln: Guys, I found the sixteen girls, along with Alec McEwan, Jenny Lindenbrook, Carla Göteborg, and Hans Bjelke, but they've been cornered by a giant monitor lizard, and it's going to kill them. Let's put that giant lizard in a cage, and get out of here.

We rushed on over, and Lincoln fired a powerful blast of water at it, which hit the giant monitor lizard in the face, and that allowed the sixteen girls, along with Alec McEwan, Jenny Lindenbrook, Carla Göteborg, and Hans Bjelke to get away. When the giant monitor lizard saw us, it was mad. But, then, we saw an Elemental HERO Chaos Neos appear, and it fired a blast of chaos energy, and trapped it in a cage, and teleported it back to Paleozoic World, and we then got out of there, as the volcano erupts.

Lincoln: Whew, that was close.

Elemental HERO Chaos Neos: (In a girl's voice) No kidding.

Lincoln: That voice. Sarah Tinsley, is that you?

Elemental HERO Chaos Neos: That's right, Lincoln, and it's been a long time.

They went up to each other, and they hugged.

Lincoln: It sure has been a long time, I haven't seen you when you were thirteen, and I've grown a lot since then.

Sarah Tinsley: Yeah, I can see, you've really grown a lot from the eleven-year-old cute little boy into a 16-year-old 7'0" tall and very handsome teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs.

Nico: Wow, Lincoln, you know her.

Lincoln: I do, Nico. This is Sarah Tinsley, I met her when she was thirteen years old, and she, like the other Guardian Angels, have defended me from bullies, and that included Lori, Lynn, Lola, and Luan, when they still had their dark sides in them.

Nico: Another Guardian Angel of you, awesome.

Sarah Tinsley: That was fun.

Lincoln: The rescues are always fun. Now, let's get you back to normal, boys, cover your eyes. Hold still, Sarah, this is going to be painful.

Me, Nico, Eli, and the rest of the boys covered our eyes as Lincoln snapped his fingers, and Sarah was reverting back to normal. Sarah Tinsley was a beautiful 16-year-old girl with long dark blue hair, red eyes, fair skin, she was 6'0" in height, and she had the body of a goddess. She also now has massive red angel wings with dark blue tips on the large red feathers on her back, as she reigns in the power of Elemental HERO Chaos Neos, and she was in her birthday suit.

Lincoln: How do you feel, Sarah?

Sarah Tinsley: Good. (Realizes she's in her birthday suit) But, I'm also in my birthday suit.

Lincoln gave Sarah a new wardrobe, a dark blue sleeveless shirt with a red phoenix, a dark blue skirt with the Elemental HERO Chaos Neos with magma on it, red leather ankle-high combat boots, and a long dark blue sleeveless trenchcoat with the Elemental HERO Chaos Neos on the back, and on her back is a large

Elemental HERO Chaos Neos-themed sword with a 6'5" massive, wide, double-edged, man-sized dark blue blade with the Elemental HERO Chaos Neos etched on it, large red angel wings for the crossguard, large dark blue gem for the hilt, longer black handle, and large dark blue faceted sphere pommel with surrounding red gems.

Sarah Tinsley: Wow, I love the new outfit and large sword you made for me, Lincoln.

Suddenly, a Thunderbird Necklace of Eternal Love appeared on Sarah Tinsley's neck with red gems and crystals from her new Crystal Necklace of the Buddha on the gold lightning bolts.

Sarah Tinsley: Whoa, is this…?

Lincoln: Yep, that's a Thunderbird Necklace of Eternal Love, which means you're now part of my harem and you're one of my many future wives, Sarah.

Sarah Tinsley had a smile on her face and tears in her eyes, as Lincoln wrapped his abnormally massive and powerful muscular arms around her waist and he leaned down and he kissed her on the lips, and she returned it, and we cheered for them. Then, we went up to the sixteen girls located here, and when Lincoln saw them, he immediately recognized them. The sixteen girls are Kayoko Asaki and Miu Nomura from Dive!, Hinata Himawari, Himeji, Shikimi, Tsukiyo-hime, and Yusura from Himawari, Minamiya Reika, Minamiya Reiu, Luna Mariano Perez Lupiano, Jotis Pearl, Ea, and Arhena Hakim from Dou Shen Ji, Chelsea Rorec, Ruri Sarasa, and Salma Rufis from Tokyo Underground.

Lincoln: Oh wow, it's Kayoko Asaki, Miu Nomura, Hinata Himawari, Himeji, Shikimi, Tsukiyo-hime, Yusura, Minamiya Reika, Minamiya Reiu, Luna Mariano Perez Lupiano, Jotis Pearl, Ea, Arhena Hakim, Chelsea Rorec, Ruri Sarasa, and Salma Rufis.

Helena McTroy: From Dive!, Himawari, Dou Shen Ji, and Tokyo Underground, awesome.

Lincoln: Are you girls okay?

Kayoko Asaki: Yes, we're okay, thanks to you.

Then, when Kayoko Asaki and the other fifteen girls saw who it was that saved them from the giant monitor lizard, their faces turned atomic red upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, a golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top was the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, and Buffalo, and below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and The Thirteen Elemental Forces, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", and he had deep sapphire blue eyes.

He had his massive Sword of Universal Hope and Elemental Bravery holstered on his wider and muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces constellation and Aquarius Zodiac sign on the back of his neck, large weighted orange bands on his massive biceps and thighs with silver phoenixes on them, his large Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them with rainbow tips on the large deep sapphire blue feathers, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with elemental forces, Thunderbirds, Phoenixes, and Buffalo on them and with hanging mini silver lightning bolts held up by his Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of large blue pants with multicolored lightning bolts on the thighs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Buffalo head stud earrings with the Thunderbird and Eternity Kanji on it, a large Thunderbird Necklace of Eternal Love with colored gems on the gold lightning bolts and a Buffalo head with the Thunderbird and Eternity Kanji on his neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, he had eight large orange orbs orbiting around his legs, and circling around his feet on the floor are eight golden crosses with angelic runes.

Kayoko Asaki: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made fifteen clones of himself, and he and the fifteen clones went up to the girls, and they picked them up and hugged them in their abnormally massive and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Kayoko Asaki: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, sixteen Thunderbird Necklaces of Eternal Love then appeared right around the necks of Kayoko Asaki, Miu Nomura, Hinata Himawari, Himeji, Shikimi, Tsukiyo-hime, Yusura, Minamiya Reika, Minamiya Reiu, Luna Mariano Perez Lupiano, Jotis Pearl, Ea, Arhena Hakim, Chelsea Rorec, Ruri Sarasa, and Salma Rufis with crystal gems in their favorite colors on the gold lightning bolts and colored crystals in their favorite colors with their Crystal Necklaces of the Buddha. We then returned home to the Estate, and we told everyone of our adventure in the 1959 movie Journey to The Center of The Earth, and they were amazed at what they saw, and we also showed them the ruins of the city of Atlantis in that world, and they were amazed. Lincoln and Sarah Tinsley now have a lot of catching up to do, now that she's back in town, and we were going to find out a dark revelation from her.

---

After our adventure in the 1959 movie Journey to The Center of The Earth, we were at The Caspian Sea and in our mobile gym that Lincoln set up, and we were inside training intensely in the mobile gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Sarah Tinsley aw Lincoln working out like crazy, she had an atomic red blush on her face.

Sarah Tinsley: Whoa, Lincoln has really grown to be a 16-year-old 7'0" tall, really big, and really strong young man, just look at those abnormally massive and powerful muscles hard at work, and to work out with those 9,500-lb barbells and not even get tired, incredible.

Lincoln: And I've also trained a lot under some very powerful teachers, J.D. and Nico included, Sarah, and now, I can also fight and defend myself.

Sarah Tinsley: That's awesome.

Nico: It sure is, Sarah. So, what memories did you and Lincoln have?

Sarah Tinsley: I know you want to know of what memories I had with Lincoln, but before I tell you of that, I have to tell you something, something very dark that I only told Lincoln and his family long ago. You see, my dad, Gabriel Tinsley, is a serial killer, and not only was

I almost made his next victim, but I've had to carry the dark revelation of what he's done for years, and it's haunted me ever since.

---

Sarah Tinsley: One day, when I was eight years old, my sister and I discovered a hidden drawer full of women's clothes in my dad's closet. We played "Dress-Up" with them, not realizing they had once belonged to the now-dead victims of my serial killer dad. My father wasn't physically abusive or anything, but I always kind of knew something was off about him. I once tried to explain it to a school counselor, telling him that sometimes my dad would get so angry, that he'd tell us.

Gabriel Tinsley: You two drive me nuts! I need to blow some steam off or I'll end up doing something to you that I might regret!

Sarah Tinsley: Then, he'd run out of the house and disappear for a few days, only to come back calm and content. But, this one time, Dad took me swimming at Lake Huron, and I got tired, so I reached for a life float, and Dad pushed it away from me. I would swim some more and started to get really tired, but Dad kept pushing the float away until I started crying out of exhaustion. The counselor said that Dad was just teasing me, but today, I knew that it was Dad's dark side. I saw it frequently, like when I came home late from a movie, and my dog, Princess, had disappeared. I asked where she was, and Dad responded.

Gabriel Tinsley: She wouldn't shut up, so I made her shut up.

Sarah Tinsley: And where is she now?

Gabriel Tinsley: Gone. You won't see her again.

Sarah Tinsley: I couldn't believe he had done that, and cried myself to sleep that night. The next morning, I found Princess' dog collar on my nightstand, and it was snapped in two. To this day, I don't want to think about what happened. I used to think he was just mean, but one time, he was driving me to school, he beeped at a bunch of college girls who were only like 21 years old! I was so disgusted when he rolled down the windows and shouted, "Hey, cuties!" Afterward, he kept telling me for weeks, "How pretty that one girl was he'd seen." It was as if he couldn't get her out of his mind. One part of me hated him, especially because he constantly made us move states. When I'd ask him why, he'd get angry and scream that kids weren't allowed to question their parents' decisions. One time, he got drunk though and told me that.

Gabriel Tinsley: We had to move away in secret because there were people searching for us.

Sarah Tinsley: But, don't get me wrong. I loved my dad over everything. He often asked me how my day in school was, and when I told him that one of my classmates called me fat, he followed that boy on his way home from school, pulled him into a forest, and threatened him quite explicitly. I know that because the boy told his parents about it, who then called the police. But, all that's harmless compared to my dad's little hobby. We lived near Lake Huron when I was thirteen, and there was a bridge in the neighborhood which I hated. Dad started speeding every time we came close to it, as if he wanted to get over it as fast as he could, as if there was something hiding under the bridge that he wanted to get away from. Well, one night, my dad got really drunk again and asked me, if I would leave him if I found out he was a serial killer. I responded, "I don't know, Dad, maybe."

Gabriel Tinsley: Well, I am one, and now, you know.

Sarah Tinsley: No, you're just drunk, go to bed.

Sarah Tinsley: What happened next was horrible. He told me in way too much detail how he had done it again and again, and I just listened in shock. Looking back, I can see why he was trying to recruit me as his helper. I think he wanted some strange father-daughter serial killer relationship, but I didn't get it. Instead, I went into full denial and screamed.

Sarah Tinsley: Shut up, Dad! Your stupid made-up stories aren't funny.

Sarah Tinsley: And then I ran out of the room, that was a mistake though. Had I informed the police about my dad's hobby, I could have saved the lives of a few women that went missing over the next few months. Like one time, it was all over the news that a college girl had gone missing. Normally, Dad would spend his Friday evening watching TV and drinking beers, but this night, he had locked himself into our shed. I was curious and waited all night for him to come out, and when he finally did, he was dirty and covered in dirt. Had he dug a hole in there and hid a body? I guess I didn't want to know the truth and told myself it was a coincidence. But looking back, I realize that I was just scared. I was thirteen and didn't know what would happen if my dad were put into prison. Would I be sent to an orphanage? And how would the other kids treat me if they found out about my dad's crimes? I was petrified, and Dad kept trying to recruit me. For my 16th birthday, he gifted me a drivers' license. I thought it was an act of kindness, but then, he made me drive to a small lodge in a forest. He loaded something into the trunk, and came back to the front of the car.

Gabriel Tinsley: If a police officer stops you, never forget to smile and tell him you just got your license. Then, they'll never search your trunk.

Sarah Tinsley: Anyway, just a couple of months later, I came home from school and there were police officers in every room of the house. Oh, deep down, I instantly knew what was going on, but hearing out loud that my father was accused of murder still shook me to the bones. I felt like I was the guilty one. It was like I had taken those innocent lives, and even though I didn't go to prison, my life still went downhill, especially school wasn't the same. No one would speak to me because of what my dad had done. I think the parents of the students forbid them to talk to me, in case I was like my father, which was ridiculous, of course. By the way, I'd visited my dad a few times in prison. It's weird, but he just asked me how my life was, and then, we had a normal conversation. When I asked him why he did what he had done, he said.

Gabriel Tinsley: Why not?

Sarah Tinsley: And changed the topic again. To be honest, he still feels just like my dad. I was also seeing a therapist for a while, but I don't think I got any serious mental health issues. My only fear is that if I ever have a son, that he might inherit some serial killer gene from my dad and will turn out just like him. But that's out of my control, anyways.

When Sarah Tinsley was done, all of us, except for Lincoln, his family and friends, gasped in horror and shock at what we'd heard.

Me: (Horrified) My God.

Nico: (Horrified) You said it, J.D. This is one really dark revelation you just told us, Sarah. But, you told Lincoln and his family and friends about this, and they were horrified at first, but they comforted you, right?

Sarah Tinsley: Yes, they were horrified at first, but they did comfort me.

Lori: We also saw the whole thing, Sarah had her reputation in school destroyed, because of her evil dad's crimes, and her life literally went downhill after that.

Leni: It was so horrible, and she blamed herself for her dad's crimes, and he recruited her to be his helper.

Nico: And she had no means of escaping his control, she feared of what would happen to her, that's a classic case for those caught in domestic abuse. So, what happened to her serial killer dad, Lincoln?

Lincoln: Her dad was taken to court, and he was convicted of multiple counts of first-degree murder, and he was sentenced to Life in Prison without the possibility of parole, and was taken to the Lansing Triple-Max Security Prison, the same prison where Amy McKale was taken to years ago, and busted out to get revenge.

Rita Loud: It was really bad for Sarah, we saw her eating less, and she looked like she was starving herself to death.

Lynn Sr.: We all felt bad for her, and we wanted to help her. Lincoln made her a peanut butter and jelly sandwich and gave her a glass of juice, which she accepted, and he was there for her, along with all of us, and that brought a smile to her face, and then, we gave her a group hug, and she cried with all her heart.

Luna: Yeah, bro. What Mr. Tinsley did can't be forgiven, and forcing his own daughter to help him in getting rid of the bodies had left some nasty mental scars on her, which'll be with her for the rest of her life.

Lincoln went up to Sarah, and he hugged her, and she hugged him back.

Sarah Tinsley: Lincoln, I…

Lincoln: It's okay, Sarah. But, you're not the only one who's had to deal with that sort of thing.

Taylor (Loud House): Lincoln's right. I went through the same thing as you, Sarah. My former father, Joel, murdered my mother in cold blood and he abused me physically and mentally, and I turned into a rotten, blackhearted, sadistic bully, and I hung out with those two heartless psychopaths, Pablo and Anderson, and we tormented Lincoln and his friends relentlessly on the school bus. J.D. and Sunset Shimmer saw my past, and they wanted to help me, and as soon as I felt that very feeling of love and comfort which I've never experienced, it felt like a bit of darkness was lifted, and I was given a second chance at life. Then, last year, J.D. brought back my mom, Naomi, and now, my soul has been given a chance to heal.

Sarah Tinsley remembered that Lincoln and his family and friends were there for her, and she knew that fact deep in her heart, and she hugged Lincoln again, but this time, he felt tears on his bare chest, and he comforted her in his abnormally massive and powerful muscular arms.

Lincoln: And I also promise, I'll be an awesome and loving father, Sarah. You won't have that fear of your child inheriting any serial killer genes from your father.

This brought comfort to Sarah, as she and Lincoln kissed, and we cheered for them.

Thunder Sparkle: Dad's proven that he's a golden-hearted and loving dad, but he needed to say that to Sarah, and I know why, she did say that she feared that if she had a child, she feared he'd inherit her dad's serial killer genes.

Twilight Sparkle: But, that's never going to happen, Thunder Sparkle, ever. But, Lincoln, what are you planning to do if you come face-to-face with Gabriel Tinsley?

Lincoln: I'll plan on that later on, Twilight. But, I've got a few choice words to say to him, and trust me, what I'm going to say to him, he's going to be haunted every night for the rest of his miserable life while he's in prison. I'm going to be his worst nightmare.

Nico: You said it, big guy, along with all of us.

Me: We'll also have to invite The Masters of Evil over for this one, Nico.

Nico: Good idea, J.D., and Electro's going to get front row seats for what Lincoln's going to say to him.

Then, we finished our workout, and we dove into the Caspian Sea, and we did some swimming there, and we were in our swim clothes for both our workout in the mobile gym and now, for our swimming in the Caspian Sea. Then, we returned home, where we showered after having spent time swimming in the Caspian Sea.

---

We were later getting ready for a visit from a surprise guest.

Nico: Now this is gonna be interesting. We have Inspector Koichi Zenigata coming to talk.

Me: Wow! Sheila told us about him. He has been after Lupin for as long as anyone can remember.

Nico: Yep. He made it his goal to capture Lupin.

Kairi Yano: Wow he sure wants to lock him up.

Keiichiro: Just like we have been trying to do so to you Kairi.

The doorbell rang and in came Inspector Koichi Zenigata.

Nico: Inspector Zenigata welcome.

Zenigata: Thank you for having me. It's an honor to meet you Nico. Congratulations on your promotion to full leader of the team.

Nico: Thank you.

Lightning Dust: Thanks for coming, Inspector. Is it okay if we call you Inspector?

Zenigata: Sure.

Nico: Can we get you a cup of coffee or tea or anything?

Zenigata: Thanks for offering. Tea is fine.

Eli went and got some for him.

We got a nice talk going on.

Becky: Listen, can you please stop chasing after Lupin?

Inspector: I'm afraid I can't do that. Just like you never let bad guys get away when you're fighting them. You understand, right?

Maria: (thinking about Team Dark Phoenix Storm) Oh, we understand perfectly.

Nico: We know you made it your lifes goal to capture Arsene Lupin III and that has never been incredibly easy for you as he is one of the most notorious master thieves in the world. But you should know that Lupin is not that big of a bad guy. There are many other Master Thieves that are just as powerful.

Sly Cooper: That's right. My name is Sly. Sly Cooper. And me and my family have been stealing from criminals for over 12,000 years.

Inspector: That is amazing!

Nico: We were shocked ourselves. Also I would like you to meet the LupinRangers and the PatRangers. The LupinRangers are Japan's Master Thieves because they were given the task of recovering all of the treasures that were in the possession Lupin III's great grandfather Arsene Lupin I.

Inspector: I've heard about all of you. You went after those monsters from space.

Me: They are called the Interdimensional Crime Group Gangler.

Nico: Yep. And meet the PatRangers. They are from the GSPO or Global Special Police Organization. Like you, they were after the LupinRangers themselves.

Inspector: Wow! Deja Vu.

William: And let's not forget that there are guys way worse then Lupin.

Scrapper: Like those government agents that want to catch Kaede.

American Dad Roger Smith: I'm preparing some crazy items in case we need to go crazy. Dammit, where's a cocaine brick when you need one?!

BONK!

Eli bonked Roger on the head with his fist.

American Dad Roger Smith: OW!

Nico: But you see Inspector, Lupin III is not really a threat to anyone we know. Just to the Criminal Underworld. We have taken down criminals that are 1000 times worse than Lupin III. And I'm sure you and He have both had your shares.

Inspector: Yes as a matter of fact we have. He went after huge heists and I helped busted those criminals after they were roughed up.

Inspector Fox: That is very coincidental from a fellow INTERPOL inspector. Sly and his gang all did the same thing.

Nico: It sure is cool.

Inspector: Well, chasing Lupin was fun while it lasted.

Skids: If it makes you feel better, you made it look funny.

Nico: Yeah you sure did. We watched all the shows of Lupin III on TV. They were awesome.

Lana: I'll say.

Laney Loud: Also I've read the book about Sherlock Holmes and Arsene Lupin and it was awesome.

Lola: That's cool.

Nico: Yep.

He later left.

Brawl & Chain: That actually went pretty well.

Nico: It sure did. I was expecting Zenigata to just say no to us and leave. But he took it really well.

Eli: He sure did.

Nunnally: We're glad he stopped that obsession.

Kaede: Me too. That was crazy.

Nico: Yep. Okay now it's time to get ready. We're going on Tecna's special mission and we're going to meet Herbie and Maggie.

Tecna: (British Accent) Yes. We owe Herbie and Maggie a lot after how they helped us deal with Dame Dedtime.

Laney Simmons: Wow that is awesome.

Nico: Yep. And it's gonna be great.

Then Evil Star, Key, Devack, Fixer, Evil Lyn, Dirty Bubble, Major Disaster, Whiteout, Cluemaster, and Riddler appeared.

Whiteout: Can me, Evil Star, Key, Devack, Fixer, Evil Lyn, Dirty

Bubble, Major Disaster, Cluemaster, and Riddler go with you guys?

Nico: You all sure can.

Evil Lyn: We heard you all met an Amperi Gene-Slammer. That is amazing.

Nico: It sure is. Meet my Weather friend Laney Simmons.

Laney Simmons: Awesome to meet you all. I am an Amperi Gene-Slammer.

Me: She's the first ever gene-slammer we met that was slammed with an alien from the Andromeda Galaxy.

Riddler: That is really amazing. Riddle me this: How did those Team Rocket Scientists manage to get DNA from those aliens?

Nico: Boy that's a really good question. Andromeda is 2.3 million light-years away from Earth. My guess is they must've hacked Ben's Omnitrix somehow.

Me: Hmm. That could be it.

Nico: Anyway lets head out.

We were off to Indianapolis, Indiana.

---

## INDIANAPOLIS, INDIANA

---

We arrived.

Hunch: Here we are.

Nico: Ah Indianapolis, Indiana. Home to the great Indianapolis 500 and all sorts of awesome great thrills from racing.

Eli: Yeah it sure is awesome.

Laney Simmons: The Indianapolis 500 is one of my favorite races.

Nico: Mine too. And we've all had amazing races all over the entirety of the world and all over the solar system.

Laney Simmons: Whoa that is awesome.

Lana: It sure is.

Tecna: Well lets find Maggie.

We followed Tecna and then we got to an awesome garage and we saw Maggie Peyton and Herbie.

Key. Hi. You must be Maggie.

Maggie Peyton: That's right. (Sees us) Hey guys!

Tecna: Maggie.

Maggie Peyton: Tecna!

They hugged.

Maggie Peyton: Tecna it's awesome you all are here.

Tecna: It sure is.

Me: We owe you big time for helping us against Dame Dedtime.

Herbie: No problem guys. That was so awesome.

Maggie: I really didn't expect Tecna to get a Yokai Watch and Agent X's medal.

Mixmaster: Honestly? We didn't either.

Nico: Me neither but that is awesome.

Twilight Sparkle: It sure was awesome.

Laney Simmons: We're really proud of her too.

Nico: We sure are.

Dirty Bubble: You two have any good races lately?

Herbie: We sure did.

Maggie Peyton: We won the Burpin Burger 250 and the Lynn's Table 300.

Nico: Whoa!

Me: Wow Mr. Lynn I didn't know you endorsed sponsors at a Race.

Lynn Sr.: You never asked me about that J.D. But with the way you guys have been making my restaurant popular I've been really getting lots of sponsors and endorsements.

Nico: That is cool!

Me: It sure is. And we sure love to eat there.

Poromon got out 4 beer bottles

Maggie Peyton: What are those?

Poromon: 4 bottles of beer!

Kabuto: Who are you going to give the other 3 to? Herbie can't drink.

Nico: Yeah Poromon, Herbie is a car.

Herbie: Yeah sorry I don't have a mouth.

Poromon: Oh.

Me: And Poromon we keep telling you to stop bringing beer for everyone to drink.

Maggie Peyton: Yeah Poromon. I'm too young to drink alcohol anyway.

Laney Simmons: Does this happen to you all a lot?

Nico: You have no idea Laney.

Evil Star: I don't know if Tecna already told you. But we pretty much have been in a lot of races.

May: Including on the last day of 2021.

Maggie Peyton: Wow!

Nico: We've had lots of fun on those races.

Nico told her and Herbie all about the races we had and they were awesome!

Maggie Peyton: Wow! That is amazing!

Herbie: You guys have had a lot of fun on those.

Eli: We sure did and some of the coolest races were on the Star Wars planets.

Me: Yep. Coruscant, Mustafar, Hoth, Tatooine, Naboo, many planets.

Laney Simmons: That is amazing!

Maggie Peyton: Wow!

Herbie: That is cool that you all went to amazing planets for races.

Nico: In the future if we do have a race we'll have a lot of fun in one.

Wendy Koopa: I hope you two don't have a problem with Nico being leader.

Maggie Peyton: Why what happened?

Me: Well Nico had a nightmare where some of our most dangerous enemies were mocking him. I then decided that the time was right for Nico to receive a promotion to full fledge leader. Nico is now the new leader of the team and I've been made his Second in Command.

Maggie Peyton: Wow that is cool! But I'm sorry you had a nightmare like that Nico.

Nico: I'm okay.

Me: Yeah but Nico earned it. He displayed amazing leadership skills during some of our most major battles last year and he earned the right to be leader.

Lola: He sure did.

Nico: Thanks guys.

Maggie Peyton: Wow! That is amazing.

Lincoln: Yep. The most awesome of them all was during the battle with Team Dark Phoenix Storm on October 10th, 2021.

Nico told her everything.

Maggie Peyton: Wow!

Herbie: That is incredible!

Maggie Peyton: Honestly, J.D., you were a pretty good leader yourself.

Me: (sighs) I know and I greatly appreciate that. But I also felt like smashing something every second sometimes. I guess it's because I felt scarred by the 20 Days of Darkness. Hopefully, with Nico in charge, that can change.

Major Disaster: If it makes you feel any better, without you, the Louds wouldn't have truly become a family.

Me: That's true. Thanks.

Maggie Peyton: 20 Days of Darkness?

Nico: Oh right. You don't know about this. But that was one of the most depressing events we've ever had in Team Loud Phoenix Storm's history. From January 23rd to February 11th, we went through 20 of the most terrible events ever and we had to deal with Organization XIII, The Sullen 6 and an enemy from my past The Digimon Emperor.

Nico told her everything and when he was done, Laney Simmons and Maggie and Herbie were shocked and horrified.

Maggie Peyton: That's terrible!

Herbie: Man no kidding!

Laney Simmons: That is awful!

Nico: It sure was.

Lola: The worst of it being that Oogie Boogie opened his big ugly bug-filled mouth and sent Nico into a Spiraling Depression.

Laney Simmons: That's awful!

Nico: Yeah it was.

Mikaela Banes: You know, I'm actually really good at fixing cars myself.

Nathalie: Really?

Mikaela Banes: It's true. I learned it from my dad, who's a long-time car thief. When he couldn't find me a babysiter when I was a kid, he's bring me along. And I quickly learned his skills.

Live Action Ironhide: I remember the Bumblebee from my world telling me about that.

Nico: That's right! I remember that. That is cool.

Mikaela Banes: That's right.

Laney Simmons: That is cool.

Maggie Simmons: That is cool and amazing.

Herbie: You have quite the mechanic.

Mikaela Banes: Thanks.

Fixer: Maybe if there's a race today, I can help work on Herbie as well.

Herbie: That would be awesome!

Me: Yeah! And we can show you our awesome cars too.

Nico: Not a bad idea.

Maggie Peyton: I can't wait to see your cars in action.

Rainbow Dash: You'll love them Maggie. They are awesome.

Scootaloo: Yeah they sure are!

Nico: Yep. We got around in them in all sorts of awesome races.

Maggie Peyton: It's actually a good thing you visited, sis. Trip Murphy's out of the hospital.

Rhino: Say what now?!

Herbie: And that's not all. He's got a new pit crew member. Somebody by the name of Mark Venue.

Nico: Mark Venue?

Herbie: He's a very strange guy.

Laney: Hmm.

Me: So Trip has made a full recovery and is ready to make his move.

Nico: Looks like we got here just in time.

Naruto: No kidding.

Eli: Wait someone is coming.

We saw a woman and she looked awful. She was weak and disoriented and was sweating like crazy.

Me: Oh man!

Me and Varie brought her over.

Nico: Miss are you all right?

Nico put his hand on her head.

Nico: Holy shit she's burning up!

We laid her down and got her cooled down.

Maggie Peyton: What's wrong with her?

I then saw a red mark on the right side of her neck. I moved her hair and we looked at the mark and saw that it was a strange red mark with a yellow circle in the middle and we gasped in shock!

Laney: Oh man!

Eli: That mark looks awful!

Me: No kidding! Wait a second. There's only one guy I know that can make a horrifying mark like that: VENOMARK!

Ransik: Venomark!? I have a score to settle with him!

Riddler: (laughs) Oh, I know the answer to this riddle. He's not even trying to hide it.

Maggie Peyton: What do you mean?

Riddler: Mark Venue… is actually Venomark!

Nico: Very clever switch.

Me: Yep.

Jen Scotts: Ransik do you have some of that serum left?

Ransik: Yes I do.

Ransik pulled out Dr. Ferricks's serum and he gave a vial of it to the woman and she drank it cured her.

Nico: There!

Laney Simmons: Who is Venomark?

Me: One of the deadliest mutants that the Time Force Rangers have faced.

I went over Venomark's history. He came from Episode 27 of Time Force.

---

Venomark is a major antagonist in Power Rangers Time Force. He is the third mutant to be released from the X-Vault by Frax both as distraction to Rangers and Ransik's forces as he destroys vials of serum that Ransik consume to suppress the mutant's venom in him.

He was voiced by Kim Strauss, who also voiced Scorpius in Power Rangers: Lost Galaxy, and Jinxer in Power Rangers Lightspeed Rescue.

Venomark and all other mutants were created in the result of a chemical accident. This mutant is very dangerous because he can infect people with a deadly venom, with the only known cure from his infection was created by Doctor Louis Ferricks. Venomark is an old sworn enemy of Ransik. Before the events of the season, in the future at night, Venomark attacked Ransik and infected him with his venom. Ransik nearly died, but was saved by Dr. Ferricks. From this time Ransik hated Venomark and wanted to get revenge on the wicked mutant. Later he was captured by Rangers and was frozen in the X-Vault.

In the twenty-seventh episode, Frax released Venomark from the X-Vault and sent him to destroy the Silver Hills. Venomark attacked the city and infected countless of innocent people in the town. At first he was seen by Eric. Later he attacked the park and infected many children in it. When Venomark first encountered the rangers, he infected Jen, Katie, Lucas and Trip. He was about to infect Wes, but

Ransik stopped him and wanted to kill the mutant for infecting him in the past.

Which shocked Venomark, as he thought that he killed Ransik. Ransik defeated Venomark and was about to kill him, but before he could do so he was weakened, because the infection started to grow again. Venomark ran away and met with Frax. Frax ordered Venomark to destroy the city and the rangers, while he will destroy Ransik. Venomark infected many other people in the town, but Wes saw that Ransik drank a serum to cure himself and took the remnants of the vial. Wes showed it to his father and in the bio-laboratory of Mr. Collins the serum was reproduced.

Eric and the Silver Guardians cured all people in the town. But Venomark discovered them and attacked Eric, trying to infect him, but the rangers arrived and tried to capture the mutant. Venomark used his super speed and tried to destroy the serum, but Eric activated Mega Battle Mode and defeated the mutant. Venomark removed his DNA patch and enlarged himself. In the giant battle he was finally defeated and frozen by Shadow Force Megazord and Quantasaurus Rex.

When I was done everyone that hadn't heard it was shocked!

Nico: I remember that all too well.

Varie: Man he is awful.

Laney Simmons: No kidding. He's like a poisonous snake.

Nico: Worse.

Spring Man: I get it. Venomark rearranged and changed the parts of his name to make it sound human.

Nico: That's right.

Me: Very crafty.

Laney: Well we need to come up with a plan to get him to confess.

Nico: Just what I was thinking.

Wes Collins: Wait. If Venomark's on the loose, why hasn't he poisoned that many people yet?

Cluemaster: My guess is that Venomark is under orders from Trip Murphy not to go on a poisoning rampage unless he says so. Probably to maintain Trip Murphy's positive image.

Maria: Not that he had one to begin with.

Nico: That's probably the result. Venomark probably wanted to demonstrate his poisonous power for Trip by using this woman as a guinea pig so to speak.

Eli: That could be it.

Laney: Yeah!

Me: Not only that. But Ransik has a nasty vendetta with Venomark. I remember that he was the very monster that poisoned him and turned him into the humanity hating half-mutant that I remember.

Ransik: That's right J.D. and ever since that day I was a monster.

Me: But the battle with the Mut-Orgs cured you and gave you your humanity back.

Nadira: That's right. I remember that.

Me: Yeah.

Nico: That was so awesome. But it looks like Ransik still has some unfinished business with that poisonous freak.

Allie Wilde: Yeah he sure does.

Ransik: Yes I sure do.

Eric Meyers: Trip, I know the mutants we fight are brought to justice. But Venomark is one that has to be put down.

Trip: You're right. The freezing rule for our monsters gets broken just this once.

Me: He'll be the first ever mutant that we destroyed forever.

Nico: That's right. J.D. since you have been wanting to get some shots in on Venomark as much as Lothar you can get a few shots in on him.

Me: Thanks commander.

William: Maggie, how would like to be in the usual battles before we find Murphy?

Maggie Peyton: I would be honored!

Me: We have a lot of fun with the Usual Battles before we go after our mission target.

Nico: We sure do. And I'm sure our frenemies have a good archenemy for Turbo and you.

Maggie Peyton: Awesome!

Nico: Yep. Maria call them in.

Maria: You got it!

Maria called in the M.O.E. and then Yenaldoshi, Titania, Iron Lung, Hydrax, Gramma Stuffum, Rex Goodwin, Bane, Felix Faust, See More, and Ghost appeared.

Nico: Yenaldoshi, Titania, Iron Lung, Hydrax, Gramma Stuffum, Rex Goodwin, Bane, Felix Faust, See More, and Ghost.

Ghost: We heard that Venomark is loose.

Hydrax: That's right. Vypra told us to be careful of him.

Nico: It's good she's looking out for you all. But we're going to destroy him for good. This is one of those situations where the Time Force Rangers have to break the rules just this once. Just like how cops many times have to kill bad guys.

Titania: That's true.

Nico: Yep. But you all made it just in time.

Yenaldoshi: We actually do have time for the battles right now.

Titania: The race isn't for another 2 hours.

Iron Lung: That's plenty of time.

Me: Yep.

Hydrax: (to Nico) We heard you went to Peach Creek during that Friendship Day mess.

Nico: We sure did.

Gramma Stuffum: Did you get Jawbreakers on the way?

Nico: Yep and they were for Mary, Luan and Eddy. They loved them.

Eddy: We sure did.

Luan: Awesome and sweet.

?: Glad you like them.

Then a figure came out and it was NAJA from episode 7 of Jungle Fury!

---

When all the other members of his team were destroyed, Naja decided to overthrow Dai Shi and become the new leader of the Clan because he sees him unworthy to be a leader. He told Camille about it and tried to get her to his side. However, she refused and fought him. During the fight, she killed him by poisoning him, but he revived himself, using his Life Talon. Then they continued fighting and Naja eventually defeated Camille. Then he escaped end made a plan to overthrow Dai Shi. He used his two of his life talons to revive Rantipede and Gakko. Together, they attacked Dai Shi's palace. However, Rantipede was destroyed by Dai Shi/Jarrod and

Gakko left. Then he again fought Camille, who has become stronger by absorbing the energy from Rangers' Claw Cannon and defeated him. Naja again offered Camille to join him, as he could revive her with his life talons if she died. But she again refused and destroyed him with a massive purple energy slash to the gut. Camille then took the rest of his life talons and brought them to Dai Shi and they used them to revive the Overlords: Carnisoar, Jellica and Grizzaka

---

Casey Rhodes: Naja!

Naja: Been a while rangers.

Nico: I remember you! You are the leader of the 5 Fingers of Poison and you are the Cobra Rinshi. You tried to overthrow the Dai Shi and assume his place because Camille thought he was unworthy of being the leader. You also revived Rantipede and Gakko to attack Dai Shi's palace.

Naja: Very good memory Nico.

Nico: Like J.D., I never missed an episode either.

Naja: I know you guys can revive people on your own. But… would you like my Life Talons after you beat me?

Nico: I'm sure we can use them.

Naja: Awesome! And we have some new recruits.

Then out came a bunch of new recruits. We saw HAZE SHENRON, NATURON SHENRON, RAGE SHENRON, EIS SHENRON, OCEANUS SHENRON in her true form, NUOVA SHENRON, COBALT BLUE And SAVITAR!

Nico: Six of the Shadow Dragons!

Me: And an Alternate version of Barry Allen A.K.A. Savitar and Malcolm Thawne A.K.A. Cobalt Blue!

Cobalt Blue: That's right. I chose Maggie Peyton as my archenemy.

Savitar: And I picked Turbo.

Turbo 2013: AWESOME!

Maggie Peyton: Wow I'm honored!

We got the battles underway. This was gonna be interesting.

Featherweight: No kidding. That is terrible.

Techwoo: Yeah that's awful. We found out that he killed lots of people.

Sprocket: Yeah it was terrible!

Clockwork: (Swedish Accent) Ja. It sure was. He's now in federal prison forever with no possibility of parole and everyone ostracized her for it because they feared she was like her dad. But she really wasn't.

Clyde: Yeah we stood up for her told her that the blood of those people are on her fathers hands and his alone and not hers.

Iron Lung: That's great you all did. Poor Sarah.

Liam: Yeah poor girl.

Iron Lung: Yeah. Lets do it!

They fired waves of metal, gears, lightning and energy and smashed him down.

Nicole Hernandez: Well Laney has been teaching me a lot about Criminal Psychology and I've been learning a lot from her. She and me evaluated the worst ever serial killers in all of the history of America and the world from over the centuries ranging from from the Bender Family that we rank at Level 18 to Samuel Little who killed 93 people at Level 22. I would rank Sarah's dad Gabriel Tinsley at Level 16 for Vicious Psychopaths that do psychopathic acts. But because of the extent of the trauma he caused to his own daughter, I would place him at the highest level: 22 for Psychopathic Torture Murderers.

Marcel: Wow that is impressive that you learned all that. And I agree with your assessment on that too

Nicole Hernandez: I would DEFINITELY say he is just as bad as him.

Marcel: Me too. Lets do it!

Evangelyne: It sure will be.

Eleanor Collins: But how are the Shadow Dragons born?

Pan: That is a deadly consequence that comes from the Dragonballs and we all had to learn the hard way from it.

Pan went over the history of the Shadow Dragons.

---

The **Evil Dragons**, known as **Shadow Dragons** in the Funimation Dub are a group that act as the last main villains of *Dragon Ball GT*, being the titular main antagonists of the *Shadow Dragon Saga.* They are seven dragons that resulted from overuse of the Dragon Balls and were created from the negative energy of various wishes made by the characters throughout the *Dragon Ball* series.

The Shadow Dragons are a direct consequence of the numerous usages of the magical Dragon Balls over the course of the entire *Dragon Ball* series. Every time a wish was granted with the balls, the negative energy was released along with the positive energy. In response, the Dragon Balls would absorb the negative energy and disperse it harmlessly over countless years.

Originally, the difficulty of finding and assembling all 7 Dragon Balls meant that they had plenty of time to disperse the negative power accumulated from each wish, but increasingly advanced technology (such as the Dragon Radar) made finding the artifacts a simple task. Moreover, a seemingly-endless succession of powerful evildeors forced the defenders of Earth to use the Dragon Balls just to repair the damage done to the planet Earth and its people. Consequently, the balls had less and less time to disperse the slowly-immersing negative energy, causing a large amount of it to build up in the magic orbs. When the Dragon Balls could take no more, they soon cracked. Upon attempting to summon the Eternal Dragon Shenron, however, Goku and the others unknowingly released the negative energy in the form of a gigantic dark dragon named Black Smoke Shenron, Shenron's polar opposite before he immediately separated into the seven dreaded Shadow Dragons who each is taking form around one Dragon Ball.

The battle against the evil Shadow Dragons who are defeated for good, can be considered the closing segment of the *Dragon Ball* series (finding the Dragon Balls was the beginning) that teaches the Earth and its inhabitants to stop relying on the Dragon Balls to solve their own problems. It can also be seen as the heroes' greatest challenge: when the Dragon Balls finally turn against the Z Fighters. Interestingly most of the Shadow Dragons seem to justify and view the mayhem they cause as simply a form of punishment for overusing the Dragon Balls and their magic powers and tend to blame those that created them and the Z Fighters' overreliance on the said magic gems for the chaos they cause (although this is the same sort of twisted reasoning that Android 13 used to justify following his programming).

---

Eleanor Collins: Whoa man! That is a terrible punishment!

Evangelyne: Whoa! That is awful! And it's all because the people of the Earth used the Dragonballs too much? That's crazy!

Laney: Yeah and no one was ever warned about it and the danger was a learn the hard way kind of thing.

Haze Shenron: That's right.

Eleanor Collins: How many times were the Dragonballs used?

Laney: Over 60 times. We don't know the exact number.

Evangelyne: That's insane!

Eleanor Collins: That is nuts.

Haze Shenron: It sure is.

Evangelyne: Yeah. Haze Shenron what can you tell us about yourself and which wish was it that brought you to life?

Haze Shenron: I was born when Goku wished for Upa's father Bora to be brought back after he was killed by General Tao.

He went over his history.

## HAZE SHENRON - THE 2-STAR DRAGON OF POLLUTION

Liang Xing Long or Haze Shenron (Funimation) is one of the Shadow Dragons in Dragon Ball GT and the dragon of the Two-Star Dragon Ball. He is the first dragon fought in the saga.

He was voiced by Chafurin in the Japanese version, and by Jonathan Love in Blue Water dub and Brad Jackson in the Funimation dub in the English version.

Haze Shenron, like all the other Shadow Dragons, was born from the negative energy of one of the wishes made on the Dragon Balls, in his case the wish that brought back Bora in Dragon Ball.

Son Goku and Pan first met Haze when he was attacking a small town. However, upon fighting him, the pair found Haze to extremely weak to the point where Pan was able to fight him alone without even trying. But suddenly, Haze was able to fight Pan and Goku, who found themselves becoming slowly weaker by the minute. The Shadow Dragon then revealed his secret power, he emitted pollution which was what caused them to become weaker. Haze then showed them a lake he had filled with toxins and when Goku and Pan were too weak to move, tossed them in, along with Giru. However Giru managed to move them to a clean part of the lake, which was kept clean by a fresh water spring. Goku and Pan blasted this spring, sending fresh water everywhere. They confronted Haze again and, when the dragon tried to flee, blasted him with a Kamehameha wave.

* * *

When he was finished they were shocked!

Eleanor Collins: That is terrible!

Evangelyne: It sure was. But that is nuts that all that happened!

Haze Shenron: It sure is. Shall we see how you fair against the Great Haze Shenron?

Evangelyne: Always up for a challenge.

he fired a beam of rainbow energy from his mouth and Eleanor deflected it back to him and they fired waves of darkness and energy and smashed him down.

Goten, Abigail Davis, Tara and Lynn VS Naturon Shenron the Dragon of Earthquakes

* * *

Naturon Shenron the 7-Star Dragon of Earthquakes was next.

Naturon Shenron: This is gonna be amazing.

Goten: It sure is. I'm looking forward to all this.

Lynn: Same here.

Abigail Davis: I don't know much about you though Naturon, I'm still new to this. What wish were you born from on the Dragonballs?

Naturon Shenron: I was made when Vegeta was ensnared by the magic of Babidi and he killed all those people at the World Tournament. The Dragonballs were used to bring all the people Vegeta killed under Babidi's influence back to life.

---

## NATURON SHENRON - THE 7-STAR DRAGON OF EARTHQUAKES

**Qi Xing Long**, or **Naturon Shenron** (in Funimation dub), is one of the Shadow Dragons from *Dragon Ball GT* and the dragon of the Seven-Star Ball. He is the fourth Shadow Dragon to fight Goku.

He was voiced by Shin Aomori in the Japanese version, and by Christopher Bevins in the English version.

### History

Qi Xing Long, like all the other Shadow Dragons, was born from the negative energy from one of the wishes made on the Dragon Balls, in his case, Bulma's wish to bring back all those killed by Majin Vegeta.

When he was found by Son Goku and Pan, Qi was causing earthquakes all over a city. After the pair saved the citizens, Goku punched Qi out of the city. When they fought him, Goku and Pan found the dragon easy to fight as his attacks were easy to dodge. The fact that Qi seemed to be rather slow witted also made him not much of a challenge, Goku and Pan even managed to trick Qi into unleashing an attack under himself by standing on his head. After this, he disappeared back into his dragon ball, apparently dying. However when Pan held it, she disappeared into it into a field of blue light generated around the ball and Qi reappeared in a stronger form. He revealed that he had absorbed a mole into himself to attain his earlier form and he had now done the same with Pan.

Now Qi was able to easily fight Goku, since the Saiyan could not destroy him without destroying Pan. He even refused to fight the Evil Dragon at first and it is only when Qi killed innocent people, did Goku take him on. Even though Pan told her grandfather to destroy the dragon anyway and forget about her, Goku could not bring himself to do it. Finally, the Saiyan was ready to deliver a finishing blow, but Qi quickly reminded him that he had Pan inside him, causing Goku to hesitate. The Seven-Star dragon mocked him, only for Goku to realize Pan would rather die than see more innocent people hurt. He unleashed a Kamehameha wave against Qi, but it did not destroy him, since the presence of Pan inside the dragon made him subconsciously hold back. Goku began losing energy fast and was knocked onto a roof nearby.

Qi became much more confident and even said that he was the most powerful of the Evil Dragons. He claimed that he would become the true Shen Long and even began to act like Shen Long. When Goku did not answer the dragon, Qi said he could see his granddaughter one more time and Pan appeared, jutting out of his stomach. After Pan tried to convince Goku to fight, Qi attempted to absorb her back into him, only for Goku to grab and pull her out, causing the Seven-Star dragon to change back to his true form. In this form, Qi was much weaker and could barely fight. He attempted to absorb a bird, only for Goku to finish him with a Kamehameha wave.

---

They were amazed!

Abigail Davis: That's intense! Bulma sure made a huge wish.

Goten: She sure did. That was awesome.

Naturon Shenron: It sure was. Shall we dance?

He pressed the ground and fired beams of energy from under them and they dodged and fired energy blasts and smashed him down.

# Kazuma Kuwabara, Natalie Kendall, Lincoln and Linka VS Rage Shenron the Dragon of Lightning

---

Rage Shenron the 5-Star Dragon of Lightning was next.

Rage Shenron: (Electrified Voice) This is gonna be much fun to face you.

Natalie Kendall: Boy it sure is.

Kuwabara: You bet it sure will be.

Natalie Kendall: I don't know much about you however Rage. What can you tell me about yourself.

Rage Shenron: Well my story is this. Vegeta and Nappa were going to launch an attack and out of desperation the Dragonballs were used to bring Goku back to life to assist in warding them off.

---

RAGE SHENRON - 5-STAR DRAGON OF LIGHTNING

Wu Xing Long, or Rage Shenron in the Funimation dub, is one of the Shadow Dragons in Dragon Ball GT and the dragon of the Five-Star Ball. He is the second Shadow Dragon to fight goku.

He was voiced by the late Hirotaka Suzuoki and currently by Mitsuaki Madono in Dragon Ball Heroes in the Japanese version, and by Adam Hunter in Blue Water dub and Chris Cason in Funimation dub in the English version.

Rage Shenron, like all of the Shadow Dragons, was born from the negative energy of one of the wishes made on the Dragon Balls, in his case, the wish that brought Son Goku back to life to fight Nappa and Vegeta.

After Goku and Pan defeated Haze Shenron, they tracked one of the Dragon Balls to a deserted city. Before meeting the electric dragon, they found his "electric slime" scattered throughout the city absorbing countless electrical powers. Finally they met Wu, who declared himself to be the most powerful Evil Dragon, but they were unimpressed by him due to the fact that he barely reached Pan's waist. When they brought up Liang, Rage dismissed their victory and said that he was the weakest of the Evil Dragons. Despite his small size, the electric dragon sapped away their energy and stunned them with his electric slime, but it had no major effect. Wu then used his electric slime to create a titanic version of himself that he dwelled in. Goku quickly made the transformation into his Super Saiyan 4 form and they begin to fight. However, Wu managed to take most of his attacks, his slime body taking all physical attacks and when Goku attempted to use a Kamehameha, his body held the blast and then fired it back at Goku and Pan. Wu then began absorbing electrical energy to become even more powerful and seemed unstoppable. However, it began to rain and because Wu was full of electrical energy, he began to explode. While Goku and Pan watched from a distance, Wu attempted to command his slime to get in cover. But because he was too big, he could not escape and his titanic body exploded. Goku and Pan found the electric dragon in a pile of rubble and he agreed to give them his Dragon Ball. When Pan tried to take it however, Wu attempted to entrap her in his electric slime, but she managed to escape and Goku finished him with a Kamehameha wave.

---

Natalie Kendall: Whoa! That is amazing!

Kuwabara: It was a big act of desperation in dealing with a powerful foe.

Lincoln: Yep it sure was.

Linka: That was awesome though.

Rage Shenron: Yes it is. Lets dance shall we?

Kuwabara: Lets!

Rage Shenron: DRAGON THUNDERCLAP!

He fired a beam of lightning and they dodged it and fired energy blasts and smashed him down.

## Hiei, Emily McKale, Lana and Dana VS Eis Shenron the Dragon of Ice

Eis Shenron the 3-Star Dragon of Ice was next.

Eis Shenron: (Ice Voice) This is gonna be amazing to face you Hiei.

Hiei: I'm really looking forward to it.

Emily McKale: This is gonna be fun. But I don't know much about you Eis. Which wish was it that made you?

Eis Shenron: I'm glad you asked. I was born when Goku called upon the Dragonballs to erase the memories of Majin Buu from everyone that he touched. Majin Buu caused a huge number of problems for Goku and everyone.

## EIS SHENRON - THE 3-STAR DRAGON OF ICE

San Xing Long, also known as Eis Shenron, is one of the Shadow Dragons and an antagonist in Dragon Ball GT . He is the older twin brother of Nuova Shenron and his Funimation dub name is a play on the word "ice".

He was voiced by the late Kaneto Shiozawa and currently by Ryōtarō Okiayu in Japanese and by Jerry Jewell and Tommy James in English.

Eis Shenron, like all the other Shadow Dragons, was born from the negative energy of one of the wishes made on the Dragon Balls. There are actually two different explanations as to which wish he is born from. In Dragon Ball GT Perfect Files, it is stated that he was born from the wish to erase Majin Buu from the memory of everyone on Earth. But in the anime, he states that he was created by the wish to bring back all the victims of King Piccolo and his minions. It is more likely that the latter was the one that created him, since the first wish would have no explanation as to why he is the twin of Nuova Shenron while the second is related to the one that created the fire dragon.

When Eis Shenron first appeared, he attacked Pan and brutally beat her up, while Son Goku and Nuova Shenron were busy fighting each other. When Goku and Nuova emerged from the pipes they had been fighting in earlier, they found Eis waiting for them. Goku was confused at two Shadow Dragons being brothers and Nuova demanded that Eis stay out of his fight. But the ice dragon ignored him and attacked Goku. Thanks to Eis hurting Pan so badly, the ice dragon had Goku's full attention. Eis used many underhanded attacks against the Saiyan, but Goku managed to match him with melee attacks.

Finally, Eis used his ice ray to freeze Goku solid and ordered Nuova to finish him off. When the fire dragon refused to do so, Eis pummeled him and demanded he incinerate the Saiyan. However, Nuova tricked his brother and used his fire attack to free Goku instead. Panicking, Eis attempted to freeze him again, but Goku was wise to this attack and managed to avoid it. He then stated that he would only need 10 seconds to beat Eis. The ice dragon then froze the entire city block and gave Goku five seconds to beat him. The Saiyan managed to pummel Eis and knock him into a building, but just as he was about to unleash his Kamehameha wave, he saw that Eis was holding Pan's body and using it as a shield. He threw her away and as Goku was trying to catch her, the ice dragon knocked him flying. However, Goku grabbed his leg, hurled him into another building, and prepared another Kamehameha. But Eis managed to avoid destruction again, by using his own brother as a shield.

Ignoring his brother outrage at his low tactics, Eis froze Goku again and formed his hand into a cannon as he prepared a final attack, calling forth energy from his corrupted Dragon Ball. He then fired the blast, but Goku broke the ice and rushed through the blast to Eis's horror. With the Saiyan ready to blast him point blank, Eis pleaded for his life and even begged for help from his brother. Nuova asked

Goku to spare his brother, if he handed over his Dragon Ball, which Eis quickly agreed to. However, he formed a set of ice claws on his hand and while Goku was distracted, slashed the Saiyan across his face, rendering him blind. Eis lunged at the disoriented Goku, but was met with a punch that went through his stomach and was finally destroyed by the Saiyan's Dragon Hammer technique.

---

Emily McKale: Whoa! That must've been an immensely powerful wish. I heard from Lincoln that Majin Buu was one dangerously powerful monster and he destroyed countless planets. So Goku erasing all the memories of Majin Buu from everyone must've also brought all the planets and people that he destroyed back too.

Lana: That is a very strong possibility.

Eis Shenron: Yes it certainly is.

Dana: Yeah.

Eis Shenron: Shall we dance?

Hiei: Lets shall!

Eis fired a beam of ice lasers and Hiei deflected it with his sword and sent it back at him and they fired waves of ice and wind and fire and smashed him down.

Juri (YYH), Penelope Waverly, Girl Jordan and Luna Loud VS Oceanus Shenron the Dragon of Water and Wind (True Form)

---

Oceanus Shenron the 6-Star Dragon of Wind and Water was next.

Oceanus Shenron (True Form): This is gonna be most fun.

Juri: I'm looking forward to all this.

Penelope Waverly: Which wish was it that you were born from?

Girl Jordan: You would not like it Penelope. It was in a time of desperation from being enslaved by Emperor Pilaf.

Luna Loud: Yeah it was crazy dudes.

Oceanus Shenron (True Form): That's right. It was the first wish made by Goku and the team. Emperor Pilaf was originally going to be crowned emperor of the World but Oolong that stupid pig… (Blushes bright red) WISHED FOR A PAIR OF WOMENS UNDERWEAR!

---

**Liu Xing Long**, or **Oceanus Shenron** (Funimation dub), is one of the Shadow Dragons in *Dragon Ball GT* and the dragon of the Six-Star Ball. She is the only female Evil Dragon. She is the third Shadow Dragon to fight Goku.

In Princess form, she was voiced by Masako Katsuki in the Japanese version, and by Laura Bailey in the Funimation dub and Lana McLellan in the Blue Water dub in the English version.

In Dragon form, she was voiced by Ryūzaburō Ōtomo in the Japanese version, and by Steve Sanders in the Funimation dub and Zane Sampson in the Blue Water dub in the English version.

Like all the other Shadow Dragons, Liu Xing Long was born from a wish that was made on the Dragon Balls. The wish that created her is the most embarrassing out of all the Evil Dragons. Liu was born from a wish that Oolong made to stop Emperor Pilaf from making one, a pair of panties from a hot babe. She was very embarrassed by this and hated to tell anyone.

Son Goku and Pan encountered Liu when she was pretending to be "Princess Oto", a sea princess in a local village that gave them fish. However, this was putting many fisherman out of business. Goku, Pan, and a boy from the village named Bisshu confronted Liu on the beach. Goku demanded to know what wish had created her and finally, Liu told them, though much to her deep embarrassment and her face turned bright red, as did Pan's, though Goku found this memory funny. Liu then fought Goku and managed to thrash the

Saiyan around with her wind powers.

However, Goku figured out that the dragoness was hiding her true form and she briefly revealed her true form. They resumed their battle and Liu managed to trap Goku inside a cliff with a powerful wind stream. Luckily, with some help from Bisshu's seagull, Pan was able to figure out that the center of Liu's wind storm was open. She unleashed a Kamehameha wave and Goku followed suit, destroying Liu.

---

Penelope Waverly: OH MAN! (BLUSHES BRIGHT RED)

Girl Jordan: Yeah that wish has been very humiliating for Oceanus and that's why she hates talking about it.

Luna Loud: Yeah but I guess it couldn't be helped because the world was in danger and desperate times called for desperate measures dudes.

Penelope Waverly: But I completely sympathize with Oceanus for not wanting to talk about that.

Juri: Me too.

Oceanus Shenron (True Form): I'm glad you do. Lets do it! AIR SHATTERING ENERGY BALLS!

He fired waves of energy balls made of wind and Penelope deflected them all at Oceanus and they fired waves of energy from above and smashed him down.

---

Kurama, Whitney Emmington, J.D. Knudson and Lola VS Nuova Shenron the Dragon of Fire

---

Nuova Shenron the 4-Star Dragon of Fire was next.

Evil Nuova: It's gonna be amazing to face you all.

Kurama: Looking forward to it.

Whitney Emmington: I don't know the full extent of your history Nuova. What wish were you born from?

Me: That is easily the most selfish wish out of all the wishes done on the Dragonballs.

Evil Nuova: That's right. I was born when Goku's first true rival King Piccolo wished for his youth and got his full powers back.

---

NUOVA SHENRON THE 4-STAR DRAGON OF FIRE

Si Xing Long or Nuova Shenron (Funimation) is one of Shadow Dragons in Dragon Ball GT and the dragon of Four-Star Ball. He is the fifth Shadow Dragon to fight Goku.

He was voiced by the late Ken Yamaguchi and currently by Yasunori Masutani in Dragon Ball Xenoverse in the Japanese version, and by John Burgmeier in the Funimation dub and Victor Atelevich in Blue Water dub in the English version.

Backstory

Like all of the other Shadow Dragons, Nuova Shenron was born from the negative energy of one of the wishes made on the Dragon Balls, in his case, the wish that restored King Piccolo's youth.

Battling Goku

Nuova first encountered Goku and Pan when they entered his domain, a city that he had reduced to a waste land. He first attempted to attack them from with a large flame orb and finally introduced himself as the "invincible four star dragon". After hearing about the demise of Haze, Rage, Oceanus, and Naturon which seemed to surprise him, Nuova fought Pan and easily avoided her attack, before he defeated her with a blow to the head. After Goku demanded that the dragon let her go, he did just that and put her out of harm's way. The pair then faced off and Nuova managed to dominate the battle, using his speed and ability to increase his body temperature. Goku found himself being chased by Nuova all over the city and finally transformed into Super Saiyan 4, after almost being destroyed by Nuova's Nova Death Ray attack. The Shadow Dragon responded by shedding his outer shell and increasing his speed even more. Though this evened things out, Nuova's speed still gave him the advantage. Goku drew the Evil Dragon into a series of pipes below the city and managed to catch him off guard. However, he did not finish Nuova and stated that this was his way of thanking the dragon for not destroying Pan when he had the chance. Nuova said that he only wanted a fair fight and the two headed to the surface to finish their battle.

However Nouva's brother, Eis Shenron, appeared and ridiculed and assaulted him for being weak, though Nuova did not retaliate because they were brothers. Eis then fought against Goku himself, while Nuova watched from the sidelines. Goku however managed to easily fight Eis, who was forced to resort to freezing him solid. He ordered Nuova to incinerate him, but the fire dragon instead turned on his brother and used the heat of his attack to free Goku. Eis later used Nuova as a shield when Goku attempted to destroy him with a Kamehameha wave. When the Saiyan finally had the ice dragon at point blank range, Eis asked Goku to spare him if he gave the Saiyan his Dragon Ball (despite believing Eis had brought this on himself). After Goku murders Eis Shenron, Nuova Shenron then gave Goku a medicine that would cure the blindness brought on by Eis's ice claw attack. However, Syn Shenron killed him immediately for his show of mercy. With his dying breath, Nuova said that he was sorry and only wanted a fair fight.

## The fight against Omega Shenron

Nuova Shenron made a return during Goku and Vegeta's fight against Syn Shenron (who earlier swallowed the other six Dragon Balls to increase his power 10x what it originally was). After Goku swallowed the Four-Star Dragon Ball in order to stop Omega from reaching his full power again, the positive energy in the Saiyan's body recreated Nuova and he emerged, though apparently loyal to Omega Shenron. He asked to fight the pair alone, which Omega agreed to and the fire dragon managed to outmatch Vegeta. Nuova then fought against Goku, but the two quickly struck Omega Shenron, and Nuova Shenron would prepare to destroy Omega Shenron: The Nova Sphere. As Omega was trapped in the ball, he was able to possess Nuova's body and escape the Fire Cage (due to Nuova's Dragon Ball having been inside of Omega, and therefore still filed with his evil). When this happened, Nuova sorrowfully apologizes to Goku and Vegeta that he had let them down. When Omega possessed Nuova, he quite literally entered his body, and destroys Nuova from the inside. This also allowed Omega Shenron to regain his full power and the Four-Star Dragon Ball.

* * *

Whitney Emmington: Whoa that is amazing!

Me: Yep. And Nuova Shenron is the 2nd most powerful out of the Shadow Dragons. But he also has a powerful sense of honor and he put up one helluva fight when I faced him. My Super Angel 30,000 power was equal to his. And to be honest I was only fighting at 10% of my power back then.

Lola: That's right and we saw what happened and it was intense!

Me: It sure was. But the true battle was with the 1-Star Dragon Syn Shenron.

Whitney Emmington: What was he like?

Me: The most powerful of all of the Shadow Dragons. He was born from when the Dragonballs were used to revive all those that were killed by Frieza and his goons. He also became the most powerful adversary that the Z-Fighters all have ever faced: OMEGA SHENRON!

* * *

SYN SHENRON THE 1-STAR DRAGON OF NEGATIVE ENERGY

**Yi Xing Long**, also known as **Syn Shenron** in the Funimation dub, is the final antagonist of the anime series *Dragon Ball GT* . He is the last of the Shadow Dragons and the dragon of the One Star Ball.

Syn Shenron later becomes **Super Yi Xing Long** ( **Omega Shenron** in the Funimation dub) after he absorbs all the other Dragon Balls and gains the powers of the other Shadow Dragons, allowing his strength to increase 10x what it originally was.

He is the third and final arc villain in *Dragon Ball GT* and the main antagonist of the Shadow Dragons Saga.

Like his fellow evil Dragons, Syn Shenron was born from the negative energy created within the Dragon Balls, every time a wish was made. In his case, it was the wish that brought back everyone who had been killed by Frieza and his men during the Namekian War. Because of the size of this wish, Syn was the most powerful out of all of the evil Dragons.

## Battle with Goku

Syn Shenron first appeared after Eis Shenron's defeat at the hands of Super Saiyan 4 Goku and Nuova Shenron. He killed Nuova for his betrayal and, when Goku reprimanded him for killing one of his own kind, told him that he was the one who created the Shadow Dragons in the first place, because of the constant misuse of the Dragon Balls. They began to fight, with the battle going in Syn's favor due to Goku being blinded by Eis Shenron earlier. Though Goku was able to get in a few hits and even a Kamehameha wave, this did nothing to Syn and he left the hero hanging unconscious from Fairground tower.

Just as he was about to move in for the killing blow, Syn found himself confronted by Gohan, Goten, Uub, Pan, Trunks, Chi-Chi, Videl and Mr. Satan. While Uub kept the Dragon busy, Gohan, Goten and Trunks gave their energy to Goku. Though Syn defeated Uub and the others with little effort, Goku managed to recover and the second round began. However, Goku was the one dominating the battle now and Syn found himself unable to match the Saiyan. After the Dragon attempted a trick using a clock, Goku seemingly wiped him out with a Kamehameha wave. However, Syn was not beaten yet and he used his special ability to swallow the other six Dragon Balls into himself, resulting in the powerful Omega Shenron.

## The Ultimate Dragon

Though Goku was able to take on Syn, Omega Shenron was another story and the Saiyan found himself unable to win. Though he regained his eyesight and battered the Dragon with a Dragon Hammer, Omega Shenron simply regenerated, an ability he had gained with his transformation. Goku desperately prepared a self-destruction attack to kill Omega Shenron, until Vegeta arrived on the scene and, with use of a machine that generated the Blutz Waves needed for the transformation, became a Super Saiyan 4 as well. Despite this, Omega Shenron easily took on the pair, until they performed the fusion dance and became Gogeta, who easily managed to take on the evil Dragon. Gogeta then assaulted him with his Big Bang Kamehameha attack, which was so powerful that Omega Shenron spat out the Dragon Balls, reverting back to Syn Shenron. However, as Gogeta was about to perform the attack again, he defused back into Goku and Vegeta.

Thinking quickly, Goku swallowed one of the Dragon Balls, preventing Syn from becoming Omega Shenron again. Syn fought both Goku and Vegeta and still managed to take them on. The two attempted to perform fusion again, but it failed and Goku reverted to his child state. The evil Dragon resumed his attack, only to be confronted by Nuova Shenron, who had been revived by the positive energy in Goku. Nuova attempted to use a self-destruction attack, only for Syn to survive and become Omega Shenron (via retrieving the Four-Star Ball from within Nuova's body, killing him in the process) again. After Vegeta de-transformed from Super Saiyan 4 and reverted back to his normal state, Omega attempted to use the *Negative Karma Ball* to destroy the Earth, but Goku blocked it, apparently dying in the blast. Omega fought the rest of the Z-Fighters and defeated them easily, only for Goku to appear and prepare his Universal Spirit Bomb.

## Death

While Goten, Gohan and Trunks distracted Omega Shenron, Goku gathered energy from every being in the universe and amassed it into the powerful Universal Spirit Bomb. The evil dragon tried to blast a *Negative Karma Ball* at Goku, but it had no effect and finally the Saiyan finished gathering energy. Omega Shenron attempted to plead with Goku, but it fell on deaf ears and the evil Dragon met his end at the hands of the Universal Spirit Bomb. The real Shenron then appeared without being summoned and granted Goku and the others one last wish that revived everyone who had been killed by Super Android #17 and the Shadow Dragons after telling Goku and the others that he can no longer grant any more wishes and that the Dragon Balls can no longer be used permanently, and then proceeded to vanish, along with the Dragon Balls and Goku himself, seemingly forever.

---

They were shocked!

Whitney Emmington: Whoa! He was that powerful!?

Me: Yep and Omega Shenron was easily the most powerful foe that the Z-Fighters have EVER Faced. Far more powerful than all of them combined.

Lola: It's true. We were there when we faced the Shadow Dragons and it was intense!

Me: It took all of our strength and power at its maximum to destroy him. We had to hit him with everything we got. And we were nowhere near as powerful as we are now when we took the Shadow Dragons all down.

Whitney Emmington: Wow!

Kurama: That was a really amazing battle.

Lola: It sure was.

Evil Nuova: That is amazing. And you all have progressed intensely well.

Kurama: Yes we have.

Evil Nuova: Shall we get it started?

Kurama: We shall.

He fired a fire energy blast and I deflected it back at him and we fired waves of energy and smashed him down.

Maggie Peyton VS Malcolm Thawne A.K.A. Cobalt Blue

---

Cobalt Blue was next.

---

**Cobalt Blue** is a villain in DC's New Earth. He is the older twin brother of the super hero Flash and the ancestor of Professor Zoom.

Malcolm Thawne was one of the twins chosen randomly and stolen at birth by Dr. Gilmore who reported him as a stillborn to Dr. Henry and Nora Allen. The reason Dr. Gilmore gave Malcolm away to the Thawnes was because he accidentally strangled their child while drinking heavily. Malcolm Thawne is the biological brother of Barry Allen, otherwise known as the second Flash.

Hugo and Charlene Thawne were a corrupt and vile family who raised and abused Malcolm. Hugo and Charlene were using a strange inherited Thawne power, a blue flame, to heal people, afterwards selling jars of petroleum jelly with blue food coloring to the healed and their friends. All the other members of his family had this power except for Malcolm which was why they would taunt him for his failure to handle it.

Malcolm eventually learned he was adopted and located Dr. Gilmore. Gilmore told Malcolm the truth about himself and Malcolm killed him for having picked him to be with another family. Malcolm started to go traveling and got into constant trouble with the law. Malcolm learned his brother Barry became a forensic scientist and got a job as a janitor in the Central Police Police Station where Barry worked. Malcolm started to hate Barry for everything he had that could have been his own if it hadn't been for chance and even witnessed the accident that made him the Flash.

Malcolm confronted his foster grandmother to learn more about the blue flame that the Thawne's had. Malcolm's grandfather trained him on how to use the flame to steal everything he desired as well as how to place his hatred for Barry inside a talisman that he wore on his chest.

Malcolm then became a super-villain Cobalt Blue and started to go after Barry for revenge. Flash eventually defeated Cobalt Blue with his own blue flame.

After the death of Barry Allen, Cobalt Blue did terrible things in memory of his brother: he blew up the Flash Museum, destroyed the house Barry used to live, destroyed Barry's laboratory in the CCPD station, and stole Jay Garrick's speed. Barry and Iris' nephew Wally, the third Flash, tracked

him down and acquired enough speed force to defeat Cobalt Blue while making Cobalt Blue reveal his life story to him.

Cobalt Blue sparked a family duel between the descendants of the Thawne and Allen family that would last for centuries until a truce was declared. However President Thaddeus Thawne was enraged to learn that his daughter was married to a member of the Allen family. Cobalt Blue is also also the ancestor to Eobard Thawne, otherwise known as the Reverse Flash or Professor Zoom.

---

Cobalt Blue: This is gonna be interesting to see how you do.

Maggie Peyton: It's my first time doing this so try and go easy on me.

Cobalt Blue: I will try.

He fired a blast of blue fire and Maggie saw it coming and she held up her hands and then she fired a massive blast of lightning from her hands and blew the fire away!

Maggie Peyton: (GASP)

She saw lightning flickering around her hand.

Cobalt Blue: You have lightning powers.

Maggie Peyton: I just somehow got them. Wow!

Maggie fired a blast of lightning and smashed him down.

**Savitar**, also referred to as **Alchemy**, the **Future Flash** and the self-proclaimed **God of Speed**, is a major antagonist in the TV series *The Flash* . He appears as the main antagonist of Season 3, a posthumous antagonist in Season 4, briefly appears in Season 5's 100th episode with several other villains and is also a cameo character in Season 7.

He is a time remnant of the series titular protagonist **Barry Allen**/ **The Flash** that was created in the future. Upon being rejected by his friends after his failure to help Team Flash defeat Savitar and for not being "the true Barry Allen", the time remnant travelled to ancient times to obtain the Philosopher's Stone and become Savitar himself, creating the false legend of Savitar being the first Speedster. He desires to destroy the original Barry Allen and relieve himself of pain by ascending to godhood.

In his true form, he is portrayed by starring cast member Grant Gustin, who also portrayed Sebastian Smythe in *Glee* . Whilst armored, he is portrayed by stuntman Andre Tricoteux in his metallic suit and is voiced by Tobin Bell, who also played Peter Kingsley in *24* and John Kramer in the *Saw* franchise. Whilst possessing Julian Albert when becoming "Alchemy", he is portrayed by Tom Felton, who also played Draco Malfoy in the *Harry Potter* franchise and Dodge Landon in *Rise of the Planet of the Apes* .

Before his reveal as the future Barry Allen, Savitar's biography was clouded in mystery as there were multiple theories on how he came to be.:

According to Jay Garrick of Earth-3, Savitar is a powerful-speedster, maybe the most-powerful of all. According to him and Julian Albert, he was a normal man in an unknown part of the multi-verse, presumably Earth-1 or Earth-38, who somehow obtained an artefact known as the Brahmastra, or "Philosopher's Stone", which was part of prominent Hindu mythology as the creator of the first meta-humans. After getting it, he used it to gain god-like power, becoming the first-ever person to become connected to the Speed Force, the energy that sustains a speedster's powers, and named himself Savitar after the Hindu God of Motion, Savitr, and was later called the "Dark Lord" by his disciples. Jay claims that whenever Savitar perceives a speedster on a world in the multi-verse to be a future threat to him, he sends a disciple of his, known as Doctor Alchemy, to "prepare" the speedster's world for his arrival. After getting to the Earth he finds the speedster (or speedsters) on, he uses the minions that Alchemy creates for him to conquer that Earth. However, he is still considered a myth by many, with information about him coming from "Speed Force rumours", as Jay put it. Few have ever seen him, and fewer have lived long enough to see him, as his power of invisibility, presumably-sourced from the Philosopher's Stone, prevents anyone without a Speed Force connection from seeing him.

The truth is ultimately revealed by Savitar himself - Savitar's existance is a circle of time. He is the time remnant of Barry Allen that was created by the Barry Allen of 2024 in order to assist in the fight against the then-unidentified Savitar. When the time remnant, amongst other remnants, was called in by the future Barry Allen in order to assist in battling Savitar, Savitar deliberately spared it because he knew the remnant was his own former self and would go on to eventually become Savitar. Although the time remnant survived, after the battle the time remnant was shunned by the rest of Team Flash because it was not the "real" Barry. Completely abandoned, the time remnant eventually snapped completely after the death of Iris West. Completely broken due to grief and loneliness, the time remnant eventually decided that the only way to rid himself of all the pain he felt was becoming a god, because gods don't feel pain. This led to the time remnant adopting the identity of Savitar, travelling back through time and creating disciples led by Alchemy.

At that unknown point in the future, presumably the late 2020's, Savitar is defeated by Barry and imprisoned in the Speed Force. By a speed force trap created by scientist Tracy Brand, he is trapped within the Philosopher's Stone, which is placed in a small stone box, and left in the Indus Valley, hurled into the past so it would never be found in the future. While in the Speed Force, Savitar would "lose [his] mind many times over", being trapped in a time loop in which he was forced to relive the single, most painful moment of his life. His only way to escape his prison was another speedster taking his place.

This, however, wouldn't rob Savitar of his freedom completely. Julian Albert, a British-born scientist-turned CSI, attempted to locate the Philosopher's Stone, hoping to use it to restore his deceased sister to life with its power. This was presumably-caused by Savitar's ability to manifest ghost-like apparitions of certain people in order to fool them into helping him. At some point in the early 2010's, Julian ended up in the Indus Valley, having-tracked the Stone and the box containing it, and proceeded to open the box. After doing so, he was taken over by the spirit of Doctor Alchemy, who killed the rest of Julian's crew. Julian woke up in a hotel the next day, unaware of what he had done or what he'd unleashed on the world. For some time after that, Savitar and Alchemy stayed with Julian as he went to the U.S. to escape his demanding family. He became a CSI in Central City, where, presumably by coincidence, the past-version of Barry Allen worked.

## Facing the Flash

Barry Allen, distraught by the pain caused by the Earth-2 speedster Hunter Zolomon, time-travels to create the alternate timeline Flashpoint, stopping Eobard Thawne from killing his mother Nora. However, he later realizes his mistake and reverses time, allowing the past to be fixed. However, certain changes were made to the timeline he was in now; for instance, prior to Flashpoint, he'd never even heard of Julian, but after Flashpoint, he finds that Julian had been working at the Central City Police Department for about a year, unaware of his split-personality Alchemy. Savitar, having been able to witness Flashpoint, saw Wally West as the Flash; after the timeline was restored, Savitar got the idea to empower Wally in the restored timeline, getting him stronger and faster so that he will be able to take his place in the Speed Force and suffer a fate worse than death.

Alchemy would later locate individuals who had meta-human powers in Flashpoint, such as Edward Clariss, Frankie Kane, Shade, Clive Yorkin and a yet-to-be-seen meta-human, and empowered by first making telepathic contact with them (and even hallucinating the effect of the word "ALCHEMY" being scrawled onto glass surfaces by an invisible force), then luring them to Alchemy's hideout in Central City, then restoring their Flashpoint memories and meta-human powers using the Philosopher's Stone, which encased them in a cocoon-like shell that would break after their powers were returned, leaving behind strange "husks" with their DNA attached to it. Along the way, Alchemy managed to start up the Cult of Savitar on Earth-1, letting all its followers know about Savitar and their plans.

Clariss, however, failed to kill Barry after Alchemy ordered him to, and so Savitar arrived at Iron Heights Prison and kills him on Alchemy's behalf by throwing him across his power-proof cell. Footage found later from a security-camera by Julian shows an invisible entity (Savitar) killing Clariss. Frankie and Shade were also unsuccessful in their efforts, with Frankie convinced to not kill innocent people by Barry and Shade defeated through S.T.A.R. Labs technology made by Barry's friends Cisco Ramon and Caitlin Snow.

After Alchemy has seemingly been defeated by the Flash and a S.W.A.T. team, who arrived to arrest him and being led there by Wally West's new memories of Flashpoint, Savitar speeds into the room, being too fast for even Barry to recognize. Despite Barry's attempt to stop him, Savitar frees Alchemy's chained-up disciples and murders most of the officers, save for Detective Joe West, before grabbing Barry and announcing himself as Savitar, the God of Speed. Barry urges Joe, the only one left with him, to shoot Savitar, but Joe cannot see him, either because Savitar's body is moving so fast that he can't be seen or because he is only visible to speedsters. Barry tells Joe to shoot nonetheless and Joe does so, but the bullets are reflected by Savitar's metal armor. Savitar then speeds off with Barry, being incredibly fast. Due to his enormous speed, Savitar does not appear to be moving but appears and reappears all over the city. Whenever emerging, Savitar hurls Barry away and beats him up. Barry eventually manages to get back up, but although he attempts to fight Savitar, is thrown to the floor immediately again. Barry is only saved when Cisco and Caitlin appear at the city's shoreline through Cisco's meta-human powers, and Caitlin, despite not being able to see Savitar, uses her ice powers to freeze the evil speedster. He breaks free, with his ice casing visible to them, and speeds off, with Barry recovering later at S.T.A.R. Labs.

Savitar later visits Julian Albert in the hospital, recovering from an attack by Caitlin, and commands him to return to the Police Department and get back his Doctor Alchemy attire, seeking to get his organisation back. Julian, unaware of his actions and later being unable to remember any of it, does exactly that, finding his Alchemy mask at his lab.

## Banished

When Alchemy performs a ritual on top of the Shults Building in Central City around Christmas-time, intending to re-power all the meta-humans from Flashpoint, he is confronted by Barry Allen and Jay Garrick, the Earth-3 Flash. As they arrive to stop this, Savitar appears and attacks Jay, taking him and speeding off. While Barry deals with Alchemy, Savitar beats up Jay similarly to how he attacked Barry previously, leaving him bleeding badly in an alleyway and unable to fight back. Savitar is right about to finish off Jay, but just as that's about to happen, Barry, back at the Shults Building, encases the Philosopher's Stone in the strange stone box that Julian previously found it in. The exact instant he does this, Savitar, due to his connection to the Stone, vanishes into thin air, sending him back into the box.

Savitar is later freed when Cisco opens the box at S.T.A.R. Labs, having seen the spirit of his deceased brother Dante. Dante, however, was actually an illusion created by Savitar to trick Cisco into letting him loose. Unleashed again, Savitar attacks Barry and is only distracted when Wally West, having been turned into a speedster by Alchemy a few weeks prior, speaks to him. After having Savitar's attention, Wally attempts to attack him but is beaten up as well. Although he is able to defeat both speedsters, Savitar is banished once more when Caitlin convinces Cisco to close the box again. By using a machine on Julian, the team is able to contact Savitar, with the villain speaking through Julian. Savitar, once more claiming to be a god, claims that Barry's future self trapped him for eternity, revealing his motivation as simply wanting revenge on Barry for his entrapment. Additionally, Savitar makes the prophecy that among Barry's team at S.T.A.R. Labs (Caitlin, Cisco, Joe, Wally and Harrison "HR" Wells of Earth-19), one will die, one will betray the team and one will suffer a fate worse than death. While Savitar rants on without end, the team deactivates the machine, and thus Julian was seemingly-freed from the villain's influence. Barry and Jay decide the best course of action is to get rid of the box and the Stone, and so they use a breach in the Speed Force to hurl it into the multi-verse, presumably never having to worry about it again.

Future

However, in the effort, Barry is sent into a point in May 2017, 5 months later, where he witnesses a stand-off between Savitar, who doesn't seem to notice him, and future Barry, with Savitar holding Barry's girlfriend Iris West hostage. How Savitar arrives here after his banishment has yet to be explored. Savitar proclaims his victory and uses the metal blade on his suit to pierce Iris' back, killing her and making future Barry weep over her body. Past Barry is pulled out of the scene by Jay, who tries convincing him that what he saw was just a potential future and not something that's sure to happen.

Later on, Barry and Cisco vibe themselves into the future to witness Savitar kill Iris again and look ahead to upcoming events. During the vision, they see HR on a rooftop holding a S.T.A.R. Labs weapon, despite that he wasn't there initially. The heroes then realize that they can alter the future by preventing or doing things differently in events leading up to May 2017. After Barry finds that Wally is actually slightly faster than him and gaining prominence as "Kid Flash", he decides that the newcomer will be the one to save Iris instead of him, as he can get across several feet in 0.26 seconds in time to do so.

## Plotting His Return

Weeks after Savitar's banishment, around the time Wally finally gets fast enough to save Iris from Savitar, Wally suddenly starts having hallucinations of the evil speedster appearing in Central City. These hallucinations gradually get worse and worse to the point that Wally even believes himself to be physically attacked by Savitar. To investigate the matter, Barry and the team contact Savitar once more by using Julian as a vessel.

Once Savitar has returned, he starts arguing with Barry, claiming that from his viewpoint, Barry is the villain. He then takes a look around, realizing that HR is still with the team and arrogantly addressing the fact. When HR stands up to Savitar, claiming that he will stand with Barry and the team, Savitar replies that it is irony that HR - the coward - will be the one that lives through all this. Barry then asks Savitar where Barry would imprison him in the future. Savitar answers that Barry imprisoned Savitar in the only place that could hold him and that Savitar was trapped long enough to lose his mind several times over. He claims that only his will kept him on the side of sanity. When Cisco makes the remark that sanity and Savitar not really go hand in hand, Savitar replies that Cisco has always been small and will remain so. Barry then starts talking to Savitar again, asking why exactly the two of them were enemies. Savitar claims that they are enemies because they have to be. He claims that only one of the two can live and that, while Barry thought of Thawne or Zoom as his nemesis, Barry's true nemesis is and has always been Savitar.

Joe then asks what exactly the team ever did to Savitar, angering him and he replies that everything he is, he is because of them. He bitterly adds that he never asked for any of this but was made who he is by the Flash. This causes Barry to ask when they will meet to which Savitar answers that Barry was or will be present when Savitar became what he is now. Barry next asks whether he caused Savitar to become a speedster but Savitar arrogantly dismissed the idea, claiming that only he himself could create the greatness that he is. Barry laughs at that, telling Savitar that the Philosopher's

Stone is still gone and that Savitar will thus not escape. Savitar, however, claims that he is closer to his freedom than he has ever been and that every step the team takes to prevent Savitar's return brings him closer to his goal. He hints that he only needs one thing to fully return. He addresses Iris, apologizing to her because he will kill her, but claims that it is either her or him. He then turns to Barry, acknowledging that Barry has suffered worse than every other member of the team. When Savitar cruelly claims that Barry will never get over his parents deaths, Barry pulls the plug on the machine connecting Julian to Savitar, banishing Savitar back into the Speed Force.

To find out more, the team intends to watch Savitar's acolytes. They track down a group of them on a mountain outside of Central City where the acolytes hold some kind of mess to Savitar. Barry speeds into their midst, takes out all of them and interrogates their leader who is holding a box similar to the one that contained the Philosopher's Stone. The box, however, is empty and the acolyte only taunts Barry. Back at S.T.A.R. Labs, the team comes to the bitter conclusion that the two boxes are actually the same and that Savitar might somehow have gained the Philosopher's Stone again. However, a piece of the stone was secretly stolen by Caitlin who wanted to use it to get rid of her Killer Frost powers. After Caitlin admits this to the team, the team decides to contact Savitar again in order to locate the place where. However, Cisco can only narrow the location down to all of Central City, which made no sense and wasn't exactly helpful.

## Return

When Wally has another hallucination of Savitar who tells him that he now has everything to escape, Wally plans to stop the villain himself due to the tension in the team. Meanwhile, the team finds out why only speedsters are able to see Savitar - because he has been trapped in the Speed Force all along. This is also why Savitar thus far only appeared for a few moments, because he was being sucked back into the Speed Force soon after emerging. This also explains Savitar's teleport-like speed powers; he merely entered the speed force again and emerged at another place. The team realizes that, by throwing the Philosopher's Stone into the Speed Force, they brought him the means to escape his prison. However, as he does not have the full stone yet, he cannot escape.

Meanwhile, Wally, still under the influence of what he saw, steals the remaining part of the stone. By telling Wally that he will never be fast enough in order to create a portal to the speed force through which he can throw the remaining part of the stone, the manifestation of Savitar deliberately encourages Wally to manage exactly that. Wally hurls the remaining part of the Philosopher's Stone into the Speed Force and is grabbed by energy tentacles and sucked into it, leaving only his burnt suit. Moments after Wally is sucked into the speed force, the portal opens again and Savitar emerges from it, proclaiming that he is finally free. He reveals to Barry, who has come too late to save Wally, that Wally has now taken his place as prisoner of the Speed Force. With Wally's punishment, one part of the villain's prophecy has come true, as now Wally is suffering a fate far worse than death.

He then reveals to Barry that by creating Flashpoint, Barry unwittingly gave him the means to escape from his banishment and tells him that he used Wally's youth and ego to free himself from his prison. The two speedsters then run at each other, both being knocked away by the impact. Savitar speeds off immediately but is hunted and confronted by Barry. Barry furiously screams at Savitar that he will kill him but Savitar replies that if Barry had the stomach to kill him, he would have done so in the future. From the envious remarks Savitar makes, Barry realizes that Savitar must be someone Barry knows well enough so Savitar can be jealous of everything Barry achieved. Barry attacks Savitar once again to remove his mask but Savitar uses the blade in his arm to stab Barry; given that he hasn't suffered badly-enough, the villain tells him that he cannot kill him yet, but he'll have to wait until May 23rd, 2017 to do so, as that is the date he is destined to kill Iris. Barry phases his hand and shatters the blade, causing Savitar to flee in pain.

Tracked

While Barry is headed into the speed force to save Wally, Cisco and Jesse analyse the blade Savitar used to stab Barry and track him down. Jessie eventually goes on with the plan alone after the rest of the team refused to. Jesse successfully uses the blade to track down Savitar, who claims that he knew she would come. When Jessie asks how he could possibly know that, Savitar replies that he knows everything because he already lived it.

Jesse then speeds herself up fast enough to produce lightning which she hurls at Savitar. Savitar, however, absorbs the lightning and redirects it at Jesse, who is thrown away. After Jesse gets back up, Savitar intends to retrieve his blade but Jesse holds on to it. Using some magnetic force, Savitar drags both the blade and Jesse towards him. While Jesse is dragged towards Savitar, HR contacts her and comes to the conclusion that Savitar must be wearing his armor because he is vulnerable underneath it. He tells Jesse to find an opening in Savitar's armor and Jesse manages to do so by stabbing Savitar with his own blade when she is close enough to him. Once again, Savitar responds to pain by running off.

After Jesse has shared her experience with the rest of the team, they come to the conclusion that Savitar is definitely a human person and not a god.

Barry eventually decides to speed to the future in order to find out Savitar's identity. However, once he has arrived in 2024, he realizes the extent of Savitar's actions. After Iris' death, Barry has completely lost all hope and has disbanded Team Flash. Furthermore, Savitar has aligned himself with Killer Frost, leading to her fighting Cisco and Cisco losing both hands. After Iris' death, Wally tried to get revenge on Savitar but had his back broken by him. Furthermore, he has been deeply traumatized by something that has not yet been revealed. Future-Barry reveals to Barry that he never learned Savitar's identity and that the technology required to trap Savitar in the speed force was only developed four years after Iris' death.

Barry returns to the present with what he has learned. Meanwhile, Savitar confronts Killer Frost and proposes the alliance Cisco told Barry off in the future. He reveals that he plans to make sure that Killer Frost remains and that Caitlyn Snow never returns. Caitlin is reluctant to agree, asking Savitar why she should trust him. To this, Savitar replies by removing his armor. After seeing Savitar's face, Killer Frost immediately agrees to Savitar's proposal.

Savitar sends Killer Frost to kill Tracy Brand, the scientist who will create the speed force trap for Savitar in the future. However, she fails as Barry and Cisco prevent her from murdering Brand. The defeated Killer Frost returns to Savitar's lair and Savitar is shocked that she failed, given that he told her that Cisco and Barry would be there. Savitar claims that there might be more Caitlin Snow left in Killer Frost than she shows. He reveals the importance of Brand's death to Killer Frost, naming her as the only thing in the way of both his and Killer Frost's ascension.

After Killer Frost fails again, she instead kidnaps Joe West's love interest Cecile in order to trade Brand for her. Killer Frost and Team Flash meet in an abandoned warehouse and Barry attempts to appeal to Caitlin but Killer Frost replies by revealing that she knows the exact words Barry will use as Savitar told her about it. She reveals that Savitar also told her that Cisco would be hiding in the rafters and activates hidden explosives that knock Cisco from the roof.

When Killer Frost loses the following battle, Savitar suddenly speeds into the hall. Surprisingly, he attacks neither Tracy nor Barry, he only speeds into the room and escapes with the unconscious Killer Frost. Before he leaves, he implies that his moment of "ascension" is nearly at hand.

Back together, the team wonders about how Savitar could know the exact words Barry said in the warehouse and how he knew the teams' exact position. Thinking about earlier meetings with Savitar, Barry suddenly realizes what they have missed all the time. He excuses himself from the team and speeds onto an empty street. He loudly screams to announce his arrival and Savitar appears seconds later. Barry reveals that he figured out who Savitar is and how he knew all that would happen. Savitar was always a step ahead because he knew everything that happened from the time he was Barry. To this, Savitar replies by stepping out of his armor, revealing that he is a heavily scarred Barry Allen who cruelly claims that he already warned Barry before - Savitar is not "the future, Flash!" but (quite literally) the Future Flash.

Savitar reveals his backstory to Barry, explaining that he needs Iris to die because he needs Barry to break completely so that he will become Savitar in the future. He claims that he needs another thing as well but does not reveal it to Barry. Barry threatens to kill himself in order to prevent Savitar from ever existing but Savitar reveals that due to his immense time travel, the rules of time mostly do not apply to him anymore. Citing the situation of Eobard Thawne, who is still alive despite his direct ancestor having killed himself, Savitar claims that Savitar will still exist even if Barry commits suicide. Savitar then turns around to leave but Barry speeds at him and knocks him down. Barry grabs Savitar by the neck and tries to break his neck but Savitar claims that "his suit is cooler than [Barry's]". At the same time, the Savitar suit manually gets up, grabs Barry and throws him away from Savitar. While Barry is disttracted battling the suit, Savitar sprints back into it. Both Savitar and Barry then run in circles, creating enough energy to create lightning. Both hurl their lightning at each other and a gargantuan explosion knocks both men off their feet. When Barry gets back up, Savitar is already gone.

As Savitar is the Future Flash, Barry and Team Flash intend to stop Barry from remembering things so that Savitar cannot use them against him. However, they accidentally wipe Barry's memory completely which also affects Savitar, who neither remembers his ally Killer Frost nor his own identity. To fix this condition, Killer Frost proposes a plan to Team Flash and manages to get both Barry and Savitar back their memories.

Infantino Street

While Team Flash does anything in their powers to build the weapon that will trap Savitar in the Speed Force, Savitar himself has some problems as his suit has been damaged by Barry during their fight. When Killer Frost realizes this, she mocks him about not looking very god-like at the moment. When she states that the two of them are a team, Barry and Caitlyn back at it again, Savitar stops her and claims that she is not Caitlyn and that he is not Barry. Killer Frost then asks whether Savitar will actually go through with it and kill Iris. Savitar claims that it is either her or him; if Iris doesn't die, Savitar will never be born. Killer Frost mentions that Savitar still has all memories of Barry and thus remembers every memory Barry has with Caitlyn. Savitar responds by claiming that he also remembers being created as a disposable hero, that Barry did not care for his life and that he thus does not care for the life of Barry's fiancee. The same moment, Savitar obtains memories from the Flash, his past identity, and realizes that Barry has travelled through time again and has recruited Leonard Snart to help them steal the energy source for their speed cannon. He is not concerned but only amused and tells Killer Frost that she doesn't have to intervene as it will not make a difference.

While Barry and Snart invade A.R.G.U.S., Savitar dons his old Flash-suit and speeds into S.T.A.R. Labs pretending to be Barry. He asks the team where Iris is and H.R. tells him that Iris is safe, having been brought to Earth-2. However, Savitar then turns his face to reveal his burn scar, causing everyone to realize that he is actually Savitar. Without further questions, Savitar speeds directly into the portal chamber where he breaches to Earth-2, taking his Savitar suit with him. Both Joe, Harry and Wally try to stop him but Wally is brutally defeated. Suddenly, Savitar slumps down and the team realizes that they have fought the armor without Savitar in it. Savitar, meanwhile, turns up behind them. He coldly tells Harry that he will kill him should Harry aim his gun at him. Joe begs with Savitar, trying to save Iris life, but Savitar does not give in. He expresses rage when Joe calls him Barry. Iris then tearfully surrenders, prefering her own death to watching her friends and family be killed by Savitar. Claiming that Iris has accepted her fate and that the Team should do so as well, Savitar then speeds off with Iris back to Earth-1 where he heads to Infantino Street and waits for Barry to arrive.

When Barry arrives at Infantino Street, Savitar speeds in with Iris as well. However, instead of simply killing Iris, he mocks Barry and gives him the chance to hit him with the Speed Gun. Savitar dodges the energy beams Barry shoots at him but is eventually hit by the ray. Despite being hit by the ray, Savitar breaks free from the cage built around him. Savitar reveals that he was already captured by the trap once and that, obviously, he made sure that this could not happen again. Showing Barry the Philosopher's Stone, Savitar claims that it is made from pure Speed Force energy which gives him enough energy to evade the Speed Gun's influence. While the entire Team Flash panics, Savitar then picks up Iris and, exactly like the future Barry saw, rams his blade through Iris' back and kills her, speeding off moments before Barry reaches her body. What Savitar does not know is that even before he arrived with Iris, Iris was switched with H.R. who used the blade of Savitar to track him to his lair. Thus, it was not Iris who was killed but H.R. Speeding off without knowing this, Savitar takes the Speed Force gun with him. He returns to Killer Frost, who has defeated Cisco in battle, and tells her to spare him as he needs to build something for him first.

While talking to Killer Frost, Savitar is suddenly hit by the memories of his past version and realizes that H.R. sacrificed himself in order to save Iris. Both he and the team realize that this means that Savitar will disappear soon, as time will catch up with him and due to being a time paradox now, he will never be created.

## Ultimate Plan

Now desperate to succeed with his plan before his fate catches up with him, Savitar orders Cisco to alter the Speed Force gun. Savitar reveals that he actually has a plan B; he wants to use the Speed Force gun to fragment himself all over time, causing him to exist in every time period simultaneously, allowing him to rule from the Big Bang to the end of time itself. Cisco refuses to do so, claiming that even if Savitar threatens to kill him, he will not work for Savitar. However, he is forced to give in when Savitar threatens to kill Killer Frost instead. Savitar also reveals that he remembers that Julian is returning to S.T.A.R. Labs just now, carrying the cure for Caitlyn's condition. He claims that it would be a shame if Caitlyn died just hours before she could be cured from her Killer Frost personna.

From new memories he is getting, Savitar realizes that Barry is seeking him out. He heads to where he knows Barry to be and is indeed met by the Flash. Barry asks Savitar whether he still plans to become a god, but Savitar brushes him off. Barry surprises Savitar by stating that he wants to help Savitar, offering to let him into S.T.A.R. Labs where they can work on helping Savitar together. Savitar does not trust Barry, but Barry reminds him that Savitar has all of his memories and should therefore know that Barry does not intend to trick him. Barry also reveals that he believes that there is still some part of Barry inside Savitar, using a happy memory from his childhood, which Savitar remembers as well, as an example. Savitar then actually accepts the invitation and joins Barry at S.T.A.R. Labs. There, the team is horrified to see their enemy arriving with Barry, but Barry tells them that all is fine. Iris even walks up to Savitar, telling him to look at her. When he does, Iris touches the scarred part of Savitar's face and tells him that they will help him. Savitar even thanks Iris, but then Tracy walks up to Savitar and coldly refuses to help him. Claiming that Savitar took her future from her by killing the man she loved, Tracy reveals that Savitar doesn't deserve a future either.

While the team tries to convince Tracy to help them, Savitar walks through S.T.A.R. Labs and enjoys the memories. When Iris asks him whether he has memories of this place, Savitar states that he remembers everything, citing memories of a villain Barry has not even encountered yet. Although Barry and Iris both seem to genuinely try to resocialize Savitar and to bring them into the fold, Savitar mentions several flaws in their plans, for example that he has no place to stay and that he would definitely make a weird situation of the wedding of Barry and Iris. Savitar suddenly becomes disheartened, stating that he remembers all memories he has with Iris and that he cannot stay when Iris will spend the rest of her life with Barry. Iris, however, prevents him from leaving and claims that they will figure something out. Savitar is shocked, reminding Iris that he killed H.R. and tried to kill her. Iris tells him that he will have to live with that but also claims that they will not give him up. This convinces Savitar to accept the teams help and he agrees to return Killer Frost and Cisco to the team. However, this is revealed to be a ruse when the Philosopher's Stone, which is still located at S.T.A.R. Labs, suddenly pulsates with energy and blows up. Wally and Barry manage to get everyone out of S.T.A.R. Labs just in time.

Meanwhile, Savitar returns to his lair where Cisco has finished the weapon Savitar requested. Savitar coldly reveals to Killer Frost that Barry and the rest behaved exactly like he expected and states that he got rid of a few "problems". They are interrupted when Gypsy suddenly turns up and swiftly escapes with Cisco, but Savitar doesn't care as Cisco finished the weapon already.

Savitar and Killer Frost then head outside where Savitar opens a portal to the Speed Force. He tells Killer Frost to ready herself, as the Speed Force will fight back. Indeed, the Speed Force sends out the Black Flash to protect it but Killer Frost easily freezes and shatters him. According to Savitar's plan, Killer Frost then blasts him with the Speed Force gun. However, instead of spreading Savitar across all time, Savitar's powers are instead used to free Jay Garrick from the Speed Force prison. As Savitar attempts to grasp what happened, the entire Team Flash turns up and Cisco reveals that he manipulated the Speed Force gun and that he would never allow Savitar to become a god.

Final Fight

While most of the team fight Killer Frost, Savitar runs off. He is pursued by Barry, Wally and Jay and desperately tries to destroy all three. He eventually returns to the rest of the team and furiously grabs Cisco, planning to kill him because he destroyed everything. However, he is blasted away by Killer Frost who seems to have finally come to her senses. Realizing that his time is almost up, Savitar then proclaims that he will at least kill Joe, Wally and Iris so Barry will suffer. Barry, however, speeds after Savitar, phases through his armor and kicks him out. Now inside Savitar's armor, Barry fights Savitar and knocks him down. Furiously, Barry then ejects one of Savitar's blades and prepares to kill him but Savitar maniacally urges him to do it, claiming that Barry will become Savitar if he kills him. Instead of killing him, Barry destroys the Savitar armor from within and then knocks out Savitar. Savitar, however, regains consciousness quickly, jumps back up and lunges at Barry. However, before he can reach Barry he is shot through the back by Iris. Moments after his death, Savitar's corpse is erased from existance as the time paradox has finally caught up with him.

---

Savitar: Wow! Future of the Fastest Man Alive VS Snail. Interesting setup.

Turbo: Boy it sure is. That is crazy.

Savitar: It sure is. Shall we dance?

Turbo: Lets shall.

They zoomed at each other and Turbo smashed him down.

## Jungle Fury Rangers, Megaforce Rangers, Nico, Eli, Lola, Laney Simmons and Lana VS Naja the Cobra Rinshi

Naja was next.

Nico: This will be fun.

Nico teleported and opened Naja's safe and in it was a bunch of Rings called the Rings of The Egyptian Gods, they're rings with large gems matching the colors of the Egyptian Gods, and around the gems are the three Egyptian Gods, and once worn, they'll gain a massive power and energy increase.

Nico teleported back with them.

Jungle Fury Rangers: JUNGLE BEAST! SPIRIT UNLEASHED!

They transformed and were ready!

Megaforce Rangers: LEGENDARY RANGER MODE! JUNGLE FURY!

The Megaforce Rangers turned into the Jungle Fury Rangers too!

Nico: Time for action!

Rangers: CLAW CANNON! CHARGING! POWERED BY ANIMAL SPIRITS!

R.J.: WOLF BEAM!

Dominic: RHINO BLASTER!

Nico: FIRE!

They fired waves of elements and energy and lightning and they smashed into Naja and exploded!

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Naja: (Dying) You earned these Laney.

Naja threw his Life Talons to Laney and she got them. Then Naja fell and exploded!

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Naja was dead!

Nico: Naja you have failed this city!

Laney Simmons: Yeah he has!

Then Laney got an aqua blue glow on her finger and then a blue King Cobra Spirit Animal Ring appeared on her right ring finger!

Laney Simmons: Whoa! A Spirit Animal Ring.

Isabel then came.

Isabel: The King Cobra is perfect for you Laney. The cobra spirit animal is one of the most active spirit guides. When this totem animal finds you, it wants you to become active, as well. Likely, you have been doing too little to elevate your life. Alternatively, it could be that you have been going about your life the wrong way. The cobra spirit animal locates you to guide you in the right direction. It will give you the wisdom you need to achieve your goals and dreams. This spirit guide is keen to draw attention to your skills and abilities. By embracing the spirit of the cobra, you become more courageous and self-confident.

Laney Simmons: Wow! That is amazing.

Nico: It sure is.

Then a blue light appeared and it landed in Laney's hand and it was a Blue King Cobra Zord Animal Crystal.

Laney Simmons: Wow! My own Wild Zord Animal Crystal. The King Cobra Zord.

Nico: Wow! You and I have a King Cobra Zord now. Mine is orange and yours is blue.

Laney Simmons: That is amazing!

Then Laney got a Wild Force Crystal Saber.

Nico: Awesome!

Troy Burrows: Rangers that's a Super Mega Win.

---

We regrouped and cheered wildly.

Nico: That was so awesome!

Laney Simmons: It sure was! Wow!

William: Now that the usual battles are done, let's go after Murphy.

Nico: Yep. And it was really fun. (To Haze Shenron) You and your fellow Shadow Dragons will make awesome additions to the M.O.E.

Haze Shenron: Thanks Nico.

Rage Shenron: It was really awesome.

Laney: Yeah and no hard feelings for beating all of you up the first time?

Eis Shenron: No hard feelings Laney.

Nico: Now we can go get Murphy. Get ready Trip Murphy, (Eyes Glow Red) Your reign of cheating is about to come to an end.

We went to the race stadium and there we saw a man. It was Mark Venue.

Mark Venue: Team Loud Phoenix Storm. Mark Venue at your service.

Nico: You can drop the act now. We know it's you Venomark!

Venomark: (laughs) So, you guys figured it out, huh?

Maria: Wasn't that hard. Considering how you changed your name.

He glowed and turned into VENOMARK!

Me: I'm going to make you suffer for poisoning so many people. Including Ransik!

I transformed into my ultimate power.

Venomark: (smirks) The race is about to start in 30 minutes, Knudson. You sure that's enough time for you to go all out and destroy me?

Me: Admittingly, no. (smirks) But he doesn't have to.

?: Digi Fuse!

Then SHOUTMON X7 appeared along with Mikey Kudo and everyone!

Piper Willowbrook: Mikey, Angie, Christopher, Jeremy! Shoutmon, guys!

Mikey Kudo: Hey Piper!

Me: Awesome to see you guys here!

Angie: Wouldn't miss this for anything.

Nico: Awesome to see you guys here.

Mikey Kudo: We have the entire Bagra Army on the ropes. The strategy worked really well.

Me: Awesome! We got them backed into a corner.

Nico: Yep we sure do.

Me: First let me get some shots in.

Nico: Go get him!

I flew at Venomark with incredible speed and smashed my fist into his face and then punched and kicked his stomach with incredible speed and kicked him all over and then kicked his sword and blaster out of his hands and I caught them!

Ransik: Way to go J.D.!

Nico: WOO! YEAH!

I pulverized Venomark all over with incredible brutality and smashed him down!

Me: YEAH! (Cracks knuckles) Man that felt good. Now I can do the same to Lothar when we face him in the future.

Mikey Kudo: We'll face Venomark for you guys.

Nico: We owe you guys big time for this.

Piper: Let me help you guys!

May: (to me) Let's leave this to Piper, Mikey, and the others. We've got a race to get to.

Me: Right. Nene!

I gave Nene Venomark's sword and blaster.

Me: Use them well.

Nene: Thanks J.D.

We went to watch the race.

Papillon: After Maggie wins the race, we'll let Riddler confront Murphy. And then, we do our entrance.

Tecna: Great plan Papillon.

We watched the race.

Me: Anybody got some popcorn?

We got to watching and we were having popcorn and snacks.

Maggie and Herbie won the race and Trip was enraged! Riddler faced him.

Trip Murphy: Well, if it isn't the Riddler. How's it feel to be the only top villain in Batman's rogue gallery now that Joker and Scarecrow are gone?

Riddler: Surprisingly, pretty good. Riddle me this. What's black and blue and red all over?

Trip Murphy: What?

Riddler: Your ass when we're done beating it!

Suddenly the spirits of the Mysteries of The Weather appeared and swirled around him and then converged and then…

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off above him and a phoenix cry was heard and we came out.

Nico: Trip Murphy you're under arrest!

Trip Murphy: For what!?

Nico: Attempted Murder, cheating, assault and battery and fraud!

Trip Murphy: You really expect me to confess that I had Venomark helping me and that I prefer cheating over racing fairly?

Evil-Lyn: (smirks) You already did.

Luan was filming him and EVERYONE saw his true colors.

Trip Murphy: (realizes his mistake) Oh, poop.

Everyone booed and jeered him.

BUSTED!

Trip Murphy: I still have my pit crew. Chromites!

An army of Chromites appeared.

T.J. Johnson: Chromites!

Laney Simmons: Lets see how they like this!

Laney fired a blast of powerful lightning and destroyed many of them in an instant!

Nico: AWESOME Laney!

Laney Simmons: Thanks Nico.

?: Let me help you out too.

A figure came out and it was Leonard Stryke A.K.A.. The Eel!

Me: Whoa! Leonard Stryke A.K.A. The Eel!

Yenaldooshi: We forgot to have him come.

Eel: No worries. I can have my test battle with Laney next time.

Laney Simmons: I have you as my archenemy!? AWESOME!

Eel: Yep.

The Chromites knocked down Maggie and Herbie and friends.

Maggie, Herbie, and their friends lay defeated at the hands of the Chromites.

Trip Murphy: (laughs) You may have won the race. But you still lose in the end. And maybe I'll tear your stupid car apart for spare parts!

Lightning McQueen: Guys, I don't mean to bring up bad news. But Maggie and Herbie are down!

Tecna: Everyone in the audience! Especially the racing fans! Lend Herbie and Maggie your strength! They get stronger with your support! When I give the signal, share your energy with Maggie and

Herbie! Okay? Ready… go!

Everyone in the audience began sharing their energy with Maggie and Herbie. And soon, Maggie found the strength to get up.

Maggie Peyton: I read you guys loud and clear! Hear that, Herbie? We can't give up! Not now! Not ever!

Maggie then punched the Chromite she was fighting in the face.

POW!

Nico: Lets get them!

Nico and Rage Shenron: DRAGON THUNDERCLAP!

Nico's 5-Star Dragonball on his bracelet glowed and they fired a massive blast of lightning and it hit a bunch of Chromites and blew them into dust!

Maggie Peyton: Thank you guys for being a great audience.

Herbie: We won't let you all down. You guys are really in for a show now!

Eli: Lets get them!

Nico: C'MON YOU APES! YOU WANT TO LIVE FOREVER!?

We went at the Chromites!

Me and Evil Nuova: NUOVA STAR!

We fired powerful balls of fire and they hit a bunch of Chromites and exploded and incinerated them in a massive pillar of fire.

T.J. Johnson: Lets make this cheater pay.

Tecna: Can I transform with you guys?

TJ Johnson: Sure, Tecna.

Turbo Rangers: SHIFT INTO TURBO!

The Turbo Rangers transformed!

Princess Allura (Legendary Defender): I thought I'd never have to hear that voice ever again. You can come out now, Honerva.

A figure came out, and it was none other than Honerva, who's also known as Hagger, and a witch who served under Zarkon and the Galra Empire.

Princess Allura (Legendary Defender): Hagger, I should've known that you'd show up, as soon as the word of Zarkon's death had hit.

Hagger: And now, I will have my revenge on all of you for what you've done to Lord Zarkon.

Tecna fired a blast of tech magic, which hits Honerva, and left a scar on her face.

Tecna: (British Accent) Princess Allura, what can you tell us about Hagger?

Princess Allura (Legendary Defender): You won't like what I'm going to tell you about her, Tecna.

Princess Allura proceeded to tell us about Honerva A.K.A. Hagger, and we weren't going to like that witch one bit.

---

Honerva

Honerva, formerly Haggar, was a mysterious witch of the Galra Empire serving directly under Zarkon as the high priestess. She led a group of powerful Druids up until her death. Haggar was the creator of the many Robeasts sent to defeat Voltron, and used Shiro as an experiment while he was captive, giving him his prosthetic arm. She was originally an Altean alchemist who ruled as Zarkon's wife on Planet Daibazaal.

Appearance

Honerva has the appearance of a slender, small humanoid woman with dark blue skin, yellow eyes, and long white hair - although she largely conceals herself under a purple and yellow cloak and carries herself in a hunched posture. Underneath her hood, no irises or pupils are visible in Haggar's eyes, and she has long red markings that extend from her prominent cheekbones down across her lips, nearly reaching her chin, on either side of her face. These are likely corrupted Altean markings. Haggar's face is angular and she has a noticeably convex nose. Her hair is kept slicked back and draped over her shoulders, long enough to fall across her chest. Her ears are large and pointed, more so than known Alteans. Her strange appearance is because of her deadly experience with Quintessence and the trans-reality rift.

Aside from her cloak, Haggar wears a black and yellow dress with a high collar, long sleeves, and a frayed skirt; over the dress, she wears purple and yellow robes, split at the back in a winged design.

Prior to her transformation, Honerva had the appearance of a slender Altean woman with light brown skin and pale purple hair. As an Altean, her ears were pointed at the top rather than rounded, and she had small sickle-shaped marks of red situated on her cheekbones, right under each of her gold eyes. The pupils of her eyes had a noticeable lavender color in the center of them. Honerva kept her hair tied back in a bun with her bangs swept to the right of her face, with a cluster of long strands dangling in front of her ears. As time passed and she became affected by Quintessence, Honerva's ears grew more pointed and her red facial markings began changing and elongating. Honerva initially wore a white and blue Altean tunic accented with teal, a gray utility belt with a single pouch, and gray pants and boots. When she became the Galran empress, Honerva wore gray and maroon robes accented with black, yellow, and bright red over gray pants and boots. Within Zarkon's memories, she is seen wearing a purple and white bridal gown accented with yellow and red, as well as a white veil with a yellow and red headband.

## Personality

Haggar has a cold personality with little concern for living creatures and the planets they inhabit. She uses her abilities and technological creations to extract Quintessence from entire planets, turning them into inhospitable wastelands. With her unwavering loyalty to Zarkon and his empire, Haggar shows no doubts over the Empire's destructive reign; the fact that Zarkon trusts her word more than that of his commanders speaks volumes about their similar villainous personalities. She has even been seen watching the violent gladiatorial games at the emperor's side. Haggar has a desire to capture Voltron for Zarkon's plans and is a tactician cautious but firm in dealing with the powerful spacecraft, advising the emperor on the best course of action. She remains wary of the emperor's growing obsession with the Black Lion and how it blinds him to his strained health and anything else happening within the Empire, but willingly follows his orders regardless.

She delights in using the dark and hateful emotions of others to her benefit, convincing Myzax to become a Robeast solely for revenge, and using Shiro's rage and overwhelming fear against him. Her cruelty shows further in her preference for experimenting on biological life forms, turning them cybernetic with enhanced military-based artillery; Haggar has no problem discarding "failed" experiments either, as she attacks Shiro with intent to kill, appearing angered that he could once have been the Empire's "greatest weapon". Her loyalty to Zarkon appears to be something more than seeing him as a tool for her own goals like that of her experiments, as she rescues him from his broken robotic suit when he is defeated by Voltron, and hooks him up to a machine to infuse his body with Quintessence, saving his life. This is the only act of any suggested empathy seen from the witch, and is highlighted by her former status as Zarkon's wife - a past she has long forgotten but has started to recall.

In her former days as Honerva, she was a friendly, charming, and highly inquisitive scientist willing to push any boundaries to discover more about the very fabric of existence, Quintessence, and the Alternate Realities found within rifts created by Trans-Reality Comets. She and Zarkon held a deep love for each other, but her work quickly became a deadly obsession that her husband only encouraged, leading to their downfall. Haggar has appeared shocked by the recollection and seems wary of it, keeping the truth of her past a secret from everyone, until she remembers that Lotor is her son and becomes obsessive about him. Her loyalty to Zarkon is finally broken; she plots against her former husband to ensure his defeat, Lotor's survival, and her son's ascension to the throne using Shiro and Sendak.

---

When Princess Allura was done, we were horrified and enraged at Honerva's crimes.

Nico: She's just as bad as you described her, Princess Allura.

Me: And now, she's been drawn out in search of vengeance.

Tecna: I've had it with this witch to last an eternity.

Suddenly, Tecna's teal-blue eyes turned neon teal-blue, and she was surrounded by a pink energy aura with binary codes, technology, and fairies, she unholstered her massive Destroyer of The Trix sword from her back, and as she approached Honerva, she left pink energy, binary codes, technology, and fairies with every step.

Tecna: Honerva, I will never forgive you for the crimes that you've committed for the Galra Empire. And now, I will make sure that you pay the price for your crimes.

Then, Tecna as surrounded by a massive vortex of pink energy with binary codes, technology, and fairies surrounding it, there was a a phoenix flying around the vortex, and inside the vortex is a green phoenix. Then, as the vortex faded, Tecna emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Tecna grew from 6'0" to 6'5" in height, she still had the body of a goddess, she had pink highlights in the bangs of her magenta hair, she has neon teal-blue eyes and a pink energy aura with binary codes, technology, and fairies surrounding her, she has a fairy with the Tech Kanji in her hands emblazoned on her forehead, she has on fairy earrings with green crystals for the eyes and holding the Tech Kanji in its hands and a necklace with green crystal links from her Crystal Necklace of The Buddha and a phoenix holding the Tech

Kanji in its claws for the pendant, she has on a sleeveless pink blouse with green phoenix on it, pink skirt with technology on them, pink pants, pink high heels, and a pink long sleeveless trenchcoat with green binary codes, technology, and fairies on the coattails and on the back is a phoenix and fairies with binary codes surrounding it. Tecna has transformed into SUPER ANGEL INFINITY WINX FAIRY TECHNOLOGY ANGEL OF MAGICAL JUSTICE AND DIVINE

LOVE!

We were amazed by Tecna's Super Angel Infinity transformation, and when her boyfriend, Timmy, saw it, he had an atomic red blush on his face. But, when Honerva saw it, she fell into a dark rage and tried to kill her, but Tecna fired a powerful blast of magenta energy with binary codes, and it hit Honerva, and sent her flying into a wall.

Nico: (Stunned) Whoa, Tecna's transformed into her new Super Angel Infinity form, awesome.

Bloom: That's incredible. Tecna, how do you feel?

Tecna: (Divine Echoing Cosmic Voice of Zenith Technology and Divine Love) **I feel incredible, Bloom, and now, I'm going to make that witch pay for everything she's done.**

Tecna went at Honerva, who fired dark magic at Tecna, but she dodged them, and she fired powerful blasts of magenta energy, green magic, binary codes, fairies, and phoenixes at Honerva, and they'd exploded with incredible power, as they hit her.

Then, Tecna fired a powerful red energy blast, and as it hits Honerva, she sucked out all of Honerva's powers and abilities, and she and the rest of us made them our own, and we also assimilated them. Then, Tecna slashed off Honerva's arms with her new massive Zenith's Guardian Fairy Sword of Love sword, and she screamed in excruciating pain.

Tecna: **And now, this is the end for you, Honerva. ZENITH TECH JUSTICE MEGABLAST!**

Tecna fired a massive magenta energy blast with binary codes and symbols of Zenith, and as they hit Honerva, it exploded with incredible power, and the resulting explosion killed Honerva, and her spirit was Super Hakaied and banished into Oblivion forever. We cheered wildly for what Tecna did, as she holstered her massive Zenith's Guardian Fairy Sword of Love sword on her back and powered down, and Tecna's new body, clothes, weapons, jewelry, and angel wings are permanent. Bloom, Musa, Stella, and Flora, along with the rest of us, went up to Tecna, and we hugged her, and she hugged us back.

Nico: Tecna, that was so incredible, you did an awesome job getting rid of Honerva.

Tecna: Thanks, Nico.

Lincoln: And there's someone else who wants to give you their thanks, Tecna.

Maggie Peyton and Kevin ran up to Tecna, and they hugged her, and she returned it. Then, Tecna saw her boyfriend, Timmy, walk up to her, and then, he hugged her, and she returned it. But, then, Timmy did another bold tactic, and he kissed her, and she returned it, and we cheered for them.

Maggie Peyton: Tecna did tell us that she and Timmy are dating.

Kevin: Same with us, Maggie.

Then, we saw Kevin kiss Maggie Peyton on the lips, which she returned, and we also cheered for them.

Me: Awesome!

Nico: Yep.

Maggie Peyton: (To the viewers) Hope you all loved this awesome adventure. Now it's gonna be awesome being part of Team Loud Phoenix Storm.

Nico: It sure is. Great job today everyone. Lets go home.

We went back to Gotham Royal York and then went to Lynn's Table and had a great meal. then we went back to the estate and enjoyed the rest of the day and went to sleep. Trip Murphy was found guilty of his crimes and was sentenced to Life in Prison. He was also stripped of his notoriety's and all that and he was banned from racing for life.

THE END

Another awesome fanfic done.

Herbie Fully Loaded was a great and awesome movie! I thought it was awesome. The first part was for the infamous episode of Ed Edd N Eddy called If It Smells Like An Ed and that was a really crazy episode where Jimmy sought revenge. That episode aired on July 5th, 2002 and it was sick how Jimmy can do that. The second part was for the awesome 1959 movie Journey To The Center of The Earth and that was a great movie. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, Etstheclarencefan and ninjakingofhearts gave me the ideas for this and so did the guest reviewer. Thanks guys. Nico's next rescue is gonna be in the really funny Camp Lazlo episode Never Bean On The Map and Nico and Betty Ross are gonna go to Prickly Pines to eat at Beef Lumberjacks and NICO IS GOING TO EAT THE MEAT BOMB! That is gonna be awesome and funny! They will also meet a Prypiatosian-B Gene-Slammer named Sheila Kelsall who is from Australia and she and Nico did all kinds of awesome science projects on the Great Barrier Reef. Also the next rescue for Lincoln is gonna be in the funny Ed Edd N Eddy episode Out With The Old In With The Ed and we're going to make sure that the Ed's get the Same Homeroom and deal with the Kankers too. They are also going to meet an Elemental HERO Nebula Neos Gene-Slammer who is gonna be another of Lincoln's friends. The next chapter is gonna be an awesome rescue in the Moonlands again and we're going to the ice world of Nar. We're going to rescue 3 elemental Angels that were kidnapped by the Turtlebot from the TMNT 2003 series and he is gonna rue the day he messed with us. So bundle up everyone. It's gonna get cold.

See you all tomorrow.

# ICE COLD RESCUE IN NAR

In Prickly Pines, Wisconsin, Nico and Betty Ross were walking through town.

Nico: Thanks for coming with me, Betty.

Betty Ross: No problem Nico. I'm honored to go with you on a rescue.

Nico: We're not only here for a fun rescue but also to get some grub. I'm craving some beef today.

Betty Ross: Me too. And the best place for that is Beef Lumberjacks.

Nico: Yep and boy am I hungry.

They walked to the restaurant.

Nico: Betty, when you Hulk out, do you always have to pay how much your ripped clothes cost?

Betty Ross: Yeah it's a curse I'm afraid.

They went inside Beef Lumberjacks.

Bear Waiter: Welcome to Beef Lumberjacks. Well hello Nico. How have you been?

Nico: Busy and man I am starving. What's the biggest item you have on the menu?

Bear Waiter: That would be the Meat Bomb!

They saw a poster with big slab of steak that had an explosion coming out of it.

Nico: Whoa that looks awesome.

Bear Waiter: Yep. Every year in our California Steak Orchard we water our beef with growth hormones. And every year we pick the biggest steak and call it the meat bomb.

Betty Ross: Whoa so that's where meat comes from.

Nico: Awesome! I'll have a Meat Bomb.

Everyone gasped and cheered as they came to see Nico eat a Meat Bomb.

Nico: Betty, now would be a good time to Hulk out.

Betty: Just a sec. I want to see how big this meat bomb really is.

Bear Waiter: Here you go. One Meat Bomb. (Grabs a huge meat) COMING UP!

It was a heavy meat. He put a huge slab of meat on the table and it was a ginormous steak!

Bear Waiter: Enjoy.

Betty: Wow! That is a huge steak!

Nico: Just wait.

Then the meat grew to as big as a MONSTER TRUCK TIRE!

Betty: HOLY STEAK SAUCE! That must be because of the growth hormones.

Nico: Yeah! Now I can start eating and you can hulk out.

Betty: Okay.

Betty concentrated and her eyes glowed red and her skin turned red and she grew tall and muscular and her clothes ripped and her blond hair turned blood red and she had her sword ready and she turned into RED SHE-HULK!

Betty roared.

Red She-Hulk: That was awesome.

Nico: YEAH! Time to get eating.

Nico got to eating the Meat Bomb.

Nico: You should eat some food too.

Red She-Hulk: I already ordered mine.

She got 20 slabs of steaks.

Nico: Wow you must be really hungry.

Red She-Hulk: Yep.

---

French Narrator: (French Accent) 3 Hours Later.

---

Nico and Betty were full and stuffed! Nico ate that whole ginormous slab of meat!

Nico: Ahh! (MEGA BELCH!) Oops pardon me!

Red She-Hulk: Wow that was great!

Everyone cheered wildly for them!

Nico: Man that was delicious!

Red She-Hulk: I'm stuffed!

Bear Waiter: Man you are a great lover of meat!

Later they paid for their meal and left to walk around.

Nico: The others are gonna be so jealous.

Nico had an amazing t-shirt that had steaks on it and on the front it said Beef Lumberjacks Master of The Meat Bomb and on the back it said True Lover of Meat!

Nico: That was so awesome!

Red She-Hulk: Yeah no kidding!

Suddenly Nico's geiger counter was clicking like mad!

Nico: Uh oh. Radiation.

Red She-Hulk: It's not coming from me unless you count radiation farts.

Nico: I don't think so. I think it's coming from that!

They saw a Prypiatosian-B stopping a bunch of robbers in the town!

Red She-Hulk: A Prypiatosian-B!

Nico: Oh man!

The Prypiatosian-B threw the robbers into the cop car.

Nico: Hey, that was a nice job!

Prypiatosian-B: (Australian Accent) (In a girls voice) Thanks mate. Wait a second. Nico?

Nico: That voice. Sheila? Sheila Kelsall?

Prypiatosian-B: Awesome to see you mate.

Red She-Hulk: You know her Nico?

Nico: I sure do. Sheila is one of my science partners and we specialized in the Great Barrier Reef.

Red She-Hulk: Wow!

Prypiatosian-B: Good times.

Red She Hulk: What's your favourite memory of Nico?

Prypiatosian-B: There's so many of them but my favorite is when me and Nico ate the biggest submarine sandwich.

Nico: I remember that! That was at a sandwich restaurant we went to and we ordered the largest sandwich on the menu called the 10-Layer Carnivore Hero. It was full of all kinds of meats and it had 3 sauces and no vegetables. All meat. We ate that whole sandwich in 1 hour.

Prypiatosian-B: Boy we sure did mate. I was so full I couldn't eat for the rest of the week.

Red She-Hulk: (Laughs) I wouldn't either. Nico just ate the Meat Bomb at Beef Lumberjacks.

Nico patted his belly and it was sloshing.

Prypiatosian-B: Wow! You sure have that same appetite that I know.

Nico: Time for you girls to revert back.

Red She-Hulk: I'm wearing a black leotard so I'll be fine.

Nico: Good.

Nico put on his blind man glasses and snapped his fingers and Sheila was reverting back and she had long Neon Red hair and neon red eyes and she was in her birthday suit and the radiation was gone and Nico gave her an awesome new red, orange and yellow outfit. She put it on and it was amazing.

Sheila Kelsall: These clothes are amazing Nico.

Nico: Yep.

Betty reverted back and she got her skin, blond hair and eyes reverted back.

Betty: You look awesome Sheila.

Sheila Kelsall: Thanks Sheila. These clothes are amazing.

Nico and Sheila then hugged.

Nico: I missed you Marine Partner.

Sheila Kelsall: Same with me mate.

Nico rubbed Betty's back.

Betty: Ahh. Thanks Nico.

Sheila Kelsall: Nico always did give amazing massages.

Betty: He sure does. Sheila you're from Australia right? How did you and Nico meet?

Sheila Kelsall: Well I moved to America to get a new change of scenery.

Nico: We met in Science class and Sheila has always had a dream of becoming a Marine Biologist.

Sheila Kelsall: Its true and my favorite place to learn all about fish when I was growing up was the Great Barrier Reef.

Betty: The largest Coral Reef in the world and home to many species of beautiful and colorful fish.

Nico: Yep.

Sheila Kelsall: Awesome.

Nico: I wonder where that armored suit of yours came from when you first transformed.

Sheila Kelsall: The Team Rocket Scientists that slammed me stuffed me into it when I was slammed and about to change. They had radiation suits on when they did so.

Nico: That makes sense and Prypiatosian-B's are made of pure Gamma Radiation.

Sheila Kelsall: It's good they put me in that suit.

Betty: It sure is. Prypiatosian-B's emit as much gamma radiation as Chernobyl and Fukushima put together.

Sheila Kelsall: Wow that is amazing.

Nico: It sure is. And they come from the Andromeda Galaxy. Laney Simmons is an Amperi Gene-Slammer.

Sheila Kelsall: Laney is a Gene-Slammer too?

Nico: Yep. And she is a gene-slammer for a Lightning Jellyfish alien race from the planet Tesslos in the Andromeda Galaxy. Prypiatosian-B's come from the atomic radiation poisoned planet Prypiatos.

Sheila Kelsall: Wow that's amazing! So that makes me and Laney as 2 gene-slammers with Aliens from the Andromeda Galaxy.

Nico: It sure does.

They later went back home. They told us everything and we were amazed.

After Nico's rescue, Lincoln, Me, Nico, Eli, Nicole, Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, Lily, Lincoln's harem, TLPS Mr. Wolf, TLPS Mr. Piranha, TLPS Mr. Snake, TLPS Mr. Shark, TLPS Ms. Tarantula, The Z-Fighters and the Saiyans, Linka, Varie Knudson, the Cul-De-Sac Kids, and She-Hulk were heading to the Simulator, and for this one, we're heading to Peach Creek Junior, and not only is Lincoln going to rescue the sixteen girls there, but we're also going to make sure that the Eds get the same homeroom, and we're also going to deal with the Kankers too.

And there's also a reason why Lincoln also asked the Z-Fighters, the Saiyans, and Varie to join: this morning, we got word from King Kai that Babidi has returned from the dead seeking revenge on Varie for killing him long ago in the Simulator. The Simulator activated, and we were in Peach Creek Junior.

Lincoln: Wow, we're here in Peach Creek Junior, and I think I know what we're going to do here, not only am I going to rescue the sixteen girls there, but we're also going to make sure that the Eds get the same homeroom, and we're also going to deal with the Kankers too.

Nico: That's right, big guy.

Double D: This is one memory that I also regretted: we made a deal with the Kankers to be put in the same homeroom, only to fall for a trap set up by them.

Eddy: They're going to regret this big time.

Ed: We'll smash the Kankers to dust for this.

Marie Kanker Loud: Ugh, and looking back now, I can't believe that I did this.

Goku: But, this wasn't your fault, Marie, it was your former sisters that did this. We'll make sure that they get sent to prison for what they've done. But, we also have to be careful on this one.

TLPS Mr. Wolf: That's right, Master Goku: remember what we were just told this morning after Nico came back from Beef Lumberjacks.

Lincoln: I didn't forget. I can't believe that Babidi has returned from the dead, even after Varie got rid of him in the Simulator years ago. When we heard it, we were really shocked, but you and Master Goku are right, TLPS Mr. Wolf, we need to be careful on this one, that's why I called Varie, The Z-Fighters, and the Saiyans in for some extra help. (To She-Hulk) And Jen, thanks for joining me on today's rescue.

She-Hulk: You're welcome, Lincoln. Plus, I can't wait to see how we intend to deal with the Kankers in this rescue today.

Me: Same here, Jen, but first, we get the Eds the same homeroom. Then, we deal with the Kankers, and we also got word that another Gene-Slammer who's another of Lincoln's friends from the past is here, and if I'm not mistaken, it might be the Elemental HERO Nebula Neos Gene-Slammer, this is going to be good.

We then met with the Eds' Simulator counterparts, and we went into the office, and we filed a request to put the Eds in the same homeroom, and it worked: the Eds were given the same homeroom, and it also meant that The Kanker Sisters were going to be separated, but we then told the principal there of the Kankers' destructive antics, and he decided to have them expelled, and he wants us to be the ones to arrest them and put them in prison, and we agreed to do so.

?: HELP!

Suddenly, Lincoln heard the sound of sixteen girls calling out for help, along with hearing the familiar sound of three girls cackling. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard where the call for help was coming from. He saw the sixteen girls, but they've been cornered by The Kanker Sisters, and they're going to kill them. He also saw that they had The Mark of The Majin right on their foreheads, which told him they've fallen under Babidi's spell.

Lincoln: Guys, I found the sixteen girls, but they've been cornered by The Kanker Sisters, and they're going to kill them, and I saw something else: The Kanker Sisters have The Mark of The Majin right on their foreheads.

We gasped in shock.

Me: That means, they've fallen under Babidi's spell.

Lincoln: Let's put a stop to them.

We rushed on over, and Lincoln fired three powerful rainbow energy chains, which tied up the Kankers and threw them outside. When we saw them, we then saw they did have The Mark of The Majin on their foreheads, and they were cackling evilly as always.

Eddy: Lincoln's right, The Kankers have fallen under Babidi's spell. That pipsqueak's crossed the line putting them under his spell, we need to stop them now.

Gohan: That's exactly what we're going to do, Eddy.

Lincoln: That's right, Gohan. Let's get them!

Lincoln unholstered his improved massive Sword of Universal Hope and Elemental Bravery from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity

Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, The TLPS Bad Guys Gang transformed into their Super Angel Infinity forms, The Eds transformed into their Super Angel 750,000,000,000 forms and unholstered their massive swords from their backs, The Z-Fighters and Saiyans unholstered their massive swords from their backs and transformed, Lincoln's sisters also transformed into their Super Angel Infinity forms and unholster their massive swords from their backs, Lincoln's harem unholster their massive swords from their backs, and Me, Eli, Nicole, Varie, and Nico also transformed and we unholstered our massive swords from our backs, and we attacked the Kankers by firing very powerful blasts of rainbow energy, rainbow flames, elemental forces, and mythological animals at them, and they exploded with incredible power as they hit the Kankers. Then, we saw the Elemental HERO Nebula Neos appear, and it fired powerful blasts of purple energy, and knocked them into a wall.

Elemental HERO Nebula Neos: (In a girl's voice) Take that, you heartless harpies!

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) Wait, that voice. Amelia Emerson, is that you?

Elemental HERO Nebula Neos: That's right, Lincoln, and it's been a long time. We'll have to catch up a little later.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) Yeah, we got to take care of The Kanker Sisters.

Then, Lincoln chained them with Neutronium Chains and rainbow energy chains, so they can't escape, and he found a spell in his Spellbook of The Gods and The Universe, which'll remove Babidi's spell from them. Lincoln made a magic circle which surrounded The Kanker Sisters, and he chanted the powerful incantation in the book, and he fired a powerful blast of rainbow energy from his massive Sword of Universal Hope and Elemental Bravery, and it hits the Kankers and removed Babidi's spell, and The Mark of The Majin was removed from their foreheads. Then, Lincoln had them sent to prison for their crimes, and we holster our massive swords on our backs and power down.

Goku: You did an excellent job in removing Babidi's influence from the Kankers, Lincoln.

Lincoln: Thanks, Master Goku, and I also sent The Kanker Sisters straight to prison for good.

Nico: Good riddance, and we also got the Eds into the same homeroom, as well, and that was another part of the mission.

Amelia Emerson: And I got to admit, that was a lot of fun.

Lincoln: The rescues are always fun. Now, let's get you back to normal, boys, cover your eyes. Hold still, Amelia, this is going to hurt.

Lincoln, Me, Nico, Eli, and the rest of the boys covered our eyes as Lincoln snapped his fingers, and Amelia was reverting back to normal. Amelia Emerson is a beautiful 17-year-old girl with long purple hair, purple eyes, fair skin, she was 6'0" in height, and she had the body of a goddess. She also now has massive purple angel wings with stars and light purple tips on the large purple feathers on her back, as she reigns in the power of Elemental HERO Nebula Neos, and she was in her birthday suit.

Lincoln: How do you feel, Amelia?

Amelia Emerson: Good. (Realizes she's in her birthday suit) But, I'm also in my birthday suit.

Lincoln gave Amelia a new wardrobe, a purple sleeveless shirt with stars on it and a purple phoenix, a purple skirt with the Elemental HERO Nebula Neos and stars and nebulae on it, purple leather ankle-high combat boots, and a long purple sleeveless trenchcoat with the Elemental HERO Nebula Neos on the back and stars and nebulae on the coattails, and on her back is a large Elemental HERO Nebula Neos-themed sword with a 6'5" massive, wide, double-edged, man-sized purple blade with stars and nebulae on it and the Elemental HERO Nebula Neos etched on it, large purple angel wings for the crossguard, large purple gem for the hilt, longer black handle, and large purple faceted sphere pommel with surrounding purple gems.

Amelia Emerson: Wow, I love the new outfit and large sword you made for me, Lincoln.

Suddenly, a Thunderbird Necklace of Eternal Love appeared on Amelia Emerson's neck with purple gems and crystals from her new Crystal Necklace of the Buddha on the gold lightning bolts.

Amelia Emerson: Whoa, is this…?

Lincoln: Yep, that's a Thunderbird Necklace of Eternal Love, which means you're now part of my harem and you're one of my many future wives, Amelia.

Amelia Emerson had a smile on her face and tears in her eyes, as Lincoln wrapped his abnormally massive and powerful muscular arms around her waist and he leaned down and he kissed her on the lips, and she returned it, and we cheered for them. Then, we went up to the sixteen girls, and when Lincoln saw them, he immediately recognized them. The sixteen girls are Hua from Shaolin Wuzang, Regina "Reggie" Abbott from Twelve Forever, Isabella and Garcia from Seis Manos, Izumi Asagi, Saori Rokugou, Kaoruko Nijouin, Ayaka Sakaki, Chimari Maiko, Michi Edogawabashi, Irina Leskova, Rei Kurushima, Komachi Satonaka, Minami Senju, Nao Mejiro, and Yuina Machiya from Pastel Memories.

Lincoln: Oh wow, it's Hua, Regina "Reggie" Abbott, Isabella, Garcia, Izumi Asagi, Saori Rokugou, Kaoruko Nijouin, Ayaka Sakaki, Chimari Maiko, Michi Edogawabashi, Irina Leskova, Rei Kurushima, Komachi Satonaka, Minami Senju, Nao Mejiro, and Yuina Machiya.

Helena McTroy: From Shaolin Wuzang, Twelve Forever, Seis Manos, and Pastel Memories, awesome.

Lincoln: Are you girls okay?

Isabella: (Spanish Accent) Si, we're okay, thanks to you.

Then, when Isabella and the other fifteen girls saw who it was that saved them from The Kanker Sisters who fell under Babidi's influence, their faces turned atomic red upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, a golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top was the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, and Buffalo, and below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and The Thirteen Elemental Forces, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", and he had deep sapphire blue eyes.

He had his massive Sword of Universal Hope and Elemental Bravery holstered on his wider and muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces constellation and Aquarius Zodiac sign on the back of his neck, large weighted orange bands on his massive biceps and thighs with silver phoenixes on them, his large Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them with rainbow tips on the large deep sapphire blue feathers, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with elemental forces, Thunderbirds, Phoenixes, and Buffalo on them and with hanging mini silver lightning bolts held up by his Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of large blue pants with multicolored lightning bolts on the thighs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Buffalo head stud earrings with the Thunderbird and Eternity Kanji on it, a large Thunderbird Necklace of Eternal Love with colored gems on the gold lightning bolts and a Buffalo head with the Thunderbird and Eternity Kanji on his neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, he had eight large orange orbs orbiting around his legs, and circling around his feet on the floor are eight golden crosses with angelic runes.

Hua: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made fifteen clones of himself, and he and the fifteen clones went up to the girls, and they picked them up and hugged them in their abnormally massive and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Hua: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, sixteen Thunderbird Necklaces of Eternal Love appeared right around the necks of Hua, Regina "Reggie" Abbott, Isabella, Garcia, Izumi Asagi, Saori Rokugou, Kaoruko Nijouin, Ayaka Sakaki, Chimari Maiko, Michi Edogawabashi, Irina Leskova, Rei Kurushima, Komachi Satonaka, Minami Senju, Nao Mejiro, and Yuina Machiya with colored gems and crystals on the gold lightning bolts. We exited the Simulator, and we told everyone what happened: the Eds got the same homeroom, and we also dealt with The Kanker Sisters, as well. But, they were shocked when Lincoln told everyone that The

Kanker Sisters had The Mark of The Majin on their foreheads, meaning they fell under Babidi's spell.

But, when Lincoln showed and told everyone what he did to The Kanker Sisters and removed Babidi's influence from them, they cheered wildly for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem went up to Lincoln, and they kissed him all over. Lincoln and Amelia Emerson now have a lot of catching up to do, now that she's back. The Kanker Sisters were then sent to prison for the rest of their lives, still bound in rainbow energy straitjackets and rainbow energy chains and Neutronium Chains, and they were put in separate cells in Solitary Confinement, and chained to the walls of their cells. But, we also know Babidi's not done yet, but we'll get rid of him very soon.

---

After getting the Eds into the same homeroom in the Simulator and dealing with The Kanker Sisters and removing Babidi's spell from them and sending them to prison, we were training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Amelia Emerson saw Lincoln working out like crazy, she had an atomic red blush on her face.

Amelia Emerson: Whoa, Lincoln has really grown to be a 16-year-old 7'0" tall, really big, and really strong young man, just look at those abnormally massive and powerful muscles hard at work, and to work out with those 9,500-lb barbells and not even get tired, incredible.

Lincoln: And I've also trained a lot under some very powerful teachers, J.D. and Nico included, Amelia, and now, I can also fight and defend myself.

Amelia Emerson: That's awesome.

Nico: It sure is, Amelia. So, what memories did you and Lincoln

have?

Amelia Emerson: Oh, I'd remembered that one time, I went over to Lincoln's house to help him out with an astrology assignment, we had to make a map of all the constellations that appear in the skies during the specific times, and we had a lot of fun. But, then, Lola came over and ordered Lincoln to be her butler in her tea party. But, Lincoln told her "no" and that he was busy with his assignment for school. Lola got so mad, she wanted to tear Lincoln's astrology assignment to shreds and see him fail, but I marched up to the spoiled little brat, and grabbed her arm, and applied enough pressure to keep her from trying to bite me, and we marched over to Mr. and Mrs. Loud, and I told them of what Lola tried to do, and they were so mad at her, they grounded her for two weeks with no tea parties, no sweets, and no beauty pageants.

Nico: (Winces) Ouch, that's got to hurt.

Lincoln: Yeah, Lola's eye was twitching like crazy, and she was so mad at Amelia, she swore that she would make Amelia pay for this, and mind you, this was when Lola still had her dark side inside her.

Luna: Yeah, bro, and we all know what happens when you make Lola mad?

Amelia Emerson: Yeah, but I wasn't scared of her, nor was I scared of Lynn or Lori. I wasn't going to let The Trinity of Violence get away with doing harm to Lincoln for their own amusement.

Nico: I like that bravery, Amelia. In fact, so many of Lincoln's Guardian Angels displayed that same bravery and strength when it came to dealing with Lori, Lynn, and Lola, who still had their dark sides inside them.

Sophia Presley: It's true, we've roughed up Lori, Lynn, and Lola badly whenever they acted like that, and we were known by our reputation of keeping The Trinity of Violence in their place whenever they wanted to bully Lincoln.

Nico: (Laughs) Nice. So, Lincoln, what can you tell us about Amelia Emerson?

Lincoln: Amelia Emerson's known as a smart girl, and she has a love for astrology, especially the constellations that appear in the sky. In fact, she was the only one who saw that I had an Aquarius Zodiac Sign inside the Pisces the Fish constellation birthmark on the side of my neck, and she was stunned with awe.

Amelia Emerson: It's true, the Aquarius Zodiac Sign inside the Pisces the Fish constellation birthmark on the side of Lincoln's neck really intrigued me. I also have a Pisces the Fish constellation birthmark on the back of my neck.

We then saw the Pisces the Fish constellation birthmark on the back of Amelia's neck, and it was so awesome.

Me: Wow, that's awesome, Amelia. Take a look at the back of my neck.

I showed her my Firebird the Phoenix constellation birthmark on the back of my neck, and she was stunned.

Amelia Emerson: Wow, that's the Firebird the Phoenix constellation, awesome.

Lincoln: And this morning, I also saw that I had the Cygnus the Swan constellation on the back of my right hand. I was born under the Pisces the Fish constellation and I also represent Cygnus the Swan.

Nico: Whoa.

We got a shower afterwards, and after that, Lincoln and his harem were getting ready for their date, this time, it's at Deep Keep in the world of Donkey Kong.

Lincoln then snapped his fingers, and the 16-year-old 7'0", white-haired, handsome, and extremely muscular teen was dressed in large orange swim trunks with a phoenix, thunderbird, buffalo, and elemental forces on it, along with his large weighted orange bands with silver phoenixes on his massive biceps and thighs, his jewelry, large orange sandals, and eight large orange orbs orbiting around his legs, and he also had his weapons holstered, in case of trouble.

And his harem were dressed in two-piece bikinis in their favorite colors, sandals, along with their jewelry, and they also had their weapons holstered in case of trouble.

Lincoln: Well, ladies, shall we?

Sam Simpson: Of course, Lincoln.

Lincoln and the girls left the Estate, and they head for their destination, Deep Keep, in the world of Donkey Kong. When they arrived at Deep Keep, it was completely underwater, and the currents are generated by Giant Underwater Fans, which are a part of the underwater ruins that make up the background of much of the level. When these currents are operating, the ruins emit a green stream of light.

Lily the Mermaid: Wow, what is this place, Linky?

Lincoln: This, Lily, is Deep Keep, in the world of Donkey Kong. Donkey Kong and his family told me about this place, and it's the perfect place for our date. Then, after we come back, I'm going to have a few choice words with Sarah's serial killer dad, Gabriel Tinsley.

Lincoln and the girls dived right into the water, and they saw the underwater ruins there, along with the underwater fans, and Lincoln took a picture of them. Then, they had some lunch as they got up to the surface, and they also had fun diving and snorkeling. Then, as soon as the sun was about to set, Lincoln made clones of himself, and he and the clones went up to the girls, and they picked them all up in their abnormally massive and powerful muscular arms, and just as the sun turns orange, they passionately kissed and hugged. Then, they returned home to the Estate, and they returned to their original clothes.

Nico: Hey, Lincoln, how was your date?

Lincoln: It was awesome, Nico. We went to Deep Keep in the world of Donkey Kong.

Nicole: Awesome, did you guys get the pictures of the underwater ruins and the giant underwater fans that make the currents there?

Lincoln showed Nicole the pictures of the underwater ruins and giant underwater fans there, and we were amazed.

Lily Loud: Whoa.

Lincoln: You got that right, Lily. And now, it's time to get ready, we're heading to the Lansing Triple-Max Security Prison in Lansing, Michigan, and I'm going to tell Gabriel Tinsley off for what he did to Sarah.

Nico: I've already made the call to all of the Masters of Evil, and they're waiting for us at Lansing, Michigan, Lincoln. This should be good.

We then left the Estate, and we headed for Lansing, Michigan, for Lincoln to tell off Gabriel Tinsley, the convicted serial killer and Sarah's dad who made her life a living nightmare and ruined her life and reputation with his crimes.

We arrived at the Lansing Triple-Max Security Prison in Lansing, Michigan, and waiting for us were Vypra and the rest of the Masters of Evil, and they're getting front-row seats to seeing Lincoln tell off Gabriel Tinsley.

Nico: We're here, everyone.

Vypra: Perfect, and we're ready to see Lincoln tell Gabriel Tinsley off. This is going to be good.

We headed inside, and the warden took us straight to the prison cell of Gabriel Tinsley, who's been in here since he was convicted for the murders of the women he killed and he was sentenced to Life in Prison without Parole. Gabriel Tinsley was a 45-year-old man with black hair, black soulless eyes, black stubble on his face, pale skin, and dressed in an orange Lansing Triple-Max Security Prison issue jumpsuit, and he was sitting there. The warden also knew that Sarah Tinsley had her life ruined by her dad, and he was one of those who had pity for her, just like Lincoln, his family, and friends.

Nico: So, that's Gabriel Tinsley.

Lincoln: Yep, he may look like an average person, but you can't forget that he's the serial killer who'd killed so many women and forced Sarah to help him in covering up his crimes.

Warden: That's right, Lincoln, you guys all wait here. (To Gabriel Tinsley) Get up, Tinsley, you have a couple of visitors.

Gabriel Tinsley got up, and we saw in his black eyes no sign of remorse, just cold, black darkness in them, the eyes of a serial killer.

Gabriel Tinsley: So, I'm not only greeted by my own daughter, who haven't seen in years, but I'm also greeted by the famous Team Loud Phoenix Storm, along with The Louds.

Lincoln: Cut the pleasantries, Gabriel, those won't work on any of us, especially since we knew of what kind of person you really are.

Gabriel Tinsley felt as though Lincoln just cut right through his facade, but we already knew of what kind of person Gabriel Tinsley was: a cold, remorseless, psychopathic serial killer, and an emotionally abusive drunk man, and Gabriel's true nature finally came out.

Gabriel Tinsley: So, to what do I owe the unpleasant visit?

Lincoln: As if you don't already know. Yesterday, we found your daughter who got Gene-Slammed by the Team Rocket scientists, and as you can see, she's now part of my harem and one of my future wives. But, she also told everyone on the team, especially The Masters of Evil, of her past, and what you've done, Gabriel, and I've got a few choice words to say to you on just what kind of person that you really are. You are a pathetic, selfish, evil, psychotic, manipulative, inconsiderate excuse for a human being, who doesn't give a damn about anyone except for yourself. You may not have abused your daughter physically, but you abused her mentally and emotionally, and worst of all, you used her to get rid of the bodies of those you killed.

That was more than enough to get Gabriel Tinsley really mad.

Gabriel Tinsley: What would any of you even fucking know?! All I wanted was a relationship with my daughter, and I…

POW!

Lincoln punched Gabriel Tinsley in the face, and sent him flying into a wall, and Lincoln grabbed him by the shirt and hoisted him up, so he was looking at the 7'0" tall and extremely muscular 16-year-old white-haired teen.

Lincoln: That's a load of crap and you know it, you bastard. You didn't love your daughter at all, you tried to drown her in Lake Huron when she tried to get the life raft, and you kept pushing it out of her way, and you enjoyed seeing her suffer, and I can't forget finding out that you forced her to bury the bodies of the women that you had murdered. In fact, it's because of you that you destroyed your own daughter's life and you destroyed her reputation at school, as everyone there ostracized her because of your crimes. She was forced to carry that guilt with her, and she believed that it was all her fault, but it wasn't: it was all you, the blood of all those dead women are on your hands, not Sarah's.

Then, Lincoln dropped Gabriel Tinsley to the floor, and he landed on his butt, and he was pissed off.

Lincoln: You never could accept any responsibility for the crimes you committed, Gabriel. You should consider yourself lucky that Michigan abolished the death penalty back in 1846, because if this was a death penalty case, you'd either be sent to the gas chamber or you'd be getting the needle.

Sarah Tinsley was stunned with awe at what Lincoln just did, and she already knew of what kind of man Lincoln is, and has grown into: a strong, kind, tough, friendly, smart, and amazing person, and he was able to put her serial killer father in his place, and she went up to Lincoln, and stood with him by his side.

Sarah Tinsley: And I agree with my future husband, Dad. And I'm also here to say this: I will never forgive you for what you did, you destroyed my life and my reputation in school because of your evil crimes. I don't see you as my father, you are nothing more than an animal who kills anyone who gets in your way, and you forced me to help you bury the bodies of the women you murdered, and I still remember those words you told me: that if you were a serial killer, would I leave you? And now, I've made my choice: I'm throwing off the shackles of my past, and I will live. It's because of the support that I've had with the Louds and their friends, that I haven't considered committing suicide, and I'll be married to Lincoln in the future, while you will die in prison all alone and guess what, you can't control me anymore, you fucking psychopath!

Nico: Aw, yeah, you tell him, Sarah!

Lincoln: (Smiles) That's one of my future wives!

We cheered for her, and to Gabriel Tinsley, it was the straw that broke the camel's back, as we saw his black soulless eyes turn red with hatred, rage, and evil.

Gabriel Tinsley: You fucking bitch, I should've killed you years ago at Lake Huron! I will break out of this fucking prison, and I will fucking kill you all!

Lincoln punched Gabriel Tinsley in the stomach, and he belched out a massive amount of blood, and he glared with even more hatred.

Lincoln: You attempt to break out, Gabriel, I'll be the one to hunt you down, and I'll see to it that you never get out again, I'm going to be your worst fucking nightmare haunting you for the rest of your miserable life in prison.

We all cheered wildly for Lincoln and Sarah Tinsley.

Lincoln: (To everyone) Alright, everyone, let's go.

We left the Lansing Triple-Max Security Prison, leaving Gabriel Tinsley back in prison, but unknown to us, The Mark of The Majin appeared on his forehead, and that meant, Babidi found another person for him to use to get revenge on Varie.

Later it was time for Kendra's Ambassador Mission and she is also taking the Demon Sorcerer of Fire, Shendu with her. Shendu

appeared.

Shendu: Can I come with you this time, Kendra?

Kendra: I planned to have you go with me anyway Shendu. You are going to love Charlie Brown and all his friends. They are amazing to get along with.

Nico: Boy they sure are.

Me: But still Nico I'm amazed you managed to eat that awesome giant steak. You are one true lover of meat.

Nicole: You sure are Nico.

Eli: That is our awesome leader.

Shendu: Wow that steak must've been huge.

Nico: It was as big as a monster truck tire!

Lazlo: We saw Scoutmaster Lumpus eat the Meat Bomb and thanks to him we got Camp Kidney put on the Beef Lumberjacks Activity Placemat maps of Leaky Lake.

Nico: Wow that is cool.

Eli: Yep.

Kendra and Shendu were off.

They arrived later on.

Charlie Brown: Hey Kendra!

Kendra: Hey guys.

Sally Brown: Wow who is he?

Kendra: Guys, meet my archenemy.

Shendu: It's a pleasure to meet you all. I'm Shendu the Demon Sorcerer of Fire.

Kendra: Shendu is an amazing warrior. He has lived for over 900 years and has done a lot of amazing things throughout those years.

Peppermint Patty: Wow!

Charlie Brown: (to Shendu) You might look mean. But you actually are a nice guy.

Shendu: Thanks Charlie. But I didn't start out nice. I was a nasty mean demon.

Kendra: But as time passed on many of our adventures, J.D. got him to become a great frenemy.

Sally Brown: That is amazing.

Kendra: It sure is. We do all sorts of amazing adventures and more.

Linus: What do you want to do with us this time?

Kendra: How about we play at the playground?

Charlie Brown: Great idea!

Lucy Van Pelt: Awesome!

They went there and got to playing. But then Lucy saw something strange.

Lucy Van Pelt: Guys, don't be alarmed. But there's a tank nearby.

Kendra: Strange. I wonder who that is.

Shendu: Shall we go over and see?

Kendra: I'll call Nico just in case.

Kendra did so and Nico came.

Nico: Wait a second. That's the Live Action version of Brawl!

They went over and he transformed!

Live Action Brawl: You know, I'm been dying to blow something up since I got here. And you guys just signed up!

Shendu: Not if I can help it!

Live Action Brawl: (smirks) Oh, you want to be blown up first, dragon boy? Fine then!

Live Action Brawl fired several missiles at Shendu but he used his fire to destroy each one.

Live Action Brawl: You'd give Ironhide a run for his money!

Shendu: I always do!

Nico: Brawl stand down!

Nico showed his Decepticon Leadership Medal to him.

Live Action Brawl: Wha!? A Decepticon Leadership Medal!?

Nico: That's right. I'm Nicolas Chan, Leader of Team Loud Phoenix Storm and Leader of The Decepticons.

Live Action Brawl: You're the Decepticon Leader now?

Shendu: Well, Dark Spicer's also the Decepticon Leader of the ones in the Masters of Evil.

Live Action Brawl: You know what? I've got no problem with that. As long as I can blow people up.

Nico: You can blow up bad people. Also the war with the Autobots and Decepticons is over in this universe. Also lots of terrible things have been happening in the universe you came from and it's not pretty.

Nico told him everything.

Live Action Brawl was shocked.

Live Action Brawl: Are you kidding me?! After all the Autobots did protecting their world from Decepticons like me, they get hunted like animals?

Nico: Yeah. Blame Sentinel Prime for that. He ruined the entire alliance with the Autobots and humans in your universe.

Live Action Brawl: Man that's horrible.

Kendra: It sure is.

Charlie Brown: Kendra, now that Brawl's all caught up, can you tell us what your reversion to human form feels like?

Kendra: Same thing like what happens when I turn into Armorsight.

Nico: It's true. It was painful at first but she got used to it.

Shendu: Yes that's right.

Later they came back and told us all about it. We were amazed!

May: Who should go with you next time?

Kendra: How about Eli and J.D. next time?

Nico: Good idea. It'll be awesome for them to meet Charlie and everyone.

Eli: I can't wait to see them.

Kendra: You'll love Charlie and his friends. They are awesome.

---

In Midland, Illinois we were at the house of The Baker Family and we got word that this family was a HUGE one. When we got there we saw Football Coach Tom Baker.

Nico: Wow nice place.

Android 21: Hi! You must be the Bakers.

Tom Baker: We sure are and it's awesome to meet you all Team Loud Phoenix Storm.

Kate Baker: It's an honor to have you all here.

Then their 12 KIDS CAME! They had 7 Sons and 5 Daughters: Nora, Charlie, Lorraine, Henry, Sarah, Jake, Mark, Jessica, Kim, Mike, Kyle, and Nigel!

Me: WHOA!

Nico: HOLY COW!

Tom Baker: These are our kids. Nora, Charlie, Lorraine, Henry, Sarah, Jake, Mark, Jessica, Kim, Mike, Kyle, and Nigel!

Eli: Holy mackerel!

Maria: You guys are a HUGE family!

Lincoln: Wow! And I thought my family was huge too!

Tom Baker: You have a huge family yourself Lincoln?

Lincoln: Yeah we sure do. I have 15 siblings!

Tom Baker: Wow! That is more than us!

Kate Baker: Wow no kidding!

Me: (Whispers to Nico) Must be another family that never has heard about condoms.

Nico snickered.

Tom Baker: Just because we're a huge family doesn't mean we're a perfect one. We've gotten into a lot of arguments.

Nokama: All families are like that, Tom. Yours isn't the only one.

Me: Yeah take it from me. When I first met the Loud Family when I moved to Michigan in 2016, they were personified in one word: Chaos.

Lincoln: That's how I described it too.

Me: Yep. But as time went on when I was getting the team all together I made the Loud Family a better family that was less chaotic so to speak.

Nico: It's true.

Megan: My family's just as huge as yours.

Cornelia: It's true. Megan's family has over 15 People.

Nora Baker: Wow!

Sarah Baker: I can tell. Both of our families probably have a lot of common.

Lincoln: All three of our families all do.

Megan: Except you guys haven't dealt with that many bad guys like I have.

Nico: That's true.

Me: And they were the same guys. The Wet Bandits. They face them 3 times.

Charlie Baker: Wow! That is amazing.

Me: They were in 2 different states. The 1st and 3rd times were here in Illinois and the 2nd time was in New York City.

Cornelia: Yep.

Jake Baker: Wow!

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Just then, we heard an explosion.

Nico: Uh oh!

Sarah Baker: Like what just caused that explosion?

Megan: Yep. Exactly.

Nico: Lets go check it out.

We went outside and we saw The Live Action version of Bonecrusher!

Nico: Whoa it's the Live Action Bonecrusher!

Live Action Bonecrusher (smirks): Hello, Optimus.

Optimus: You must be another Live Action Decepticon.

Live Action Bonecrusher: Cut the bullshit, Prime. What did you do with the cube?

Optimus: What cube?

Live Action Bonecrusher: The All Spark. The life force from where all Cybertronians originate. It's gone!

Optimus: Look, there's more than one All Spark. But if you show me where it is, I can help you find it.

Live Action Bonecrusher: (chuckles) Oh, you want to play games? (uses his mine scoop to throw Tina Shenk's car at Optimus) Catch!

Optimus dodged the car but that left him open for Bonecrusher to grab him by the throat.

Live Action Bonecrusher: You think your new look's gonna save you?! (throws Optimus to the ground and starts punching him) I should've just gone after that kid you like instead of you back on that highway!

Bonecrusher was about to throw another punch but Optimus grabbed his fist.

Optimus: (thinking Bonecrusher was talking about Coby) What did you just say?!

UH OH! HE STRUCK A NERVE! OR WIRE IN THIS CASE.

Live Action Bonecrusher: (laughs) Now, it just got interesting.

Mark Baker: (sees Optimus and Bonecrusher fighting) Shouldn't we help Optimus?

Snapdragon: No. This is his fight. Besides, it could be a good opportunity to find out what Live Action Bonecrusher can do.

Nico: That's 2 Live Action transformers we found in 1 day.

Live Action Brawl: It sure is good to see Bonecrusher here.

Beast Wars Bonecrusher: That is so awesome. Now we have 3 versions of Bonecrusher here.

Nora Baker: That is so awesome.

Bonecrusher knocked down Optimus.

Live Action Bonecrusher just defeated Optimus.

Live Action Bonecrusher: (to Optimus) I admit. You put up a good fight, Prime. (points cannon at him) But now, it's time to end this!

William: Okay. NOW we help Optimus!

Nico: Lets go!

We went over and Nico went up to him.

Nico: STAND DOWN BONECRUSHER! THAT'S AN ORDER!

Live Action Bonecrusher: You are in no position to give me orders kid!

Nico: Oh actually I really AM!

Nico showed his Decepticon Leadership Medal!

Live Action Bonecrusher: A Decepticon Leadership Medal!? How did you get that!?

Nico: I am now the new leader of the Decepticons and you are actually in our universe. I am Nicolas Chan, Leader of Team Loud Phoenix Storm and Leader of the Decepticons.

Live Action Brawl: He's right Bonecrusher.

He saw Brawl, Scorponok, Jazz, Blackout and Ironhide.

Live Action Bonecrusher: Brawl, Scorponok, Jazz, Blackout, Ironhide! You're all here!

Live Action Ironhide: Yeah strange story.

Nico: (to Live Action Bonecrusher) Also, I am a HUGE fan of yours. Can I have your autograph?

Inferno: I didn't know that.

Poromon: It's true. Nico told me and Poliwag himself one day after watching the first Transformers movie.

Me: That is awesome.

Live Action Bonecrusher: I'm glad I have a huge fan.

Nico got a stamp with Bonecrusher on it.

Nico: Thanks. But also a lot has happened ever since you died.

Nico told him everything about what happened in our universe and his because of us ending the war on Cybertron, Sentinel Prime's betrayal, the Humans rebelling against the Autobots, Cemetery Wing killing the Transformers and more and it was horrible.

Live Action Bonecrusher: Wow! That's horrible.

Tina Shenk then came.

Tina Shenk: (to Live Action Bonecrusher) YOU! YOU DESTROYED MY CAR!

Live Action Bonecrusher: (annoyed) Well, sorry. But I don't have any human money with me.

Tina Shenk: (to Kate Baker) Then I guess you're going to have to pay for my car, won't you?!

Kate Baker: (smirks) I wish I could. But according to you, me and my family are only fast food people.

BURN!

Live Action Bonecrusher: (to Nico) Can I shoot the woman who's yelling?

Nico: (laughs) Tempting but no. She's only an annoyance at best.

Woody Woodpecker: And I thought Ms. Meany was annoying. I got this.

Woody went over to her.

POP!

Woody Woodpecker: Guess who? HEHEHEHEHE HEHEHEHEHE HEHEHEHEHE! (PECKS HER HEAD)

Tina Shenk: OWOWOWOWOWOWOWOWOWOWOWOWOWW!

We laughed hysterically!

Nico: That was fun. Now it's time for us to get ready for our mission.

Rose the Huntsgirl: (to Live Action Bonecrusher, Live Action Brawl, and the Baker family) You guys wanna go with us on our next mission?

Live Action Bonecrusher: Well a lot of things have happened. But my allegiance is now with Nico.

Live Action Brawl: Same here.

Live Action Bonecrusher: And Optimus no hard feelings.

Optimus: No hard feelings.

Tom Baker: We would be honored.

Me: Awesome.

Nico: Yep. Here's our next mission. We got some intel from Airazor that Baxter Stockman's robot the Turtlebot is causing trouble in Nar in the Moonlands.

Leonardo: That robot that was built to destroy us is back!?

Nico: Yep. And we're going to the Moonlands to stop him for good.

Eli: What can you tell us about the Turtlebot?

Nico: It's not a pretty sight.

He went over its history.

---

The Turtlebot is a robot copy of the TMNT in the 2003 Teenage Mutant Ninja Turtles cartoon series. The Turtlebot was created by Baxter Stockman. The robot can copy their fighting styles and weapons (katanas, sais, bō staff and nunchucks).

The robot appeared in the episode "What a Croc", created by Baxter Stockman to kill the TMNT. Stockman lied to Leatherhead that he is a friend of the Utroms and the turtles are the ones that caused the TCRI building to explode. Stockman sent Turtlebot to kill the TMNT. The robot scans the TMNT and fights them off by copying their fighting styles. They tried to fight the Turtlebot together but it defeats them easily. They destroyed the robot by switching their weapons.

After the robot was destroyed, Stockman tries to kill the TMNT and says about their fights when he worked for Ultrom Shredder. Leatherhead found out about Stockman's lies and that he was using him. Baxter Stockman escapes and causes the old lair to be destroyed.

In the 2003 video game, Stockman created the robot to steal from stores and frame the turtles. The TMNT fought the robot three times before destroying it.

---

When he was done we were shocked!

Laney Loud: Whoa man!

Applejack: That is a dangerous robot.

Nico: Yep.

Then Yenaldoshi, Titania, Iron Lung, Hydrax, Gramma Stuffum, Rex Goodwin, Bane, Felix Faust, See More, and Ghost appeared.

Bane: (Spanish Accent) Can me, Yenaldoshi, Titania, Iron Lung, Hydrax, Gramma Stuffum, Rex Goodwin, Felix Faust, See More, and Ghost go with you all?

Nico: You all sure can. We're going to the ice cold mountains of Nar in the Moonlands. We're gonna need to go back to get our coats for this one.

Laney: Good idea.

Nico: Yep. We got word that Turtlebot made by Baxter Stockman is causing trouble.

Me: Even in death that monster scientist is still causing trouble.

Hydrax: I agree. Also wow is that Live Action Bonecrusher and Brawl?

Nico: That's them.

We went back to the estate to get ready. But, before we left for the Ice World of Nar, we were contacted by King Kai, and he had bad news for us.

King Kai: (Telepathically) Nico, Lincoln, can you hear me?

Nico: King Kai, what's wrong?

King Kai: (Telepathically) Gabriel Tinsley has broken out of the Lansing Triple-Max Prison, and what's even worse, Babidi has put him under his spell.

We gasped in shock.

Lincoln: What?! Oh man, that's not good!

Nico: You got that right, Lincoln, and now that Gabriel Tinsley's out, he's wanting nothing but revenge on us after our little trip to the Lansing Triple Max prison.

Me: Babidi just doesn't even know when to quit.

But, none of us were even more enraged at what happened than Sarah Tinsley, who had clenched her hand tightly, and blood came out from her palm, and as it landed, it sizzled. She unclenched her hand and her wounds healed.

Nico: Uh oh.

Lori: This isn't good.

Sarah Tinsley: It's bad enough that Dad ruined my life when he murdered those innocent women, now thanks to Babidi putting him under his control, he's broken out and he wants revenge. Can't he ever leave me alone?!

Lincoln went up to Sarah, and he hugged her, and she returned it back.

Lincoln: Don't worry, Sarah. We're going to fight your dad and restrain him. Then, I'm going to use the spell I used on The Kanker Sisters to get rid of Babidi's spell, while Varie and J.D. go after Babidi, and you know what that means, right?

Varie: Yeah, I'm going to use the Black Gates on Babidi, and see to it that he never returns from the dead.

Nico: Now, that's a good plan you came up with, Lincoln.

Lincoln: And we should also bundle up, it's going to get cold when we get to Nar.

Lincoln snapped his fingers, and we were bundled up in our winter clothes.

Nico: Alright, now we're ready. Get ready, Turtlebot, we're coming

for you.

Varie: You'd better start praying for death when we get done with you, Babidi.

Lincoln: And I hope you're ready for an eternity of nightmares when we get done with you, Gabriel Tinsley.

We set off for the ice world of Nar to confront Turtlebot, along with Babidi and Gabriel Tinsley, who's been put under Babidi's spell and broke out of prison to get revenge on us for what happened back at the Lansing Triple-Max Prison.

MOONLANDS - NAR

We arrived in the icy cold land of Nar in the Moonlands.

Nico: Here we are.

Grave Clobber: Damn, it's cold here!

Nico: It sure is.

Me: Wow it's like Siberia in Russia.

Nico: Yeah.

Yenaldooshi: I know. Also Nico we heard you ate a really use steak.

Nico: I sure did and I am still full. I won't be eating for the rest of the day.

Me: I wouldn't either. Also which gene-slammer are you hoping to meet next?

Nico: I'm hoping to meet an Arburian Pelarota Gene-Slammer next.

Ben: A Cannonbolt Gene-Slammer. Awesome choice.

See-More: (sees some of us shivering) Now you guys know how I felt when I got frozen during the Brotherhood of Evil battle.

Nico: That's because some of us forgot to pack our coats.

Me: Yeah. Luckily I got this.

I used Nuova Shenron's Heat Aura and warmed up everyone.

Nico: WHEW! Toasty.

Lori: That is literally awesome.

Nora Baker: Wow that is amazing!

Me: Don't worry my power is now infinite and I can warm up anywhere even when it's really cold.

Lola: That is cool!

Me: It sure is.

Live Action Bonecrusher: You know, the last thing I remember was me fighting the Optimus from my world. The two of us just fell of the highway. I was fighting him and then he sliced off my arm. And then… I was here.

Live Action Brawl: Oh, please. I was kicking the Autobots' asses. (to Live Action Ironhide, Live Action Jazz, and Mikaela) You three were there as well.

Live Action Ironhide: You definitely weren't kicking our asses.

Live Action Brawl: Anyway, I was shooting at everyone left and right. Then Bumblebee came being driven by a tow truck. He got a few lucky shots at me and then- (in realization) Oh, shit. I was about to die.

Catzi: That seems to be the case for all the dead Cybertronians who aren't Barricade, Sentinel, Ironhide, and Blackout.

Nico: Yeah that's crazy.

Twilight Sparkle: But after Sentinel Prime betrayed the world, everyone rose up against the Autobots.

Nico: Not everyone. Just a few.

Nico then started thinking.

Tom Baker: You okay, Nico? You seem tense.

Nico: (sarcastically) I wonder why? Well, let's recap. Admittingly, my run as full time leader actually isn't so bad. It's just that now, I have to keep an eye out for any Live Action Cybertronians that originally died in battle who can pop up at any moment! Oh, and did I mention that if we send them back to that world, they really will fucking die?! (sighs) I'm sorry, Tom. I didn't mean to take all that out on you. I'm just getting my emotions out there.

Rex Goodwin: It's okay, Nico. There's nothing wrong with that.

Me: It's understandable.

I put my hand on his shoulder and he flinched when I burned him.

Nico: OW!

Me: Oops! Sorry.

Nico: No worries.

Mai: (Avatar) There's also the fact that this might've been caused when we destroyed Xehanort last year.

Nora Baker: We don't know that for sure.

Charlie Baker: And even if that's the case, you guys did what you had to do to save the universe. The Live Action Cybertronians crossing over to our world is probably something you guys can live with.

Me: Hmm.

Nico: You're right and we can live with that.

Eli: Yeah we all can.

Iron Lung: Can you guys see if the cold's affecting my body?

Nico: Don't worry Iron Lung. You're okay. J.D.'s heat is keeping you warm.

Me: You're welcome.

Nanette was thinking.

Me: Something wrong Nanette?

Nanette: Just thinking. I'm worried about my Ambassador Mission in the future.

Me: You mean your ambassador mission to the world of My Hero Academia?

Nanette: Yes. I'm worried that there's going to be lots of villains there when I got there the first time.

Me: Well that is a really amazing place.

Nico: It sure is. Its amazing that most of the human race now has powers. We're going to have our work cut out for us when we go there.

Me: Yeah. And we're going to have to kill many villains that are monsters there.

Mandarin: Let's not be too hasty. Most of the villains there might be good Masters of Evil recruits.

Me: Sorry I was getting ahead of myself there. I was just being cautious. Lincoln showed me what the villains there can do in the mangas he has for it and their power is incredible. But yeah many of them are very much worthy of being Masters of Evil material.

Nico: That's true.

Me: Yeah. Also Master Vegeta there is one kid there that is very much like you in every way.

Vegeta: And who would that be?

Me: His name is Katsuki Bakugo. He has the very same personality traits like you once did: Crude, Short-Tempered, Arrogant and very aggressive.

Vegeta: That's very coincidental. He and I would get along great.

Me: Yes you two would. And Shikamaru you would get along well with Momo Yaoyorozu. She is very analytical like you are.

Shikamaru: That is very coincidental. Even though it is a drag.

Titania: A school for superheroes? Wouldn't be the first time.

Nico: Nope. Sky High and Sidekick School.

Me: Yep and we've been to both those.

Nora Baker: That is awesome.

Laney Simmons: It sure is.

Nico: By the way J.D. you seem really eager to want to go to the world of My Hero Academia.

Me: Yeah it's just so amazing. And I discovered that many of the people there have very similar personality traits to all of us both good and bad.

Eli: That is really cool.

Me: Yep. But they obviously don't know the most important rule of all that we know. With Great Power Comes Great Responsibility.

Nico: They might know that rule but they just hardly know it exists.

Me: Maybe.

Suzumebachi: Well, I'm sure the heroes who live there don't abuse their powers.

Nico: Well lets not jump the gun too soon Suzumebachi. In the comics I've read that many superheroes have abused their powers to an incredible degree and it corrupted them and turned them into supervillains. We've had experiences with heroes that turned into villains.

Eli: He's right.

Me: Yeah.

Nico: But it's good that you want to be prepared for future Ambassador Missions like that guys. I'm proud of you all for that.

Me: Thanks commander. But what really amazes me is that there are many kinds of heroes in training over there. Layla you know that feeling right?

Layla Williams: I sure do.

Nico: That is awesome.

Felix Faust: It's possible that magic doesn't exist in that world.

Nico: It's possible. But doubtable. Nearly everyone has all sorts of powers.

Laney: Yeah.

Me: We're gonna have to be ready for anything when we go there in the future. With 80% of the human race now having superpowers that means many more supervillains are running amok there and that means crime rates increasing substantially.

Lisa Loud: He's right. Based on my calculations with 80% of the people getting superpowers and superhuman abilities of many kinds, crime is gonna go up by 7,239.2%.

Nico: Whoa.

Spinister: Us dealing with crime is just another Tuesday for us.

Nico: Well said.

Me: But for a world with a 7300% increase in crime? That is gonna be an amazing and epic challenge.

Nico: It sure will. But we all can do it if we work together.

Eli: Yes we can.

Varie: And we're gonna be ready for it all.

Yenaldoshi: Let me sniff out the Turtlebot's scent.

Nico: Go for it.

Yenaldoshi sniffed and searched.

Beekeeper: Any luck?

Yenaldooshi: This way!

He went north and we followed and then we got over a mountain and we saw The TURTLEBOT!

Nico: There he is.

Eli: Target sighted.

Me: And he has three angels tied to a wall.

Nico: They are angels of Fire, Water and Lightning.

We saw the Turtlebot take out sais like Raph's while looking around.

Ghost: He can use your weapons?!

Raph: Yeah he was built to copy our moves and weapons.

Nico: Stockman really went to great lengths to take you all down.

Mikey: He sure did.

Lena Isis: Let's rescue the girls first.

Phosphors: Save the Turtlebot for later.

Nico: Agreed. Danny, Dani, Lincoln, go ghost and bring them over.

They nodded.

They became Danny Phantom, Dani Phantom and Lincoln Phantom and went invisible and flew down and freed the girls by turning them invisible and bringing them over to us.

Fire Angel: Thank you all.

Water Angel: We are forever in your your debts.

Lightning Angel: Yeah.

Fire Angel: My name is Helion and I'm the Angel of Fire.

Water Angel: I'm Aquaros the Angel of Water.

Lightning Angel: And I'm Raikaros the Angel of Lightning.

Nico: Pleasure to meet you all.

Gramma Stuffum: I'll give you girls food. You must be starving!

Helion: Thank you so much.

Nico: Awesome.

Eli: Now we have to make our entrance.

Nico: Not yet. J.D. analyze the Turtlebot.

I nodded and looked at the Turtlebot with my Data Vision and analyzed its moves and everything.

Me: Wow Stockman really made this robot well.

I revealed everything about the robot and it was amazing.

Plug Man: Time for our entrance.

Nico: Lets do it.

We went at the robot.

The Turtlebot was on the prowl and then the spirits of the moon and animals of the night appeared and orbited around it and then they converged and then…

KRABBBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted out and a phoenix cry was heard and we came out.

Nico: Time to disassemble you Turtlebot! But first lets take this someplace warmer!

Nico snapped his fingers and we were on the planet Glaren and it was warmer there.

Me: Much better.

We took off our jackets tied them around our waists.

Hydrax: You 4 handle your old buddy while the usual battles are going on.

Raphael: (smirks) With pleasure!

Nico: Careful guys.

Leonardo: We'll be careful.

They went to face him.

Then Atomic Skull, Killer Shrike, New Wave, Thundermon, Count Vertigo, Juggernaut, Abra Kadabra, Mr. Mittens, Magneto, and Vortex appeared.

Nico: Atomic Skull, Killer Shrike, New Wave, Thundermon, Count Vertigo, Juggernaut, Abra Kadabra, Mr. Mittens, Magneto, and Vortex.

Atomic Skull: I see the Bakers are with you guys.

May: They sure are

Killer Shrike: They really are a huge family.

New Wave: Including them on the mission was a good idea.

Nico: It sure was. Now we have 3 huge families with all of us.

Thundermon: (to Nico) We heard you ate a Meat Bomb.

Nico: Yep.

Count Vertigo: And yet, your stomach is still intact?!

Nico: Yep. And I'm still full.

We laughed.

Nico: Yep.

?: Boy that must've been one huge steak.

A figure came out and it was SAT BOT from episode 25 of RPM!

---

Many years ago, when Venjix captured Dillon, Sat Bot took away Dillon's memories from him. Later, Venjix sent the Sat Bot into Corinth to cause Corinth's Shield energy to become disrupted, thus allowing other Attack Bots to enter the city. Once Doctor K found the source of the disruption, Dillon & Ziggy went to check it out, while the others fought off more attacks at the docks. The plan was to have Dillon force the Sat Bot down to where Ziggy was, and then Ziggy would finish the Bot off. However, things did not go as planned.

Dillon soon remembered the Sat Bot was the one who had stolen all of his memories. Sat Bot also seemed to remember Dillon as well. In fact, the Sat Bot still had all of Dillon's past memories. Dillon morphed and tried to fight the Sat Bot, but with his memories at risk of being destroyed with the Sat Bot, Ranger Black wasn't on full guard. The Sat Bot then used his ability to fire his lasers through the city's weather grid. This blasted the Ranger Black off of the roof. Luckily, the Ranger Green came to his aid and used his teleportation power to save him.

Rangers Red, Blue and Yellow then caught up with the others and found the Sat Bot. They fought him and while Ranger Red was about to slash him with his Street Saber, Ranger Black stopped him. Dillon still wanted to keep the Sat Bot online in hopes of gaining his memories back, but Scott ordered the team to destroy the Sat Bot. Ranger Green went after the Sat Bot and managed to strike him a few times with his Turbo Axe. When the team was distracted by a power surge from Ranger Black, the Sat Bot struck the Rangers with a blast from his lasers.

Dillon realized that the safety of Corinth was more important than his memories and he joined the fight against the Sat Bot. The Rangers then formed the RPM Enforcer and used it to destroy the Sat Bot. However with the destruction of the Bot, the past of Dillon remained unknown.

However, after the battle, Doctor K scanned Dillon's body and discover that the Sat Bot had transmitted a signal into Dillon's arm containing an encrypted initiation code. It initiated the virus that was lying dormant inside his implanted robotics. That machinery within Ranger Black had restarted a self generation process. It was learned that the virus was growing, and it would keep growing until it had taken him over entirely. It was also discovered that there was no antidote to the virus until Doctor K later on developed one.

* * *

Dillon: Sat Bot!

Sat Bot: Been a while Dillon.

Me: I remember you! You were sent to disrupt Corinth's shield generator energy. And also you kidnapped Dillon and stole all his memories!

Sat Bot: Good memory on you.

Me: Never missed an episode.

Maria: I like how you're themed after a Satellite Dish.

Sat Bot: Thanks! You need my to help with your TV connection?

Nico: We're call on you if we need anything.

Sat Bot: Awesome and there's one more and he's for Hailey Augusta.

Another figure came out and it was CAPTAIN MUTINY from Lost Galaxy!

---

Captain Mutiny was a space pirate and self-purported ruler of The Lost Galaxy. Mutiny first appeared toward the end of Lost Galaxy's run as the leader of a villainous crew of pirates operating out of a fortress on the back of a massive, space-faring reptile dubbed the Titanisaur.

He is the primary antagonist of Lost Galaxy between the episodes "Beware the Mutiny" and "Escape the Lost Galaxy" where he is killed by Trakeena who returns to be the final villain of the season.

---

Leo Corbett: Captain Mutiny!

Captain Mutiny: Been many moons since we last crossed swords!

Me: Boy I remember you all too well! You and your pirates were nefarious ones and also Trakeena killed you in the end.

Captain Mutiny: Tis true. I heard ye keelhauled that wench.

Me: Yep. She is dead and gone.

Nico: It's true.

We got the usual battles underway.

---

Maggie (Loud House), Princess Luna, Eclipsola the Dark Fairy, Dark Skylanders, Yomi the Lich, Grim Reaper, Brittney, Charmcaster and

## Rose the Huntsgirl VS Atomic Skull - Nico's Rescue

---

Atomic Skull was first.

Atomic Skull: (to Maggie) Nico's rescue wasn't a rescue at all. It was a buffet!

Maggie: He forgot to eat breakfast because he was fighting a crime wave at dawn. But yeah it sure was awesome for him.

Princess Luna: It was a good steak and it's amazing that Beef Lumberjacks gets its meat from an orchad.

Eclipsola: It sure is cool.

Blackout: I thought so too.

Yomi the Lich: It sure is awesome that all the meat Beef Lumberjacks gets comes from there.

Grim Reaper: (Jamaican Accent) It sure is mon. I think it's really amazing.

Brittney: The kind of place that Nicole would love and she loves meat.

Atomic Skull: It sure is cool. Lets do it!

They fired waves of darkness and smashed him down.

Maggie: Wow that was great!

Princess Luna: A True victory of the night!

---

## Rice Fitzgerald, Rarity, Sweetie Belle, Aquarana the Fairy of Water, Water Skylanders, Ruby Carbuncle, Jesse Anderson, Catherine Lancaster Gulper and Grave Clobber VS Simon Maddicks A.K.A. Killer Shrike from Marvel - Lincoln's Rescue

Killer Shrike was next.

Killer Shrike: (to Rice) Lincoln's rescue took place in Peach Creek Jr. High. Is it weird that some of these rescues take place in schools?

Rice: Not at all. The rescues have been happening anytime, anywhere and in any kind of place which is really awesome.

Rarity: I agree there darling and it's amazing it was in Peach Creek Junior High.

Sweetie Belle: I think it was cool too.

Aquarana: It sure is awesome.

Gill Grunt: That is really true.

Ruby Carbuncle: I agree too.

Jesse Anderson: Same with me guys.

Catherine Lancaster: (British Accent) I think it's amazing myself.

Killer Shrike: Me too. Lets do it!

They fired waves of jewels, water, ice and energy and smashed him down.

Rice: OH YEAH BABY!

Rarity: Rapture darling that was grand!

---

## Maria Rockell, Fluttershy, Livferna the Life Fairy, Life Skylanders, Bivalvan, Overflow, Girl Jordan, RD Luna, and Catzi VS New Wave - Meeting an Elemental HERO Nebula Neos Gene-Slammer

New Wave was next.

New Wave: (to Maria) I heard Lincoln met an Elemental HERO Nebula Neos Gene-Slammer. What's her name?

Maria: Her name is Amelia Emerson and she is another one of Lincoln's Guardian Angels. And she loves astronomy as much as Nicole does which I think is awesome.

Fluttershy: That is really fascinating.

Livferna: I think so too and she really laid down the law on Lola when she threatened to get Lincoln an F in astronomy class.

New Wave: Wow! What did Lola do?

Bivalvan: Lola needed a butler for her Tea Party and Lincoln said no. But Lola got mad and Amelia wouldn't have it and she got Lola in trouble.

Overflow: It was awesome.

Girl Jordan: It sure was.

New Wave: Wow! Lincoln has lots of amazing guardian angels. I also heard that Lincoln laid down the law on Sarah's evil dad.

Maria: Boy he sure did.

Maria showed it on her phone.

---

Nico: So, that's Gabriel Tinsley.

Lincoln: Yep, he may look like an average person, but you can't forget that he's the serial killer who'd killed so many women and forced Sarah to help him in covering up his crimes.

Warden: That's right, Lincoln, you guys all wait here. (To Gabriel Tinsley) Get up, Tinsley, you have a couple of visitors.

Gabriel Tinsley got up, and we saw in his black eyes no sign of remorse, just cold, black darkness in them, the eyes of a serial killer.

Gabriel Tinsley: So, I'm not only greeted by my own daughter, who haven't seen in years, but I'm also greeted by the famous Team Loud Phoenix Storm, along with The Louds.

Lincoln: Cut the pleasantries, Gabriel, those won't work on any of us, especially since we knew of what kind of person you really are.

Gabriel Tinsley felt as though Lincoln just cut right through his facade, but we already knew of what kind of person Gabriel Tinsley was: a cold, remorseless, psychopathic serial killer, and an emotionally abusive drunk man, and Gabriel's true nature finally came out.

Gabriel Tinsley: So, to what do I owe the unpleasant visit?

Lincoln: As if you don't already know. Yesterday, we found your daughter who got Gene-Slammed by the Team Rocket scientists, and as you can see, she's now part of my harem and one of my future wives. But, she also told everyone on the team, especially The Masters of Evil, of her past, and what you've done, Gabriel, and I've got a few choice words to say to you on just what kind of person that you really are. You are a pathetic, selfish, evil, psychotic, manipulative, inconsiderate excuse for a human being, who doesn't give a damn about anyone except for yourself. You may not have abused your daughter physically, but you abused her mentally and emotionally, and worst of all, you used her to get rid of the bodies of those you killed.

That was more than enough to get Gabriel Tinsley really mad.

Gabriel Tinsley: What would any of you even fucking know?! All I wanted was a relationship with my daughter, and I…

POW!

Lincoln punched Gabriel Tinsley in the face, and sent him flying into a wall, and Lincoln grabbed him by the shirt and hoisted him up, so he was looking at the 7'0" tall and extremely muscular 16-year-old white-haired teen.

Lincoln: That's a load of crap and you know it, you bastard. You didn't love your daughter at all, you tried to drown her in Lake Huron when she tried to get the life raft, and you kept pushing it out of her way, and you enjoyed seeing her suffer, and I can't forget finding out that you forced her to bury the bodies of the women that you had murdered. In fact, it's because of you that you destroyed your own daughter's life and you destroyed her reputation at school, as everyone there ostracized her because of your crimes. She was forced to carry that guilt with her, and she believed that it was all her fault, but it wasn't: it was all you, the blood of all those dead women are on your hands, not Sarah's.

Then, Lincoln dropped Gabriel Tinsley to the floor, and he landed on his butt, and he was pissed off.

Lincoln: You never could accept any responsibility for the crimes you committed, Gabriel. You should consider yourself lucky that Michigan abolished the death penalty back in 1846, because if this was a death penalty case, you'd either be sent to the gas chamber or you'd be getting the needle.

Sarah Tinsley was stunned with awe at what Lincoln just did, and she already knew of what kind of man Lincoln is, and has grown into: a strong, kind, tough, friendly, smart, and amazing person, and he was able to put her serial killer father in his place, and she went up to Lincoln, and stood with him by his side.

Sarah Tinsley: And I agree with my future husband, Dad. And I'm also here to say this: I will never forgive you for what you did, you destroyed my life and my reputation in school because of your evil crimes. I don't see you as my father, you are nothing more than an animal who kills anyone who gets in your way, and you forced me to help you bury the bodies of the women you murdered, and I still remember those words you told me: that if you were a serial killer, would I leave you? And now, I've made my choice: I'm throwing off the shackles of my past, and I will live. It's because of the support that I've had with the Louds and their friends, that I haven't considered committing suicide, and I'll be married to Lincoln in the future, while you will die in prison all alone and guess what, you can't control me anymore, you fucking psychopath!

Nico: Aw, yeah, you tell him, Sarah!

Lincoln: (Smiles) That's one of my future wives!

We cheered for her, and to Gabriel Tinsley, it was the straw that broke the camel's back, as we saw his black soulless eyes turn red with hatred, rage, and evil.

Gabriel Tinsley: You fucking bitch, I should've killed you years ago at Lake Huron! I will break out of this fucking prison, and I will fucking kill you all!

Lincoln punched Gabriel Tinsley in the stomach, and he belched out a massive amount of blood, and he glared with even more hatred.

Lincoln: You attempt to break out, Gabriel, I'll be the one to hunt you down, and I'll see to it that you never get out again, I'm going to be your worst fucking nightmare haunting you for the rest of your miserable life in prison.

We all cheered wildly for Lincoln and Sarah Tinsley.

Lincoln: (To everyone) Alright, everyone, let's go.

We left the Lansing Triple-Max Security Prison, leaving Gabriel Tinsley back in prison.

* * *

When it was done New Wave was amazed!

New Wave: Whoa! Lincoln did awesome!

Maria: He sure did and now Sarah cut off all her ties to him forever.

New Wave: We're proud of Lincoln! Wow!

Maria: Yeah it went viral really quickly. Lincoln is one brave and amazing guy. Carol said that Lori is really lucky to have Lincoln as an awesome brother.

New Wave: I would be too. Lets do it!

They fired waves of fire and water and smashed her down.

Maria: WOOHOO! DEMOLITION DERBY GUYS!

Fluttershy: That was fun.

## Sage, Sunset Shimmer, Pyroxis the Fire Fairy, Fire Skylanders, Jeevika the Apsara, Mai (Avatar), and Lusamine vs Thundermon - Meeting the Baker Family

---

Thundermon was next.

Thundermon: (to Sage) I saw that you guys met the Bakers. Were they a huge family like the McCallisters?

Sage: You should see how big it is.

Sunset Shimmer: It's Tom and Kate and their 12 Kids!

Thundermon: 12 KIDS!? JUMPING LIGHTNING BOLTS!

Pyroxis: We all were shocked when we saw how many kids they had. Lincoln and Megan's families are huge too. The Loud's have 16 kids now!

Sunburn: And Megan's family has 15 people!

Thundermon: WHOA! Now you all have 3 huge families with you all!

Jeevika: (Indian Accent) That is most amazing!

Thundermon: No kidding! What's the family with the largest number of kids?

Sage: That was a really interesting one and they lived in 1765. Valentina Vassilyev and her husband Feodor Vassilyev had 69 children over the course of 40 years from 1725 to 1765.

Thundermon: HOLY LIGHTNING ARCS! That is amazing!

Sunset Shimmer: (Astounded) 69 kids!? WHOA!

Thundermon: I don't think ANYONE will ever beat that record. Lincoln might. But who knows. Lets do it!

They fired waves of lightning and fire and smashed him down.

Sage: ALL RIGHT!

Sunset Shimmer: That was amazing!

---

Courtney, Rainbow Dash, Scootaloo, Juntatsu the Wind Fairy, Air Skylanders, Upchuck, J.D. Knudson, Choji, Mandarin and Edward VS Count Vertigo - Nico eating a massive steak like the Meat Bomb

---

Count Vertigo was next.

Count Vertigo: (to Courtney) I can't believe Nico ate a massive steak like the Meat Bomb. And like I said, his belly is still intact!

Courtney: It was massive! It was as big as a monster truck tire!

Rainbow Dash: I don't think even I can eat that much meat!

Scootaloo: Yeah that was too much for me.

Juntatsu: It sure is awesome.

Whirlwind: You should have seen how big it was.

Upchuck: It was awesome.

Me: Yeah. The Ripping Friends probably can eat that big a slab of meat. Choji you could eat a slab of meat like that right?

Choji: You bet I could J.D. and you know the Akimichi Clan is known for eating tons of food before a great battle.

Me: You said it!

Count Vertigo: I'm proud of Nico for eating that big a piece of meat.

Could you eat a meat slab that big?

Me: Absolutely not! I may have a huge appetite but a big slab of meat like that as big as a monster truck tire I can not eat at all.

Count Vertigo: I don't blame you. Lets do it!

We fired waves of rainbows, wind, lightning and fire and smashed him down.

Courtney: ALL RIGHT!

Rainbow Dash: That was AWESOME!

---

## Cameron, Pinkie Pie, Techwoo the Tech Fairy, Tech Skylanders, Ultimate Humongousaur, Choji, Android 21 and Suzumebachi VS Juggernaut - Homer eating a huge steak like the one Nico did

---

Juggernaut was next.

Juggernaut: (to Cameron) Didn't Homer eat a huge steak like the one Nico did? If so, what was it called?

Cameron: He sure did eat a huge steak like that. It was called Sir-Loin A Lot. (Season 10 Episode 17)

Juggernaut: I like that name. How big was it?

Cameron: 16 pounds.

Juggernaut: WHOA! That is a huge slab of meat. How big was the one Nico had?

Cameron: Nico's steak he had was about 3 times that size. It was as heavy as a monster truck tire. But it wasn't as heavy as one. And Nico ate the whole thing. It was awesome!

Pinkie Pie: That was amazing! The steak Homer had was at a restaurant that Lisa detested called The Slaughterhouse.

Techwoo: It's true.

Sprocket: I don't blame Lisa for detesting a restaurant like that.

Ultimate Humongousaur: And she is a true vegan.

Choji: The Slaughterhouse sounds like my kind of restaurant.

Juggernaut: How in the world did they get a steak to grow that big?

Cameron: It came from a California Meat Orchard and they water their beef with growth hormones.

Juggernauts: Wow that is amazing! Lets do it!

They fired waves of metal, lightning, gears and energy and smashed him down.

Cameron: ALL RIGHT!

Pinkie Pie: BEST USUAL BATTLE EVER!

Abra Kadabra: (to Hawkeye) I can't believe the Eds were going to be in different homerooms back then. But I don't blame them for wanting to stay together.

Hawkeye: I know. They are like brothers. Only closer.

Starlight Glimmer: Please don't say it like that Clint. It makes me a little uncomfortable. Because well SpongeBob said it to Squidward and he lifted up his shirt and showed SpongeBob and Squidward joined like siamese twins. (Shudders) That makes me so uneasy.

Hawkeye: Sorry.

Umtraika: That was a little creepy from the way you described it Starlight. But I'm glad the Eds are all together now.

Hex: Same with me.

Kiyome the Jellyfish: That is awesome though.

Olga Orromov: It sure is.

Cat: Boy they sure did. And it was really AWESOME!

Dog: But we also saw that the Kankers had a black M on their foreheads.

Mr. Mittens: A Black M?

Cat: Yeah it was strange.

Cat drew a picture of it and showed it to him and Mr. Mittens recognized it.

Mr. Mittens: Oh man! I know that symbol! That's the insignia of Babidi.

Cat: Yeah. That means Babidi is coming soon for one of us.

Princess Celestia: But we're going to be ready for him.

Celestala: Yes we sure are.

Magneto: That would be awesome.

Applejack: It sure would be awesome!

Apple Bloom: I think so too. I am amazed that Lincoln knows all about the world of My Hero Academia.

Twilight Sparkle: She was really hungry.

Luster Dawn: Must've forgotten to eat this morning.

Sunny Starscout: That could be it.

Lamagis: But Nico got an awesome T-Shirt and it was amazing.

Spyro: Nico is a true beef lover like the Ripping Friends are.

Naoko Shin: That's our awesome leader.

Vortex: Yep. Lets do it!

They fired waves of magic and wind and smashed him down.

Once worn, they'll gain a massive power and energy increase.

Nico teleported back with them.

Varie: I knew there's no mistaking that voice from anywhere, you can come out now, Babidi.

Lincoln: You too, Gabriel Tinsley.

Two figures came out, the first figure was none other than Babidi, and the other was none other than Gabriel Tinsley, and he had The Mark of The Majin on his forehead, and he's out for revenge on us for what happened at the prison.

Varie: We already knew that you'd returned from the dead, Babidi. But, you made the dumb mistake putting the Kanker Sisters under your control, but I think you've made an even bigger mistake when you put Gabriel Tinsley under your control to try and get revenge again.

Babidi: You shut your mouth, you impudent fool, and now, I will finally have my revenge on you at long last! (LAUGHING MALEVOLENTLY)

Varie: I've had it up to hear with you to last an eternity.

Suddenly, Varie's aqua blue eyes then turned neon aqua blue, and she was surrounded by a rainbow energy aura with ocean waves, mermaids, and sea animals, she unholstered her massive Sword of The Neptune Crusaders from her back, and as she approached Babidi, she left rainbow energy, ocean waves, mermaids, and sea animals with every step.

Varie: You really make me sick, Babidi. The crimes that you've committed against the entire universe can never be forgiven, and now, I'll see to it that you'll never return from the dead to seek revenge ever again.

Suddenly, Varie was surrounded by a massive vortex of rainbow energy with ocean waves, mermaids, and sea animals surrounding it, there was a mermaid swimming around the vortex, and inside of the vortex was an aqua blue phoenix. Then, as the vortex faded, Varie emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Varie grew to 6'5" in height, she had the body of a goddess, she has rainbow highlights in the bangs of her long ocean blue hair, she has neon aqua blue eyes and a rainbow energy aura with ocean waves, sea animals, and mermaids surrounding her, she has a rainbow mermaid with ocean waves surrounding it and holding the Water Kanji in its hands emblazoned on her forehead, she has on mermaid earrings with aqua blue crystals for eyes and holding the Water and Eternity Kanjis in its hands and her Crystal Necklace of The Buddha with aqua blue crystals for the necklace links and a mermaid with aqua blue crystals for eyes and holding the Water and Eternity Kanjis in its hands for the pendant, she has on a sleeveless aqua blue shirt with ocean waves and ocean blue phoenix on it, aqua blue skirt with sea creatures and ocean waves on it, ocean blue pants, ocean blue leather ankle-length combat boots with silver shells for the buckles, and a long ocean blue sleeveless trenchcoat with ocean waves and sea animals on the coattails and on the back is a mermaid with ocean waves surrounding it, and she has on ocean blue weighted bands with silver phoenixes on her biceps and thighs, and eight large ocean blue orbs orbiting around her legs.

Suddenly, her massive Sword of The Neptune Crusaders was surrounded by a kaleidoscope of water and sea creatures and it also merged with her Trident of Poseidon, and when it had emerged, it was transformed into Poseidon's Raging Seas of Oceanic Neptune Justice, it's a new large sword with a 6'5" massive, wide, double-edged man-sized ocean blue blade with the Trident of Poseidon etched on it, large ocean blue angel wings for the crossguard, large aqua blue gem for the hilt, longer ocean blue handle with scales decorating it, and large ocean blue faceted sphere pommel with surrounding aqua blue gems. Varie has on her new Bracelets of the Champions of The Universe with large aqua blue gems on her wrists, Belt of Elemental Bravery with large aqua blue gem for the belt buckle on her waist, Blue Lantern Corps ring on her left ring finger, large aqua blue Spellbook of The Gods and the Universe on her left hip and Eater of Sins revolver holstered on her right hip. There's an ocean blue kanji right below the mermaid that said, "Varie Knudson, Loving Future Wife of James Dean Knudson, Leader of The Neptune Crusaders, Wielder of The Trident of Poseidon, Daughter of Addona of Atlantis, Sister of Tamao Ichinose, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Destroyer of The Mermaids of The Dark Side of The Legend, Loving Mother of Many Children, Loving Friend and Sister to The Loud Family And So Many, Student of Many Powerful Teachers, Amazing Healer of Team Loud Phoenix Storm, and Master of Water, Mermaids, and Sea Animals."

Varie has transformed into SUPER ANGEL ETERNITY INFINITY OCEANIC MAELSTROM MERMAID SEA ANGEL OF NEPTUNE'S JUSTICE AND OCEANIC HOPE!

We were amazed by Varie's Super Angel Eternity Infinity transformation, and when I saw it, my face had an atomic red blush, my eyes turned into hearts, and steam came whistling out of my ears. But, when Babidi saw it, he fell into a dark rage and ordered Gabriel Tinsley to attack, but Lincoln fired rainbow chains at Gabriel Tinsley and dragged him to him and Sarah Tinsley and Varie then fired a powerful blast of rainbow energy and water at Babidi and hit him, and he hit the wall.

Lily Loud: (Stunned) Whoa, Varie's transformed, awesome!

Maria Rockell: That little pipsqueak Babidi's so done for, and Lincoln's already dragged Gabriel Tinsley to him and Sarah Tinsley, so those two are going to take care of their little family matter.

Me: Whoa, Varie, you look beautiful. How do you feel?

Varie: (Divine Echoing Cosmic Voice of Oceanic Justice and Neptune Hope) **I feel incredible, J.D. Say, would you like to help out in dealing with Babidi?**

Me: (Smirks) Do I ever? If he thought dealing with you was bad enough, wait until he deals with the both of us.

I transformed into Super Angel Friendship God Infinity, and I unholstered my Sword of Harmony from my wider and muscular back. Then, it was enveloped in a kaleidoscope of rainbow light and elemental forces, and it was transformed into the Universal Sword of Elemental Harmony and Eternal Hope, it's a new large sword with a 6'9" massive, wide, double-edged, man-sized gold blade with the Elements of Harmony arranged in a circle and in the middle is a phoenix etched onto the blade, large elemental angel wings for the crossguard, large rainbow gem for the hilt, longer gold hilt, and large gold faceted sphere pommel with surrounding rainbow gems.

Me: (Divine Echoing Cosmic Voice of Elemental Friendship) **Let's tear that bastard to shreds, Varie.**

Me and Varie went at Babidi, and we fired powerful blasts of rainbow energy, elemental forces, water, rainbow fire, phoenixes, mermaids, and sea creatures at him, and they exploded with incredible power as they hit Babidi. Then, we slashed at him with our massive swords, and they really cut him deep. Then, Varie and I both fired powerful red energy blasts, which hits Babidi, and we sucked out all of his powers and magic, and we and the rest of us made them our own, and we also assimilated his powers and magic as well. Then, I chained Babidi up in rainbow energy chains, and Lincoln kept Gabriel Tinsley chained up, but watching.

Varie: **And now, to make sure you never return ever again.**

Varie drew a kanji on Babidi's forehead.

Varie: **UZUMAKI BLACK JUDGEMENT SEALING ART: BLACK**

**GATES!**

Varie and I both got back, and Babidi was judged and found guilty by all those he'd killed, and he was erased from existence forever, and The Mark of The Majin on Gabriel Tinsley's forehead was gone for good as soon as Babidi was then erased forever. Nico and the others cheered for us as me and Varie holstered our massive swords on our backs and power down, and Varie's new body, clothes, weapons, jewelry, angel wings, and eight large ocean blue orbs orbiting around her legs are permanent. Then, I went up to Varie, and I wrapped my abnormally massive and powerful muscular arms around her waist, and I hugged her, and she hugged me back.

Me: Varie, I'm so proud of you.

Varie: Thanks, J.D., and thank you for helping me with getting rid of Babidi for good.

Me: (Smiles) You're welcome, Varie, and there's also another reward I want to give you.

Varie: And what's that?

Me: (Sly Grin) Oh, this.

Then, while I'm still embracing Varie, I leaned down to Varie's face, and we kissed passionately as she wraps her left arm around my wider and muscular back, and her left hand was on my massive and wide right pec, and right behind us were a phoenix and angel flying around in the skies, and a mermaid swimming in the oceans and singing divinely, and a colorful display of the elemental forces. Nico and the others had a smile on their faces and tears in their eyes.

Nico: Now, that's so awesome.

Lily Loud: You said it, Nico. Now, we're rid of Babidi for good, but now, we got Sarah's serial killer dad to deal with, and Lincoln and Sarah are going to deal with him.

When Gabriel Tinsley saw that we'd killed Babidi, he fell into an even more dark rage, and he was now foaming at the mouth like a wild animal.

Lincoln: Your master's already gone for good, Gabriel Tinsley, and now, it's time for me and Sarah to administer your punishment.

Sarah Tinsley: You said it, Linky, and I've had it up to hear with you to last an eternity.

Suddenly, Sarah Tinsley's red eyes turned neon red, and she was surrounded by a dark energy aura with chaos energy and shadows, she unholstered her massive Elemental HERO Chaos Neos sword from her back, and as she approached Gabriel Tinsley, she left darkness, chaos energy, and shadows with every step. Then, Sarah Tinsley was surrounded by a massive vortex of dark and chaos energy with shadows flying around it, there was an Elemental HERO Chaos Neos flying around the vortex, and in the vortex is a red phoenix. Then, as the vortex faded, Sarah Tinsley emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Sarah Tinsley then grew from 6'0" to 6'5" in height, she still retained the body of a goddess and the clothes that Lincoln gave her grew a little longer, along with her massive dark blue angel wings. She has neon red eyes and a dark and chaos energy aura with shadows surrounding her, she has an Elemental HERO Chaos Neos holding the Dark Kanji in its hands emblazoned on her forehead, she has on Elemental HERO Chaos Neos earrings with dark blue crystals for the eyes and holding the Dark Kanji in its hands, and she also has an Elemental HERO Chaos Neos with dark blue crystals for the eyes and holding the Dark Kanji in its hands for the second pendant of her Thunderbird Necklace of Eternal Love. Sarah's long dark blue hair had red highlights in the bangs, and she has on dark blue weighted bands with silver phoenixes on her biceps and thighs.

Sarah Tinsley has on her new large cuff Bracelets of the Champions of The Universe with red gems on her wrists, Belt of Elemental Bravery with a large red gem for the belt buckle, dark blue Spellbook of The Gods and The Universe on her left hip and her Eater of Sins revolver holstered on her right hip. There's a red kanji below the Elemental HERO Chaos Neos right on the back of her long dark blue sleeveless trenchcoat that said, "Sarah Tinsley, Gene-Slammer of the Elemental HERO Chaos Neos, Loving Future Wife and

Defender of Lincoln Loud, Former Daughter of Gabriel Tinsley, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, and Master of Darkness and Chaos."

サラ・ティンズリー、エレメンタルヒーローカオスネオスのジーンスラマー、リンカーンラウドの愛する未来の妻と擁護者、ガブリエルティンズリーの元娘、悪の殺し屋、狂った、殺人、冷酷、そしてサディスティックな野郎、そして闇と混沌のマスター

Sarah Tinsley has transformed into SUPER ANGEL INFINITY DARKNESS CHAOS NEOS ANGEL OF DARK LOVE AND CHAOTIC JUSTICE!

We were amazed by Sarah's Super Angel Infinity transformation, and when Lincoln saw it, he had an atomic red blush on his face and hearts in his eyes. But, when Gabriel Tinsley saw it, his red eyes had turned even more red with homicidal rage.

Nico: Oh man, first, Varie transformed to fight Babidi, and now, Sarah's transformed to fight Gabriel Tinsley, looks like it's double trouble for the villains.

Lincoln: Wow, Sarah, you look beautiful. How do you feel?

Sarah Tinsley: (Divine Echoing Cosmic Voice of Darkness and Chaotic Justice) **I feel incredible, Linky, and now, it's high-time to put a stop to my father for good.**

Lincoln: (Smiles) Now, you're talking.

Lincoln unholstered his improved massive Sword of Universal Hope and Elemental Bravery from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he joined Sarah.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **This is the last time we deal with you, Gabriel Tinsley.**

Sarah Tinsley and Lincoln went after Gabriel Tinsley, who was still chained up, and they fired powerful blasts of rainbow energy, elemental forces, dark energy, chaos energy, shadows, and mythological animals at Gabriel Tinsley, and they exploded with incredible power. Sarah Tinsley holstered her massive sword and powered down, and the improvements and upgrades to Sarah Tinsley's new body, clothes, weapons, jewelry, and angel wings are permanent, and Gabriel was still chained up by the rainbow energy chains.

Lincoln: **Now, to condemn you to an eternity of nightmares, Gabriel.**

Lincoln powered down, and then, he had darkness surrounding him, and his long white hair turned black, his deep sapphire blue eyes, massive angel wings, large pants, and large white leather ankle-high combat boots turned black, and his eight large orange orbs orbiting around his legs, long orange trenchcoat flaps, large orange bands on his massive biceps and thighs and orange version of He-Man 2002's loincloth turned purple. Lincoln transformed into SHADOW LINCOLN, his second elemental hero form that he unlocked. Then, shadows and creatures of darkness danced around Lincoln, as his massive black angel wings spread out.

Lincoln: (Singing Divinely) I see a cold wind blowing through, I see days neither fun nor free, I see a future caused by you, I see a path not meant to be. Your future should filled with magic, dreams, and wishes brought to life. But, the days ahead are dark and tragic, no time for hope when all is strife, whatever might have been, all the dreams that you did share, because of you, Gabriel Tinsley. Now, the future is a cold nightmare.

I had shivers going down my spine as Lincoln sang that song and so did Nico.

Lincoln fired two massive dark energy blasts from his massive black angel wings, and they hit Gabriel Tinsley, and we also knew that the dark energy blasts also had a curse inside them. Then, Lincoln sent Gabriel Tinsley to The Saturn Insane Asylum's Arkham Asylum wing, and was put in a separate cell in Solitary Confinement, and chained to the wall of his cell with rainbow energy chains. Lincoln changed back to normal, then, Sarah Tinsley went up to Lincoln and hugged him, as she cried onto his bare chest, and Lincoln returned the hug, as he wrapped his abnormally massive and powerful muscular arms around her, and she was also being comforted by Lincoln's immense and infinite body heat.

Lincoln: It's okay, Sarah, it's okay.

Sarah Tinsley: Thank you for helping me with this, Lincoln.

Lincoln cupped his massive left hand on Sarah's left cheek, and she looked up and looked into his deep sapphire blue eyes.

Lincoln: (Smiles Warmly) You're welcome, Sarah.

Then, Lincoln, still embracing Sarah, leaned down, and they kissed passionately as she wraps her left arm around his wider and muscular back, and her left hand was on his massive and wide right pec, and right behind them was a Thunderbird, Phoenix, and Elemental HERO Chaos Neos flying in the air, and we also saw a herd of Buffalo running across the field, and the colorful display of the elemental forces behind them. We had tears in our eyes and a smile on our faces.

Lori: Nice job, guys. You did an amazing job.

Lincoln: Thanks, Lori.

Me: When you said that you were going to be Gabriel's worst fucking nightmare, I think I know what you meant when you sang that very song, Lincoln.

Lincoln: That's right, J.D. Now, every night for the rest of his life, Gabriel Tinsley will be haunted by the ghosts of his crimes, along with the cries of his victims, and since he showed no remorse for his crimes, that curse will never go away.

Nico: So, you cursed him with a fate crueler than death. (Smirks) Nice one, Lincoln.

Lincoln: Thanks, Nico, and you're right, I've cursed Gabriel Tinsley with Eternal Life Without Eternal Youth and Plagued Forever By The Demons of The Past and Eternal Nightmares.

The Goths of Darkness: Gasp.

Morpheus: Truly, a dark fate for those whose souls are drenched in blood and darkness.

Haiku: And who show no remorse for those whose lives were cruelly taken.

Lucy Loud: (Smiles) Truly well done, Lincoln.

Lincoln: Thanks, Lucy.

Then, Lincoln got jumped by his harem, and he was kissed all over, and he had lipstick marks all over him. But, Lincoln had a very sly grin on his face, and he made clones of himself, and he wrapped his abnormally massive and powerful muscular arms around the waists of every last member of his harem, and as they lock eyes, he leans down and kissed them on the lips, and we cheered for him.

Gabriel Tinsley was sentenced to Eternal Life in Prison without The Possibility or Hope of Parole in the Saturn Insane Asylum's Arkham Asylum wing, and was put in a separate cell in Solitary Confinement, and chained to the wall of his cell with rainbow energy chains, and through the song Lincoln sang, Lincoln cursed Gabriel Tinsley with Eternal Life Without Eternal Youth and Plagued Forever By The Demons of The Past and Eternal Nightmares, and he screamed in horror as he saw all the ghosts of his murdered victims moaning in pain and agony, and screaming for his blood to be spilled.

Lincoln: (Smirks) Sweet dreams, Gabriel Tinsley.

Killer Frost: Good riddance.

Nico: Yep. He will never be welcome on Earth or in the Afterlife.

Sarah Tinsley: He is just a dead man to me.

Nico: Yep. But great job everyone. That was awesome. The Turtlebot can be put in the M.O.E for later.

Killer Frost: (To the viewers) This was an awesome and really amazing adventure. The next one will be much more exciting and

fun.

Nico: It sure will.

We were back in Nar.

Nico: Lets go home.

We went back home and we had a Beef Lumberjacks built in Gotham Royal York and Lynn's Table is partnered with it. We had a great steak dinner. Later we went back to the estate and enjoyed the rest of the day and went to sleep.

THE END

---

Another awesome fanfic done.

The cold wastelands of Nar in Magi-Nation was really creepy and cold. But awesome. This was a really cold adventure and it was so awesome. The first part of the chapter was based on the funny and awesome episode of Camp Lazlo called Never Bean On The Map and that was so funny how Lumpus ate the Meat Bomb. And it was funny how he ate that whole thing and loves all meat. That episode aired on June 27th, 2007 and it was awesome! It was awesome how they did all that to put Camp Kidney on the Beef Lumberjacks Placemat. So cool. The 2nd part was for the Ed Edd N Eddy episode Out With The Old In With The Ed and that was really funny! I thought it was a really funny episode to open the 5th Season. That was so funny! That episode aired on November 18th, 2005 and it was so funny. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, Etstheclarencefan and ninjakingofhearts gave me the ideas for this and so did the guest reviewer. Thanks guys. Nico's next rescue is gonna be in the really funny episode of Ed Edd N Eddy A Glass of Warm Ed except this time it'll be at home and Ed is gonna go on a crazy sleepwalking episode in the Early Morning Hours. Nico and Dan Kuso and Edd and Eddy are going to help Ed try and get through the night while not sleepwalking. It'll follow the whole episode of the show but with a really funny story. Nico and the team will also meet an Arburian Pelarota Gene-Slammer that is also Nico's penpal from Honduras named Carlotta Santiago. Lincoln's rescue is gonna be in the funny episode of Ed Edd N Eddy called Mission Ed-Possible and that is gonna be a funny one as they help Edd bring Ed and Eddy's report cards to their parents and also they're going to meet another of Lincoln's Guardian Angels who was turned into a RAINBOW NEOS! The next chapter is gonna be on the Transformers Cybertron planet Animatron and that is gonna be an awesome rescue. We're going to face Captain Gutt who is back for Revenge and he will have all the Elemental HERO Duel Monsters held prisoner. Not on our watch!

See you all tomorrow.

# Animatron Elemental Rescue

In the Early Morning Hours at around 2:12 AM, Edd is sleeping in his room in his house because his mom needed him over for some cleaning earlier. When a sudden noise awakens him. He sits up and scans the room until his eyes rest on his open window. He shivers and grabs his cactus. He then sets off downstairs, where more noises can be heard. There is a light coming from the kitchen. He looks in and sees someone raiding his refrigerator.

Edd: [freaked out] "Oh, dear. An intruder. Eating all the food out of my refrigerator. In bare feet! So unsanitary."

[Edd peeks around the corner again and sees nobody. He walks over to his still open fridge and looks in it. Suddenly, the kitchen windows burst open.]

Edd: [raising his cactus like a weapon] "I've got a cactus! Uh…"

[He looks back at the refrigerator. He is staring, specifically, at the bottom left drawer. He reaches for it and opens it slowly. There is something inside which suddenly rises up.]

Edd: "GAH!"

[The blob inside is revealed to be Ed. Ed is the midnight intruder, and he is still eating a string of sausages.]

Edd: [relieved] "Ed? You practically scared me out of my one-size-fits-all pajamas. Do you know what time it is?"

[Ed reaches into a jar of pickles and plucks one out. He then proceeds to drink the whole jar, abandoning his selected pickle.]

Edd: "Um, Ed?" [He holds his cactus, Jim, out to protect himself.] "D-Don't make me use this!"

[Ed opens his mouth and takes a bite out of the cactus.]

Edd: [horrified] "You ate Jim. Ed, cacti have feelings just like you-" [He stops and stares at Ed. Ed comes back carrying many various foods.] "Hold it right there, mister

Ed! Stop! Where are you going with all my food? Ed, they'll spoil!"

[Ed comes back and takes Jim. He then proceeds to climb out the kitchen window with his supplies.]

Edd: "Ed, come back here and close this refrigerator door!" [Ed, oblivious, walks on.] "Ed!" [coming up with a course of action] "I need to wake Eddy and Nico. Oh, dear. A paradox."

[Edd leaves his house and rushes over to TLPS Estate and he took the elevator and went up and into Nico's room.]

Edd came in and shook him awake.

Nico: (Groggily) Huh? Double D? Do you know what time it is?

Edd: Sorry to wake you Nico but I'm afraid we have a problem?

Nico: What's the matter?

Edd: It's Ed.

Nico: Uh oh. Don't tell me. He's sleepwalking and eating everyone's food.

Edd: That's right.

Nico: Oh boy. We better bring him in there.

May: (Wakes up) (Groggy) What's wrong Nico?

Nico: (Gets dressed) It's Ed. He's sleepwalking and eating everything in sight.

May: Better go stop him.

Nico: I will.

He got finished dressing up and went with Double D.

Dan: I better go too.

Nico: Thanks Dan.

[They went to Eddy's.]

Nico: Thanks for coming with me, Dan.

Dan: Anytime Nico. I can't believe that Ed goes on these crazy sleepwalking episodes.

Drago: Yeah something must be going on inside his head.

Nico: I don't know myself but it can't be good.

They arrived at Eddy's house. He too was cleaning up some stuff for his family and he fell asleep.

Edd: [tapping on Eddy's window] "Eddy. Eddy. Oh… Eddy, are you awake?" [Eddy groans and gets up to go to the window.] "This is an emergency." [Eddy looks out at Edd.] "It's Ed."

Eddy: [opening his door] "Who turned off the sun?"

Edd: "Good. You're awake. We have a problem, Eddy! Ed was in my house. My kitchen. My refrigerator! Not that it's any different than any other day. But, well, it was late, y'see. And I usually like to get eight hours of sleep. But Ed was eating. Has eaten. Has taken all my food! I asked him. Talked to him. But no reaction! He just kept eating. Do you hear me Eddy. Ed. Is. Sleepwalking!"

[Eddy yawns.]

Nico: It's Ed. He's sleepwalking and eating everything in his path.
